Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

CHIEF STANTON GAVE TALK ON BIG FIRES IN NORWICH PAST 60 YEARS

Chief Howard L. Stanton of the local fire department gave an interesting talk on big fires that have occurred in Norwich in February during the last 60 years at the monthly meeting of the Men's club of Park Congregational church Monday evening at the Hugh Henry Osgood Memorial parish house. The meeting, presided over by the president, Lyle H. Fillmore, was preceded by an excellent supper at 6.30 o'clock served by the January group of the Women's Federation. The appetizing menu comprised:

Fruit Cup
Roast Ham — Mashed Potato
Mashed Turnip
Rolls — Coffee
Apple Pie — Cheese

The waitresses were Miss Janet Blackstone, Miss Helen Clapp, Miss Helen Risley and Mrs. Lyle H. Fillmore. The entertainment programme included vocal selections by the Academy quartet, Earl Swahn, second tenor, Stewart Hynd, first tenor, S. Alva Welt, first bass and Frank Dodge second bass. The vocalists were accompanied at the piano by Dwight W. Richardson. The community singing was led by George A. Turner, who also addressed the members on the conditions that existed in Armenia before and after America came to the rescue, as shown in pictures and as related by the speakers at the recent Near East luncheon at the Wauregan hotel.

The speaker of the evening Chief Howard L. Stanton, who was presented by President Fillmore, outlined the big fires in Norwich in the month of February during the past 60 years. He also touched upon several large fires in the country. Chief Stanton spoke of the Boston fire on Nov. 9 1872, which was one of the largest in the country, the loss amounting to $80,000,000. The Norwich fire department assisted in fighting this fire, he said, and the apparatus was shipped there by train.

After comparing the different methods used in fighting fires today and 60 years ago, Chief Stanton said that Norwich never had a real conflagration. Two big fires in Feb. 1844 were in the Rockwell and Ferry street sections, when a number of buildings were destroyed, he said. Chief Stanton also referred to the fire at the almshouse in March, 1876, when 17 lives were lost and spoke of the vast number of calls that came in from cotton mills for assistance in combatting fires, in past years.

That happens very seldom nowadays, due to the installation of the automatic sprinkler system, which is a great invention and of which I am a very strong advocate. It pays to install this system, said the chief.

"As a rule the February fires are difficult to contend with and often get away from us. The reason why we have such large fires in February is due to the fact that we do not receive the alarm early enough. The fires generally break out between 1 and 2 o'clock, when many of the streets are not patrolled, as the police are at lunch. In these days with the men at the stations and the motor driven apparatus we can cope with the fire if the alarm is rung in at any reasonable time."

In closing, Chief Stanton spoke of the first shut off valve for hose, which was made in Norwich and which he assisted in making. He also referred to the Torrent No. 1 fire engine made by a Norwich man, John Bliss, in 1769. This apparatus is now at the local central fire station, he said, and is the sixth oldest American made fire engine. At the conclusion of his interesting talk Chief Stanton was given a vote of thanks.

NATIONAL CHARTER FOR LOCAL WOMAN'S CLUB

Miss Kate Ryan, of New Britain, president of the Connecticut State Federation of Business and Professional Women's clubs, gave an interesting talk on the topic, The Meaning of the Emblems of the Business and Professional Women's clubs, at a well attended meeting and dinner of the local Business and Professional Women's club at the Wauregan hotel Monday evening. Miss Ryan presented the club with the national charter, which was accepted by the president, Miss Lucy B. Abbott. Miss Amy Cornwell, the speaker of the evening gave a fine talk on her trip to Europe.

The dinner was served at 6.30 o'clock, after which the business session was called to order by Miss Abbott. It was voted to give a prize of $5 to the woman student of the evening school, who attains a perfect attendance record during the sessions. Miss Traver, president of the New Britain club, a guest of the club, brought greetings from her club to the local club. In the entertainment programme Miss Amy March delighted the audience with several vocal selections accompanied by Miss Mary Gray at the piano, which was followed by community singing.

MOTOR TRUCK OPERATORS DISCUSS PENDING BILLS

Bills pending in the general assembly of interest to truck owners, were discussed Monday evening at a luncheon meeting of over 25 local motor truck operators at the Wauregan hotel. (Special to The Bulletin)

WASHINGTON, D. C., Feb. 18—Philip W. Dewire was today nominated by the president for postmaster at New London.

NORWICH AMONG TOWNS IN QUARANTINE AREA

The New London County Farm bureau has been notified of a public hearing to be held in the assembly room at the agricultural experimental station, 135 Huntington street, New Haven, next Monday at 10 o'clock. The purpose of the hearing is to give the public a chance to be heard in regard to the proposed revision of quarantine restrictions and regulations.

The proposed quarantine is in reference to the insects known as Gypsy moth, Satin moth, Japanese beetle, Asiatic beetle and European corn borer.

The Gypsy moth and European corn borer are the only two injurious insects mentioned in this proposed quarantine which are found in New London county.

The towns, Bozrah, Colchester, Franklin, Griswold, Groton, Lebanon, Ledyard, Lisbon, New London, North Stonington, Norwich, Preston, Sprague, Stonington and Voluntown are to be included in the general infested area.

The corn borer is spreading each year; 14 additional towns were found to have European corn borer last year. They were in most instances the towns north of the shore towns, these having been infected in 1927 and 1928. The towns being added to the quarantine area from New London county are Bozrah, Franklin, Griswold, Ledyard, Lisbon, Lyme, Montville, Norwich, North Stonington, Old Lyme, Preston, Salem, Sprague, Voluntown.

There are more towns under this quarantine in New London county than in any other county in the state.

WHEN A CHILD IS FEVERISH, CROSS, UPSET

Colic, gas, sour belching, frequent vomiting, feverishness in babies and children generally show food is souring in the little digestive tract.

When these symptoms appear, give Baby a teaspoonful of Phillips Milk of Magnesia. Add it to the first bottle of food in the morning. Older children should be given a tablespoonful in a glass of water. This will comfort the child—make his stomach and bowels easy. In five minutes he is comfortable, happy. It will sweep the bowels free of all sour, indigestible food. It opens the bowels in constipation, colds, children's ailments. Children take it readily because it is palatable, pleasant-tasting.

Learn its many uses for mother and child. Write for the interesting book, "Useful Information." Address The Phillips Co., 117 Hudson St., New York, N. Y. It will be sent FREE.

In buying be sure to get genuine Phillips Milk of Magnesia. Doctors have prescribed it for over 50 years.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Chas. H. Phillips Chemical Co., and its predecessor, Chas. H. Phillips, since 1875.

POETRY

Your House of Happiness

Take what God gives, O heart of mine
And build your house of happiness.
Perchance some have been given more
But many have been given less
The treasure lying at your feet,
Whose value you but faintly guess,
Another builder, looking on,
Would barter heaven to possess.

Have you found work that you can do?
Is there a heart that loves you best?
Is there a spot somewhere called home
Where, spent and worn, your soul may rest?
A friendly tree? A book? A song?
A dog that loves your hand's caress?
A store of health to meet life's needs?
Oh, build your house of happiness!

Trust not tomorrow's dawn to bring
The dreamed-of joy for which you wait;
You have enough of pleasant things
To house your soul in goodly state;
Tomorrow Time's relentless stream
May bear what now you have away;
Take what God gives, O heart, and build
Your house of happiness today!

—By Mrs. B. Y. Williams.

If

If there were no such word as "if,"
How pleasant it would be,
When "if" stands in the way of what
We'd dearly love to see!
But there are times when "if" protects
And keeps us safe from harm,
When "if" stands in the way of things
That fill us with alarm.

If things should happen that we dread,
We know they'd make us sad;
And we all know not all the "ifs"
Keep us from being glad.
But, speaking of the things we want,
We all of us can say
If there were no such word as "if,"
How pleasant it might be!

PLAINFIELD MEETS JERSEY SEPARATES AT PLAINFIELD WEDNESDAY NIGHT

PLAINFIELD, Feb. 18— Plainfield Pros have booked another fast attraction for Wednesday night at the Plainfield Community house in the Jersey Separates of Union City, N. J. The Separates come to Plainfield billed as the leading professional team of New Jersey with victories over each of the teams in the American basketball league, which in itself is quite some record, to say nothing of victories over other fast independent clubs.

The Separates lineup includes "Poosh Em Up" Tommy Calland, "String" Wenning, Bob Rosen, Teddy Morano, Eddie Doyle and "Bad Bill" Bergen, all players who have seen much service with nationally known basketball outfits. Calland, who plays a guard position was formerly a member of the Brooklyn Visitations of the American Basketball league. He is a fast, shifty and an offensive player and one of the high scoring players of the game.

"String" Wenning, paired with Calland in the other forward position is a youngster who has just graduated from the amateurs. He is a portside basket tosser who shoots from the side opposite to the regular right handers. His playing against the Penalsonic five in which he gathered 13 points made him famous overnight.

Teddy Morano, a guard, is a former high school star and pupil of "Skeets" Wright, and has been cutting a wide swath for the past two years. In fact his playing has attracted so much attention that he is playing his last season with the Separates as he goes to the American league next fall. He is fast and is always a scoring threat.

Doyle, a guard, is a great defensive player as is Bob Rosen, former Mercersburg university star, who plays center. Bill Bergen, formerly with the Beloit Fairies is another guard who is well known throughout basketball circles. It is possible that the Separates will bring "Poison" Joe Brennan of the Brooklyn Visitations to Plainfield.

It can be seen that the Plainfield outfit is up against stiff opposition on Wednesday evening and they will have to travel to overcome the visiting club.

RULING ON FUMBLES ADOPTED BY COMMITTEE

NEW YORK, Feb. 18—(AP)—The well-known crime of fumbling has been reduced from a felony to a mere misdemeanor in the statute books of football.

The national football rules committee announced today adoption of a new provision of more than ordinary import which makes a fumbled ball recovered by the defensive side dead at the point of recovery.

Possession of the ball under such circumstances still will be lost by the fumbling team, but gone will be the heart-ache of seeing an opportunist ball-hawk on the other side tear through, scoop up the oval and scamper through a clear field to a touchdown.

In announcing the change the committee stated it took into consideration "the fact that in the great majority of cases the actual fumble of the ball is the error of a single player and not the fault of the team as a whole; also the fact that loss of the ball by reason of a fumble is generally considered to be equivalent to the loss of about 40 yards, namely the distance lost by the fumble itself plus the average distance of a punt—say 35 yards, the opportunity for which has been lost by reason of the fumble."

This rule will not apply in case of forward passes nor to backward passes which are intercepted before striking the ground, nor will it apply to blocked kicks which will be played as heretofore, it was emphasized.

Of the four rule changes, all important, which were announced as the result of a secret session of the gridiron legislators in the seaside seclusion of Absecon, N. J., last Friday, Saturday and Sunday, a second similarly barred the door against some of the sad consequences of a fumbled kick, whereas the rules of 1928 provided that when a player fumbles in the act of receiving a punt, the ball is dead at the point of recovery by the opposing team, the revised code lists all kinds of booted balls in the same category—kick-offs, placements and drop kicks as well as punts.

By a third rule, which came as a complete surprise to most outsiders, the position from which the try for point after touchdown is to be made was moved from the three to the two-yard-line in the hope that the try for the extra point may more often constitute a triple threat play." A line play or a pass may now be expected as well as the conventional kick, in the rulemakers opinion.

Deciding that restrictions upon the use of the "screened" forward pass which were adopted in 1928 were not sufficient, the committee in a fourth decision amplifies the rule to provide that no player of a side attempting a forward pass "who has crossed the line of scrimmage shall either before or after the pass has been made interfere with an opponent until the ball has been touched except in an actual attempt to catch the ball. Except on passes completed behind the line of scrimmage, such players as are ineligible shall be penalized for interference, if they in any way obstruct the right of way of defensive players."

"In case of doubt as to such interference the rules adds parenthetically, "the penalty shall be inflicted."

TWO WORLD'S RECORDS BROKEN AT N. Y. A. C. GAMES

MADISON SQUARE GARDEN, New York Athletic club's annual games tonight furnished the setting for the season's most spectacular indoor track and field performances. They were featured by the first setback for Percy Williams, Canadian and Olympic sprint champion, but also included two world's record performances and a mark of 14 feet in the pole vault by Frederic A. Sturdy, of Yale.

Williams, undefeated heretofore either outdoors or in, was conquered by Jack Elder, fleet Notre Dame university halfback, in the 60 yard dash.

Weems Baskin, New York A. C. hurdler, raced to a new world's mark of 7 2-5 seconds for the 60 yard high hurdles in his trial heat. Although beaten by Carl Ring, a clubmate, in the final, the fast traveling Newark prep broke the world's one mile interscholastic relay record with a victory in 3:30 2-5.

Sturdy, slim pole vault successor to Sabin Carr at New Haven, failed in an attempt to break Carr's world's indoor mark after clinching his event and beating Victor Pickard of the University of Pittsburgh with a vault of 14 feet. Pickard did 13-10. On the same board runway down which Carr raced a year ago in the same meet to clear 14-1, Sturdy failed in three tries at 14 1-2.

Paavo Nurmi added another but unimpressive victory to his string by winning a two-mile handicap race from a field of more or less unknowns in 9:13 2-5. Victories in two of the classic features went to Leo Lermond, of the Boston A. A. in the Baxter mile and to Joe Tierney of the New York A. C. in the Buermeyer 500-yard race which failed to produce Ray Barbuti, the Olympic 400 meter champion, as a starter.

WILLIAMS-PRINCETON TEAM TO PLAY ENGLISH TEAM

WILLIAMSTOWN, Mass., Feb. 18—(AP)—A tennis team composed of players from Williams and Princeton, will oppose a combined Cambridge and Oxford team at Seabright, N. J., next July, according to an announcement made today by Williams athletic officials.

The American college team will consist of H. F. Wolfe, the Williams tennis captain; Kenneth B. Appel, the Princeton net leader, and two other Williams players. Post graduate students to play in the international college match, thereby giving "Bunny" Austin, one of England's foremost tennis players a chance to play on the Cambridge-Oxford team.

A similar match was played three years ago.

ACADEMY LOSES FAST AND CLOSE GAME TO PUTNAM HIGH QUINTET

The Academy dropped a stirring 15 to 14 game to Putnam high Monday night at the Y gym. It was an Eastern Connecticut Conference tilt and for thrills ranked with the best of the year at the local floor. The Academy had previously been given a sound trouncing by Putnam and was not expected to make such a fight on this occasion. Loss of Chet Berghinzo by personal fouls early in the game hurt the Academy.

Action was nip and tuck throughout. At half time Putnam held an 8 to 5 lead but the Academy erased it in the third quarter, leading 12 to 11 at its conclusion. This score stood for a few minutes into the final period until Putnam tallied on a field goal to lead, 13 to 12. Putnam added another two points in the next few minutes and the teams then battled hard until with 20 seconds to go Stevens tossed one in from the side. The game then ended shortly after the tapoff.

It was a heartbreaker to lose for the Wildcats but it showed that they are now a much improved team over a month ago. What they could have done with an early start on their campaign is a matter of conjecture.

Frank Barber was the outstanding star for the locals. The Academy right guard, besides leading his team in scoring with five points, two field goals and a foul, also held Leo, one of the league's leading scorers without a point. Denning, who took Leo's place, was responsible for seven of the 15 points. Shann, at center scoring the remainder. Cody was also held scoreless.

In the preliminary game the Y Emps lost to the Cottrells of Westerly 26 to 18. Cropper was high scorer with ten points. Summaries:

PLAINFIELD WINS HANDILY FROM WOODSTOCK ACADEMY

(Special to The Bulletin)

PLAINFIELD, Feb. 18—Led by the diminutive Tommy Lang the Plainfield high school quintet swept to an impressive victory over the Woodstock Academy team here tonight, the final score being Plainfield 27, Woodstock 18. The score does not tell the real story of the game as it was close and furious. Woodstock took the lead early in the game and at half time was three points ahead of Plainfield, 9 to 6. The second half found the Plainfield quintet functioning in regular form and the score began to pile up. Lang's work together with that of Bakowski stood out throughout the game.

The Plainfield girls team completely overwhelmed the Woodstock Girls 51 to 3. The Plainfield misses showed remarkable passwork and the two forwards had an uncanny eye for baskets. Besides scoring 18 baskets the forwards shot fifteen out of eighteen fouls, which is something of a record. The summaries:

RED SOX MAY PLAY SUNDAY GAMES AT REVERE

BOSTON, Feb. 18—(AP)—The possibility that the Boston Red Sox would play their holiday and Sunday baseball games in Revere, loomed large today when a delegation of responsible officials and businessmen from that neighboring city conferred with President Bob Quinn and produced blueprints of a park with a 41,000 seating capacity.

Fenway park, the Red Sox' home diamond, which will be unavailable for Sunday baseball because it is situated within 1,000 feet of a religious edifice, accommodates but 27,000 fans.

While admitting he has received permission from the American league to transfer the Red Sox' Sunday games to Revere, Quinn refused to come to a definite agreement with the Revere delegation until he had completed his negotiations with President Emil Fuchs of the Boston Braves for the use of Braves field on Sundays.

Quinn admitted that Fuchs' first terms for Sunday rental of the National league park were much more than the Red Sox could afford to pay but said that he had not ended his negotiations with the Braves official.

The offer made by the Revere delegation, which consisted of Mayor Andrew A. Cassasss, C. F. Chisholm, secretary of the Revere chamber of commerce, Joshua Harron, a bank president, and several construction experts, called for the erection of a ball park on the site of a closed amusement tract on the Revere beach highway. The Revere construction experts predicted that the grandstand and bleachers could be built inside of three months but could not estimate the time which would be needed for grading the playing field.

President Quinn said that the Red Sox have not, and would not, apply for a Sunday license for games at Fenway park. He had no doubt, he said, that the Boston city council would waive the technicality, that only a portion of Fenway park was within the prescribed 1,000 feet, but the constant danger that an injunction might be sought during the season by persons opposed to Sunday baseball was too great a threat.

MACK OFFERS DEMPSEY $250,000 TO BOX MALONEY

BOSTON, Feb. 18—(AP)—A telegram offering Jack Dempsey a $250,000 guarantee for boxing Jimmy Maloney, Boston heavyweight, here at Braves field next July or August, was sent to the former champion at Miami, Fla., today by Eddie Mack, the Boston Garden boxing promoter.

"Will give you," Mr. Mack's telegram read, "guarantee of $250,000 with privilege of 40 per cent gross gate less state tax to box Jimmy Maloney at Braves field in Boston in July or August. Will post $75,000 sixty days before fight, another $75,000 thirty days before fight and will post the remaining $100,000 forty eight hours before contest.

"You must open training camp in Boston one month prior to contest. I think the gate will go around one million dollars if Maloney wins from Tom Heeney here March 1. Braves field seating capacity about 80,000. Will see you Monday in Miami to take real business. Kindest regards, Eddie Mack."

Promoter Mack, who described his offer as the first bona fide proposition made to Dempsey since the latter's second bout with Gene Tunney, said the "Manassa Mauler," has decided to return to the ring immediately after he completes his task of promoting the coming Stribling-Sharkey bout. Mack declared that while he named Maloney as the opponent in his telegram to Dempsey, Heeney will be substituted if he defeats the Boston heavyweight.

FAILS TO SEE MARKER AND LOSES CHAMPIONSHIP

RUMFORD, Me., Feb. 18—(AP)—Failure to perceive a red guidon marking a ten-mile cross-country ski race course, coast Salid Paumgarden, of the Snow Birds Outing club, Lake Placid, N. Y., the eastern United States class A ski racing championship today at the sixth annual Rumford winter carnival.

By a decision of judges the title went to Sven Astron, champion of Sweden, representing the Hanover, N. H., Outing club, who covered the distance in 1:17:34. Recognizing Paumgarden's remarkable race, carnival officials awarded him a special prize. Paumgarden's time was 1:10:47.

PA STRIBLING OBJECTS TO REFEREES NAMED BY MASS. COMMISSION

MIAMI BEACH, Fla., Feb. 18—(AP)—Just as the troubles of Jack Dempsey seemed over, with smiling skies, vacation crowds and the carnival spirit of the Southland's winter playground tuned in a song of harmony and success, a dog fight broke out today over the naming of a referee for the battle of the Everglades, a week from Wednesday night.

The crackle of argument broke out hours after the old Manassa Mauler, happy that the final stumbling block in the path to the success of his first promotional venture had been swept away, announced that the Massachusetts state athletic commission had named Johnny Brassil and Jack Sheehan as the two outstanding referees for the meeting of Jack Sharkey and Young Stribling in Flamingo park Feb. 27.

Dempsey said this arrangement was made at the suggestion of "Pa" Stribling, manager of the southern pride, when the referee problem was threshed out at a meeting of all interested parties last Friday. Although the Massachusetts commission named one of the men as first choice and the other as alternate, Dempsey said the actual referee would not be announced until the boxers entered the ring.

For hours all was serene and the problem that has vexed the new overlord of fistic promotion ever since Sharkey agreed reluctantly to risk his chance on fighting through to the vacant heavyweight title by engaging Stribling in the Southland meet seemed definitely settled.

Then Pa Stribling, returning late in the day with his fighting son from a visit to the race track, announced that under no conditions would he agree to either of the referees named.

"Brassil," he said, "is a personal friend of Sharkey, and Sheehan, because of his advanced age, can see none too well. This is the most important fight my son has ever had."

The squabble promptly became an argument on contracts and clauses. The Sharkey forces contended that the Boston tar signed for the match only when the clause permitting the Massachusetts commission to name the referee was inserted in his contract.

Stribling said his contract was different and stipulated that the referee named by the Massachusetts commission was not a final choice, and must be agreeable to both parties.

Neither of the two men named, he said, would do at all.

The matter is due for a thorough airing tomorrow when the managers will discuss the situation with Dempsey.

Despite Pa Stribling's attitude the general impression among the fistic cognoscenti was that Brassil, a comparative youth of 40 years, but old in experience, would land the assignment.

Brassil refereed Stribling's matches with Romero Rojas and Maxie Rosenbloom, in Boston.

Sharkey's contract is believed ironclad and his determination to see a familiar face in the ring that night seemed unshakable.

Both combatants in the spectacle of the Southland rested today through fear of going stale in the semi-tropical heat while members of their camps waded into the troublesome referee problem. Dempsey said he had done his part in accordance with the wishes of the fighters.

Strangely enough, neither of the Boston arbiters have ever fought professionally. Both are considered able. Brassil particularly has been called upon to make many hair line decisions. He was the third man in the ring the night Jimmy Maloney lost to Sharkey on a foul at Braves field and he gave a decision to Ace Hudkins on a foul against Al Mello, another Boston star, in another exciting match.

By a coincidence, if Dempsey should announce Sheehan as the referee, he will name a man who has never considered him among the truly great heavyweight battlers. Not long ago Sheehan declared Dempsey was not the great puncher he had been pictured. There were only four natural hitters, he said, and they were John L. Sullivan, Sam Langford, Stanley Ketchel and the Negro Joe Wolcott.

As Sharkey and Stribling rested, both close to fighting weight and ready to step into the ring at a moment's notice, Miami Beach took on the appearance of the boom days of 1925 and 1926. Hotels were jammed and neighboring towns and cities were canvassed to provide accommodations for 10,000 more visitors. Work started today on the pine arena in Flamingo park to increase the seating capacity from 35,000 to 42,000.

PUTNAM SOCCER PLAYER HAS HIS JAW FRACTURED

(Special to The Bulletin)

PUTNAM, Feb. 18—While playing a soccer game with the members of the National Rhea soccer team against the Jewett City team Sunday afternoon Leonard H. Mellor, of Tatem street was kicked in the face and sustained a compound fracture of the jaw. Mr. Mellow is a patient at the Day Kimball hospital and while his condition is very painful he was reported as resting as comfortable as could be expected tonight.

Mellor is rated as one of the best soccer players in this section of the county and has thorough knowledge of the sport. At Jewett City he was a menace to his opponents. When he was injured he had the ball cornered and was about to deliver a scoring shot when an opponent tried to spoil his shot, the shoe of the man blocking the ball went directly into his face. Mellor was taken from the game and rushed to the hospital where an x-ray disclosed the injury. Mellor is son of Supt. L. H. Mellor of the National Rhea Co. and is one of the overseers in the plant.

Flynn Wins on Foul

BOSTON, Feb. 18—(AP)—Arthur Flynn, Lawrence middleweight, won on a foul from Vincent Forgione of Philadelphia here tonight, in the sixth round of a ten round bout. Flynn had the best of the going up to that point, dropping his opponent three times. Flynn weighed 166 pounds and Forgione 161.

In an eight round bout Bob Mills, of Hill, N. H., ripped "Big Boy" Burlap, of Westerly, R. I., almost to ribbons with hard right and left jabs and in the seventh round Referee Sheehan stopped the bout.

Valger Disqualified

LONDON, Feb. 18—(AP)—Benny Valger, New York lightweight was disqualified for holding in the sixth round of his 15 round bout with Sam Steward, British lightweight champion, at the National Sporting club tonight.

Bass Gets Verdict

PHILADELPHIA, Feb. 18—(AP)—Benny Bass, Philadelphia featherweight, won the decision over Steve Smith, Bridgeport, Conn., in a slambang 10-round fight here tonight. Bass weighed 128, Smith 129-1-2.

AGGIES PREPARE FOR GAME WITH COAST GUARD

(Special to The Bulletin)

STORRS, Feb. 18—After receiving a defeat at the hands of the Rhode Island State team Saturday in the first game of the home and home series, the Connecticut Aggie five went through its first workout of the week here today. The game with the Rhody five was one of the hardest of the season for the Aggies who were handicapped by the loss of Chubbuck, and the injury of Matzkin, although the latter started the game.

Wednesday night the Nutmeg five tackles the strong Coast Guard quintet of New London. The Sailors are represented by a fast aggregation this year as the Rhody five won over them by the slim margin of two points. This will mean strenuous workouts for the Connecticut squad as a preliminary for the contest.

The work of little "Billie" Darrow of New Britain who shared honors with Ryan on Saturday was outstanding in the contest. Darrow is handicapped concerning heights, but is one of the most evasive men on the squad. The Rhody backs had extreme difficulty in covering Darrow all through the contest.

With the game with the Coast Guard in view, the varsity will no doubt be sent through a scrimmage here tomorrow, in the last hard workout before game time.

LANDGRAF TO HAVE SUPPORT OF EASTERN LEAGUE

SPRINGFIELD, Mass., Feb. 18—(AP)—Eastern baseball league directors in session here today, voted to make every effort to keep Allentown, Pa., in the circuit and to make it possible for Ernest C. Landgraf to operate the club in that city. The national board placed a ban on Landgraf last week, charging that he had harbored ineligible players in other seasons.

Landgraf attended the meeting today and returned home with the knowledge that the Eastern league directors plan to back him to the limit. President Herman J. Weisman stated: "We have reviewed the Allentown situation thoroughly and it is our firm opinion that the national board ruling is inequitable. The Eastern league directors have voted me the power to proceed as I think best in prosecution of the claim for the Allentown franchise and of the right to grant that franchise to Landgraf."

President Weisman said he would get about the task immediately. He said, "I shall ask the national board of arbitration to hold a special meeting, at which time evidence will be given to refute the allegations made against Landgraf. The Eastern league has no desire to antagonize the national board, but that does not mean that we shall give in without a battle. We feel that Landgraf is right in this matter and he will have our whole-hearted support."

According to President Weisman, the charges against Landgraf are unjust. The Eastern league head says that Landgraf committed no sin in using ineligible players, inasmuch as Landgraf, at the time concerned, was not operating a club under the rules of organized baseball. Landgraf today said he was willing to fight to the finish regardless of costs and the Eastern league directors were unanimous in giving him their support.

Today's meeting found the Eastern league voting to change the rule whereby each club could take only two optional players. Now each club may have as many optional players as it desires.

It was voted to hold the next meeting of the league at Allentown on Sunday, March.

Lavalise Resigns Post

MANCHESTER, N. H., Feb. 18—(AP)—"Hank" Lavallee, manager of the Manchester baseball club of the New England league, has resigned his post, it was announced here today. He will devote his entire time to his taxi business in Worcester, Mass. His successor has not been named.

Lavallee's baseball career included service with the New York Yankees. He also played in the Southern, Western and Eastern leagues, before coming to the New England circuit.

SONNENBERG DEFENDS TITLE AT PROVIDENCE TONIGHT

PROVIDENCE, Feb. 18— (AP) — "Dynamite" Gus Sonnenberg will defend his world wrestling championship and $10,000 diamond belt against Joe Devito at the Auditorium, here tomorrow night. Devito gave Gus his hardest match before the latter became champion and held his own until he started to argue with the referee, thus giving Sonnenberg an opening for his famous flying tackle. Pat McGill wrestles Jack Ganson in one of the preliminaries.

Stonington Vs. Killingly.

(Special to The Bulletin.)

DANIELSON, Feb. 18.—The Killingly quintet faces the Stonington Warriors in the Killingly gym Tuesday night. The Red and White basketeers defeated Stonington on the latter's court, 19-17, but things may change when the Killingly team will play without Capt. Withey, star forward, and "Brownie" Szafranski, first string guard, who have received leg injuries. Coach Schofield held his last practice previous to the game and the team seems to have recuperated after a defeat at the hands of Bacon Academy last Friday night. The probable lineup for Killingly will be: Slawick, rf, Friese lf, McKeon c, Young rg, and Waldron lg.

DE VOS KNOCKS OUT BROWN IN FIRST

NEW YORK, Feb. 18.—(AP)—Rene De Vos, Belgian middleweight ace, knocked out Bobby Brown of Lowell, Mass., in the first round of their ten round bout at the St. Nicholas arena tonight. De Vos rushed in at the start and whipped over a hard right to the head when his opponent was hanging on the ropes just one minute, seven seconds after the start. De Vos weighed 160 pounds and Brown 164.

De Vos, who placed himself among the leading contenders for Mickey Walker's crown in his recent battles made short work of the New England boy. Only about a dozen blows were struck during the entire scrap.

The Belgian landed a hard right at the very start, then drove Brown to the ropes with another flurry of wallops after evading his counter. Brown was almost helpless on the ropes when De Vos put over the finishing blow.

In a six round preliminary, Danny Phillips of Pittsburgh and Oscar Goldman of New York fought to a draw in a speedy bout. Phillips weighed 122, Goldman 120½.

Hbert Green of California, 144, outpointed another Californian, Mike Denton, 141, in another six rounder. Joe Caruso of New York scored decisively over Law Turribates of Mexico in a third six rounder. The Mexican was knocked down twice in the third round, but lasted to the end. Caruso weighed 144½, Turribates 144.

Palace Theatre.

Another bell ringing show opened at the Palace yesterday. Corking two and half hour show that you cannot miss. Enough versatility in the layout headed by Exie Butler and Don Santo and their rythm boys. A jazz band with plenty of pep and entertainment their individual talent is blended into one big revue, with beautiful scenery and alluring costumes. Supporting this attraction is Jack Gregory trio, a clever novelty act in a Whooping Good Time, the Fenwick Sisters, two very clever misses singing some harmony songs which is done very cleverly. Meehan and Shannon in a comedy travesty on domestic life scored easily with the audience and Lester and Earle in fun on the doorstep handed out plenty of laughs.

"Lingerie," the Tiffany-Stahl production featuring Malcolm McGregor and Alice White on view at the Palace theatre is an interesting combination of war romance, French farce and drama, with a fine cast directed by that competent gentleman, George Melford.

"Lingerie" relates the story of a young American who enlists in the American army as a private on discovering that his bride of an hour married him only for his money. On his first furlough in Paris he meets the girl who convinces him that he has something left to live for, after all. Paralysis from wounds sends him home, apparently a helpless invalid doomed to suffer his wife's flirtations and neglect in silence, and from that point the drama increases in pace, intensity and heart throbs.

Kit Guard and Victor Potel, the latter the "Slippery Slim" of the famous old Snakeville Comedies and also one of Alkali Ike's chief tormenters in the early days of comic films, provide some exquisitely hilarious moments as two buck-privates, hard-boiled but with tender hearts.

Mildred Harris has the role of the wife and Armand Kalis is his usual suave self as the object of her infatuation. Cornelia Kellogg as the bride's mother and Marcella Corday in a fine bit as the proprietress of the dressmaking establishment from which the American retrieves his little French girl complete the cast.

Broadway Theatre.

A capacity audience greeted Fannie Brice at the Broadway theatre Sunday night in Warner Bros.' "My Man," Miss Brice's first motion picture.

Fannie has long been acknowledged the world's greatest comedienne. She now proves that her presence is the sort that registers perfectly. All the ingratiating tricks of mimicry, all the appeal, whether mirthful or sad, is reproduced flawlessly by the magic of the new medium.

The story is one which absolutely suits Fannie, bringing out, as it does, along with the gay abandon of which she is capable, the mothering quality which is always so much a part of her charm. She is cast in "My Man" as the sister of a little boy and an incorrigible girl.

Working in a theatrical costume factory, Fannie entertains her fellow workers with her antics—and one day, on her way from work, she passes a drug store where a husky young man is demonstrating a muscle-developer.

How she falls in love with this rather indolent youth, how she shelters and feeds him, and finally wins a half-reluctant proposal of marriage from him; how, on the eve of their marriage, she finds her sister in his arms; how she orders the two from the house—and in desperation turns to the stage—winning success through suffering—make a story of beauty and power.

Fannie will give you a new conception of the possibilities of pantomime. You really oughtn't to miss this play. See Fannie Brice in "My Man"—and be duly thankful to this reviewer.

Mention must also be made of the all-talking Mack Sennett comedy, The Lion's Roar which was a laugh from beginning to end and thoroughly enjoyed by everyone.

Bread Theatre

One of the big kicks in Fox Films "Red Wine," literally as well as figuratively, is the lavish cafe sequence wherein the Marion Morgan dancers romp and stomp to heart's content.

More than a hundred "extras" in full evening dress furnish the atmosphere. In addition to the Marion Morgan ballet, are specialty numbers featuring Bo Ling, the Chinese dancer; Lalani Deus, Hawaiian hula girl; Margaret La Marr, Spanish beauty, with the castanets.

"Red Wine," in the last analysis, is an expose of how tired business men relax, and is the last word in night club life. It was written and directed by Raymond Canonn, whose "Life's Like That" stamped him as a director of artistic standing and keen insight.

Conrad Nagel, Hollywood's tremendously popular actor, heads the cast with the lovely June Collyer, Fox Films' featured player, opposite. Sharon Lynn, Arthur Stone, Betty Lorraine, Dixie Gay and others complete the cast.

"Red Wine" was adapted to the screen by Charles R. Condon and is photographed by Daniel Clark, who has been with Fox for seven years. It closes tonight.

WESTERLY

GENCARELLI INDICTED FOR FIRST DEGREE MURDER

(Special to The Bulletin)

WESTERLY, R. I., Feb. 18—Louis Gencarelli, 24, residing at the corner of Oak and Tower streets, Westerly, was indicted for first degree murder by the grand jury Monday at Kingston court house, at the beginning of the February term of superior court for Washington county with Associate Justice Herbert L. Carpenter of North Smithfield, R. I., on the bench. A true bill was reported by Foreman Charles W. Watts when the grand jury returned to the courtroom at 2 p. m. Gencarelli is charged by Chief of Police Thomas E. Brown, with the shooting of Santo Gaccione, as the latter lay asleep in bed with his wife and child at his home, 4 Marion street, on the early morning of Jan. 21st last. The bullet from the doubled-barreled shot gun fired from a point outside the house passed through the side of the house and Gaccione's death resulted from the gunshot wound twenty minutes after his body had been pierced.

In third district court before Judge Oliver H. Williams in Westerly, at a two day session beginning Feb. 1st, probable cause was found in the murder complaint and he was bound over without bail to await the action of the February grand jury which convened at Kingston Monday. There was some delay in arraigning Gencarelli who had been confined to the county jail on Kingston Hill. While the court was awaiting the arrival of Gencarelli, Judge Carpenter continued with the hearing of the contested divorce case of Hester W. Miner vs. Asa L. Miner, Jr., of Saunderstown, R. I.

At 2.30 p. m. the divorce trial was interrupted and Gencarelli was arraigned on the charge of first degree murder. He was represented by Attorney M. Walter Flynn, of Westerly and Providence and Attorney Anthony V. Pettine the latter attorney waiving the reading of the complaint and entering a plea of not guilty.

Trial of the case before a petit jury will begin on the first Monday of the superior court's adjournment to the Westerly courthouse. Judge Carpenter suggested that the case be the first criminal case set down for Westerly trial, but Third Assistant Attorney-General Jackvony, asked that the date be made the first Monday to allow so much of a full week for the murder trial. Gencarelli, who had been brought to the courthouse by Deputy Sheriff Fred W. Ball and Deputy Sheriff Elmer Edwards, was again taken back to the jail on Kingston Hill to await his trial in Westerly.

Following the disposition of the murder case the assistant attorney general announced that the grand jury had returned no indictment against Ben Haverick, charged with transporting for the purposes of prostitution.

Everett Simmons, alias Paige, of North Kingston, pleaded guilty to carrying a concealed weapon Dec. 4, 1928, a pistol. Inasmuch as he was an alleged deserter from the army and other charges could be brought against him he was held in $5,000 bail and his case continued to Wednesday for sentence.

Harold A. Hazard, colored, waived the reading of a complaint charging carnal knowledge and entered a plea of not guilty. He was held in $5,000 bail for trial Wednesday.

When court opened at 10.30 a. m. Jury Commissioner Arthur Sherman was present to hear the grand jurymen qualify, there being seventeen. John B. Eldred, manager of market, Wakefield, failed to respond to his name when called as he was out of the state. Morris Silverstein, clothing merchant of Westerly, failed to qualify as he declared his present residence in Pawcatuck, town of Stonington. William J. O'Brien, farmer, of Exeter, R. I., declared that he now lived in Coventry, R. I. Judge Carpenter excused both men.

With Charles W. Watts, proprietor of Narragansett, named foreman, the following grand jury was empanelled, qualified and given oath by Judge Carpenter: South Kingstown, William Brinkwater, mercher; William F. Eccleston, foreman; Owen E. Rose, truck driver; Patrick J. Roughan, unemployed.

North Kingstown—Charles G. Cranston, superintendent, Thomas H. Hagel, inspector; John Nugent, farmer; Malcolm Rogers, clerk.

Westerly, Carl W. Burdick, clerk; Carl F. K. Carlson, granite contractor; Frank A. Toscano, shoemaker; Alexander E. Wilkinson, chauffeur.

Hopkinton, Alfred A. Crandall, weaver; Oscar Edwards, carder.

Richmond—Joseph M. Foster, foreman.

Charlestown—Timothy L. Money, unemployed.

At 11.10 a. m. the grand jurymen returned to their jury room on the first floor and continued uninterrupted to hear eighteen or more witnesses presented by Mr. Jackvony.

With the departure of the grand jurors Judge Carptenter took up the assignment docket in which seven actions at law were set down on the Westerly calendar, one on the Kingston and four marked "passed." All equity cases were passed, and in miscellaneous petitions one was set down for Kingston, two passed and one contined two weeks for settlement.

In the motion calendar five were marked ready, 11 marked for Westerly, 2 for Kingston, 6 continued, 2 passed and two discontinued.

Judge Carpenter took up and disposed of a number of divorce cases, although Tuesday is the usual day set for the hearing on petitions for divorce. Among those disposed of were the following: Jennie L. Matteson vs. John W. Matteson, carpenter of Hopkinton, Judge Carpenter ordered $35 for counsel fees, $10 for witness fees and $10 a week for support.

Kate Holland vs. Gideon Holland, Jr., in which had been previously entered a decree for the payment of $20 a week for the support of a son, William Henry Holland, Jr., now aged 18 and in the employ of the Standard Oil company. Court ordered the decree vacated, as the son now receives more wages than the father.

Frieda Zuschlag vs. Paul Zuschlag, South Kingstown, court ordered a decree for the custody of child to be with mother, formerly Grace Emily Scott, and payment of $5 weekly for child's support.

Elizabeth Gregson of Providence and Charlestown vs. William B. Gregson, with waiver of alimony Judge Carpenter directed the entry of decree on grounds of continued drunkenness.

Catherine B. Peters vs. Leo Peters. Petition granted on grounds of cruelty and non support and custody of children granted petitioner.

In the action at law Gavitt Furniture Co. vs. Walter L. Clarke, denial was made petition for vacation of attachment on $1486 worth of household furniture now in storage in a Westerly warehouse, the respondent now being in New York and not a resident or householder in Rhode Island.

ROASTING CHICKEN CAUSE OF FIRE ALARM MONDAY

(Special to The Bulletin)

WESTERLY, R. I., Feb. 18—Westerly fire department with two pumpers responded about 2 p. m. Monday for an alarm turned in from Box 21, for a fire in the house occupied by George C. Harris, 4 Newton avenue. The alarm was sounded when smoke was seen pouring from the windows. James A. Keane, letter-carrier and fireman in the Pawcatuck fire department rushed into the house and out with the cause—a chicken burning on a pan which had been left on the stove and had filled the house with smoke. The recall was sounded 12 minutes after the alarm was sounded.

Davis' Condition Improved.

The condition of Marion Oak, alias Frank Davis of Stonington borough who was rushed to the Westerly hospital Saturday night in the Stonington ambulance after he had swallowed a dose of iodine, was reported as much improved Monday. Dr. Richard O'B. Shea of Westerly was called on Saturday night to treat the man who was reported to have swallowed the dose when depressed by family disagreements.

"If you want to keep slender (and who doesn't in these days) avoid sweets and smoke Lucky Strikes. There seems to be something about them; possibly the flavor, that satisfies the craving for the rich things that add weight.

"'Voila', reach for a Lucky instead of a sweet—the trim figure is always fashionable. Advertisements that I saw when I recently arrived in America, said:—'The best way for sugar to be eaten is as a flavorer of foods'. They are quite correct in cautioning a modified use of sugar. Sweets to excess are bad. I advocate a few puffs of the Lucky Strike toasted flavor when sweets tempt.

"I may add that I smoke Lucky Strikes myself, and I think they have contributed much to the state of mind which has helped me to create my greatest successes.

"Lucky Strikes are certainly an inspiration!"

PAUL POIRET

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This surely confirms the public's confidence in the superiority of Lucky Strike.

Reach for a Lucky instead of a sweet.

MILD ADVANCE IN PRICES OF STOCKS IN SOMEWHAT IRREGULAR MARKET

NEW YORK, Feb. 18—(AP)—The stock market resumed its advance, rather timidly, today, after last week's retreat forced by tightening credit rates and the attitude of the federal reserve board toward excessive absorption of credit in speculation.

The market showed extreme nervousness during most of the session, and business was in reduced volume, total sales approximating but 3,475,500 shares. Call money renewed at 8 per cent., but went down to 7 late in the day, in contrast to Friday's closing rate of 10. This stimulated considerable short covering, and scores of issues closed 2 to 14 points higher.

An encouraging development was the American Acceptance council's report that total outstanding acceptances decreased but $5,214,617 in January, a month in which a seasonal drop is to be expected, and in which the total fell off about $22,000,000 in 1928. The negligible decrease in the face of the withdrawing of federal reserve support from the acceptance market and rising rates.

Although there had been some talk of possible action on the New York reserve banks rediscount rate today, only the regular executive committee meeting was held, and no announcement was made. Time money was firm, with little available under 7 3-4 per cent.

The day's business news included the placing of the new Du Pont stock on a 34 annual dividend basis, equal to $14 on the old stock, in comparison to its $10 rate. American Can reported 1928 earnings equal to $6.86 per share, against $4.11 in 1927, and American Water Works reported $3.50, against $2.79. Marland Oil announced the purchase of the Prudential Refining Corp of Baltimore.

As an example of the erratic fluctuations of the day, Radio ranged from 333 to 347, and closed at 343, up 8 points. Utilities and coppers led the day's advance. American and Foreign Power jumped more than 14 points to a new high and American Power and Light and American Water Works moved up 6 and 4 points. Andes Copper mounted 6 1-2 points to a new high at 60 1-2, while Chile, Greene Cananea and Kennecott sold 4 to 5 points higher.

Rails were generally firm. Atchison, Delaware and Hudson, and New York Central advancing about 3 to 4 points. Chrysler and Packard made extreme gains of about 3 and 4 points U. S. Steel and Bethlehem sold up about 3 points each. General Electric, General Cable A, Johns-Manville, Goodyear, International Harvester, International Telephone, and Commercial Solvents made extreme gains of 4 to 8 points.

Among the few soft spots were Case Threshing and National Tea, dropping 15 and 9 points respectively in small turnovers. Peoples Gas, National Surety, Rossia Insurance and Mathieson Alkali lost 3 to 5 points.

In the commodity markets, wheat made moderate gains as low temperatures were reported over the winter wheat belt. Cotton was steady in dull trading.

Foreign exchanges were generally steady, although the Canadian dollar dropped to a new low level for the year, with a discount of nearly 1-2 of one cent, and the Spanish peseta dropped about 1-3 of a cent to 15-32 cents, also a new 1929 low.

4—Original stories or letters only will be used.
Write your name, age and address plainly at the bottom of the story.

POETRY FOR THE WIDE-WIDEAWAKES

Blackbirds in a City Park

High were the buildings all about,
Hotels, and tehatres, fine shops, without,
Within, green grass, sunlight and shadow,
Graveled walks, and flowers aplenty,
And blackbirds tripping daintily.

The traffic surged ceaselessly
Around. Street cars clanging noisily!
The cry of newsboys, and toot of motor horn!
Within the park a foutain tinkled;
A soft breeze wrinkled
The surface of the quiet pool
And blackbirds drank of its waters cool.

A sweet oasis in the heart
Of the city. A tiny spot where one might rest, apart
From the hurry, the fret and the conflict.
Some of the restfulness
Of the fields was there, in the calmness
Of the trees, in the carefree
Chatter of blackbirds tripping daintily.
—Helen Marr Brown, in Christian Science Monitor.

CHICAGO GRAIN MARKET

(Continued from Page Eight)

tons varying from 27c setback to a rise of 5c.

Kansas and Nebraska advices especially were apprehensive today as to wheat crop damage. Some messages said the latest sudden change in weather, 60 degrees fall of temperature in various places, had brought about the worst crop condition yet this winter. Word was also received from India that the crop outlook there is still very unsatisfactory, but European weather today was reported as showing some abatement of the severe cold which has been threatening trans-Atlantic breadstuff production.

According to statements today from leading wheat trade authorities here, speculative attention is now centering mainly on 1929 world crop possibilities regarding crops, with conditions unusual enough to cause uneasiness. It was further stated that for weeks the absorption of bread stuff supplies has been so heavy that there is less concern regarding any possible pressure from the remaining surplus; and that northern hemisphere crops are now actually in the freezing and thawing season which carries danger of undoubted injury to winter wheat.

A decrease of 740,000 bushels today in the United States wheat visible supply total was smaller than as a rule had been looked for and toward the last this circumstance led to some reaction from the day's top prices. During most of the day, though, buying was active, the southwest as well as houses with eastern and foreign connections in particular being aggressive.

Corn was firmer at times, sympathizing with wheat, but an increase of 3,702,000 bushels in the corn visible supply total tended to enlarge selling in the corn market. Oats were relatively firm, owing to talk of delayed seeding in the southwest.

Provisions averaged lower, influenced by declines in the value of hogs.

COTTON.

NEW YORK, Feb. 18— (AP) —Cotton futures closed steady, 1 point lower to 6 higher. Spot quiet; middling 20.25.

WALL STREET BRIEFS

NEW YORK, Feb. 18—(AP)—Rights which accrued to members of the New York stock exchange under the plan to increase the membership by 275 now are valued at $110,000. Four rights must be obtained to have one membership. The first transactions, involving 16 rights or four seats, were made at $109,500 for each right but since then there have been two transactions at $110,000. The last sale of a seat with rights was made at $625,000. Based on sale of rights to additional memberships at $110,000, the theoretical price of a membership with a right now is $550,000.

With steel production continuing at a high figure, observers of the industry are predicting February will set another high monthly record, unless output unexpectedly slumps. There was a record production of both pig iron and steel in January.

The Bethlehem Steel corporation reports benefits totaling $919,488 were paid out last year to sick and disabled employes and dependents of deceased employes. Since the start of the relief plan on June 1, 1926, payments have amounted to $2,206,603.

There is talk in Wall street of a possible merger between two of the largest hotel chains in the country, the Bowman chain and the United Hotels. The Bowman hotels include the Commodore, Biltmore and Murray Hill hotels of New York. The Los Angeles Biltmore, separate from the eastern Bowman group, would not be included in the merger.

The average price of crude oil in ten producing fields declined further last week to $1.66 a barrel, says Oil, Paint and Drug Reporter. The previous week the price was $1.68 and a year ago $1.34. Gasoline at refineries decreased slightly in price but service station prices in the ten leading markets were unchanged.

UNCLE JED'S TALK TO THE WIDEAWAKES

When the wonders of the world are talked about, trees are never included, although some of them are over 2,000 years old and higher than the highest monument man has been able to build. Perhaps the most wonderful tree is the palm tree, which furnishes fuel, food and nourishment for man, besides its office of keeping the air free from poisons.

There are rubber trees and milk trees and butter trees and oil trees and soap trees and even rain and witch trees. The most curious of all these trees are perhaps the rain tree and the witch tree. The rain tree flourishes on the Cahary Islands, where no rain falls, and this tree furnishes the water for the people to drink, and its own sustenance. The leaves of this tree are long and narrow and remain green the year through. The gentle mystery of this tree, as travelers assure us, is a cloud that hovers over it constantly and, condensing into moisture, saturates the leaves, from which the moisture drops continually and keeps the cisterns which are in excavations beneath them always well filled with water. These rain trees are few on the island, which, it is said, accounts for its sparse population.

The witch tree is always light at night and can be seen a mile and more away. This tree is a species of bay, and the luminous property of its leaves parasitic. This consists of a clammy substance which in being transferred to the hand by rubbing the leaves upon it imparts to the same a phosphorescent glow.

STORIES WRITTEN BY WIDE-AWAKES

Likes Circle Letters

Dear Uncle Jed: As I was reading the Wide-Awake circle the other week I ran across a name which seemed very familiar to me. Although I often heard her say she wrote to the Wide-Awake circle, I never noticed her name for a long time. I read the Wide-Awakes every week and you may be sure I think they are the nicest stories I have ever seen written by young children. I also noticed that children from 8 years old write very interesting letters, too.

A neighbor next door gives us The Bulletin every morning and if anybody ever asked me about it I would say it is the best paper I ever read. I have lived in Norwich almost four months and can't tell you how much I like it here. The first week I came here my friends and I, who of course knew Norwich better than I did, showed me many places of interest. Excuse me for not writing, as I have been very busy with my mid-year examinations.

Soon will be Valentine day and I hope you all will receive many valentines. Happy thoughts to all.

DORIS ARNOLD, Age 14.

Believe it or Not!

Dear Uncle Jed: About two years ago we had mixed in with our 2,000 chicks a four-legged one. We found it the day they came. It was walking around just like a dog. Its legs were perfect, save one. We have never had anything like that happen before or since then. Our friend who runs a dairy farm had a two-headed calf three years ago.

Saving a Squirrel's Life

Dear Uncle Jed: I am going to tell you and the Wide-Awakes how my brother and I saved a squirrel's life.

One day my brother and I went nutting. We already had a half bag full when we saw some boys with a .22 gun chasing a squirrel. I ran after them and when I came near them they were just going to pull the trigger. I shouted "Stop!" The boy put down the gun and said: "Why did you make me miss such a good shot?" I said that "If you were the squirrel you wouldn't like me to shoot you?" He said "No." "Well, the squirrel wants to live as you do," my brother replied. So they went home with us.

George Washington

Dear Uncle Jed: I am going to tell you this story about George Washington:

George Washington was born Feb. 22, 1732, in West Moreland, Va. As a boy he was very studious and industrious. He hated anything dishonest and was much beloved by his teachers and playmates.

When a young man he became a surveyor. He served the English in the French and Indian war. He was commander-in-chief of the American forces during the Revolutionary war, and the success of that was largely due to his ability, courage and wisdom. He distinguished himself at the battle of Trenton and Princeton, where he took 300 prisoners.

He was the first president of the United States and held the office two terms. He withdrew to his beloved home at Mt. Vernon, where he spent the rest of his life. He died Dec. 14, 1799, and was buried at Mt. Vernon.

Making Valentines

Dear Uncle Jed: I have written to you and enjoy writing. I am going to tell you about making valentines.

One rainy evening when I could not go out I was thinking what I could do when an idea came to me. I called my sister and told her we ought to make valentines. She said it was a good idea. We got some colored paper and we made big hearts. Then I told my sister I was going to get all the magazines I could find. She asked me what I needed them for. I told her to wait a minute. I ran and got all the magazines that were not needed. I got two scissors and ran back to my sister. I told her that we were going to look through the magazines and see if we could find any pictures about valentines. Then we pasted the pictures in the middle of the red heart. We made the heart so that even could open it and on the inside page we wrote a little verse.

When they were finished we showed them to my mother. She said she thought they were just as good as some that are bought. We spent that evening happy by making valentines.

The Cat

Dear Uncle Jed: I am going to tell you about the cat. The wildcat is a native of North America. The real wildcat is found in wooded regions of Europe. The common house cat is not wild, but it will sometimes become wild and will go to the woods, but will not stay wild. A cat shows her love for people, but especially for their homes. If a cat is taken to a strange place it will find its way back, even if it were never on the road before. Cats like their old homes better than their new ones.

Cats like to catch mice and sometimes will wait hours patiently until a mouse appears and will play with it until the mouse is tired. He will not eat it unless he is hungry. You can teach the cat many tricks. If you put a piece of meat on the top of a door, the cat will jump for it.

Builds a Ford

Dear Uncle Jed: In this letter I am going to describe myself. I am wearinga red and black dress and a purple sweater, brown shoes and white tan stockings. I am going to write a story, too.

One day I was building a Ford. When I finished it we went for a ride. The car broke down and we were stuck in the mud. I fixed the car and rode a little more. I had two flat tires and the radiator broke and we had to walk home six miles. When we got home we were so tired that we could not move. We lay down on the bed and went to sleep. When we got up we were so weak that we fell on the floor.

Coasting.

Dear Uncle Jed: This is my first letter. Last Friday we had a snowstorm, then it rained and made a hard crust on the snow. Next day my sister and I went out sliding.

We went down the hill and slid into the brook. I went in the barn and got three boards. Then I laid them across the brook and put some snow on them. We were sliding down the hill all afternoon and had a lot of fun.

Sunday the sun melted the snow so I had to find a new place to slide and that place lasted us until Tuesday.

Cat Breaks Vase.

Dear Uncle Jed: I have a cat named Spotty. It catches lots of fat mice. We all like Spotty. It is a white cat, and we call it Spotty, because he has a black spot on its nose. It likes to play with strings and rats. We give it milk and meat and many other things to eat. It once broke a pretty flower vase and some glasses. Wasn't it a naughty cat.

Never Again!

Dear Uncle Jed: I hope you enjoy reading my composition written in school.

My mother kept warning me each morning before I went to school to watch out for the trains which passed through our little town about school time. She also tried to scare me by telling me of the results of other children's carelessness. I doubted her warnings, for other children that I knew played on the tracks and fortunately never were hurt. Just for curiosity, and in spite of my mother's words, I determined to have an experience of my own. I was stubborn and believed more in proof than other people's sayings.

The next morning on the way to school I stopped near the tracks and put my head to the rails to hear whether or not the train was coming. That's what the other "kids" told me they did. I didn't find any difference, so I sat on the tracks waiting for something to happen when suddenly I heard the train and no sooner heard the tooting when I saw smoke and then the big black engine coming around the bend. I jumped up quickly but my alertness made matters worse, for my foot was firmly stuck in between the rails where they switched the cars. The small black object grew larger and larger. I was so frightened I didn't think of yelling for help, but I had to gather my wits quickly. I pulled and tugged at my foot, but the more I pulled the tighter it stuck. At least I thought so, and every second seemed a minute to me.

What could I do even if I yelled for help? Would it be too late? I gave up all hopes when suddenly a bright idea came to me. Fortunately I had slippers on, so I quickly broke the butions off by jerking my strave off. I was a little too late, for the train brushed against me, knocking me a few feet away. I suffered a few bruises, but I will here after listen to my mother's warnings and not use the tracks as a playground. No, never again!

Enjoys Sliding

Dear Uncle Jed: I thought I would write you a letter because I enjoy reading the other Wide-Awakes' letters so much.

For two weeks we have been sliding most of the time. Our street is a good place to slide on, because there aren't many automobiles.

Yesterday I had a lot of fun. I slid standing up. My sled stopped suddenly and I finished the slide without the sled.

A Visit to Mt. Tom

Dear Uncle Jed: This is the first time I have written to you. I would like to tell you about the ride I took last fall to Mt. Tom.

We left home about 11 o'clock and stopped at Stafford Springs to eat our lunch. We went through Springfield and Holyoke and reached Mt. Tom about 3 o'clock. From the top the farms looked so tiny and pretty, just like a picture. I enjoyed the ride very much but I was very tired when I got home.

My Pet Cat

Dear Uncle Jed: I am going to write about my little pet cat. Her name is Tiny, because she is so small. Every day when my grandpa goes out to the barn she runs after him like a deer; out to the chicken coop, too. The cows don't mind Tiny, because she does not bother them.

Robert E. Lee

Dear Uncle Jed: This is the first time I have written to you. I hope you will like my story.

Robert E. Lee was born in Virginia. Though he was brought up among a great many servants, he was not spoiled. He worked and played. His teacher and playmates knew that they could trust him. When he was 18 his father died. His father was a soldier. His brothers were away and his mother was sick. Now it was his time to do his duty. He went to the storehouse and fed all the servants of the plantation. He helped his mother in every way he could.

In the Civil war he was a general. He was the greatest general the south ever had. After the war he told a woman that when her son grew up to let him be a soldier and be a true american. That is why the south celebrates his birthday.

Attends Boston Show

Dear Uncle Jed: I am writing to you to let you know that I went on a trip to Boston to the sportsmen's show and I would like to tell you what I enjoyed most. I enjoyed most the fox hunters and the Indians, but if they had Boy Scouts I would have enjoyed them most. I saw beavers, bears, deer, minks and many other things. I am a pupil of the Atawaugan school, in grade 6.

My Big Black Cat

Dear Uncle Jed: His name is Nig. He weighs 21 1-2 pounds. He sits on the doorstep and prays for the birds to come down so that he can have his meals regular. He hunts all day in the woods in back of the house and brings in baby rabbits and squirrels for his dinner.

DEATH OF STEPHEN FINN, WHO HAD REACHED AGE OF 82

(Special to The Bulletin)

JEWETT CITY, Feb. 18—Stephen Finn, 82, died at his home, 48 North Main street Monday morning. He was born in Ireland, coming to this country when a mere lad. For 35 years Mr. Finn was a respected citizen of Canterbury, where he rated among the successful farmers of the town. Sixty years ago he married a Brooklyn, Conn., girl, Miss Ellen Kinney, the ceremony being performed by Rev. Father Quinn. Since the death of his wife five years ago he has received the most devoted care from his daughter, Mrs. Owen Havey, in whose family he has lived. Mr. Finn has lived in Jewett City ten years. In his death will be marked the passing of a good citizen and an honest man.

Two daughters survive, Mrs. Havey of Jewett City and Miss Delia Finn of Hartford, a granddaughter, Mrs. George Doyle, (Irene Havey), of Plainfield, also two great grandchildren, Misses Mary Ann and Helen Josephine Doyle, of Plainfield.

MISS DEARNLEY FIGURES IN COLBY COLLEGE CARNIVAL

Friday's Boston Globe carried a five-inch double column cut of Miss Emma Dearnley, of Jewett City and Miss Martha Hardy of Brookline, Mass., as they appeared at the Glee club concert at the Winter Carnival at Colby School for Girls, New London, New Hampshire. The first annual winter carnival of the Colby school began Friday morning, with a big program of sports. Saturday morning this program was continued with races for the ski experts, snowshoers and skaters. Saturday evening, a grand banquet was held which proved the outstanding feature of the week end carnival. The banquet was followed by a concert in which the glee clubs of Colby (all girls) and the New Hampton school, (all boys), were the leading attraction. Sunday morning closed the festivities with a church service in the forenoon and a banquet at the New London Inn. There were guests from many New England college. Miss Dearnley a student at Colby, is the younger daughter of Mr. and Mrs. Royal W. Dearnley, of Jewett City.

Three harbingers of spring appeared Monday which locally are generally unfailing. A big grist of seed catalogs at the postoffice. Boys playing marbles coming home from school and two youngster spinning tops on the granolithic pavement at the park.

FORTY-TWO MEMBERSHIPS FOR HOSPITAL AUXILIARY

Probably no instance of the dependence of one locality upon the resources of another, was ever more clearly apparent, than Jewett City's continued benefits from the Backus hospital in Norwich. In local emergencies in a large number of maternity cases, and in most demands for expert surgical and hospital treatment in Jewett City the "What Shall Be Done?" finds its answer in "Backus hospital." Mrs. Arthur M. Brown, has been the efficient director of the local solicitation for memberships in the Woman's auxiliary of the Backus hospital.

Her assistants were Miss S. K. Adams, Mrs. E. A. Faust and Mrs. E. H. Hiscox. The following 42 names of Jewett City women were enrolled:

Mrs. Alice Anthony, Miss Alice A. Brown, Miss M. A. Burdick, Miss Alice Brennan, R. N., Miss Catherine Barnett, Mrs. Laura Barber, Mrs. F. D. Ballow, Mrs. Arthur M. Brown, Mrs. L. G. Buckingham, Miss Nellie Connell, Mrs. L. M. Carpenter, Mrs. P. W. Chase, Miss Alice Driscoll, R. N., Miss May Driscoll, Miss O. F. Durfey, Mrs. E. A. Faust, Miss Ellen Faust, Mrs. E. E. With the mercury reaching 56 at 2 p. m. and standing above 50 for 7 hours Monday could have well figured as a mid-April day. Some fruit growers were fearful lest the tree buds might start too much only to be nipped by a parting winter freeze.

Since the item relative to the early arrival of grackles, Mrs. Floyd Ray sends word that she believes that crow black birds have stayed all winter in the pine trees near her home. Mrs. Ray is a ken observer, and well posted on the habits and modes of living of most birds, hence is not likely, (as many do) to confound the grackle with the English starling. All winter, no matter how severe it may be, great flocks, often over 100, of starlings are to be met with almost anywhere, that may present anything (not particular) to eat, street closed this morning.

Sheep Raising Declines

One local sheep raiser said of Monday, that it was an ideal lamb day. His ewes have produced so far a dozen, with a fine pair of female twins arriving Saturday. The storms known as "lamb-killers," which often come in March were recalled, during which many new-born, and unprotected lambs perish. Forty years ago, Griswold farmers paid taxes on 500 lambs. Today there are not 50 in the whole town.

When asked for his opinion as to the falling off of sheep raising in Griswold, one man, gave as three reasons—Markets filled with dressed lambs from the commercial wholesalers, low price of fleece and the continued menace of dog ravage. In ten years Griswold paid farmers under the head of the item, "Damage to sheep by dogs," $800.

Close to 1,000 persons land and otherwise, went to the Little Brick House farm Saturday and Sunday to see the calf with two heads.

DR LAW DISCUSSED BY SENATORS REED AND BORAH

(Continued from Page One)

ling with that which was deemed to be one of the great evils of modern civilization. The object was an exalted one; the purpose embodied something of the ideal—possibly in the end it was impracticable.

"No, it was not a crime to undertake to control and bring under the direction of law and under the domination of civilization that which would undermine and destroy civilization.

"We may not have found the right remedy; I do not know. The fight against the liquor traffic is not for ten days or ten years; it is an eternal fight, and only from step to step and from progressive acts can we ultimately determine how we shall deal with it.

"But this much I will venture to say—the 18th amendment will stand in our constitution until the moral forces of the United States decide that there is something better presented to control the liquor question.

"No one need argue with me as to his right to urge the repeal; but while not committed against this change as I have stated I am committed to its enforcement in every reasonable, practical way so long as it is a part of the Constitution of the United States. That presents a question much superior to my mind to the question of wet or dry, of liquor or no liquor, important and vital as it is. The question of enforcing it while it stands, of massing and crystallizing and organizing the moral sentiment of the country and the legal forces of the country to maintain your constitution presents a question infinitely more important to me than the question of liquor or no liquor. That involves the existence of our government, the preservation of the principles upon which we build, the hope of the future."

"Law," contended Reed, "has been the instrument of tyrants and the weapon of brutes since time began. By it despots have sought to justify and cloak the villainies that have stained this earth with blood, and saturated it with tears and filled it with the groans of the dying.

"Law, what sir, is law? It is, and I speak now of proper laws, it is something that springs from custom and is adopted by general consent. But it must be more than that; it must be founded upon justice; it must express equity and right; it must be humane in its operations. It must be something that commends itself to the spirit to be a proper law, the soul of mankind. An improper law, an unjust law, a cruel law must be as much crime as the act of an individual who assassinates in the dark.

"Law, it is urged that we may pass any kind of law. Such was not the theory of the founders of this republic.

"They declared that all just laws derive their power from the consent of the governed. They declared against cruel and unusual penalties; they set down civil authority of government itself. They created checks and balances in order to preserve the natural liberties of man.

"They asserted as they unfurled the battle flags of the Revolution, that all men were entitled to life, liberty and the pursuit of happiness, and that all just governments were established to preserve these inalienable rights.

"Law! Some people seem to think that if you can have a legislative body pass an atrocious law and fix a cruel punishment that that is the end of the matter and that it is perfectly proper to enact such a law if you can gather the votes to pass it. Why, sirs, the Saviour of mankind was crucified according to the Roman law and according to the Jewish law.

"I repeat now what I think I once before said in this presence, that the wretches who led Him to Calvary, who drove the nails into His feet and His hands, were as much criminals as though they had done it in the dark and by sheer violence and without the form of law. Joan of Arc was burned at the stake in strict accordance with the thing that was then called law.

"Let no man say because I have thus spoken that I am declaring we should defy this law. I do not so declare, because we have the power of kings and having the power of kings and knowing full well that general defiance of the law would undermine the very structure of our government it is our business to proceed in the right way to remedy whatever wrongs exist, and the right way is to repeal bad laws and to change bad conditions.

"I have been speaking upon the theory that this is a bad law; that it is a destructive law, and I now urge that it has introduced corrupting agencies and debased morals into the political life of our country."

SENATOR BORAH QUOTES ARCHIBALD T. STEVENSON

(Special to The Bulletin)

WASHINGTON, Feb. 18—Connecticut would get the first penalty under the Jones amendment if Senator Borah's advice is followed. In a brilliant speech this afternoon Borah quoted from a book published by Archibald T. Stevenson of Connecticut, a lawyer, in which Stevenson said the 18th amendment is unconstitutional and therefore "is not binding on a state or its citizens." Senator Borah denounced as "treasonable" such effort to induce the American people to disregard the Constitution of the United States even if they did not endorse the amendment. In an impassioned tone Borah said, referring to Stevenson, "If I were going to reach out and get a man who ought to have the five years imprisonment and the $10,000 fine (as under the Jones amendment) he is the first gentleman I would hunt for," adding, "Stevenson had abused the right of free speech." Mr. Borah did not claim the 18th amendment must be approved by everyone but that urging it should be disregarded as a part of the constitution was treason.

EXACTLY SUITS ELDERLY PERSONS
Teasing, harassing coughs, tickling in the throat, and exhausting, nervous racking are immediately relieved by Foley's Honey and Tar Compound. Hold the dose low in the throat a short time before swallowing. Its accurate blend of pure pine tar, fresh laxative honey, together with other valuable medicinal ingredients is wonderfully healing to cold-inflamed tissues of throat and bronchials, and easily clears away irritating phlegm. No opiates, no chloroform. Try it. Sold everywhere. feb19

How I stop colds quick

"I'm not a movie-star or a radio soprano. And I wouldn't recognize a cold germ if I met one. I am just an everyday sort of girl, more like the millions of people who read the newspapers than most of the famous folks whose pictures appear in the ads.

"Because so many of my friends recommended it, I now carry the handy white box of GROVE'S BROMO QUININE in my purse. I use it for headaches. I take it for colds. And it's a mighty good laxative besides.

"As soon as I get one of those uneasy, achy feelings, or my head is stopped-up, I don't wait. Promptly, *I take care of myself* with GROVE'S BROMO QUININE. And it works." . . . Outselling all others, this is the world's leading cold remedy. Get it, by emphasizing GROVE'S, when asking for GROVE'S BROMO QUININE. Price 30c.

Discouragement turns to joy
when complexion is cleared

Weldwick, N.J.—"My skin was muddy looking and blackheads clogged the pores. I was so discouraged after using various salves without success, that when I saw Resinol Soap and Ointment advertised I decided to try them, but, I hadn't much hope. I followed instructions carefully, however, and in two weeks' time my complexion was perfectly clear."—
(Signed) Marie De Paura.

When the skin has been cleared of blotches, etc., it can usually be kept that way by the daily use of Resinol Soap. Resinol Ointment for eczema, relieves the itching at once. *At all druggists.*

STATE OF CONNECTICUT, COUNTY of Windham, ss. Putnam, Feb. 15, 1929.

Delor Parker vs. Adelard J. Mondor, et al.

Upon the complaint of the said Delor Parker praying for reasons therein set forth, a foreclosure of mortgage, returnable on the first Tuesday of March, 1929, before the Superior Court for Windham County.

It appearing to and being found by the subscribing authority that Levi Mondor, late of Killingly, in said County, at the time of his decease was the owner of a mortgage upon the premises described in said complaint, and that the widow and heirs, and representatives and creditors of said Levi Mondor are unknown to the plaintiff.

Therefore, ORDERED, That notice of the pendency of said complaint be given said widow and heirs, and representatives and creditors of said Levi Mondor, deceased, by publishing this order in The Norwich Bulletin, a newspaper having a circulation in said Killingly, once each week for two successive weeks commencing on or before the 20th day of February, 1929.

LEGAL NOTICE

STATE OF CONNECTICUT
Office of Commissioner on Domestic Animals—State Capitol Annex, Hartford, Connecticut

RULES AND REGULATIONS CONCERNING DOGS IN THE CITY AND TOWN OF PUTNAM; TOWNS OF BROOKLYN AND KILLINGLY AND THE BOROUGH OF DANIELSON.

Whereas, a rabid dog has recently run at large in the city and town of Putnam, towns of Brooklyn and Killingly and the borough of Danielson, thereby exposing persons, dogs and other domestic animals to the infectious disease known as Rabies, now,

Therefore, the Commissioner on Domestic Animals, deeming it reasonable and necessary for the security of the inhabitants and their property and to prevent the spread of said disease and at the request of the Health Officers of these various towns, in pursuance of the authority given under Chapter 269, Public Acts of 1925, hereby makes and promulgates the following rules and regulations for confining, controlling, vaccinating and destroying dogs and other animals in the city and town of Putnam, towns of Brooklyn and Killingly and the borough of Danielson.

Sec. 1. All dogs or other animals in said towns and said city and borough known to have been bitten by a rabid dog or other animal shall forthwith be mercifully killed by the dog warden of the town unless the dog so bitten has received, 21 days prior to the time of the biting or inoculation by a rabid animal, a vaccination treatment known as the anti-rabies vaccination, which treatment must have been applied by a registered veterinarian who shall furnish the Commissioner on Domestic Animals and the dog warden of the town a certificate to the effect, giving date of application of treatment, the method used, and the name of the manufacturer of the biological product so used; or unless a dog which has been bitten by a rabid dog shall have received within three days from the time of biting or inoculation, the first injection of the treatment known as the anti-rabies treatment for anti-rabies treatment for animals, such animal being held in quarantine while under this treatment and until released in writing by the Commissioner on Domestic Animals or his agent.

Sec. 2. All dogs in said towns and said city and borough known to have been in contact with a rabid dog but not positively known to have been bitten by said rabid dog, and all dogs showing symptoms of rabies shall be quarantined in close confinement to the exceptance of the dog warden and the special deputy, until released by the Commissioner on Domestic Animals or his special deputy.

Sec. 3. All dogs in said towns and said city and borough shall be quarantined in close confinement or securely chained on the premises of the owner or keeper and no dog shall be allowed to go at large from and after the date these rules shall go into effect until the same are rescinded EXCEPT:

(a) Dogs being led or held on leashes of not more than five feet in length in the hand of the owner, keeper or attendant provided such owner, keeper or attendant is of responsible age.

(b) Hunting dogs while actually engaged in hunting game accompanied by a licensed hunter.

(c) Sheep and cattle dogs while actually engaged in driving and tending sheep or cattle and accompanied by and in control of the owner, keeper or herdsman.

(d) Any dog, twenty-one days after anti-rabies vaccination has been applied by a licensed veterinarian, provided a special metal tag inscribed "Vaccinated" and serially numbered as provided by said veterinarian has been attached to collar, and certificate stating name and address of owner and date of vaccination has been filed with the Commissioner on Domestic Animals and the dog warden of the town. Veterinarians shall keep a record of all vaccinations subject at all times to inspection of the Commissioner, agent, deputies or dog warden of the town.

Sec. 4. No dog shall be shipped, taken or removed out of said towns and said city and borough except as provided by Paragraph D of Section 3.

Sec. 5. The dog warden or any constable or police officer having jurisdiction in said towns or said city or borough shall humanely kill all stray dogs which they may find at large without collar and license tag attached. Said dog warden shall capture and take into his custody every dog in said towns and said city and borough found with collar and license tag attached NOT confined and controlled agreeable to the foregoing, except as provided by Section 1 and 3 of this quarantine, and shall impound and hold such dog seventy-two hours and kill the same if unclaimed as is provided by law.

Sec. 6. These rules and regulations shall take effect at 7 o'clock, Eastern Standard Time, in the forenoon, the 25th day of February, 1929.

PENALTY

Section 22, Chapter 269, Public Acts of 1925: "Each person owning, keeping or harboring a dog, who shall violate any provision of this act for which no other penalty is provided or any rule legally made and published, for restraining or destroying dogs, shall be fined not more than twenty-five dollars or imprisoned not more than thirty days or both."

JAMES M. WHITTLESEY,
Commissioner on Domestic Animals.
Dated at Hartford, Connecticut, this 18th day of February, 1929. 3t feb18

AT A COURT OF PROBATE HELD at Norwich, within and for the District of Norwich, on the 18th day of February, A. D. 1929.

Present, NELSON J. AYLING, Judge.

Estate of George A. Sydleman, late of Norwich, in said District, deceased.

The Executors exhibited their administration account with said estate to the Court for allowance; it is therefore

Ordered, That the 21st day of February, A. D. 1929, at 10 o'clock in the forenoon, at the Probate Court Room in the City of Norwich, in said District, be, and the same is, appointed for hearing the same, and the said executors are directed to give notice thereof by publishing this order once in some newspaper having a circulation in said District at least two days prior to the date of said hearing, and make return to the Court.

PLANT QUARANTINES

Quarantine on Satin Moth, and Revision of Quarantines on account of Gipsy Moth, Japanese Beetle, Asiatic Beetle and European Corn Borer.

State of Connecticut
The Agricultural Experiment Station
New Haven, Conn.
February 18, 1929.

It having been determined that certain insect pests designated below, have spread to such an extent in Connecticut as to warrant the establishment, extension or revision of quarantine restrictions and regulations in accordance with Federal action, the following plan is proposed:

Gipsy Moth: That the 31 towns of Barkhamsted (Litchfield County), Bloomfield, Canton, East Granby, Glastonbury, Granby, Hartford, Harwinton, Simsbury, Suffield, Wethersfield, Windsor and Windsor Locks (Hartford County), Andover, Columbia and Hebron (Tolland County), Bozrah, Colchester, Franklin, Griswold, Groton, Lebanon, Ledyard, Lisbon, New London, North Stonington, Norwich, Preston, Sprague, Stonington and Voluntown (New London County), now in the lightly infested area be included in the generally infested area.

Satin Moth: That all of the towns east of the Connecticut River and the towns of Hartford and Suffield, west of the Connecticut River be placed under quarantine.

Japanese Beetle: That the restricted area in Fairfield County be extended to include the following 11 towns in New Haven County: Ansonia, Derby, East Haven, Hamden, Milford, New Haven, North Haven, Orange, Seymour, West Haven and Woodbridge; that a small section of the City of Hartford lying between Farmington Avenue, Sigourney Street, Walnut Street, Sargeant Street and Sigourney Street be quarantined; that a small section of the City of New London lying between Huntington, Bristol, Williams, Hempstead, Frank and Cottage Streets be quarantined.

Asiatic Beetle: That the towns of New Haven and West Haven be placed under quarantine, with the following areas described below as restricted areas within these towns New Haven: Same as present area, bounded by Whalley Avenue, Blake Street, Moreland Road, Ellsworth Avenue, Derby Avenue, Boulevard, Oak Street, Forest Road to Fleming Street, then from a point 400 feet of Forest road in a straight line to the junction of West Prospect Street and Whalley Avenue, lying partly within the town of New Haven and partly in West Haven; the area between Campbell Avenue and the New Haven Harbor, between Center and Brown Streets in West Haven.

European Corn Borer: That the quarantine be extended to include the following 29 additional towns: Suffield (Hartford County), Clinton, East Haddam, Essex, Old Saybrook, Saybrook, and Westbrook (Middlesex County), Bozrah, Franklin, Griswold, Ledyard, Lisbon, Lyme, Montville, Norwich, North Stonington, Old Lyme, Preston, Salem, Sprague and Voluntown (New London County), Canterbury, Killingly, Plainfield, Putnam, Scotland, Sterling, Thompson and Windham (Windham County).

Notice is hereby given that a public hearing will be held in the Assembly Room, Agricultural Experiment Station, 125 Huntington Street, New Haven, on Monday, February 25, at 10 o'clock a. m., in order that any one interested in any or all of the proposed restrictive measures may appear and be heard either in person or by attorney.

LYCEUM THEATER BLAZE, NEW LONDON, RESULTS WHEN ROOF TAR IGNITES

(Special to The Bulletin)

NEW LONDON, Feb. 18—The Lyceum theatre, Washington street, was threatened with serious damage this afternoon when a lively blaze was created by workmen engaged in making repairs to the roof. The damage, however, will not exceed $100. The men were in a room in the upper section of the theatre and on the north side, preparing liquid tar for application on the roof, when the inflammable material became ablaze. Fearing that the fire would ignite the flimsy woodwork, an alarm was sent in from Box 31, opposite the playhouse. Chief Thomas Shipman, with four hose and engine companies and the Konomoc aerial ladder responded. The blaze was extinguished with the liberal application of chemicals.

IN FREEING ANCHOR LINE ANDREW LURCHED OVERBOARD

(Special to The Bulletin)

NEW LONDON, Feb. 18—Results of an investigation into the death of Frank Andrew, of 116 Howard street, who was missing when the fishing smack in which he had started from Block Island to this city was found by the coast guard, show that he apparently fell overboard while attempting to free the propeller from the anchor line of his craft. When officials of the coast guard examined the boat it was found that the anchor line had fouled the propeller. This discovery leads to the belief that somewhere, while en route here, Andrew attempted to free the line and in doing so lurched overboard. While a good swimmer, it is doubtful if he could again reach the boat. He was weighted down with heavy clothing and the water was very cold. Andrew, who was 22, was one of the best known fishermen around local waters. He is survived by two sisters, Misses Mary and Mamie Andrew, who live in Provincetown, Mass.

Park Slate of Waterford, Ellen Holloway, Poquonoc Bridge and Mrs. Hilton Carlson and infant daughter, patients at Lawrence-Memorial hospital were discharged today.

FUNERALS.

Mrs. Edwin E. Parke.

The funeral of Mrs. Fannie M. Parke, widow of Edwin E. Parke, was held Sunday afternoon at 2.30 at her residence, 34 Jay street, and was attended by a large gathering of mourners. The services were conducted by Rev. George R. Atha, pastor of Groton Heights Baptist church. The bearers were Charles C. Perkins, Kilton M. Baker, Leonard Dunn, Charles Marquardt, Henry L. Bailey and Ralph Maynard. Burial was in Groton cemetery.

Miss Ellen E. Coffey.

The funeral of Miss Ellen E. Coffey was held this morning at 9 o'clock at St. Mary's Star of the Sea church, the high mass of requiem being sung by Rev. George Clark. As a waiting hymn Miss Julia Murphy sang Nearer My God to Thee. The bearers were John Sullivan, George McCaskey, Michael Dorsey, Edward Riordan, Louis Wheeler and Harry Watterson, all members of the New London police department.

Francis P. D'Avignon.

The funeral of Francis P. D'Avignon, of 27 Howard street, was held this morning at 10 o'clock at St. Mary's Star of the Sea church and was attended by a large assemblage of mourners. In the solemn mass of requiem Rev. Raymond J. O'Callahan was celebrant, with Rev. Michael Reagan deacon and Rev. George Clark sub-deacon. The bearers were Martin Ganey, Charles J. Ducy, Fred Chalfor, John Caird, Charles Luby and Williams Calkins. Burlay was in St. Mary's cemetery.

Patients dismissed today from Home Memorial hospital were Frank Stevens of New Britain and George Hinkley of Waterford.

Thomas M. Ganey of 88 Williams street today begins his duties as attendance officer of the public schools, to which he was recently elected.

Burt Taylor of Noank is a patient in Lawrence Memorial hospital as the result of injuries received yesterday afternoon when the bicycle he was riding was struck by an auto on the Boston Post road, in Stonington. He was hurled from the machine and at first it was thought he was seriously injured.

Trooper John H. Smith of Groton barracks had a narrow escape from serious injury yesterday morning when the auto he was driving was struck by one operated by John Rayhard, submarine base sailor. The accident occurred on the Boston Post road in Waterford. Rayhard was intoxicated and was arrested.

Fire apparently caused by a lighted cigarette broke out yesterday afternoon in the brush on the land near Thames shipyard, owned by Connecticut college and before it was extinguished burned over a large area. Local fire companies were called out and fought the flames for more than two hours before they were under control.

SAMUEL GOLDBERG, NORWICH, LEASES STORE AT $6,000

(Special to The Bulletin)

NEW LONDON, Feb. 18—Samuel Goldberg, Norwich, who recently acquired title in the three story business block, 58 State street, owned by James T. Sexton, has leased the ground floor of the building to stores from New Rochelle, N. Y. The lease is for 10 years and dates from March 15, 1929. The annual rental to the stores is $6,000. The store will deal exclusively in infants' apparel. The lease was filed for record today at the office of the city clerk.

HAROLD E. CARPENTER REGAINS CONSCIOUSNESS

(Special to The Bulletin.

NEW LONDON, Feb. 18—Harold E. Carpenter, 302 Washington street, Norwich, found unconscious in his Cadillac automobile Sunday morning after the auto had crashed against a tree on Williams street, near the city line, is much improved today at Lawrence-Memorial hospital. Carpenter returned to consciousness early today after having been senseless for nearly 20 hours. It was at first believed that the young man had sustained a fractured skull.

OBITUARY

Mrs. Alice E. Clough

Mrs. Alice E. Clough, 41, wife of Chester I. Clough, died early today at Home Memorial hospital, where she had been a patient but a short time. Mrs. Clough had been employed in the family of Louis Schwartz on Perry street. She was born in Hazardville Conn., the daughter of John and Sophia Beech Abbe. Besides her husband she leaves several other relatives. Mr. and Mrs. Clough lived for a time in Norwich.

Mrs. Isabelle C. Grant

Mrs. Isabelle C. Grant, 84, of Ledyard street, died this morning from general debility. She was born in Stonington and for some time was a resident of Mystic. She is survived by a sister in New York and two nieces in Providence.

Owing to the fact that a reorganization of the company is taking place the Cutlers Stores Inc., at 234 State street closed this morning.

Robert Tetreault has purchased two building lots on Vauxhall street. One tract was purchased from Margaret W Mahan and the other was purchased from Samuel Gruskin.

Carlo DeBarbieri has leased a portion of the building, corner of Bentley avenue and the approach to the Boardwalk, Ocean Beach, to Athan Tamvakes. The lease is for five years, dating from Feb. 1, 1929 and the annual rental will be $4,400. Tamvakes plans to conduct a restaurant on the premises.

Frank O. Bailey, of Waterford, Sunday night reported to the police that his Buick automobile, which he had parked in the public parking space rear of the First Baptist church, had been stolen. An hour afterwards the auto was found by Patrolman Frank Philopena, abandoned on Potter street. It is believed that the auto was taken by joy riders and then left in the highway where they realized that it would be found and returned to the owner.

James J. Hill, Jr., 33, of 183 Mason Terrace, Brookline, Mass., was in the police court this morning charged with driving while under the influence of liquor. A friend, James Fitzgerald, a salesman, also of Brookline, who was with Hill, was charged with intoxication. The complaint against Hill was amended to reckless driving and he was fined $50 and costs. The charge against Fitzgerald was nolled. Hill and Fitzgerald were arrested at 3 o'clock Sunday morning by State Police Officer John Smith when the officer observed the strange manner that the automobile was being driven on Bank street. After chasing the fleeing auto, it was overtaken on Shaw street. Hill claims to be a broker.

The Connecticut Power company has taken options on two building lots on the former Schwaner park plat, off Ocean avenue. Each option will expire March 1, 1929, and the purchase price of each lot is $575. One of the lots is owned by Edward McCabe and is on Henry street. The other lot is owned by James Fowler and adjoins the McCabe property.

Alfred D. Forbes, commissioner of the superior court, has sold a house and lot on Linden street to Margaret Ducy. The lot was ordered sold by the superior court recently in a foreclosure suit brought against the owners, Fannie R. Yodice and James B. Pelton and others.

Francis Cables, 11 Starr street and Arthur M. Armstrong, 100 Grant avenue, Medford, Mass., were charged with reckless driving and the case was continued until the 19th inst. The automobiles driven by Cables and Armstrong collided Sunday at the corner of Montauk avenue and Linden street and when each driver blamed the other for the crash, both were arrested by Patrolman George Cockell.

Daniel J. Reddy, 32 Golden street, a cook, was charged with breach of the peace and intoxication. He was sentenced to 10 days in jail, but execution of the sentence was suspended. Reddy was arrested Saturday night by Patrolman Frank Philopena upon complaint of Herman Soltz, who alleged that Reddy had assaulted him.

Leonard Williams, Waterford, was charged with violation of the automobile law in driving without having registration in his possession. He was fined $3. Williams was driving his truck on Bank street this forenoon when it struck Adeline Mather, 87, of 571 Bank street. The child was knocked down and her injuries consisting of bruises and contusions were dressed at the office of a physician. When the police investigated the accident it developed that Williams did not have his registration with him.

A fellow who has been before the court many times, charged with intoxication, was there again today for the same offense, having been arrested on Potter street Sunday night. Today he was sentenced to 30 days in jail, but execution of the sentence was suspended. Another drunk, a fisherman, was discharged that he might return to his employment.

W. L. Brown, Hempstead street, Samuel Wolf, 55 Linden street, and Emilio Leandri, 26 Starr street, were charged with violation of the city's parking laws and as each failed to present himself in court, the respective bonds of the drivers, $2, were declared forfeited.

GROTON TOWN COURT DEALS WITH LAW VIOLATORS

(Special to The Bulletin)

NEW LONDON, Feb. 18—In Groton town court this morning Samuel F. Mitchell of Poquonoc Bridge was fined $38.55 as a result of his driving an automobile improperly registered and without a driver's license.

Walter L. Hale of Meridian street extension this town was fined $25.55 in the Groton court this morning. He was found guilty on a charge of reckless driving, but owing to the fact he has a wife and six small children the court showed leniency.

Henry D. Ferguson of the coast guard was fined $100 and costs in the Groton court when found guilty of driving a car while intoxicated.

Ground was broken today for the new garage of the Hire and Drive It Inc., which is to be built on the lot at 595 Bank street.

A meeting of the creditors of the bankrupt estate of Solomon Rausch who ran a meat and grocery store on Bank street, is to be held next Monday. It was to have been held today but the absence of most of the creditors necessitated a postponement.

COUNCIL HEARS GRIEVANCE OF GROTON FERRY LESSEES

(Special to The Bulletin)

NEW LONDON, Feb. 18—The city council held a meeting of over an hour and a half this evening. Messrs. Crimdall and Sheehan, lessees of the Groton ferry, asked for the privilege of changing the schedule of trips, claiming that they were losing money by their operation of the boat. They asked to make a later first trip in the morning and an earlier last trip at night; the last trip to be made at 9.35 and Sunday trips to be abandoned. They claimed that they are losing $10 a day. They want to start the first trip at 8:30 from the Groton side and 8:45 from the New London, claiming it would save seven hours labor a day and five tons of coal a day. They promised to return to the old schedule if conditions warrant it. Selectman Whaley and George R. Hempstead, of Groton, suggested that the ferry should be run on fewer trips and thus save something for the lessees. It was decided to refer the matter to the committee of public works and give the people of Groton and New London an opportunity to be heard. A meeting will be held Monday evening next.

It was voted to purchase a Remington and Rand bookkeeping outfit and equipment for the tax collector's office at about $2,000. It is claimed this outfit is up-to-date and that it would be a saving in clerical work, perhaps reducing the expenses of the office in that way.

Bids for printing the voting lists and voters' books at an estimated cost of $455 were received.

Councilor Fox stated that bills before the legislature would fix the salary of the assistant judge of the police court at $1,500. He said he withdrew a bill he had presented, placing the assistant prosecuting attorney under salary, concluding that he would be employed only about two weeks in the year and he didn't think he should be paid $700 or $1,000 for that work.

Councilor May announced the reception of a letter from Senator Hiram Bingham in which he said the secretary of the navy had promised due consideration to the appeal of New London for the naming of one of the cruisers for this city. The cruiser to be so named is Cruiser No. 28 of the type of the Raleigh.

The city manager reported on the proposed widening of Main street to a width of 35 feet and contemplating double tracking of the trolley road in that street. Plans were cut up into three sections, using different materials, the cost being from $77,000 to $99,000. The report was referred to the committees on finance and public works.

A petition came from 27 interested parties on Main street, but it was presented after the matter had been disposed of. Councilor Fox said he would rather consider the building of an overhead bridge from Huntington street to Crystal avenue. This was in contemplation of spending so much money on Main street. City Manager Holt said he had understood that the state was not just satisfied with the location of the bridge across the river and that it might be changed.

It was voted to widen and extend Harris court to Montauk avenue, at an estimated cost of $8,582. The benefits and damages to property owners will be about equal.

Notice was given of a suit against the city growing out of the taking of the little red schoolhouse on Montauk avenue. Relief was asked for the trustees of that school, which was found in 1850. It was used for school and religious purposes for a number of years. That matter was referred to the director of law.

The board of school visitors asked for an increase in the salary of the school health officer to not less than $4,000 a year. Referred to the budget committee.

Councilor Whiton said that a letter he had received from B. L. Armstrong of St. Petersburg, Fla., asked for relief from a sewer assessment on Grenada terrace. Referred to the committee on finance.

The council voted $250 to Perkins post, G. A. R., for entertainment of the delegates to the national encampment next month. The appropriation will be provided by transferring that amount from the public entertainment fund.

Councilor May called attention to the delapitated condition of the fence at the New Haven railroad property on Main street, also to the condition of the carbarn on Montauk avenue as being an eyesore. He asked that the city manager call these matters to the attention of the two corporations and asked that they be improved.

The chamber of commerce presented a petition asking for a referendum vote on the taking of land given the city for park purposes on Ocean avenue. Councilor May pointed out that such action was illegal as a referendum vote could only be taken after a matter had been referred to the council and by that body rejected. He was sustained by the council and the petition was placed on file.

The establishment of a small claims court was broached in the council, but the sentiment was against it and no action was taken.

Seven building applications were granted.

Herbert P. Clark, employed by the Westerly Sun, came to New London this afternoon and took charge of a Dodge automobile owned by the Westerly newspaper, which was stolen there Sunday night by three youths. The thieves were detected driving through Main street by Acting Sergeant Ray, who gave chase in the police auto, but on Hill street, the thieves abandoned the car and allowed it to descend the grade and collide with the approaching police car. The thieves escaped. Officer Ray sustained a slight cut on the head when the two automobiles crashed.

An automobile owned by Arthur Manderville, of Ocean avenue, was stolen tonight and the police of the surrounding cities have been requested to make a search for it. The car, a Dodge, 1925 model, was parked on Jefferson avenue, near Grand street by Manderville and while he was absent the car was stolen.

MSGR. M. H. MAY, NORWICH, READS COMMITTAL PRAYERS

The funeral of Mrs. Anastasia M. Corcoran, widow of William J. Corcoran, of 47 Lincoln avenue, was held this morning at 11 o'clock at St. Mary's Star of the Sea church and was attended by many relatives and friends. The high mass of requiem was sung by Rev. Michael Reagan. The bearers were William Gleason, Edward Murray, James Murray, William J. Corcoran, Robert Dray and Charles Stanford. Burial was in the family plot in St. Mary's cemetery, where Monsignor Michael H. May, of Norwich, a nephew of Mrs. Corcoran, conducted the committal service.

Mrs. Onufrun Uhrun.

Funeral services for Mrs. Katie Uhrun, wife of Onufrun Uhrun, were held this afternoon at 2 o'clock at her home, Quaker Hill, Waterford. Burial was in Jordan cemetery.

Miss Anna Hempstead Branch of this city will broadcast over WOR tomorrow night at the opening of the week's radio activities of New York university. Miss Hempstead has won a wide reputation as a poet.

Miss Emily Sophie Brown of Naugatuck, the first county commissioner to be elected in this state, will be the principal speaker at a meeting of the New London County League of Women Voters at the Groton Heights Baptist church Wednesday afternoon.

Catholic Girl Scouts

At the headquarters of the Diocesan Bureau of Social Service Saturday afternoon, Troop No. 10 Girl Scouts was organized, with four patrols in the new unit. Miss Delia Moroney will act as captain for the present and the following were appointed patrol leaders: Mary Luby, Elizabeth Kiely and Mary Corrigan. The girls were addressed by Mrs. Fred Langdon, scout commissioner.

Silver Wedding Surprise

Friends of Mr. and Mrs. John W Cochrane of 266 Broad street surprised them Sunday night on their 25th wedding anniversary. A supper was a feature of the celebration. A handsome silver console set was presented Mr and Mrs. Cochrane.

Engagement Announced

Mr. and Mrs. Alfred N. Farnham of 63 Montauk avenue announced the engagement of their daughter, Ellen Bernice to John Edward Jarvis, of Ansonia, at a party Saturday night. The evening was spent in playing bridge. Prizes were won by Margaret M. Murphy, Bernard Farnham, Helen Eastland, James Martin, Mrs. Joseph Congdon, Mr. and Mrs. Edward Burns and Oliver Woodworth.

Members of the Saturday club were entertained by Mrs. Carroll C. Hubbard of 259 Hempstead street. Twenty-three members were present.

Three departments of the First Baptist church held Valentine parties in the Sunday school rooms Saturday. Mrs. Frederick Stimson was in general charge of the affairs. After the playing of games refreshments were served by Mrs. Carl Finch, Mrs. George Eddy, Mrs. Herbert S. Malcolm, and Mrs. Edwin E. Wheeler.

Mrs. Dora Liberman, of Terrace boulevard gave a party Saturday afternoon for her daughter Dorothy on her ninth birthday.

TUSKEGEE JUBILEE SINGERS HERE THURSDAY EVENING

The Tuskegee Institute Jubilee Singers from Booker Washington's famous Alabama school will appear in the Central Baptist church Thursday evening. The program will feature Negro spirituals and will include such numbers as "Steal Away to Jesus"; "Go Down, Moses"; "Deep River"; and "Going Home", the Negro spiritual which is based upon Dvorak's famous Russian symphony.

Rev. David A. Pitt, D. D., pastor of the Central Baptist church, is starting his Lenten services and he feels that it will be fitting to begin the series of meetings with music by the famous Tuskegee Singers. These singers enjoy a national reputation.

Tuskegee Institute is located at Tuskegee, Alabama, and was founded by the late Booker T. Washington. It has an enrollment of 1,600 students and employs 260 Negro teachers. It seeks to provide an opportunity to young Negroes for training as teachers, skilled workers and practical farmers.

The Tuskegee singers are now making a tour of the east in the interest of Tuskegee's work, its aims and its needs. Admission to the Tuskegee concert is free. Rev. Dr. Pitt will preside and introduce the Tuskegee singers.

GREENEVILLE

FUNERALS.

Walter H. Patterson.

With a large attendance of relatives and friends including mourners from Boston, New London, Amherst, Mass., and other plaies the funeral of Walter H. Patterson, who died at Boston Wednesday, was held at the undertaking parlors at 9 o'clock Saturday morning. At the requiem mass at 9.45 o'clock at St. Mary's memorial church Rev. William A. Keefe was celebrant, and the music was in charge of Mrs. M. J. Farrell. Pie Jesu was sung by Miss Hartie at the offertory and When Evening Comes as a waiting hymn. Chopin's Funeral March was played by Mrs. Farrell at the recessional.

Burial was in St. Mary's cemetery and the committal service was conducted by Rev. Frederick M. Coholan. The bearers were Michael Connell, John C. Corcoran, William Carroll, David Carroll and William LaRochelle, all of this city and Michael Carver of New London. There were many beautiful floral tributes.

The regular monthly meeting of the Community Workers of Greeneville was held at the home of Mrs. John McNeely of Boswell avenue, on Thursday afternoon. All but two of the members were present and the president, Mrs. Charles F. Sears, had charge of the meeting. After a short business session a social time was enjoyed by the ladies. The work committee reported several quilts pieced and nine tied since last September.

At the close of the afternoon a delightful valentine luncheon was served by the hosess who was assisted by Mrs. Frank Quinley and also Mrs. Chas. Levitsky who poured. The dining room and table were prettily decorated pertaining to St. Valentine, and each lady received a valentine favor. The Workers presented their president with a special valentine gift in appreciation of her untiring efforts to make the Workers a worthwhile society. The March meeting will be held with Mrs. John MacDougall of River avenue.

DR. HUGH B. CAMPBELL TO HEAD CHAMBER OF COMMERCE CAMPAIGN

Dr. Hugh B. Campbell, superintendent of Uncas-on-Thames, has accepted the general chairmanship of the Norwich chamber of commerce expansion campaign, it was announced Monday evening by Joseph C. Worth, president of the chamber. Frank R. Murdy, superintendent of the Metropolitan Life Insurance company, has taken the appointment as commanding ace of the large team organization, and F. Russell Smith, president and manager of the Troy laundry, has accepted the chairmanship of the activities fund committee.

This movement, preliminary preparation for which has been under way at the chamber offices for the past week, will cover the period of the next three weeks and is for the purpose of placing the organization behind a greatly expanded programme with an enlarged membership and budget. The program includes such major items as a modern airport for Norwich, a plan for industrial development, a manufacturers' cooperative committee, conventions and community publicity, tourist trade, wholesale trade expansion, retail trade survey, and more extensive cultivation of Norwich's trading territory.

After a thorough analysis, the directors of the chamber have announced a minimum annual budget of $20,000 will be needed to adequately finance the work of the organization. This budget will be financed through individual memberships at $25 each, and subscriptions to an activities fund by the larger interests in the community.

Plural membership subscriptions will be eliminated and the activities fund set up to take their place.

Mr. Murdy will immediately appoint the leaders of his divisions of the team organization. A campaign executive committee is being formed by Dr. Campbell to serve with him in directing the policies of the movement. Mr. Smith will be ready to announce the members of his activities fund committee within the next day or two.

In accepting the position as chairman, Dr. Campbell said, "I am very busy with the affairs of my institution, but I have the feeling that it is the duty of business and professional men to give some of their time and their effort to community movements like the present one.

"A chamber of commerce is necessary to the discovery and the carrying through of community needs and programs. It is hard to think of a progressive city without one. It is a means ready at hand, a machine already set up, for the doing of many things that can be done in no other way.

"Indeed, it is the only agency I know about for the promotion of community interest in a city wide way. It is free from political or sectarian bias, it is unselfish and tireless in the carrying on of civic affairs.

"The programme to the carrying through of which the present expansion movement is directed, is practical, workable and must meet the approval of the thinking and progressive citizen. I think it is of sufficient weight to demand the effort, for at least a little while, of people who believe in their city and its future."

"It is my notion," said Mr. Smith in a statement Monday relative to his work on the expansion campaign, that we of Norwich have tried to run a high class chamber of commerce on a tramp's income.

"We don't expect to get $12 pair of shoes for two sixty-five, but we expect a result getting civic-commercial organization to operate on an income that will get by on postage stamps and a stenographer's wages.

"One of the things that appeals to me in the present expansion campaign is that we are now talking in figures of such a size as to give us confidence that our chamber of commerce will be actually able to give us even a much finer service than it has already.

"I also believe that a man's faith in the future of his community, and his own future in his community is measured by the time and money he invests in a civic body like the chamber of commerce. If this organization is backed up with sufficient man power and money power, it can produce results in Norwich as tangible as those produced in other cities by like bodies.

"There is a tremendous competition constantly going on among American cities for commercial and industrial advantage, and the community that is content to sit by and let things drift, will usually end by seeing things all drift by it.

"A man can't succeed by wishing and hoping. He gets on by planning and sweating, and a city is only a collection of men. So I think the same thing applies to that."

WASHINGTON'S PRAYER GIVEN TO SAM'L HUNTINGTON SCHOOL

Of special interest at the present time is a recent gift from the Wednesday Afternoon club to the Samuel Huntington school at Norwich Town. It is an illuminated copy of Washington's Prayer at Valley Forge, as follows: Washington's Prayer for America—Almighty God: We make our earnest prayer that Thou wilt keep the United States in Thy holy protection; that Thou wilt incline the hearts of the citizens to cultivate a spirit of subordination and obedience to government; and entertain a brotherly affection and love for one another and for their fellow citizens of the United States at large.

And finally that Thou wilt most graciously be pleased to dispose us all to do justice, to love mercy, and to demean ourselves with that charity, humility and pacific temper of mind which were the characteristics of the Divine Author of our blessed religion, and without a humble imitation of whose example in these things we can never hope to be a happy nation. Grant our supplication, we beseech Thee, through Jesus Christ our Lord. Amen.

W. Herbert Burk in his "Washington's Prayer" 1907 writes:

The story of Washington's Prayer at Valley Forge is familiar to all Americans. It is woven into the web and woof of the historic tapestry of the school child mind illuminated by the well-known picture of the scene painted by Henry Brueckner. * * * Without the due appreciation of Washington's prayerful spirit I believe no one can really understand the man. Of that spirit we have ample proof in the testimony of those who knew him in the flesh and in the testimony of his own letters and official documents.

The prayer at Valley Forge is not an isolated act, unrelated to the rest of his life. Best known perhaps, of his acts of devotion this but illuminates the others less understood and turns our eyes to the man's secret source of strength and hopefulness, confidence and sincerity."

Manager Hanigan Leaving

Harold F. Hanigan, manager of the Wauregan hotel for over three years, one of the Knott chain, will this week be transferred to manage a larger hotel probably in New York. Mr. Hanigan will be succeeded by Edward McKnight, who has been assistant manager of the hotel for almost five years. Mr. and Mrs. Hanigan are expected to leave for New York city the early part of this week.

MAJ. GENERAL MALONE HAS HAD REMARKABLE CAREER

General Paul B. Malone, who is to be the principal speaker at the patriotic and civic dinner to be held Tuesday evening at the Wauregan hotel under the auspices of the Norwich chamber of commerce, has had a remarkable career as a fighter as well as an orator. The rank of Major General was conferred on him June 27, 1928.

General Malone was born in Middletown, N. Y., May 8, 1872, and was appointed to the U. S. Military academy from that state in 1890. Upon graduation from West Point in 1894 he was commissioned a second lieutenant and assigned to the 13th U. S. infantry with which he served at Fort Supply, Oklahoma; Fort Niagra and Fort Porter, until the outbreak of the Spanish-American War.

He was promoted to the grade of first lieutenant in April 1898 and served throughout the campaign of Santiago de Cuba as a staff officer of the third brigade. After his return from Cuba he served at Fort Porter, until the spring of 1899 when he left for the Philippine Islands with the 13th U. S. infantry. He served in the Philippines for two years participating in numerous engagements during the Philippine insurrection.

He was promoted to the grade of captain in February 1901 and returned to the United States in July of the same year for duty as instructor in the department of chemistry of the U. S. military academy, where he remained for four years. He then served with the 27th U. S. infantry at Fort Sheridan Illinois, until October 1906 when he was sent to Cuba with the army of Cuban pacification with which he served in turn as commander of the headquarters guard, provost marshal and judge advocate general. Upon his return to the United States in 1908 he was ordered to Fort Leavenworth, Kansas, for two years as a student officer at the army school of the line and the army staff college. He rejoined the 27th U. S. infantry at Fort Sheridan, Illinois in September 1910, where he served until detailed for a brief period with the National Guard of Kentucky.

His name was upon the initial general staff eligible list and in March 1911 he was detailed to the general staff corps and ordered to Washington, D. C., for duty. In 1912 he attended maneuvers of the German, French and British armies. In 1913 he was ordered to Hawaii for duty with the 2nd U. S. infantry, where he remained for three years. He returned to the United States in June 1916 and, having reached the grade of major, commanded a battalion of the 13th U. S. infantry at Eagle Pass, Texas, until appointed chief of staff of the Eagle Pass district, on which duty he remained until January 1917. He was then ordered to duty at the headquarters of the Central Department in Chicago, Illinois where he was in charge of citizens' training camp activities until July 1917 when, having been promoted to the grade of lieutenant colonel, he left for France for duty at general headquarters with the operations section of the general staff.

He was promoted to the temporary grade of colonel in August 1917 and became chief of the training section of the general staff, on which duty he remained until February 1918. He then joined the 23rd U. S. infantry of the Second division, which he commanded in the Toulon-Troyon sector south of Verdun; in the sector northwest of Chateau-Thierry during the Aisne-Marne defensive, including the capture of Vaux; and in the Aisne-Marne offensive south of Soissons. In August 1918 he was assigned to command the tenth brigade of the fifth division which he led in the St. Mihiel offensive and in the Meuse-Argonne offensive, including the forcing of the Meuse river and capture of the high ground to the east of the Meuse.

He was appointed a permanent brigadier general in April 1922 and in December of that year was ordered to Ft. Sam Houston as commanding general of the Second division. In February 1925 he was ordered to Fort Sheridan, Illinois to command the Twelfth infantry brigade, and subsequently assumed command of the Sixth Corps area, on which duty he remains at the present time.

PATRIOTIC SERVICE AT THE LOCAL Y. M. C. A.

A patriotic service Sunday afternoon at the Norwich Y. M. C. A. drew an attendance of 200 or more. After the prayer several patriotic slides were shown and "America" was sung with enthusiasm.

The eight reel feature moving picture titled, "Old Ironsides" was shown. During the service General Secretary Edwin Hill gave a brief talk speaking in part as follows:

"I want to speak a brief message on the thought of "Sacrifice."

We read in the scripture that "except a grain of wheat fall into the ground and die, it abideth alone." About everything that we have that is worth while has entailed sacrifice on the part of somebody. Who gave us our birth? Our mothers, and my, what sacrifice it has meant; oftimes it has meant death. Who gave us the science and medicine we have that we may cure our ailments? Many who have through the years, paid a big price in sacrifice. Who discovered our America? Columbus and his brave followers. We cannot measure their sacrifice. How has our country been preserved? You know, by the great sacrifices of many who have gone before us. We owe a great debt of gratitude to those who preserved our democracy by the way of the World war.

Finally, what do we owe to the great Son of God, Jesus Christ? Behold, how He sacrificed. He permitted cruel men to nail Him to the cross, that we might have a chance; that we might have salvation. It is well at times to think of Jesus, hanging there, bleeding there and dying there, and all that we might have a chance. Let us live so as to be worthy of the many sacrifices made in our behalf.

NOTED SOCIAL WORKER WELFARE LUNCHEON SPEAKER

Bird S. Coler of New York, noted social worker, gave the principal address at the child welfare luncheon Monday noon at the Wauregan hotel under the auspices of the Norwich League of Women Voters. Over 200 persons attended the meeting, which was opened by Miss Alff Stephens, president of the league, who then turned the chair over to Mrs. Edwin W. Higgins, in charge of the program.

Among the prominent guests present were Lieut. Gov. Ernest E. Rogers of New London, Miss Mary Buckley, president of the Connecticut State League of Women Voters; Judge Roath of New Haven, Kenneth Messinger, head of the state bureau of child welfare, George Aylsworth, head of the junior republic and Mrs. Aylsworth, State Commissioner Baxter of the state prison commission and Mrs. Baxter, Mrs. Rosemary Anderson of New London, Miss Elva Tyler of New London, Mrs. George S. Palmer, county chairman of the League of Woman voters, Mrs. Percy Walden, Mrs. Cook, Mayor Lee Roy Robbins and Judge Whitaker of New Haven.

Mrs. Higgins introduced as the first speaker, Lieut. Gov. Ernest E. Rogers, who complimented the women on their excellent tournout. After referring to them as "as fine a group of women as you can find anywhere," Lieut. Gov. Rogers spoke of the child welfare work being accomplished by the state and Mrs. Frank A. Mitchell, of Norwich, an active member of the board.

Mrs. Higgins introduced as the next speaker, Judge Whitaker of New Haven, who spoke on the juvenile courts of that city, which works under the power vested in it under the act of 1921, general assembly, after which Kenneth Messinger, head of the bureau, outlined the workings of the state bureau of child welfare and its proposed legislation at this session of the general assembly.

In her talk Miss Mary Buckley of Hartford, president of the state organization of League of Women Voters, told of the non-partisan organization of the League of Women Voters and spoke of the legislation advocated by the league.

Frank E. Jaynes, educational director of the expansion program of the Norwich chamber of commerce, spoke of the modern chamber of commerce in American cities, which is interested in every phase of community welfare including the welfare of children and exemplified in the work of such organizations for more parks and better playgrounds and recreational facilities. He referred to the expansion program of the local program in which it is proposed to give every attention to every outstanding need in the community.

The final speaker on the program, Bird S. Coler, in his opening remarks, stressed the importance of maintenance of the family. He said that all child welfare reverts to the spiritual background of the family—one man, one wife—and the children must be the connecting link of the family and home.

The commissioner gave a very interesting account of the numerous charities that are being carried on in New York city and gave the highest praise to the denominational civic and charitable institutions, praising them for giving the work in hand it proper attention. The commissioner pointed out three kinds of social workers, one is the social worker who has material interest, profiting by the work she is doing. The second is the denominational worker who is spiritually interested in the social work which she is doing and the third is the paid social worker, who performs her work in a trained and scientific manner. The speaker pointed out that if the men and women who give a lot of their money for charitable and social work, would know what they are about, to whom they are to intrust the money which they give, and to what purposes it is to be applied, the first of the three mentioned social workers—the material one—would be eliminated for the best interest of social work. The speaker also said that New York long passed the legislative stages which are being advocated in Connecticut in the interests of child welfare and that all the laws which have been mentioned by the previous speakers relating to child welfare in Connecticut ought to be passed as they are of the best interests of the communities and the state. In praising the Jewish Federation, the Catholic Federation and Protestant Federation for the tremendous amount of charitable and welfare work which they are doing in New York, Mr. Coler said that they are especially to be commended for accomplishing their task without selfishness and with entire cooperation, working in unison—without any sectarian purposes and that in their work there is no proselyting or any other creed distinction but it is only humanity which is the goal.

Preceding the meeting, a reception was held in the lobby of the hotel. The following were in the receiving line: Miss Alff Stephens president of the Norwich League of Women Voters; Miss Elizabeth B. Huntington, Miss Betsey Mitchell, Mrs. Roderick F Sullivan, Mrs. James Roantree, Mrs. Allen L. Brand, Miss Wyman and Mrs. Edwin W. Higgins, vice presidents of the league.

The ushres were Miss Marion Briggs, Miss Constance Leached, Mrs. Russell Smith, Mrs. E. Wallace, Mrs. Flint Brayton, and Mrs. Walter T. Camp.

SENT LETTER BY NEW PANAMA AIR MAIL

Miss Natalie Holden of Pine street is one of the first Norwich people to make use of the new air mail route to the Panama Canal zone established by Col. Lindbergh. Miss Holden wrote to her aunt, Mrs. Edith Holden Degenaar at Pedro Miguel, who is very ill. The letter was one of those taken by Colonel Lindbergh on his outward trip. An answer was brought back by the colonel on his return trip. The trip from Norwich to Pedro Miguel and return took 14 days while under the old way it would have taken about 28 days.

SENATE VOTES TO INCREASE MAXIMUM DRY LAW PENALTY

Passed the Jones Bill, 65 to 18, Carrying $10,000 Fine or Imprisonment For Five Years, or Both—Passed an Amendment Declaring That Judges Should "Discriminate Between Casual or Slight Violations and Habitual Sales, or Attempts to Commercialize Violations of the Prohibition Law"—Senator Bingham Proposed to Exempt First Offenders From the Imposition of the Maximum Penalties, But the Senate Voted Him Down 51 to 33—Senator Bruce, Maryland, Declared "I Wish to Pronounce a Curse on This Bill With My Last Dying Breath."

WASHINGTON, Feb. 19—(AP)—First offenders along with hardened violators of the prohibition law would be liable to a maximum penalty of a fine of $10,000 or five years in prison or both under a bill passed by the senate today and sent to the house.

By a vote of 65 to 18 the senate approved the measure introduced by Senator Jones, republican, Washington, after several days of debate celebrated by a clash of views between Borah of Idaho, and Reed of Missouri on the dry question.

The proposal to increase the maximum penalty in such a way as to make them applicable to first offenders was attacked by many senators as too drastic but the majority of the senate decided such a step necessary to help enforce the prohibition laws more effectively.

In raising the penalty so as to include first offenders, the senate softened the blow by approving a provision in the bill which declares it to be the sense of the senate that judges, when imposing sentences "should discriminate between casual or slight violations and habitual sales of intoxicating liquor or attempts to commercialize violations of the prohibition law."

Before the bill was passed Senator Bingham, republican, Connecticut, proposed to exempt first offenders from the imposition of the maximum penalties but the senate voted him down, 51 to 31.

On the final ballot 36 republicans joined with 29 democrats in support of the measure while five republicans and 13 democrats were registered against it. Among those voting for the bill was Senator Borah, who in a speech yesterday demanded stricter law enforcement. Senator Reed of Missouri, who had directed a scathing attack upon prohibition, voted against the measure.

The bill did not affect minimum penalties already incorporated in the Volstead act. Under the present law the maximum penalty is a fine of $1,000 or six months imprisonment, or both, for first offenses, and $2,000 fine with five years imprisonment for subsequent offenses. The minimum sentence a judge may at present impose is none at all for first offenders and a fine of $200, with imprisonment of one month for second or subsequent offenders.

Practically all of the debate was concerned with the discrimination between minor offense, such as carrying a pint of liquor to a friend, and the activities of the big bootleggers. Supporters of the measure contended that judges would use their discretion in meting out sentences.

Opponents claimed the bill would give partial and prejudiced judges too much latitude and might result in sending comparatively innocent young men to prison for long terms.

Just before the final vote had been taken and immediately after Senator Bingham's proposal to exempt first offenders from the maximum penalties had been rejected, Senator Bruce, democrat, Maryland, who retires March 4, declared "I wish to pronounce a curse on this bill with my last dying breath."

"It is another step in the march of tyranny," he asserted, "by marking out all distinction between first and subsequent offenses."

Senator Jones described his bill as one directed primarily at the big bootlegger. The measure was supported by the prohibition bureau and by Mrs. Mabel Walker Willebrandt, assistant attorney general in charge of prohibition cases in the department of justice.

MAN IDENTIFIED AS THE BOSTON SUBWAY SLASHER

BOSTON, Feb. 19—(AP)—Angelo Lattianza, of East Boston, tonight was charged with assault and battery with a sharp instrument after Mrs. Marie Picarra had identified him as the man who slashed her clothing in a subway train last week. Mrs. Picarra picked Lattianza out of a police line-up today after he had been arrested as a suspect in the series of attacks upon women in crowded subway trains by a "slasher."

None of the dozen women attacked have been injured although their clothing was slit with a knife. Two previous suspects were arrested without bringing an end to the series of attacks. Miss Adelaide Getchell, of Charlestown, another woman called in by police today, said Lattianza was not the man who attacked her last week. Mrs. Picarra however, was positive in her identification, according to police.

Lattianza protested his innocence throughout the day, declaring it was a case of mistaken identity. He will be arraigned tomorrow.

OPINION DIFFERS ON THE SUICIDE OF CROWE

NEW YORK, Feb. 19—(AP)—A quarter of a century ago when Pat Crowe was a train robber, and when he kidnapped Edward A. Cudahy, Jr., there may very well have been rewards offered for his capture—"dead or alive."

And though there's no reward out for him now that's just what Pat Crowe was today—dead or alive—but there was a difference of official opinion as to which.

Police in Buffalo, N. Y., insisted that a man who committed suicide there was Pat Crowe. But New York city police were equally convinced that a man they talked to today was Pat Crowe.

Buffalo police who arrested the former bad man several years ago for drunkenness identified the suicide. They recalled that Pat Crowe wore felt insoles in his shoes. Such soles were found in the foot wear of the dead man.

LINDBERGH TO TAKE OFF ON INSPECTION FLIGHT

NEW YORK, Feb. 19—(AP)—The transcontinental air transport announced tonight that Col. Charles A. Lindbergh would take off tomorrow morning for an inspection flight over the air transports proposed course to the west coast.

Col. Lindbergh arrived here last night after making an inaugural air mail flight to Panama for the Pan-American Airways of which he is technical advisor, he is chairman of the technical committee of T. A. T.

Today he went down the bay and met his mother who was returning from several months teaching in Constantinople.

SEEKING INFORMATION TO DECREASE UNEMPLOYMENT

MIAMI, Fla., Feb. 19—(AP)—A potential clearing house of information, intended to decrease unemployment, was discussed at the meeting here today of the American Federation of Labor's executive council.

The clearing house was seen by members of the council as a cushion to help men thrown out of employment, and it was indicated that federal aid may be sought in its establishment and operation.

"We feel that unemployment has reached the point where some agency should help men temporarily unemployed to find work for which they are fitted," said William Green president of the federation and chairman of the council.

FORCED DOWN BY ICE ON WINGS OF HIS PLANE

HARTFORD, Feb. 19—(AP)—Ice which formed on the wings of his plane when he ran into a snowstorm forced Pilot Henry Tallman, of the Colonial Air Transport, Inc., to come down at Dudley field, Webster, Mass., tonight and the mail which he was carrying from Boston to Hartford and New York was put aboard a train.

Charles F. Wheelock, district manager of the Colonial, said that Tallman, whose home is in Ridgeway N. J., landed without any difficulty. Mr. Wheelock explained that it was not an unexpected emergency landing in that Tallman was not taken unawares but decided that it would be best to abandon the trip.

The postoffice here received word at 8 p. m., from Tallman that he had come down, and half an hour later, Charles Wright, of the L. and H. Aircraft company, who is under contract to carry the mail in emergencies, took off from Brainard field for New York with matter sent through the local office.

SELECTING JURY FOR EDEL MURDER CASE

NEW YORK, Feb. 19—(AP)—A background of Broadway glitter appeared today at the opening of the trial of Frederick W. Edel, a waiter, accused of the murder of Emma Harrington, an actress, in her apartment here on December 23, 1927.

Night clubs were mentioned in the examination of each prospective juror, and two men were excused, one when he expressed prejudice against night clubs and the other when he said he was prejudiced against the proprietors of such resorts. Five jurymen had been selected when general sessions court was adjourned for the day.

During his questioning, Alexander I. Rorke of counsel for the defense asked prospective jurymen if they had any acquaintances among actors and whether they knew any members of the Lambs or Friars clubs. He also inquired whether they were prejudiced against frequenters of night clubs.

MOTHER AND DAUGHTER RESCUED BY FIREMEN

WINCHESTER, Mass., Feb. 19—(AP)—Mrs. George French, of Arlington, and her daughter, Doris, were rescued by firemen from under the ice of Mystic lake here tonight after their automobile had collided with that of a hit and run driver.

The women were driving on the shore of the lake. They collided with another car and theirs skidded through a stone wall, down a steep embankment and plunged through the ice on the lake.

The front of the car, including the driver's seat in which the women were sitting, was submerged but the rear remained out of water. Residents aroused by the women's screams called the fire department.

After receiving first aid treatment, the women were sent home.

INQUEST IN THE JACKSON CASE TO BE HELD NEXT WEEK

WILLIMANTIC, Feb. 19—Coroner Arthur T. Bill announced today that he would resume his inquest into the murder of County Detective William E. Jackson, of this city, next week. He did not make known the day. He added that Miss Juanita Jackson would be recalled to be questioned further. When the inquest is resumed the principal witnesses will be the three investigators: County Detective Edward J. Hickey, of Hartford, Police Officer Arthur Hurley, of this city, and Special Officer Rowe H. Wheeler, of Monson, Mass.

Sutton of Tampico, Mexico, who is president of the international organization.

TWO MEN HELD FOR OPERATING BIG STILL

(Special to The Bulletin.

WILLIMANTIC, Feb. 19—Following the discovery of a mammoth liquor plant that had exploded Monday morning on the Charles Saunders place just over the Andover line in the town of Bolton, a raid was staged on the place by Chief Stanton L. Briggs and Agent Harry W. Avery, of the federal prohibition department, assisted by Former Deputy Sheriff Allison L. Frink, of Andover. The officers waited on the road, leading from the Hartford-Willimantic highway to the Saunders place which was formerly known as the Bailey place. The Saunders place is the only farm on the Bailey road. A car was seen leaving the farm and, when halted by the officers proved to contain three passengers, two of whom were Frank Hooey, 29, who has been caretaker of the place, and Charles Saunders, 46, of Manchester Green, owner of the farm. The driver of the car was a friend of the two men. The officers returned with the men to the farm and a search of the house revealed a storeroom in which were found 1,200 one-gallon tins that had been shipped in bales and were still intact. Contraband liquor was not found but it was planned to resume the search by daylight. According to the officers the huge still had a capacity of turning out about 1,000 gallons of liquor every 24 hours. The presence of considerable charcoal in vats indicated that the liquor was made by purifying denatured alcohol received in 50-gallon drums. Saunders claimed that he had no knowledge of the still in the barn and that Jan. 12, last, he had rented the place for $25 a month to one Frank Cobrello, who with a fellow Italian, Hooey, had been the occupant of the place.

Hooey, who also disclaimed any knowledge that liquor was being manufactured in the barn, had a pint of raw liquor in his possession when searched at police headquarters where he and Saunders were taken. The two men were lodged in the cell-room awaiting further investigation.

Under questioning Hooey admitted that he had been engaged in making liquor sometime ago on a farm owned by Saunders in Columbia. He said that was his only experience with liquor-making.

COOLIDGE RECEIVING OCCUPATIONAL PROPOSALS

WASHINGTON, Feb. 19.—(AP)—President Coolidge continues to receive numerous proposals and suggestions for an occupation after his retirement from office but he as yet has made no definite decision as to what he will do. He tells those with propositions to offer that he is not in a position to give them a positive answer until after March 4.

The most recent proposal to reach the president is that he write syndicated articles for newspapers and magaines. Rumors that Mr. Coolidge was receiving offers of this kind have been given circulation within the last fortnight, based upon the fact that he had been visited by representatives of half a dozen organizations engaged in this field.

Upon leaving the white house, these representatives, however, consistently have declined to reveal their mission, and it only became known definitely today that their purpose was to interest Mr. Coolidge in writing as a future activity.

CHARGED WITH BREAKING, ENTERING AND LARCENY

BROCKTON, Mass., Feb. 19.—(AP)—Winthrop F. Shaw, son of a Bridgewater normal school professor and George H. Grinnell of this city were placed on probation for two years by Judge Frederick C. Broadhurst in superior court here today. They were charged with breaking and entering and larceny in 13 counts and pleaded guilty to the indictment.

Grinnell was also involved in a series of breaks, it was alleged, with Ruth E. Bolling, Brockton school girl, who was placed on probation last week.

GOV'T NEAR DEFEAT IN HOUSE OF COMMONS

LONDON, Feb. 19.—(AP)—The government was near defeat in the house of commons tonight through dissatisfaction of its own supporters over the question of compensation to loyalist supporters in the Free State whose properties had been destroyed or taken over. Prime Minister Stanley Baldwin was hurriedly summoned and saved the situation virtually throwing over Winston Churchill, chancellor of the exchequer, and L. C. S. Amery, secretary of state for the colonies.

INNOCENT MAN SOUGHT AS ESCAPED CONVICT

MARIETTA, Ohio, Feb. 19—(AP)—A man believed to be W. W. Young, who escaped from the Ohio penitentiary early today, was revealed late in the afternoon as an innocent traveler after he had been the object of an intensive hunt by 15 officers from Morgan and Washington counties.

The man was identified by the officers as a resident of the vicinity after they had spent more than three hours in the search.

Work Of Reparations Experts At Standstill

The French Decline to Take the Initiative Toward Any Change in the Present System.

PARIS, Feb. 19.—(AP)—The question of who is going to speak up first brought the work of the reparations experts to a momentary standstill.

The German delegates having put in their documents to show what in their judgment is the present actual economic situation in Germany do not seem disposed to go further. On the other hand, the French, who are the principal creditors of Germany in reparations, find no reason for taking the initiative toward any change in the present system of payments under the Dawes plan.

The result is that the experts are at a loss on a method of procedure for continuation of the conference.

Dr. Hjalmar Schacht, president of the reichsbank, and Sir Josiah Stamp, British delegate spent half the day as a sub-committee, elaborating a program which evidently failed to satisfy everyone since the full meeting of the experts today decided to add a Frenchman, an Italian and a Belgian to the sub-committee which was asked to try again.

It was inferred from the fact that there was no American on the sub-committee that the United States delegation prefers the most directly interested parties to decide these most important questions of organization.

Owen D. Young and J. P. Morgan are generally recognized here as interested only in the technical phases of the question. They are not involved in political angles, the latter which, however, cannot be eliminated without difficulty.

The French thesis in the present situation seems to be that the creditors of Germany have the right to payments under the Dawes plan which were fixed by the first expert committee and that if any changes are to be made in this the initiative must come from the debtor. The Germans on the other hand seem to hold that having set forth in full detail the economic situation of the reich, it is for the committee to draw its conclusions and to decide what the reich can pay and fix the annuities and total reparations accordingly. This thesis meets a stubborn attitude on the part of the Belgians who resist any idea of decreasing their share of reparations and on the part of the Italians who declare that they are not getting enough under the present system.

The final effort of the enlarged subcommittee is expected to bring forth some system under which the experts can go ahead.

FIVE PRISONERS ESCAPED FROM OHIO PENITENTIARY

COLUMBUS, Ohio, Feb. 19—(AP)—Five convicts, among them Pat McDermott, slayer of Don R. Mellett, Canton editor, and two other life term murderers, made a clean break from Ohio pentitentiary early today by sawing through cell bars and scaling one of the prison building with an improvised ladder made from mattresses.

Their dash for freedom was not discovered until several hours after they fled and they left scarcely a trace behind.

Search was being made for them in Ohio and surrounding states tonight but Warden P. E. Thomas found it nearly impossible to organize a definite hunt for there was no definite clew as to which direction they had taken.

Shortly before 7.30 this morning Don Bonzo, record clerk at the prison, was startled at the sight of the mattress ladder swinging in the wind from the roof of the record office. He quickly sounded an alarm and examination revealed the empty cells of the fugitive convicts.

Besides McDermott, these convicts escaped:

James A. Walton, 30, alias Walden, convicted of robbery in Cleveland.

W. W. Young, 40, serving life term for a murder in Washington county.

Mike Jacko, 21, serving life sentence for a Cleveland slaying.

Joe Russo, 26, alias Joseph Don Saurine, Cleveland robber.

ESCAPED CONVICTS WERE CAPTURED IN STONE QUARRY

COLUMBUS, Ohio, Feb. 19—(AP)—Pat McDermott and Mike Jacko, life term slayers who escaped from Ohio penitentiary here early today with three other convicts, were captured by suburban police in a stone quarry near Upper Arlington, a Columbus suburb, tonight. They were identified by penitentiary officials.

The men had not progressed more than five miles from the penitentiary in their approximately eighteen hours of freedom. They were returned to the penitentiary at once.

BIRMINGHAM, Ala., Feb. 19—(AP)—Steadman Gunning, announcer for Radio Station KWKH, of Shreveport, La., was perhaps fatally injured and Dan Leary, pilot, of Shreveport, escaped with minor hurts today, when the plane in which they had just taken off from the flying field here crashed into a house top.

Bill To Enforce Equal Rights For Negroes

Hearing on Measure to "Put Teeth" into the Statute in Connecticut — Yesterday's Legislative News.

AT THE CAPITOL, Hartford, Feb. 19—(AP)—Howard P. Drew, Negro, holder of the world's championship for the 100 yard dash and attorney of Hartford, appeared before the judiciary committee of the general assembly late today on behalf of a bill which would "put teeth" in the statute giving his race equal rights in this state with the white race.

The bill was the motif of a hearing which was perhaps the most interesting before any of the 12 committees which met this afternoon after the general assembly, following brief uneventful sessions, had adjourned.

The measure, entered by Senator Dennis, Hartford, democrat, provides that anyone refusing civil rights to a Negro, whether in a theatre, store, restaurant or other place, be fined up to $300, or imprisoned for a maximum of one year, or both, and that the "aggrieved" may collect, as forfeit, any amount between $25 and $300. Senator Dennis appeared, as the hearing opened, with an amendment striking out the words "barber shop" from the bill, thus exempting from the penalty all such businesses.

The hearing drew a dozen prominent Negro men and women and several prominent democrats and socialists, all of whom favored the bill. No opposition was recorded.

Negro speakers included Myra Logan, of the Hartford Y. W. C. A.; John Taylor, Old Hartford resident; and Mr Jones, of the Urban league. Senators O'Connor, of Waterbury, Hackett, of New Haven, Hart, of Bridgeport, Conroy, of Hartford.

Each of the speakers cited examples of discrimination and resulting grief and pain, and pointed to the existence in both New York and Massachusetts of acts on which the proposed statute amendment is based.

Tomorrow, the hall of the house will be turned over to the labor committee in the expectation of a fight between labor, as represented by the Connecti-

LENROOT DENIED HE HAD EVER BEEN A LOBBYIST

WASHINGTON, Feb. 19—(AP)—Appearing before a senate judiciary sub committee Irving Lenroot, former republican senator from Wisconsin and now a nominee for the court of customs appeals, today denied he had ever been a lobbyist since his retirement from congress two years ago.

Lenroot's denial was in reply to a question by Senator Borah, republican, of Idaho, the chairman of the subcommittee, and only member of it present. Borah said that newspapers had referred to Lenroot as a lobbyist at the time he apeared beefore the senate interstate commerce committee in opposition to the Walsh resolutions for investigation of the power utility companies.

"My regret is that I didn't sue those papers for libel," replied Lenroot. He said he considered appearance before a congressional committee as a lawyer in the same classification with appearance in court.

After the brief examination of Senator Borah concluded the hearing on Lenroot's nomination. He said he would defer a report to the judiciary committee until the other members of the sub committee—Steiwer, republican, Oregon and Neeley, democrat, West Virginia—had an opportunity to read the testimony.

JOHN J. PELLEY PRESIDENT OF NEW HAVEN ROAD

NEW HAVEN, Feb. 19—John J. Pelley, president of the Central of Georgia Railway, has been elected president of the New York, New Haven & Hartford Railroad company, succeeding the late E. J. Pearson, according to an announcement made today by the management of the New Haven company.

Mr. Pelley was elected at the last meeting of the directors, but public announcement was deferred until this noon. He will assume his new duties on March 1.

John J. Pelley was born at Anna Ill., May 1, 1878. After graduation from Anna high school he attended the University of Illinois, where he was engaged in special work.

He began his railway service as a station clerk for the Illipois Central Railroad at Anna in 1899 and continued with the Illinois Central for many years.

KILLED WHEN SHE STEPPED INTO PATH OF TROLLEY CAR

NEW HAVEN, Feb. 19—(AP)—Mrs Margaret Bohan, of this city, was killed today as she stepped into the path of a west-bound Derby trolley car. Identification was made by a tax bill in her pocketbook. A wrecking crew worked for 20 minutes to extricate the body, tying up traffic in the center of the city for an hour. Mrs. Bohan was about 60 years old and lived at 209 Kimberly avenue. She was identified by her husband at New Haven hospital.

50 PERSONS INJURED AS RESULT OF SHORT CIRCUIT IN HUDSON TUBE TRAIN

NEW YORK, Feb. 19—(AP)—Fifty persons were injured, four men and two women seriously, and 200 passengers were affected by smoke and fumes tonight when fire broke out in the first car of a New Jersey bound seven car Hudson Tube train, 1,000 feet west of the Christopher street station, in Manhattan.

Panic stricken passengers trampled one another in attempting to get off the stalled and smoke filled train. Most of them reached the Christopher street station through another train that was joined to the rear of the stalled train.

The train which caught fire was a local, bound for Journal Square, Jersey City, N. J., and carried about 1,000 homeward bound commuters.

A short circuit in the motor of the first car caused the fire and smoke from burning insulation was mingled with acid fumes from the storage batteries of the train. The lights went out when the short circuit occurred and illumination was furnished by two small emergency bulbs at each end of the cars.

When the passengers reached the street their faces were blackened from the smoke and many were bruised and bleeding from being trampled and struck.

Passengers said that the air was stifling in the first three cars and that many of them received cuts in breaking windows to permit the smoke and gases to escape.

HOOVER INTENDS TO CONFER WITH PRESIDENT COOLIDGE

This Conference Constitutes One of the Principal Reasons For the Early Return of the President-Elect to the National Capital—Name of Senator Borah is Mentioned in Connection With the Attorney Generalship—Suggestion Made That Assistant Attorney General Donovan Would Be Made Secretary of War.

WASHINGTON, Feb. 19—(AP)—President-elect Hoover returned to Washington today from his Florida vacation with the intention of holding an early conference with President Coolidge from whom he will take over the reins of government on March 4.

Thus will be furnished another evidence of the continuity of the two republican administrations, with the next chief executive pledged to carry on the major policies of his predecessor to which he gave praise in his acceptance speech last August.

This conference constitutes one of the major reasons for the return of Mr. Hoover to the national capital 13 days in advance of his inauguration. There are others, of course, including conversations with a number of party leaders on a variety of subjects and the completion of the inaugural address.

Close friends of Mr. Hoover said today that in coming back here this far in advance of his induction into the presidency, the next chief executive was not running counter to precedent, but on the contrary was following precedent.

To support this contention they pointed out that the only two republican presidents to succeed republican presidents in the past half century had spent most of their time in Washington between election and inauguration days. These presidents were James A. Garfield and William Howard Taft.

The return of the president-elect revived cabinet discussion in Washington and brought forth some new speculation. There was a suggestion that instead of becoming secretary of state, Henry L. Stimson would be named attorney general and that William J. Donovan, now assistant to the attorney general, would be made secretary of war.

It was argued that Mr. Stimson was known as a driving prosecutor and consequently would fit well into the picture as the head of the prosecuting arm of the federal government. He already has served as secretary of war and it was not believed that he would be returned to that post.

Even before election there was conjecture regarding the selection of Mr. Donovan as attorney general, but in recent weeks his name had rather dropped out of the general cabinet discussions. However, he and Mr. Hoover are close personal friends and it is believed that while he might prefer the post of attorney general, the former commanding officer of New York's "Fighting 69th" would accept whatever assignment the next president might ask him to take.

The name of Senator Borah, of Idaho, also got back into the cabinet discussion in connection with the attorney generalship, but intimate friends of the Idaho senator declared he would not become a member of Mr. Hoover's official family, preferring to retain his position as chairman of the senate foreign relations committee.

CHANGES IN TARIFF ON SUNDRIES SUGGESTED

WASHINGTON, Feb. 19—(AP)—Changes in the tariff on such articles as carillons, violins, sponges and lead pencils, were suggested to the house ways and means committee today before it completed hearings on that section of the law covering sundries.

Tomorrow the committee will begin taking testimony on the last of the 17 schedules which make up the Fordney-McCumber act of 1922—that relating to the free list. More than 250 witnesses will appear on these items.

Continuing its consideration of administrative provisions, the committee today heard many recommendations voiced by witnesses representing churches and domestic bell makers.

S. W. Seery of the Meneely Bell Foundry company, of Baltimore, charged that those who appeared for the Park Avenue Baptist church, of New York, the University of Chicago and other institutions, and asked free entry for carillons, were an "organized band" desirous of creating a foreign monopoly. He said none of the institutions had inquired of his company whether it could fill their orders although it was ready to make carillons of any number and size of bells.

AVIATOR COSTES CRASHED FEW MILES OUTSIDE PARIS

PARIS, Feb. 19—(AP)—Dieudonne Costes, starting out in pursuit of his former comrade but present rival Joseph Le Brix, on an intended flight to Indo-China, today, crashed in Bondy Forest, a few miles outside of Paris. Costes' plane, "The Annam Dragon," was destroyed but he, his substitute pilot, Jacques Codos and his wireless operator, Edmond Belonte, escaped with scratches and a few torn ligaments. Their slogan had been to "save Hanoi, Indo-China, "within five days of Paris."

Le Brix took off yesterday in a plane called the "Marseilles-Indo-China." He was accompanied by Sergeant Major Antoine Paillard. They landed safely at Tunis, left there this morning and at last reports were winging their way past Bagdad enroute to India.

TWO BROTHERS WERE SENTENCED FOR BURGLARY

BRIDGEPORT, Feb. 19—(AP)—Leo and Arthur Landry, 27 and 28, brothers, of Revere, Mass., will spend three to four years in Weathersfield before they are returned to Massachusetts to finish an uncompleted prison term and to answer for having escaped from the Massachusetts state's prison, at Charlestown, Mass. The brothers appeared before Judge Alfred C. Baldwin, in criminal superior court today and pleaded guilty to charges of burglary and theft of an automobile.

On January 9, the brothers escaped from the Massachusetts prison and made their way to New Haven, where they stole an automobile. They drove to Norwalk and on the following night attempted to burglarize the Modern Grocery company in that city.

REVOKING PROXIES GIVEN ROCKEFELLER, JR.

CHICAGO, Feb. 19—(AP)—Thousands of proxies given John D. Rockefeller, Jr., in his fight to oust Colonel Robert W. Stewart as chairman of the board of directors of the Standard Oil company of Indiana, have been revoked, the stockholders protective committee announced today.

The committee was formed to aid Colonel Stewart who refused to comply with Mr. Rockefeller's request to resign.

A misunderstanding of the situation caused a great number of proxies to be given Rockefeller, Jr., the committee claimed, and revocations for these have since been received by the Stewart interests.

The assertion was made in a reply to a statement by Winthrop W. Aldrich that the Rockefeller interests now have proxies representing more than 53 per cent. of the stock.

"Mr. Aldrich persists in counting his chickens before they are hatched," the committee said. "We now have a large majority of the stockholders and are rapidly nearing a working majority of the stock."

EXPECT SOON TO CLARIFY CHICAGO GANGSTER MASSACRE

CHICAGO, Feb. 19—(AP)—William W. Russell, commissioner of police, announced today he believed the St. Valentine's day massacre would be cleared up soon and Coroner Herman N. Bundesen revealed he had received death threats which he attributed to his activity in trying to solve the mystery.

Commissioner Russell said the police had information which led him to believe the names of the slayers of the seven members of the George "Bugs" Moran gang would soon be known. He added, "the lid is on Chicago to stay," in referring to orders to stop the selling and traffic in liquor.

The commissioner hotly denied the police drive against liquor was to be discontinued as soon as excitement over the killings died down, declaring that "the police are tired of taking the blame for everything" and intended to "keep the town closed up."

FOUR-YEAR-OLD SAN FRANCISCO GIRL KIDNAPPED

SAN FRANCISCO, Feb. 19—(AP)—Baffled by conflicting clues in their efforts to solve the disappearance of 4-year-old Doris Smith-Murphy, police tonight concentrated on a search for the writer of mysterious letters purporting to be from the child's kidnapper.

Another of the letters, which Mr. and Mrs. Edward J. Murphy, the child's foster father and her mother, have received at intervals by mail since Doris disappeared from a playground near last Friday, was delivered during the day.

The envelope bore the words, "this is the last time I will tell you she is all right," with the initials, "K. K." In previous notes signed "K. K." the purported kidnapper declared the child would come to no harm and one promise was made that she would be returned safely March 5.

EXPLODING STILL REVEALS BIG LIQUOR-MAKING PLANT

(Special to The Bulletin)

WILLIMANTIC, Feb 19—A huge liquor manufacturing plant estimated to be worth over $10,000 has been secretly operating under the very noses of law-abiding farmers it was revealed about 4 o'clock Monday morning in a tremendous explosion on the Charles Saunders place at Bailey's Crossing in West Andover. The explosion which shrew the countryside into excitement and destroyed the entire plant set into flames a barn in which the plant was located. Edgar White a poultryman residing at the foot of the Bailey's Crossing road on the Hartford-Willimantic highway was first awakened by the barking of his dogs. Suddenly the whole house shook from the force of an explosion coming from the direction of the Saunders farm about half a mile up the Bailey road. Mr. White notified neighbors and rushed to the scene. He found the barn, measuring about 25 by 35 feet in roaring flames and at frequent intervals loud reports came from within the structure. The grand climax to the conflagration came when a 100 gallon vat was blown several feet into the air accompanied by cannon-like boom. The explosion of the vat sent out a strong odor of rank moonshine. The volunteer fire fighters could not find anyone on the premises although the farmhouse doors were unlocked and it appeared that two of the beds had recently been occupied. It was at first thought that an ancient horse and two goats that were known to have been kept in the barn had been consumed in the fire but these animals were found quietly grazing in a nearby pasture. This led to the belief that whoever was on the scene when the fire first broke out had made a hasty exit.

Just who owned the big liquor factory remained a mystery today. News of the explosion and exposure of the illicit trade being carried on at the Saunders place had reached but few ears today and as near as could be learned the authorities of either the town or state had not been notified up to late afternoon. Saunders is the owner of the place but he left over a month ago with his family to reside in Manchester Green. It is understood that he leased the farm to a young man named Frank Hooey but the latter told neighbors that he had no knowledge that liquor was being manufactured there, and the residents of the section are inclined to believe that if Hooey did know of the presence of the plant he was not involved in the business. Saunders came to Andover Monday to inquire about the fire and when questioned concerning the presence of the huge still he said that the men occupying the place had told him that they planned to manufacture soap in the barn. The Saunders place is located along the boundary lines of the towns of Andover, Bolton and Coventry. It is believed that such a location was considered convenient to thwart impending arrest by a town constable by merely shifting the contraband liquor over into another town.

The big plant was complete to a detail. It had a capacity of manufacturing 1000 gallons a day indicating that when operated on a full schedule the receipts would amount to about $800 a day at the present prices of moonshine. The valuable equipment lay in the still smouldering ruins of the barn today. The main still alone stood upright. It was placed over an opening in the ground allowing a fire to be built underneath it on the same principle as a furnace fire-box. Over a score of 50 gallon metal drums lay piled about where they had fallen when the contents exploded. There were two huge vats containing what appeared to be a mixture known as mash which is used in making liquor. Nearly one hundred one gallon cans lay strewn about and a network of pipes several of them equipped with faucets ran through the ruins. Everything was badly charred by the fire with the exception of a one-gallon tin can that was found in the ruins and contained about one ounce of liquid smelling strongly of alcohol. It was apparent that this can had been thrown into the ruins after the fire. Water for the cooling system of the still was drawn from a small pond some 150 feet away and evidently pumped to the barn with a small gasoline engine found in the tangled mass of metal. The main still was made of copper as were also the coils in the cooling tank.

Neighbors said that since the Saunders family removed from the farm which they had occupied for some ten years the Bailey farm road became a much used thoroughfare especially in the night season. The equipment for the still was moved onto the place at night in trucks. Every night several cars were seen going to the farm which is the only one on the Bailey road. The farmhouse doors were locked today, the only answer to knocking being the barking of a dog from the interior.

A small poodle dog, turkeys, geese and the horse and goats were about the premises.

MORE EVIDENCE FOUND AGAINST ZAKLUKIEWICZ

(Special to The Bulletin)

WILLIMANTIC, Feb. 19—Within 24 hours after being released under bonds of $500 for his appearance at the April term of the Windham county superior court on charges of theft and breaking and entering, Frank Zaklukiewicz of the Pleasant Valley road was again taken into custody on similar charges in connection with another robbery. The 19-year old youth was arraigned in police court Monday morning and upon his plea of guilty to the three charges he was bound over to high court. His mother furnished the bonds for his release.

Today Investigating Officer Arthur Hurley of the police department went to the Zaklukiewicz home and uncovered evidence to show that the young man had taken part in at least two more breaks. The first of these was on June 23, 1928 at the Strand theatre on Broad street. In this break 16 reels of motion picture films and other articles were stolen. On June 26, four days after the theatre robbery John Laboy of Jackson street reported that an automobile battery had been stolen from his barn.

During the investigation today Officer Hurley found Laboy's battery in a radio outfit at the Zaklukiewicz home. In the young man's room was a moving picture machine and the 16 reels were found in a well about one mile from the house. It appeared that the reels had been thrown into the well but a fw hours before

When arraigned in court Monday Zaklukiewicz was specifically charged with the theft of three radio batteries and a receiving set from the Windham Battery company shop He had been arrested for this theft by Officer Joseph Lariviere.

At police headquarters today the youth admitted the three breaks adding that in the robberies last June he was the only person to figure in the robberies. Herbert L. Tifft, manager of the Strand theatre identified the films but stated that owing to contact with water they were damaged beyond repair. The films before being damaged, had been valued at over $1,000 but the owner of the theatre at the time of the theft, Peter Federko of East Hartford, had made a settlement through an exchange for over $100.

The police today also recovered the three instruments that had been stolen from the headquarters of the K. of C. boys' band on Main street several days ago. The instruments have been returned to Bandmaster Charles N. C. Wheeler. Two other youths were placed under suspicion by the police in connection with this theft. Zaklukiewicz will be presented in police court Wednesday morning.

STATE POLICE INVESTIGATE CAUSE OF MAIN ST. FIRE

(Special to The Bulletin)

WILLIMANTIC, Feb. 19—At the request of Fire Chief Wade U. Webster Officer Terrence A. Griffin of the Stafford Springs state police barracks came here today to investigate the circumstances of a fire at 1511 Main street at 2.30 o'clock this morning. The blaze started in the cellar of the house which is occupied by Louis W Ives and family, while all members of the family were asleep. The nature of the origin and the fact that one of the cellar windows had been opened from the outside led to the suspicion that the fire may have been the work of some unknown incendiary. The fire was extinguished before it had caused much damage but according to Chief Webster it appeared that the blaze was so ignited as to spread rapidly. The investigation led to a check-up of possible enemies of the Ives family today. The Ives residence is owned by Charles Barret.

Engine company No. 1 responded to a second call this morning at 7 15 o'clock for a fire which broke out from an electric fault in a clothes closet at the home of Frederick A. Roy 66 Windham street. A hydrant connection was made and water played on the flames which were confined to the interior of the house. The damage is estimated at about $700 and only the timely arrival and efficient work of the firemen prevented a conflagration.

The goal for the membership drive about to be inaugurated by James J. Shea post, No. 19, American Legion has been set for 150 new members, it was announced today by Chairman T Frank Cunningham of the membership committee. The drive will get underway next Thursday and will continue for ten days. An effort will be made to get 15 new members on each of the ten days The names secured on the roll call will be printed on a bulletin board to be set up at Railroad street. Any World war veteran who received an honorable discharge is eligible. By order of the common council the Jackson street fire house is being renovated for the use of the veteran organization as a permanent meeting place.

The annual banquet and installation of A. C. Tyler auxiliary No. 14, U. S. W. V., was held Monday night with the installation at the G. A. R. rooms of the town building and the banquet at the Nathan Hale hotel.

President Elsie Warren opened the meeting and the installation work was in charge of Mrs. Minnie A. Flynn, past department president, assisted by Mary Mathieu conductor and Dina Lavigne, assistant conductor as aides Seated on the rostrum were Department President Jessie Lynes of Bridgeport, Department Chief of Staff Mary Stewart of Wallingford and Department Aide Catherine Joyce of this city. The officers installed were: President, A Emma Snow; senior vice president, Mary Ashton; junior vice president, Rachel Gallocher; chaplain Mary Benoit; secretary, Laura M. Snow; treasurer, Lena Gates; patriotic instructor, Mary Judge; historian, Mary Mathieu; conductor, Dina Lavigne; assistant conductor, Iva LaVallee; guard, Nellie Cronin; assistant guard, Catherine Joyce; color bearers first, Marceline English; second, Alice Caillouette, third, Estelle Peck and fourth, Katherine Marra The retiring president was presented with a past president's pin by Mrs Flynn on behalf of the auxiliary. The secretary and treasurer received handsome card cases.

The officers and guests and members of A. C. Tyler camp, No. 8 then adjourned to the hotel. Mrs. William B. Sweeney was chairlady of the banquet committee. Mrs. Flynn was toastmistress and in that capacity she called on several of those present for remarks. Acting Historian Marceline English read the auxiliary history. There are 72 members at present.

ROTARY CLUB OBSERVES ITS EIGHTH ANNIVERSARY

(Special to The Bulletin)

WILLIMANTIC, Feb. 19—The eighth anniversary of the Willimantic Rotary club and the 24th anniversary of Rotary International was observed tonight at an evening meeting of the club held in the Nathan Hale hotel. The main speaker of the evening was Rotarian Winslow Russell of Hartford, vice president of the Phoenix Life Insurance Co. Mr. Russell, whose subject was The Mysteries of a Great Career, introduced some intimate details of the life of Lincoln. Telegrams sent by Lincoln during the years of the war were projected on a screen in interesting sequence. The projector was operated by Silas T. Stevens, also of Hartford. The anniversary to the club was delivered by Judge Frank H. Foss, founder of the club and now an honorary member. Justice George E. Hinman read a tribute to the late Rotarian William E. Jackson and it was voted that a copy be spread upon the record.

Special singing was a feature of the evening, selections being rendered by a group accompanied by Dr. R. Bullock Jones at the piano. John C Frazier was chairman of the program.

RHEUMATISM

While in France with the American Army I obtained a prescription that thousands of Rheumatic sufferers have used with wonderful results. The prescription cost me nothing and I ask nothing for it. I will mail it if you will send me your address. A postal will bring it Write today.

Fuel system of the new Ford has been designed for reliability and long service

THE practical value of Ford simplicity of design is especially apparent in the fuel system.

The gasoline tank is built integral with the cowl and is unusually sturdy because it is made of heavy sheet steel, terne plated to prevent rust or corrosion. An additional factor of strength is the fact that it is composed of only two pieces, instead of three or four, and is electrically welded—not soldered.

Because of the location of the tank, the entire flow of gasoline is an even, natural flow—following the natural law of gravity. This is the simplest and most direct way of supplying gasoline to the carburetor without variations in pressure. The gasoline feed pipe of the new Ford *is only* 18 *inches long* and is easily accessible all the way.

The gasoline passes from the tank to the carburetor through a filter or sediment bulb mounted on the steel dash which separates the gasoline tank from the engine.

The carburetor is specially designed and has been built to deliver many thousands of miles of good service. Since all adjustments are fixed except the needle valve and idler, there is practically nothing to get out of order.

The choke rod on the dash acts as a primer and also as a regulator of your gasoline mixture. The new hot-spot manifold insures complete vaporization of the gasoline before it enters the combustion chamber of the engine.

As a matter of fact, the fuel system of the new Ford is so simple in design and so carefully made that it requires very little service attention.

The filter or sediment bulb should be cleaned at regular intervals and the carburetor screen removed and washed in gasoline. Occasionally the drain plug at the bottom of the carburetor should be removed and the carburetor drained for a few seconds.

Have your Ford dealer look after these little details for you when you have the car oiled and greased. A periodic checking-up costs little, but it has a great deal to do with long life and continuously good performance.

WESTERLY

THOMPSON WILL PROBATED—NOTHING TO DIVORCED WIFE

(Special to The Bulletin)

WESTERLY, R. I., Feb. 19—Judge Edward M. Burke in the probate court Tuesday afternoon considered the matter of the estate of Stanton S. Thompson. A petition was received from Washington Trust company, named in will as sole executor, that the estate be probated and letters testimentary be issued the trust company, represented in court by Thomas Perry, trust officer. A trust fund was set up with the Washington Trust company for the sole benefit of Grace S. Thompson, daughter of testator, who died a resident of Westerly Jan. 16, 1929. Witnesses who appeared in court to prove will were William Duguid, Earl R. Barber and Alexander C. Thompson. Earl Barber, a neighbor of testator, told the court that he had given much care to Mr. Thompson, also witnessed the will and declared "Mr. Thompson did not want to sign the will the night it was executed." Mr. Barber declared that Mr. Thompson, a sick man at the time he signed the will, had not read it, as he stated the second day following and regretted having made it. Alexander C. Thompson, recalled, testified that Judge Burke had asked him to take the will to Mr. Thompson. He went to the testator on that account, and on the evening of the signing had gone out at Testator Thompson's request to get witnesses; while he was gone he had told him to read the will over and if it was not what he wanted to destroy it. The will was then signed in the presence of the witnesses.

Judge Burke said he was not impressed with Mr. Barber's testimony, although both Mr. Barber and James B. Thompson, declared that they were not looking for any money from the estate and came into court at the request of the daughter, who has declared that the will was not to her liking. The will provided that its contents should be construed liberally and that if necessary for the comfort of the sole legatee the trust company could use the principal, if deemed wise. At the termination of the trust the fund was to go to the Westerly hospital and to be known as the "Stanton S. Thompson Fund." The will especially cut off the divorced wife of Mr. Thompson.

The will was admitted to probate and bond was fixed at $8,000 without surety. Winslow N. York, Ernest H. Saunders and James B. Thompson were named appraisers.

Estate of Sarah A. Segar. Petition received for probate of will of testatrix who died Dec. 27, 1928. Luella Grace Demerest of Syracuse, N. Y., was named executrix. A second petition was received for the appointment of a commission to take depositions of the will witnesses, Margaret J. Meighan and Harley J. Crane, both living in Syracuse, N. Y. The court appointed Ella A. McDonald of Syracuse, N. Y., a commission and ordered the taking of deposition, with the filing of a photostat copy, and the case continued to the next court session. Other matters considered were: Estates of Allen H Thompson; Thomas Spezzino; Lina T. Lyon; George J. Gary; Nathan L. Langworthy, inventory received and continued to March 5th next; George Pickering and of Mary Cushing Williams Howard.

Franklin lodge, No. 20, F. and A. M., John Albert Pawson, master, held a regular communication Tuesday evening.

Doctor Found Women And Children Sick More Often Than Men

As a family doctor at Monticello Illinois, the whole human body, not any small part of it, was Dr. Caldwell's practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

In the course of Dr. Caldwell's 47 years' practice, he found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin In 1892 he decided to use this formula in the manufacture of Dr. Caldwell's Syrup Pepsin, and placed it on the market.

The preparation immediately had as great a public success as it previously had in Dr. Caldwell's private practice. Now, the third generation is using it Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it. There are thousands of homes in this country that are never without a bottle of Dr. Caldwell's Syrup Pepsin, and we have many hundreds of letters from grateful people telling us it helped when everything else failed.

While women, children and elderly people are especially benefited by Dr. Caldwell's Syrup Pepsin, its mild, gentle action is promptly effective on the most robust constitution and in the most obstinate cases. Containing neither opiates nor narcotics, it is safe for the tiniest baby. Children like it and take it willingly. Every drug store sells Dr. Caldwell's syrup Pepsin.

DANIELSON

BROOKLYN-POMFRET ROAD TO BE BUILT IN SPRING

(Special to The Bulletin)

DANIELSON, Feb. 19—There were indications today that work on the construction of the state highway between Brooklyn and Pomfret will be undertaken early in the spring. The cost of the work is to be divided between the towns of Brooklyn and Pomfret and the state, the state paying the major portion of the cost. The Brooklyn end of the work will begin near the Charles S. Hyde place and the Danielson-Brooklyn trunk line highway. It is to run northward past Rose Hill farm and the Putnam farm, a historic place, to the Haskell stand, an old-time tavern, to a point near the Pomfret railroad station, where it will connect with the Putnam-Willimantic trunk line highway.

The route to be improved is a link in the state aid road that eventually will lead from Lisbon, in New London county, to the Massachusetts line in Woodstock, and to all practical purposes will be a parallel route to the trunk line now running north from Norwich to the Massachusetts line via Danielson, Putnam and Thompson. About six miles of this new route between Brooklyn and Canterbury green is completed and open to travel. Another section from Canterbury green southward to the Lisbon town line is under construction, work having been started last fall, and much of the rough grading already having been done. The entire route may be ready in a year or two. At Pomfret this new, modern highway will connect with state highways long in use, giving a complete hard-surfaced highway route all the way from Norwich into Massachusetts. It will open country known to comparatively few motorists out of the many thousands in the eastern part of the state.

Representatives of the state highway department already have made known to at least some of the residents along the Brooklyn-Pomfret section of the route certain changes that will be made in their properties in carrying out the layout. It is regarded as not unlikely that actual construction operations will be underway within a few weeks.

Frederick Reynolds, 23, of Bridgeport, was before Judge George R. Torrey in the Plainfield town court this afternoon to answer to charges having to do with his having passed a worthless check on James Walker, of that town, for taxi service some time since. Reynolds was located in Bridgeport, his home city, and was brought back to Plainfield by State Officer Elton Nolan, of the Danielson barracks. Reynolds is but 23 years of age.

This afternoon, at the home, in Moosup, a funeral service for Mrs. Mary V. Bitgood, widow of Andrew J. Bitgood, was conducted by Rev. W. H. Dunnack, of the Moosup Methodist Episcopal church, of which Mrs. Bitgood had been a member for years. Burial was in Westfield cemetery, Danielson. The bearers were Charles J. Tillinghast, Francis E. Storer, Dr. George E. Bitgood, Attorney Bradford W. Danielson, Edgar Burdick and Charles H. Prince. A. F. Wood was in charge of the funeral arrangements.

There was a good attendance, including visitors from Rhode Island, Massachusetts and Vermont, last evening at the meeting of Killingly Grange. The interesting program included a vocal number, piano solo, a reading, a Cupid's archery contest and musical numbers.

This afternoon, at 2 o'clock, at Foster Center, funeral services for Mrs. Sadie Card, wife of Byron Card, were conducted by Rev. Donald Strout, of Rice City. Burial was in the Spears family cemetery, at Foster Center. The bearers were Olney Knight, Warren Walker, Albert Phillips and Everett Howard. A. F. Wood was in charge of the funeral arrangements.

Mrs. Card died Saturday at the infirmary at Howard, R. I. She leaves her husband and 8 children. She was 46 years of age.

An interesting possibility is that Killingly will receive $36,211.97 from the state toward the cost of the schools in this town if proposed legislation pending in the general assembly should be enacted. What this means may be indicated by mention of the fact that for the school year 1927-1928 Killingly received $5,099.50 from the state toward meeting educational costs in this town. Under the plan proposed by the state board of education, the minimum standard would be $70 per pupil in average daily attendance, adjusted to the size of the school, so that small schools, in which the average number of pupils per teacher is 14, would be more nearly on an equal basis with the larger buildings. The state refunds to the towns whatever sums the town has expended for the current expenses of the schools, not including kindergartens of transportation, over and above the 34 per cent. of the average tax but not to exceed $70 per pupil. From income for the preceding three years the 34 per cent. are deducted such sums as may have been expended for capital outlays in order to avoid penalizing a town which is paying for improvements out of current expenses. This assumes a minimum local effort and does not tend to pauperize a town. Any town may go as much farther as it chooses. The plan does not stifle local initiative—on the contrary, it encourages it. Expenditures for kindergartens and transportation are not included because they are not common to all towns.

Other towns in this section that would benefit by the proposed legislation are: Brooklyn, where state aid would be increased from $5,014.10 to $7,626.92; Plainfield, from $4,461.75 to $7,839.28; Canterbury, from $9,523.87 to $16,731.08; Hampton, from $6,407.75 to $8,246.21; Pomfret, from $10,398.35 to $14,745.84; Sterling, from $10,498 to $17,689.35.

The body of Mrs. Mary A. Brooks was brought here this evening from Worcester, and is now at A. F. Wood's funeral home. Mrs. Brooks died this afternoon at the home of her daughter, Mrs. Frank Allen, in Worcester. She was 87 years of age, a native of Yorkshire, England, and the widow of David Brooks. For a long term of years Mrs. Brooks and the members of her family were residents at Elmville. Mrs. Brooks leaves four daughters, Mrs. Frank Allen, at whose home she died, Mrs. Walter Greene, also resident in Worcester, and Mrs. George F. Pierce and Miss Gertrude Brooks, both residents of Sterling, and two sons, David G. Brooks, of this town, and Fred W. Brooks, of Providence.

William R. Oates has received a verified reception stamp from KMX, Los Angeles, for a radio program that he picked up from that Pacific coast station heer in Danielson on a recent evening.

Nathan Blumenthal was in Norwich, where his father is dangerously ill, today.

Miss Annie Doyle, a former resident of Danielson, is seriously ill of pneumonia, at her home, in Providence. Her brother, John Doyle, and Miss Alice Monohan, of Danielson, have been visitors with her.

This morning Delphis Prives was before Judge W. Fenner Woodword in the town court to answer to a charge of failing to grant the right of way when his car was in collision Sunday morning, with a machine operated by Thomas Gallichant. Prives was fined $5 and costs.

Friends from Danielson were at Moosup this afternoon, to attend the funeral of Mrs. A. J. Bitgood.

The Italian liner on which Harry E. Back, Jr., is a passenger, bound for a tour of Egypt and Europe, arrived at Gibraltar yesterday.

There is to be a hearing before Judge W. Fenner Woodword in the town court the coming week to arrange for the disposition of three of the children of Otis Wilcox. The mother of the children died a few days ago under tragic circumstances.

The baseball season has opened early in Danielson. Already Chief John McFarland has been called to Mechanic street to disperse boys who were staging a game in the street, with big stones for bases, and incidentally halting traffic.

Mrs. Alfred Pluze, who has been spending the winter with her daughter in Stamford, has returned to her home here.

Quail, that have been protected through several years of unbroken closed seasons, are reported to have wintered well to date, and are said to be quite plentiful.

As a variation from influenza and hard colds, whooping cough has made its appearance in Danielson, though no great number has been afflicted to date.

As to ways and means of illuminating the faces of the "town" clock in the spire of Westfield Congregational church at night, as has been suggested would be a nice thing to do, the idea was brought forward today that the borough assume the small cost of meeting the lighting bill.

Danielson town basketball team plays the Norton A. C., of Worcester, this week.

The Washington's birthday meeting of Sarah Williams Danielson chapter, D. A. R., is to be followed by a supper. Each member has the privilege of inviting a guest.

Mrs. Kenneth Stetson, who was so badly burned at her home in Brooklyn a number of weeks ago while attending a heater, is making fine progress toward a full recovery.

PUTNAM

LOCAL MILITARY UNIT INSPECTED BY FEDERAL MEN

(Special to The Bulletin)

PUTNAM, Feb. 19—The headquarters company, 43rd. Div., C. N. G., Putnam's military unit was subjected to federal inspection Monday afternoon and evening when Col. J. N. Hall, U. S. A., D. O. L., of Providence paid a visit to the state armory in the interests of the war department. During the afternoon Colonel Hall accompanied by Capt. J. J. McGarry commanding officer of the local company and Major E. L. Darbie, of Danielson, commanding officer of special troops examined the records, equipment and other properties of the headquarters company.

In the evening the three officers appeared in the huge drill hall of the armory where they reviewed the company complete, to a man. Close order drill movements were in command of Lieutenants Charles A. Woodward and Francis H. Murphy. Many of the different phases of soldiering were exhibited by the members of the company all of whom performed their assignments to perfection. During the evening each private and non-commissioned officer was interviewed by Col. Hall, the government inspecting official.

Major Darbie informed Capt. McGarry at the close of the inspection that he was well pleased with the showing made by the guardsmen last evening, especially in their drill movements. Col. Hall will make a report of his finding to the war department in Washington, at which time the government officials will so inform the commandant of local unit of the company.

The headquarters company was federally recognized on June 6, 1924. The company has grown steadily in enlisted strength each year until at present the roster is composed of three officers and 53 enlisted men, in addition to a reserve list of guardsmen who are subject to call.

Effective today the state officers from Danielson barracks will in the future conduct automobile driving examinations for license applicants at the Bruce automobile salesrooms on Front street instead of the regular headquarters at the Prentice filling station on North School street. State officers will continue to give driving tests on Tuesdays in this city as in the past.

The weekly meeting of the Bridge Widows was held last evening at the home of Mrs. Omer J. Milot on Fremont street. Mrs. L. T. Champlain was again successful in winning the first honors of the evening while Mrs. Edward H. Burt of Grove street possessed the lowest score of the evening and was awarded the consolation prize. The widows will meet again on next Monday evening at the home of Mrs. Champlain on Grove street.

The "Brother Bills" turned the tables again last evening on their opponents the Masons in the Elks-Masons indoor sports tournament held at the Elks home on Main street. The final score of the evening being 12 to 4 with the Elks again on the long end of the score. The overwhelming victory chalked up by the Elks last night leaves little opportunity for the many times defeated Masons to win a seasonal triumph. At the close of last night's round the Elks served their guests with a buffet lunch arranged by the members of the grill committee.

Daniel J. Byrne, treasurer of the Putnam Savings bank and one of the leading residents of this city, who for the past six days has been dangerously ill of pneumonia at his home on Seward street, was reported to be in a grave condition at noon today, following a relapse suffered during the early hours of Monday evening. Late yesterday afternoon the condition of the Putnam banker was said to have been most encouraging, since the malady caused him to retire to his bed last Thursday.

So doubtful was his condition at noon today that radio messages were sent out at the request of the members of his family in an attempt to inform John E. Byrne, former state banking commissioner and now vice president of the Hartford Connecticut Trust company, who is on a southern cruise. It was said this afternoon that the radio messages were successful in reaching Mr. Byrne and he is now on his way to Putnam to the bedside of his brother.

"SHADY ELMS" BURNED TO THE GROUND

(Special to The Bulletin)

PUTNAM, Feb. 19—"Shady Elms," a two story dwelling house located on the state highway between Phoenixville and Abington was totally destroyed by fire this afternoon. The structure was of wooden construction and was owned by Daniel Himes, son of Charles M. Himes, who is former commissioner of the state board of education. The fire is believed to have originated from a defective chimney, since flames were first seen to be creeping from the vicinity of the chimney. There was no outside help available and within a few minutes the entire house was enveloped in flames. The fire loss was estimated to be about $3,000.

Members of the Women's union of the Congregational church gathered at the home of Miss Silas M. Wheelock on Church street this afternon where they listened to an address by Mrs. Theodore Greene of New Britain, noted social worker who spoke on the subject of "Social Relations." Mrs. Greene has had a varied experience in social work and her address was of highest interest to the members of the church society.

The hostesses who assisted Mrs. Wheelock in entertaining were Mrs. George Brousseau of Wilkinson street, Mrs. Charles Dean of Mechanics street, Mrs. Frederick Prince of South Main street, Mrs. John Moss of Alpha street and Miss Alice Smith of South Main street.

As agreed when the purchase of land was made from the Congregational church last week, the officials of the Cargill Trust company of this city are now having plans drawn up for their new banking home which is to be erected on the present site of the O'Leary block on Main street. The O'Leary property was acquired about two years ago by the Cargill Trust company for the new banking building. Treasurer J. Dyer Potter of the bank said this afternoon that as soon as plans have been submitted to the officials of the bank by architects now working upon them, an architect's view of the proposed new structure will be displayed together with specifications of the building.

As in other towns where the quarantine applying to dogs is soon to take effect a number of dog owners in this city have subjected their canines to vaccination treatment to further protect them from rabies. As explained in the Danielson column of the Bulletin this morning the vaccination affords the dog twenty-one days of additional freedom. It was observed today in various places where dogs are now chained to leases or are confined to kennel enclosures.

About a week previous to the mad dog scare experienced in Killingly scores of dogs were roaming the streets of the city and prying the way into backyards of the residential section. A sudden change has taken place and the breeds are no longer seen enjoying such freedom.

Boys in this section who have attended Camp Woodstock, the Tri-county camp of the Y. M. C. A. of Windham, Tolland and Hartford counties, in West Woodstock, are now receiving testimonial letters written in memory of the late Frank B. Condon who was director of the camp two years ago. The eulogy was written by Rev. G. S. Brooks of Rockville, where the former "Y" leader made his home, and a copy has been mailed to every youth who has attended camp in the past.

Dr. Edward F. Perry and Rev. James F. English of this city were in Hartford yesterday.

In honor of George Washington, father of his country, schools in the city will suspend sessions on Friday Feb. 22, it was announced today by Supt. of Schools Leon N. Farrin.

Mr. and Mrs. Chas. Bugbee, formerly of Woodstock are now spending the winter months in Florida.

City and rural carriers and a few of the clerks of the local post office are planning to attend the state meeting of mail carriers to be held Friday in Middletown.

Mr. and Mrs. Jerome Andrews of Aquebogue, L. I., have returned to their home there after a visit with Mr. Andrews parents, Mr. and Mrs. B. N. Andrews of Farrows street.

Workmen continued to remove the charred ruins of the old Chickern house on Union street today.

JEWETT CITY

BUZZ IN EAR STOPPED WHEN STONE WAS REMOVED

(Special to The Bulletin.)

JEWETT CITY, Feb. 19—Complaining last week of a buzzing sound in one ear, Helen Chartier an employe in the spinning department at the Ashland mill, called in Mrs. P. W. Chase, the corporation's nurse. Close examination located a small stone which had evidently lodged in the ear when Miss Chartier was a child, as she has no recollection of anything of this nature being placed in her hearing apparatus. The stone was removed by an ear specialist with noticeable improvement in hearing, which has been defective since childhood.

Several truck loads of looms from the Ashland Cotton Co.'s mill have been moved to Fall River, where they will bep ut into operation.

Valentine Social

Faith chapter O. E. S. at the close of its regular meeting held a Valentine social which was much enjoyed. The prizes were awarded Mrs. John Hinchcliffe, Mrs. N. B. Parkhurst, Mrs. Dona Ballou, W. J. Robertson and Walter Field. Candy and salted nuts were served. The committee was Mrs. Walter Benjamin, Rose Crumb, Sadie Thompson and Eleanor Stetson.

Pepin brothers are making arrangements to mount the two-headed calf born last week on the Red Brick House farm.

Rev. G. F. Goodenough was at New London Tuesday to be present at the funeral of Rev. Allen Shaw Bush, of Gales Ferry.

Home town weather sharps predict that this winter will be like last, with no severe weather after Washington's birthday.

COM. HOWARD E. ELLIOTT WAS COMING TO BOROUGH TODAY

(Special to The Bulletin)

JEWETT CITY, Feb. 19—William R. Palmer, Griswold's dog warden has a letter from the late Chief Deputy Commissioner Howard E. Elliott, who lost his life in an automobile accident late Sunday evening. The commissioner was to have been here by his own appointment Wednesday.

OUTSIDE HIGHWAYS.

Whenever efforts have been made to construct main highways so that they would skirt cities and villages stiff remonstrances have been made on the ground that communities wanted such traffic to go through the center for such business as might be obtained therefrom and for advertising purposes.

With the growth of auto traffic this has meant that city and village streets have been greatly congested and through traffic has made its contributions thereto. This has meant not only clogged streets but it has meant delay for the travelers. They have been halted not only by the decreased speed which they must make in crawling through cities, finding their way and obeying traffic signals but they have encountered restrictions about which they knew nothing and which they innocently violated.

As a result of a questionnaire sent out by the American Automobile association concerning motoring through cities, 71 per cent. of those who answered declared it their preference to avoid cities when possible because of inadequate route signs, confusing traffic regulations and street congestion.

It is easy to understand such an attitude and no doubt those who have traveled for any distance and been obliged to zigzag through cities in an attempt to follow a particular route or to inquire their way through without having any idea of stopping have been unfavorably impressed with city driving and would gladly have taken an outside route had one been available.

When main highways are constructed around a city there is always the alternative of using it or going through the city. Those who are desirous of seeing the municipality in such a manner, those who are planning to stop and trade or those who are seeking meals or other accommodations would naturally not be diverted from their course. Those endeavoring to get to their destination as quickly as possible would be accommodated by the outlying highway and the use of such by the many going in both directions would contribute much to the relief of the crowded city streets.

PORTER AND CAPPER RESOLUTIONS.

In the house and in the senate there are two similar resolutions intended to accomplish much the same things. There is a question whether either will be passed at this session of congress because of the small amount of time remaining and the large volume of business to be disposed of.

In the house the resolution bears the name of Congressman Porter. To this Secretary of State Kellogg has given his approval and that means helpful support.

These resolutions deal with the placing of embargoes on arms to belligerents. The Porter resolution would give the president the authority to place an embargo on the shipment of arms to any country, which is an extension of the existing authority inasmuch as such an embargo at present can only be placed upon shipments to American countries. But in addition to what the Porter resolution would do, Secretary Kellogg urged that power be given the president to put an embargo upon arms to any number of countries at the same time and to also give him the right to remove such an embargo. It is quite as important that the power of removal should be extended as the right to place the ban on shipments.

In the senate Senator Capper by his resolution would authorize the president to refuse the shipment of arms to any country that has violated the provisions of the Kellogg pact. That would serve the purpose of giving support to the treaty renouncing war and penalize such country as might violate its provisions. The contention is made that such would place upon the president the responsibility of determining which country was the violator and govern his action in regard to an embargo accordingly.

It is not improbable that these differences can be ironed out in time before the day comes for the adoption of either one of the resolutions. As for the Porter resolution it appears to be an extension of authority already possessed, while the Capper resolution appears to be a moral support for the treaty. In connection with the latter the question has been raised as to the advisability of one country undertaking to act without the cooperation of the others. If such were the case it seems probable that the object of the resolution would fail of the desired result.

PERSONAL BUT ENLIGHTENING.

In connection with the opinion asked of and expressed by Sir Esme Howard, British ambassador to this country, relative to the early calling of a conference on armament limitation by Great Britain, the ambassador has taken prompt measures to make it understood that what he had to say was in answer to questions put to him and expressed only his personal views. He was not speaking for his government.

Nevertheless even though Ambassador Howard was voicing only his own views it is to be noted that they were favorable to such action. He was even inclined to think that his country would take the lead in that respect and the indications were that he felt that such would be in keeping with British sentiment in view of the failure of the Geneva conference where the British attitude was regarded as being one if not the chief reason for its failure.

Naturally this question comes to the front in connection with the plans which are being made for the general election in a couple of months. There has been much criticism of the conservative government and it is known that the opponents are committed to the policy of having another conference called for the purpose of endeavoring to overcome the ill effects of the Geneva gathering.

Thus even though Sir Esme Howard hastens to declare that he was speaking for himself rather than his government, it will not be surprising if it develops that his government does about what he has indicated. In speaking for himself he was acquainted with British sentiment, and it is not improbable that his words will yet be upheld by explanations or actions on the part of British government leaders. If he should be asked by his government as to his views of the situation there is no question but what his answer would be similar to what he has put forth as his personal opinion. This at least furnishes reason for the belief that the time is not far distant when a new effort in behalf of limitation will be made in the belief that it not only ought to but will be a success.

MAKING THE TEST.

It has long been maintained that the government should get out of the business of owning and operating merchant ships. The position taken has been that it is unfair to private capital and the vessels which the government found on its hands after the war ought to be disposed of as quickly as possible. The plea to get the government out of such business has been persistently hammered home.

Perhaps it was more easily said than done when it came to giving fair consideration to the government's investment, but now that the bid for the United States lines and the American Merchant lines has been accepted the opportunity is presented to demonstrate the greater efficiency of private enterprise.

As the government will receive its money and turn over the ships close watch will be kept to see where the costly operations under government handling can be cut down, and at the same time to watch the advantages which accrue to the vessels under private capital. In this connection it cannot fail to be noted with interest that it is the proposal of the purchasers to construct two new vessels which will outdistance the Leviathan. This, in view of the claim that the big ship which was taken over as the result of the war has not been a money maker, will mean a venture on the part of the new buyers, but one in which they have confidence. They are making such plans in the expectation that the service that will be offered will be such as to attract the business that will make them profitable. They are acting in accord with the desires of the government and will doubtless take advantage of the assistance which the government has provided for through legislation. The test will command the attention of more than government officials.

FEELING THE PENALTY.

What the assistant secretary for aviation in the department of commerce will say as the result of the appeal made by Bert Acosta for the return of his license to fly is problematical. It is to be expected that there will be a thorough hearing of the facts and that the flier will be impressed with the fact that he, as a prominent aviator, has transgressed the laws of at least two states, and directly thereafter so conducted himself on a Chicago flying field that the privilege of using it was withdrawn. His license to fly was therefore cancelled for good and sufficient reason.

It is entirely possible that Acosta was in full control of his machine at the times in question, one of which was in the Naugatuck valley, but it cannot be overlooked that as one of the leading fliers he was showing the rankest kind of contempt for laws which it had been considered necessary to establish. Clearly, if it were possible for him to disregard flying laws there would be no good reason for others obeying them. It was necessary to call him to account in order to have the laws amount to something.

From the fact that he has been denied the right to guide a flying machine, it becomes evident that he has felt the sting of the law. He wants to overcome the handicap, but while he is making his appeal for reinstatement he should not neglect to disclose to the aviation secretary that he skipped his bond in Connecticut under which he took an appeal from a jail sentence to a higher court before which he never appeared. His disposition to do as he pleases, regardless of regulations, has been one of the strongest reasons for keeping him out of the pilot's seat of a flying machine. Whether the secretary will be willing to accept his promise to do differently is a question.

TRIANGLE

Angle I. was Mrs. Peter Craigen, who was charming enough, in pale rose breakfast coat and cap, to attract even the eye of a husband married to her over three years.

"Peter Craigen! don't believe you heard a word I said!" Tears sounded close in Mrs. Craigen's usually soft voice.

"Course I did, honey," he soothed, laying down the morning paper. "Just go ahead and do whatever you think best, dear. If you want the dining room done over in red—eight-fifteen! I'd better rush to the train. S'long, honey."

Mrs. Peter Craigen's soft blue eyes filled with tears as her husband shut the outer door of their bungalow. Peter simply did not love her any more, except perhaps with that tolerant, easy going affection of three years of marriage. And no woman worth her salt cares a fig for that kind of affection!

"The idea of his saying he heard me, and then telling me to have the dining room done in red if I want to. I hate red dining rooms! All he heard was the faintest sound of my voice."

This was true enough. For what Mrs. Peter Craigen had asked her husband was, didn't he think the flowers on the dining room table looked sort of dead.

Angle II. was Peter Craigen, who was puzzling over a letter written in a back-hand he didn't recognize on palest lavender stationery, a few mornings later, in his private office. Worriedly—for he had no feminine correspondence—Peter read the letter for the fourth time.

"Dear Peter: I'm passing through your city and just can't bear to leave without seeing you. For old times' sake, won't you meet me at my hotel, the El Verlaine, this evening? There's a tiny alcove off the main stairway—

"It's been so long since I've seen you, and I don't even know if you're married! I've never married, Peter.

"YOUR LITTLE OLD PAL."

His little old pal! Who on earth was she anyway? Not that he cared. When a man had a wife like Beth no other woman could interest him for a moment.

What a strange perfume the letter gave off. Hang it! He wasn't the kind who went looking around for adventures. When a man marries — She said she had never married. He'd hate to think he was the cause of her staying single. That is, of course — Well, just for curiosity's sake, he'd tell Beth all about it. Later.

Angle III. was the mysterious lady in waiting at the Hotel El Verlaine Peter's sense of guilt when he telephoned Mrs. Peter that he couldn't be home to dinner was great indeed. Not for him was the appeal of the El Verlaine's great French windows, with their imported Spanish tapestry!

The alcove off the main stairway? Cautiously Peter stepped across to its inviting retreat, and softly drew aside the velvet drapes. The lady of the letter was seated with her back to him. If he might only catch a glimpse of her first, before she saw him!

"Ye gods!" His exclamation was mental, fortunately. Quickly he let the drapes fall back to place and, with undignified haste, rushed from the room. So fast could he think when he had to, that it was only a matter of five minutes later when a bellboy stepped into the alcove with a card in his hand.

"Mr. Peter Craigen," announced the boy, "said to ask you to please join him on the Spanish balcony. He's having dinner served there—for two." And over the beautiful dinner service of the Hotel El Verlaine, Mrs. Peter Craigen raised two tear-wet blue eyes to her husband's mild brown ones.

"I'm terrible ashamed of myself, Peter, and I owe you a million apologies. But I—I was so afraid you'd stopped loving me, and I thought if—if I could get back your interest in me again —" Peter Craigen regarded his wife thoughtfully.

"But how could such a scheme have helped?" he asked, bewildered.

"I don't know," gulped little Mrs Peter Craigen. "I—I rather guess it couldn't have—if you really didn't care any more. Oh, I am so ashamed of myself! And it would have served me right if there had been some other woman. Yes, it would. I never realized that I was leading you into temptation, Peter. But I'm so glad you knew all along that it was I!" she finished happily.

And the moon, peeping through the hand-wrought iron grillwork of the El Verlaine's magnificent Spanish balcony, winked solemnly, most solemnly, at Peter.—Chicago News.

"LENT AND MY WORK"

Memory Verse for Wednesday

"I have finished the work which Thou gavest me to do." (John 14:4).

(Read: Mark 4:26 to 33.)

MEDITATION: These are surprising words. In that brief life what has been accomplished? The sower has cast his seed into the ground, leaving the earth to bring forth fruit of itself. As for me perhaps I over-estimate myself. It may be my vanity or my ambition that reproaches me. God may not expect so much of me as I think. And I am impatient of results. I would be sower and reaper, too, which may not be. If I have reaped that whereon I spent no labor, shall I not sow for harvests that I will never see?

PRAYER: O God who art Lord of the seed time and of the harvest and who alone dost bring fruitfulness unto the labors of men, accept my unfinished tasks. Let no sense of failure dampen my ardor or embitter my heart. Comfort me with the assurance that nothing put into the life of men is ever lost, that no labor spent for Thee is in vain. Amen.

LETTERS TO THE EDITOR

Some Questions

Mr. Editor: If I should speak of our flag as the national rag or Uncle Sam's night shirt or similar names, how long would the people stand it? And yet when the news agencies speak of the constitution for which the flag stands as liquor laws, slavery laws, woman's rights laws or any other part of the constitution as only laws, are they not belittling if not absolutely insulting that for which the flag stands? Should not such news be barred from the mails as a menace to the constitution and our government? Pray tell me why so much sympathy is lavished upon the murderers and lawless! What is the reason that our news agencies harp so much about a chronic she criminal? If there were a vicious dog or an ugly bull that did one-half the evil she insists upon doing they would be shot or butchered—why excite the sympathies of the public by telling that she is the mother of ten children, six of whom are dead—(more sympathy) and their father is in state prison for two years, and let me add who is to care for those ten children now? That account was made prominent in our home paper by large capitals extending across two columns.

And now please will some one tell me, for I want to know, if the same case of violation of the "liquor law" with the same evidence tried as a violation of the 18th amendment brings a fine of $1,000 and a year at Atlanta, instead of $200, and a pardoned jail sentence meted out by our city? Why should we not have state laws whose penalty at least corresponds with the national laws? Is a chronic criminal any safer to the community than a chronic lunatic? If one is at large should not the other be? If one case of typhoid fever should be reported in the city the farms for miles and miles around would be hunted for the cause, the germ hunters would be out in full force to hunt down the little bugs. They would hunt up some unfortunate who has to work for his living and say he must quit work because he is a bacteria carrier and let him starve, for who would hire one who is thoroughly advertised as such. All the cesspools would be ordered cleaned and disinfected. Now why, when all this is done to prevent physical disease should there not be more done to prevent moral, spiritual and physical disease combined? Would one coal shovelful clean a large cesspool of physical filth or would it make only an opening for more germ carrying flies to pollute our food? Does a $200 fine and a pardoned jail sentence go any farther toward cleaning the cesspools of vice and crime than the coal shovel? I use pardon as a better word for the occasion than suspend. In either case the criminal can go right home and continue his crime until it is expedient "to pull his leg" again and the jail part of the sentence is perpetually suspended.

One more question please. Is breaking the U. S. constitution or insulting the constitution a crime? If so why should it not be punished as a crime?

Yours for information,
SILAS S. WHIPPLE.

A Washington Bystander

By KIRKE L. SIMPSON

WASHINGTON, Feb. 19—Forces at play around that most unhappy government regulatory agency, the radio commission, seem to qualify that organization for unchallenged supremecy as the football of politics. Its head has been under the edge of the guillotine from the hour of its birth.

Twice its life as an administrative body was all but extinct. The only question was whether congress would vote at the last minute to suspend sentence of execution another year, and if President Coolidge would approve suh a bill if passed.

All of which makes it mighty interesting to look back over the troubled history of this ailing infant among the government's large family of otherwise lusty independent executive agencies.

They are a troublesome family for any president. In most instances they represent efforts by congress to set up executive agencies largely independent of presidential direction and control and which are apt, at least, to be more responsive to congressional than presidential suggestion.

Good Case in Point

The radio commission is a striking example. It was conceived originally as a judicial body before which complainants against department of commerce radio rulings could have their day in court before proceeding to litigation.

That was Hoover's idea as secretary of commerce in sponsoring the original bill. But that also came up just at a moment when aspirations for the republican presidential nomination were at fever heat, particularly in the senate, and when Mr. Hoover was still possibly a beatable opponent for that honor.

There has never been any doubt that Senator Jim Watson of Indiana was the leading spirit in the senate movement to recast the Hoover radio control project so as to take it completely out of Hoover's hands. That is what the senate amendment, imposing in the radio commission the administrative functions it has exercised, actually did.

Watson Goes Ahead

Senator Watson is not through with the subject by any means. In December he introduced but has not pressed a bill creating a federal communications commission. It would abolish the radio commission utterly.

More than that, it would strip every vestige of authority over "transmission of intelligence" by radio, telegraph, telephone or cable from all other agencies of the executive branch of government, even specifically from the president, consolidating it all in the new independent commission.

It would seem that the Indiana senator hopes to keep radio out of Hoover control in the future as effectively as he has tried in the past.

YOUR INCOME TAX

A loss on the sale of residential property purchased or constructed by the taxpayer for use as his personal residence and so used by him up to the time of the sale is not deductible. Where, however, property so purchased or constructed is prior to its sale rented or otherwise appropriated to income-producing purposes and is used for such purposes up to the time of its sale, a loss from the sale of the property computed as provided in section 111 of the revenue act of 1928, is an allowable deduction in an amount not to exceed the excess of the value of the property at the time it was appropriated to income-producing purposes (with proper adjustment for depreciation) over the amount realized from the sale. However, in case the property was appropriated prior to March 1, 1913, the loss is an allowable deduction in an amount not to exceed the excess of the value of the property at the time it was so appropriated or at March 1, 1913, whichever is greater (with proper adjustment for depreciation), over the amount realized from the sale. A person claiming a deduction for a loss incurred in the sale of residential property should attach to his return a statement showing how the deduction was computed, including facts as to the use of the property, supported by evidence (records if possible), and the date the property was appropriated to income-producing purposes and its value on the date it was so appropriated.

Burgess Bedtime Story

Where Danny's Family Had Gone

Uneasy youth the world must see,
And on the move incessant be.
—Old Mother Nature.

The eight children of Danny Meadow Mouse left home at a very early age. By the time they were a month old they were out in the Great World. Doesn't that seem like a very early age? But in the life of a Meadow Mouse it isn't so early. No, sir, it isn't so early. You see, some of those children would have families of their own before they were two months old.

You will remember that the haystack under which Nanny and Danny

He couldn't be satisfied, so he kept on moving on and on

Meadow Mouse had been living and where they had had their family of eight children, had been carried away. Now, before this happened the children, or most of them, had left home for good. But all of them were living under the old haystack. They had scattered, but they had been wise enough to know that there could be no better place than right there under that haystack.

Then had come the terrible fright. That was when Farmer Brown's Boy had come to get the hay to take it up to the barnyard. There had been a grand scattering of all the mice that were living underneath that haystack. Of course, leading away from that haystack were many little tunnels under the snow, and it was into these tunnels that the frightened Mice had run. Some had gone one way, some had gone another. Some had gone only a short distance; others had kept on going as long as they could find open little tunnels along which to run.

Now it is one of the happy provisions of Old Mother Nature that her little people shall quickly recover from fright. They may be terribly frightened, but in even a few minutes, if they are undisturbed, they may have wholly recovered from that fear. It was so with all the young Mice when they were thus driven out into the Great World. They were at first terribly frightened, but within a few minutes fear had given way to curiosity and in a few minutes more they had quite forgotten what had happened behind them. So it is with most of the little people of the Green Meadows and the Green Forest, and a very good thing it is that it is so.

Of course, in a family of eight children, some are smarter than others. Some are bolder than others. Some are careless and heedless. Some are cautious and timid. It was just so with this family of Meadow Mice. Before that day was over one of the most venturesome had climbed up to the surface of the snow and because he had had no experience he didn't watch out for Roughleg the Hawk. Another waited until night before going up to the surface of the snow. And then in the moonlight he had a wonderful time scampering from weedtop to weedtop and finding seeds such as he had never tasted before. But he, too, was heedless, and when Hooty the Owl had passed on silent wings, there was no little Meadow Mouse scampering around on the surface of the snow.

A third, a very timid, small person, met in one of the little tunnels a strange young Meadow Mouse. They straightaway fell in love and made themselves a home. A fourth became a traveler. He was uneasy. He couldn't be satisfied anywhere and so he kept moving on and on, digging for himself little tunnels in the snow, when there were none already built. And so in time he, too, found a mate far from where the old haystack had been and there established a new home.

A fifth Reddy Fox knows more about than I can tell you. And a sixth made the acquaintance of Old Man Coyote. What became of the seventh and eighth I have not heard. As for Danny and Nanny Meadow Mouse, they never did hear what had become of any of their children. But this didn't trouble them at all, for they soon had new family cares to occupy their time.

Stories That Recall Others

All But the "Pin"

A little three-year-old had gone to the doctor to take his second "shot" for the prevention of whooping cough. From his first experience he knew what to expect and of course was a little shy of the hypodermic needle.

"See here, wouldn't you like to have this to play with, Jimmie?" inquired the doctor.

Jimmie looked at the needle and then the doctor and replied: "Yes, if you would take that pin out of it."

Both of Them

A minister was making some pastoral calls and found at one home only the little boy there. He stopped to engage the little boy in conversation, however, and asked him among other things if he was a good boy and minded his mother.

"Yep," the little boy answered, "and so does dad."

The GREATER HUDSON

acclaimed by the smartest buyers the outstanding value above $1,000

The secret ballot that forecast what all motordom is now saying . . .

The Greater Hudson was first shown to groups of motor dealers who were asked to examine it from the standpoint of general attractiveness in lines, appearance, comfort, fittings, performance and value, and then to cast a secret ballot on which they checked their individual appraisement of every detail.

The vote by these many dealers gave a true indication of public acceptance with the result that twice as many dealers have contracted for Hudson this year as had signed at this time one year ago.

Now by tens and tens of thousands automobile buyers are likewise casting their secret and unanimous vote for the Greater Hudson. You will see the score in 5,000 salesrooms. It is conclusive proof that the Greater Hudson is the public favorite of all cars selling above $1,000.

Won't you, too, go to the nearest Hudson dealer and make your appraisement as so many thousands have already done.

on court or links, try the little exerciser in the vest-pocket box for a dime!

Physicians say Cascarets give your bowels as much real exercise as you get from an hour of hard play! They are made from Cascara Sagrada, which stimulates the peristaltic action and exercises the bowel muscles. Oils, salts and ordinary laxatives don't act like Cascarets. These things only produce mechanical or chemical action, which really weakens the bowels.

Every time you take Cascarets your bowels become stronger. That's the reason they give lasting relief from constipation, biliousness, headaches, indigestion, bloating, etc. That's why 20 million boxes are used a year!

OBITUARY.

Mrs. Louis A. DeGrenier

Following a long illness Mrs. Sybil R. DeGrenier, wife of Louis A. DeGrenier of No. 541 Main street, died Monday morning. She was born in Canterbury, Sept. 12, 1887, the daughter of George C. and Jane Baker Rathbun and received her education there. Mrs. DeGrenier also attended the Central Village public schools and graduated from Plainfield high school, later teaching for several years at Canterbury.

Mrs. DeGrenier was united in marriage with Louis A. DeGrenier in Willimantic, Nov. 25, 1910 and two years later they came to this city, where they have since resided. She was prominently identified with the Congregational church at Westminster Hill during her residence in Canterbury and attended the Central Baptist church this city. For a number of years Mrs. DeGrenier was a member of the Social Corner of the Norwich Bulletin and of Club No. 2 of the Corner. She was a faithful contributor and wrote under the pen name of "White Dawn."

Mrs. DeGrenier is survived by her husband, a daughter, Ruth, and a son, Cleland, also two uncles and two aunts at Canterbury and several cousins in Brooklyn, Conn.

Mrs. William H. Allen

Following an illness of several weeks, Abby D. Johnson, dear wife of William H. Allen passed away at her home, 18 Huntington place, Tuesday afternoon, at five o'clock. She was born in Ware, Mass., but had passed all of her life in Norwich.

She was united in marriage in January, 1893, with William Henry Allen of this city.

She was prominent in music circles and one of the first members of Faith Trumbull chapter, Daughters of the American Revolution. She was an active member of Park Congregational church, also served for many years on the Rock Nook Home committee of the United Workers.

She is survived by her husband, a son, Alfred Pierce Allen, and a daughter, Barbara F. Allen.

To Mrs. Allen's wide circle of friends, especially those who have been for so long associated with her in Park church and on the committees to which she gave such faithful and devoted service, the announcement of her death will bring profound sorrow.

Mrs. Herman James Lucier

Following an illness of about three weeks, Mrs. Melina Lucier, wife of Herman James Lucier, died at her home in Occum, Monday afternoon at 2:25 o'clock. She was the daughter of Mr. and Mrs. Joseph Lacroix and was born February 22, at Farnham, Can.

For 38 years Mrs. Lucier had been a resident of Occum. She was a devout member of St. Joseph's parish Occum, and a member of the St. Anne society. Mrs. Lucier was a loving wife and mother and had a large number of admiring friends who deeply mourn her death and who extend heartfelt sympathy to the family.

Surviving are five daughters, Mrs. Charles Tatreault and Mrs. Alexander Disco, of Versailles, Mrs. Clifford Thebeault, Mrs. John Joubert, of Taftville, Mrs. Wilfred St. Germaine, of Montville, and one son, Ernest Lucier, of Occum. There are several grandchildren.

Dr. George B. Brigden

Dr. George B. Brigden, eighty-six years old, died Friday night at the home of his son, Everard H. P. Brigden, 791 Ridge street, Newark, N. J., after an illness of three months. He was an eye, ear and nose specialist in Somerville, N. J., many years and continued practice there until his last illness.

Dr. Brigden's ancestors came to America from England, in 1634, and settled in New England. Dr. Brigden was born July 26, 1842, in Norwich, and was educated in the local schools and in the University of Vermont. He took a specialist's course under Dr. Herman Knapp, of New York, and became the third specialist in Connecticut.

In May, 1866, Dr. Brigden was married to Miss Ellen Preston, and they made their home in Norwich until 1897, when they moved to Newark. Soon after locating there Dr. Brigden established an office in Somerville. Mrs. Brigden died ten years ago.

Surviving Dr. Brigden are the son, Everard, another son, William P. Brigden, of Merrit, Fla., and a daughter, Mrs. James A. Hulse, of Newark. There are eight grandchildren and five great-grandchildren.

STEWART WILL APPEAL TRIAL IS STARTED

In the superior court at New London, Tuesday, trial of the appeal from probate case of G. Russell Stewart, et al., of North Stonington, against Attorney Charles L. Stewart, of this city executor of the will of the late William Stewart, was started before Judge Christopher L. Avery and a jury.

The appellants appear in court claiming that the instrument in question is not the last will and testament of the deceased and was not executed by him in conformity to law, never signed, sealed or published by him as his will.

They further allege that the deceased at the time "said pretended will" was supposed to have been executed by him, was not of sound and disposing mind and memory and was incapable of reason of mental incapacity to make a will.

They claim he was mentally weak and that his natural affection for his kindred was turned to hatred and his intellect was deranged, and that while he was in such a state of mind, Charles L. Stewart and others "exerted undue influence upon him and induced him to execute said pretended will as his will" and that at the time he was incapable of comprehending the provisions and dispositions therein.

The first four witnesses were called by the defense for the purpose of establishing the will. They were Bertha M. Brown, Charles A. Palmer, Ruth F. Wilcox and James W. Shaw. The jury hearing the case consists of the following:

New London—Loyl M. Kerran, Thomas Gerson, Gurdon Pendleton, Archie F. Hutchins.

Groton—James E. Griswold, George O. Vincent, George B. Lewis, Isaac C. Lamb.

Montville—Fred Kent.

Waterford—Stanley Jordan, Monroe T. Beckwith, Lodowick Driscoll.

GEN. MALONE ADDRESSES LARGE AUDIENCE AT PATRIOTIC DINNER

MAJ. GEN. PAUL B. MALONE

Enforce the present military acts to the letter, eliminate the old fight between capital and labor and the passage of the Washington treaty with the 5-5-3 ratio, were three "preventives against future loss in this country through unpreparedness typical of our first months in the World war advocated by Major General Paul B. Malone U. S. A., commander of the Sixth Corps area, Chicago, Ill., in a stirring and brilliant address at the civic and patriotic banquet held in his honor Tuesday evening at the Wauregan hotel under the auspices of the Norwich chamber of commerce with other civic and patriotic organizations co-operating.

The main dining room of the hotel, which was attractively decorated with huge palms and American flags and the table with cloisters of American flags, was taxed to capacity with a gathering of about 200, representative of civic, patriotic and fraternal organizations in the city. It was pronounced the largest and most successful banquet held in the city since the World war.

A special delegation from this city comprising Major F. Russel Smith, President Joseph C. Worth and William G. Park went to Worcester Tuesday morning, where they met Major General Malone, had luncheon and then escorted him to this city, arriving here about 4 o'clock in the afternoon. An informal reception was held at the home of Mayor and Mrs. Lee Roy Robbins, after which there was a public reception at the Wauregan hotel at 6 o'clock. Among those in the receiving line were Mayor Lee Roy Robbins, Major General Malone, Joseph C. Worth, Arthur M. Brown, Rev. William A. Keefe, and Imbert F. Fellows.

After the reception the banquet was served by the Wauregan hotel under the direction of Steward John J. Murphy. The menu follows

Fresh Fruit Cocktail
Hearts of Celery Stuffed Olives
Bisque of Tomatoes
Saltines
Roast Prime Ribs of Beef, au jus
Yorkshire Pudding
Creamed Cauliflower Wauregan Salad
Chocolate and Vanilla Ice Cream
Assorted Cakes and Coffee

An excellent entertainment was provided during the banquet hour, including orchestral and vocal selections. There was spirited community singing under the able direction of the song leader, William G. Park, and a fine program of music was furnished by Thumm's orchestra. The Rotary double quartette, Dr. Hugh B. Campbell, William G. Park, Frank R. Murdy, Flint Brayton, Frank G. Aubrey, Joseph C. Worth, F. Russell Smith, E. Van Tassell and Henry LaFontaine, pleased the audience with several selections including: In the Gloaming, Spring Low, Sweet Chloe and Sweet Heart of My Dreams. Two solos by Frank R. Murdy and Capt. A. E. Lambert of New London received enthusiastic applause. Henry J. LaFontaine was soloist for the quartette and accompanist for the evening. There were several special group selections.

Seated at the speaker's table was Lieut. Commander John S. Baylis, U. S. Coast Guard, New London; Major N. Horowitz, 192nd Field Artillery, C. N. G., New London; Rev. William A. Keefe pastor of St. Mary's Memorial church, who asked the blessing; President Joseph C. Worth of the Norwich chamber of commerce; Mayor Lee Roy Robbins, Major General Morris B. Payne, of the 443rd Division, Field Artillery, New London; Major General Paul B. Malone, State's Attorney Arthur M. Brown, Frank E. Jaynes, educational director of the American City bureau, Chicago; Major F. Russell Smith, vice president of the chamber of commerce; Capt. A. Adolphus Andrews of the United States submarine base at New London, and Commander E. F. Cutts of the United States submarine base, New London.

President Joseph C. Worth opened the meeting and turned it over to State's Attorney Arthur M. Brown, who acted as toastmaster for the evening. Mr. Brown said: "I consider it a distinct pleasure and honor to preside over this splendid representation of the city of Norwich. Your attendance testifies not only in regard to the principal speaker, but it testifies also to your love of Norwich. If there were no sentiment, there might be no patriotism. All through the ages sentiment has played a great part in the development of the love of the unseen power that we call God and love of state."

This is an appropriate time for a dinner of this kind as we are approaching the birthday of George Washington. Norwich has a mayor of whom we are proud, Mayor Lee Roy Robbins, who is rendering a capable, honest and conspicuous service.

Mayor Welcomes Gen. Malone.

Mayor Lee Roy Robbins, in his welcome to General Malone and the military guests, said "This very pleasing occasion reminds me of a strikingly similar event in 1916, when Major General Leonard A. Wood visited Norwich and spoke to the Yale club of this city. In closing Mayor Robbins said, I certainly welcome, most sincerely and cordially, General Malone, who honors us with his presence.

Toastmaster Brown then introduced to the audience the guests seated at speakers' table, after which he called upon Frank E. Jaynes, education director of the American City bureau, Chicago, who is assisting in the expansion programme of the Norwich chamber of commerce.

In order to discuss the affairs of the modern chamber of commerce, said Mr. Jaynes, in the time allotted to me would be out of the question. I will touch upon the movement which is underway for the refinancing of the chamber. The chamber is projecting a large expansion programme. Your chamber must have funds or it will cease. This institution must be financed so it may carry on its promotional enterprises in this city.

Major General Morris B. Payne of New London was then introduced by Toastmaster Brown. In his introductory remarks General Payne stated taht he had been asked to introduce General Malone.

It is a particular pleasure to present the speaker, Gen. Malone, he said.

General Malone said he was scheduled to speak upon the topic, International Trade and War, but because of a conversation with Major General Payne he would talk upon the feelings aroused in his heart on the battlefields.

Gen. Malone spoke of the terrible sights that greeted him on Armistice morning in the town he was located in. The streets were filled with dead soldiers and horses and the gutters were running blood. I wanted to be by myself, he said, and I went to a near by hilltop. I thought of the great need of preparedness and resolved that I would bring that message back with me, to the people of the United States.

In his address Gen. Malone spoke of two local men, Clarence I. Lucia and William Morrell who served in his command. Lucia, now manager of the local Postal Telegraph office, lost a leg as a result of wounds received in battle.

The general said that many men, because of their brief periods of training, arrived at the front without knowing how to fire a rifle, or to load it. The speaker advocated preparedness in the event of future wars.

He spoke of the millions of dollars spent by the United States for the construction of airplanes and of the comparatively small number of planes that actually reached the front.

Gen. Malone said that profit should be taken out of wars and that there should be equal rights for all and special privilege for none.

Civic and patriotic organizations cooperating with the chamber of commerce in the banquet plans were: 1st. Batt. Hdqt. Battery Combat Train, 192nd Field Artillery; Battery B, 192nd Field Artillery; Fletcher post, No 4, A. L.; Richard Hourigan post, No. 594, V. F. W.; Lt. Hull Spanish War Veterans, R. S. Griswold camp; Sedgwick post, G. A. R.; Y. M. C. A.; the Merchants' bureau; the Manufacturers' association and Norwich lodge, No. 430, B. P. O. E.

Major F. Russell Smith was chairman of the committee in charge and had for his assistants Capt. Charles S. Colt, Capt. William R. Dennison, Capt. Meredith Lee, Imbert F. Fellows, Mayor Lee Roy Robbins, Arthur L. Peale, Louis S. Hull, Dr. J. J. Donohue, Timothy C. Murphy, Miss Lucy Abbott, Charles Hagberg, Harold D. Larrabee, Edwin Hill, Cyril E. Fitch, Frank R. Murdy, Fred Bielenfeld, Jr., Harold Foote, John A. Cunningham, Walter T. Camp, Nelson J. Ayling, Judge Allyn L. Brown, Abner Schwartz, Miss Marion Bishop, Roy D. Judd, Max Hanover, Benjamin H. Palmer, J. Fred Fleming, R. W. Perkins, Arthur M. Brown, William G. Park, William S. Murray, Rev. A. H. Abbott, Rev. J. J. Reilly, E. LaRue Given, Henry S. Lyon, Joseph C. Worth, Herbert B. Cary, H. RECEPTION TONIGHT AT NEW A. AND P. STORE

The opening of the new Atlantic and Pacific store in the Thayer building will be marked by a reception and public inspection this (Wednesday) evening from 6 to 10 o'clock. The new store will open for business Thursday morning. The new branch is the largest of the Providence unit which comprises over 400 stores. During the period of inspection at which the local residents will have the opportunity of meeting the officials of the Great Atlantic and Pacific Co., music will be provided by D'Atri's Wauregan House orchestra.

The store, the latest in the line of markets, will be under the supervision of the most competent of A. and P. officials, the managers of the various departments having had years of experience in their particular line here and elsewhere.

General supervision will be in charge of F. L. Robinson, assistant superintendent of the company, the local management to be directed by Mr. Eastwood who has been with the A. and P. for a period of 18 years. The grocery department, which extends the entire length of the left hand side of the store will be in charge of David Bendett, prominent local man, who has been associated with the Atlantic and Pacific company for the past 15 years, serving the Norwich trade.

The meat department, which will be found on the right side of the store, on entrance, will be directed by N. F. Casey of Providence, another of the company's men backed with years of experience. This department will without a doubt attract considerable attention during the inspection as it is one of the most modern and sanitary in the vicinity. The counters all of which are constructed of plate glass are refrigerated and extend the entire length of the store. Twenty-two feet of this counter will be used for fresh meats and delicatessens, 8 for corned beef and the remaining 12 feet for the dislay of fresh fish which will be on sale 6 days a week.

In addition to groceries, meats, fish and delicatessen the new store will specialize in a high grade of fruits and vegetables which will be marketed daily. According to officials of the new branch the personnel will include 25 employes all of whom have been trained to provide in a courteous manner the desires of the trade. All counters and the huge ice box located in the rear of the store will be refrigerated through a two-ton York ice plant located in the cellar. The ice plant, one of the most reliable on the market, operates automatically and at all times maintains refrigeration not higher than 36 degrees.

DESK SERGT. JAMES GAFFNEY ADVANCED TO STREET SERGT.

(Special to The Bulletin)

NEW LONDON, Feb. 19—Tonight Captain of Police Charles A. Pinney caused Desk Sergeant James Gaffney to be transferred from his duties behind the desk to street sergeant. Sergeant Gaffney took charge of the patrolmen on the night detail, from 11 o'clock until 7 o'clock in the morning. The duties heretofore fulfilled by Sergeant Gaffney are being attended to by Acting Desk Sergeant Timothy Sullivan. The assigning of Sergeant Gaffney to street duty is the first in a contemplated series of changes whereby it is believed the patrolmen will be subjected to stricter discipline and perform their duties more efficiently. It was originally planned that Detective Sergeant Nelson Smith should perform the duties tonight assigned to Sergeant Gaffney, but because of the creditable record made by the latter during his year's duty as acting lieutenant, which was prior to Lieut James C. Sullivan being promoter, it was decided to place the patrolmen under the direct charge of Sergeant Gaffney. Other changes in the personnel of the department it is expected will be made prior to April 1, upon which date the police budget will become operative. City Manager William A. Holt and Desk Sergeant William T. Babcock have been engaged the past two days formulating the tentative budget

PASTOR GIVES PATRIOTIC ADDRESS ON WASHINGTON

Washington, the Patriot, was the subject of an intensely interesting patriotic address given by Rev. Joseph Cooper at Trinity Methodist Episcopal church Sunday evening. In his address Rev. Mr. Cooper said:

A nation, under God, owes everything to its great men and women. These are its greatest assets. It matters not how many material resources we may have, the human element is after all the most valuable. In this country we have almost every material element for our human need. Fertile land, great rivers and lakes, fruitful fields and rich mines. Yet without men and women of understanding and character these things will be neglected or used only for selfish ends.

It is the manhood of any country that gives values and destines its growth and permanence. Without men of honor, life and property would be insecure, society would have no bond of cohesion and passion and self interest could control all. A good man is the best protection to a community, he is the rock that holds back the dust of material selfishness from smothering it; he shelters the virtuous and makes virtue popular; he gives tone to the national life by lifting it out of its littleness; he gives courage to the timid by his own example. It is always a source of restfulness when such men hold the reins of power. Fitted by a long apprenticeship, Washington leaped to the front as soon as the crisis appeared. His greatness was not meteoric but evergrowing like the soul itself. He grew upon the people a trust until he was enshrined in their hearts as the father of his country.

He put all there was of him into the work he had to do. From the time that he was thrown upon his own resources until he died his work was always characterized by thoroughness. There was nothing slipshod or haphazard in what he did. He was not a brush pile, but a growing tree.

As a surveyor he was painstaking and accurate. He never recorded details until satisfied as to their truth by personal observation.

As a soldier he knew what he had to do and did it in spite of a thousand difficulties. The creation of a national army out of a provincial militia, unused to discipline, providing for that army its necessary equipment for life and service; to outwit the greatest military force then existing in the world; fighting hopeless battles where defeat was inevitable; managing a political and military alliance with a tricky foreign nation; defeating at last the invading army and the subsequent freedom which he obtained for his country, all were wrought with precision and dispatch.

As a statesman his work was largely guided by the rule of thumb yet suited to the times. He sought to consolidate the liberties he had won; to bring the colonies to a true conception of their unity; to free the west from every obstacle that stood in the path of the pioneer; to change the colonial outlook of the states to an American policy independent and self-sufficient.

Assailed as he was at every turn, jeered at by party politicians yet he stood for policies that were essentially national, free from state partialities and foreign influence. Whatever he tried to do he did well, without obstinancy; he was firm without being arbitrary; he usually won his way. He took each public burden as it came and put into its performance all the energy of mind and body he had. He lived a full, complete life with scarcely any raveled ends.

Master of himself he became master of his surroundings. Only by ruling his own spirit could he have ruled his fellow men. He never went into hysterics at defeat nor undue jubilation over victory. His very stolidity drove panic into shame and brought orderly arrangement to the most chaotic scene. This element of self control gave him an impulsive force that carried him over every difficulty and also gave him continuity of direction.

Washington had a genius for patriotism. His country next to his God was his dearest treasure. For her his heart constantly beat with increasing warmth. For her he was willing to lay down his life or live to make it nobler. Twice, its chief executive, commander of its army, he had ample room to show the stuff he was made of. His patriotism grew more intense as he grew older; it grew as his life was beaten upon by stormy trials. Love for country was for him the source of largest inspiration for service. He saw the petty colonies emerge from their fragmentary colonialism and become a unified nation. He sought to impress upon the young nation a sense of its own dignity and value and to lift it into national individuality and independence. Refusing any salary as president he pledged his fortune as well as himself to make his country strong among the nations of the world.

He had also a vivid sense of dependence upon God. In all his addresses he avows his faith in an overruling Providence to which he could look for guidance and support.

NEW HAVEN DRIVER HELD AND ON THREE CHARGES

(Special to The Bulletin)

NEW LONDON, Feb. 19—Traffic Officer Thomas Cavanaugh at 6 o'clock this evening arrested Frank Tausta of 272 West Ivy street New Haven when he passed the automatic electric signal at the corner of Bank and Truman streets. He was also found to be operating a car without registration and without a driver's license.

BUILDING AND LOAN HOLDS MONTHLY MEETING

At the regular monthly meeting of the shareholders of the Norwich Building and Loan association, held in the chamber of commerce rooms Tuesday evening, an unusual number of applications for mortgage loans were presented and referred to the board of management. At the meeting of the board the applications were considered and referred to the appraisers.

Reports were made upon the loans completed during the past month and upon the new series of shares which has been open during January and February, and which places the association in a position to meet the requests for mortgage loans.

PUTNAM CITY BUDGET $739 LESS THAN 1928

(Special to The Bulletin)

PUTNAM, Feb. 19.—The annual city budget was compiled at an adjourned meeting of the common council tonight. The budget, which will be presented to the voters for their approval at the annual city meeting to be held in the near future, shows an increase of $739 over that of 1928. Yet, in proportion to last year's budget, the estimated expenses of the city during the forthcoming year are considerably lower than those of the past year since overdrawal in a number of departments has been experienced and the additional expense of 1928 will be met with the funds appropriated. Alderman John M. Dean of the city fire commission recommended that the appropriation for the fire department be cut to $6500 for 1929. This is a decrease of $1,000 and is the only department in the city subjected to the economy plan. Appropriations made tonight are as follows: Fire department $6,500, police department $12,000, city court $2,500, highway $12,000, sewer unkeep $450, general expense $4,000, street lights $8,200, city clerk $400, treasurer $400, interest $5500, janitor $480, light in municipal buildings $550, making a total of $56,780. Following the completion of the budget Alderman-at-large Ames moved that the council recommend a tax rat of six mills laid on the grand list of the city. If this recommendation is accepted by the voters taxes will be raised one-half a mill over the year of 1928. It was also voted that the regular half mill sewer tax rate be levied again this year, in the payment and reduction of the principal of the city sewer debt. It was also voted to call the annual meeting of the city of Putnam on Monday, March 4, at 9 a. m., at which time these appropriations will be accepted.

STATE PRESIDENT EXPLAINS WOMAN'S CLUB EMBLEMS

At the Monday evening meeting of the Business and Professional Women's club at the Wauregan, Miss Kate Ryan of New Britain, president of the Connecticut Federation of Business and Professional Women's clubs, explained the emblem on the National charter. The charter was reviewed by the local club at the meeting.

Miss Ryan, in explaining the emblem, told of the different figures on the emblem and what they represented. The position of the figure, she said, symbolizes learning the flaming torch, wisdom, the ship of commerce, carrying the message to all parts of the world and the winged wand of the herald symbolizes desire and ability to dispel discord. The emblem itself stands for better business women and a better business world.

In accepting the charter Miss Abbott spoke of the club's desire to protect its ideals and to do its share toward bringing about friendship throughout the world.

Miss Coggswell told of visiting at Kert and Surrey, England the home of Mrs. Beecher, author of Little Lord Fauntleroy. From there she took her listeners to the home of Henry Dolset, the House of Henry the Seventh, where one can stay for a guinea a day and enjoy its beautiful gardens. She spoke of Levens hall which has an Elizabethan garden as nearly perfect as possible. Miss Coggswell found Edinburg enchanting and visited the cathedral towns of Durham, Lincoln and York, which she found very picturesque.

Then she told something interesting about Norwich, England. The cathedral there is different from the others because it is hemmed in with high walls. In a little corner of this cathedral is the grave of Edith Cavell. The town itself was a mixture of old and new, and contained many saloons.

After talking of the zoo at Antwerp Miss Coggswell told of the wonderful belfry of Bruge. In Germany she visited Nuremberg, a fascinating city with fantastic roofs and every building ablaze with window boxes of flowers. Miss Coggswell reached Zalsburg, Austria in time for the Mozart festival. In that city Max Reinhardt, the noted play producer, gives each year his miracle play, Every Man, is given out of doors in the public square.

On returning to England Miss Coggswell visited the old Winchester school for boys, which still retains the old customs. Miss Coggswell arrived at Salisbury on the market day and found the cathedral decorated for the wedding of the countess of Pembroke. In concluding her talk Miss Coggswell spoke of the terrific storm, which lasted 36 hours, on her homeward journey. She had on exhibition a large number of photos and postcards of places she visited in Europe.

LOU MAGNOLIA SELECTED TO BE REFEREE IN SHARKEY-STRIBLING GO

By Edward J. Neil
Associated Press Sports Writer

MIAMI BEACH, Fla., Feb. 19—(AP)—The battle of the arbiters ended tonight when Lou Magnolia, popular New York official, was named to referee the battle between Jack Sharkey and Young Stribling at Flamingo park here a week from Wednesday night.

Announcement of the decision to switch from Johnny Brassil, Boston referee who was named for the post by Massachusetts State Athletic commission in reputed accordance with the contracts of the battlers, was made by Jack Dempsey, promoter of the fray, after a heated conference with the principals tonight.

Decision to change the third man in the ring followed an earlier statement of Dempsey today that Brassil and no other would handle the fight.

The announcement came as a shock to the fistic fraternity but was welcomed with relief that the disturbing question finally had been settled. During the meeting it appeared at times that no agreement of any kind was possible, and fisticuffs between managers, and outrageous violation of the ethics of the profession threatened at times.

"Pa" Stribling declared in open meeting that Brassil was a personal friend of Johnny Buckley, Sharkey's manager, and when Buckley protested violently knuckles were bandished at short range.

There was no damage to anything but feelings.

Magnolia's name was among the list of referees suggested to both Sharkey and Stribling several days ago but at that time he was not acceptable to either. He has acted as official in many of Sharkey's New York bouts and refereed Stribling's matches in New York with Johnny Squires and Tommy Loughran, awarding one decision to the latter. Magnolia is considered one of the finest arbiters in the east.

Dempsey explained the variance in his statements today by saying that the time limit for the managers to settle upon the official does not expire until tomorrow and that all parties were well within the various agreements in naming Magnolia even after the option of the Massachusetts board.

"Pa" Stribling took the attitude that the commission had exceeded the request for "the names of two capable referees," in choosing Brassil outright with Sheehan for the alternate.

Dempsey's misleading statement during the afternoon said that Stribling must abide by the terms of his contract, which he said permitted the Massachusetts board to name the third man in the ring, in event that the principals were unable to agree. The situation was further complicated when Paul Norton, secretary of the Massachusetts board informed Sharkey, Stribling and Dempsey during the day that Brassil was the official nominee and Sheehan the alternate.

While fuel was being piled on the ballyhoo fires, the fighters themselves spent the day on opposite sides of the state. Young Stribling, close to weight and ready for battle, forgot all about the rumpus and fished for amberjack off the west coast, while the Boston seaman stayed on land to turn in one of the finest workouts of his training period.

Stribling disappeared from the seaside resort early and returned with a large string in time for "Pa" Stribling to take part in the conference. The Southern slugger is close to his best fighting weight, 182 pounds, and bears the effect of overwork. He is scheduled to resume training tomorrow unless the weather continues excessively hot.

Sharkey demonstrated in his ten round drill today that he too, is close to the danger line of over condition. He braved the broiling sun to smash Paul Haffman, Charley Pond, Pat McCarthy and Johnny Grosso with straight right hand punches to the body, for four rounds. Jack stabbed effectively with his left hand, boxed cleverly, and seemed crammed with the endurance he has lacked in the earlier workouts. He will continue work tomorrow but plans a rest for Friday.

CHASE AWARDED BASEBALL TROPHY AT HARVARD

CAMBRIDGE, Mass., Feb. 19—(AP)—John P. Chase of Milton was awarded the Wingate cup and the Wendell bat, Harvard's two most prized baseball trophies, at the annual dinner of the baseball team here tonight. The cup is awarded the player making the best record on a point basis and the bat goes to the most valuable all around player. As the requirements are similar, one man usually wins both trophies.

Chase, who was graduated last year, played three years on the Harvard nine, starting out as a utility infielder and outfielder and playing second base regularly last year. He also played hockey three years and captained the Crimson ice team last year. He is now captain of the University club six. He prepared for college at Milton academy and at Phillips Exeter academy. About 20 were present at the banquet tonight, including a number of old time baseball stars.

BRUINS GIVE PIRATES SETBACK IN HOCKEY LEAGUE

BOSTON, Feb. 19—(AP)—The Bruins put back the Pittsburgh Pirates, 1 to 0, here tonight in a National Hockey league contest, which was enlivened by some of the most erratic play seen here this season.

The Bruins score came in the second period, when Weiland and Shore rushed the former carrying the rubber. As the little center tried the shot, Stiles hooked him under the elbow and the referee's whistle sounded. Weiland immediately dropped the puck and Shore hooked it. He tore around the Pirates and pushed it through Goalie Miller.

In the confusion which followed Milks was penalized for holding. His team mates protested against the score, becoming so excited that they forgot about Milks.

OPINION DIVIDED ON NEW FOOTBALL RULING

NEW YORK, Feb. 19—(AP)—With only a few dissenting voices, eastern college coaches today praised the changes made in the football rules by the national football rules committee.

Most of the coaches, commenting on the changes to the Associated Press, confined themselves to the new rule making a fumbled ball recovered by the defensive side dead at the point of recovery.

Coaches favoring the new rule took the position that loss of the ball was penalty enough for the fumbling team and that the chance in the code would make for an even more spectacular form of offense.

The Dissenters, and they included such figures as Lou Young, of the University of Pennsylvania; Major Frank W. Cavanaugh of Fordham; William J. Bingham, director of athletics at Harvard and Larry Bankart, former Dartmouth and Colgate coach, objected to the rule change on the grounds that it removed from the game one of its most thrilling plays—the run for touchdown or long gain after recovery of a fumble.

Young thought the rule would penalize weaker teams, taking from them a chance of winning a game against a much stronger rival and he further objected that it removes the uncertainty of the game where teams are evenly matched and where a fumble might win or lose the game.

Major Cavanaugh, although granting that the rule was "fair enough", regretted that another thrill thus passed out of the football picture. Bingham expressed the same opinion but Bankart put a different slant on the matter.

"Making the other team fumble is a legitimate break, part of the game, an advantage for the team that applies the greater pressure," he said. "I am inclined to think this rule will help the gambling team that is behind and make it gamble still more heavily."

On the other side of the fence were arrayed such coaches as Joe McKenney, Boston college; Ira Rodgers, West Virginia; Bob Waddell, Carnegie Tech; Andy Kerr, Washington and Jefferson; Tad Jones, Yale; Cleo O'Donnell, Holy Cross; Arthur Samhson, Tufts.

Almost all of these expressed their opinion that the rule was good because it did not over-penalize a team for the mistake of one man and because the modification would lead to a more open brand of football particularly when the offensive is close to a touchdown.

New York newspapers split in their opinions on the change and on the same grounds as did the coaches for example, the New York Evening World felt that the modification "reduces the premium on alertness", while the New York Sun felt that the defensive side would be just as alert to recover the ball since possession of the ball is no mean advantage in itself.

FAST FIELD ENTERED FOR SATURDAY'S GAMES AT GARDEN

NEW YORK, Feb. 19—(AP)—The pick of the foreign runners now in this country will be trying for American titles along with the cream of the home grown college and club talent in the national senior track and field championships at Madison Square Garden Saturday night.

Paavo Nurmi and Elno Purje, his fellow Finn who has beaten him in a 1500-meter race and holds the world's 2,000-meter record; and Edvin Wide, Sweden, are among the invaders entered while there is a string probability that Percy Williams of Canada will attempt to resume his interrupted winning streak at this important meet.

Whether Nurmi and Wide will meet at two miles is still a question with some apparent likelihood that Paavo will side-step the encounter and run instead in the two mile steeplechase in which he is also entered. In that case each probably will be the favorite in his event as will Williams in the dash despite his defeat by Jack Elder of Notre Dame at 60 yards last night. Karl Wildermuth of Georgetown defends his championship at this distance.

BASEBALL NEWS

Mace Goldblatt and Steffy Cimikoski, former Academy athletes now at William and Mary college in Williamsburg, Va., write home that both have strong hopes of making the freshman baseball team. Goldblatt is a catcher and Cimikoski, an infielder, either at short or third base. Word comes from Cimmy that he is to be pitted against two former all-state candidates for the shortstop berth while Goldblatt is, according to Cimikoski, holding the inside track for catcher.

The roster of the Chicago Cubs just released, lists Dennie Murphy's name.

The Sub Base nine this season may play the University of Iowa team at either the Base field or Mercer field. Iowa is making a trip into New England the latter part of May and early June and may include the Sailors on their jaunt.

Eastern Connecticut high schools are going to be shorn of their pitching stars this spring for Lloyd Jarvis and Johnny Greene of the Academy, Frank Locke of Bulkeley and then Eddie Sawyer, down in Westerly have graduated since the last campaign.

HARVARD BASEBALL SQUAD TO REPORT TODAY

CAMBRIDGE, Mass., Feb. 19—(AP)—Harvard's 1929 baseball season will start officially tomorrow, when Head Coach Fred Mitchell and Captain Ed Donaghy will hold a preliminary meeting for all varsity and freshmen candidates at the varsity club.

Actual practice, however, will not start until next Monday when the Crimson batterymen report to Coach Mitchell in the Briggs cage.

Practice for the rest of the team will be started a week later.

Prospects for the year, according to Coach Mitchell, are only fair. He has lost his two pitching aces, Jack Barbee and Frank Cutts, and his outfield with Howie Berns, last year's captain missing, appears none too strong. Mitchell expects to have an exceptionally strong infield, with Johnny Prior at first base, Frank Nugent, second base, Captain Donaghy on third and Eddie McGrath at shortstop.

The Crimson nine's schedule calls for 32 games with all of the leading eastern teams, including Dartmouth, Holy Cross, Villa Nova, Pennsylvania, Georgetown, Quantico Marines and Yale, six games with Southern college teams and the clash with Michigan.

Reeves Signs Contract

BOSTON, Feb. 19—(AP)—The signed contract of Robert Reeves was received today by the Boston Red Sox. Reeves is one of the players obtained in the deal with Washington in exchange for "Buddy" Myer. Reeves battled for .333 last year while shortstop for the Senators.

PLAINFIELD PROS HOSTS TO JERSEY SEPARATES AT PLAINFIELD TONIGHT

All roads leading to Plainfield tonight will be crowded with basketball fans enroute to the Plainfield Community house where the Plainfield Pros and the Jersey Separates of Union City, N. J., will put on what is expected to be one of the fastest basketball games of the season. This game looms on a par with the Hakoah game last week as the Separates and the Hakoahs have battled on several occasions with the Separates settling an even break in games won.

All the New Jersey players are well known throughout the eastern part of the country and several are former American league stars while two others are slated to report to league clubs next winter. The record of the visitors is very impressive and includes victories over every team in the American league which shows that the Separates are opponents worthy of consideration.

Leading the Jersey team is Tony Calland one of the fastest and most accurate basket-shooters in the game today. Calland has attracted favorable attention from all league teams and would be member of one of them except for business reasons. Callard has played with the Brooklyn Visitations and it is possible that he will bring "Polson Joe" Brennan, star forward of the Visitations to Plainfield. Teddy Morano, a guard, is another star that will go to the big top next year. Teddy is one of the greatest defensive players in the game although he is not such a whirlwind on basketshooting.

"String" Wenning is the third luminary of this New Jersey outfit that will go higher when the 1929-30 season starts. Wenning is running mate for Calland and this pair constitutes one of the best forward combinations in the metropolitan district. Bob Rosen, Eddie Doyle and "Bad Bill" Bergen, foul shot expert round out the club.

Manager Salidsbury will use his regular lineup for tonight's encounter. Kasper, Brusso and Tisdale are listed for action at the forward positions with Pop Williams playing in the tap-off position. The guarding will be done by Whitey Bernot and Dissinger, a great defensive combination.

A fast preliminary between the Buddies and another top-notch junior team is scheduled for 7:45 o'clock. Dancing will follow the game.

CUBS HAVE LIGHT WORK BEFORE PRACTICE

AVALON, Santa Catalina Island, Calif., Feb. 19—(AP)—Manager Joe McCarthy had his Chicago Cubs out today for their first spring training session. The workout was confined to tossing the medicine ball, light baseball tossing and monkeyshines of all sorts. Art Nehf, veteran southpaw pitcher who came to camp with some excess poundage, donned the rubber shirt.

Coaches Jimmy Burke and Grover Land took the task of coaching such pitching prospects as Ed Lautenbacher, who turned in ten victories against five defeats for the Reading Pa., club last season; Roy Hansen from Elmira, N. Y.; Ivan Green, Nehf's protege from Arizona, and Ed Holley, who was with the Cubs last season but was little used.

COCHRANE NOT WITH A's AS THEY ENTRAIN

PHILADELPHIA, Feb. 19—(AP)—Mickey Cochrane, first string catcher for the Philadelphia Athletics, was a prominent absentee when the first flight of Mackmen headed for the Florida training camp tonight. Cochrane, recipient of the "most valuable player" award last year, has announced himself as a holdout. His contract, carrying an increase in salary, remains unsigned, the catcher being of the opinion that he is worth $3,000 more to the Athletics than set forth in the printed slip.

Lefty Grove and Rube Walberg, left handers, were the only two regulars to board the special car.

AGGIES SET FOR COAST GUARD GAME TONIGHT

(Special to The Bulletin)

STORRS, Feb. 19—Losing the last five games by close decisions, the Aggies squad worked out here today in an effort to get back in its winning stride against the strong Coast Guard five of New London here tomorrow night. In the game with Rhode Island the team put up one of the hardest struggles of the year in an attempt to break the winning streak of the Rhody quintet.

Chubbuck has yet to appear in uniform since his injury in the game with Holy Cross. His loss was keenly felt last Saturday, as the offensive attack of the Connecticut team has been built around him in all the contests thus far. Matzkin, Chubbuck's understudy has shown up well in most of the games he has engaged in, but his work has not been consistent. Without a doubt he will start at the pivot position in place of Chubbuck.

The forwards will be taken care of by Ryan, and a choice of Darrow and Lamoureux. Darrow has shown that he is ready to take the floor against the strongest of opponents, handicapped as he is with a short stature. His work in both the Holy Cross game at Worcester, and the Rhody game last Saturday stood out as the shining lights of these contests. Captain Schildgren and Dall will hold down the guard assignments. These two men have worked well together in the past few games, their combined heights giving the offensive attacks of the Aggie opponents something to worry about.

This season has been one of many injuries to the Aggie five as they have yet to enter a game without one of the regulars on the injured list.

MISS VAN WIE AND HELEN HICKS WIN THEIR MATCHES

PALM BEACH, Fla., Feb. 19—(AP)—Miss Virginia Van Wie of Chicago, set forth vigorously today in defense of her title by defeating Mrs. J. F. Trounstine, New York 4 and 2 in the first match round of the annual Florida women's championship.

Yesterday, Miss Van Wie shot par golf to win the medal honors in the qualifying round.

Miss Helen Hicks, Hewlett Bay, N. Y., who won the recent Miami women's golf tournev, vanquished Mrs. J. N. Wallace, of Delray Beach, Fla., 7 and 5.

Mrs. H. D. Sterrett, Hutchison, Kan., won from Miss Ruth Raplogle, Oklahoma City, 5 and 7.

Mrs. S. L. Reinhardt, Highland Park, Ill., beat Miss A. L. Bleadstore, New York 6 and 5. Mrs. C. T. Rebolon, Buffalo, N. Y., defeated Mrs. D. Bentham, Great Neck, L. I., one up, and Mrs. L. Q. White, Palm Beach won from Mrs. Norman T. Toerge, Locust Valley, L. I., 3 and 2.

Miss Catherine Bravant, Oak Park, Ill., defeated Miss Mary Luke, New York, 2 and 1.

Mrs. Leo Federman, New York, beat Mrs. Joe Roberts, Abington, Pa., 3 and 2.

EDDIE HAMMOND FATALLY INJURED IN BOXING BOUT

CORTLAND, N. Y., Feb. 19—(AP)—Eddie Hammond, 23, of Syracuse, was fatally injured in a boxing bout here tonight with Tuffy Morris of Cortland.

Hammond, who went under the name of Hommrt, fell after the fatal blow in the first first round of a scheduled four round preliminary, his head striking the floor of the ring with a resounding crack.

Efforts to revive him were unavailing and he died a few minutes later. Three hundred spectators witnessed the tragedy.

PENN TAKES GAME FROM YALE QUINTET

NEW HAVEN, Feb. 19—(AP)—Pennsylvania continued on its uninterrupted march for eastern intercollegiate basketball honors, by overcoming a stubborn Yale quintet tonight, 28 to 20. Led by Joey Schaaf, peerless forward, Pennsylvania kept in front and scored their sixth straight victory chiefly through the stellar shooting in the last half of their star.

It marked the first reversal for Yale on their home court and sent the Elis into fourth place in the standing. The league leaders held a 17 to 11 advantage at the end of the first half and pulled away from Yale to victory when Schaaf broke through for four field goals and a foul point in the second half.

TOMMY HART ISSUES DEFY TO LOCAL LIGHTWEIGHT

Tommy Hart of Westfield, Mass., who is at present helping Al Koziol to get into shape to defend his Rhode Island amateur lightweight title, issues a challenge to Vic Darr, local lightweight, for a bout anytime or any place for anything. Hart appears to be the goods in his workouts with Koziol and a match between Darr and Hart would make a nifty bout.

Koziol defends his title at Providence on March 8th and will do no more fighting until that date.

PIPP TO PLAY FIRST IF KELLY DOES NOT SIGN

CINCINNATI, Feb. 19—(AP)—Failure of George Kelly, first baseman to reach a salary agreement with officials of the Cincinnati Baseball club today caused C. J. McDiarmid, club president, to announce he might turn the job over to Walter Pipp.

Pipp, veteran major leaguer, had been scheduled to be given his release by Manager Jack Hendricks, who has said he would play Kelly at first base this season.

SONNENBERG HAS TOUGH TIME THROWING DE VITO

PROVIDENCE, R. I., Feb. 19—(AP)—Gus Sonnenberg, of this city, world's heavyweight wrestling champion, tonight experienced one of the longest bouts of his career in defending his title against Joe De Vito, also of Providence.

The champion won in straight falls, but he required 50 minutes and 27 seconds to gain the first, and then 18 minutes and 10 seconds to register the second.

N. E. Swimming Selections

BOSTON, Feb. 19—(AP)—The New England A. A. U's swimming committee has selected Albina Osipowich, of Worcester, Katherine Mearls, of Boston, and Joan McSheedy, of Whitinsville to represent this section in the national indoor swimming championships, which opens in Chicago on February 27.

Game Postponed.

(Special to The Bulletin.)

DANIELSON, Feb. 19.—Due to a misunderstanding in dates, the basketball game scheduled between Stonington and Killingly high here tonight was postponed to March 15.

O'CONNOR CONTINUES HIS BRILLIANT GOLF PLAY

MIAMI, Fla., Feb. 19—(AP)—George O'Connor, Southampton, L. I., continued his brilliant game in today's first match in the annual Miami amateur championship, with his defeat of Dan Healy, New York, 3 and 1. O'Connor was medalist in yesterday's qualifying round at the Miami Country club.

Other results in the championship flight follow:

J. W. West, Atlanta, defeated Ed Romfh, Miami, 2 and 3; Harcourt M. Brice, Miami, won from C. N. Mack, Chicago, 2 and 1; Joe Bydolek, Buffalo, won over J. A. Boyle, New York, 3 and 2; C. A. Roberts, Miami, defeated Linus McAtee, Jamaica, N. Y., 5 and 4.

E. Jennings, New York, defeated H. B. Rust, Miami, 4 and 2; Andrew Doleman, Providence, R. I., won from Dr. L. J. Carson, New York, 1 up and Lee Chase, Buffalo, defeated R. C. Meeker, New York, 3 and 1.

COLLEEN CLINCHES BACARDI TROPHY FOR YACHTS

HAVANA, Feb. 18—(AP)—Winning the third and final heat today, the "Colleen," sailed by F. T. Bradford and W. J. McHgh of Central Long Island sound, clinched the open entry Bacardi trophy for star class craft with a grand total of 57 points. The "Shennecock," of Peconic bay, piloted by Paul and C. G. Shields, was second with 32 points.

The Colleen also has wone of the series of races for the international Cuba trophy, a fleet race. In the two Cuba trophy races so far Colleen has registered one victory and a second. Her closest competitor is the Iacyra II of western Long Island sound with one victory and a fifth.

Princeton Beats Middlebury

PRINCETON, N. J., Feb. 19—(AP)—Princeton's varsity hockey team closed its home season today by defeating Middlebury college of Vermont, 7 to 2, in Baker rink. Play was slow throughout. The Tigers held a four to nothing lead at the end of the first period and the second string squad finished the game.

Eayro Signed by Profs.

NEW HAVEN, Feb. 19—(AP)—Eddie Eayrs, former major and Eastern league outfielder, was signed today by the New Haven club of the Eastern league as a pitcher. Eayrs who resides in Providence and formerly starred on the diamond several years ago while at Brown university, joined the Boston Braves upon completing his college course.

Yale Wins At Hockey.

NEW HAVEN, Feb. 19.—(AP)—Yale continued to keep its hockey slate for the season clean by easily disposing of Boston college, 5 to 0 here tonight. Substitutes injected into the fray scored three of the Eli's goals. Boston college was outplayed and failed to show an attack. Smead, substitute defense, scored two goals.

FARM BUREAU MEETING AT BUCKINGHAM MEMORIAL

A clover and alfalfa meeting has been arranged by the New London County Farm bureau which should be of interest to all New London county dairymen. The meeting will take place at the Buckingham Memorial, Friday at 10:30 a. m.

The subjects of clover, alfalfa lime and commercial fertilizers which are of vital importance to economical dairy production will be discussed at this meeting.

The bureau has been very fortunate in securing as its principal speaker, Dr. Burt Hartwell, formerly director of the Rhode Island experimental station. Dr. Hartwell's experimental work in Rhode Island has been called some of the most convincing and important soil fertility experiments in the United States. His work is internationally known. These experiments have covered about 25 years of effort, and are now the basis of a large part of the knowledge of growing legumes and the use of lime and commercial fertilizers. Dr. Hartwell's talks are presented in a way that makes them understandable to the person not familiar with experimental work.

One of Connecticut's foremost alfalfa growers has been secured to take part on the program. This is C. Marsden Bacon of Middletown, called by many the best alfalfa grower in the state. Mr. Bacon is a practical farmer and has had about ten years successful experience with alfalfa and clover. He will tell what his experiences have been.

Prof. J. Stanley Owens, extension field crops specialist will give an illustrated talk on the present situation in the seed market. Mr. Owens will also give some new information on seeding practicesses.
seeding practices.

County Agent Walter T. Clark will give a short talk on the county crops program.

Dinner will be served at noon by Sedgwick Woman's Relief corps, No. 16. Following is the program in full:

10:30 a. m.—"Clover and Alfalfa and its Fertilization," Mr. Burt Hartwell, formerly director of Rhode Island experimental station; 11:30—"Clover and Alfalfa for New London County," W. T. Clark, county agent; 11:50—Question box; 12:15—Lunch served by Sedgwick Relief corps; 1:30 p. m.—"My Experiences in Growing Alfalfa," C. Marsden Bacon, Middletown; 2 p. m.—"The Present Seed Situation and New Seeding Practices," Prof. J. S. Owens, Connecticut Agricultural college; 2:30—Dr. Hartwell, subject to be chosen by him; 3 p. m.—Question box.

DUNLOP'S SURETY BOND

versus

Mileage Guarantees

USUALLY the poorer the tire, the longer the mileage guarantee. And what does the mileage guarantee get you? Usually a chance to argue and waste a lot of valuable time and temper.

What you want is a certainty that your tires will keep rolling. That is what you get with this new Surety Bond. It's backed both by Dunlop AND the American Surety Company.

It is as clear as crystal. In effect it says that for the first 12 months we will take all responsibility for your Dunlops giving perfect service.

It doesn't matter whether a tire fails through accident, or collision, or blow-out, or misalignment, or stone-bruise, or road-cuts, or rim-smash, or side-wall injuries, or tube-pinching, or valve-tearing, or faulty toe-in, or under-inflation. We repair it free, OR you get a new tire at a reduced price, depending on the time you have run it.

It's as wide as the horizon and as sure as sun-up. You need not waste either time or temper. We don't have to refer your claim to anybody. We make good here and instantly.

You just know the Surety Bond will be fulfilled. You just know that Dunlop Tires must be finer and stronger and better . . . otherwise how could they be backed by a Surety Bond like this?

Come in and read a copy. You will find it refreshing in its directness and its liberality.

THE CRUELEST TEST A SKIN CAN MEET

Under the glare of the huge new incandescent "sun-spot" lights, only the most flawless skin can stand the test of the close-up. JOAN CRAWFORD, Metro-Goldwyn-Mayer star, faces it confidently. She says: "Exquisite smooth skin is the all-important asset for the star who must face into the glaring lights of the close-up. Never have I had anything like Lux Toilet Soap for keeping my skin fresh and smooth."

CLARA BOW, popular Paramount star, in the luxurious bathroom—one of the finest built in Hollywood—which sets off so well her vivacious charm.

"A beautifully smooth skin means even more to a star than to other women. Lux Toilet Soap is a great help in keeping the skin in perfect condition."

"Smooth, lovely skin is the most appealing charm a girl can have," say 39 leading Hollywood Directors

IT ATTRACTS you instantly whenever you see it—a skin that is exquisitely smooth and lovely.

In Hollywood, where loveliness and magnetism mean success, they know this. "I don't know a single case where a girl without beautiful skin has been able to win enough popularity to become a star," says William Beaudine, Fox director, voicing the experience of the directors.

"Exquisitely lovely skin is the greatest asset a star can have," Mary Astor explains. "Without it you cannot photograph successfully in a close-up." For with the new incandescent "sun-spot" lights pouring down on face and arms and shoulders, little make-up can be used.

Mary Astor keeps her ivory smooth skin always lovely with Lux Toilet Soap—it is made by the famous French method. *In fact, 9 out of 10 screen stars use Lux Toilet Soap.*

Notice the exquisite texture of Joan Crawford's skin the next time you see her, or May McAvoy's, Doris Kenyon's, or Phyllis Haver's. Of the 451 important actresses in Hollywood, including all stars, 442 use this soap.

All the great film studios have made it the official soap in their dressing rooms. Beauty is important in Hollywood.

Caressing, instant lather even in hard water! Start using this fragrant white soap today—a lovely, fine skin plays such a big part in feminine charm.

Luxury formerly found only in French Soaps at 50¢ or $1.00 a cake—now 10¢

PHYLLIS HAVER—the next time you see her in a Pathé film notice how softly smooth Lux Toilet Soap keeps her skin. Miss Haver says: "Lux Toilet Soap leaves my skin so gently smooth that I have no fear of the high-powered lights of the close-up."

MARION DAVIES, whose clear beauty has endeared her to an enormous public, says: "Deliciously smooth skin is a great asset to a star. I am delighted with Lux Toilet Soap."

BEBE DANIELS, enchanting Paramount star, says: "The girl with smooth skin need not fear the close-up. Lux Toilet Soap is a great help in keeping the skin smooth and lovely."

ELEANOR BOARDMAN, the exquisite young star—her loveliness is reflected in that of this garden-like bathroom that is unique even in Hollywood.

"Lux Toilet Soap is excellent for the very smooth skin a screen star must have. It is such a very *good* soap."

Eleanor Boardman

MARKET DISPLAYED SOME BUOYANCY IN A QUIET AND LISTLESS SESSION

NEW YORK, Feb. 19—(AP)—The stock market was a quiet and aimless affair today, reminiscent of last summer. Prices displayed some buoyancy, but traders hastened to take profits on advances, and a wide sprinkling of issues closed lower.

Call money fell back to the 6 per cent. level, after renewing at 7 and the Canadian dollar fell to the lowest level in recent years, enhancing the prospect of further gold takings in recent years, enhancing the prospect of further gold takings in Montreal, but brokers were disinclined to take liberties with credit. Governor Roy A. Young of the federal reserve board called on officials of the New York institution, and while his visit was described as of merely an administrative nature, Wall street was inclined to connect it with the systems policy of reducing the amount on credit available for speculation.

Total sales fell off to 3,205,150 shares, the smallest day's business for a full session since Dec. 14. While a 3,000,000 share day was a sensation two years ago, it looks small now that 5,000,000 share days have become commonplace, and preparations are being made to handle 7,000,000 share days. Traders now are looking to 3,000,000 share days to save the market from further sharp declines, pending readjustment of the credit structure. Brokers are inclined to believe the credit requirements of the market can be met without strain if trading is curtailed.

The day's news included a $2-a-ton increase in lead prices, and reports that higher zinc prices are imminent. The Kansas City Southern, first railway to report net operating income for January, showed a large increase over January, 1928. Motor Wheel Corp. and United Verde extension mining published excellent earnings statements for 1928, while Penn-Dixie Cement reported decreased profits.

American and Foreign Power shot forward on rumors that it would acquire International Utilities Co., with important properties in Canada, mounting 10 points to 138 7-8. It lost most of its gain, however, on the publication of an analysis indicating that the stock was selling it about 60 times Commonwealth Power and Brooklyn Union Gas mounting 4 and 6 points.

Radio sold up 11 points, but lost part of its gain. Case Threshing mounted 15 points in a small turnover. Commercial Investment Trust, General Refractories, Motor Products, St. Joseph Lead, Wright Aero, and Vanadium made extreme gains of 6 to 7 points. Some of the chain store shares made good headway, including Grand, Interstate Department and Safeway Stores. Advance Rumely issues also surged forward, and reports were circulated the new interests are seeking control. U. S. Steel sold up about 3 points, but lost most of its gain in realizing.

Coppers generally turned heavy on reports that the red metal trade had turned dull after the recent advances in prices. Andes made a new high on reports that Anaconda would shortly make an offer to minority stockholders, but closed lower. Kennecott, Chile Anaconda and Greene Cananea lost about 2 points each.

Panhandle Petroleum preferred dropped 15 points to a new low and Pierce preferred 3 points in small turnovers. International Harvester, General Cable A, Peoples Gas, New York Central, Chrysler, Lehigh Valley Coal and Standard Milling were among issues closing 1 to 4 points lower.

The commodity markets were quiet, and price movements narrow, wheat was firmer for a time, but closed practically unchanged, as did cotton and corn.

Foreign exchanges sagged, the Canadian dollar dropping to 99.40 5-8 cents, and the Japanese yen touching a new low for the year just above 45 cents. Sterling eased slightly.

CHICAGO GRAIN MARKET

CHICAGO, Feb. 19—(AP)—Loss of morale developed among speculative buyers of wheat late today, and prices underwent a sharp reaction from early upturns. The reaction went hand in hand with news that liberal quantities of wheat were being sold at Kansas City to be transferred to Chicago. Besides, profit-taking on wheat prices bulges became increasing popular, and there was more of a tendency manifest to await confirmation of crop damage.

Closing quotations on wheat were unsettled at the same as yesterday's finish to 1-4c up. Corn closed unchanged to 1-4 a 3-8c off, oats 1-4c to 1-8c down, and provisions varying from 10c decline to a rise of 12c.

Not only was wheat being arranged for today to come from Missouri river markets to Chicago, but wheat already arriving here was being put into store. Under such circumstances, with North American wheat export trade slack and warmer weather predicted, ardor of buyers of wheat future deliveries appeared to be waning rapidly in the late dealings. At times, the consequent downturns carried values to well below yesterday's closing level. Announcement of 3,336,000 bushels decrease in the world's wheat available supply total was of no effect as a counterbalance, the aggregate yet being 391,417,000 bushels compared with 320,833,000 bushels a year ago.

Preceding the late reaction today in wheat prices, however, the market had scored a material fresh advance owing largely to cold weather west and southwest threatening injury to wheat. Besides reports persisted of crop damage fears in many European countries as well as India. Liverpool dispatches said in addition that Argentine wheat arriving in Europe was being held at higher quotations, and that need of more moisture was general in Australia. Nevertheless, free selling which developed here filled up the demand for at least the time being, and left the market without adequate support.

Corn was bearishly affected by spread trading in which corn was sold against corresponding purchases of oats. Moreover, the southwest was again offering corn to come here, and little was heard regarding corn export demand, although some vessel-room for corn was said to have been taken at New York. Except from spreaders, oats lacked buyers, and all deliveries declined to the lowest point touched in several weeks.

Provisions were somewhat firmer, helped by an upturn in the value of hogs.

WALL STREET BRIEFS

NEW YORK, Feb. 19—(AP)—Steel ingot producers were reported today to be operating at an average of 88 1-2 per cent. of capacity compared with nearly 87 per cent. a week ago and below 86 per cent. two weeks ago. A year ago the average was 84 per cent. United States Steel corporation is above 90 per cent. and independents at 86 per cent. A year ago the steel corporation was operating at nearly 90 per cent. while Independents were at 78.

Demand for pig iron has improved in the east, with current inquiries for 7,500 tons the largest since November when business was at its height. Railroad equipment companies are coming into the market.

Negotiations for merger of the Keystone Aircraft corporation, Bristol, Pa., and Travel Air Manufacturing company of Wichita, Kan., are reported in Wall street to have been resumed.

Stockholders of the Shawinigan Water & Power Co., leading hydro-electric power producer in Canada, will be offered rights to subscribe at $50 a share to new stock in ratio of one new share for every six held. With Shawinigan stock selling around 88, the rights are worth about $5.44.

A record bid of $5,500 has been made for a non-charter membership on the New York cocoa exchange, an advance of $200 over the previous high price.

Ralph Fordon of Detroit, president of the Detroit stock exchange, has been elected a member of the national raw silk exchange at New York. The silk exchange will close Saturday, following Washington's birthday.

Glorifying every tradition of a good name

ALWAYS and in *all ways* Dodge Brothers motor cars have been dependable. But in the new Dodge Brothers Six, even Dodge Brothers dependability attains new heights. Numerous refinements in construction, design and equipment have made the new Dodge Brothers Six something more than just another automobile. About it is an air of well-bred hospitality that makes the owner no less proud of his car than of his home. A solid achievement in honest craftsmanship, the new Dodge Brothers Six is the greatest value in Dodge Brothers history. To skill in sturdy manufacture has been added the art of combining spaciousness, comfort and style. In appearance and performance the new Dodge Brothers Six is a gratifying surprise and a never-ending satisfaction.

POETRY

To a Cluster of Violets.

Oh, ye blood-coloured violets that blooms
above her grave,
How can ye wander from heaven's
care so far,—
To live and sweeten this much too
sweetened earth,
Where far below my lady's white arms
are?
What dreams have ye dreamed, ye pensive poems,
That prompt you by this urge divine
To write with scent sad sonnets on the
air,
To sweeten these stone tears of mine?
How long must I watch, poisoning moons
with sighs,
Before she will lean from out her
pearled bower;
Through how many nights of sad petaled hours
That waft down in chimes from yonder ivied towers?

I fall down amongst thee, deep down to
my throat,
Stained with your color and phials of
scent;
And these with pale memories I hold of
her,
I consecrate Love's sacrament.
—By Sebastian Brawne.

Five O'Clock in the Morning.

The dew lay glittering on the grass,
A mist lay over the brook,
At the earliest beam of the golden sun
The swallow her nest forsook.
The snowy blooms of the hawthorne tree
Lay thickly the ground adorning,
The birds were singing in every bush,
At five o'clock in the morning.

And Bessie the milkmaid merrily sang;
The meadows were fresh and fair,
And the breeze of the morning kissed her
brow
And played with her nut-brown hair.

But oft she turned and looked around,
As if, the silence scorning,
'Twas time for the mower to whet his
scythe,
At five o'clock in the morning.

And over the meadow the mowers came
And merrily their voices rang;
And one among them wended his way
To where the milkmaid sang;
And as he lingered by her side,
Despite his comrades' warning,
The old, old story, was told again
At five o'clock in the morning.

HUMOR OF THE DAY

Customer—Would you call these colors fast?

Clerk—Well, not exactly fast, but perhaps a little bit skittish.—Passing Show.

She—Am I the first girl you ever kissed?

He—Yes, dear.

She—Well, the other girls haven't missed much.—Boston Transcript.

Wife—You've been drinking! Don't deny it! I can smell the peppermint you chewed to take away the smell of cloves!—Film Fun.

Mrs. Allspice—Do you know what time my husband came home last night, Maria?

Maria—No, ma'am, but his shoes were still warm at seven.—The Pathfinder.

Dairyman—Yes, this is the very latest type of milking machine.

City Lady—But do you think any of these machines make as good milk as the cows do?—Farm Journal.

"Is your son a success?" "In his line." "What is his line?" "Oh, he demonstrates what the well-dressed young man will wear this season."—Louisville Courier-Journal.

"I suppose Bob is heartbroken at being rejected?"

"Not Bob! He was kind of dazed over his rejection at first. Couldn't make it out. But finally he decided that it was because she believed that a genius was hard to get along with."—Boston Transcript.

Inquisitive Old Lady—Where did these large rocks come from?

Tired Guide—The glaciers brought them down.

Inquisitive Old Lady—But where are the glaciers?

Tired Guide—They have gone back after more rocks.Nevada Desert Wolf.

KALEIDOSCOPE

Pennsylvania is the only state with a mineral production worth more than $1,000,000,000 a year.

The United States produces half the world's copper and Chile ranks next, producing 13 per cent.

The first discovery of a disease-producing germ was made by the French pathologist Devaine in 1864.

Artificial sun bathing parties, during which guests bathe in the rays of ultra-violet ray lamps, are becoming popular in England.

Members of the Brenham (Tex.) Rotary club speak eight languages: German, French, Spanish, Czech, Polish, Portuguese, Greek and English.

The Livingston family has lived on a farm near Hopkinton Ia., 92 years. This year's crop was the 91st yield cultivated by a member of the family.

Thieves raided Louis Hoyt's hen-coop at Haverstraw, N. Y., and carried off 56 hens. They also took two large bags of corn and left a note telling Hoyt to fatten up the chickens and they would be back later for them.

For five successive nights Max A. Pelletier of Nashua, N. H., missed a small pig from his piggery. He reported his loss to the police and then set out to watch the pens himself. The sixth morning about 4 o'clock his vigilance was rewarded when a large collie came along, leaped into the pen and made away with a small pig in his mouth. Pelletier was unable to capture the dog.

The Philadelphia Record moved to a new building. Then the front door of the old Record building had to be locked—the first time in 46 years. And when they started looking for the key they could not find it. In fact, no one remembered ever seeing the front door key. So a locksmith made a new key for the lock that had been nothing more than an ornamental fixture for a little less than half a century.

STAFFORD

Mrs. Edward Eno has returned from Springfield, where she has been caring for her daughter, Mrs. Sherman Hope, and family, who have been ill with measles.

The young people in the C. E. society are working to see how many they can bring in to the Wednesday evening services. As a result the attendance was more than doubled.

Ernest Whiton of Springfield has been the guest of Mr. and Mrs. Joseph D. Frean.

Mrs. Paton and daughter of Boston are guests of relatives in town.

The friends of Mrs. Nellie Johnson, who went to the Masonic home a short time ago, are glad to hear that she is very pleasantly situated.

Mr. and Mrs. Frank Jones and son Franklin visited Mrs. Jones' sister, Mrs. George Lewis, in Westfield.

Word has been received of the death of Mrs. Reuben Burley of Springfield, a former resident of Stafford, the mother of Mrs. E. Pinney of Springfield.

Miss Margaret Glover of Worcester is the guest of her parents, Mr. and Mrs. F. Glover.

Mrs. James Johnson has returned to her home after spending some time with relatives and friends.

Miss Rachel Glover is ill with grip, as is also her brother, Fred Glover, and his wife.

George Colburn of Burlington, Vt., has been the guest of his father, Russell Colburn, for a few days.

LEGAL NOTICE

STATE OF CONNECTICUT

Office of Commissioner on Domestic Animals—State Capitol Annex, Hartford, Connecticut

RULES AND REGULATIONS CONCERNING DOGS IN THE CITY AND TOWN OF PUTNAM; TOWNS OF BROOKLYN AND KILLINGLY AND THE BOROUGH OF DANIELSON.

Whereas, a rabid dog has recently run at large in the city and town of Putnam, towns of Brooklyn and Killingly and the borough of Danielson, thereby exposing persons, dogs and other domestic animals to the infectious disease known as Rabies, now,

Therefore, the Commissioner on Domestic Animals, deeming it reasonable and necessary for the security of the inhabitants and their property and to prevent the spread of said disease and at the request of the Health Officers of these various towns, in pursuance of the authority given under Chapter 269, Public Acts of 1925, hereby makes and promulgates the following rules and regulations for confining, controlling, vaccinating and destroying dogs and other animals in the city and town of Putnam, towns of Brooklyn and Killingly and the borough of Danielson.

Sec. 1. All dogs or other animals in said towns and said city and borough known to have been bitten by a rabid dog or other animal shall forthwith be mercifully killed by the dog warden of the town unless the dog so bitten has received, 21 days prior to the time of the biting or inoculation by a rabid animal, a vaccination treatment known as the anti-rabies vaccination, which treatment must have been applied by a registered veterinarian who shall furnish the Commissioner on Domestic Animals and the dog warden of the town a certificate to the effect, giving date of application of treatment, the method used, and the name of the manufacturer of the biological product so used; or unless a dog which has been bitten by a rabid dog shall have received within three days from the time of biting or inoculation, the first injection of the treatment known as the anti-rabies treatment or Pasteur treatment for animals, such animal being held in quarantine while under this treatment and until released in writing by the Commissioner on Domestic Animals or his agent.

Sec. 2. All dogs in said towns and said city and borough known to have been in contact with a rabid dog but not positively known to have been bitten by said rabid dog, and all dogs showing symptoms of rabies shall be quarantined in close confinement to the acceptance of the dog warden and the special deputy until released by the Commissioner on Domestic Animals or his special deputy.

Sec. 3. All dogs in said towns and said city and borough shall be quarantined in close confinement or securely chained on the premises of the owner or keeper and no dog shall be allowed to go at large from and after the date these rules shall go into effect until the same are rescinded EXCEPT:

(a) Dogs being led or held on leashes of not more than five feet in length in the hand of the owner, keeper or attendant provided such owner, keeper or attendant is of responsible age.

(b) Hunting dogs while actually engaged in hunting game accompanied by a licensed hunter.

(c) Sheep and cattle dogs while actually engaged in driving and tending sheep or cattle and accompanied by and in control of the owner, keeper or herdsman.

(d) Any dog, twenty-one days after anti-rabies vaccination has been applied by a licensed veterinarian, provided a special metal tag inscribed "vaccinated" and serially numbered as provided by said veterinarian has been attached to collar, and certificate stating name and address of owner and date of vaccination has been issued to the Commissioner on Domestic Animals and the dog warden of the town. Veterinarians shall keep a record of all vaccinations subject at all times to inspection of the Commissioner's agent, deputies or dog warden of the town.

Sec. 4. No dog shall be shipped, taken or removed out of said towns and said city and borough except as provided by Paragraph D of Section 3.

Sec. 5. The dog warden or any constable or police officer having jurisdiction in said towns or said city or borough shall humanely kill all stray dogs which they may find at large without collar and license tag attached. Said dog warden shall capture and take into his custody every dog in said towns and said city and borough found with collar and license tag attached NOT confined and controlled agreeable to the foregoing, except as provided by Section 1 and 3 of this quarantine, and shall impound and hold such dog seventy-two hours and kill the same if unclaimed as is provided by law.

Sec. 6. These rules and regulations shall take effect at 7 o'clock, Eastern Standard Time, in the forenoon, the 25th day of February, 1929.

PENALTY

Section 22, Chapter 269, Public Acts of 1925: "Each person owning, keeping or harboring a dog who shall violate any provision of this act for which no other penalty is provided or any rule legally made and published, for restraining or destroying dogs, shall be fined not more than twenty-five dollars or imprisoned not more than thirty days or both."

JAMES M. WHITTLESEY,
Commissioner on Domestic Animals.
Dated at Hartford, Connecticut, this 18th day of February, 1929. 3t feb18

BRIEF SESSIONS OF GENERAL ASSEMBLY

(Special to The Bulletin)

HARTFORD, Feb. 19—Brief sessions of both houses of the legislature were held today as ther ewas little business coming from the committees, only one, the judiciary, having held a hearing on last Friday.

The hopes of those who have paid taxes for fifty years to be exempt up to $1,000 were shattered today when the senate concurred with the house in rejecting the measure providing such relief.

A favorable report on the bill giving the athletic commissioner supervision of amateur boxing and wrestling was returned and the matter was tabled for the calendar.

THE HOUSE

Speaker Eddy opened today's session of the house at 11:15 a. m. Chaplain Hudson offered prayer.

The house today passed the bill providing for paying the state auditors $6,000 a year salary and traveling expenses on official business; and the bill providing for body writ for failure to pay personal taxes.

The following bills were taken from the calendar and passed:

No. 65—Providing a salary of $4,000 a year for the clerk of the city court of Waterbury.

No. 110—Extending the time for proving the right to exemption from taxation to time of assessment.

No. 111—Providing for the issuance of alias tax warrants for non-payment of personal tax as wel as property tax, empowering attachment of the body of delinquent personal taxpayer and making minimum fee for sheriff serving warrant $5.

No. 190—Providing salary of $1500 a year for assistant judge of the police court of New London in place of fee of $3 a case.

No. 220—Providing for two judges of the city court of Stamford at salaries of like amount.

No. 247—Increasing salaries of judge and prosecutor of the town court of Westport to $1,000 a year each.

No. 258—Extending time to 1931 for organization of the Silica Railway and Transportation company of North Stonington.

No. 350—Providing salary of $6,000 each for auditors of public accounts and their necessary traveling expenses when engaged in the duties of their office outside the city of Hartford.

No. 394—Providing salary of judge and prosecutor of Griswold town court $900 a year each and pay of $6 a day each for deputy judge and assistant prosecutor for each day of actual court service.

No. 395—Amending charter of town court of Milford to provide for calling in another judge only when both judge and deputy are unable to preside.

Candidacy of Jacob H. Bellin for judge of the city court of Ansonia having been withdrawn, the house accepted the report of the judiciary committee and rejected a resolution for his appointment.

A quail bill, No. 542, was rejected because of other quail bills and on report of the committee on fish and game the house tabled for calendar and printing bill No. 545, extending the closed season on quail to October 8, 1931.

The judiciary committee reported favorably bill No. 597, providing for two judges of the borough court of Greenwich, and bill No. 413, providing for the appointment of a woman probation officer in Greenwich.

The house adjourned at 11:32 until tomorrow at 11:15 a. m.

SENATE

President Ernest E. Rogers called the senate to order at 11:15. Chaplain Ayer offered prayer.

The following executive nominations were taken from the table and referred to the judiciary committee:

Allyn L. Brown, of Norwich, judge of the superior court for eight years from August 13, 1929.

L. P. Waldo Marvin, of Hartford, judge of superior court for eight years from August 30, 1929.

Newell Jennings, of Bristol, judge of superior court for eight years from May 3, 1929.

The following bills were rejected on unfavorable report by judiciary committee:

House bill No. 584, concerning banks and trust companies in Meriden.

House bill No. 405, permitting the Stamford city court to discontinue cases.

On unfavorable report of the military affairs committee, house bill No. 286, creating a state police school, was tabled because of the absence of the chairman of the committee.

Three bills were rejected on unfavorable report of the finance committee as follows:

House bill No. 752, exempting to the extent of $1,000, persons who have paid property taxes for fifty years.

House bill No. 286, increasing exemption of property tax on farm tools from $200 to $600.

House bill No. 280, allowing East Haven taxpayers ninety days to pay their property tax.

The senate adjourned at 11:30 until tomorrow morning at 11:15.

FUNERAL OF REV. ALLEN SHAW BUSH HELD TUESDAY AT NEW LONDON

(Special to The Bulletin)

NEW LONDON, Feb. 19—The funeral of Rev. Allen Shaw Bush, of Gales Ferry, former Congregational minister, was held this afternoon at 2 o'clock at the Second Congregational church and was attended by a large assemblage of mourners, including many clergymen. The services were conducted by Rev. Dr. J. Beveridge Lee, pastor of the church, and Rev. Charles H. Ricketts, pastor of Greeneville Congregational church, Norwich. The honorary bearers were Rev. Frank Palmer and Rev. A. N. Foster, Norwich; Rev. Charles E. Reeves and Rev. Gurdon F. Bailey, Norwich Town; Rev. Giles F. Gooneenough, Jewett City; Rev. Inor Partington, North Stonington; Rev. F. G. Chutter, Mystic; Rev. Henry W Hulbert, Groton, Rev. J. Romeyn Danforth and Rev. F. H. Barnum, New London. The active bearers were Walter M. Buckingham, D. R. Povey, Irving Hulbert, Billings S. Crandall, Hilton Underhill and Freeman Kenerson. Burial was in Cedar Grove cemetery.

FALVEY ADDS MEANNESS TO LONG LIST OF OFFENSES

(Special to The Bulletin.)

NEW LONDON, Feb. 19—Peter Falvey, 845 Main street, a young man with a police court record of offenses of a varied nature, was in court again today, the charge this time, being breach of the peace. Owing to the nature of the outrage he perpetrated, Falvey was sentenced to three months in jail by Deputy Judge John Mcdarry. Falvey is lucky that he was not presented on a second charge for after the adjournment of court he used vile and abusive language and only the fact that court officials had left the building prevented his second prosecution of the day.

Falvey was on Franklin street late last night, when he was approached by Miss Anna Bland, of New York, who requested to be directed to the union station, it being the intention of Miss Bland to board the 3:20 o'clock train for that city. Falvey offered to accompany the woman to the station and had walked but a short distance when he forced his attentions upon the woman. When the actions of Falvey were resented, he attacked Miss Bland, disarranging her clothing and forcibly taking her effects from her. Miss Bland made complaint to Patrolman William Manice of the conduct of her assailant, who she said was called "Pete" by an acquaintance who was with him. The description given tallied with that of Falvey and when Officer Manice sought and found Falvey at his home and arrested him: a part of the property of Miss Bland was found there.

START FOR CALIFORNIA TO SPEND SEVERAL MONTHS

(Special to The Bulletin)

Stivers; finance, Mrs. John Baxter; camp, Miss May Chute; educational, Mrs. Winifred G. Whiton; leadership, Mrs. Leroy P Gracey; entertainment, Mrs. Charles D. Young; publicity, Mrs. Gordon T. Finley.

James Cleary, Jr., entertained a number of friends last night at a bridge party in his home, on Thames street. Mr. Cleary and Leslie Hewitt were prize winners. Refreshments and songs followed the play.

Mrs. Leroy F. Forsyth, leader of Circle No. 2, of the First Baptist church, was presented a pocketbook at the meeting of the organization held last night at the church. The gift was in appreciation of her work. Plans were discussed at the business meeting regarding a sale in March. A social hour ended the meeting. At the next meeting there will be a covered dish luncheon.

Mr. and Mrs. Arthur O. Fafard, of Gales Ferry, recently entertained at a costume valentine party. Every one was in costume and prizes were won by Mrs. Rudolph Stern and David Hirsch.

Members of New London branch of the American Association of University Women held a social and bridge tonight at the Colonial Shoppe. Mrs Herbert Hirsch was in charge. A delicious supper was enjoyed.

WATERFORD FIRE COMPANY WANTS NEW EQUIPMENT

Members of the Waterford Fire company, at a meeting held last night, discussed the necessity of securing new equipment. The company voted to sent twenty of its members to a fire school soon to be held in this city. Fire Marshal Edmonds and Former Fire Chief Rose, of New London, attended the meeting. Following the business meeting a delicious oyster stew was served.

Tax Collector Hibbard N. Alexander today released liens placed on two properties owing to the fact that back taxes had been paid up by the owners. Vincenzo Zito, of this city, and Albert Weiner, of Worcester, Mass., and Benjamin Cohn, of New London.

Pascuel Ortega, Filipino, a cook aboard U. S. coast guard destroyer Tucker, was in the city court today, charged with conducting a disorderly He could not pay and through his counsel, gave notice of appeal. When house and was fined $100 and costs. Judge McGarry ordered Ortega held in bail of $1,000, Ortega could not furnish a surety, so he was sent to jail where he will serve 11 months. When he is freed, Ortega will be given a court martial on a charge of desertion.

Helen Rogulki, 17, of 256 Main street, and G. G. Fornash and W. F. Clift, coast guarders, who were charged with frequenting, obtained their liberty. The girl was placed in the custody of Probation Officer Richard W. Mansfield and the sailors were discharged. Several complaints had been received by the police within a few weeks because of sailors frequenting the house at 45 Fourth street. It was here that Ortega harbored two or three young girls and where sailors were nightly visitors. Last night Acting Sergeant Augustus Ray and Patrolman Dennis Murphy and two members of the coast guard shore patrol, maintained a watch of the house. When Fornash and Clift were seen to enter, the officers followed. What was found there, together with admissions made by Fornash and Clift on the witness stand, left no doubt in the mind of the court as to the purpose of which the house was being used. The police anticipated finding at least two other girls in the house, but for some unknown reason they did not put in an appearance there during the night. A watch for them was maintained several hours after the arrests of Ortega, the girl and two sailors.

The continued cases of Francis L. Cables, 11 Starr street, and Arthur M. Armstrong, 100 Grant avenue, Medford, Mass., charged with reckless driving, were disposed of by nolles being entered. Cables and Armstrong were arrested last Sunday following the cars that they were driving colliding at the corner of Montauk avenue and Linden street. Each driver blamed the other for the crash.

Jennie E. B. Saunders has sold to Pauline Sawicki, a house and lot on Addison street.

Raymond B. Smith has sold the Mayflower Tea room, 14 Meridian street, to Mrs. Margaret Kennedy Cleary. The price paid was $2,000.

Commissioner of Motor Vehicles Robbins B. Stoeckel today ordered the suspension of the driver's license of Fred Goldfarb, U. S. Coast Guard.

Arthur Manderville, of Ocean avenue, who reported to the police last night, that his automobile had been stolen from Jefferson avenue, today informed them that he had recovered the car.

MYSTIC

PAPER TUBE COMPANY UTILIZING SPOOL FACTORY

The Lowell Paper Tube company has moved its offices and some machinery from the mill where the concern has been located for several years, at the end of Jackson avenue, to the spool factory and has about 15 hands employed in the new plant. The machinery for making straight wound tubing has been installed at the east end of the building and the offices are at the west end. The old mill is still being used for the making of spiral-wound tubing on the second floor and for storage purposes on the lower floor. This company is one of the busiest in Mystic; several carloads of tubing being shipped out each week.

The weather for the past few days has caused some of the farmers to realize that spring is on the way, and they are busy getting fields ready and ordering seeds.

ANNOUNCEMENTS

Broadway Theatre.

No one can attribute the success of Al Jolson in The Jazz Singer to a lucky break for Warner Bros. The producers certainly deserve some credit for the manner in which they went to work on the picture and the means they took to obliterate chance from everything connected with it.

To begin with, it must have taken a lot of nerve to have signed up Al Jolson for the picture. The black-face comedian recently turned down an offer of $20,000 for a week's work in New York so it is plain he knows his own value. What the Warners paid Jolson for his labor in Hollywood they are not telling and probably no one outside of the internal revenue department of the government ever will know.

The thrilling and emotional story is that of the son of a cantor who runs away from home and becomes after years of struggle a Broadway sensation — returning when almost too late to sing in place of his father on the eve of the Day of Atonement. The play follows closely the life of Al Jolson, the star, who makes the triumph of his life in the role.

As for the cast, it looks to have been "hand picked." Surrounding Jolson are a number of stars. The leading woman is the dainty May McAvoy and after her comes the character star, Warner Oland. Eugenie Besserer portrays the mother, and others in the cast include Otto Lederer, Bobby Gordon, Richard Tucker and Nat Carr. The celebrated cantor, Josef Rosenblatt, is also in the cast.

Alan Crosland, who established his reputation as the director of Don Juan, When a Man Loves, and Old San Francisco, has had charge of the filming of The Jazz Singer. Al Jolson in The Jazz Singer, comes to the Broadway tomorrow for a run of three days.

This production is a Vitaphone picture and must not be confused with the silent version which has been shown here some time ago. You will hear the only Al Jolson sing his well known numbers in his own inimitable way.

Palace Theatre.

The program which comes to a close at the Palace theatre today is one that can be compared to theatres that charge a much higher admission price. Heading this program is Exie Butler and Don Santos and their Rhythm Boys in a colorful jazz band with pep and versatility which comes to this stage direct from the Texas Guinan club in New York. Meehan and Shannon in a comedy travesty on domestic life. Fenwick Sisters in harmony supreme. Lester and Earle in Tid Bits of Vodvil and opening this well balance program Jack Gregory Trio in a whooping good time.

"With this ring I wed thee—and with all my worldly goods I thee endow."

And just an hour afterwards, Leroy Boyd learned through his wife's mistaking him, in the darkened library, for John Van Cleve, that she became Mrs. Boyd only because of the worldly goods he could give her. He hears her tearful promise that her marriage shall make no difference to Van Cleve. And he stumbles out of the house, after denouncing her mercenary treachery, feeling all his faith in womenkind is gone forever.

That is the beginning of Boyd's romance with Lingerie, whose gay nickname makes the title of the Tiffany-Stahl production, featuring Malcolm McGregor, Alice White and Mildred Harris, which is the attraction today at the Palace theatre. The new program which opens Thursday is headed by Larry Reilly's Gambols, a beautiful song and dance revue, with plenty of women, girls and dameels blessed with plenty of pep, youth and syncopation. This attraction will be presented with four other headline acts.

"Take him for a ride."

The expression seems innocent enough and suggests a pleasant engagement; but when spoken in the underworld it is a death sentence.

During the making of Columbia's Stool Pigeon, which will be shown at the Palace theatre on Thursday, Friday and Saturday, the command was spoken so frequently that it got on Olive Borden's nerves. Miss Borden has the leading feminine role in the production, that of an underworld girl.

Of an evening after a hard day at the studio Miss Borden returned to her home, extremely fatigued. Some friends called, but Miss Borden failed to rally to the occasion. At length thinking that the fresh air might liven the actress up, one of the guests suggested, "I think we ought to take her for a ride."

Miss Borden, who was in the next room heard the remark and subconsciously became filled with horror. Silently she stole to the window and made a hasty exit. Her friends were surprised at her disappearance; but Miss Borden did not again show her face until they had gone. The next morning he had a good laugh over the power of suggestion.

Stool Pigeon is an expose of gang life and the folly of the crooked path. It reveals the reasons why "crooks can't win."

Breed Theatre

In the William Fox production of Cameo Kirby, adapted from the stage play by Booth Tarkington and Harry Leon Wilson, now reissued with John Gilbert starring, the leading character is a refined gambler, scion of a southern family from which he has been estranged by circumstances. Known as "Cameo," because of a superstitious fondness for the carved stones, he becomes notorious along the Mississippi as a fearless gambler—a gentleman, but inclined to be rough when occasion demanded.

In the title role, John Gilbert is said to present one of the most picturesque characters in fiction history with remarkable realism. To commence with, Gilbert studied the characterization carefully and he also watched the original stage performance with Dustin Farnum in the title role. Gertrude Olmstead plays the feminine lead and they are supported by a capable cast.

Cameo Kirby opens at the Breed theatre today for a two-day engagement.

In Aflame in the Sky, the added feature, F. B. O. has produced a picture which is ideal entertainment for both the lover of thrills and the person who likes a human interest story.

The hero of the picture is a daring young aviator in the Royal flying force who has come to New Mexico to experiment with a phosphorescent smoke for the purpose of sky-writing at night.

One of the breath-taking sequences is when the young aviator goes for help in his plane and writes the word "HELP" in phosphorescent smoke in the night sky. No sooner has he completed the last letter when his plane catches fire and goes down to the ground in flames.

The part of Terry Owen, the daredevil ace in the Royal flying force, is played by Jack Luden, who shows a lot of real acting ability. The girl is played by Sharon Lynn, one of the prettiest and most talented of the younger actresses.

Machines Collide

A Chrysler sedan had a bumper smashed Tuesday morning in front of The Bulletin building, when it collided with a machine owned and operated by Morris L. Bergstresser, superintendent of the Schwarzenbach-Huber Silk mill on the West Side. The sedan is owned by a Willimantic man.

GREENEVILLE

The following sent floral tributes to the funeral of Joseph Bechard Saturday morning in this city, namely: Pillow, enscribed husband, wife; pillow marked "Daddy," from daughter; spray marked brother, Mr. and Mrs. John Wilson; spray, Frederick Bechard of Putnam; sprav of red carnations, Mr. and Mrs. Edgar Arsenault; spray of red and yellow carnations, Mr. and Mrs. Everett Sharkey; spray of pink and white carnations, Mr. and Mrs. Horace Lester; spray of pink and white carnations, Mr. and Mrs. George Eastham; wreath of sweet peas and bleeding hearts, marked son from mother and father; spray of tulips and carnations from the employes of the inspection department of the J. B. Martin company. The funeral arrangements were in charge of Dougherty Brothers.

Francis Delaney has resigned his position at the local plant of the United States Finishing company.

At the Third Baptist church Sunday evening there was an unusually large attendance at the Christian Endeavor service. An attendance contest has started and the society is divided into two teams the one is attemoting the tour of the United States in a new Ford the other in a Nash. The side that has the most members in attendance forces the car to travel faster. The Ford had a splendid get away from the Nash last Sunday. All of the church's friends are invited to attend and take part in this friendly contest at 6.30 o'clock Sunday evening.

Troop 21 to Have Camp Site.

On Monday evening at 15 o'clock, Troop No. 21, Boy Scouts held their regular weekly meeting in the hall of the Third Baptist church. After the opening exercises and business session Patrol Leaders Woodrow Sebastian and Millard Mulkin were presented their tenderfoot badges. Russell Rydholm and Leroy Sebastian have also passed their tenderfoot tests. Arthur Abell and Henry Marchiniak were admitted as members of the troop. Knot tying contests, flag instructions, physical drills and games occupied the rest of the evening. At 8.30 the boys were given refreshments which included cocoa, sandwiches and cake. These were supplied by the scout masters wife, Mrs. Harry Brothwell, assisted by Mrs. Elmer Mulkin. The boys of this troop consider themselves especially fortunate in receiving an offer of a camp site seven miles out in the country where they expect to build a log cabin for permanent use. A hike to the camp site is in contemplation for Saturday, Feb. 23.

TAFTVILLE

Mrs. Howard Atkins and two children of Orlando, Florida, who have been spending several weeks in Mansfield, having been called there by the death of Mrs. Atkins' mother, have been recent guests of Mr. and Mrs. Arthur E. Atkins of South Second avenue.

The class in hygiene and home nursing held a meeting Tuesday evening in the Red Cross rooms in the Ponemah building with Miss Louise N. Sigrist in charge.

Mr. and Mrs. Edward Yargeau and family of South Second avenue returned early in the week from Whitinsville, Mass., where they were to attend the funeral of Mrs. Evelyn Johnson, daughter of Mr. and Mrs. Yargeau who died in Taftville last week.

It has been announced that as Washington's birthday comes on Friday, the Rocknook well childs conference is to be held in the Red Cross rooms on Friday, March 1st.

Mrs. Edward J. Kelley has been named chairman of the committee which will have charge of the American Legion auxiliary card party to be held this week.

Tells Dyspeptics What To Eat

Strict diets are often unnecessary in stomach trouble. While some foods do produce excessive acidity and many stomachs do generate "too much acid" causing gas, sourness, bloating and after-eating pains, the trouble may be safely and quickly corrected by the use of a good alkaline. Bisurated Magnesia—powder or tablets—is ideal for this purpose. Just a little after meals neutralizes all the excess acid, prevents souring, breaks up gas and ends indigestion. Favorite foods no longer upset stomach and digestion is easy and painless. It will do all this for you or money back. Reliable druggists everywhere sell Bisurated Magnesia with this guarantee.

HARVARD BUYS ADDITIONAL LAND FOR RACE HEADQUARTERS AT GALES FERRY

Through the purchase of 11 acres of land from Carl W. Brown, Harvard university has increased to 25 acres, its total property holdings on the shore of the Thames river, at Gales Ferry, the university's boat race headquarters, according to an announcement made Tuesday evening. The university increased its holdings at Gales Ferry by five acres, a year ago this month and last June purchased four more acres.

The 11 acre tract just purchased from Mr. Brown contains several buildings, all of which, with the exception of a farm house, are to be razed. The farmhouse will be occupied by the caretaker.

A new dormitory for the varsity crew will be erected this spring and will be ready for occupancy in time for the annual boat races in June. Immediately after the races new freshman quarters will be erected and eventually a new boat house will be constructed. The total outlay for new buildings and improvements will be between $75,000 and $100,000.

LOCAL NATIONAL GUARD PLANS AUTOMOBILE SHOW

Announcement was made Thursday evening that the 192nd Artillery, C. N. G., which regiment includes Battery B, and First Battalion and Headquarters Train of this city, will be among the first regiments to be supplied with the new tailored uniforms adopted by the war department for the United States army. The efficiency rating of the 192nd Artillery is one of the highest in the country. The National guard as well as the regular army, has been using up the supplies made during the World war and the supplies are rapidly becoming exhausted.

Battery B, and the Combat Train are completing arrangements for an automobile show to be held at the armory the latter part of the month. The majority of the Norwich auto dealers, and several out of town dealers will display the latest models of machines at the show. The 192nd Field Artillery band, of New London, will be present at the opening night. Under Warrant Officer Perry the band will provide a concert program. A feature number of the program will be The Regimental March, composed by former members of the regiment.

Among the guests invited to attend are First Selectman William S. Murray, Mayor Lee Roy Robbins, the members of the court of common council, Major General Morris B. Payne, commanding officer of the 43rd Division, Col. M. J. Mogensen, of New Haven, commanding officer of the 192nd regiment, and national guard officers of New London and Danielson.

The proceeds of the auto show will be added to the mess funds of the local companies. These funds are used to provide extra comfort and entertainment for the guardsmen. Captain W. R. Dennison is commanding officer of the Combat Train and Captain Meredith Lee, commanding officer of Battery B.

ANNUAL ROUNDUP OF TOLLAND COUNTY CLUBS

(Special to The Bulletin)

STORRS, Feb. 19—The second annual roundup of the 4-H clubs of Tolland county took place here Saturday with an attendance of over 250 young people from all over the county. The program which was arranged by Donald C. Gaylord, club worker, started at three o'clock with group singing by delegations from different towns. This was followed by the roll call by towns, county picture, club song contest, talks by club members, selections by the orchestra of the Snappy Health club, talks by local club leaders, and remarks by county agents.

In the evening a delightful supper was served in the college dining hall with Mrs. B. A. Brown as toastmaster. Professor Charles B. Gentry, acting president of the college addressed the gathering welcoming them to the institution, which was followed by an entertainment by the 4-H club entertainers. A. J. Brundage, state club leader spoke on "Yes, We Want More Club Work," in an effort to have the young people extend their aggressiveness to other young people of their section.

At the end of the nights' entertainment the two silver cups donated by the Stanley Dobosz post of the American Legion in Rockville were presented to the best home economic club and the best Agricultural club in the county. The roundup came to a close with community singing by the group.

NORWICH GOLF CLUB TO ELECT NEXT WEEK

Family and active members of the Norwich Golf club have been notified that the adjourned annual meeting of the club will take place next Monday evening at the Wauregan hotel. The business before the meeting will be the election of three governors to succeed Lucius Briggs, William G. Park and John Fontaine and action on the reports of the officers.

Mrs. Bennett's Will Filed

The Thames National bank is named executor in the will of Mary C. Bennett, wife of Henry L. Bennett, which has been filed in probate court with Judge Nelson J. Ayling. The will was made on April 1, 1927 and was witnessed by Anna Rogler, Althea F. Church and Michael J. Corcoran. According to the will Mrs. Bennett made the following bequests: $100 each, to the following, Gardner B. McGregory of Brooklyn, N. Y., a grand son; Carolyn A. MacGregory of Norwich, a granddaughter; Lester S. Bennett of Norwich, a grandson. To her husband and three daughters, Helen B. MacGregory, Alice L. Bennett and Rosalie A. Bennett, all of Norwich, is left the house and its contents on Williams street, Norwich. The residue of the estate is left to Mr. Bennet, who receives one-third, and to the three daughters, the remaining two-thirds, to sare equally.

Two Licenses Returned.

NORWICH MAN MANAGER OF NEAR EAST RELIEF

Christopher Carson Thurber, native of this city, graduate of the Norwich Free Academy and also of Trinity college, at the present time manager for the orphanage and refugee relief in the Constantinople-Athens area, has been engaged in social service work for years. The recent Near East Relief dinner at the Wauregan recalls his varied and exciting experiences and the very commendable work he is doing for orphan and refugee relief.

Mr. Thurber's connection with Near East Relief took him into Asia Minor at a time when the refugee situation was at its height of horrow. Stationed at Sivas, a beautifully located town on one of the main arteries across Anatolia, past the door of his orphanage there went a long line of distressed and suffering women with tiny children dragging at the women's skirts, and the older boys and

CHRISTOPHER C. THURBER

girls carrying bundles so heavy they could hardly lift them. These were deportees being driven mercilessly toward Eastern Anatolia and the Anti-Taurus mountains where the maintenance of life is secured with the utmost difficulty. The heavy bundles grew less and less each days as their contents were used up by the refugees whose last bit of property they represented, or were thrown away by the exhausted carriers or were stolen by bandits or so-called guards.

For a long time Thurber was unable to help these people, going out at night with his assistants to pick up the babies and little children who had had to be left at the side of the road by the people who could carry them no louger.

At last refugee camps were established. Here Thurber showed his executive ability, arranging not only for the feeding of these wretched people but for the establishment of certain industries by which the women were enabled to earn some little money to support themselves and their otherwise helpless dependents. Into the orphanage were taken the children whose mothers had died on the road.

Needless to say, the crowding in and around these camps was so desperate that epidemics developed. A spread of typhus fever caused many deaths. Thurber himself came down with it and his work of serving others nearly ended there.

When it became necessary for Near East Relief to take its orphan charges out of Asia Minor, he carried a great many of them up to the Black Sea where they were put on steamers which conveyed them to Constantinople and to Greece.

In Constantinopl Thurbr was in charge of an enormous detention and refugee camp on the Asiatic side of the Bosporus. This was establish- The conditions at the barracks were Florence Nightingale did some of her work in the days of the Crimean war. The conditions at the baracks were absolutely shocking. The number of people crowded into the small rooms was beyond belief. The daily number of deaths was tremendous, as diseases carried off a large number. Feeding was a tremendous problem, not only from the side of the distribution of food but from that of the actual obtaining of food to give out.

In the course of his work here, Thurber had many encounters with the enemy forces. In one of these he attempted to rescue a woman who was being abused by a soldier. The soldier, calling for aid, threw the American down and with his friend beat him on the sole of his foot, breaking small bones and permanently injuring the tender nerves. By way of recompense for this unfortunate happening, Thurber was made mayor of Scutari with official power in the district around the barracks. This was no special honor but at least gave him a chance to do more for his refugee charges than otherwise he would have been able.

At the time of the exchange of populations, when the Ottoman Greek were returned to the Greek soil their ancestors had left several hundred years before and the Moslem in Greece came back to Asiatic soil Thurber's experience in Asia Minor made him a valuable assistant.

Going over to Greece, Thurber made himself familiar with all the Near East Relief work which was extremely Leavy and extended over the entire mainland of Hellas and into some of the islands after the Smyrna disaster. There were several orphanages in Athens; another at Corinth; another at Aurifas; another at Lentroke; yet one more at Eldipsos on the island of Euboea. There was work in Macedonia and in Mitalini and Crete and Setalonia and Syra. It was no easy matter to place the thousands of orphans sent into a country which had no extra housing, which was being swamped by hordes of refugees and a number equaling more than 20 per cent of the population in the course of a little over a year at Smyrna. Every kind of place was put to service as shelter; warehouses, hotels, abandoned factories, almost anything that had a roof and could be cleaned up and whitewashed. Thurber was in his element in settling the children and in maintaining the work.

When the director of the Greek area Harold C. Jaquith, also a Trinity man, came back to America on long furlough, Mr. Thurber took his place and is now acting director of the area. The number of activities of Near East Relief has been greatly reduced and their nature much changed. There are few orphans left but there is a great deal of work with the ex-orphans. It is highly important that these boys and girls, outplaced in industries through the efforts of the American organization should have some oversight by the only "family" they have known anything about, during the years when they are establishing themselves in their life work. They go to the Near East Relief officers for advice and they look to them if they fall ill. The working boys and girls' home, the industrial room for widowed mothers with dependent children, the follow-up on the boys and girls out in industry, the maintenance of workrooms for crippled girls who cannot be outplaced but who are sufficiently well trained to earn their living in a sheltered and sympathetic environment, the carrying on of a tuberculosis sanitarium on the island of Syra where the main orphanage of Near East Relief is, the continuance of the school for training nurses, for the blind and for deaf mute, are all activities enough to keep Thurber on the jump.

The organization is reducing overseas work. It hopes to wind up all its varied activities of schools, hospitals, etc., in the course of the next year or two on this side of the water and will not go to the American people for funds, after June 30th next.

SIX SPECIAL SERMONS BY REV. A. H. ABBOTT

In this week's calendar of the United Congregational church the pastor Rev. Alexander H. Abbott makes some thoughtful suggestions to his people regarding his Lenten theme, concluding as follows:

We suggest, therefore, that we spend the next few Sunday mornings in thinking about man's experience with God. Our forefathers had it in their own way. Let us see if we cannot now say something about God—on the basis of our present life—which will be at least clear speech about one or two things.

The following subjects are ours, as they are more or less everybody's. Let us think about them.

"February 24—God in Our Amazing World; March 3—God in One's Own Body; March 10—God in One's Own Soul; March 17—God in the Conduct of the Historic Christ; March 24—God in the Cross of Christ; March 31—God in One's Own Immortality.

FISH AND GAME ASS'N TO MEET TONIGHT

The Norwich Fish and Game association will hold the first of its monthly club nights Wednesday at the workshop of Louis Ortmann, president of the association, on Orchard street. A feature of the evening will be the showing of five reels of motion pictures dealing with hunting and fishing scenes. The motion pictures will be shown by Jean Keifer. The meeting is scheduled for 7.30 o'clock and an attendance of nearly 100 is expected. Other meetings with equally attractive programs are planned for the coming months.

MERCIER ASSEMBLY HELD COLONIAL TEA FARTY

A Colonial tea party featured the social meeting of Mercier assembly C. D. of C., held Monday evening at the T. A. B. building, with a large attendance. At the business session, at which the president, Miss Loretta P. Gadie, presided, matters of a routine nature were transacted. There was discussion of the prospective rental by Mercier assembly of the T. A. B. building, which will be used in addition to the present rooms of the assembly for various forms of entertainment for the members and public.

Announcement was made of two events to be held by the assembly, one an Eastern dance, immediately after Lent, and a bean supper to be given soon. Mrs. Anna Burke is chairman of the committee in charge of the supper. There is much interest in the first issue of the state paper, "The Beacon," the state assembly paper, copies of which can be obtained from Miss Margaret Sullivan, recording secretary.

After the business meeting a delightful social hour was enjoyed and the committee in charge, Miss Catherine Lynch, chairman, entertained with a Colonial tea party. Julia Ulrich, and Madeline Fitzerald, dressed in Colonial costumes of rich material and coloring danced a minuet, much to the delight of all. This was followed by piano solos, Country Gardens, and Colonial Song, by Grainger. Following the entertainment tea and wafers were served in the rooms, which were attractive in patriotic colors.

NORWICH TOWN

THE BOTHAM-STODDARD WEDDING AT PARSONAGE

At the Congregational parsonage 12 Elm avenue, Saturday afternoon at 2:30, the pastor, Rev. Gurdon F. Bailey united in marriage, Herbert F. Botham and Irma Derby Stoddard, both of Norwich. The ceremony was witnessed by a few friends. Mr. and Mrs. Botham are to reside on Hickory street, Norwich. The groom is the son of Edwin F. and Delia Holbrook Botham. The bride is the daughter of Curtis and Bertha Royce Derby. This is her second marriage.

Interest in Contest

That the Congregational C. E. contest is arousing interest among members and friends, was evidenced by the large attendance at the meeting Sunday evening at 6:30 in the chapel. Miss Lucile Browning is captain of the White side and Reginald Avery is the captain of the Reds. This attendance contest is to continue for two more Sunday evenings. At the first meeting the Reds were in the lead with a gain of four points; while at the meeting Sunday evening, the White side was victorious with a majority of 40. The total attendance at this, the second meeting was 102, registering 71 for the White side and 31 for the Reds. As the contest stands at present the Reds are outnumbered by 36 points in favor of the White side.

The leader of the meeting was Crosby Peck. The topic used—"How Much Should We Strive For Material Things," was discussed briefly by several present. Rev. Gurdon F. Bailey offered prayer at the request of the leader and Rev. Charles E. Reeves pronounced the benediction. During the meeting, Theodore Sterry accomplished violinist, beautifully interpreted "Flowers and Ferns," by Keiser. Miss Louise Sterry playing the piano accompaniment. Hymns sung included This Is My Father's World, I Love to Tell the Story, We've a Story to Tell to the Nations, O God Beneath the Guilding Hand and To the Knights in the Days of Old. Miss Sterry also accompanied for the hymns. Rev. Mr. Bailey and Clyde M. Beebe assisted the leader and spoke along the lines of the general topic. Other churches were represented and the visitors present were extended a cordial welcome, also an invitation to attend other meetings.

Reginald Avery is to have charge of the meeting next Sunday evening. He will have for his assistants Miss Esther Durr and James Gray.

Eulogized Rev. A. S. Bush

In his sermon at the First Congregational church Sunday morning, the pastor, Rev. Gurdon F. Bailey spoke on "Limitations of Life," II Corinthians 12:7, was his text. And lest I should be exalted above measure through the abundance of the revelations, there was given to me a thorn in the flesh, the messenger of Satan to buffet me, lest I should be exalted above measure. Prior to the sermon Rev. Mr. Bailey alluded to the death Sunday morning of Rev. Allen Shaw Bush of Gales Ferry, speaking of the career of this clergyman, who several times had addressed this congregation, bringing to its members the message of God.

Miss Jennie Congdon of Mediterranean Lane is to be the hostess Wednesday evening to Ever Ready Circle of the King's Daughters.

A skating party has been planned by the young people of the Congregational church for Wednesday evening, weather conditions permitting. If favorable, all interested have been requested to meet at the chapel at 7:15.

For the Thursday evennig meeting in the Congregational chapel, the study topic will be "Glory Of God—What Do We Mean by Glory?"

The work committee of the Women's department of the League of Service connected with the First Congregational church, has planned a meeting for Friday afternoon at the home of Mrs. Frederick Ross of Sturtevant street.

Charles Sterry Improving

Charles Sterry of 40 Otrobando avenue, shows improvement daily, following an illness of two weeks that has kept him confined to the house. Mr. Sterry for many years night watchman at the Ulmer Leather company, gave up his duties agout four years ago, due to ill health. Since then, he has shown much progress in regaining his health, until this recent attack.

Following a few weeks' visit with his mother, Mrs. Mary Durr of 85 Town street, and other Norwich relatives, Frank C. Durr, has returned to his home in Bellefourche, South Dakota.

NEMROD GROTTO CEREMONIAL PLANNED FOR MAY 4TH

Announcement was made Tuesday evening that Nemrod Grotto, M. O. V. P. E. R. will hold its next ceremonial Saturday, May 4th. The grotto held a ceremonial last Saturday evening. A number of candidates are already lined up for the May ceremonial at which the officers and committee in charge expect to have a class that will exceed any in several years. The ceremonials will be conducted by Nemrod's degree team which has already started rehearsals.

WESTERLY YOUTHS CAUGHT WEARING STOLEN CLOTHING

(Special to The Bulletin)

WESTERLY, R. I., Feb. 19—Angelo Carizzio, 19, formerly of Willimantic, and Charles Gabrelle, 19, both boys now of this city, were arrested tonight. They are charged with breaking and entering the clothing store of Chester Sherman, in Hope Valley. It is alleged they stole clothing to the amount of $200. Lieut. George H. Champlin saw Gabrelle dressed in new clothes which answered the description of the stolen clothing. Officer Leroy Norman arrested Gabrelle. A clerk from the Hope Valley store identified the stolen articles. Carizzio was picked up by the police and clothing that he was wearing was identified. The young man will be given a hearing before Judge Oliver H. Williams at a special session of the third district court. More clothing is expected to be identified Wednesday.

FUNERALS

Mrs. David Elderkin

At 2 o'clock Tuesday afternoon the funeral of Mrs. David Elderkin of Colchester was held at the funeral parlors of Undertakers Shea and Burke. The services were conducted by Rev. George H. Strouse, pastor of the Bozrah Congregational church, and were attended by a large gathering of mourners. The floral tributes were most beautiful. Burial was in the family lot in Linwood cemetery, where the committal service was read by Rev. Mr. Strouse. Friends acted as bearers.

WORKS HARD IN THE FIELD

Relies Upon Lydia E. Pinkham's Vegetable Compound

Rankin, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound as a tonic before and after my first child was born six years ago. Then when my second child came and I felt weak and rundown, I took it again. I am still taking it and I am feeling better. My mother used it for herself when I was small and always got good results. She still takes it. I do all kinds of heavy work, including my housework and I also help in the field. I recommend the Vegetable Compound and I am willing to answer any letters."—Mrs. Ben Obenland, Route 2, Rankin, Illinois.

VIEWS ON MORE EFFECTIVE ENFORCEMENT OF DRY LAW

James M. Doran, Prohibition Commissioner, Believes in a More Intelligent Cooperation by State and Municipal Governments and Not More Concentration of Power in the Federal Government—Addressed Department of Economics, Sociology and Government of Yale University—Said Illicit Liquor Rings Were Promoted by Corrupt Political Machines.

NEW HAVEN, Conn., Feb. 20—(AP)—Intelligent cooperation by state and municipal governments and not more concentration of power in the federal government was declared tonight by James M. Doran, prohibition commissioner, to be the pathway that will lead to more effective enforcement of prohibition.

Speaking before the department of economics, sociology and government of Yale university, the commissioner charged that unsatisfactory conditions existing in some communities "are due almost without exception to the absolute failure of local authority to assume its proper obligation and to enforce the criminal law." The federal government, he said, "has substantially fulfilled its obligation under the concurrent clause of the eighteenth amendment."

"I am impressed with the fact," he continued, "that public discussion devolves almost entirely on the effectiveness or ineffectiveness of the enforcement of the law by the federal government, and the facts upon which these discussions are based relate almost entirely to local retail sales situations that are distinctly and unquestionably the province of state or local authority to handle."

Commissioner Doran declared the movement on the part of some local authorities to "evade and sidestep their responsibilities took form as soon as the national prohibition act became a law." In some cities, he said, corrupt political machines through police departments made alliances with the underworld and built up illicit liquor rings.

He quoted from a decision of the supreme court handed down in 1920 which said the prohibition act "is operative throughout the United States, binds all legislative bodies, courts, public officers and individuals within these limits," to support his contention that state and municipal officers should share more of the burden of enforcing the law.

He defended the agents of the federal prohibition bureau as being "as clean as any body of men of like number in any service throughout the land." He suggested that employes of federal district attorney's offices throughout the country be placed under civil service.

"There is much talk about corruption in the federal service" he said. "Let me say that at no time has the federal government failed to take drastic measures to maintain a clean service. Recent disclosures of conditions in police departments in some of our large cities should be enlightening to the general public as to where some of the weaknesses in enforcement lie.

"One of the prohibition administrators, whose headquarters is in a large eastern city, told me that he was of the opinion that during the past year more speakeasies were raided by the local police for failure to pay graft than for the fact that they were obviously violating the state law as well as the federal law."

The commissioner appealed for cooperation between federal and state authorities and said it was possible that making the purchase of liquor a specific crime might aid in reducing the demand.

"However, as helpful as these minor changes might be," he added, "they would not materially improve the present situation, where the crying need is not more law, but a better understanding of the present law."

He asserted that recent deaths in New York city from drinking were due to wood alcohol over which the state has complete control and not from denatured alcohol or illicit liquor.

NEW YORK DRY AGENT HAS BEEN SUSPENDED

NEW YORK, Feb. 20—(AP)—The suspension of Thomas Shannon, confidential agent and second in command of Prohibition Administrator Maurice Campbell in the New York district, was disclosed today.

The charges against Shannon were not made known by Campbell nor would other federal authorities explain, but from persons acquainted with prohibition enforcement came predictions that the grand jury investigation growing out of two raids last week, in which liquor valued at $500,000 was seized, would result in sensational developments.

The raids, made in a building in West 14th street housing the Monroe Lamp and Equipment company and at the International Postal Supply company, in Brooklyn, were carried out by special agents from Washington and elsewhere under the direction of William J. Cullooh, who is in charge of investigation of inter-district and inter-state violations of the Volstead act. The local prohibition unit knew nothing of the move.

Authorities said they found liquor in the 14th street building on the floor where the Monroe company, headed by Sheriff Charles W. Culkin, of New York county, a prominent leader in Tammany hall, has space, and at the Brooklyn establishment. The head of the latter is James McCunn, who also is secretary-treasurer of the Monroe firm. Authorities absolved the Monroe company of any connection with the liquor traffic.

ADD DOUBLE PROHIBITION 5' NO $24,000,000 INCREASE FOR DRY LAW ENFORCEMENT

WASHINGTON, Feb. 20—(AP)—A decision today by republican leaders to kill the first deficiency appropriation bill carrying the controversial $24,000,000 increase for prohibition enforcement drew a threat of a filibuster in the senate against the second deficiency measure which would carry all items of the first except the dry fund.

Acting Chairman Wood of the house appropriations committee announced the plan of the party chieftains to put all provisions of the first deficiency measure except the dry fund item in the second deficiency bill now being drawn. It is then intended to add the $2,247,000 recommended by President Coolidge for increasing prohibition funds as a compromise on the Harris proposal for $24,000,000.

Senator Glass, democrat, Virginia, declared in the senate that if this program was followed there was going to be little opportunity of getting the second deficiency bill through. His declaration was regarded as a threat of a filibuster.

REPARATIONS COMMITTEE APPOINTS SUB-COMMITTEES

PARIS, Feb. 20—(AP)—The "second Dawes committee," taking a leaf out of the records of the Paris peace conference, has adopted a system of sub-committees to dig into the delicate questions before it over which the committee's work has been somewhat bogged.

The committee has not yet developed into anything like the famous "big four" but at the rate of progress which has prevailed thus far further concentration may be necessary.

The enlarged sub-committee of five which had been charged with finding some method of procedure to permit the committee to go ahead reported today. It required 45 minutes to present its findings but they were evidently short of final since the committee extended its mission and adjourned until Friday to give it time to produce a fuller report.

The American delegates remain among those absent on this sub-committee which, it was said semi-officially, justifies no conclusions other than that German and her creditors have naturally the most direct interest in the matter and are properly left to thresh out among themselves questions that are no of a strictly technical order. The American members, however, are constantly consulted by members of the sub-committee on important matters.

Local comment on the work of the committee is to the effect that since Monday there has been a good deal of sparring for position between Germany and her reparations creditors from which the Americans have held aloof.

TEN JURORS SELECTED FOR THE EDEL MURDER TRIAL

NEW YORK, Feb. 20—(AP)—A special panel of 100 talesmen was exhausted today with only 10 jurors having been selected for the trial of Frederick W. Edel, who is charged with the murder of Mrs. Emmeline Harrington. When the panel was exhausted, court was adjourned until tomorrow to permit summoning of another panel. It has taken two days to get the ten jurors.

Most of the talesmen were excused because they said they did not believe in convicting on circumstantial evidence or because they were prejudiced against night club patrons of proprietors. The night life of New York is expected to be shown as a background to the crime.

Mrs. Harrington, an actress, was killed in her apartment here in 1927. Edel, a waiter, was arrested near St. Paul, Minn., last April. He was traced there after clothing belonging to Mrs. Harrington was found in a room rented by him in New Haven, Conn.

ANOTHER ESCAPED CONVICT CAPTURED

COLUMBUS, Ohio, Feb. 20—(AP)—William H. Young, 40, Marrietta, killer, was captured tonight in a field south of Shadeville, Ohio, at the southern edge of Franklin county, by county officers and returned to Ohio penitentiary from which he escaped yesterday with four other convicts. Three of the men were caught last night.

Young was cold, tired and hungry after 36 hours of hiding in fields and woods since his escape. He had a heavy wrench in his pocket. Constable John Guy, and Deputy Sheriff Martin of Franklin county made the arrest.

Joe Rosso, with whom Young fled southward when the five men broke for freedom, was caught at almost the same spot at 3.30 a. m., today after the pair had broken into a general store.

This development left Jack Walton, Cleveland robber, as the only one of the five men still outside the prison walls tonight.

WOULD CHANGE ENTIRE EASTERN RAILROAD MAP

WASHINGTON, Feb. 20—(AP)—Sweeping re-casting of the eastern railroad map, impending ever since the general railroad consolidation became a definite project, has now been completely outlined before the interstate commerce commission.

Acting almost simultaneously, the Baltimore and Ohio company and the Van Sweringen group of railroad interests asked the commission to approve programs for extensive enlargement of the transportation systems they now control.

The consummation of the plans the commission was asked to approve will result in throwing virtually all the trunk line railroad mileage of the eastern quarter of the country—except New England—into possession of four giant rail mergers.

SPAIN HAS DISSOLVED ITS ARTILLERY CORPS

MADRID, Feb. 20—(AP)—Spain today carried out dissolution of its artillery corps apparently without disorder except at Segovia where cadets made a demonstration. Troops throughout the kingdom were confined to their barracks in order that there might be no interference when officers of other branches relieved the artillery of their commands.

CABLED PARAGRAPHS

PARIS, Feb. 20.—(AP)—Eleven homeless Parisisians who sought refuge from the bitter cold in a house in the Batignolles quarter were found dead from asphyxiation with gas escaping from a broken pipe.

LONDON, Feb. 20.—(AP)—Sir Austen Chamberlain, secretary of state for foreign affairs, today confirmed in the house of commons the fact that Great Britain was considering a new line of approach to the United States on the question of naval disarmament.

CONSTANTINOPLE, Feb. 20.—(AP)—Even if Berlin decides to admit Leon Trotzky to Germany, formalities which now hold the former soviet war lord a prisoner in the soviet consulate here will not be at an end. Trotzky cannot leave Turkey without a Turkish government visa and it is expected that it may be some time before the attitude of Moscow toward a change in place of exile can be learned.

RUNNING DOWN CLUES OF SLAYING OF GANGSTERS

CHICAGO, Feb. 20—(AP)—The police running down one clue after another in their efforts to fix responsibility for the St. Valentine's day massacre of seven Moran gangsters, today started a new code and expressed the belief the wholesale killings were about to be cleared up.

Captain William Shoemaker, of the detective bureau advanced the latest theory—that the Moran gangsters were slaughtered in their headquarters in retaliation for the assassination of Tony Lombardo and Pasqualino Lolordo, his successor as head of the Unione Siciliano. Lombardo was shot to death last fall on a busy downtown street. Lolordo was killed in his home a few months later.

Captain Shoemaker advanced the theory that Lombardo and Lolordo who he said operated a liquor business in opposition to the Moran gang on the North Side had inherited the gang following and liquor interests of "Scarface Al" Capone when Capone left Chicago several months ago, and the Moran gang, fearful of their growing strength, had annihilated the leaders. Then Captain Shoemaker reasoned the enemies of the Moran mob set out to get revenge—and the seven deaths were the result.

Police declared they were following a "warm" trail and expected definite developments soon.

5 MINERS KILLED AS TRAIN PLUNGED OVER EMBANKMENT

PEORIA, Ills., Feb. 20—(AP)—Five miners were killed, four so seriously hurt that they may die and about 150 others suffered less severe injuries in a train wreck today. Four cars of an eight coach train of the Peoria terminal railway company plunged over a 23 foot embankment near Hollis, five miles south of here.

The train, carrying about 750 miners to work at the Crescent Coal Mines, 45 miles south of here, was traveling only 10 or 15 miles an hour, miners and rail officials said, when one of the coaches was thrown off the tracks by what miners said was a broken rail and broken "fish plate", the iron bar connecting the rails.

One car after another tumbled down the embankment with their loads of from 60 to 75 miners each, until four cars were piled in the ditch, some of them almost upside down.

DEATH IN NEW YORK OF DR. RAYMOND S. WILDER

NEW YORK Feb. 20—(AP)—Dr Raymond Sargent Wilder, medical director of the American branch of Ocean Accident Company of London, died today after a year's illness. He was 62 years old.

Dr. Wilder, a native of Cambridge, Mass. prepared for Harvard at Cambridge. Mass. prepared for Harvard at Cambridge high school. He received his A. B. degree from Harvard in 1899 and his medical degree four years later. He practiced at Worcester and Cambridge, Mass., and later took a course in medical jurisprudence at the University of Pennsylvania. His widow and a stepson, Henry Bradlee Caldwell, survive.

POLICE CHIEF PLEADED GUILTY TO BRIBERY

BROCKTON, Mass., Feb 20—(AP)—Elwell L. Smith, former police chief of Wareham, pleaded guilty in Plymouth superior court today to two counts charging him with having accepted bribes. Sentence was deferred until June because of Smith's ill health.

Three months ago, Smith was arrested by state police who charged that he had accepted marked money and a bottle of liquor from one of their agents who posed as a bootlegger. The money was found in his clothing and the liquor in his desk at police headquarters.

LINDBERGH FAVORS BUREAU TO REGULATE AVIATION

COLUMBUS, Ohio, Feb. 20—(AP)—Colonel Charles A. Lindbergh tonight expressed approval of a bill introduced in the Ohio legislature by Representative David S. Ingalls of Cleveland providing a state bureau to regulate aviation in Ohio.

Lindbergh flew here from New York today in a non-stop flight of almost four hours apparently to confer with officials of the municipal airport which the Trans-Continental Air Transport company will use when the air-rail route is instituted in the spring.

DRY AGENTS RETREATED FOR POLICE REINFORCEMENTS

CHICAGO, Feb. 20—(AP)—Federal agents who raided the home of Joe Saltis here today, were routed when the gang chieftain appeared pistol in hand and ordered them from the place but returned a few minutes later with police reinforcements and seized a quantity of liquor, 200 slot machines and two large automobiles. A man who gave his name "Bates", claimed ownership of the contraband and was arrested.

Saltis was released from jail here yesterday.

OBITUARY.

Charles Backes.

WALLINGFORD, Feb. 20—(AP)—Word was received here today of the death in San Gabriel, Calif. of Charles Backes, director and former president of the Backes Brothers Firewood company, here. He left for California with a brother two weeks ago for a visit. He was born here 66 years ago. His widow, a son and daughter survive.

Day Of Controversy In General Assembly

Party Lines Were Broken in the Senate Over Able and Disabled Veterans' Tax Exemptions.

(Special to The Bulletin)

HARTFORD, Feb. 20—Several bills that have been receiving attention since the opening of the session, received their death blow today.

One of them, introduced by Mr. Noonan of Bridgeport, would have exempted widows, married women and police officers from the payment of the personal tax. When the bill was reported unfavorably Mr. Noonan spoke bitterly against the report. The vote taken on the acceptance of the committee report did not satisfy Minority Leader Tobin and he requested that it again be taken by a rising vote.

This was done and the vote sustaining the committee was so large that Mr. Tobin withdrew his motion.

Because of sickness among the members of the board of assessors and board of relief of the town of Voluntown they have been unable to complete their work within the time required by law. Under suspension of the rules, an emergency bill was reported by the judiciary committee extending the time to March 1 for the assessors and March 10 for the board of relief to complete their work.

The borough of Jewett City was given an amendment to the charter by which the warden will receive a salary of $200 and the burgess $100.

The bill incorporating the Pendleton Hill Cemetery association, located in North Stonington was passed. It creates Birdsey G. Palmer, Malcolm Thompson and Elmer E. Coon, a body politic and corporate.

A large number were present at a hearing held by the committee on labor on bills concerning the employment of women and minors in manufacturing establishments.

The judiciary held a lively hearing on resolutions concerning the appointment of judges in the city and police courts of Hartford of which there are five.

The claims committee of the legislature heard from Lafayette Main of North Stonington, who makes claim to the state for reimbursement for damage done to growing crops by deer, and also claimed that one of his

CAL ASSEMBLY VOTES TO IMPEACH JUDGE HARDY

SACRAMENTO, Calif., Feb 20—(AP)—The assembly late today voted to impeach Superior Judge Carlos S. Hardy of Los Angeles for alleged misdemeanors in office. The vote was 57 to 25.

The vote was taken after members of the assembly had argued pro and con on the matter for five hours today following introduction of recommendations of four members of a special committee appointed to investigate charges that Judge Hardy violated a section of the state constitution when he accepted a $2,500 check from Mrs. Aimee Semple McPherson, Los Angeles evangelist. The payment was held to be for legal services rendered during his term of office. The constitution states that no judge of a record court shall practice law.

F. C. Snowdaley of Stockton, a member of the investigating committee voted against adoption of the report. Clare Woolwine of Los Angeles, one of the four who recommended impeachment, was absent from the assembly chamber when the roll call was made.

Mrs. McPherson was bitterly attacked by assemblymen during speeches on the impeachment proposal. Henry Sewell, a member of the investigating committee, declared that when she disappeared and reappeared two years ago 99 per cent. of the population in Los Angeles believed she had "perpetrated a gigantic hoax."

CHARGES OF FRAUD IN SALT CREEK OIL FIELDS

WASHINGTON, Feb. 21—(AP)—Charges of frauds against the government amounting to more than a billion dollars through the Salt Creek, Wyoming, oil fields leases were made in the senate today by Senator Robinson, republican, Indiana.

Coincidentally, Chairman Nye issued a call for the lands committee to meet tomorrow to consider a resolution extending the authority of the committee to inquire into the leases during the approaching recess.

"I undertake to state," Robinson declared "that the government has been defrauded out of hundreds of millions of dollars in the Salt Creek region; that the rottenness can be uncovered and much of the property reclaimed."

Senator Robinson recommended that the lands committee employ as its counsel in the proposed renewed inquiry Robert C. Bell, former assistant attorney general, who has charged fraud in connection with the original leasing.

TRAIN DERAILED WHEN IT RAMMED BANK OF SNOW

SWEET GRASS, Mont., Feb. 20—(AP)—A Great Southern passenger train rammed a four foot bank of snow which had drifted across the tracks near here today and in the resulting derailment of the engine and several cars the fireman was killed.

Paul Greening of Great Falls, Mont. was killed instantly and the engineer of the train, whose name was not learned, was slightly injured. None of the passengers was hurt.

The cars with the exception of the engine remained upright and were pulled back upon the track, the train proceeding upon its way two hours behind schedule.

14TH VICTIM OF THE "SUBWAY SLASHER"

BOSTON, Feb. 20—(AP)—The fourteenth woman victim of this city's "subway slasher" was reported to police tonight. She was Miss Mary Radcliffe 30, of Old Town, Me., whose coat sleeve and dress were nipped while she was riding in a crowded train.

Two men have been arrested in connection with the slashings. One of them, Angelo Lattazanzak of East Boston has been held in default of bail charged with assault and battery with a sharp instrument upon Mrs. Mary Ficarra. She identified him in court

Statement Made By Col. R[illegible] W. Stewart

Cha[illegible] Rockefeller, Jr., and His Adherents With a "Holier Than Thou" Attitude.

CHICAGO, Feb. 20—(AP)—Col. Robert W. Stewart ripped into adherents of John D. Rockefeller, Jr., who are trying to oust him as head of the Standard Oil company of Indiana, in a statement mailed to stockholders tonight.

He charged his opponents with assuming a "holier than thou" attitude toward the "great majority of the stockholders of the company" and with initiating a rule or ruin policy "set on securing control of the company regardless of consequences."

That anyone should still suppose there is any "moral issue" involved in the struggle between Rockefeller and himself for control of the company he characterized as a "naive idea" and challenged the assumption "that divine guidance is vouchsafed to my opponents alone."

The statement of the Indiana company's chairman follows close on the heels of a statement from his camp in which it was claimed that Mr. Stewart now has in his possession "proxies of a great majority of the stockholders and is rapidly nearing a working majority of the stock." It also was asserted that the Stewart "proxies include thousands of revocations of proxies originally given Mr. Rockefeller, Jr."

ONE MAN CIGAR STAND BEQUEATHED TO HELPER

NEW YORK, Feb. 20—(AP)—A one-man cigar stand on the Bowery, where longshoremen buy cigarettes in lots of one to five at a cent each, was disposed of today in the will of Frank W. McCausland, former sportsman and traders in thoroughbred horses with President Roosevelt.

The will offered for probate, names as sole legatee to an estate of about $1,200 in cash in addition to the cigar stand Joseph J. Kelly, a friend who lived with McCausland, and helped him keep the stand open 24 hours a day.

McCausland, who died at the age of 79 in his three room flat in the East Side last Friday, was said to have come originally from Boston. At one time he maintained a suite at the Palmer house Chicago, where he entertained lavishly. He came to New York from the west about three years ago.

A. F. OF L. WOULD SUSPEND IMMIGRATION TEN YEARS

MIAMI, Fla., Feb. 20—(AP)—Suspension of immigration for a period of ten years, inauguration of a "clearing house" that would act as a cushion between the workman and unemployment, and inauguration by the government of a surplus house building fund of $15,000,000 for the alleviation of unemployment in periods of industrial depression were discussed today by the executive council of the American Federation of Labor.

William Green president of the federation will offer these as a part of his suggestions for the relief of the unemployment situation at the next meeting of the national group, it was announced.

Immigration suspension, council members said, seemed the most logical means of relieving unemployment resulting from a 40 to 50 year age "deadline" for workers seeking to gain new positions.

ABATEMENT OF FLOOD CONDITIONS IN BRAZIL

SAO PAULO, Brazil, Feb. 20.—(AP)—The flood waters subsided sufficiently today to permit partial resumption of rail traffic with the Port of Santois which had been interrupted for several days. The trains carried foodstuff in packages limited to 70 pounds in weight but no restriction was placed on milk shipments sorely needed in the port.

While ranks of men are repairing breaks in the rail lines the sanitary service put another army to work to prevent mosquito breeding in the stagnant pools which might cause a fever epidemic.

Advices from the interior said that the abundant rains there were expected to turn the cotton crop from a probable failure into one of the largest in history.

LILLIAN GISH AND HER SISTER APPEAL FROM TAX

WASHINGTON, Feb. 2.—(AP)—Lillian Gish and her sister, Dorothy Gish Rennie, motion picture actresses who had contracts calling for combined salaries of more than a million dollars in 1924 and 1925, appealed to the board of tax appeals today to set aside the ruling of the commissioner of internal revenue that they must pay deficiencies in tax amounting to $61,483.

In her petition Lillian Gish set forth that she signed a contract with the Metro-Goldwyn corporation in 1925 which called for a total of $800,000 in two years at a rate of $7,692 a week. She assigned her contract to the Players, Incorporated, a Delaware corporation for "valuable consideration," to which her employers paid $225,073.

HAS "SUCKER LIST" OF FROM 23,000 TO 50,000 NAMES

NEW YORK, Feb. 20—(AP)—A so-called "sucker list" containing from 23,000 to 50,000 names of persons to some of whom it is alleged, John T. and Herbert C. Locke and five others sold $5,000,000 or worthless copper mine stock was described at their trial in federal court today by John D. Baker, former office manager of Cameron, Michel & Co., defunct brokerage concern operated by the defendants.

Baker said that the names on the list were "circularized" in rotation and that prospects were often taken in private cars to inspect the properties of George F. Shurtleff, one of the seven defendants. He added that not more than 5,000 or 6,000 of "these prospects were circularized at a time."

SALESMAN DROPPED DEAD IN STREET IN BROOKLYN

NEW YORK, Feb. 20.—(AP)—Louis Harrison, 42, a salesman of 17 Fabyan street, Dorchester, Mass., dropped dead on a Brooklyn street tonight. A police surgeon said death was due to heart disease. Harrison had been here calling on customers, a relative, Rubin Davis, said.

HOOVER HAD CONVERSATION WITH PRESIDENT COOLIDGE

President-Elect Was Closeted Three-Quarters of an Hour With the Chief Executive—Mr. Hoover Later Told Reporters That "General Affairs of Government" Had Been Discussed—The Domestic Political Situation Was Taken Up by Mr. Hoover With Senators Watson and Gillette and With James W. Good, His Western Campaign Manager.

WASHINGTON, Feb. 20—(AP)—Desirous of assuring continuity in the outgoing and the incoming administrations, President-elect Hoover conferred at length at the white house today with President Coolidge on government problems. The interview was at Mr. Hoover's request but Mr. Coolidge fixed the hour.

His conversation with Mr. Coolidge was supplemented later by an engagement with Secretary Kellogg of the state department for a review of foreign affairs.

Mr. Hoover was received by President Coolidge in the white house proper and not in the executive offices. After remaining closeted about three-quarters of an hour with the chief executive the president-elect told the waiting reporters that "general affairs of government" had been discussed and referred them to the chief executive for further enlightenment.

At the Hoover headquarters, however, Mr. Hoover's anxiety to lose no time in seeing the president on reaching Washington from Florida was taken as an added indication of his intention that the conduct of public affairs before and after March 4 should be merged without jolts or radical dislocation. This, it was felt there, could only be achieved by a close understanding on Mr. Hoover's part of the major aims inspiring Mr. Coolidge's policies at this time.

The engagement with Secretary Kellogg was interpreted as an opportunity for the president-elect to visualize the international situation which he will inherit on March 4 with special reference to certain particularly interesting phases, such as the world court issue, the discussion for definite fixation of German war reparations now taking place in Paris and on the general Latin American situation in which the president-elect is deeply interested.

The domestic political situation was taken up by Mr. Hoover in the course of the day with Senators Watson of Indiana and Gillett of Massachusetts and with James W. Good, of Iowa, his western campaign manager.

Watson, who will succeed Vice-President Curtis as republican senate leader in the next congress, was a breakfast guest and the question of the earliest possible date for calling the special session was discussed. The president-elect, it is understood, showed himself as anxious as he had been the evening before in discussions with Representative Tilson of Connecticut, republican, house leader, that the special session be convened as early as possible. The general feeling at Hoover headquarters after today's conference, however, was that congress would not be ready to take up farm relief and tariff revisions measures much before April 15.

Mr. Hoover also had an opportunity in his conversation with Senator Watson to familiarize himself with the legislative situation in the present congress and to acquaint the Indiana senator with some of his own legislative plans for the future. Upon Senator Watson as the new republican senate leader, will devolve the responsibility of sponsoring Mr. Hoover's recommendations in the next senate.

Mr. Good would not disclose what his brief conversation with the president-elect dealt with. In reply to questions he said, however, that he had no expectation of a cabinet offer from Mr. Hoover.

GROUP MEMORIAL SERVICE WAS HELD IN HOUSE

WASHINGTON, Feb. 20—(AP)—Laying aside party differences, republicans and democrats joined today in honoring the dead of the seventieth congress in the first group memorial service ever held in the house.

The exercises were a distinct departure from the usual ceremonies of recent years. Unlike former occasions which frequently were attended by only a few members, both the floor and the galleries today were crowded with colleagues, friends and relatives of the eleven members of this congress who have died.

After the regular reading of the journal and recitation of the twenty-third Psalm by Dr. James Shera Montgomery, the chaplain, William Tyler Page, the clerk of the house, called the roll of the dead in the order which they passed.

The list was headed by the name of one senator, Frank R. Gooding, of Idaho. It was followed by those of ten representatives, William N. Vaile, of Colorado; Martin B. Madden, of Illinois; Thaddeus C. Sweet of New York; Thomas S. Butler, of Pennsylvania, Henry R. Rathbone, of Illinois, Louis A. Frothingham, of Massachusetts; Thomas L. Rubey of Missouri; William A. Oldfield, of Arkansas; Charles L. Faust, of Missouri and Edward J. King of Illinois.

HEARINGS ON TARIFF REVISION NEARING END

WASHINGTON, Feb. 20—(AP)—Entering the home stretch of its exhaustive hearings on tariff revision, the house ways and means committee today took up the free list, the last of the 15 schedules in the law, and heard appeals for duties on an extensive list of farm products and manufactured articles.

A total of 288 witnesses, the largest number to appear on any one schedule since the hearings began last January 7, were listed for testimony on the free list, forcing the committee to adopt a five minute rule in order to conclude its consideration by the end of the week.

The most sweeping proposal presented by more than a score of witnesses today was that of Chester Gray, Washington representative of the American Farm Bureau Federation. He recommended tariffs on short and long staple cotton, hides, broom corn, bananas, copra, vegetable oils and seeds, and other commodities and asked that agricultural implements, fertilizers and grasses and fibres used in making binder twine, be continued on the free list.

FORMER DISTRICT ATTORNEY SENTENCED FOR BRIBERY

LOS ANGELES, Feb 20—(AP)—Former District Attorney Asa Keyes and E. H. Rosenberg, ex-Julian Petroleum Corporation promoter, both convicted of a conspiracy to give and receive bribes, were sentenced to terms of one to fourteen years in San Quentin penitentiary late today by Superior Judge E. I. Butler. Judge Butler denied their motions for a new trial.

Ben Getzoff, the third convicted man in the Keyes bribery trial, was given a two weeks probation from sentence because of illness. Oral notices of appeal were filed in all three cases.

After a brief argument, a denial to motions seeking admittance to bail for Keyes and Rosenberg was made and Judge Butler remanded the prisoners to the county jail.

SERIOUS FLOODS IN SOUTHERN EUROPE

ATHENS, Feb. 20.—(AP)—Serious flood conditions were reported tonight from Macedonia Thrace, Peloponnesus, and Thessaly. The government took urgent measures to relieve the victims and airplanes carried food to several isolated villages. The melting snows in the Bulgarian mountains threaten to aggravate the situation. Among the rivers which have overflowed their banks are the Vardar, Struma, Nestos, and Maritza.

GOV. TRUMBULL HANDS OFF IN JACKSON CASE

HARTFORD, Feb. 20—(AP)—A statement tantamount to an expression of confidence in State's Attorney Howard C. Bradford, of Putnam, and County Detective Edward J. Hickey, of Hartford, who are handling the difficult investigation into the murder of County Detective William E. Jackson, of Willimantic, was made by Gov. John H. Trumbull today as his answer to the suggestion that he interfere and turn the investigation over to the state police department.

Observing that the case was "a mixed-up mess" and basing his observation on newspaper reports, Gov. Trumbull declared that he saw no reason to interfere in it. He then explained that it was his settled policy, in the absence of any reason to change it, to allow local authorities to handle the matters which come solely within their jurisdiction.

"Governor, you have entire confidence in State's Attorney Bradford and County Detective Hickey, have you not?" Gov. Trumbull was asked.

"I have no reason to feel otherwise," said the governor promptly.

The governor said that there had been no demand from any quarter of the public, either official or private, that he interfere in the investigation and turn it over to the state police. He made clear that Commissioner Hurley had not approached him with such a purpose in mind and that no such desire had emanated from the state police department.

A group of newspapermen who are nibbenating in Willimantic had called the governor earlier in the afternoon and urged upon him that public sentiment demanded that he interfere in the case. Denying the statements that they accredited to him in wire dispatches, the governor said, "Public sentiment would not play a great deal of a part of influencing me to interfere."

"Unless there is a strong demand from a public official in the case," said Gov. Trumbull, "I see no reason to butt in in the case."

WATERBURY PHYSICIAN DYING, SHOT HIMSELF

WATERBURY, Feb. 20—(AP)—Dr. William A. Goodrich, well known local physician, who shot himself through the right temple in his office at 3:15 o'clock this afternoon, is dying in the Waterbury hospital.

Physical illness and a nervous breakdown from which Dr. Goodrich has been suffering for some time are given by a member of the family as the cause of his act. The doctor has spent several months in a sanitarium at Clifton Springs, N. Y., last summer and returning to this city, resumed his practice. He had appeared improved for some time but recently his mental depression reasserted itself.

Dr. C. H. Brown was called by Dr. Goodrich's nurse, Miss Mary MacDougall, as soon as the latter heard the shot and found the body. Dr. Brown had the unconscious physician removed to the Waterbury hospital. Only the slightest chance is held out for his recovery.

CLUE TO KIDNAPPERS OF DORIS SMITH-MURPHY

SAN FRANCISCO, Feb. 20—(AP)—Discovery today of an abandoned automobile in which were found a rag doll and a quantity of candy scattered over the floor furnished the newest clue in the five days' search for four-year-old Doris Smith-Murphy, missing since Friday when she disappeared from a public play ground here.

Investigation disclosed the machine had been abandoned by a man and woman who had with them a little girl resembling the missing child.

Federal authorities joined the police in the search today when postal inspectors examined a series of notes received by the child's parents. The notes, signed "K. K.", purported to have come from the child's abductors. They asserted the child was safe and added she would be returned March 3, provided the police ceased their efforts to find the writer.

No. 638, for direct current areas . . $370

Stromberg-Carlson's CROWNING ACHIEVEMENT

Here is a Receiver with fine tone quality from the Dynamic Speaker, at *all* ranges of volume, from a whisper up to the loudness of the original program. The tremendous volume of the Dynamic Speaker is there, yet without the "boominess" on bass notes and unnaturalness of reproduction heretofore experienced with built-in dynamic speakers. This is accomplished through a system of scientifically designed baffling which gives the desired low frequency response without the usual cavity resonance effect.

The New No. 638 Receiver is all-electric and uses *two* No. 171-A Output Tubes in a special multiple circuit for the last audio stage. A sensitive Receiver of keen selectivity. Scientific Total Shielding. Tunes with a single selector (illuminated). Can be used for playing phonograph records electrically.

All exposed surfaces of select, beautifully grained Walnut; panels of five-ply construction; other parts including legs and stretcher of solid Walnut. Speaker concealed by sliding panels.

SAUNDERS AND HOOEY HELD UNDER BONDS O $1,000

(Special to The Bulletin)

WILLIMANTIC, Feb. 20—Charles Saunders, 46, of Manchester Green, and Frank Hooey, 29, of Bolton, were arraigned before United States Commissioner Russell H. Corcoran, of New London, at Hartford, today, charged with violation of the liquor laws, to wit, manufacturing and having liquor in possession with intent to sell. Saunders is the owner of the farm on the Bailey road, in Bolton, which was the scene of the explosion of a gigantic distillery in the early hours of Monday morning. He, with Hooey, who was a part-time occupant of the place, were arrested in a raid on the farm Tuesday night by Chief Stanton L. Briggs and Agent Harry W. Avery of the federal prohibition enforcement department, assisted by Special Constable Allison L. Frink, of Andover.

Photographs of the wrecked liquor plant were taken today for the state by Photographer L. G. Gerry. The 1,000-gallon still and coil was then dismantled and removed in the custody of the federal agents. Upon overturning the huge still it was found that the heat required for distilling the product was provided by a set of four large burners fed by a machine for making illuminating gas. The gas-making machine is located in the rear of the farm house and furnished gas for both the residence and the barn in which the liquor plant was located. The burning off of paint that had been applied to the 36 drums blown up in the fire disclosed a label that the contents of the barrel had been Thin-O-Lacquer. This preparation contains a high percentage of alcohol and is popular in redistilling because of its low shrinkage and the fact that it costs but about 60 cents a gallon, while the finished product may be sold at from $5 to $8 a gallon. The poison and other ingredients in the paint-thinning liquor is removed by soaking in charcoal and treating with sulphuric acid. The officers stated today that the plant was as valuable as the giant still uncovered in the vicinity of Orange some time ago.

Saunders and Hooey were placed under bonds of $1,000 each today to appear before Commissioner Corcoran at Hartford, Thursday of next week. They furnished the bonds.

ZAKLUKIEWICRZ BOUND OVER TO THE SUPERIOR COURT

(Special to The Bulletin.

WILLIMANTIC, Feb. 20—Frank Zaklukiewicrz, 19, of Pleasant Valley road, was arranged for the second time within 48 hours in police court this morning on charges of theft and breaking and entering. He pleaded guilty and was bound over to the April criminal term of superior court. The youth's mother, who had posted a bond of $500 for the release of her son after his appearance in court Monday, expressed a desire of being allowed to withdraw the bond this morning. Judge Frank H. Foss granted this wish and fixed the new bond at $1,000 to cover both cases. This amount was not furnished and the boy was taken to the county jail at Brooklyn. Zaklukiewicrz, who was represented in court through Probation Officer William V. Palmer, Sr., as guardian ad litem, has confessed to three breaks. The most recent of these was at the Windham Battery company shop on Main street, from where he stole batteries and a radio receiving set. He was duly arraigned in court and bound over for this offense but after his release under bonds Tuesday, investigating Officer Arthur Hurley went to the Zaziukiewicrz home and, in searching the premises, found a battery that had been stolen from the barn of John Leboy on Jackson street. Continuing the search the officer found 16 reels of motion picture films that had been stolen last June from the Strand theatre. These reels estimated to have been worth about $1,000, had been damaged beyond repair as the result of having been thrown into a well by the youth.

OBITUARY.

Peter Vanasse

Peter Vanasse, 47, a resident of this city up to one year ago and since of 98 Whiting street, New Britain, was found dead in a chair in the kitchen of his home Tuesday when relatives, who had just awakened, found him. He was heard to leave his bed and go to the kitchen about 2 o'clock in the morning but no particular attention was paid to this and the discovery of his dead body came as a shock to the family. Dr. John Furney, assistant medical examiner, gave the cause of death as heart disease. Mr. Vanasse had left this city to reside in New Britain, making his home with his brother Arthur Vanasse. He leaves three sisters, the Misses Mattie, Rose and Alice Vanasse, and three brothers, Arthur, Henry and George Vanasse.

Clifford R. White

Clifford R. White, 76, died at the home of his daughter, Mrs. Carl W. Tripp, of 175 Mansfield avenue, Tuesday, after a prolonged illness. The deceased had been removed in an ambulance some three weeks ago from his home in Hazardville, to the home of his daughter. Surviving him are three daughters, Mrs. D. J. Simison, of Northampton, Mass., Mrs. Winthrop Eldridge, of Great Barrington, Mass., and Mrs. Tripp. He was employed at Thompsonville by the Northern Connecticut Power company. The remains have been taken to Northampton for burial.

A committee of the Society of St. Jean de Baptiste named to arrange for the celebrating of the fiftieth anniversary of the organization of the local society on May 30, 1930, has elected the following officers: Chairman Alexis Caisse; vice-chairman, Alphonse Chagnon; secretary, Louis C. Veglard; assistant, C. Jibin; treasurer, F. J. Bergeron. Joseph F. Paulhus is president of the society.

In an interesting outline of the aims of the Mansfield Training school and hospital, Dr. Harry Ballou, who addressed the Women's club at a meeting Tuesday, said in part: "The first attempt in the state to care for feeble-minded was made by Dr. Henry Knight, who established a private school at Lakeville, in 1858. In 1861, this school was incorporated by the state and in 1917, was consolidated with the Colony for Epileptics at Mansfield. The 350 patients of the Lakeville institution were transferred to Mansfield in 1918. There are now 1900 beds at the Mansfield school where two-thirds of the patients belong to the lower grade of defectives, known as idiots and imbeciles. The remaining one-third belong to the higher grade defectives known as morons. As a class these patients are without reasoning power, will power, self control and control. It is part of the task of the school to study the mental and physical character of these patients in order to train them properly. Eight teachers, all normal school graduates, are employed at Mansfield and they give academic training into the fourth grade. The patients are also taught music, domestic science, manual training and farm work. Both boys and girls assist in the planting and harvesting of crops.

The Mansfield hospital is filled to capacity and has a waiting list of 630 with only 100 patients ready to come out on parole."

FUNERAL

Michael Casey

The funeral of Michael Casey was held from the home, 466 Pleasant street, this morning with a high mass of requiem solemnized in St. Joseph's church at 9 o'clock. Rev. Francis Duch was celebrant; Rev. Charles M. Kelly, deacon and Rev. Henry E. Quinn, subdeacon. The organist, Mrs. E. R. Portelance, accompanied the special singing by Miss L. Monica McKeon, Mrs. Henry Mathieu and Arthur J. Roy. Burial was in the family plot in St. Joseph's cemetery where Rev. Father Kelly conducted the committal service. The bearers were William P. Dinneen, John R. Pickett, John Kelley, William Kelley, John E. Shea and John Kempes, of Manchester. Arrangements were in charge of Killoudey Brothers.

IDEAS FOR THE DYE-WISE

PRIZE LETTER FROM UTICA, N.Y.

Mrs. Hughes Tells Secret of Nice Things at Little Cost

"I have used Sunset Dyes with wonderful success for many years. With a family of seven children and little money I proudly feel that my home was always cozy, bright and cheerful, and my children neatly and comfortably dressed. I was able with the indispensable, miraculous help of Sunset Dyes to turn out things really attractive and wearable.

"Certain coats have kept every member of the family warm at some time, made over, cut down, and changed in color with Sunset. Old soft felt hats dyed with Sunset make attractive little girls' bonnets. Worn shirts, dyed pretty bright shades with Sunset make attractive dresses and nice blouses, and fine aprons. From bleached cloth flour bags dyed with Sunset, I have made rompers, bloomer dresses, aprons, boys' blouses, kitchen curtains, bureau scarfs and even patchwork quilts.

"Sunset-dyed, cheap, unbleached muslin makes attractive gifts of luncheon sets, bureau scarfs, pretty towels. A few cents invested in Sunset Dyes will make things just as bright and good as new; it is so easy and so quick to use."—Mrs. Thos. A. Hughes, Utica, N. Y.

For fast dyeing use Sunset, 15 cents a cake. For beautiful tinting use Dytint, wonderful new tint, big box, 10c.

PRESIDENT-ELECT PELLEY.

Because of the fact that the New Haven road is the one that provides most of the rail transportation in this state, there is particular interest in the action of the New Haven directors in the election of a new president to succeed the late E. J. Pearson.

John J. Pelly's name has not been publicly mentioned for that office and yet his record makes it evident that he is a man of long and valuable railroad experience, who has gone up from the bottom of the ladder to vice presidency and general manager of the Illinois Central system and from that went to the presidency of the Central of Georgia, which is owned by the Illinois Central.

In coming to the presidency of the New Haven Mr. Pelley will follow men who likewise had broad experiences with large midwest and western systems, men who have wrestled with the particular problems of the New Haven and done heroic work in bringing it back to its present condition. He undoubtedly recognizes the opportunities that are afforded to maintain and better such policies and the action of the directors speaks for itself in the belief that he has been chosen because of his fitness for the work involved.

Thus once again the New Haven goes outside of its field of operation for its president. Whether such was encouraged by the success which has been attained in the past by such action, Mr. Pelley was picked, if we can judge from indications, because he measured up to the requirements fixed for the man who was to become president. That there had been no publicity concerning his possible choice amounts to nothing. It is sufficient that his work and his ability have satisfied the directorate and that he is willing to tackle the responsibilities of a job that offers large possibilities.

It is quite evident that he goes to the head of a road which offers a marked contrast to the southern road of which he has recently been president, and likewise of the Illinois Central with which he was so long associated. As a well trained railroad man he will be able to meet the situation quite the same as would be the case with any expert, whatever the line of activity.

TAXING THOSE BENEFITED.

The chief cause for surprise in connection with the talk of a gasoline tax in the state of New York is that it was not adopted a long time ago. New York has witnessed almost every state in the country vote such taxation without yielding, but as time has gone on it has been giving serious consideration to it with the result that another year may see it in operation. It rests with the legislature.

New York is a state which should reap large returns from a gas tax, and in his advocacy of it the governor of that state is directing attention to the desirability of exempting gas which is used on the farms, on vessels and in airplanes from the levy. This is only as it should be, for when a gas tax is collected it is invariably devoted to the construction and maintenance of highways, and tractors, vessels, airplanes and stationary gasoline engines do not make use of the roads.

At the present time New York state is building its roads from revenue obtained by other forms of taxation or by the issuance of bonds. With funds derived from a gas tax being sufficient to meet road requirements it should mean an opportunity for a reduction in other forms of taxation.

There is no reason why the highway users of New York state should not contribute to the road building expense, quite the same as they do in other states. They are particularly benefited and they recognize the fairness of a levy which is devoted to their interests. New Yorkers can see where millions would be available for other purposes or for tax reduction as the result of a tax on gasoline consumed by motor vehicles.

Whatever objection might be raised to a gas tax because of the use of gasoline for other purposes than operating automobiles seems to be effectively met by the plan of eliminating the tax in such instances. It is only what ought to be expected under the circumstances, the only objection to such elimination being the complications resulting from such exceptions, all of which can probably be met without any great difficulty. The problem at the present time is to get favorable action on the gas tax.

STREET LITTERERS.

In the city of Philadelphia at the present time an effort is being made to bring about a reduction of the litter in the streets by prosecuting those scavengers who make a practice of going about from barrel to barrel seeking what they can find that can be turned into money, or by chance what may be devoted to their own use.

Complaint has been made that these people in digging into the receptacles cause much of the papers and litter to be scattered about. They give the impression that they make no attempt to pick up the mess that they make. On the other hand there are those who stand up for the scavengers, protesting that they go about their "work" carefully and do not litter the streets any more and possibly not as much as do the collectors of the debris, who often spill papers and cans and garbage in the street and never think of shoveling them up.

Furthermore the discussion has caused others to direct attention to the fact that there are many children who make a practice of digging into the ash barrels and pulling over rubbish for the purpose of locating something with which they may be entertained. Some who have been encouraged to watch conditions, as the result of the discussions, have found the scavengers particular to replace whatever they disturbed, but the children never think of doing anything of the kind. What comes out never goes back.

Keeping street conditions what they ought to be is by no means an easy task. It involves a little bit of thought and cooperation on the part of the individual to refrain from throwing discarded material into the street. If all would do their part there would be a marked improvement. When it comes to digging into rubbish and garbage cans or boxes, where children are often seen reclaiming partly decayed fruit thrown out by stores, it is to be realized that there is a health as well as an esthetic situation to be taken into consideration. This is to be found in most all cities and is by no means confined to that which are as large as Philadelphia.

A WORLD COURT PLEA.

In the note which has been sent to the nations of the world which are members of the world court, Secretary Kellogg has made an appeal that through action among themselves they agree upon a plan that will permit the United States to become a member of the court.

Not until this time has anything been done by the United States toward overcoming the failure of the necessary number of nations to accept the reservations made by this country concerning the terms of adherence. Whether it will accomplish the desired object remains to be seen.

It comes at a time which can be regarded as an aid to the mission of which Elihu Root has set forth. It is identical with the purpose of the Root trip. Apparently it is believed that with the attitude of the administration set forth in the note it is desired that it be backed up and emphasized by the personal appearance of a special representative, one who had a vital part in the establishment of the court, to plead the case and to particularly present the aim and desires of this country.

Mr. Root was an ideal selection for such an effort. He should succeed if anyone can. He will tell the other countries that the United States has not departed from its previously declared attitude, go into detail if necessary concerning reasons for the reservations which have been made by the United States and endeavor if possible through bringing about a better understanding of the situation to clear the way for adherence by this country to the court. The note breaks the ice in this endeavor and prepares the countries for what Mr. Root will personally seek a hearing. In other words we think we are right and believe we can convince the other countries of it.

THE LIFERS.

It will probably be said by those opponents of capital punishment that the escape of those five criminals, three of whom had taken life, from a Michigan penitentiary should have been prevented by the authorities at the institution.

That will have to be admitted, but sight cannot be lost of the fact that they gained their freedom through connivance with prison employes after they were given chances to make their deal and complete their escape through life sentences.

In this particular instance it doesn't appear that those serving life sentences had planned on taking the lives of any who might have been encountered. Yet such has been part of the studied plans of others who have managed to saw out of their cells, murder their guards, gain their liberty, and again become a menace to the public.

It is not surprising, therefore, that the Michigan case is being pointed to by those who are opposing the termination of capital punishment and having it replaced by life imprisonment sentences. Rhode Island has found that life sentences average only about 12 years and that only a small part of those receiving such a sentence ever serve it. Because of the chances to escape, the chances to engineer escapes at the expense of the lives of one or more guards, the danger which those who have killed become to the law abiding public and the failure of life sentences to be what they claim to be, those who oppose such leniency have frequent opportunities to direct attention to the inadvisability of abolishing capital punishment for an ineffective something else. Those who are ready and willing to take life can hardly be considered worthy of having additional opportunities extended to them to repeat their crimes.

EDITORIAL NOTES.

THE VINDICATION OF AMOS

"Is that you, Amos?"

"Yes," replied Amos, without enthusiasm.

The interchange evidently sufficed as a greeting, for Mrs. Moon withdrew her head and closed the door. Amos Moon went to the closet and hung up his hat, coat and vest. He planned to fix the porch screen door before dinner. So he went through the kitchen, where Mrs. Moon poked with a fork at a steak which fried like a prairie fire, and started down the basement stairs.

Arrived in the basement, he took his overalls off a nail and dropped them on the floor beside an inverted tub. Seating himself on the tub, he took off his shoes and then, standing, he drew on the overalls. Reseating himself, he put on an old pair of work shoes. He rose and stamped two or three times to settle the shoes in place.

He lifted the lid of his tool box and ran his eye over the contents. Not locating what he sought, he reached into the box and pawed around inside, causing the tools to clatter and thump against the sides of the box. Finally he straightened up.

"Celia," he called, "where's my hammer?"

"I don't know," answered Mrs. Moon. "What did you do with it the last time you had it?"

Amos recognized the challenge in the query and replied rather vehemently, "I always put it right back in the tool box."

"Then that's where you'll find it right now."

Amos returned to the basement a trifle fearful that he would find the hammer in the tool box after all. But another ransacking of the tool box failed to produce it and he made a tour of the basement, drawing boxes and barrels out of corners and peering on the tops of things. At last he threw out his hands in a little gesture of surrender and once more climbed the stairs.

"Well, it's gone," he announced when he had arrived in the kitchen.

"I don't see how you can expect to find your things when you drop everything right where you get through using it," said Mrs. Moon. "Land knows if I didn't put things where they belong I'd never get any thing done around this house."

"I always put it right back in the tool box," he insisted.

"Then that's where you'll find it," she said grimly.

She slipped a knife beneath the frying potatoes and unheaving the mass caused it to burst forth in an angry crash.

He pushed through the dining-room door and searched all the downstairs. His mouth hung open as he stretched his neck to look on the top shelf of the den closet. He dragged down a large pasteboard box and opened it. It contained his wife's hat.

He presented himself once more in the kitchen. "It's gone, all right," he told Mrs. Moon.

"Of course it is," she agreed readily, "if you don't quit leaving your things laying you won't have anything left."

"I always put it right back in the tool box," he reiterated, wearily.

"Then that's where it is," replied Mrs. Moon.

"Either I'm cockeyed then or I don't know a hammer from a brace and bit, one of the two."

"Well, then, where is it?" she put it up to him. "You say you put it there."

"Listen Celia," said Amos, rousing himself. "If you'll go down there and find that hammer in that tool box I'll stand on my head on the ridgepole of this house and sing the 'Star Spangled Banner.'"

"I haven't lost any hammer," replied Mrs. Moon.

Amos went out to the back porch, his eyes still automatically searching the immediate premises. He glanced in the trash box standing in the corner, then placed his hand inside and rumbled in the waste paper and such. His hand encountered something and he drew it forth. It was the ice mallet, it's handle broken off near the head.

"Break the ice mallet?" he called into the kitchen.

"Yes," replied Mrs. Moon after a second or two.

Amos stood regarding the pieces as he idly fitted them together. Suddenly his eye lighted and he tossed the pieces back into the box. Whirling he went straight as a homing pigeon to the ice box and reaching up the shelf above it he took down his hammer.

Mrs. Moon looked quickly away as over her shoulder her gaze met his. Amos attacked the screen door job with gusto and was soon humming contentedly as he worked.

"Do you want I should stir up a quick cake for dinner, Amos?" called Mrs. Moon.

"It would taste good," replied Amos. —Exchange.

A Washington Bystander

By KIRKE L. SIMPSON
Associated Press Staff Writer

WASHINGTON, Feb. 20—No more pathetic picture has walked the boards of public life in Washington this last decade or two than Edwin Denby of Michigan.

He died with his dream of ultimate vindication unrealized, save as he saw in the great storage tanks of navy fuel oil in Hawaii a vital service rendered to his country and to the battle fleet.

And having known Denby through all his brief days as secretary of the navy, known him in that intimate, day to day way that news reporters come to know the men in high office whose doings they chronicle, the Bystander has no doubts as to the patriotism and the high sense of duty that actuated him.

His devotion to the men and the ships and the traditions of the navy was an outstanding characteristic of that big, kindly, slow moving, slow thinking man.

Touch of Idealism

It shone in his eyes when he was among naval folk. There was a touch of boyish idealism in his patriotic fervor that was all the deeper for his lack of words to give it full expression. Peace be with him.

Denby looked upon himself as a victim of circumstances and of the ruthless necessities of the great game of national politics. He conceived of his action in having approved the oil storage projects out in the mid-Pacific as an essential move for national defense.

There is much still unwritten of what was going on within the war-planning machinery of the navy at the time those contracts were made which throw a flood of light, the Bystander believes, on the part Edwin Denby played in all the sorry naval oil reserve mess. For obvious reasons, it never may be written.

A Brave Thing

Denby resigned under fire. If he believed himself to be stainless in the execution of the duties of his office—and he did, to the last—that was a brave thing to do. It was a sacrifice required of him by his loyalty to his chief, President Coolidge, and to his party. He made it without whimpering in public, then or later.

Just a week or two before his death Denby was in Washington. A few of his old friends saw him; but he made no parade of his visit. He still hoped for public vindication; but time was dealing the ache a little.

And to Joe Carey, his former secretary, now a Washington lawyer he said that he had come to find in those great tanks of stored oil in Hawaii a measure of solace for the unkind slings of fate.

"LENT AND MY WORK"

Memory Verse for Thursday

"Verily I say unto you, They (already) have their reward." (Matthew 6:16). (Read: Matthew 6:16 to 24).

MEDITATION: The principle of reward is a sound one. I must work for something, not merely to be occupied. What am I working for? Is it money to lay up treasure on earth? Is it some little or great honor among men? Am I working for the means to gratify myself in pleasure? Or am I just working for a living? Whatever it is, I will work while there is expectation; after that there is only dreariness. The plight of the hypocrites was pathetic because they had their reward already. There was nothing coming to them. Now I want to be a creditor with life; I want an eternal hope to sustain me. So I must work for something that cannot be paid off today or tomorrow, something that will satisfy, and yet be forever incomplete.

PRAYER: O God, who art the rewarder of them that diligently seek Thee, let me know and find life's true values that I spend not myself on vain pursuits. Reveal to me the heavenly treasures which time cannot exhaust nor enjoyment consume. Amen.

YOUR HEALTH

Early Treatment May Obviate Operation in Goiter.

By Israel Bram, M. D., Philadelphia.

From remotest antiquity to the present day goiter has been a health problem. Its increasing prevalence in recent years has made goiter a national question in many countries.

In areas about the Great Lakes and our northwestern states, so-called endemic goiter belts, it is believed that lack of iodine in water, food or air is responsible for goiter. Hence minute doses of iodine under medical supervision and such iodine-containing foods as spinach, kelp and sea foods, serve as preventatives of this form of goiter.

In other parts of the country, goiter is largely due to such causes as dietary and hygienic errors, infections, overwork lack of sleep, and worry incident to the strenuous times of today. Thus prevention of goiter away from goiter belts is not as simple as the taking of a little iodine, but requires correction of more complex causes.

Though iodine is a preventive of endemic goiter its indiscriminate use, as a cure may cause a small goiter to become larger and a harmless goiter harmful. Cure of goiter requires special attention of a reputable physician. Advertising quacks and quack remedies must be avoided. Early scientific treatment may avert the need for operation later and conserve general health.

That tragic disease called exophthalmic goiter, or Graves' disease is really a constitutional condition. The frequently occurring bulging of the eyes, the trembling, weakness, loss in weight, palpation, sweating and sleeplessness point to origin in the nervous system and the ductless glands.

An inherent susceptibility characterized the prospective patient. Worry, anxiety, shock due to accidents, grief and the like are the usual exciting causes of exophthalmic goiter. Treatment of this disease requires improvement of the general nutrition through measures serving to correct the nervous and ductless gland functions. This in turn demands appropriate medical attention and faithful cooperation on the part of the patient.

The importance of the goiter problem is appreciated when it is realized that there are more than five million sufferers from goiter in this country. The thyroid is a very sensitive organ, serving as a barometer of physical and mental stress and strain of existence.

Briefly, the major principles of goiter prevention and thyroid protection are: First, the elimination of discoverable poison-forming conditions in teeth, tonsils, intestines and elsewhere; second, the avoidance of undue complexity of physical and mental life. The simplification of the diet with reduction in flesh foods and the avoidance of stimulants, condiments and spices, as well as the elimination of flaws in working, playing, thinking and sleeping, will do much to prevent goiter and protect the thyroid gland. Lastly, a state of peace and poise, of imperturbability, is the best safeguard against exophthalmic goiter.

LETTERS TO THE EDITOR

Paul's Defeat.

To the Editor: Here is a statement by Robert G. Lee, D. D., that I would like to pass along:

"Paul met the defeat of his life not at Lystra where he was stoned, for he built a church there; not at Thessalonica where he was mobbed, for he planted a church there; not at Philippi where he was beaten with rods and put in the stocks, for he founded a church there! not at Corinth where he was blasphemed for he founded a church there; not at Ephesus where he was exposed to the fierce wrath of the Ephesians, for he built a church there; not at Berea where he was pursued by the callous enmity of the Jews, for he won many to the Lord there But he met the defeat of his life at Athens where no violence was shown him, but where they were indifferent."

On the Quinebaug-Mohegan Trail.

Mr. Editor: As we return to our own stamping ground we realize that there are to be found many places that I have not as yet brought to the attention of the tourists, or the many others who travel over this section of New England, for here are to be found just as fine places that are worth while and appeal to us as we travel through nature's fairy land.

We move on to the road leading to Blissville which is in the town of Lisbon, and we stop on the bridge that is known as the Blissville bridge and I point out where history says was the ford over which traveled the early Indians who were ever at war with the Mohegans and their white allies. What memories are clustered around here! It is not of great natural beauty but it is of great historic interest for here history tells us the Narragansett Indians headed by their chief, Miantinomo forded the river at that point to meet the Mohegans who were led by Uncas in that great Indian battle that was fought on Sachem plain in 1643. This is aptly portrayed in that wonderfully descriptive story that is found in that very interesting book, Hot Suns, written by Mrs. Gertrude Bell Brown of Norwich. On pages 73-76 of this you will see and read a most vivid description of this battle and it is so wonderfully and graphically told that you can almost see it re-enacted.

As we look down the river toward the junction of the Shetucket and Quinebaug we recall where stood an old covered railroad bridge and here I recall a conversation I had with James Dunlap of Norwich avenue in Taftville. He told me that he with other boys used to climb on top of this bridge and in the center and look down into the locomotive as it went on its way. I think all boys in every generation were the same, always doing something they shouldn't do. And I was no exception to the rule.

Looking up the river toward the tunnel we see the rapids in the river where the waters come tumbling over the many rocks that slightly impede its course. And across the river we see the woods on the Preston side, almost in as primitive a condition as when first the white man saw them.

It is inherent in the make up of every man to love the beautiful in nature. But some there are who move along carelessly and pay no attention to the wondrous pictures that are spread with a lavish hand for us to see and marvel.

As we move along the fine and historic Quinebaug-Mohegan trail to Jewett City we turn to the left and continue on the trail toward Plainfield. Just beyond Jewett City look to the left and there is a view that is not surpassed anywhere in East Connecticut. With the valleys and the rolling hills beyond and with the lights and shades of the sun that is now and then hid behind the clouds. At the season when the lake to the right is covered with the blooms of the pond lilies the surface of the lake is like a field of snow. In the early morning as you pass here you note the fragrance of these blooms in the air. All this is the work of nature placed here for your pleasure and profit and this brings to your mind the wonderful work of Him who holds us all in the hollow of His hand. I do not know the name of this inland lake or pond, but I do know when I was a boy I would go there—walk there if you please—and when the flowers were in bloom us "kids" would wade in and help ourselves. But during the past season I noted boats were moored to the shore. We drove along this route in the late afternoon of an August day. A slight breeze was blowing across the water, making ripples on the surface. And with the trees mirrored in the lake and now and then a cloud would drift across the sky and for a few moments obscure the sun. The lights and shadows added to the picture.

Those who live near by miss these through daily contact, but the ones who drive slowly by note all this for they see and seeing wonder. One can get a faint idea of the beauty of the Quinebaug-Mohegan trail, by noting the perspective as outlined in the folder that was recently issued by the chamber of commerce of Norwich. This gives a fair idea but you must see the original to fully appreciate its charm. I want to quote Walt Whitman on lights and shadows:

"Sundown is the witching hour for many strange effects in light and shade for we see long spokes as of molten silver coming down through the trees each leaf and branch of endless foliage a lit up miracle And now giving all an endless splendor unknown at any other hour.

"There are places where you get this to perfection one broad splash lies on the water with many a dimpling twinkle which moves rapidly toward the shore. With its increasing shadows These with great shafts of light thrown among the trees. And along the shore as the sun lowers gives effects more peculiar, more and more superb, unearthly, rich and dazzling." And so the sun sinks in the golden west

Behind the hills, with all the various colors
With the clear sky of autumn overhead
The soft shades of night come down and all nature is at rest

Stories That Recall Others

Urgent Invitation.

A small boy, who lives on a farm wrote a letter to his uncle in the city telling him how nice it was in the country, and how much the family would enjoy having him visit them for a few days.

He ended his letter by saying: "The hawks have taken a lot of our chickens. I sure wish I had a rifle to kill them with, but dad says he cannot afford to buy me one right now. I have a birthday next week. Hurry, come quick!"

Was That Nice?

There were two women and a little girl in a drug store. The conversation which was being carried on over their soda glasses had drifted to the fact that the Rev. Mr. Blank had been at the home of Mrs. Jones the day before for lunch. The conversation ran thus:

"I would sure hate to be the wife of a minister," exclaimed Mrs. Smith.

"Don't suppose I'd like it, either," said Mrs. Jones.

"Do you think a minister would have me for a wife?" asked Mrs. Smith turning to the little girl, who was Mrs. Jones' daughter.

"I expect he would," replied the little girl. "The ministers aren't supposed to pick the pretty ones".

YOUR INCOME TAX

The cost of capital assets, less adjustment for depreciation and salvage, may be deducted from gross income if their usefulness suddenly is terminated and they are disposed of. For example, a manufacturer may be compelled to scrap machinery because it has become inadequate or obsolete. He may deduct the loss sustained if he has sold, abandoned, or otherwise permanently parted with the machinery. Such loss must be charged off on the books of the taxpayer and fully explained in his income-tax return.

If a taxpayer demolishes a building used in his trade or business and replaces it he may deduct the loss sustained, but if he buys, as the site of a new building, land upon which is located an old building, demolition of the old building is not considered a loss and therefore is not deductible. The value of real estate, exclusive of the old improvements, is presumed to be equal to the purchase price of the land and building, plus the cost of removing the useless building.

Danny and Nanny Move In and Move Out

By THORNTON W. BURGESS

His time and effort he doth waste
Who does a thing in too great haste.
—Old Mother Nature.

Danny and Nanny Meadow Mouse were having a great adventure. You know their little home, and they with it, had been picked up with the hay when Farmer Brown's Boy tore the old haystack to pieces and piled the hay on a wagon on runners to be taken up to the barnyard. Of course, he didn't know anything about Danny and Nanny. Of course, Danny and Nanny didn't know exactly what had happened or was happening. They suspected by the motion that they were being carried somewhere, and just the thought of that frightened them.

They kept very quiet, snuggling close together. At last they heard the voice of Farmer Brown's Boy crying "Whoa!" Then for a few moments all was still. But presently Farmer Brown's Boy began to pitch the hay out into the barnyard. Danny and Nanny could stand it no longer. Danny scrambled up and out of that wagon, with Nanny right at his heels. They jumped down to the snow and scampered straight for the barn, which was close at hand. They felt almost at home when they saw that big barn, for they had spent one winter there. They knew just where to go.

"My goodness," exclaimed Danny. "Aren't we lucky. Here we are up in the big barn again. We'll spend the rest of the winter here. I wonder if if we'll find it changed much. I wonder if we'll find Cousin Nibbler the House Mouse and Robber the Rat. I hope we won't find him. He may be a relative, but I'm afraid of him. Of course, we'll have to watch out for Black Pussy the Cat, but we know her so well that we won't have to worry much. It isn't half so much work to keep out of her way as it is to keep out of the way of Reddy Fox and Old Man Coyote. And just think there won't be any Owls or Hawks to worry about!"

"That's something to be thankful for," replied Nanny.

Danny and Nanny were soon established in the barn. They found Nibbler the House Mouse and a number of his children who were located there. From Nibbler they soon learned that Robber the Rat was also in the barn. Nibbler started to tell Danny something else, but Danny was in too much of a hurry to listen. He wanted to get established. So he and Nanny went to one of their favorite places which they so well remembered, and there they at once made a comfortable home. They were very busy down under the hay and there was nothing to frighten them. When the new home was finished they were quite ready for a nap and in great contentment curled themselves up.

"I'm glad that we have moved into the old barn," said Nanny in a squeaky sleepy little voice, just before she went to sleep.

Danny was the first one to awaken. He promptly started out exploring. He was gone quite a little while. Nanny had awakened and was beginning to worry a little. Finally she heard the rustle of little feet coming on the run. In a moment Danny burst into the new home. He was quite out of breath and he looked frightened.

"Follow me! cried Danny. "Follow me at once."

Nanny looked puzzled. "Where are we going?" she asked.

"We are going to move out of this barn. We are going to move out right away. Come along!" squeaked Danny and started.

And because she didn't want to be left alone, Nanny followed. It wasn't until they were once more out of the barn and safely under the big stack of hay in the barnyard, that Danny stopped long enough to tell her what it was all about.

MONOTONY IN DIET IS UNDESIRABLE

Eat Wide Variety of Foods Sweetened for Enjoyment

If a diet expert could visit every home in the United States and combine all the diet mistakes into one phrase, he would doubtless say, "too monotonous." Food authorities are complaining that the richest nation of the world is sacrificing both health and enjoyment by eating monotonous, unappetizing foods.

There is a remedy that, with a little thought, can be applied in every home. Make a study of all the varied healthful foods, being sure to include milk, eggs, cereals, vegetables, fruits and meats. Serve varied foods in the regular diet, and learn to use the right amount of sugar to make the various dishes tasteful and delicious.

It is simply impossible to keep well without eating the varied foods that contain all the health elements. It is almost impossible to eat these foods unless they are pleasing to the taste. Sugar, in addition to being a wonderful food, is nature's perfect flavor.

Make delicious milk-shakes with milk, sugar and flavoring. If you want your family to like eggs, learn how quick and easy it is to make healthful egg-nogs. Remember applesauce, stewed dried fruits and cereals for breakfast. Remember the rule of one cooked and one raw fruit and vegetable a day properly sweetened, and cakes, cookies, and ice cream for dessert. Most foods are more delicious and nourishing with sugar. A military funeral for David Wilson, 85, formerly of Uncasville, who died Sunday at his home at Clarks Corners, Hampton, Conn., was held there at 1 o'clock Wednesday afternoon with a large attendance of relatives and friends, including mourners from Long Island, New York and other places. The floral tributes were numerous and beautiful and the casket was draped with the American flag. The services were conducted by Rev. W. L. Muttart, pastor of the Hampton Congregational church, formerly of Preston City. There was also a delegation from Hampton Post, No. 106, G. A. R.

Burial was in Comstock cemetery, Montville, where the committal service was read by Rev. Mr. Muttart. A firing squad from the Hampton post fired three volleys and Taps was sounded by Bugler Grallucia. The bearers were First Sergeant Nicol, Sergeant Webb, Corporals Dubriel and Thompson and Privates Thompson, Montigny and Lamoureux, representatives of Hampton post. The funeral arrangements were in charge of Undertaker C. A. Gager.

STEWART WILL CASE WILL REQUIRE ANOTHER DAY

Trial of the appeal from probate case of G. Russell Stewart of North Stonington, and others against Attorney Charles L. Stewart of Norwich, executor of the will of the late William Stewart, entered its second day Wednesday before Judge Christopher L. Avery and a jury in the superior court at New London. It is expected that the trial will require at least one more day.

The appellants claim that the instrument in question is not the last will and testament of the deceased and that it was one obtained by Attorney Stewart and others, who are alleged to have exerted undue influence over the deceased when the latter was of unsound mind and unable to comprehend the provisions of the alleged will.

Attorney George Curtis Morgan and Attorney Guthrie represent the appellants and Attorneys Arthur M. Brown and H. H. Pettis represent the defendants.

The following witnesses have been called by counsel for the appellants: Clifford H. Stewart, Rose Wilkinson, John J. Brown, William P. Babcock, Frances Dupont, Mildred Maine, Florence Wheeler, Helen A. Stewart, S Adelia Stewart, Warren C. Randall, Virginia W. Brown, Leonard R. Main, Edna Main, David E. Royle and Fred N. Wheeler.

Turned Over as a Deserter

Charles Preston, 21, of this city, who was presented in the city court here on the charge of making home-made automobile markers has been turned over to the authorities at Fort H. G. Wright, Fishers Island. It is alleged that he deserted from the army from Fort Sam Houston, Texas.

WOMAN'S CITY CLUB HOLDS SECOND ANNUAL GUEST NIGHT

An unusually delightful event was the Guest Night, held Wednesday evening, by the Woman's City club, at the Wauregan hotel.

The entire second floor was given over to the club and over 350 enjoyed bridge and dancing which made up the evening's program. Carefully planned in every detail under the general chairmanship of Miss Amy Burlingame, the event proved equally as pleasing as the first Guest Night, a year ago.

The guests were received at the foor by the hospitality and membership committee, Miss Louise C. Howe, Miss Mary E. Richards, Miss Martha L. Osgood, Miss Josephine Irwin, Mrs. A. N. H. Vaughn, Mrs. Frederick W. Lester and Miss Margaret Suck, and at the head of the stairway, by the reception committee, members of the executive committee, Miss Marian Lee Bishop, Mrs. William B. Birge, Mrs. Frank S Bunnell, Mrs. Rollin C. Jones and Mrs. Albert S. Comstock.

The ushers were Mrs. Willis Austin, chairman; Miss Clara Evans, Mrs. Herbert H. Willey, Miss Nancy Colberg, Mrs. Frank L. Crowell, Mrs. Webster D. Copp, Miss Villa Bussey and Mrs. Clinton Atterbury.

The decorations were gracefully arranged in the corridor. There were spring flowers on the balustrade and in the rooms. In the center of the ball room was a circle of ferns and palms. There were cozy corners arranged about the ballroom with picturesque lamps and attractive furniture and screens. The decorations were by Otto F. Ernst.

There were 58 tables of bridge and one of pinochle and the prizes were awarded to the following: Miss Esther Evans, Mrs. A. N. H. Vaughn, Mrs. Frank G. Waters, Bert E. Bent and F. E. Lincoln. The prize winners were announced by Mrs. Charles B. Gilbert. Cards were played in the smaller dining rooms, play being from 8:30 to 10:30 o'clock.

For those who did not care for cards there was dancing in the main ball room until midnight. A fine program of dance selections was furnished by Thumm's orchestra. Dainty refreshments of cakes, ice cream and punch were served.

Courtesies were extended by the Catholic Woman's club for the card tables and the Gilbert Furniture company for furniture, lamps and screens

JAPANESE FETE HELD BY EPWORTH LEAGUE

A successful Japanese fete was held Wednesday evening at the social rooms of Trinity M. E. church, under the auspices of the new Epworth League of the church. The attendance numbered over 200. As one entered the assembly room, a short path led to a tall gateway beyond which was a large garden, with birds and butterflies, encircled by a white fence on which trailed purple and white Wisteria.

The garden was most attractive, having on one side a large garden hammock with tulip cretonne bedecked with brightly colored silken pillows. A four piece wicker set provided a cozy corner. In another section of the room were two booths. One was a candy booth with a Japanese gateway, entwined with wisteria. There was a hand painted mat of a large Japanese fan, encircled with Japanese figures. Boxes of candy found ready purchasers at this booth. The colors used in the decorations were blush pink, yellow and green.

On the novelty table were two large parasols, attached to which were small paper lanterns. In the center of the room chairs were placed in crescent form the entire length of the garden. The 24 small tea tables were prettily arranged. There were tiny favors of peach blossom sprays filled with mints at each cover. The center decorations were Japanese primroses. Young ladies, in costume, served, from colorfu tea sets, cream puffs, daintily decorated in pink, with macaroons and chocolate and vanilla finger wafers.

The tickets were sold at a small table on which was a large red satin fringed cover, embroidered with birds and gold flowers. Wisteria incense burned during the evening at one end of the table and at the other end was a graceful swan.

The entertainment program was given by Norwich and New London artists as follows: Selections by the Colonial orchestra; solo, Japanese Lullaby, Miss May Adams; duets Spanish March, La Paloma, Serenade D'Amour, Albert Berardi, guitar and Mr. Caresar, mandolin; quartette, When Twilight Weaves Her Gentle Spell, The Old Family Clock, Song of Liberty and Don't You Mind the Sorrows, Mrs. William Crowe, Mrs. H. Church, F. Steinke and Robert Gray; solos, Come to Fair, Tis Youth and Spring, Mrs. William Crowe; tenor banjo solos, A Dream and Russian Rag, Albert Berardi; selections by the Colonial orchestra. The accompanists were Mrs. Frank Lathrop, Miss Mary E. Gray and Mrs. Olive Roberts.

The proceeds will go toward the future work of the Epworth league. The arrangements of the affair were under the direction of the Epworth league cabinet, Miss Mary Crowe, president; Mary Gray, assistant pianist; Evelyn Wheeler, first vice president; Mary Phillips, second vice president; Isabel Rodier; third vice president, Charlotte Geer; fourth vice president Ray Brown; secretary, Grace Purvis; treasurer, Lucille Guile.

SHELTERING ARMS VISIT BY LOCAL CIRCLE MEMBERS

The twenty-four members of the household at the Sheltering Arms—including matron and nurses—are still recalling with pleasure a visit to the home made the past week by twelve members of Loyal circle of the King's Daughters, of which circle Mrs. George E. Zimmerman is leader. The committee, Mrs. Luther D. Packer, Mrs. Henry S. Lyon, Mrs. Charles Murdock and Miss Margaret Lanz had arranged a very enjoyable afternoon, which included 3 reels of a movie, the machine operated by Henry S. Lyon, exchange manager of the S. N. E. Telephone company. Later, ice cream and cake were provided for the household and each member received a dainty Valentine favor. Mrs. Larrabee, the new matron co-operated with the circle in making arrangements for the pleasurable visitation.

GEN. MALONE ADDRESSES LOCAL ROTARY CLUB

Major General Paul V. Malone who spoke here Tuesday night at the chamber of commerce patriotic and civic dinner, was the speaker at the noonday luncheon of the Norwich Rotary club held Wednesday noon at the Wauregan hotel.

Gen. Malone, who was introduced by Shepard B. Palmer, brought a very potent message to the Rotarians relative to the relationship of war to industry and commerce. War, said General Malone, is merely economic competition in its sharpest aspect. A prosperous and rich nation is always the envy of other nations not so fortunate and trade and commerce disputes and rights eventually lead to war. Every nation is seeking universal peace and the privilege of seeking commerce and trade without fear of molestation from envious nations. The 5-5-3 ratio places trade at the mercy of the navies of the other nations and may be sunk either by hostil guns or by the propaganda of American citizens. Are you one of these citizens? asked Gen. Malone.

One way to gain the respect of the other nations is to have an adequate navy, one equal to any other power of the world. We have been enjoying a nice trade balance but how long will this continue. The visit of President-elect Hoover to the South American countries will open trade lanes running to the south such as never have been before. These trade lines should go south

Speaking of the industrial future of this section of New London Gen. Malone said that a great trade lane that from Chicago to New York and Boston run very close to Norwich and New London. Prosperity and wealth follow the trade lines. New London harbor is one of the best on the Atlantic coast and you citizens of Norwich and New London should see to it that this wonderful harbor should be made use of more than it is. Cities not so fortunately situated as Norwich are bending every effort to secure access to the seas, either by canals or by the deepening and widening of rivers. These cities are looking into the future.

Gen. Malone was accorded a hearty vote of appreciation for his intensely interesting talk.

Frank E. Jaynes of the educational department of the National chamber of commerce was the next speaker. Mr. Jaynes who had prepared a very brilliant talking along other lines, took the opportunity to emphasize the remarks made by General Malone. He said that Chicago and Pittsburgh were untiringly working for canals that would give them access to the seas and make them in reality inland seaports. Chicago wants a ship canal connecting Lake Michigan with the seas, while Pittsburgh is asking for the deepening of the Ohio river and a canal to Lake Erie. Norwich which is more favorably located is sitting still and doing nothing.

Located within 150 miles of the greatest trade lane in the world Norwich is sitting by and watching commerce parade by its front doorstep, said Mr. Jaynes. He heartily endorsed all that the previous speaker had said and urged that the citizens of this part of New England see to it that the harbor at New London is bettered and that every effort be bent toward making it a real seaport.

H.....a(-Hy-.war.Tfiqfiar

At the business session Vice President Joseph W. Curtis presided and Joseph C. Worth, president of the chamber of commerce and honorary member of the Rotary club acted as song leader. There were several musical features at the luncheon. A male quartette of students of Tuskegee Institute were present at the meeting and rendered a delightful group of Negro spirituals.

At the request of Gen. Malone, Frank R. Murdy sang two solos, Calm as The Night, and 'Tis Love Alone the World is Seeking. Henry J. LaFontaine also rendered two very pleasant numbers, "Trees" and "The Water Boy".

The meeting closed with the singing of the Star Spangled Banner.

CHIARIZA BOUND OVER TO SUPERIOR COURT

(Special to The Bulletin)

WESTERLY, Feb. 20—A man named Chiariza, giving his address 73 Pierce street, was arraigned by Sergt. James E. Norman of the Rhode Island state police before Acting Judge Clerk Herbert F. Clark, in a special session of the Third District court. He pleaded guilty to a charge of breaking and entering a store in the night time and to larceny. When asked if he cared to be represented by counsel the defendant stated that he did not and did not think he could obtain the $2,000 bail required. He was found probably guilty and bound over to await the action of the April term of Washington county superior court, the grand jury convening on the third Monday of the month. The accused will be committed to Kingston jail Thursday by Sheriff Fred T. Mitchell.

Charles Gabriele, 77 Pierce street, also pleaded guilty when presented on the same charge, the complaint specifying larceny from the Hope Valley store of Chester A. Sherman of four suits of clothes, value $84.80, six pairs of gloves, $14.90, four caps $7.85 and an overcoat, $29.45, total value $136.75. He was adjudged probably guilty and was bound over to the superior court.

WESTERLY POLICE CHECKING UP ON STOLEN ARTICLES

(Special to The Bulletin)

WESTERLY, R. I., Feb. 20—Connecticut state police and police authorities in Willimantic and Jewett City were engaged late Wednesday afternoon at police headquarters in checking up on stolen articles of clothing, which were found by the local police after the arrest of Charles Gabriele, 19, alias "Cebe" and Angelo Chiariza, 18, formerly of Willimantic, alias "Skipper" Tuesday night.

Chief Thomas E. Brown is working on clues unearthed in connection with the recent store breaks on both sides of the Pawcatuck river in Westerly and surrounding towns. Two ties were found which were a part of goods reported stolen from a store in Jewett City.

The arrest of the two young men followed the identification of clothing stolen in a Hope Valley, R. I., store on Feb. 11th and which were described by a clerk in the Chester Sherman store which lost several hundreds of dollars worth of clothing.

COMFORT CIRCLE'S PARTY ON 31ST BIRTHDAY

Comfort circle of The King's Daughters celebrated its thirty first anniversary Wednesday at the home of Mrs. William H. Baker of Phillips avenue, Laurel Hill. A brief business meeting was held at which the leader, Mrs. William H. Geer presided. The usual birthday gifts of $5 to the Margaret Bottome Memorial and the travellers' aid were voted. A grab bag furnished much merriment. A delicious luncheon consisting of ham potato salad, baked beans, pickles, rolls, coffee, cake and ice cream was served. The tables were very handsome with the decorations of red, white and blue streamers. A small bow of these colors was the favor at each plate and the floral decorations were carried out in the same color scheme.

The decorations were by Mrs. Fred Tourtellotte. A birthday cake occupied the center of the table. The committee for the delightful affair included Mrs. William H. Baker, Mrs. Alvin D. Lewis, Mrs. Edward Adams, Mrs. Fred Tourtellotte and Mrs. Henry Cole. The circle realized the sum of $18.83.

Thirteen members and three visitors were present.

CHILD WELFARE BUDGET MAY BE INCREASED

If the recommendations of the board of finance and control are approved by the appropriations committee and voted by the legislature, the budget of the Bureau of Child Welfare for the next biennial period will be increased one-third over that of 1927-1928, says the current issue of the Woman Voter's Bulletin, issued by the Connecticut League of Women Voters.

The recommended appropriation for 1929-1931 is $249,762.

The estimated budget which Kenneth Messenger, commissioner of child welfare, submitted to the board of finance and control asked for an appropriation of $255,714. It provided for a staff which the commissioner considered adequate to bring the standards of the bureau up to the minimum standards of child care. His budget called for an increase of sixteen in the number of agents and field workers and a corresponding increase in the number of stenographers and in administration expense.

The recommendations of the board of finance and control would make possible some of the increases the commissioner regards as urgent. The increase for "ordinary recurring expenses," which includes salaries and administration, would mean the addition of seven more field workers, according to Mr. Messenger. In the "boarding-out" program, there is an increase of $5,000 a year for each group, that is, the group under four and those over four years of age. Further development of the "boarding out" system means the relief of congestion in county homes and a more normal existence of the children.

LESS BUILDING HERE THAN A YEAR AGO

According to the monthly survey of business conditions in this city prepared by Secretary Walter H. Pilcher of the Norwich chamber of commerce building permits granted in January showed a decrease of 48 per cent in value of the construction work over the value of permits granted in January a year ago. The local survey, prepared for the Connecticut state chamber says:

Bank debits showed an increase of 6.6 per cent this January over January, of 1928. The total last month was $21,019,355 and January a year ago $19,704,585. An increase of 11.5 per cent in gas consumption was noted last month over January a year ago, the figures being 15,076,000 cu. ft. and 13,516000 cu. ft. respectively. Electric consumption showed an increase of 15 per cent the total for January, 1929, being 1,069,960 KWH and for January 1928, 929,970 KWH.

During January, 1928, there were 87 telephones installed and during last month a total of 72. Removals a year ago totaled 32, making a net gain of 5, as compared with 36 removals and 36 net gain this year. Post office receipts were reported as $10,663 an increase of 3 per cent over the same period a year ago when the total was $10,618. On February 1, 1927, there were total savings bank deposits of $39,750,000, on February 1, 1928, the total was $42,450,246, and on February 1, 1929, $44,590,036.

The New London survey prepared by Secretary Garlery of the New London chamber shows that retail business is that city during January was below December, 1928, due to the holiday season, but about the same as January, 1928. The local factories are operating about 75 per cent of normal. Due to the bad weather building was held up. Building inspector reports 21 permits amounting to $59,050.00. Postal receipts for 1929 totaled $11,344.54 showing a decrease of $1,158.61 over January, 1928.

Real estate sales remained about the same as January, 1928, with prices about the same. Electric and gas consumed amounted to 1,824,562 kilowat hours, 29,942,400 cu ft. of gas, an increase over January, 1928, of 265,594 kilowat hours and 2,795,000 cu. ft. of gas; 101,918 electric meters and 7,164 gas meters are in use, an increase of 422 electric meters and 257 gas meters over January, 1928.

PLAINFIELD LOSES BY TWO POINTS TO THE FAST JERSEY SEPARATES

(Special to The Bulletin)

PLAINFIELD, Feb. 20—The Plainfield Pros were defeated this evening by the Jersey Separates by the score of 35 to 32 in one of the best games witnessed on the Community house floor this season. It was a nip-and-tuck affair all the way through. Only during the last two minutes of the game did the Separates gain a two point advantage after which they froze the ball the remaining minute of the play.

The game started with both teams fighting hard. Rosen fouled Kasper who made a shot good then Williams and Brusso came through with field goals. This lead was short lived as Johnson and Callahan came through with a couple of field goals apiece. With a half minute to play of the first half Dissinger dribbled through for a basket, Plainfield then leading 17 to 16.

After the rest period both teams fought hard, many fouls were called due to the hard playing. The score see-saved back and forth. Dissinger twice came through with long field goals to tie the count and also shot two fouls that evened the count both times. But Johnson, the big shot of the visitors came through with a long shot and put his team in the lead, a foul goal by Callahan gave them a three point margin when the final whistle blew. The Plainfield team as a whole played well while the visitors gave the fans a good account of themselves. Next week the Philadelphia Colored Giants will be the attraction. The summary:

BANNER BOWLING ATTRACTION AT DANIELSON TONIGHT

One of the banner bowling matches to be rolled in Connecticut this season is scheduled for Frankie Barber's alleys at Danielson this evening when the All-Hartford team clashes with an All-Connecticut in the first half of a seven string match for a $500 purse.

The fact that the cream of the bowling art in the state will be in action tonight is drawing numbers of bowling fans from all parts of the state. The Hartford team, which comprises, Fido O'Brien, Gallivan, Gaines, Fisher and Frisk, will be Connecticut's entry in the national bowling tournament at Richmond next month. All these men are well known to local bowling fans, as Fisher and Gaines and O'Brien have rolled in special matches in Norwich.

The All-Connecticut team has three eastern Conn. representatives on it in Frankie Barber of Danielson, Fred "Chip" Dunas of Taftville and Mike Morin of this city. The other two men are Lato of Waterbury and White of New Haven.

Three games will be rolled tonight with the other four, if necessary at Hartford on Thursday, Feb. 28th.

BACON ACADEMY CLOSES SEASON WITH VICTORY

The Bacon academy basketball team defeated the Nathan Hale high school quintet of Moodus in Continental hall, Moodus, on Tuesday evening, by a score of 29 to 18. This is the second time this season that the Bacon team has defeated the Nathan Hale boys, the Bacon quintet having defeated the Moodus team in a game in Colchester on Feb. 11 by a score of 38 to 8. Tuesday evening's game was a well-matched contest during the first half but in the second half the Bacon boys gradually took a decisive lead over their opponents.

The Colchester boys showed a marked superiority in basket shooting, particularly in the last half. Hurin, Polakevich and Deitch were the star players of the Bacon team and Leivant and Sprecher were the feature players for the opposition. The summary follows:

Totals	9	0	18

Referee, Golet. Score at half time, Bacon 10, Nathan Hale 8. Time, 4-8 minute periods.

The game with the Nathan Hale team was the last of the basketball season for the Bacon Academy boys. The Bacon team has made an enviable record during the past season, it having won six out of eight games. The two defeats were encountered with the Killingly and Wethersfield high school teams. However, the Bacon quintet won two games from Lyman Memorial high school team of Lebanon, two games from Nathan Hale high school of Moodus and won one game each from Killingly and Wethersfield high school.

John Hurin, Joseph Polakevich and Harry Deitch are the three high scorers of the season, Hurin having a total of 58 points, Polakevich having a total of 63 points and Deitch a total of 45 points.

SUB BASE AND COAST GUARD PEARS IN TIE FOR FIRST

(Special to The Bulletin)

NEW LONDON, Feb. 20 — The Sub Base five by trouncing the Coast Guard Bears here tonight 35 to 20 went into a first place tie with the Bears in the City league. The game was hotly contested and at times very rough, so much so in fact, that Referee Damerest ejected Reeves of the Jackies from the game for roughing Lindholm. With both teams facing only mild opposition during the remainder of the league schedule it is a probability that the Bears and the Jackies will meet in a play-off series to decide the title.

PRELIMINARY CARD TO BIG SCRAP ANNOUNCED

MIAMI BEACH, Fla., Feb. 20—(AP)—The preliminary card for the ten round match between Young Stribling and Jack Sharkey here February 27 was announced today. The six four-round preliminaries and an 8-round semi-final will be preceded by a battle royal in which 12 Negroes will fight for a purse provided by Jack Dempsey.

Pairings in the four rounders are:

Mike Firpo, Baltimore, and Rush Heisa, Columbus, Ohio, heavyweights;

Red Riley, Troy, N. Y., and Able Bain, Newark, N. J., light heavyweights;

Spike Webb, Orlando, Fla., and Tony Fuente, California, heavyweights;

Sully Montgomery, Fort Worth, Texas, and Pat McCarthy, Boston, heavyweights;

Big Sid Terris, Miami, and Paul Miami, and Paul Hoffman, New York, heavyweights;

Marty Gallagher, Washington heavyweight, and Johnny Orosso, of New York, will box eight rounds in the semi-final.

An additional four round match between "Babby" Stribling, brother of the heavyweight, and Andy Callahan, junior welterweight from Lawrence Mass., probably will be cancelled because of a hand injury suffered by Stribling in training today.

MAGNOLIA LEAVES FOR SOUTH ON FRIDAY

NEW YORK, Feb. 20—(AP)—Lou Magnolia, veteran referee, received a telegram from Jack Dempsey, notifying him of his selection to officiate at the Sharkey-Stribling fight and asking when he would leave for Miami Beach. Magnolia replied that he would head south Friday night.

The style of both boxers is familiar to Magnolia as he has referred previous fights between Sharkey and Jim Maloney; Stribling and Tommy Loughran; and Stribling and Johnny Squires.

Polo Knocks Out Silvers

NEWARK, N. J., Feb. 20—(AP)—Freddie Polo, Bloomfield, N. J., knocked out Pal Silvers, New York, in the ninth round of a fast ten round bout here tonight. Silvers was floored twice before the referee halted the bout. Each weighed 2[illegible].

Y SENIORS PLAY FAST FIVE TONIGHT

Probable Lineups

Y Seniors	Married Men
Pingree, lf	lf, Ellison
Brown, rf	rf, Conklin
Harris, c	c, Demarest
Kelly, lg	lg, Davis
Eccleston, rg	rg, Lambert

Tonight at the Y gym the Y Seniors stack up against a strong team of local basketball stars, who have named themselves the Norwich Married Men. This will probably be the last game for the Yers before their series with the Academy, which starts next week. Two fast preliminaries are scheduled, both Church league games, Trinity Methodist and Central Baptist teams and Gammas and Kappas. The first preliminary will start at 7:30.

The Seniors will have to play real basketball to win this evening. Demarest, at center, the physical director of the Y, is a former Springfield college star. Lambert has played with several local teams while Red Ellison was prominently mentioned for All-state teams while with Windham high, Conklin, coach of the Emps, played with Killingly high and Emery Davis, C. P. C. mentor, has played considerable basketball.

The Seniors will use their regular line that gave the New London Whalers such a battle last week, losing in an overtime session. Randy Whaples will handle the game.

BASKETBALL TALK

Big Series Next Week

Next week, Tuesday, the Academy is slated to open its series with the Y Seniors in defense of its city and town title. The school team will find it tough to hold onto the crown this year as the Seniors hold a big advantage, both in season's records and in experience.

"Windham Got The Breaks"

Anent the recent trip of Torrington high into Eastern Connecticut, the Waterbury American says:

"The Torrington high school five attempted the iron man stunt, only to find itself being sent down to defeat by the Windham high school tossers, after they had disposed of Chapman Tech. The Techmen provided one of the hardest battles of the season for Coach Tracy Gary's men, but with Pavlikovic in form, the Torrington courtsters managed to win out 22 to 21. Windham's fortunate break in playing the Garymen in the night-cap probably was reason enough for their winning. Although little credit can be taken away from the scrappy tossers from upstate. The score of 26 to 21 tells most of the story, although evidence of Torrington's being washed out by the Chapman fracas was evident in the fact that they led at the close of the first half, 14 to 11, and lost out in the closing period of play."

Let's hope this isn't an alibi.

A Senior Tournament

What ought to be an interesting affair and turn out as a yearly event would be a senior team basketball tournament, patterned much after the intermediate tourney that the Y staged last March. With eight or ten teams from Eastern Connecticut, such as the Y Seniors, C. F. C., Plainfield Buddies, Willimantic Majors, Stonington Ironmen, some or all of the teams in the New London City league and probably Battery E of Westerly, a day's work could be planned that would end with a real sectional champ being crowned.

Tech Draws Best

To Chapman Tech falls the honor of drawing the largest crowd for the Academy this year. Tech and Windham have vied for this distinction in the other two years but the Whalers copped the honors for this campaign. But, even the outpouring at the Chapman game was not of overflowing proportions.

What Might Have Been

Observations on the Academy's play in the last week or so leads one to wonder what would have happened had the season opened just about a month earlier. The team has now only had about a month's experience, which had the campaign been started in December, would have brought the club into its league games in mid-season shape. It is an odd circumstance that Stonington and N. P. A. opened later than the other schools in this section and they are having the toughest times in winning games.

Windham, the in-and-outer

Windham seems to have qualified for the most inconsistent performances this year. First the Thread Cityites start off the season in whirlwind style only to go to New London and get a bad beating from Chapman Tech. Then they recover again and trim Tech in Willimantic, only to later lose to Bulkeley of Hartford, one of the weak teams of the state. Then came the victory Saturday night over Torrington, one of the best in the state. Windham, if she strikes the Yale tourney on one of her "in" days, might win that event. However, there is no denying that Tom Callaghan has a good team again this year, although he lost heavily by graduation.

WILLIAMS EQUALS WORLD'S RECORD IN SPECIAL RACE

DETROIT, Feb. 20—(AP)—Percy Williams, Canadian school boy sprinter won another race and equalled a world record here tonight, winning a special 40 yard dash in the Michigan A. A. U. indoor meet, in 4:04 2-5 seconds. Eddie Tolan, University of Michigan Negro, was but six inches behind Williams.

Edvin Wide, the Swedish school teacher, made a show of a field of Michigan distance runners in a two mile handicap event. Wide lapped the whole field to cover the distance in 9:30 6-10.

Williams, running the 40 and distance for the first time on his present American tour, needed everything he had to whip the Michigan star, Tolan got away on top and held his advantage until the last 10 yards, when the Canadian's closing drive proved too powerful.

Vic Darr Accepts Challenge.

Vic Darr, local junior welterweight accepts the challenge of Tommy Hart anytime any promotor cares to match them. However, weights must be at 142 pounds as this is the lowest Vic can make.

Vic is always in condition and at present has been helping the Duwell boxing team, Johnnie Kon, Jimmie Quinn and Fred Besade, to round into shape for the coming tournament in Providence Friday. Vic is anxious to fight again after a long lay off and would welcome a fight with Hart any time.

Columbia Downs Cornell

ITHACA, N. Y., Feb. 20—(AP)—Columbia's basketball team defeated Cornell, 35 to 30 in an eastern intercollegiate league game here tonight to go into a tie with the Red team in the league standing. Each has two victories and three defeats.

A burst of Lion scoring near the end after Cornell had tied the count at 28 to 28 gave Columbia the victory. Smith and Magurk staged the rally. Cornell tied the score three times during the contest, ending the first half at 16 all, but dropped back each time.

CONN. AGGIES DOWN COAST GUARD ACADEMY QUINTET IN FAST GAME

(Special to The Bulletin.)

STORRS, Feb. 20.—In a complete reversal of form, the Connecticut Aggies basketball team defeated the U. S. Coast Guard Academy here tonight in a fast game that was marked by some excellent playing by both teams. 49 to 42. The Aggies took the lead at the start, scoring five points before the sailors scored. Schildgen scored the first basket for the Aggies with a pretty hoop from the foul line. Matzkin followed this with a shot and then Ryan dropped a foul. At this point the Coast Guards called time and when the game was resumed Miller scored the first basket for the New London club.

The Aggies took advantage of their opportunities at this point and scored four baskets in a row but the shooting of Maloney, playing right forward for the Coast Guards cut the lead down with three successive shots. The half ended at 29-18.

At the beginning of the second half Ryan dropped two successive goals from the floor. At this point Matzkin was removed from the game on personals, Duffy replacing him. The lead of the Aggies was cut down to five points three times before the final whistle. Darrow, starting his first game in the varsity lineup, broke up the Coast Guard plays consistently and was easily the outstanding man of the new team. Matzkin played well while he was in the game and did a good job in Chubbuck's place, who is out with a broken ankle.

PRIZE OF $1,000 OFFERED FOR MUSICAL SETTING

HANOVER, N. H., Feb. 20—(AP)—Dartmouth college wants a musical setting for the poem, "Our Liege Lady, Dartmouth," written by Richard Hovey, of the class of 1885. To that end, an anonymous donor has offered a prize of $1,000 and competition has been opened to any one "with the sole stipulation that the composition, if accepted, shall become the property of Dartmouth college." The competition closes June 1.

COLD IS LESS INTENSE ON THE BRITISH ISLES

LONDON, Feb. 20—(AP)—The cold slackened its grip on the British Isles considerably today. The temperature was generally ten degrees higher than yesterday and almost everywhere the mercury stood above the freezing point. Rail and sea traffic began to get back to normal and traffic dislocation on the highways was slowly disappearing.

Although the thaw has been very gradual, it has brought much trouble through bursting waterpipes.

MISSOURI AND INDIANA CONSIDER LASH LAWS

INDIANAPOLIS, (AP) — Indiana and Missouri legislators would add flogging as a punishment for law violators. Delaware now is the only state with a whipping statute.

In Indiana there is a senate bill proposing floggings for persons convicted of carrying firearms while committing a felony. The Missouri proposal provides for whipping post for second bootlegging convictions.

Robert L. Moorhead of Indianapolis introduced the Indiana proposal, while the one in Missouri came from Rep. John C. Putnam. The Indiana bill was amended to include women and providing for public floggings.

MEXICAN FISHERMEN SHIP CATCH OVERLAND

CALEXICO, Cal.—(AP)—Like shipping coal to Newcastle, Mexican fishermen send sea bass from the Gulf of California several hundred miles across desert roads to California seaports.

As much as 13 tons a day of fresh fish pass through Calexico from San Felipe, lower California, 140 miles south, to San Diego, 135 miles from here and Los Angeles, 239 miles north. The Gulf of California in Mexico, is abundant in fish, and Mexican fishermen operate largely from rowboats.

MARRIED 29 YEARS, HAS MOVED [illegible] TIMES

WATERTOWN, N. Y., (AP) — Charles E. Lawton has moved 85 times in the 29 years he has been married.

He never has moved outside the state of New York and his longest move, 165 miles, was from Binghamton to Philadelphia, N. Y. The Lawtons have 14 children and have lived on a farm near this city since Nov. 1, 1928.

WAUWECUS HILL

During the early mornings of this week the notes of the bright little songster, the blue bird, have been heard with the gusto of a morning in May. It is true that blue birds are with us every month of the year; but in sheltered places, and they come into the open only when the weather is mild and springlike.

Attention has been attracted to myriads of crows that gather for shelter in the swamps near here, each night at sundown. At times they come in numberless thousands, and with such a din of their shrill "caw, caw" that they may be heard for miles and this is kept up until darkness settles down upon them for the night. If the farmers are to feed these black rascals, who shall pay the bill?

There have been several cases of influenza and some of a serious nature but those afflicted are in a fair way to recovery.

Traveling conditions are bad on some of the cross-roads owing to recent rains which caused washouts, and deep ruts.

The new owners of the farm once the property of Pendleton brothers, are cutting timber for a new barn. This will replace one burned several years since when a bolt of lightning caused it to take fire and burn with many tons of hay and farm implements. The large 2-story dwelling together with horse barn and other buildings, were saved by lively work of neighbors forming a bucket brigade from the well on the premises.

BURGLARS GET INTO DYER STREET STORE

(Special to The Bulletin)

DANIELSON, Feb. 20—A small time burglar, or burglars, is at work in Danielson. About the first matter to claim the attention of Chief John McFarland when he came on duty this morning was the checking up of a break at the Wilfred DeJordy store on Dyer street during the night. Mr. DeJordy discovered that the store had been entered when he opened up for business at 6 a. m., and he at once telephoned the police.

A checkup by Chief McFarland showed that whoever entered the store got in by using a key that happens to fit the lock on the rear door. There appeared to be nothing missing from the store, though it was apparent that an attempt had been made to open the cash register, which contained only a few cents. Matches from a box set near the telephone had been used in looking about the store, the burnt ends being strewn about. In rambling about the store whoever entered knocked the receiver off the hook on the telephone. Inquiry by Chief McFarland established that the light on DeJordy's single line flashed on the telephone switchboard at 11.30 last night. To the operator this would indicate that, receiving no answer when she tried to pick up the call, that the line had gone out of order. Snow that fell during the night was unmarked by footprints leading from the store door.

Steve Stampas, who has a store on Furnace street, nearly opposite one of the plants of Powdrell and Alexander, reported to Chief McFarland that his store also had been entered. Entrance to this store was gained by raising a window that was unfastened and which is in the rear of the building. As nearly as he can check articles that are missing Mr. Stampas figures his loss at about $25. Among other things that were taken are some gallon cans of olive oil.

East Killingly is now feeling the sweep of the influenza epidemic and of hard colds, it was stated up there this afternoon that 25 of the employes of the Acme Products mill were absent from work yesterday on account of illness. In addition to these mill employes numbers of other people in that community are ill. The cases generally are mild, but of a nature to confine those attacked to their homes.

The body of Mrs. Jane Bellows, 91, who died at the home of her daughter, Mrs. Frank Geer in New Haven arrived here and was taken in charge by Undertaker L. E. Kennedy. A resident of Dayville for a great many years, Mrs. Bellows had made a practice of spending the winters with her daughter in New Haven. Mrs. Bellows was the widow of Olverson Bellows, a well known resident of Dayville. In addition to Mrs. Geer, Mrs. Bellows leaves another daughter, Mrs. Lillian Fenner of Providence, and a son, Frederick Bellows of Dayville.

A death yesterday at the home near Killingly Center was that of Mrs. Marietta Trask, wife of Albert Trask. She was 65 years of age. Mrs. Trask was born in Griswold, a daughter of Mr. and Mrs. Henry Shippee. She had been a resident of this town for a long term of years. Mrs. Trask is survived by her husband.

More ice for Danielson and other parts of the town of Killingly is now being harvested at the Hygela reservoir near East Killingly by A. A. Chase and Son. The ice is heavy and particularly good quality. Snow last night somewhat upsetting the cutting and housing operations today. However, work has been underway since Monday and hundreds of tons already have been stored. With good weather, the work is expected to be nearly completed by the end of the week.

With this supply of ice Danielson is insured of a bountiful supply for the remainder of the year.

DEACON A. C. GREENE, IN 100TH YEAR IS DEAD

(Special to The Bulletin)

DANIELSON, Feb. 20—Deacon Albert C. Greene, one of the eastern Connecticut's oldest and most beloved men, died at 8 o'clock this morning at his home on North Main street. He was in his 100th year, and would have rounded out a full century of life had he lived until next September. He became ill on January 11, and much of the time since that date he had been confined to his bed.

Deacon Greene was a native of Plainfield, a son of Jeremiah and Anna Smith Greene. His early years were spent in his native of town, the family later going to Canterbury where, at Westminster, he spent many years of his long and useful life. For a time, as a young man, he was a resident of Boston.

In 1862 he enlisted for service in the Civil war and served as a member of Co. A, 18th Connecticut Volunteers until the end of the great conflict and experienced hard campaigning west of the Blue Ridge mountains in Virginia in 1863.

Upon being mustered out of service Deacon Greene was united in marriage with Mary A. Bemis of Oxford, N. Y.

Deacon Greene was endowed with an especially pleasing personality, and a cheerful, optimistic contemplation of life. Until recently he was as keenly interested in the affairs of the day as anyone, and followed events closely. He looked forward to observing the 100th anniversary of his birth on Sept. 24th next with lively anticipation, and that he did not live to do so will be a matter of very deep regret to all who knew him.

When he is laid at rest in the cemetery at Westminster he will be with many of his relatives, neighbors and friends of long ago. This cemetery is under perpetual care through the efforts, years ago, of Deacon Greene in raising a fund for that purpose among the old families who were identified with Canterbury for many years. Deacon Greene was a member of the Congregational church at Westminster for upwards of 60 years, and a deacon for more than 25 years.

Deacon Greene is survived by his wife and seven children—Charles of New London, James of Fort Wayne, Ind., William of Jersey City, Major Edward Greene, U. S. A., a medical officer stationed at Brooks field, Texas, George and Mary of Cambridge, Mass., and Alice, who is at home, and has tenderly assisted in the care of her father during his last illness.

This afternoon at 1.30 at the home of Walter Mason in Plainfield funeral services for William Hiscox of the Klea district of this town were conducted by Rev. W. C. Prentiss, pastor of the Plainfield Congregational church. During the service George Ingalls sang Just As I Am and Nearer to Thee. Burial was in the South Killingly cemetery. The bearers were Frank Davis and Edwin Davis grandsons of Mr. Hiscox, Charles S. Cross and George H. Dawley. A. F. Wood was in charge of the funeral arrangements.

It was a matter of investigation this afternoon whether a key found this morning in the lock of a door to the office of the General Supply company on Furnace street was not the same one with which the rear door at the Wilfred DeJordy store on Dyer street was opened by burglars during last night. The matter was being checked up by state officers. The attempt to enter the office of the General Supply company failed.

PUTNAM

PUTNAM CLINGS TO HOPE OF GETTING VETERANS' HOSPITAL

(Special to The Bulletin)

PUTNAM, Feb. 20—Putnam will make its last stand before the federal hospitalization board at Washington Thursday, when the board grants hearings to the congressmen from southern New England. Following the hearings the board will go into executive session and decide for the three million dollar veterans' hospital will be chosen.

A few months ago Major General Hines, chief of the federal hospital board, with members of his staff, paid a visit to the section of New England where the hospital is to be located. The General examined sites in the western and eastern portions of the state coming as far as Willimantic, but did not come to Putnam for reasons unknown. Those who were working for this city in behalf of the chamber of commerce, veterans' organizations and common council made a visit to the Thread city where they were given a hearing before one of the chief members of the board, who informed them that the Putnam sites were excellent for the proposed hospital and would be duly considered before any site had been chosen.

The hospital board has delayed several months on the project because of sometechnicality encountered in congress, which had to be adjusted before the board could take action on the matter. President Walter N. King, of the chamber of commerce, said today that he had been informed of the hearings to be given the congressmen by the federal board when urgent pleas will be made by the various congressmen for the hospital to be located on sites submitted from their districts.

Climate and transportation facilities, coupled with good water resources, are the advantages offered by the Putnam committees to the government in the sites they have available for such an institution and considering the promising advice rendered the local commission by the federal inspector it is still thought that Putnam has an equal chance of realizing the gigantic federal hospital for disabled veterans of the World war.

Daniel J. Bryne, Putnam bank executive, ill with pneumonia, continued to wage a stubborn fight for his life today, it was announced late this afternoon by members of his family. Mr. Byrne suffered a relapse Tuesday afternoon and was not expected to survive, but early in the evening he showed new signs of life and recovered from the semi-delirious condition that he has been in since last Thursday. The high abnormal temperature which gripped him returned to a more normal degree, continuing so all through the hours of Tuesday night and Wednesday morning, when it was announced that hopes were held for his recovery.

Much anxiety was caused Tuesday evening among the residents of the city when the grave condition of its leading citizen was made known from the Byrne home on Seward street. The general public tension was relieved at noon today when it was said the executive of the Putnam Savings bank had experienced a slight improvement in his condition.

Frederick A. Maryott, of the Maryott Roller Covering works, was the speaker at the meeting and luncheon of the Putnam Rotary club held at the Putnam inn today. Mr. Maryott's address followed closely the trend of his business conducted in this city, and proved of unusual interest. He spoke of the methods used in covering printer rollers and of the processes used in the art of belting. Luncheon visitors at Rotary today were, Henry Dubuc of Danielson, and Lorne Greig.

The board of water commissioners and the committee appointed by Mayor Charles A. Richard, are to confer during the remaining weeks of this month to prepare a plan for solution of the city water problem, which will be presented to Mayor Richard and the members of the council for ratification at the March meeting. No details of the scheme will be ready for publication until after the first council meeting in March, Mayor Richard said today.

Leonard H. Mellor, Jr., son of Mr. and Mrs. L. H. Mellor, of Grove street, who is a patient at the Day Kimball hospital suffering from a compound fracture of the jaw, was reported to be improved today, according to a statement from the hospital today. Mr. Mellor was injured in a soccer game at Jewett City, when kicked by a rival player in a scrimmage.

At a teachers' meeting held on Thursday, Feb. 14, at which all the faculties of the schools of the city attended Miss Emma Dutton, teacher at the Israel Putnam school, spoke on "The Child in the Home," and Miss Mildred Torrey, of the primary department of the Israel Putnam school, spoke on the subject of "Training for Effective Study." Both talks were interesting and inspiring.

The funeral of Edward Menoche, 35, the fourth member of the Menoche family to die of influenza, was held in North Grosvenordale, this morning at St. Joseph's church, where a solemn high mass of requiem was celebrated by Rev. J. C. Mathieu, pastor of the church, with Rev. Jos. L. Lavalle, deacon and Rev. U. O. Bellerose, pastor of St. Mary's church in this city, sub-deacon. Special music for the mass was furnished by the members of the church choir. Burial was in St. Joseph's cemetery with committal services at the grave in charge of Father Mathieu.

Putnam awoke this morning to find itself buried beneath a four-inch snowfall, which commenced shortly before midnight Tuesday, with all the ear marks of a real old fashioned blizzard. At two o'clock this morning the mercury took a sudden tumble and soon the bluster of flakes ceased.

EAST WOODSTOCK

Mr. and Mrs. Stanley Plympton and son of Sturbridge, Mass., called on Mr. and Mrs. Joseph Spencer Sunday.

Mr. and Mrs. Harold Ramsey and daughter, Lulu, of Worcester, were guests Sunday of Mr. and Mrs. C. H. Potter.

L. W. Lindeman spent the week end in Bedford Hills, N. Y., with Everett Burbank and family. Mrs. Lindeman returned with him Monday.

Mr. and Mrs. Harris S. May of Waterford spent Sunday with J. S. May and family.

Louis Young has moved from Swallows Nest into a tenement on Factory street. William Taylor of Putnam, who owns the property is moving in this week and will build a greenhouse for raising flowers. He has been foreman for Mr. Andum, florist in Putnam, for several years.

Vernon Witherell, son of Mr. and Mrs. George A. Witherell, who is at Port Royal, Md., will attend the inaugural exercises at Washington, March 4, with the Army band in which he is playing at present. He is getting on finely with his music and has been promoted several times.

Several from here are taking part in the Old Folks' sing at Academy hall, Washington's Birthday.

When the meeting of the Community club was held last week, college whist was played at eight tables. The prizes went to Mrs. Carl Morse, Miss Leslie Sumner, Alden Adams, William Child, Mr. and Mrs. Everett May, Mr. and Mrs. Wendell Bosworth. The committee in charge, with Mrs. William Child chairman, served cake and coffee.

The February missionary meeting is to be held today (Wednesday) at the parsonage, with Mrs. H. D. Baker. The program will be in charge of Mrs. John S. May who will give the fourth chapter of the textbook, "What Next in Home Missions."

OBITUARY.

Dr. Frank H. Coops.

Dr. Frank H. Coops, 62, died suddenly Tuesday night at his home in Bridgeport. With Mrs. Coops he had been out spending the evening with friends and suffered a heart attack soon after their return home dying almost immediately. Dr. Coops was a graduate of the College of Physicians and Surgeons at Baltimore in the class of 1896. Soon after graduation he began the practice of medicine in Danielson and remained here until 1905 when he was succeeded by Dr. George M. Burroughs. During his residence here Dr. Coops was united in marriage with Miss Elizabeth Chollar who survives him with one daughter, Helen, who is a member of the faculty of the University of Cincinnati. Dr. Coops' body is to be brought here for burial Friday following services at Bridgeport.

JEWETT CITY

MANY AT FUNERAL SERVICES HELD FOR STEPHEN FINN

The funeral of Stephen Finn was held Wednesday from his home, 42 North Main street. The solemn requiem mass at St. Mary's church at 9 o'clock, for which many friends and relatives assembled was celebrated by Rev. John J. McCabe, with Rev. John D. Carey of Voluntown, deacon and Rev. Nicholas Caron, sub-deacon. Mrs. Noel Gard and sang for the offertory Jesu Salvator Mundi and for the waiting hymn When Evening Comes. The recessional by James Olsen was from the Greek. The bearers were: Michael E. and James E. Shea, Daniel F. Finn, Patrick F. Driscoll, Michael Fogarty and John Flannigan, the last named from Middletown. Father McCabe read the committal services at the grave in St Mary's cemetery, Lisbon.

The beautiful flowers included the casket bouquet from Mr. Finn's daughters and those from Mr. and Mrs. Doyle, of Plainfield, little Miss Mary Ann Doyle, she is Mr. Finn's youngest granddaughter, Mr. and Mrs. Daniel F. Finn, Miss Helen Hoban, William Davis and Mr. and Mrs. William McDowell.

There were present from out of town Mr. and Mrs. William Cartland, of New London; Miss Minnie Green, Danielson; Mr. and Mrs. Perri, Hartford; John Flannigan, Middletown; Mrs. Mary Doyle and family, of Plainfield. Hourigan Bros. were the funeral directors in charge.

The G. L. P. club was delightfully entertained by Mrs. William Montgomery at her home in Pachaug, Tuesday afternoon. A delicious chicken supper was enjoyed, it being the birthday of Mrs. H. E. Paul, she had the seat of honor and was presented a handsomely decorated birthday cake with lighted candles. Other members present included Mrs. Walter Marshall, Mrs. Sherman Waters, Mrs. C. D. Wolf, Mrs. F. L. Kanehan and Mrs. B. R. Gardner.

Beans, brown bread, rolls, cake, coffee, Cong. vestry, 35, Fri. at 6.—Adv.

No Expense For Snow Clearing

Following two days of fine mid-April weather, O. B. Winter played a return date in this section, with no one locally remembering that there was an encore. A sharp drop in temperature, with a brisk snow fall, began at a little before midnight, Tuesday. By sunrise the weather had cleared, with a 4-inch snow blanket nicely placed in six hours. The present fall makes 10 inches so far for the winter, with none of them heavy enough for real snow shovel work for those who cleared the paths. Not a penny has been expended by either town or borough, under the item, "Cleaning Highways of Snow."

Votes to Hold Banquet

Mt. Vernon lodge, No. 75, F. & A. M., Clarence E. Whittaker, master, voted Tuesday evening to resume the time honored custom of holding a grand banquet and ladies' night. This even; with the exception of the 4 years during which no ladies' night was held, has been since 1871, every season, among the leading social functions of the town. Always largely attended, with a social Masonic dance at the close, it has never failed to be the signal for the appearance of the newest and smartest frocks, a supper of the nicest order, and a short presentation of some pleasing sort of fraternity theatricals. This year, after the committees are appointed by the worshipful master, it is probable that they will decide to hold the celebration in either the Newent Community hall or that of Pachaug Grange. There was much pleasure expressed among the local members of the fraternity that there is to be a resumption of the annual pleasing entertainments.

A free motion picture entertainment at Finn theatre some evening next week, promises to be of interest to borough people and those who reside in the vicinity.

With the sales of last week checked up, there are now something over 600 radio sets in operation locally every day. Of all the lot, some costing in excess of 500 bones, none, no, not one, has anything on the new outfit recently purchased by "Red" Harris, assistant chief of the fire company—What did it do?—It picked up Los Angeles, Cal., the other night, 3 hours before the Pacific city's broadcasting began. Can you beat it?

A GOOD ICE WINTER COMPARED TO LAST YEAR

Today 5,000 tons of 10-inch ice are safely harvested. A year ago at this time not a pound had been cut. During the first two weeks of March, working a day or two now and then, a quarter-harvest of 5 and 6 inch ice was secured. Had the plowing ben done by horse power, as in the old days, no cutting of any account would have been accomplished. Much of the time the ice would hardly have held up one of Mr. Shea's big team horses.

Holiday Observance

The post office will be closed after nine o'clock Friday morning. The schools will not be in sessions, and the banks and Slater library will be closed. Mills and stores will conduct business as usual.

Piles Go Quick
Without Salves or Cutting
Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.
Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonhardt found the remedy and called his prescription HEM-ROID. He tried it in 1000 cases with the marvelous record of success in 96 per cent, and now it is sold by druggists everywhere under a rigid money-back guarantee.
Don't waste any more time with outside applications. Get a package of HEM-ROID from Lee & Osgood Co. today. It has given safe and lasting relief to thousands and will do the same for you, or costs you nothing.

WESTERLY

TO ADVOCATE LOCAL SITE FOR VETERANS' HOSPITAL

(Special to The Bulletin)

WESTERLY, R. I., Feb. 20—Among Westerly men who will be heard at the open meeting and hearing being conducted Thursday in Washington, D. C., are State Senator Howard E. Thorp, Samuel H. Davis, Westerly member of the R. I. republican state central committee, and Walter F. Thorp, past R. I state commander of the American Legion. These speakers will present to the Washington authorities the numerous advantages of a Westerly site for the new regional hospital to be built by the U. S. Veterans' Bureau. These speakers have been diligent in securing much data for presentation to show the advantages in public utilities, desirability of site and the fact that Westerly is the geographical center for the population to be served by the proposed new hospital.

Chimney Fire

The Westerly fire department with Chief George E. Egger and Engineers Bonner and McKenzie responded to an alarm at 7:48 Wednesday morning for a chimney fire at the home of Charles S. Noyes, 42 Margin street. A telephone call was sent to Chief Egger who directed telephone central to ring in the alarm for Box No. 43, Main and Beach streets. Three pieces of apparatus responded but the services of the firemen were unnecessary for the chimney on this house, which has been on fire before. Chief Egger directed the sounding of the recall at 8:15 a. m. While the fire trucks were speeding down Main street toward the fire, a dog of John Ingham ran out from his home and slipping on the ice went under the truck, was run over and killed.

WON HARTFORD TROPHY FOR PRIZE BOSTON TERRIER

A large silver loving cup, donated by the Connecticut Humane society, was brought back to Westerly Tuesday by Mr. and Mrs. Oliver W. Stoddard of the Mary Oliver kennels. The trophy was captured at the annual Hartford dog show Feb. 18 and 19th under the auspices of the First Company of Governor's Foot Guards Athletic association, held at Foot Guard armory. The award was made for the best uncropt Boston terrier exhibit and was so engraved.

BATTERY E'S ANNUAL DRILL IS TO BE HELD FEB. 28

Battery E, 243rd C. A. C., will hold its annual competitive drill on the evening of Feb. 28 at the Westerly armory. Three prizes will be awarded enlisted men and one group prize for the best drilling squad. The Westerly town council prize will again take the place of the Cross prize offered some years ago. The Westerly Lions' club will also offer prizes. Judges will be officers of the regiment. The drill will be open to the public.

PURITANS NOT SO BLUE AS PAINTED, SAYS PROFESSOR

"The Not-Quite Puritans" was the subject of a lecture by Prof. Henry W Lawrence, of Connecticut college, delivered Tuesday night before the Westerly Women's College club. The affair was held in the Westerly public library and was largely attended. Dr. Lawrence read excerpts from his recent book on Puritan life and cause to little amusement by his disclosures of earlier New England life. According to Dr. Lawrence, it was not as dry and gloomy as is generally believed; in fact many records point to the contrary.

ALL PETIT JURORS QUALIFY FOR SUPERIOR COURT SERVICE

The attorney general's docket was taken up at 10:30 Wednesday morning at Kingston courthouse by Associate Justice Herbert L. Carpenter, in the superior court for Washington county. All of the thirty-six petit jurors under summons qualified for duty. William F Donovan, store manager of Westerly, informed Judge Carpenter that he now resided in the town of Hopkinton but claimed a Westerly residence. As he was a bona fide resident of the town of Westerly when summoned, Judge Carpenter allowed him to remain on the jury. At the calling of the Kingston calendar by Clerk W. Herbert Caswell Judge Carpenter said that although there were few attorneys present in court, cases could be marked passed as he observed that all cases seemed to be assigned for Westerly for trial.

Marked ready for trial today (Thursday) at Kingston were:

Action at law, Roger W. Rodman vs. Clara Searle, alias and the companion case, Janice Rodman pro ami vs. Clara Searle, alias.

Miscellaneous petition and proceeding, Angelo F. Joy vs. John R. Champlin, et al, in which although marked for Thursday, Judge Watts for the respondent informed the court that he would be holding regular court session in Wakefield of the Second District court Thursday.

When it developed that there would be no criminal or civil cases ready for trial Wednesday at Kingston, at 11:30 Judge Carpenter excused the jurymen to report today (Thursday) at Kingston at 10:30 a. m.

Assistant Attorney General Louis V. Jackvony then disposed of criminal cases ready for pleadings.

Deserter Taken Back

Everett Simoneau, alias, alleged to have been carrying concealed weapons, and a deserter from the United States army, received a deferred sentence and payment of costs. He was then turned over to Sheriff Mitchell and taken to Fort Adams to be returned to the army.

In a secret indictment, State vs. Sam Berman, alias John Doe, of Newport, Berman was charged with alleged embezzlement of $700 from Edward E Champlin of South Kingstown. It was also alleged that he was given money to purchase cattle, and he converted it to his own use without the consent of Mr. Champlin. He pleaded not guilty, and bail was fixed at $2,000. Berman was also charged with alleged conspiracy to obtain $17,000 from Edward E. Champlin. Bail was set at $3,000.

State, Frank T. Mitchell vs. William Gregson, alias, for possessing intoxicating liquors, defendant pleaded nolo and was fined $50 and costs.

State, Frank T. Mitchell vs. Thomas Bloomer for possession of intoxicating liquor, defendant entered a plea of nolo and was fined $50 and costs.

Kenneth Cook and Andrew DiOrio charged with breaking and entering in the night time and larceny, both entered pleas of guilty. Cook was sentenced to two years in state's prison and DiOrio was given a deferred sentence on account of the illness of his mother. The two defendants were also charged with breaking and entering and larceny, and were given deferred sentences on each charge. Bail was fixed at $3,000 in each case. The equity case of Patsy Watz vs. Mario Uzzi, asking that property on High street be declared his, was being tried Wednesday afternoon.

Divorces Granted

Helen P. W. Roehl was granted a divorce from Edward J. Roehl Tuesday on grounds of neglect to provide. She was allowed to resume her maiden name.

Vivian S. Mason was granted the custody of two minor children when her petition for divorce from Carl L. Mason was granted on grounds of neglect to provide.

Edward Merritt was granted a divorce from Mary Merritt on grounds of desertion.

Anna King Stannard was granted the custody of a minor child and allowed $5 a week for his support when her petition for divorce from Norris A. Stannard was granted on grounds of neglect to provide.

Dominick Patriarca was granted a divorce from Josephine Guarino Patriarca on grounds of gross misbehavior.

Charles L. Fontana returned Wednesday from a short visit with Providence friends.

Oscar W. Gates of Wood River Junction was in Westerly Wednesday.

Mrs. Edward B. Coy was a New London visitor Wednesday afternoon.

Refreshments were served

Lloyd Brown has returned to his home on Prospect Hill after spending a few days in New York.

All the world's a stage and most of the people thereon would rather play than work.

COVENTRY

A minstrel show given by members of Earl W. Green post, American Legion in the Chapel hall Friday night was very much appreciated by the large audience that filled the room

The annual meeting of the Cemetery Association of Coventry was held at the home of the secretary Walter S. Haven. Most of the officers were reelected and are: President, William B Hawkins and Byron W. Hall. The association now holds a number of trust funds for the perpetual care of lots. The opportunity to have lots cared for in the future is steadily being taken advantage of by lot owners. The money is deposited in a savings bank and for added safety the treasurer is bonded. Now that the new state road is finished numerous improvements are planned as soon as the weather permits.

While Mrs. Effie Harkins was trying to thaw out a frozen sink pipe in some way fire got started between the wall and siding filling the house with smoke. Telephone calls from Mrs. A. E Stuart soon brought neighbors that put the fire out before much damage was done.

MISTPXET LODGE HOLDS ITS ANNUAL ROLL CALL

The annual roll call and supper of Mistuxet lodge, Knights of Pythias, No. 42, was held in K. of P. hall, Tuesday evening, with about 60 in attendance. Guests were present from Woodbridge lodge, No. 20, Salem; Trumbull lodge, No. 48, New London; Bowen lodge, No. 9, Westerly; Unfaunted lodge, No. 34, Jewett City, and Wauregan lodge, No. 6, of Norwich. The guests of the evening were Edwin E. Aspenwall, grand keeper of records and seals of the state of Connecticut; Robert J. Livingstone, of New London; District Deputy Daniel Haskins, of Hartford lodge. At 7 p. m., a roast beef supper was served by the committee, Z. R. Snyder, C. J. Claudennen, Frederick Bethel, L. I. Sklarew and Moses Craig. The members were entertained by John White, of Westerly, who gave a monolog; Wallace Beersford, saxophone solos; readings by Ande Archangel, and the orchestra, composed of Leslie Burdick, pianist; Wallace Beersford, saxophone; Leonard Rollinson, banjo and Eli Schoonmaker, banjo. The meeting was called to order by the chancellor commander, who called upon L. B. Vatet. He in turn gave an address of welcome and paid a fine tribute to Mistuxet lodge. The keeper of records and seals called the roll. While all were standing with bowed heads, the roll of deceased members was called. Fred Bethel, past chancellor commander, gave a short talk, then introduced Grand Keeper of Records and Seals Aspenwall, whose address was on Pythianism. A feature of the evening was the reading of the minutes of the first meeting, held when the lodge opened. The long degree, of the three degrees, was conferred on sixteen members by the grand officers of the state of Connecticut. There are at present six of these members living.

Recalls Tragic Deaths

A recent issue of the Watchman Examiner had the notice: "Rev. Arthur Leonard Wadsworth field representative for years, of the Watchman-Examiner, and widely known to Baptists of the northern and western states, is passing through deep sorrow. On December 22, late in the afternoon, a policeman found Mr. Wadsworth's only son, Arthur L. Wadsworth, Jr., age thirty-four, his wife and three little girls, dead at their home, 2821 South Smedley street, Philadelphia, from the fumes of illuminating gas which had filtered into the house from a defective pipe in the street. The only survivor is Arthur, 3rd., nine years old. He was unconscious when found. They were taken at once to the Naval hospital. Mr. Wadsworth will be buried in the National cemetery. He joined the U. S. marine corps at San Francisco in 1915. He had been, for years, quartermaster sergeant and had seen service in the Hawaiian Islands, Santo Domingo, Virgin Islands (St. Thomas and St. Croix) and Nicaragua. He had recently been transferred from Quantico, Virginia, to the Philadelphia navy yard." Rev. Mr. Wadsworth came to the Union Baptist church once while Rev. J. G. Osborne was pastor, and the many who met him then admired him greatly and feel great sympathy for him in this time of sorrow.

Elwood Lathrop returned Monday from a visit to his parents, Mr. and Mrs. Elisha Packer, of Yantic.

William Stott is moving from Willow street to a tenement on Pearl street.

INDUSTRIAL DEVELOPMENTS SENT PRICES HIGHER IN THE STOCK MARKET

NEW YORK Feb. 20—(AP)—Although the day's transactions fell below 3,000,000 shares for the first full session this year, prices surged higher on the stock market today, under the impetus of a number of favorable industrial developments. About a score of issues rose 5 to 15 points, with steel, merchandising, automotive and aeronautical issues making conspicuous progress.

Call money renewed at 6 1-2 per cent., in contrast to 7 yesterday, but got no lower than 6. Bankers see little prospect of appreciable improvement in credit rates for several weeks, as seasonal expansion of commercial requirements is due in March. The federal reserve board, in keeping with its policy of reducing credit available for the stock market, announced that it would approve, increases in the bankers' acceptance buying rates at all reserve banks, to conform with the recent increases at New York. This would tend to withdraw funds from New York.

Wall street looks for another substantial drop in federal reserve brokers' loans when the weekly announcement is made tomorrow afternoon, but the opinion prevails that the reserve board will be satisfied with no less than a reduction of about $500,000,000. The reduction last week was but $101,000,000 and it is expected that three or four weeks, at least, will be required to bring about the desired reduction.

The day's news included a 100 per cent. stock dividend by Wright Aero; the filing of the Van Sweringen's eastern railway consolidation plan, which conformed with the Baltimore and Ohio plan, filed yesterday; announcement of further improvement in freight car loadings in the week ended Feb. 9, and more favorable weekly steel trade reviews. Iron Age said steel production this month would probably equal, if not exceed that of January. American metal market pointed out that production is at 90 per cent. of capacity, and that the 10 per cent. of idle capacity is largely in Bessemer plants and in plants remote from the area of heaviest pressure for deliveries.

The New York stock exchange reported that total member loans on Feb. 1. amounted to 9.48 per cent. of the market value of all listed stocks, compared with 9.54 on Jan. 1. The total value of listed stocks increased $3,588,344,112 to $74,060,397,412 but this was due to increased listings, as the average market value of shares decreased $1.13 to $87.96. Governors of the exchange voted to close on Saturday, after Washington's birthday.

Wright Aero mounted 15 points to 280 in contrast to its high record of 299. Express shares also surged ahead, Adams and American selling up about 10 points each. International Silver sold close to its high, mounting more than 14 points. Crosley Radio, a newcomer to this board, jumped 15 points to a new high at 109.

Bethlehem Steel advanced more than 4 points to a new high at 95 3-8, and U. S. Steel touched 177 in a like gain. Packard Motors mounted 10 points on announcement of its production program for its new Deisel air cooled airplane motor. Nash, Chrysler and Studebaker also were in demand.

Abraham and Straus led the merchandising group with a 12 1-2 point jump, while Grand Stores, Interstate Departmen. Stores, and Filenes made substantial advances. General Refractories, General Cigars, Commercial Solvents, International Match Preferred, Lambert, Union Tank Car, Motor Products and Western Union were well bought.

Among soft spots were Atlantic Coast Line, Chicago and Eastern Illinois Preferred, and Mathieson Alkali, which lost 3 to 4 points.

Commodity Markets were generally firm, wheat reaching new highs for the movement on bullish crop and weather news. Corn improved, but cotton was practically unchanged.

In the foreign exchanges, sterling was steady, while the Canadian dollar reduced its discount from more that 1-2 of a cent to about 1-3

DAY OF CONTROVERSY IN GENERAL ASSEMBLY

(Continued From Page One)

farm houses was destroyed by fire because representatives of the state had changed a water course on the other side of the road and he was unable to get water to subdue the flames. Although Mr. Main started life as a poor boy, he now owns fourteen farms in the southeastern part of the state, and he says he has a number of enemies. He entertained the committee with a history of his early struggles and declared he never drank liquor used tobacco nor had he been to a show. Mr. Main is not a stranger at legislative hearings and has had many differences with game wardens which impel his opposition to some of the fish and game laws.

Mr. Main caused much amusement by his rapid fire descriptions. He had on display enough brush to create a miniature forest, to show how destructive deer were if generously helping themselves to his crops.

HOUSE

The house was called to order at 11:15 by Speaker Eddy. Prayer was by the chaplain.

The nominations of Allyn L. Brown, Newell Jennings and L. P. W Marvin as made by the governor were referred to the judiciary committee. A favorable report was made on the resolution appointing Carlos H. Storrs, judge of the city court of Ansonia.

Unfavorable reports were received from the judiciary on H. B. 580, an act providing that any town having less than 500 registered voters may by vote of the town abolish the meeting for the admission of electors on the fourth Saturday before the November election H. B. 407, an act concerning compensation of attorneys; H. B. 604, an act concerning the voting of stock; H. B. 785, an act concerning the transportation of school children; H. B. 810, an act concerning the registration of voters; (It would provide an annual meeting for registration, from which the registrars would compile their lists). H. B. 828, that would compel meetings for the admission of electors in towns of less than 1,000 to close at 5 o'clock; H. B. 848, an act concerning the salaries of interpreters of the city court of Bridgeport; H. B. 808, an act concerning the recording conditional bills of sale.

The fish and game committee reported unfavorable on H. B. 550, an act defining the domestic duck as not a game bird; H. B. 544, an act concerning traps; H. B. 367, an act that provided that the state board of fisheries and game need not report to the governor a list of receipts and expenditures.

The education committee reported against H. B. 347 that would provide for rural road drainage, repair and improvements.

From the finance committee made unfavorable reports on H. B. 356, an act that provided for exemption from personal taxes of widows and police officers of five years service; H. B. 49, also an act that provides that widows and married women are regular members of any police department shall be exempt from personal tax; H. B. 524, an act that would compel tax collectors to file the returns of tax collections with the town clerk; H. B. 553, also H. B. 525 that required collectors to furnish certificates of payment of taxes.

Favorable Reports

The judiciary reported favorably H. B. 230, that provides for the establishment of a town court in East Haven with police and civil jurisdiction.

The finance committee reported a bill that will extend the time to March 1 in which the board of assessors of the town of Voluntown may complete the grand list and extends to March 10 the time for the board of relief to complete their work.

The fish and game committee reported H. B. 370 and 372, acts that concern the removal or appointment of the superintendent of fisheries and game, fix his salary subject to approval of board of finance and concerning appointment of members of state board of fisheries and game.

The judiciary also reported favorably on H. B. 320 that provides for biennial election elections in the town of Hebron.

Calendar

From the calendar were passed H. B. 269, an act amending the charter of the borough of Jewett City concerning salaries; H. B. 571, an act that incorporates the Pendleton Hill Cemetery association.

At 11:35 the house adjourned till 11:15 Thursday.

SENATE

Bills rejected on unfavorable report of the judiciary committee:

Senate bill No. 454, by Senator Conroy, providing that the owner shall be responsible for the negligence of his employe or agent in any suit for damages.

Senate bill No. 451, by Senator Hall of New Haven, providing that municipalities shall be liable in damages for the negligent operation of motor vehicles by its employes, while acting in municipal business.

The following nominations by Governor Trumbull were tabled for the calendar:

Thomas J. Molloy, judge of the court of common pleas of Hartford county for four years, from March 5, 1929.

Arthur E. Howard, Jr., of West Hartford, associate judge of court of common pleas for Hartford county, for four years from April 23, 1929.

The following executive appointments were tabled for the calendar:

Sanford H. Wadhams of Torrington, member of state water commission to fill vacancy in term ending June 1, 1931.

Elbert B. Hamlin of Litchfield, judge of court of common pleas for Litchfield county for four years beginning September 22, 1929.

The senate concurred with the house by passing house bill No. 36, which permits towers and spires to a height of more than ninety feet with the approval of the comptroller.

On unfavorable report of the judiciary committee the following bills were rejected:

Senate bill No. 219, Senator Wilcox, permitting the mayor, selectman or warden to authorize opening of bowling alleys and pool rooms after 2 p. m. Sundays.

Senate bill No. 217, Senator Lavery, providing penalty for removal or concealment of personal property sold on conditional bill sale and making the act apply to motor vehicles thus sold.

Senate bill No. 226, Senator Conway, provided that in all civil actions to waive damages for injuries, the person killed or injured shall be presumed to have exercised due care and contributory negligence on his part shall be an affirmative defense to be set up in the answer and proved by the defendant.

Senate bill No. 229, Senator Bergin creating and operating a state auto insurance fund.

The senate adjourned at 10 o'clock until 11:15 tomorrow.

WESTMINSTER

BLUEBIRDS AND PHOEBES ARE HARBINGERS OF SPRING

Reports of having seen bluebirds came from two sections of the town February 17 and as The Bulletin correspondent writes, a phoebe bird, commonly called pee wee, has arrived and is making merry around the shed where these birds build their nest each year. Both these are summer birds which usually arrive early in the spring.

Sunday morning at the Congregational church the birthdays of Washington and Lincoln were observed. The altar was decorated with the national colors, also evergreens and flowers, arranged by Fred Oates. There was special music by the choir with Mrs. Charles Phillips organist and Henry Woodmansee cornetist. The congregation joined in singing several patriotic songs. A very interesting talk by the pastor, Rev. Harry E. Small, on epochs in the life of both patriots was greatly appreciated.

Dinner guests at Elm Arch farm on Sunday were Sonny Hines of Brooklyn, N. Y., Mrs. M. J. Johnson, Miss Bonita Dusenberre and John Burke of New York and Mrs. Martha Warren of Hartford.

Harry Helstrom who attends trade school in Willimantic has been at home ill with grip the past week.

Mr. and Mrs. Gaston Carlson of Noose Neck hill were recent guests at Restawhile.

Charles Deming was a week end guest at the Colburn farm.

NORTH STERLING

John Winther of Brooklyn, N. Y., was at his home here recently.

Mr. Matteson from Plainfield was here the past week, calling on friends and customers.

Quite a saving in the sugar supply can be made by tapping the maple trees for sap.

William Nicol is moving with his family from Central Village to his farm here.

W. R. Spooner and Fred Handson were in Danielson Saturday.

Lee Austin spent the week end in Millbury, Mass.

Rev. Ernest C. Drake and family

ROAD SOCIETY

Elias Miner of Westerly was a caller among friends here Saturday.

Mrs. William Billings visited her aunt Mrs. William Austen of Westerly Saturday.

Mr. and Mrs. Clifford Stewart and Mrs. Edmund Burdick motored to Stafford Springs Friday.

Mrs. Emmeline Allyn and the Misses Rathbun were in New London Sunday and called on Miss Mary Cavenaugh, a patient in Lawrence hospital.

Mr. and Mrs. Fred Tourjee of Noank were at the home of their son-in-law and daughter, Mr. and Mrs. C. Wheeler Jr., on Sunday.

Mr. and Mrs. Eugene Wood of Westerly recently visited at Daniel Cronin's.

Billings Wheeler and Misses Lenis and Doris Wheeler were at Robert Mechett's of Noank, on Thursday.

Miss Mary Sharswood is making many repairs at her farm house.

Word has been received by Henry Dewey from his brother Paul in Dayton, Ohio, that the latter's infant son has been named Paul Denison Dewey, Jr.

Mr. and Mrs. Edward Fowler of Westfield, Mass., were week end guests of Mrs. Emmeline Allyn, at Quiambaug.

Word of the death of Frank L. Grant of Willimantic was received here with sadness and surprise as his illness was very short.

LOCAL PEOPLE MAKING POULTRY RAISING PAY

Martin Willyer last spring purchased a thousand baby Leghorn chicks from Fred Kanaban of Lisbon. Now he wholesales his eggs in Providence, a truck picking them up at Pachaug. Mr. Willyer restocks his houses with a thousand chicks soon.

Mr. and Mrs. Henry Johnson likewise are engaged in the poultry business. Their houses, for the most part, are stocked with Rhode Island Reds. The first of March they are restocking their houses with 800 more chicks. Mr Johnson retails eggs in Westerly.

Mrs. Etta Miner is now employed in West Mystic.

George Palmer and son, Marvin, have filled their ice house with fine, clear ten-inch ice.

Mrs. George Palmer, Mrs. Henry Johnson and Mrs. Willis Almy were shopping in Westerly Tuesday.

Mrs. Anne Cook is at home for a brief stay after a visit of three weeks with her son and daughter-in-law, Mr. and Mrs. Russell Cook, of Jewett City.

Miss Marjorie Brewster, County Farm bureau treasurer, called on a number of families in the interest of membership Tuesday.

Miss Amelia Palmer of Willimantic Normal school and friend, Miss Frances Egan, a teacher at Storrs, spent Sunday with Mr. and Mrs. P. G. Palmer, who also entertained Mr. and Mrs. Llewellyn Palmer now of this place.

Oswald Koestinen, who slipped from his roof while fighting a chimney fire some time since, is still unable to get about. Mr. Koestinen now has his foot and ankle in a plaster cast.

The community was saddened to learn of the death of Mrs. Josephine Royle. A brave woman has gone to her reward. Her daughter's death from influenza in 1918 left her in charge of four grandsons. Her duty at all times to them she has tried faithfully to discharge. She will be greatly missed by her family and friends.

Due to much illness and bad roads there has been but one service at the church since the New Year.

Grip patients were for a time numerous and very ill, but with one or two exceptions, all have now recovered.

Marion Palmer is the owner of a pair of beautiful Hartz Mountain canaries.

Miss Juliet Palmer Boardman maintains highest standing on the honor roll of Mertclair High school.

Birdsey G. Palmer makes daily trips to Hartford when the legislature is in session.

Designed Important Buildings

The following is a partial list of buildings designed by the famous architect the late Edward Palmer York, as reported in all New York papers: New York Historical society building, Guaranty Trust Co., U. S. Assay office, Rockefeller institute, Manhattan Eye, Ear and Throat hospital, Ruptured and Crippled hospital, Babies' hospital, Orthopedic hospital, Fifth Avenue hospital, Roosevelt hospital Riggs National Bank of Washington, Brooklyn Trust Co., Rochester Trust building, Lincoln National Bank of Rochester, Hospital Trust Co., Providence. A group of buildings at University of Michigan, at Vassar, Smith, Rutgers, Cornell and Middlebury. Post office, customs and federal court house at Honolulu.

At the time of his death Mr. York had won by competition the new Department of Commerce building in Washington, which design had been approved by Mr. Hoover.

Somebody's monkey was running around loose at Los Angeles and a policeman was delegated to catch it. He tried various traps and lures, but the monkey would not remain within arms' reach long enough to be captured. Then thinking of the old saying "monkey see monkey do," he made a noose, thrust his head through the noose several times and then extended the trap gently toward the animal. The monkey put his head right through the noose and lost his liberty.

It is a deplorable fact that idle curiosity keeps a lot of people busy.

Need a woman's hands say—"I have no maid"?

305 leading beauty shops answer.

"With all our experience, we are unable to distinguish between the hands of a woman who never washes dishes and those of a housewife who *uses Lux in the dishpan.*"

JUST IMAGINE—here is beauty care right in your dishpan — the wisest, most inexpensive beauty care known!

Every time you wash dishes in Lux your hands receive the soothing, gentle care that keeps them white and soft—and it costs almost nothing! Lux for all your dishes costs *less than 1¢ a day!*

Compare this with the expensive care many women of leisure give their hands. Have hands just as lovely—at almost no cost!

The secret is this: the gentle Lux suds *protect* the delicate oils of the skin, while ordinary soaps dry these beauty oils. That is why Lux gives your hands beauty care—right in the dishpan!

And remember—Lux for dishes means *lovely hands for less than 1¢ a day.*

POETRY

Six Months from Now

Six months from now we'll say
"How hot it is!"
And seek some shady nook for comfort's sake,
And maybe we will don our bathing-suits
And dip beneath the waters of the lake.

Six months from now among the leafy trees
The happy birds will sing their gladsome song,
And flit from branch to branch, so free from care,
While we shall be perspiring all day long.

Six months from now o'er all our country roads
The pleasure cars from every state will dash,
While roadside stands will flourish once again,
And gather in the summer tourist's cash.

Six months from now on our front lawns so green,
Where white today the cold snow mantle lies,
In our coach hammock in the maple's shade
We'll lie and rest, and swat the busy flies

Six months from now the stuff the poets sent out
Will still be coming back, "declined with thanks:"
Six months—ah! yes, 'tis then those notes come due,
For money just now borrowed from the banks.

Six months from now! Oh, what a wondrous change
Six months to any human like can bring;
The things that now cause grief and bitter tears,
In six months' time perhaps will lose their sting.
—"May O'Naise," in Lewiston Journal.

Bargain

With his unspent youth
Like a penny in his hand,
See him stand!
There's a look on his face
Like a child that comes
To the market place
After tops and drums

With his youth—his youth
As a thing he can spend—
See him run!
And what will he have for
His bargain at the end
When it's done?

I have asked old men
With their empty purses,
I have heard the tale
Each one rehearses,
And on the last page
They have all bought age
They have all bought age.

When youth is spent
A penny at a fair,
The old men tell
Of the bargains there,
There was this and that
For a price and a wage,
But when they came away
They had all bought age.
—Louise Driscoll.

HUMOR OF THE DAY

From report in exchange—She was roused suddenly from her sleep by loud cries of "Fore!"

Those golf-mad husbands!—Boston Transcript.

"Did you know what love was before you met me?" she asked.

"Yes, but I didn't know what work was"—Montreal Star.

Customer (for the fifth time)—Now just put it on once more, please.

Assistant—But really, madam—

Customer—It's quite all right. I want to see if it wears well.—Exchange.

"I do hate to play cards with a bad bad loser, don't you?"

"Oh, I don't know. I'd rather play with a bad loser than any kind of a winner."—Detroit News.

Salesman (at shirt counter)—Looking for something in a shirt, madam?

Irate Woman. Yes, indeed! About 65 pounds, and he's kept me waiting here nearly an hour.—Country Gentleman.

First Girl (scanning menu)—Let's have some oysters.

Second Girl—Oh, my dear, you shouldn't eat oysters the first half of the week. There's no "r" in Monday, Tuesday or Wednesday, you know."—Boston Transcript.

Handwriting Expert—This specimen indicates patience, indulgence, kindness—

Client—That's great news! It's the writing of the tailor I have selected to make my new suit.—Passing Show.

Visitor (in hospital)—Well, old fellow you sure have got a pretty nurse. What's her name?

Patient—Why, everybody around here calls her Miss Appendix.

Visitor—Miss Appendix? What a funny name.

Patient—Well, you see, the doctors are always taking her out.—The Pathfinder.

Asks Reduction in Grand List

George E. Pitcher and others have presented to the board of relief a blanket application asking for a reduction of at least $5000,000 in the grand list as compiled during the revaluation.

In his petition which is being presented on the basis that all property owners were not treated alike in the recent revaluation, Mr. Pitcher asks for a reduction of $2,000,000 or more on assessed buildings and a reduction of $3,000,000 or more on assessed land. Mr. Pitcher claims that according to findings of the supreme court of the state of Connecticut, front foot basis of assessment is illegal and the statutes say owners must pay tax on a true valuation and not on three-quarters of it.

Few people are able to appreciate a good thing until after they lose it.

THREE PLATOON POLICE SYSTEM AGAIN ADOPTED AT NEW LONDON

(Special to The Bulletin.)

NEW LONDON, Feb. 20—Announcement was made today that the present system of patroling the city of New London with two platoons will be changed by the police department beginning March 3. The three platoon system, which was discarded six years ago, will again be used.

Under the present system many outying districts are without protection a large portion of the day and in the early hours of the morning several sections in the heart of the business district are without protection from the department. Under the new system 12 of the 18 beats in the city will be patrolled 24 hours of the day.

The new plan also calls for the formation of a motor squad and the purchase of a new patrol wagon. The motor squad will be composed of patrolmen Clarence Martin, Augustus Ray, Elwood Bailey, Dennis Murphy, George Cockell, and Cornelius Moriarty. The squad will be called upon to operate motorcycles as well as the patrol wagons. Two members will be assigned to each of the three platoons and it will be their duty to cover those beats not patrolled by foot. There will be no change in the personnel of the force, however City Manager Holt and the city council state that in all probability it will be necessary to create a new sergeantcy, owing to the fact that much extra work will be entailed. Also Supernumerary Louis Tooker is to be recalled for active duty.

Forfeited Bond

Frank Tausta of 272 West Ivy street, New Haven, late yesterday afternoon was arrested when he drove his car past the automatic electric signal, corner of Bank and Truman streets. He was released on a bond of ten dollars for appearance in court this morning. He failed to show up and his bond was forfeited.

Early this morning a drunk was arrested corner of Green and Golden streets upon complaint of James F. O'Leary. The man was so intoxicated that even this morning he could not tell who he was. Accordingly he was held over for appearance in court tomorrow morning.

COAST GUARDSMEN PAY FOR SMASHING IN DOOR

(Special to The Bulletin)

NEW LONDON, Feb. 20—Early this morning the police department received a call from Staley Roberts, Negro, of 587 Main street stating that three Negro sailors had broken into his home. Patrolmen McCaskey, Ray and Skoczylas were assigned the job of locating the offenders and after a short search were successful. Upon being brought to the police station it was learned that they were Samuel Johnson, Rufus Nichols and William Demorest of the local coast guard. They were tried in the police court this morning and each was fined $10 and costs. In the hearing Roberts and his wife stated that they distinctly heard the three tars outside their door and one of them said "Let's go in and kill them." They then smashed the door and entered. While the Roberts stated that they did not know any of the sailors, Nichols stated that he was very well acquainted with the couple. Patrolman McCaskey testified that when he arrived at the house the door was ripped from its hinges and the panels were broken. The three Negroes claimed that when they first got there the door was in that condition.

RIVALRY AT WATERFORD FOR OFFICE OF TOWN JUDGE

(Special to The Bulletin)

NEW LONDON, Feb. 20—The town of Waterford is experiencing excitement over the rivalry existing between Prosecuting Attorney J. James Floyd of the Cohanzie section and Frederick L. Schofield of the Quaker Hill neighborhood for the post of town judge. Tonight a special meeting was called in Jordan for the purpose of discussing the situation. It is understood that those sponsoring the meeting are loyal to Floyd. Leaders of the rival faction today were having warm arguments on the subject.

JAMES G. HAMMOND READY TO RETURN TO THE STAGE

(Special to The Bulletin)

NEW LONDON, Feb. 20—James G. Hammond has notified acquaintances here that he is to return to his first love, the stage, quitting the office of assistant secretary of the International Rotary to do so. Mr. Hammond was secretary of the New London chamber of commerce for a considerable period a post for which he was admirably adapted. He left here and went to Chicago. He began his career on the stage in the ten-twenty-and-thirty troupes and with his wife, Clara Turner, was in that calling for years. He has all the qualities of a successful actor. In what company or play he is to appear is not known, but he says he is to strut the boards again.

Snow trampled down on the sidewalks made walking dangerous this evening though sand was strewn on the ice by city employes during the day.

GROTON FERRY-BOAT HEARING SET FOR MONDAY EVENING

(Special to The Bulletin)

NEW LONDON, Feb. 20—A committee of the city council is to give a hearing Monday evening on a request from the lessees of Groton ferry-boat for a change in the running schedule of the boat. The ferry has been a losing proposition for New London and for Groton, which pay 75 and 25 per cent respectively of the loss occasioned by the running of the boat. There is opposition to the proposed change, for patrons of the boat claim they will not get the service to which they are entitled.

ANNOUNCEMENTS

Broadway Theatre

There was a time when a firm of picture producers would select a big star for a particular film it meant to exploit and fill in the cast with people of little reputation. The worth and drawing power of the star would have to cover up a lot of weaknesses. One might have forgiven this principle in casting "The Jazz Singer," which stars Al Jolson.

It was known that the sum to be paid the celebrated black-face comedian was big enough "to choke a barn," and that in every way the film was going to be a tremendously expensive one in the making. But the Warners felt that they had one opportunity to score a supreme triumph and they would go through with it in the best possible way.

They did not want any one to be able to point out a blemish in the picture once it was finished. So they gathered a star cast for the support of Jolson and thus showed good judgment and good showmanship. "The Jazz Singer" will come to the Broadway theatre today for a run of three days.

Jolson's leading woman will be found in the dainty and petite May McAvoy. Warner Oland will be found playing the jazz singer's father, and that fine actress, Eugenie Besserer, will be seen in the role of the mother. Otto Lederer, Nat Carr, Richard Tucker and Bobbie Gordon are some of the other well known screen favorites who have prominent roles in the film. Alan Crosland directed.

The story is that of the son of a cantor who runs away from home, finds fame in the world of the stage and returns too late. The heart appeal is universal and the tenderness and mirth is carried on a stirring current of drama to a climax of tremendous power.

In this production Jolson will sing his celebrated "Mammy" numbers as he alone can sing them and you are assured of a splendid evening's entertainment.

Breed Theatre

Those who seek romance in their picture should hasten arrangements to see the final showing tonight of "Cameo Kirby," the Fox Films reissue production at the Breed theatre. With John Gilbert in the title role, Gertrude Olmstead as the belle of New Orleans with whom he falls in love, the picture has in addition a notable cast, supporting. Attractive scenes along the Mississippi combined with thrilling incidents in the colorful life of the gambler, combine to present a really intense drama.

Sky-writing is a novel feature of "Aflame in the Sky," F. B. O.'s thriller of the air, the added feature.

The leading male role is that of an ace of the air played by Jack Luden. With a major of the United States army air service, he experiments with smoke that will have a phosphorescent basis to enable sky-writing to be done in the heavens at night and be egible.

Director J. P. McGowan had a mighty fine story and a mighty fine cast and this, coupled with his years of success as a director all contributed to a most entertaining picture.

ANNOUNCEMENTS

Palace Theatre

What one may describe as a knock-out bill, with plenty of variety, opened at the Palace theatre yesterday. The feature act, Larry Reilly's Gambols, is a snappy, peppy revue with beautiful girls who display some excellent talent and Larry, himself, scored easily with his character Irish songs. Carney & Jean, the king and queen of Hokum, hand out plenty of laughs. Singer & Lightner certainly know their blues and how these two girls sing them? Roberts & Sharronn, in We Can't Miss, and Al Libby & Co. in Just a Lot of Fun.

"Stool Pigeon," the Columbia production at the Palace theatre, is an intriguing drama of a youth who longs to go straight but because of environment and associates is forced to take the crooked path. The theme affords many tense situations and presents a phase of gang life that is new to the screen.

The human side of the crook is stressed—his home life, his regard for his mother and his love for his sweetheart. The great lengths to which gangsters will go in order to shield those they love from disgrace is presented by a dynamic cast against colorful and unusual backgrounds.

The entire production throbs with heart interest and passionate love sequences. It is a credit to Director Renaud Hoffman and to Columbia Pictures.

"Stool Pigeon" is refreshing in that it breaks away from the beaten path of underworld productions and blazes a trail of its own which is far more in keeping with actual conditions than is usual with screen dramas.

Olive Borden and Charles Delaney lead the cast which includes Lucy Beaumont, Louis Natheaux, Ernie Adams, Al Hill, Robert Wilber and Clarence Burton.

Frigidaire

New applications of refrigeration, perfected by Frigidaire engineers, make cold more conducive than ever before to human comfort and happiness, according to Carl W. Brown, local dealer, who has returned from a convention at Boston, where he saw an electric room cooler and a device for the regulation of freezing temperatures exhibited and explained.

"The room cooler, designed to banish summertime discomforts is something for which scientists and engineers have sought for years," he said. "In tests it has been found to lower the temperature of an average size room ten degrees in thirty minutes and to bing about a ten per cent. decrease in humidity.

"Just as important is the new cold control. With her Frigidaire equipped with this device, a housewife with no more trouble than turning a radio dial, may select any one of six different freezing speeds for the preparation of elaborate frozen deserts and other dainties in the freezing trays. In perfecting this device, engineers have kept in mind the hundreds of thousands of housewives who already own Frigidaires and have made the control so that it can be easily attached to previous models.

"Another development introduced at the meeting was a household model selling at the lowest price in the history of the company. This model, the result of long production study and analysis, is equipped with the cold control and embodies all the advantages of manufacture and efficiency which have contributed to Frigidaire's leadership.

"The convention attended by the local dealer was one of a series of ten which Frigidaire corporation is holding to reach 8,000 members of its field organization in the United States and Canada.

Showing "The Trailer" At Local Theatres

The motion picture, The Trailer, which shows the correct way of saluting the flag, was shown on Lincoln's birthday at the Palace theatre. It will also be presented on Washington's birthday at the Broadway; Saturday, Feb. 23, at the Breed; Sunday, Feb. 24, at the Strand and Tuesday, Feb. 26, at the Norwich State hospital. The picture is the property of Faith Trumbull chapter, D. A. R.

Conn. Mother Finds Best Plan

When Nature fails you, try and help yourself by the most natural method. That's the advice of leading authorities nowadays; and for over fifty years it has been the plan of the makers of California Fig Syrup. The quick, easy way this pure, wholesome product relieves children of those symptoms of stubborn bowels, such as headaches, biliousness, coated tongue, bad breath, no appetite or energy, etc., and makes them strong, energetic and rosy-cheeked again shows there's no use drugging a child with harsh purgative medicines. And Fig Syrup helps give tone and strength to weak, flabby stomach and bowels so they continue to act of their own accord and you don't have to keep dosing them. Its popularity is shown by its sales record of over four million bottles a year and by the praise thousands of mothers are fairly showering on it. A Connecticut mother, Mrs. Jos. T. McGarvey, 62 Sherbrook St., Hartford, enthusiastically declares: My big, fat boy, Edward, is now nearly four. He is strong and energetic and always romping. I give California Fig Syrup a lot of credit for his condition. I have used it with him since babyhood for every cold or upset spell. It always regulates him quick and starts him to eating right and improving in every way."

Your protection against inferior substitutes is the word "California," which always appears on the carton of genuine California Fig Syrup.

GREENEVILLE

OBITUARY.

Mrs. Raymond C. Boynton.

At two o'clock Wednesday afternoon the life of Edna May Boynton, beloved wife of Raymond C. Boynton, came to a close following an illness of about two weeks. She is survived by her husband, with whom she was united in marriage on July 7, 1925, and her parents Mr and Mrs. William R. Baldwin of Russell road, this city. She was a member of the Greeneville Congregational church, the Eastern Star and Granddaughters of Veterans. Her bereaved family and wide circle of friends, especially those closely associated with her in business, mourn the loss of a devoted daughter, wife and friend.

The Greeneville H club held its weekly meeting Monday evening on Twelfth street with a large attendance, regular business was transacted. President Wallace Atterbury presided.

BLAZE IN BOILER ROOM OF FELTING COMPANY

Fire broke out about 11 o'clock Wednesday night in the boiler room of the American Felting and Batting company located in the old car barn on North Main street and was extinguished by the fire department with no damage to the building. Smoke was seen issuing from the building by Officer John Quinn, while patrolling his beat, and he called police headquarters and a call was sent from there to the fire department.

The blaze was located in a mass of waste material piled up in the cellar near the furnace, and was probably caused from spontaneous combustion or from a spark from the furnace. The blazing material was removed from the building by the firemen. David M. and Charles M. Gordon, proprietors, who were notified of the fire, said there was no sign of fire when they left the building at 6 o'clock. Acting Chief Henry R. Taft, Acting Deputy Chief D. J. Brennan and Engines No. 1 and 2 responded.

Heals Eczema In 7 Days or Less

Or Your Money Back

Here is a surgeon's wonderful prescription now dispensed by pharmacists at trifling cost, that will do more towards helping you get rid of unsightly spots and skin diseases than anything you've ever used.

Not only does this great healing antiseptic oil promote rapid and healthy healing in open sores and wounds, but boils, abscesses and ulcers that are discharging are almost immediately relieved and cleanly healed.

In skin diseases its action is little less than magical. The itching of eczema is instantly stopped; the eruptions dry up and scale off in a very few days. The same is true of barbers' itch, salt rheum and other irritating and unsightly skin troubles.

You can obtain Moone's Emerald Oil in the original bottle at any modern drug store. It is safe to use, and failure in any of the ailments noted above is next to impossible. Any druggist can supply you at any time.

WHEN YOU WANT to put your business before the public there is no medium better than through the advertising columns of The Bulletin.

VOLUNTOWN MILL GRANTED TAX REFUND OF $54,277 BY U. S. COURT

The Briggs Manufacturing Co., of Voluntown has been granted judgment in its suit against the United States government to recover $54,277.07 paid to the internal revenue department as income or excess profit taxes for 1918 or to recover a reasonable deduction for the amortization of the cost of its acquired war facilities. The judgment was given by Judge Edwin S. Thomas of the United States district court. The Voluntown mill was recently shut down.

Although the government in its reply to the suit contended that the facilities in question were not acquired solely for the prosecution of the war against Germany, Judge Thomas found that a tentative amortization of $24,287.41 should be allowed the manufacturing company. From this sum, however, must be deducted all the items previously claimed by the government. When this deduction is made a judgment for the Briggs Co., is to be granted, the decision states. Attorneys Richard W. Hale, Daniel L. Brown and David Burstein presented the case for the manufacturing company; Henry A. Cox of Washington, D. C., and Assistant District Attorney George H. Cohen answered for the government.

Judge Thomas paints a word picture of the Briggs industry at Voluntown, seven miles from the nearest railroad at Jewett City, where in 1918 the Briggs company was making cotton yarn, cloth, tire fabric, tent duck, and substantial part of its product contributed to the prosecution of the war against Germany. During the war it acquired various items of machinery, building and other equipment upon which it claims the right to a deduction from its income for 1918 under Section 234 (a) (8) of the revenue act of 1918.

Twenty-one items are involved in its claim and Judge Thomas deals with them in his decision. He says the company was making principally cotton thread at the time war was declared and during the war manufactured cloth used for linings in uniforms, gas masks, duck for tents, wagon covers and radio equipment. The tent duck was manufactured directly on government contracts.

SAYS STATE NEEDS ALL ITS WATER SUPPLY

That the facts already established indicate that it is vitally important to the welfare and normal growth of this state that no fresh water now entering the state be diverted, it cannot be spared, is the opinion of Senator elect Frederic C. Walcott of Norfolk, expressed in his last letter to Governor Trumbull as a member of the state water commission. The letter expressing his opinions relative to Connecticut's fresh water diversion case, was written before the senator resigned to take up his duties in the United States senate, and will be incorporated in the printed biennial report of the water commission.

"It is axiomatic that the population of any given area can never grow beyond the available supply of fresh water," says the senator, "for animal and vegetable life cannot exist without unpolluted fresh water and industrial development is equally dependent on the water supply.

"A partial survey of the fresh water requirements of the centers of population of this state indicates that if the larger cities of the state continue to grow for the next two decades as they have for the last two, there will be a shortage of clean fresh water to meet these demands, unless continuous and rapid progrss is made toward cleaning the rivers and streams which are now polluted.

"The wealth of this state is largely derived from manufacturing, and while many of the manufacturing establishments contribute injurious industrial wastes to our streams, the percentage of untreated industrial wastes now entering our waterways probably does not exceed 15 per cent of the total pollution.

"We find an awakened public sentiment strongly favoring the correction of pollution," he continues, speaking for the commission, "of pollution both domestic and manufacturing, in the interests of population and industrial growth, sanitation and outdoor recreation.

"The day is not far distant when the public will realize that it is a much more serious offense to dump refuse into or otherwise contaminate a running stream or any body of fresh water, than to litter the ground with rubbish, and the same code should apply to our salt water beaches.

"It is gratifying that Connecticut has already set the example of cleaning house. A brief record of what the state has done in this respect during the last two years is set forth in the report of the commission.

"The question of financing the construction and maintenance of municipal disposal plants and the type of plant best adapted in each case to permit additions which will keep pace with the growth in population without scrapping the initial units requires careful study and expert advice.

"Finally, the foundation principle of this commission is this: That the success of the work depends on the support of public opinion, and that in order to ensure the continuation and further developme t of this support, no municipality or industry will be asked to correct its pollution until a reasonable and practical method has been found, but this having been done, the commission will have no hesitation in asking and if need be, in ordering that the remedy be applied."

TUSKEGEE JUBILEE SINGERS HERE THIS EVENING

The famous Tuskegee Institute jubilee singers representing Tuskegee Institute in Alabama will sing here this (Thursday) evening at the Central Baptist church. The program will include Negro spirituals, plantation melodies and Negro folk songs, "Go Down, Moses," "Swing Low Sweet Chariot," and "Deep River," will feature the program. The quartet is composed of Leroy Brown, first tenor; Alvin J. Neely, second tenor; Nathaniel McCray, baritone, and William Wiley, bass. Each singer is an artist in his own voice and when they sing together their voices blend in wonderful harmony.

Rev. David A. Pitt, D. D., pastor of the Central Baptist church, is having the Tuskegee quartet to appear as a feature in connection with his Lenten services. This will be the first public appearance of the Tuskegee quartet in Norwich for a number of years.

The Tuskegee singers represent Tuskegee Institute at Tuskegee, Alabama, which is solving the educational, industrial, social and religious problems of the colored people. During the 47 years of its existence Tuskegee has sent out more than 10,000 men and women who are at work daily in the south as teachers, industrial workers and leaders for the Negro masses.

GIRL WORKERS COUNCIL HELD REGULAR MEETING

Norwich council of Girl Workers held a regular business meeting Monday evening at the McKinley Avenue A. M. E. Zion. Mrs. Emory Davis, the president, was in the chair. The devotional exercises were in charge of the Taftville Congregational church. Miss Alice Dean of the Central Baptist church told the story entitled "The Home of Truth," taken from one of Margaret Eccleston's books.

Final plans were made for "Stunt Night," March 1, to be held at the Community house at 8 p. m. Ten churches are to participate as follows: Trinity M. E., Taftville Congregational, Central Baptist, A. M. E. Zion, Mt. Calvary Baptist, Grace Baptist, First Baptist Greeneville Congregational, Church of the Good Shepherd, Park Congregational, United Congregational and Trinity Episcopal.

The processional hymn will be "Fling Out the Banner." The response to the roll call of each church group will be song or cheer. The four points on which each stunt will be judged are presentation, time limit ten minutes, quality of contents and age limit, 12 to 20 years. Last year the cup was won by the A. M. E. Zion church and is now held by that group. Members of the executive council from the Park church group will be hostesses for the annual birthday party to be held March 11, at 6:30 p. m. A cordial invitation is extended to all members. At this meeting, final plans will be made for the Mothers and Daughters banquet to be held at the Community house and Central Baptist church on Friday, May 17.

Following the meeting the hostesses, Mrs. Robert Johnson, Mrs. Jarett, Miss Geer, Mrs. Epps, Mrs. Hall and Miss Dury from the A. M. E. Zion church, Grace Baptist and Mt. Calvary Baptist, served a very delicious supper.

A Tribute To Tony.

Recently the friends of Tony Whiteman were addened by the death of this canine, writes a Bulletin subscriber. Tony was a Boston bull and as prominent a citizen as a dog could be. He could be seen every day riding in a sedan under the left arm of his mistress. Tony believed that he could whip every dog in town and he demonstrated this belief whenever he saw a dog. He was always particularly happy when riding towards the Rhode Island shore, because of the prospect of getting an East Greenwich ice cream cone. Tony was devoted to pa and ma and understood almost everything they said to him; and we know that they have lost a true friend. The friendship of man is not dependable; but the friendship of a dog lasts forever.

LOSE RIGHT TO DRIVE MACHINES FOR YEAR

The state motor vehicle department Wednesday issued the weekly list of operators whose licenses to drive automobiles in Connecticut have been suspended for one year for driving while under the influence of liquor. The department statement advised people to notify the department or the police in case they should see any of these drivers operating motor vehicles:

Berlin, Joe Jones; Bethel, Andrew Guzy; Bridgeport, Alfons Renski; Bristol, Jack Deleo; Fairfield, Harry T. Hyatt; Hamden, Steven J. Collins; Hartford, Edward Lawndes John G. O'Connor, Thomas J. Reilly, Stanley Zinkiewicz; New Britain, Fred Neumann; New Haven, Ray F. Carney John Gabianelli; Plainville, Alonzo Clines; West Hartford, Patrick Shine; West Haven, Harry G. Goodyear; Jamestown, R. I., Joseph Martin; Woonsocket, R. I., Harold A. Small.

Machines Collided

Slight damage was done to a Hudson coach owned and operated by Charles Gomes, 28, of No. 102 Talman street, and a machine owned and operated by Clarence Sholes of No. 188 West Thames street, as the result of a collision Tuesday evening near the Richmond Radiator company on Thames street.

Had Improper Markers

Miss Helen V. Northrup of Norwich Town has been summoned to appear in city court this (Thursday) morning on a charge of operating a motor vehicle with improper markers. Her Ford coupe was noticed by Officer Clifford Crary, on Franklin street, equipped with commercial markers.

No woman ever starved from keeping her mouth closed.

1928 WAS HEALTHY YEAR IN THIS STATE

The provisional summary which is published every year reveals that 1928 was another very healthy year in Connecticut says the weekly health bulletin issued by the Connecticut state department of health. The general death rate was 11.1 per 1,000 of the estimated population. This is second only to the extraordinary year 1927 when a death rate of 10.6 was established, which is so far the lowest death rate ever recorded in the state vital statistics.

Some new records were created in 1928. For the first, the typhoid fever death rate of 0.6 per 100,000 of the population is the lowest in Connecticut history. While death rates are in general far more important than numbers of deaths, it is nevertheless astonishing to note that only 10 persons among 1,613,874 died of typhoid fever. What was at one time a major public health problem has practically disappeared.

The diphtheria death rate of 5.3 tied the previous low record made in 1926. This rate should be as low as the typhoid. The reduction of diarrhea and enteritis (under 2 years of age) to a rate of 6.6 per 100,000 is another record. In 1927 the rate of 11.5 was considered remarkably low, and now 1928 has practically cut this in half. This means to the state the tremendously important saving of infant lives.

In the main, the increases occur where expected. The diseases of childhood always fluctuate. The increase of whooping cough is rather large. There was some increase in influenza but not by any means as large as the increase in 1929 is likely to be. Quite naturally the pneumonias gave an increase following influenza. This is the most significant increase in the table. Certainly pneumonia is a major problem in public health.

The infant mortality rate of 59.2 deaths under one year of age per 1,000 living births is very low. It is not as yet as low as the 58.4 recorded in 1927, which is a record low, but it is possible that it will be as low when delayed birth reports are received.

MACHINE COLLIDED WITH TROLLEY ON FRANKLIN ST.

Two machines, a Hudson coach owned and operated by Benjamin Hochberg of Willimantic and a Chevrolet coupe owned by E. Woodmansee of No. 20 Dunham street, and a trolley car were slightly damaged about 8 o'clock Wednesday morning on Franklin street. The Chevrolet machine was parked and the trolley was discharging passengers in front of the Bulletin building, when the Willimantic machine, going south, collided with the car and machine.

Auto Cushion On Fire

At 1:36 o'clock Wednesday afternoon the fire department was called out for a fire in the cushion of an automobile near No. 474 North Main street. Engine No. 2, Acting Chief Henry R. Taft and Acting Deputy Chief D. J. Brennan responded and extinguished the blaze which was caused from sparks from a pipe which Victor Fontaine, Jr., of this city owner of the machine, was smoking.

FISH AND GAME MEN HOLD MONTHLY MEETING

An enthusiastic meeting of the Norwich Fish and Game association, one of a series of monthly gatherings, was held Wednesday evening at the workshop of Louis Ortmann, president of the association, on Orchard street. There were 75 present. A feature of the meeting was the showing of four reels of moving pictures relative to hunting and fishing and one reel of scenes taken at the Seaside sanatorium by Jean Keifer, who operated the machine. The pictures taken by Mr. Keifer were especially interesting.

Following the moving pictures there was a discussion of bills relative to hunting and fishing now before the legislature at Hartford and these were explained by Rep. Charles S. Brown of Yantic, who told the members what was being done with them. Refreshments of doughnuts, cheese, and coffee were served and cigars were passed around. The entertainment was in charge of President Ortmann and Past President Arthur E. Storey.

POST OFFICE HOURS WASHINGTON'S BIRTHDAY

Washington's birthday the local postoffice will be closed all day. No money order business will be transacted at any of the stations.

As this is a national holiday, no deliveries will be made by either city or rural carriers. A collection will be made at 3 p. m. from the same street letter boxes as those collected on Sundays. Box holders will receive their mail as usual.

Outgoing mails will close at the usual time, the last mail for New York and Boston will close at 5 p. m.

DWELLING HOUSE WAS DESTROYED BY FLAMES

Fire of undetermined origin totally destroyed the two-story frame dwelling owned by Lawrence Del Gardo and located on Fox Hill near the city line, about 9 o'clock Wednesday morning. The blaze was discovered by Simon Rossano, a neighbor, who notified the fire department. Acting Chief Henry R. Taft, Acting Deputy Chief D. J. Brennan, Squad A and Engine No. 1 responded. As there was no available water supply nothing could be done to save the building, which was only recently constructed and was unoccupied. The Rossano residence became ignited from sparks from the burning building, but was extinguished without damage.

Disturbed Sleep

Is Nature's Danger Signal

Anna F. Dearborn, Pittsfield, N. H., says: "I will tell or write my complete experience with Lithiated Buchu (Keller Formula). How I was afflicted with bladder weakness for 40 years disturbing me 6 to 10 times each night." It acts on bladder as epsom salts do on bowels. Drives out foreign deposits and lessens excessive acidity. This relieves the irritation that causes getting up nights. The tablets cost 2c each at all drug stores. TAFTVILLE

The regular business meeting of the members of St. Veronica's society was held Wednesday evening, in their rooms on Providence street. There was a large attendance and business was transacted at the meeting over which the president, Miss Mary Nolan, presided.

Members of the Ladies' Benevolent society, of the Taftville Congregational church, met Wednesday afternoon, in the parlors of the church. At the business session, the president, Mrs. Richard B. Snow, presided. Later the members packed a barrel of clothing to be sent to Frederick J. Werking, principal of Atlanta university, at Atlanta, Ga. Mr. Werking was formerly a local resident, at the time he was superintendent of the Wequonnoc school prior to the town school consolidation. Since leaving Taftville, he has been prominent in educational work in the south, especially among the colored people. For a time he had charge of one of the schools of the American Missionary association at Lexington, Ky. The Ladies' Benevolent society have continued to send him articles which help his work in the south. Refreshments were served at the close of the meeting.

Miss Stephania Gordon has returned to Hartford, after spending a short time at her home in the village.

Edward T. Fenley, of Providence, called on George W. Weller Wednesday.

OBITUARY

Mrs. Alphonse White

Mrs. Annie Hughes White, 74, widow of the late Alphonse White, died at her home on South A street Wednesday morning about 6 o'clock after a long illness. Mrs. White was one of the old residents of Taftville, and during her life in the village had made scores of friends who mourn her loss. She was a member of the Sacred Heart church. She is survived by five sons, Frank, Alphonse, Jr., Alfred and James, of Taftville, and William of Norwich and one daughter, Miss Louise White, who resided at home. There are several grandchildren. Her husband died ten years ago. Mrs. White was born in Monsup, Nov. 4, 1855, the daughter of Michael and Bridget Hughes, and for the past 40 years has lived in Taftville.

Troubled With Large Pimples on Neck and Back. Cuticura Healed.

"Two years ago I was troubled with many pimples on my neck and back. They were large, red and hard and when they began to scatter they festered and sometimes prevented me from sleeping on account of the irritation.

"I tried many remedies but they were all in vain. I saw Cuticura Soap and Ointment displayed in a drug store and sent for a free sample. After using it I purchased more and in a few months the irritation stopped and the pimples gradually disappeared. I was healed." (Signed) Miss E. Masarick, 27 Raymond St., Stamford, Conn. PRESIDENT-ELECT HOOVER PLACES FAITH IN TILSON

Mr. Hoover Has Left Entirely in the Republican Floor Leader's Hands the Fixing of the Date of Extra Session of Congress to Be Called Some Time in April—Representative Tilson Will Have Charge of the Program—Tilson Expects to Advise Calling the Session Between April 8 and 15.

(Special to The Bulletin)

WASHINGTON, Feb. 21—President-elect Hoover yesterday paid a high tribute to Representative John Tilson, of Connecticut, republican floor leader of the house, when he left entirely in Tilson's hands the fixing of the date of the extra session of congress to be called sometime in April.

The first person summoned to see Mr. Hoover on his return from Florida was Col. Tilson, who modestly refrained from telling why Hoover sent for him so quickly. But yesterday, Mr. Hoover made it known that it was to tell Tilson that the date of the session would be left entirely to him, and that it was hoped it would be as early in April as possibly.

As majority floor leader Tilson will have charge of the program, and Hoover has shown his confidence in his leadership by giving him free rein as to the date of the session. Col. Tilson said yesterday, the tariff bill would easily be ready by early April, and he hoped the agricultural bill would not cause delay.

Tilson said he fully expected to advise calling the session between April 8 and 15, inclusive, and hoped for the earlier named date.

Hoover had entrusted him before his Florida trip.

Secretary Mellon of the treasury department who, according to all reliable reports, is looked upon as certain of reappointment, also conferred with Mr. Hoover for more than an hour and three-quarters. The secretary was very secretive after his conference and would not even disclose in general terms the subjects discussed.

Mr. Robinson, who acquired national and international prominence first as a member of the Dawes reparations commission and later as head of the American delegation to the Geneva economic conference, is known to have figured prominently in Mr. Hoover's plans for the organization of his administration. In addition to holding a very high opinion of his ability as a banker and economist, Mr. Hoover is represented to have great confidence in Robinson's discretion and tact and to consider him ideally suited for the canvass of labor secretaries with which he was said to have been entrusted.

The names which have been mentioned most as possibilities for the labor secretaryship have been W. N. Doak, vice-president of the Brotherhood of Railway Trainmen; John L. Lewis, president of the United Mine Workers of America, and James J. Davis, the incumbent. No information could be derived from Mr. Robinson himself regarding his conferences with the president elect and concerning the report on his mission which he is supposed to have made.

Eugene Meyer, chairman of federal farm loan board and the president-elect went over agricultural problems which the next administration will have to face. Through is administration of farm loans Mr. Meyer has acquired an intimate knowledge of the financial condition of farmers throughout the United States and the different agricultural problems in the various states.

Mr. Hoover, in the meantime, is awaiting word from Representative Tilson, of Connecticut, republican leader of the house, as to the earliest date upon which congress will be ready to be called into special session and proceed with the consideration of farm relief and tariff revision bills.

Representative Tilson, it is understood, will consult with Speaker Longworth, Chairman Snell of the rules committee, Chairman Haugen of the agriculture committee, and with Chairman Hawley of the ways and means committee, and inform Mr. Hoover in a few days as to the earliest date on which the house may safely be expected to have a bill ready for its consideration. It is understood that Mr. Tilson hopes that this date may be between April 8 and April 15.

HOOVER HELD LENGTHY CONFERENCES WITH ADVISERS

WASHINGTON, Feb. 21—(AP)—Intensive consideration of the members of his cabinet occupied President-elect Hoover today in the course of lengthy conferences with advisers, political leaders and persons under consideration for appointment.

Friends of Senator Borah, of Idaho, simultaneously announced that he had definitely refused an offer of the attorney generalship which Mr. Hoover had made him. The Idaho senator, they said, although attracted by the offer, had come to the conclusion that he could be of more use to his party and to the country by remaining in his present powerful and influential position.

Senator Borah, it is understood, acquainted Mr. Hoover with his decision last night in the course of an after dinner call he paid the president-elect in his home.

Henry M. Robinson, of Los Angeles, an old and close friend of Mr. Hoover, spent most of the day with the president-elect at his "S" street residence. In addition to being himself prominently mentioned for a cabinet position, Mr. Robinsch was reported to have carried out a canvass of the availability of various individuals for the post of secretary of labor with which Mr.

TO INVESTIGATE THE AGE DEADLINE OF EMPLOYERS

MIAMI, Fla., Feb. 21—(AP)—William F. Green, president of the American Federation of Labor was authorized today by the executive council of the association to begin at an early date an investigation in several states of an alleged "40 to 45 year deadline" of various employers.

The council also went on record as being opposed to any changes to increase the quotas of immigrants from any country, and through its president announced that communism held no "serious threat" for organized labor in the United States.

Green was instructed to ask for cooperation of state and city labor federations and also for legislative action in the various states through committee inquiries, in the "dead line" surveys.

Council members were quoted as expressing their belief that some employers are using the dead line and discriminating against married men with dependents, in order that costs of liability awards insurance may be cut down.

OFFICIALS OF CONNECTICUT RETAIN MERCHANTS' ASS'N

MERIDEN, Feb. 21—(AP)—Henry M. Shartenberg, of the Shartenberg and Robinson company, New Haven, was elected president of the Connecticut Retail Merchants' association, at its annual meeting here today.

Other officers elected are: Vice president, Wallace G. Taylor, of the Smith, Murray and company, Bridgeport; treasurer, Charles A. Cock, Howard and Barbera company, Derby; secretary, Francis C. Upham, Ives, Upham and Rand company, Meriden.

Members of the executive committee are Isadore Wise, of the Wise, Smith and company, Hartford; D. M. Jones, of the D. M. Read company, Bridgeport; Charles O. Smith, of the Reid and Hughes company, Norwich; Richard H. Bunce, of the J. H. Bunce company, Middletown, and Edward H. Fennessey, of the A. S. Thomas company, Meriden.

TWO YOUNG MEN HELD UP A GROCERY STORE

LITTLE FERRY, N. J., Feb. 21—(AP)—Two young men tonight held up the grocery store of Henry Meyers, at 528 Main street, and, after securing $46 in cash and several checks, warned the store keeper not to make an outcry and escaped in a roadster. Meyers said the men asked for some chocolate candy and when he went to reach across the counter for it ordered him to put up his hands.

NEW BRITAIN FIREMEN OVERCOME BY SMOKE

NEW BRITAIN, Feb. 21—(AP)—Several firemen were overcome by smoke and damage of $16,000 was done by fire which swept through several stores and offices on Main street today. Firemen were forced to wear masks to combat the dense smoke. Traffic was suspended for more than an hour. The damage was confined to a jewelry store, a clothing shop and several offices overhead.

CONSCIENCE MAY SEND MAN TO PRISON FOR LIFE

BATTLE CREEK, Mich., Feb. 21—(AP)—His conscience may send Claud North, 49, to prison for the rest of his life.

North returned here recently from Milwaukee, Wis., to face a charge of having stolen $50 from a former employer at Jackson, Mich. He said he was impelled to do so by pangs of conscience. Jackson police informed authorities here that he has been convicted three times previously of felonies and conviction of another will make him liable to life imprisonment under the habitual criminal law.

North's employer said he would not testify against him but attaches of the prosecutor's office said today he would be tried on the strength of other information.

EMERGENCY FUND FOR GREEK FLOOD SUFFERERS

ATHENS, Feb. 21—(AP)—The Greek cabinet voted an emergency fund today for the relief of flood victims in Grecian Thrace. Action was taken after official reports had disclosed that 250,000 acres of agricultural land had been flooded, then frozen over during the recent extreme weather.

The cabinet authorized a committee under the presidency of the archbishop of Athens to collect relief funds.

The minister of communications, Christomanos, transmitted a report from the flooded area recommending the immediate evacuation of 7 villages wrecked by snow floods and ice. He telegraphed that the region looked like a polar waste and that all grain and most of the live stock had been destroyed.

NO $10 VISA TAX FOR U. S. TOURIST IN ITALY

NEW YORK, Feb. 21—(AP)—American tourists going to Italy after March 1 will not be required to pay the $10 visa tax which has been levied since the war, Col. M. Serati of the Lloyd Sabaudo lines announced today.

Before the war there was a covenant among nations which permitted free entry. The United States first required the tax on visas given by consuls abroad. Other nations followed.

Premier Mussolini announced last year that anyone who entered Italy on an Italian ship could save the $10 tax. The new announcement, according to Col. Serati, makes no restrictions as the flag flown by the ship of entry.

TO LIMIT DEBATE ON THE NAVY APPROPRIATION BILL

WASHINGTON, Feb. 21—(AP)—The senate today agreed to a limitation of debate on the navy department appropriations bill after a short-lived fight against the provision for starting the cruiser program had aroused fears of a filibuster.

A proposal by Senator Swanson, democrat, Virginia, to limit debate after 3 p. m., tomorrow, was accepted by the necessary unanimous consent. Previously, Vice President Dawes had overruled a point of order to eliminate from the bill the appropriate to initiate construction of the warships.

CABLED PARAGRAPHS

BERLIN, Feb. 21—Friends of Captain Hermann Koehl said tonight that the Bremen pilot would probably start his non-stop Berlin-to-New York-flight from a small lake near Berlin.

ROME, Feb. 21—(AP)—In a 15-minute chat with Col. W. S. Easterwood, of Dallas, Tex., Premier Benito Mussolini approved the Texan's offer of a prize of $25,000 for a flight from Rome to Dallas via New York.

DUBLIN, Irish Free State, Feb. 21—(AP)—The dail and senate today adopted resolutions proposed by the government placing a tariff of 25 per cent. on woolen cloth and increasing the tariff on wearing apparel from 15 to 20 per cent.

TEGUCIGALPA, Honduras, Feb. 21—(AP)—General Simeon Montoya, second in command of the forces of Augusto Sandino, Nicaraguan rebel, arrived here from Segovia and declared that Sandino has an army of 2,000 men with which he plans to overthrow the present Moncada government.

BERLIN, Feb. 21—(AP)—Objection to the proposed admission to Germany of Leon Trotzky, exiled soviet leader, was voiced today by Count Friedrich Von Westarp, the well-known leader of the nationalist element in the reichstag. He wrote to Chancellor Mueller that the presence of Trotzky would endanger German peace and security.

BOUNDARY DISPUTE OF CHILE AND PERU SETTLED

NEW YORK, Feb. 21—(AP)—The long pending Tacna-Arica boundary dispute between Chile and Peru, was reported definitely settled in dispatches from Santiago today.

Advices from Lima, the Peruvian capitol, failed to confirm this.

The dispatches from the two capitols were in agreement on the broad lines of a projected settlement which would give Tacna to Peru and Arica to Chile but they differed considerably as to the degree of finality which the negotiations have reached.

No confirmation of a final settlement was received in Washington during the day and pending such word state department officials declined to comment.

Advices from Santiago late today reiterated emphatically that a settlement had been reached and that the signing of a protocol would take place shortly. Later, these advices, said, treaties of arbitration and commerce would establish peace definitely between Chile and Peru.

THE REPARATIONS SUB-COMMITTEE MAKES PROGRESS

PARIS, Feb. 21—(AP)—The sub-committee of the second Dawes reparation commission, which has been wrestling with the question of how the full committee could take up the number and amounts of Germany's future payments, was understood tonight to have found a round-about way of getting at the subject.

Today's exchanges were said to have resulted in considerable progress and the hope was expressed tonight that when the full committee reassembles tomorrow unde rthe chairmanship of Owen D. Young, of the United States, it could go ahead under full steam.

The negotiations ran into a snag several days ago after preliminary statements had been made by Germany. The time had come to talk figures but it was known that what Germany wished to pay and what France, Belgium and Italy wanted her to pay were so far apart that a compromise seemed impossible. There was some fear that the whole procedure might break down.

GENERAL SNOWSTORM IN ROCKY MOUNTAIN REGION

DENVER, Feb. 21—(AP)—The Rocky Mountain region was buffeted by another general snowstorm today.

Snow fell in Montana and Wyoming and along the eastern slope of the Rockies through Colorado and into northernmost New Mexico.

Wyoming added another chapter to its winter long story of recurrent blizzards. Road conditions were made hazardous by deep drifting snow and wind.

Ranchers joined in efforts to carry feed by sleight to some 40,000 sheep of the Cow Creek Sheep company, reported in a precarious position south of Bitter Creek along the Colorado-Wyoming state line.

Several hundred wild horses, unable to break through the deep snow along the Utah, Colorado and Wyoming state lines are reported to have perished of starvation.

"THE WELL OF LONELINESS" PRONOUNCED AS OFFENSIVE

NEW YORK, Feb. 21—(AP)—Magistrate Hyman Russel ruled in Tombs court today that "The Well of Loneliness," a novel by Radclyfee Hall, was offensive to public decency. This sends the case to special sessions, where it will come un for pleading March 1 before three judges. The defendants indicated today that a jury trial would be demanded.

The book was officially banned in England before it was published here. Action against the American publishers, was instigated by John S. Sumner of the Society for the Suppression of Vice and 800 copies were seized in a raid on the publishers offices.

A $10,000 TENEMENT HOUSE FIRE AT STAFFORD SPRINGS

STAFFORD SPRINGS, Feb. 21—(AP)—A three story wooden tenement house was destroyed by fire tonight, firemen having a battle to check the spread of the blaze to nearby houses. None of the five tenements were occupied. The property is owned by Philip Chak and his loss is estimated at $10,000.

BURNS WERE FATAL TO 74 YEAR OLD WOMAN

WATERBURY, Feb. 21—(AP)—Mrs. Mary Cosgriff, 74, this city died in St. Mary's hospital at 9:15 o'clock tonight of burns suffered when her clothing caught fire in her home yesterday afternoon. Thomas Lombardi, two, Oakville, died in the same hospital 15 minutes later of a scalding he suffered in his home yesterday morning.

MARRIAGE UNITES TWO OLD AMERICAN FAMILIES

BOSTON, Feb. 21—(AP)—Two of America's earliest families were united today when Miss Dorothy Frances Brown of Brookline, direct descendant of John and Priscilla Alden, and Paul Revere, of Canton, descendant of the Boston patriot, were married at Leslie Lindsey Memorial chapel of Emanuel church.

Ten Persons Were Burned To Death

Two Mothers and Their Children—Fires Caused by Overheated Stoves.

JOHNSTOWN, Pa., Feb. 21—(AP)—Ten persons perished in this district today when stoves, overheated to give protection from a cold wave, set fire to their homes. The victims were two mothers and their eight children.

The fires broke out while the families of Leo Mangold at Carroll Town and Zenas Berkey at Hillsboro were asleep, and spread rapidly. Mangold, with others, failed in desperate attempts to rescue his wife and children, while Berkey collapsed from burns as he rushed from his domicile to seek aid. The victims included:

Mrs. Mary Mangold, 32, and five children and Mrs. Emma Berkey, 27, and three children.

BOARD APPOINTED TO PROSECUTE JUDGE HARDY

SACRAMENTO, Calif., Feb. 21—(AP)—The California assembly today appointed five of its members as a board of managers to prosecute Superior Judge Carlos S. Handy, of Los Angeles, before the state senate on a charge of accepting a legal fee of $2,500 from Aimee Semple McPherson, the evangelist, while serving on the bench. The assembly yesterday voted for impeachment of the jurist. Those named as prosecutors are Walter J. Little, who was chairman of the legislative committee which investigated the Hardy-McPherson accusations; Harry Sewell, William Hornblower, Clare Woolwine and M. J. Cronin. All except Cronin were members of the committee.

It may be a week or more before the articles of impeachment are prepared. The trial itself cannot take place until at least 10 days after the defendant has been notified.

TO FORM NEW COMPANY TO OPERATE C. V. RAILWAY

MONTREAL, Feb. 21—(AP)—Gerard Ruel, vice president in charge of legal affairs of the Canadian National railways, said today that a new company will be formed to operate the Central Vermont railway, which was placed in the hands of receivers after the floods in 1927.

Mr. Ruel said that Gov. John E. Weeks, of Vermont, yesterday signed a bill which will enable the Canadian National system to have the same relations with the new company that it had with the old Central Vermont railway and that the new company will be formed under Vermont laws with the Canadian system owning stocks and bonds.

DECREASE IN LOANS TO BROKERS AND DEALERS

WASHINGTON, Feb. 21—(AP)—Loans to brokers and dealers held by New York Federal Reserve member banks for the week ending February 20, were announced by the Federal Reserve board today, as $5,477,000,000 representing a decrease of $81,000,000 as compared with the preceding week.

The Name of Washington

Sons of the youth and the truth of a nation,
Ye that are met to remember the man
Whose valor gave birth to a people's salvation
Honor him now, set his name in the van,
A nobleness to try for,
A name to live and die for—
The name of Washington!

Calmly his face shall look down through the ages—
Sweet yet severe with a spirit of warning;
Charged with the wisdom of saints and of sages;
Quick with the light of a life-giving morning.
A majesty to try for,
A name to live and die for—
The name of Washington!

Though faction may rack us, or party divide us,
And bitterness break the gold links of our story,
Our father and leader is ever beside us,
Live and forgive! But forget not the glory
Of him whose height we try for,
A name to live and die for—
The name of Washington!

Still in his eyes shall be mirrored our fleeting
Days, with the image of days long ended;
Still shall those eyes give, immortally, greeting
Unto the souls from his spirit descended.
His grandeur we will try for,
His name we'll live and die for—
The name of Washington!

The name of Washington!

Lindbergh Accepts Governmental Job

To Be Technical Adviser to the Aeronautics Branch of the Commerce Department.

WASHINGTON, Feb. 21—(AP)—Col. Charles A. Lindbergh has accepted his first official post with the government—technical adviser to the aeronautics branch of the commerce department.

Secretary Whiting announced the appointment today, and said that Col. Lindbergh had agreed to hold himself in readiness to respond to any call from William P. MacCracken, Jr., the department's assistant secretary in charge of aeronautics to advise, or personally assist the government in all phases of its regulation of civil aviation, the establishment of airports and airways, research and prevention of accidents.

The post will carry pay, but only on a fee basis, covering the time actually devoted to the government service, and will not require Col. Lindbergh to establish himself permanently in Washington.

Gratification was expressed by Secretary Whiting that the government had been able to obtain the service of the noted pilot. Ever since Col. Lindbergh's rise to fame he has been actively interested in the federal government's endeavor to promote and safeguard civil aviation, the secretary said, and under his new status he largely will continue to do officially what he has done before without official rank.

Lindbergh has been mentioned in recent reports as a possible selection in the cabinet of Herbert Hoover for an assistant secretaryship in charge of aeronautics, but the flyer has said there was no authority for the rumors.

LINDBERGH WAS FORCED DOWN BY MOTOR TROUBLE

KANSAS CITY, Mo., Feb. 21—(AP)—Col. Charles A. Lindberghlanded at the Kansas City airport shorty before four o'cock this afternoon, because of motor trouble. He was flying from St. Louis to Wichita, Kansas.

Col. Lindbergh said the water jacket of the plane's motor was slightly cracked from freezing but he decared the trouble was not serious. He expected to have repairs made here, he intimated, but woud not say how one he intended to stay.

TROUBLED BY CONSCIENCE, CHECK FORGER SURRENDERS

PHILADELPHIA, Feb. 21—(AP)—Asserting that his conscience troubled him and he couldn't sleep, a man who said he is Irwin Ritter, 35, of St. Louis, walked into District Attorney Monaghan's office today and announced he was a check forger and wanted to surrender.

Ritter told his story to officers who ordered him held until police in cities where he said he had operated could be notified.

Ritter related a story of how he had been forced to forge checks to pay two blackmailers after he broke off a friendship with a married woman in St. Louis. He said he formerly was a steward at the Coronado hotel, in St. Louis.

PROCEEDINGS IN GENERAL ASSEMBLY

(Special to The Bulletin)

HARTFORD, Feb. 21—In spite of the storm that prevailed all day there was a good attendance of the members in the house today. An innovation was made at 11:30 when Highway Commissioner Macdonald sent to the clerk of the house a bulletin of weather conditions prevailing in the state. He gave assurance that the roads would be kept open and there would be no trouble in getting home.

Two bills that would have paid Lafayette F. Main $6,000 for damages by deer and loss of house by fire on the Norwich-Westerly highway at North Stonington were rejected.

Committee Hearings

The judiciary committee had among other matters before them today a bill concerning the election of selectmen in Groton. It provides that three candidates be nominated at each political party caucus, one from each voting district. Each elector at annual town meeting is to vote for three candidates, the three highest to constitute the board. The candidate receiving the largest number of votes to be first selectman and chairman of the board.

Other matters were resolutions appointing J. James Floyd, judge, and one appointing Frederick Schofield to the same position and another resolution appoints Stanley Morgan, deputy judge of the town court of Waterford. Two bills amending the act creating the court of that town were also considered. Resolutions appointing William H. Hegeld judge, and Ernest K. Taft deputy judges of the borough court of Stafford Springs were also considered.

HOUSE

The house met at 11:18, with Speaker Eddy in the chair. Prayer was by the chaplain. Calendar matters were taken up and passed.

Unfavorable reports were made by the committee on claims on H. B. 341, reimbursing Andrew W. Garvell for expenses incurred in connection with the death of Francis Garvell caused by deer on the highway; H. B. 340, reimbursing Fred Brown, of Canterbury, for tax paid on dog that he afterward sold; H. B. 510, an act reimbursing Lafayette F. Morin, for damages by deer, providing for payment of $1,000 for damage to fruit during 1927 and 1928; H. B. 737, reimbursing Harold L. Burr for service rendered students injured at state trade school, at Middletown; H. B. 499, reimbursing Lafayette F. Morin for loss of house destroyed by fire, providing for payment of $7,000.

WORST STORM IN THREE YEARS IN NEW YORK CITY

Snow Was so Dense That Visibility Was Lowered to the Danger Point—More Than 15,000 Shovelers Worked All Day to Keep New York's Streets Open—Ten Counties in Pennsylvania Reported 17 Inches of Snow.

NEW YORK, Feb. 21—(AP)—From Canada to the Carolinas and westward in an almost solid blanket to the Mississippi snow piled up today in the most wide storm of the winter.

It was the worst storm in three years in New York city and Manhattan's snow-fall was far below that in many other places.

Ten counties in Pennsylvania reported 17 inches of snow, when New York had seven, Nashville, Tenn., had 14, Charleston, W. Va., had 12, and many other towns were nearing the one foot mark.

More than 15,000 shovellers worked all day to keep New York's streets open to the congested traffic and throughout the snowy band across the eastern states, the snow removal forces were marshalled in a great offensive against the drifts that threatened to paralyze transportation.

In four of New York's boroughs, hundreds of plows and scrapers were put to work as soon as the snowfall got well under way, but in the fifth borough, Brooklyn, the street cleaning department was caught unawares by the storm. Only yesterday Deputy Coroner Laura on the strength of a report he said he got from the weather bureau that "the winter was broken and henceforth there would be little or no snow," had Brooklyn's 276 pieces of snow removal machinery dismantled. Today mechanics were hard at work reassembling them.

Atlantic City's proud boast that there isn't any snow on the boardwalk, was snowed under early today but was justified again by a little after noon with the help of a rise in temperature that turned the continuing snowfall into rain.

Although transportation ashore was kept open during the day conditions afloat were not so good. The snow was so dense that visibility was lowered to the danger point. Ferry service in New York harbor was slowed down and ocean liners hesitated to negotiate the journey between their piers and quarantine. The Leviathan, which arrived at dawn, lay anchored at Ambrose light outside the harbor most all day but started for her pier in late afternoon when the snowstorm moderated.

SNOWFALL IN STATE FROM 6 TO 12 INCHES

HARTFORD, Feb. 21—(AP)—The storm which rode the Atlantic coast line north from Florida today laid a quilt of snow over the state which ranged in depth from six to more than 12 inches. The snowfall in this city amounted to 6.9 inches, the greatest in two winters. A mean temperature of 17 degrees, 11 below normal, was reported.

SEARCH IN CHICAGO FOR LIQUOR LAW VIOLATORS

CHICAGO, Feb. 21—(AP)—A systematic search of all Chicago, including the entering of both private and public premises, for liquor law violators, was ordered today by William F. Russell, commissioner of police, in his fight to enforce prohibition here.

The commissioner who charged the St. Valentine's day massacre of seven members of the Moran gang was a result of liquor running and prohibition, ordered a survey made of the entire city with particular attention paid to all buildings fronting on alleys, such as garages, barns and sheds.

No progress was made, however, in solving the massacre, not even a new theory as to how the slaughter was evolved. For a week since the Moran gangsters were slain the air has been thick with theories of who the slayers were but no real clues have been unearthed.

Police were ordered to supply addresses, owners and lessees of all suspected places after which the commissioner said the places would be searched either with the permission of the owner or by obtaining wholesale search warrants, policemen to be posted at the suspected places until the warrants have been obtained.

The entering of homes is not contemplated, the commissioner explained, except in cases where the police have evidence that beer flats or other liquor law violations occur there, in which cases evidence is to be obtained and search warrants issued.

NEW ENGLAND AND SOUTH CLASH AT TARIFF HEARING

WASHINGTON, Feb. 21—(AP)—New England and the south came to grips today on the tariff, groups from those sections clashing before the house ways and means committee on proposals to place duties on long staple cotton and jute.

The free list was still under discussion in the revision hearings and, as more than 240 witnesses remained from yesterday, the committee was forced to call a night session, with prospects of such meetings for the rest of the week.

New England and eastern thread manufacturers and domestic tire makers strenuously opposed the proposal put forward yesterday by Arizona and California pima cotton growers for a tariff on long staple cotton, while New England jute manufacturers protested against and southern cotton growers argued for a duty on raw jute.

John B. Clark, of the Clark Thread company, Newark, N. J., told the committee that there was no substitute for Egyptian long staple cotton in this country for the making of fine threads and automobile tires, that the Arizona and Imperial Valley pima product was too weak and irregular, and that a duty would increase the price of thread to the American consumer, decrease consumption and result in idle spindles.

No duty, he contended, would keep out Egyptian cotton as long as the people demanded the better quality thread.

FIRE IN CHAIR PLANT OF NEW HAVEN COUNTY JAIL

NEW HAVEN, Feb. 21—(AP)—Fire in an upper store room in the chair-making part of the factory of the New Haven county jail in Whalley avenue, late today, made it necessary for a quick round-up of prisoners, employes and others in the place but there were no casualties. The monetary loss was not thought to be large.

For a few minutes, owing to density of smoke which enveloped the factory which is in a separate building at the rear of the jail cell house, the aspect of the fire was foreboding. It recalled the fire of April 13, 1910, in the workshop when five city firemen were burned to death and several others hurt.

Jail guards marched out prisoners and returned them to their cells while firemen were responding to the alarm. In a few minutes the fire was under control. It was mostly in finished chairs stock.

LEVIATHAN DELAYED FOUR HOURS BY HEAVY SNOWSTORM

NEW YORK, Feb. 21—(AP)—The liner Leviathan docked today after being held at anchor off Fire Island for four hours because of the heavy snowstorm.

To prevent possibility of further delay with the turn of the tide, the big ship dismissed the mail boat at Quarantine and proceeded to her pier. It was estimated that the maneuver saved the ship from another delay of possibly six hours.

KILLED GIRL WHO SPURNED HIM AND HER TWIN SISTER

EAST ORANGE, N. J., Feb. 21—(AP)—Peter Mooney, a jilted suitor who felt the only proof of his love was murder, today shot and killed the girl who spurned him and her twin sister. The victims were Margaret and Frances Bowes, 20 years old of East Orange. The slayer turned his gun toward his own heart and wounded himself.

Mooney approached the two girls from behind, revolver in hand. Snow was falling so thickly that the only eye witness, Mrs. Margaret Futera, failed to see him approach.

The girls were walking single file through a narrow pathway through the deep snow. Margaret, Mooney's sweetheart, died instantly from two bullets fired against her neck. Frances turned at the shots, saw her sister fall, and stumbled through the snow in an effort to escape. Mooney steadied himself and fired two bullets into her back.

Frances died less than eight hours later in Orange Memorial hospital, after a blood transfusion failed. Mooney also was taken there and the last rites of the Roman Catholic church were administered to him.

Letters found in Mooney's uniform indicated he planned and timed the crime well in advance, but why he took the life of his former sweetheart's sister was not known. A half-filled bottle in one of his pockets was evidence of courage liquor bolstered for the act.

The missives were slightly incoherent. One was Mooney's will, distributing several hundred dollars among his relatives at the end of which was a farewell to Sergeant F. W. Smith, who worked with him on the railroad police force.

It was signed "Peter Mooney, also a British soldier."

TO BROADCAST TALKS ON GOVERNMENTAL PROBLEMS

NEW YORK, Feb. 21—(AP)—A series of talks on governmental problems by United States senators, broadcast over a coast to coast network, will be inaugurated tomorrow night with talks by Senator Jesse H. Metcalf of Rhode Island, republican, and Senator Pat Harrison of Mississippi, democrat.

The talks will be broadcast over WEAF and associated stations of the National Broadcasting company. They will be given every Friday night at 10 o'clock, eastern time.

Arrangements for the broadcast series were worked out by N. B. C. officials and a senate broadcasting committee including Senators Metcalf, Joseph M. Robinson of Arkansas (Dem), Millard Tydings of Maryland (Dem), and Frederick Sackell of Kentucky (Rep).

TAKING TESTIMONY IN THE EDEL MURDER TRIAL

NEW YORK, Feb. 21—(AP)—Taking of testimony was begun today in the trial of Frederick W. Edel, waiter, accused of murdering Mrs. Emmeline Harrington, actress, with a hammer for the purpose of robbing her.

Mrs. Harrington's body was found in her Upper West Side apartment December 29, 1927. An autopsy at that time revealed she had been dead about six days. Edel was arrested last April near St. Paul, Minn., where he was traced after some of the actress' clothing was found in a room he had rented at New Haven, Conn.

BYRD'S DISCOVERIES MAY COME UNDER ARBITRATION

WASHINGTON, Feb. 21—(AP)—Commander Richard Byrd's discoveries in the Antarctic region may lead eventually to the creation of an international arbitration commission to settle the question of just how far ownership is egtablished for a nation by the setting up of its flag in uninhabited country.

This was indicated today following the announcement that Commander Byrd last Monday claimed a vast new territory in the Antarctic for the United States.

GEMS STOLEN FROM JEWELRY STORE WINDOW

BOSTON, Feb. 21—(AP)—Gems believed to be worth many thousands of dollars were stolen from a display window of the A. Stowell and company, Inc., jewelry store today after one of the two thieves had hurled a brick through the plate glass. The robbery was effected during a heavy snowfall, which made escape of the thieves comparatively easy.

WILLS OF MR. AND MRS. JACKSON ARE FILED FOR PROBATE

(Special to The Bulletin.)

WILLIMANTIC, Feb. 21—Two wills, one by County Detective William E. Jackson who was murdered at his home Tuesday night, January 29, and one by Mrs. Gertrude B. Jackson, his wife, who committed suicide at her home Wednesday, February 13, were filed at the office of Judge of Probate Valentine H. Murphy this afternoon by Attorney Arthur T. Kelley, counsel for Miss Juanita Jackson in the settlement of the estates of her parents. The wills were drafted December 20, 1908, by Justice of the Peace Patrick J. Danahey, since deceased. Attorney Kelley stated today that there have been no further wills executed by either of the couple since that date up to the double tragedy. The documents are legally termed a mutual will and by their terms each left the entire estate to the other. Miss Jackson, sole heir to the estate, has been named administratrix.

No trouble is expected in the payment of insurance policies carried by the late detective. The amount of these policies is reported as smaller than would have reasonably been expected to have been carried by a man in Mr. Jackson's position. All of the real estate was in the name of Mrs. Gertrude B. Jackson, with the exception of one automobile owned by her husband. There is a mortgage of about $4,500 on the Jackson farm and in addition to this it is reported that there are many outstanding bills against the estate. As near as could be learned Mrs. Jackson carried but one insurance policy.

While Coroner Arthur G. Bill has announced that he would resume his inquest into the murder of County Detective William E. Jackson next week, he was not prepared today to announce on what day this could be held. The inquest was opened Wednesday, February 13, with Mrs. Jackson and her daughter Juanita as the first two witnesses. It was later on the afternoon of that day that Mrs. Jackson took her own life with a .22 calibre rifle, leaving behind her two notes, one to Attorney W. A. King, counsel for Trenor A. Rice now being held for the murder, and the other to Rice. The note to Attorney King was an attempt on the part of Mrs. Jackson to exonerate Rice by assuming responsibility herself for the murder and even giving some details of how the crime was committed. The text of the note to Rice has remained a mystery. The principal witnesses to be heard when the inquest resumes will be the three investigating officers, Detective Edward J. Hickey and Investigating Officers Arthur Hurley of this city and Rowe H. Wheeler of Monson, Mass. Coroner Bill has indicated that he would recall Miss Jackson for questioning owing to new aspects thrown into the case by the suicide of Mrs. Jackson.

A trio of newspapermen, the last of a score of out-of-town reporters who have been in this city since the murder of Detective Jackson, checked out of the Nathan Hale hotel today. Unless unexpected developments transpire the newspapermen will not return in numbers until the scheduled trial of Trenor Rice at the April criminal term of the Windham county superior court.

LOCAL TELEPHONE EXCHANGE TO BE ENLARGED THIS YEAR

(Special to The Bulletin)

WILLIMANTIC, Feb. 21—The Southern New England Telephone company will expend about $65,000 for the improvement and enlargement of the local exchange area during 1929, it was announced today by Exchange Manager John C. Frazier. The enlargement program is planned to meet an expected increase in the demand for telephone service out of this exchange. Of the new construction work to be undertaken here the most important, if not the most costly, is an item of $15,000 for central office equipment. This amount is to be spent on switchboard additions and other like equipment all tending to give better service.

Another $12,000 expenses will be for new equipment to be placed on subscribers' premises, such as telephones for the homes, offices and other places of business. This indicates a plan to meet a sound and substantial telephone development in this locality with general growth in commercial telephone activity.

The additions to the exchange aerial and underground cable will represent an outlay of about $10,000. It is planned to place 4,460 feet of new cable within the exchange area. This cable will contain 5,054,000 feet, or 957 miles of copper telephone wire. For the underground cable it will be necessary to lay conduit what will cost about $5,000.

General improvements and plant extensions covering poles, wire and miscellaneous jobs throughout the exchange will cost about $20,000 during the year. The cost figures are based on material and labor only and do not include operation and maintenance, according to Manager Frazier. At the close of 1928 there were 4,206 telephones in service in the exchange, a net increase of 156 for the year. On an average business day there are 17,233 originating calls handled in the exchange. Willimantic folks put in nearly 900 toll calls a day to outside cities, much of this being for social purposes.

Alderman C. A. Lamoureux, chairman of the sanitary committee of the common council announced today that the new municipal contract for the collection of garbage had been awarded to Frank Campbell of North Windham. Mr. Campbell has full equipment for the work which he has handled for several years to the satisfaction of the public. The terms of the contract call for the collection of crockery, glassware and bottles in addition to garbage and cans. The contract also calls for the use of water-tight receptacles for garbage matter. Tin cans must be kept in separate receptacles from the glass, crockery, etc., and provision is made that these receptacles must be kept apart but easily accessible to the collection of crockery, glassware, etc., is a new venture in city garbage contracts and should prove of great convenience to the public. The contract, which is for two years, was signed by the sanitary committee, Aldermen Lamoureux, Oliver L. Willard and John Reilly.

OBITUARIES

John B. Hopkins

John B. Hopkins, 86, died at St. Joseph's hospital Wednesday from infirmities due to old age. He had been removed from his home at The Ridges to the hospital two days before. The deceased was born in West Stafford in 1842, a son of Joseph and Lorraine Ware Hopkins. He leaves no immediate relatives. Mr. Hopkins was connected with the old Windham Cotton Manufacturing company in charge of one of the departments, many years ago. He later conducted a boarding house at 880 Main street, for several years.

Miss Emeline A. Dunn

Miss Emeline A. Dunn died at her home in Rochester, N. Y., recently, after a long illness according to word received here today. Miss Dunn was a teacher of art at the Willimantic State Normal school when that institution was opened under Principal Arthur B. Morrill. She devoted considerable time to social activities in the city and was a member of the Woman's club. She gave up her work here to study and travel in Europe. Upon returning she opened a studio in New York city but continued her work in Connecticut through lectures in the state schools. Miss Dunn was compelled to return to Rochester in 1921 owing to ill health.

The fourteenth and most severe snowstorm of the season which started at 5:30 o'clock this morning and continued throughout the day, left this section under a blanket of nine inches of snow tonight. Traveling conditions in the rural districts were reported as very bad with many automobiles stalled in heavy drifts. Street Superintendent Edwin O. Sumner directed a force of men to clear the city streets. The auto plows were put into commission.

Several departments of the Willimantic post office will suspend business Friday in noting Washington's birthday as a legal holiday. The city carriers will have the day off duty and persons desiring their mail must call for it at the carriers' windows between the hours of 7 and 10 o'clock in the forenoon. The registry and money order departments will be closed for the day. The banks and towns and city offices will be closed.

Three delightful one-act plays were presented in the auditorium of Windham high school this evening as part of the program for the closing exercises for the Windham evening school. Principal Lawrence King addressed the evening school pupils and thanked them for their interest and splendid work. The evening classes this year were rated as the most successful ever held. Refreshments were served by members of the cooking classes and the gymnasium was open for dancing.

Arthur W. Williams, agent for the state board of education in charge of attendance and employment department said today that the number of children appearing before him to secure employment certificates indicate an increase in openings for the employing of children over last year. During the past two days ten children between the ages of 14 and 16 years took the tests at Agent Williams' office in the normal school building.

William Bushnell, 64, is a patient at St. Joseph's hospital suffering from paralysis of the body, below the waist, caused when he sustained a shock while at his employment at Abraham Krug's diner on Union street, Wednesday night.

An informal swimming meet was held in the natatorium of the Y. M. C. A. Wednesday evening with the locals competing against some 30 members of the Windham county "Y" of Moosup.

Mrs. Helen Boss Cummings has returned from a few days' visit with her daughter, Miss Carolyn Cummings, student at Smith college, Northampton, Mass.

Dr. William P. S. Keating, who is confined to his home by illness, was reported as on the road to recovery today.

Mrs. Chester M. Scripture entertained at two tables of bridge Wednesday.

Mrs. Robert O. Branch was awarded a guest prize and Mrs. E. A. Case a club prize.

Edwin J. Donnelly left today to spend the remainder of the week in New York.

Miss Maude Deming has returned from Utica, N. Y., where she attended the funeral of her sister, Mrs. C. H. Shoecraft, Saturday.

Mr. and Mrs. Herman Prag have as week end guest, Miss Anne Prag of Providence, R. I.

Mrs. G. Everett Harrington entertained the Windham Road Bridge club of three tables at her home Wednesday. Prizes were won by Miss Elizabeth Hardman, Mrs. Ralph W. E. Carpenter and Mrs. William E. Hendry.

Miss Gladys Greenman of the faculty of the normal school left today to spend a week at her home in Cleveland, Ohio.

The local authorities were asked by the Westerly police today to identify, if possible, articles of clothing alleged to have been stolen by Angelo Chiarizia, 19, formerly of this city, who was bound over to the superior court in Westerly Wednesday on charges of breaking and entering in the night season and larceny. Various articles of clothing valued at about $65 were stolen recently in a break at the Cohen & Rothblat clothing store at 755 Main street, but these articles have been recovered by the police department.

John J. McDevitt has made arrangements to contribute approximately $35,061,568,636,436,031,336,563,640 to pay off the world's debt in the year 3929, if the world has any debt then. He sent $5 deposit to a bank at Wilkes-Barre, Pa., with instruction that it be placed in trust for 2,000 years, the proceeds from accumulated interest to go to pay off universal indebtness.

THE PURSUIT OF HAPPINESS

(Written Specially for The Bulletin.)

Among the "inalienable rights" which the Declaration of Independence claimed for us all—farmers as well as financiers—were life, liberty, "and the pursuit of happiness."

If you're a fairly observant reader, you'll note that the declaration doesn't say just "happiness," but the "pursuit of happiness."

Quite different things, as one is forced to admit.

As different as fishing is from trout-eating.

As different as chasing a rainbow's end is from picking up a pot of gold.

As different as the pursuit of a pink elephant in the jungles of Siam is from the possession of a tame green elephant in the cowbarn.

As different, almost, as wishing is from having.

Why do you suppose the fathers who drafted the immortal declaration made that curious distinction by which they asserted the inherent right of every man to life and liberty but not to happiness—only to its "pursuit"?

I've often speculated over that phrasing and wondered why the Jeffersons and Franklins and Adamses and other wise men of 1776 who wrote the declaration declined to claim straight-out "happiness" as quite as clear a right as life and liberty.

If they had asserted man's inalienable right to, say, the defense of life, the maintenance of liberty and the pursuit of happiness, all three objects would have stood on a level. But they didn't.

Instead, they came out flat-footed in demanding for every man life and liberty, but crawfished when it came to happiness and claimed for men not the thing itself as in the case of life and liberty, but the right to pursue it—with no guarantee of ever catching up with it.

Yet happiness is, as Alexander Pope put it 250 years ago, "our being's end and aim." Everybody's after it. Everybody wants it. Everybody cries for it, like the baby in the advertising picture. Everybody spends his or her life chasing it. Every youth starts out to run it down and is about as certain, in his own mind, of doing so as he is of getting home in time for supper.

D'ye s'pose that the authors of the declaration, most of them matured if not actually aging men, wanted to intimate their belief that absolute happiness, like infallible truth, is beyond our finite grasp or attainment; that we can never hope to know either during our mortal life but that the mere pursuit of happiness, like the zeal for ultimate truth, is desirable, even if it never wholly succeeds?

Probably you noticed that Mr. Edison, the famous chemist, electrician, inventor, etc., observed his 82nd birthday at his palm-shaded, sun-warmed winter home in Florida the other day. As usual on such anniversaries, he had a number of congenial friends as his guests, and was put through a more or less interesting series of questionnaires by a mob of newspapermen. As his deafness makes conversation rather difficult, the reporters' questions were written out, and Mr. Edison wrote out the answers. One "cub," with a laudable desire to get off the beaten track, asked him if he had any formula which would lead to happiness in life. Mr. Edison promptly wrote in reply:

"I am not acquainted with anyone who is happy."

There were among his guests, that anniversary day, men whom we commoners regard as peculiarly fortunate and who, many of us think, must be happy.

There was, for one, Mr. Firestone, millionaire tire-maker, and owner of mansions and bungalows and huge estates and yachts and houseboats and special cars.

There was, for another, Henry Ford, if not the richest certainly one of the three richest men in the world, with money enough to buy anything he may want or even take a fancy for.

There was, for another, Herbert Hoover, the deliberately chosen leader and spokesman of a huge majority of his fellow citizens, elected to the most powerful office in the world, as an esteemed worthy sucsessor to Washington and Jackson and Lincoln and Roosevelt.

There was, for another, one with whom Mr. Edison must be admitted to have an intimate acquaintance—Mr. Thomas Alva Edison himself, rich enough to procure anything he needs, and to devote his life to the one passion which obsesses him, that of scientific discovery and invention; admittedly the most outstanding figure in the scientific world; regarded with both admiration and affection and envy by millions of us.

Here, gathered on that bright day in the tropic warmth and glow of Florida's most genial climate, were at least four men whom the world considers pre-eminently fortunate and would, if uncontradicted, regard as happy.

Yet the old scientist of Menlo park and the world, knowing them all well, replies to the question asked him:

"I am not acquainted with anyone who is happy."

Dear young friends, out on the lonely farms as well as in the congested city, mightn't it be worth your while to think that over for a few minutes?

Here are men who have riches beyond the likelihood of your ever attaining; who have power beyond your wildest dreams of grasping; who have the admiration and envy of untold millions; who have practically everything life can offer; and yet their host, who knows them well, says of them and of himself:

"I am not acquainted with anyone who is happy."

Mr. Edison is far from being either cynical or selfish. He has spent a long life in doing the one thing he likes best to do, finding or inventing means to make the lives of others pleasanter and—why may we not say?—happier. And yet, after 82 years of a life of constant devotion to his chosen aims, of immeasurable service to his fellow men, of worthily won pre-eminence in his own loved field he admits that he is not happy and does not know anyone who is.

What's your reaction to such a statement from such a source? Does it sadden you? Does it discourage you? Does it incline you to give up before beginning; to throw down your weapons or your tools and say: "What's the use?"

I suspect that quite a few sermons will be preached on that Edisonian text, with reference to its otherworldly suggestion. But you and I are living in this world at present and, whatever our hopes may be concerning another and better one, we've got to stay in this one till the due courses of Providence and nature call us from it. Mr. Edison, who knows hundreds of its most famous, most fortunate, richest men, tells us that he doesn't know anyone who is happy. Does that mean that the pursuit of happiness is wholly vain; discounted as failure from the outset?

It does not seem to one old man, up in the mountains of his boyhood's home, either necessary or wise to admit any such thing.

For no one knows how many thousand years, men have been searching for the ultimate truth—the truth about the world, the truth about nature, the truth about their own souls. They have not reached it: by the very nature of their finite-mindedness, they never can reach it. For it is infinite.

Yet the search has not been in vain. Science once thought the earth the center of the universe, and sun and stars but adjuncts to it. Today that same insatiable science has brought to certainty the fact that the earth is but a dust-mote in the vastnesses of frontierless space, and that suns bigger than our own are wheeling in orderly orbits so distant that the light we see from them through our telescopes started on its way before Adam appeared.

Science once thought the atom was the ultimate and indivisible basis of all matter. Now it has discovered that the atom is, in its ultra-microscopical minuteness, nevertheless practically a whole universe in itself, with ions careening within it at speed comparable to those of the planets.

Science for thousands of years was mystified by electricity. Science does not yet fully understand what it is. Yet in its vain search for the Know-why of electricity, science has discovered the Know-how to harness it for a thousand important human uses and services.

Science today knows almost nothing of the "island universes" far beyond the range of unaided vision, except that they exist and move. It knows nothing of the entirely invisible ions which go to make up the atom, except that they exist and move. It knows little about the mysterious nature of electricity, except that it can be made to send messages and light houses and furnish power to drive machines. Its search for the truth about all these things has been vain. But, in that search, it has wrought a revolution in human life, from the bye-products of its unavailing quest.

Apply the analogy to happiness. We may never attain it. Mr. Edison avers that he knows no one who has. Yet, in our pursuit of it, we are not chasing a will-of-the-wisp into hopeless swamps, but are following an ideal which, even if we never attain it, will surely lead to constantly broadening opportunities and accomplishments.

Though we may never reach absolute truth, our devotion to it is sure to bring us wider and higher and deeper knowledege.

Though we may never attain ineffable happiness, our pursuit of it is sure to bring us and the world to a larger measure of comfort and contentmept.

Even though Mr. Edison is not himself perfectly happy, and knows no one who is, I don't think he is likely to smash his test-tubes and raze his laboratories and plow up his rubber plantations and sit down in the shade of some weeping willow to twiddle his thumbs in despairing idleness.

There is sport in hunting—even if you don't bag so much as a squirrel.

THE FARMER.

A tramp may admire pictures, but he invariably draws the line at wood cuts.

HE will say to you: "Buy a bottle of *Hydroleum*, take it home, use it for a week according to the directions printed on the label; and, if you are not benefited and entirely satisfied, bring back the bottle with the unused portion and I will gladly refund your money." The minute you feel rheumatism, lumbago, or any muscular ache, pain or soreness, rub with *Hydroleum*. Buy it today.

RE-EXAMINING AUTO DRIVERS.

On the ground that it is in the interest of safety a bill has been introduced in the legislature in Maryland which, if passed, will require all drivers of motor vehicles, except chauffeurs to be re-examined and re-registered.

This is a proposition which has been called to the attention of Connecticut by Governor Trumbull and bulletin of the motor vehicle department has indicated that legislation in that direction might be expected within the next year or two. Thus it would seem that Maryland and Connecticut are thinking in the same channel on this question.

Senator Meyers of Maryland, who has presented the bill in his state, sets forth that "Hundreds of persons who were examined as long as 20 years ago for licenses have developed disabilities which should preclude them from driving automobiles. I personally know three persons, who, after receiving operators' cards, lost the use of one of their arms. However, they still drive their automobiles. Such cases are comparatively rare, but there are hundreds of drivers with impaired eyesight."

Just how to go about the re-examination of drivers is a question discussed in the motor vehicle department's bulletin in this state and one suggestion offered is that "if re-examination of everybody can be accomplished and thereafter a policy adopted by which every person who committed any offense whatever is at once re-examined by a high grade examiner capable of studying human characteristics and under the direction of expert advice as to the detection of mental imperfections, it would not be long before most of the trouble makers would be detected and to a large degree eliminated from traffic."

Getting the dangerous driver, the incompetent driver, the mentally and physically handicapped driver away from the wheel of an automobile by subjecting drivers to re-tests ought to prove a valuable step in the direction of increased safety in the highways. It is to be remembered, however, that all the one arm drivers haven't lost an arm and all those involved in accidents might not necessarily be suffering from their worse defects at the time of re-examinations.

SAVING SUBMARINE CREWS.

From all accounts the tests which have been made with the S-4 and the new device whereby members of the submarine's crew are able to escape from the underway boat as it lies on the bottom are most gratifying.

Tried out at various depths, commencing with 40 feet and continuing until 120 feet were reached, the device worked perfectly. The men were able to step out onto the deck of the submersible without difficulty and thence the slow steady rise to the surface was commenced. Even at the greatest depth the men were found to be in good shape as they reached the surface in spite of the severe pressure encountered at such a point.

The 120 foot level placed the S-4 at a similar depth to that which it settled when it was sent to the bottom off Provincetown. Thus it is proved that had the vessel been equipped with the escape door which has been built into it since and had the men possessed the "lungs" which resemble gas masks and which had been perfected since that time there would probably have been many of those sailors whose lives would have been saved.

If we can judge by the reports, the tests which have been made indicate the advisability of equipping all submarines with such devices. The tests would appear to determine their effectiveness and that being the case only the time necessary to make the changes and get the equipment ought to be required before putting the life saving devices at the command of those caught on submarines in distress.

Often it is the case that disasters point the way to the prevention of further instances of the kind. The sinking of the S-4 set minds to work devising better safety measures for those who go to sea in submarines. The lifting of a submarine from the floor of the ocean much quicker than has hitherto been possible will be greatly facilitated by the construction of the rings in the sides of the submarine to which chains from pontoons can be quickly attached, but with the escape door and the "lungs" it will be possible for the crew to get clear even before raising operations are really started. The only apparent handicap to these means of escape is that some means of rescue should be at hand as they reach the surface.

TUNNEL TROUBLES.

Wherever trouble develops there is established a reason for endeavoring to prevent a repetition of the occurrence. It is common in all lines of endeavor, but perhaps the latest instance was the fire in the tunnel under the North river at New York where darkness resulted and where the passengers were terror-stricken because of the conditions and the uncertainty as to their severity or how long they would last.

It presents a situation for tunnel builders to think about. It should be possible for such equipment to be provided so that in case the stalled cars are deprived of light, as was the case in question, they can obtain it from a secondary source. That would have helped to relieve the fright and the stampede that occurred. It wouldn't have stopped the smoke and fumes but it would have facilitated the escape.

Furthermore there appears to be good reason for the introduction of conditions in the tunnel that would safeguard it against just such fires. The wonder is that it hasn't been considered and overcome long ago.

In connection with the panic that developed it is pointed out that those who sought their way out of the tunnel were obliged to get onto and go through four stalled trains before they were successful. This was because the trains occupy so much of the tunnel space that it is impossible for people to walk between them and the wall. The suggestion is offered that a walk to be used in such instances ought to be constructed.

A fireproof tunnel would make it unnecessary for the passengers to pick their way out of the tunnel, though there might be need for it in case of an accident for other reasons than fire, but with a secondary source of light an effective means of keeping the panic at a minimum would have been at hand while walking through the stalled trains would offer no serious objection if they were lighted, even though only partially.

We have no doubt that the fire will furnish reason for a careful consideration of the conditions involved and a study of possible remedies. It is the logical development.

DEPORTING ALIENS.

Much legislation has been presented at this session of congress which was known to have an uncertain outcome. It isn't necessarily that congress hasn't had time to pass it or to reject it. It is more probable that it has used the time for something else. Talk has too often taken the place of action.

What the outcome of the alien deportation bill is going to be is uncertain. There are not many days left in which to get final action on it, but it must take its chance with the rest of the legislation in the same situation.

The bill called for the deportation of alien gunmen, bombers and violators of the narcotic and white slave laws. Such would deal with several classes of those who are not desirable, aliens who probably never should have been admitted but who have been tried and found wanting should be returned whence they came. When the house passed judgment upon the measure it considered that those alien violators of the dry law who have received sentences totaling a year should also be included. This was apparently intended to strike at those who show contempt for the laws of this country even before they become citizens.

Without any doubt this country has received a great many aliens who ought never to have been admitted. They have contributed to lawless conditions and they have contributed to the expenditures made necessary for the maintenance of various institutions. This may be no more than has been done by citizens but there is a justified view that conditions are bad enough without having aliens who are making them worse. If they can be sent back they may have a greater respect for the country where they reside and its laws.

WHERE PEACE IS NEEDED.

Just as we learn of the adjustment of the old dispute between Chile and Peru fears are expressed that all is not peaceful between Bolivia and Paraguay.

The renewal of ill feeling between those two countries at the time of the conference of American nations in this country resulted in efforts at conciliation that were expected to prevent any clash and effect if possible an agreement for future peaceful relations.

Since then little has been heard from them. It is probably too soon to expect complete action from the conciliation tribunal but that doesn't offer any excuse for the reports to the effect that troop movements are underway in that disputed region. This would seem to indicate that plans were underway for the carrying out of the ambitions on the part of one or the forwarding of protection against the operations of the other. At any rate it would mean that action was being taken which might easily lead to a clash, and at any rate would be calculated to increase rather than decrease the suspicions of the two countries.

The differences between these two countries should be adjusted by other means than fighting. For them to go to war would open the possibility of the entire southern part of South America becoming involved; and if there is good reason for preventing the two countries from fighting there is all the more reason for keeping the war cloud from spreading among the others whose sympathies might be too easily aroused.

Paraguay and Bolivia have been disputing ownership in the Gran Chaco longer than Chile and Peru have been on bad terms, but if one problem can be settled peacefully the other ought to be.

HELPMEET

Jessica carefully hung her three-year-old coat on a hanger and stood, turning her hat in her hands— a lavendar straw thing, contrary ribbon curling, tired violets uncurling. Suddenly she flung it violently from her. It disappeared, thoroughly cowed, behind Grant's old mackintosh. That hat was the last straw—she smiled, a bit grimly at her sorry joke. Lately things got on her nerves terribly.

There was Grant's slow, emphatic step! He came in, towering, handsome.

"Hello, sweetheart."

Always "Hello, sweetheart!" Always that light in his eyes, that eagerness.

"Well, Grant!" and Jessica had the familiar sensation of trying to blow herself into an equal bubble of affection.

"Have a happy day with your nieces, dear?"

"Ann asked me to lunch — my birthday, you know.". It was choking her! "She bought me this lovely vanity. She wanted to buy me a hat. I told her that was your privilege."

"Of course! Of course."

"How was business today, dear?" asked Jessica, softly.

"Oh, fine! Fine!" But, parentheses of doubt fenced in his mouth.

They went into their dining room —living room—kitchen—pantry. Jessica pulled away a screen, lit a gas burner, filled a kettle.

"I'll peel the potatoes, Jessica. You hate potato-peeling."

"Grant, I'm worried about Ann. I wish her mother would come home. Ann, only 18, all alone in that apartment!"

"I guess that Bell Paddock will keep an eye on Ann."

"But, Grant, Ann has been going to dances and playing golf with Guy Parkhurst!"

"Tosh! Parkhurst's no good, Jessica."

"She says Guy can give her so much—frocks and furs and a honeymoon in Paris."

"If Ann marries that scapegoat instead of a decent, ambitious chap like Bell—well, I'll be bitterly disappointed in her!"

"But," returned Jessica, "luxury means a great deal to carefully reared women like Ann and—and others."

After dinner Jessica went to the bedroom for an apron. When she returned Grant was turning something round and round in his hands. Jessica went up to him with small, careful steps like a curious kitten's. Her eyes widened, glowed.

"Why, it's lovely!" she said. "Where in the world—"

Grant looked from her to the hat on his hands — turquoise velvet, adroitly curved, expertly trimmed.

"It's lovely," said Jessica, taking it from him. She looked at the gay lining, at the Paris label. "Where —"

"Why, in the trash can," said Grant. "Right where I was going to dump the dinner refuse."

"In the trash can?" repeated Jessica incredulously. "Why, who in this house—"

"It would look pretty on you," said Grant. "That shade—"

Anger, furious, icy anger, stiffened Jessica from head to foot.

"Are we so reduced that you must pick your wife's hat from a trash can? Have you so little self-respect left? Or delicacy?"

"Jessie! I never thoug't, I never dreamed, of such a thing! I just said how pretty you—"

But she was out of the room, her hand seeming to push him back, to push him away, forever.

"Leave me alone! Leave me alone!"

Fifteen minutes later Jessica, bag in hand, fled down dusky streets toward Ann's apartment. She would stay with Ann until she—did something. Taugh piano, perhaps.

She went up in the lift, clutching the key Ann had given her. She unlocked the door—Ann was never home for dinner. She stopped short, dismayed, hearing voices.

"Look here, sweetheart!" Bell's voice.

"You're like your Aunt Jessica. And she's the kind of a woman who sticks to her man if he has half a million or half a dollar. She keeps a smile on her lips and heartens her husband so he will recover his business yet. Yes, Aunt Jessica's a honest-to-goodness helpmeet!"

"Yes," mused Ann. She is. And when I got over there to tell them and saw them together, I threw the hat he gave me right into the trash can and came straight back to you —oh, careful! big boy! my frock! my hair!"

Very softly Jessica went out the door, softly closed it. Down in the lift, out on the street, toward home. There was a new look on her face, a chastened look. A strangely gentle look.—Chicago News.

YOUR INCOME TAX

A loss arising "from fires, storms, shipwrecks, or other casualty, or from theft," is deductible and need not be connected with the taxpayer's trade or business. The term "other casualty," within the meaning of the revenue act of 1928, is one arising through the physical forces of nature, for example, a flood or frost. Allowance, of course, must be made for any insurance received.

Loss of property by theft or burglary is an allowable deduction and need not be incurred in trade or business. Hence the loss occasioned by the theft of jewelry or the theft of an automobile used for pleasure and convenience is deductible. Should circumstances attending the loss of jewelry leave the owner in doubt as to whether it was stolen, mislaid or lost from his person, a claim for loss would not be allowed. It must be established that the jewelry was stolen.

A loss through embezzlement is deductible for the year in which sustained.

"LENT AND MY WORK"

Memory Verse for Friday

"For he endured, as seeing him who is invisible" (Hebrews 11:27). (Read: Hebrews 11:23 to 30).

MEDITATION: Now praise we famous men. I may not forget that this is Washington's birthday. It appears that Washington was a thrifty and prosperous man of business. He took care of the property which he inherited and sought to increase it by all honorable means. At the same time the lack of self-seeking, the sheer unselfishness of his patriotism are an example to public men and to those in private life as well. This combination of conflicting traits is pertinent to this series of meditations. The clue here as elsewhere is in the sense of God's presence and authority. If I seek first the Kingdom of God and His righteousness, then all things else will take care of themselves.

PRAYER: Lord, my God, Thou only Sovereign of my life, through all the temptations and trials, through the storm and stress of my life enable me to see Thee who art invisible that the things which are visible may neither allure nor affright me. Amen.

LETTERS TO THE EDITOR

George Washington

Mr. Editor: Washington and Lincoln both stand today as the grandest patriots in our American life. Washington has been called The Father of Our Country. Lincoln was her most loyal son. Washington brought this glorious country of ours into being and Lincoln made that being immortal. Washington unfurled a new flag among the nations of the world. Lincoln made that flag a mighty power among those nations. They are dead and gone, still their work remains and it speaks for us on every side. The good they did will last for all time, and in the years to come we can but show their memories the respect and veneration that is the due of two Americans whose life work is an inspiration for us to live and carry on as befits us as true Americans, either by birth or adoption.

Daniel Webster has said, "America has furnished to the world the character of Washington, and if our American institutions had done nothing else, that alone would have entitled them to the respect of all mankind."

Perhaps the greatest tribute was given by George William Curtis. "To lead a people in revolution wisely and successfully, without ambition and without crime demands indeed lofty genius and unbending virtue. But to build their state amid the angry conflict of passion and prejudice, to peacefully inaugurate a complete and satisfactory gavernment—this is the greatest service that a man can render to mankind, but this is also the glory of Washington. With a keen insight into the kind of men needed as the leaders, he selected for the three highest stations, the three leading Americans of those times. Alexander Hamilton was the head, Thomas Jefferson the heart and John Jay the conscience of the administration of the first president. Nothing but Washington's undaunted courage could have ridden the political storm that burst in all its fury around him. for party jealousy was rampant even in those early days, for John Jay was hung, in effigy Hamilton was stoned, and was eventually shot and killed by Aaron Burr. Hamilton was born in Nevis, W. I. Jan. 11, 1757 and died July 11, 1804, and then insurrection started in the west with Burr as the arch conspirator. Washington himself was denounced, but his great soul was not dismayed, but with a clear vision he guided the ship of state, thru the troubled sea, thru darkness and storm into the calmer waters of peace and prosperity. He never deviated from his course, but kept his steadfast way like the sun in its daily course across the sky, giving life and strength to the new nation."

As we today look over and study the record of Washington's administration there is nothing we could change, no word that was spoken, no line that was written, no deed done by him, which justice would reverse or wisdom deplore.

And now today we, who enjoy all the blessings that are our portion, can know that America will endure as long as we remain Americans in spirit and in thought. His life is an inspiration, his memory a benediction.

In the great order of things in this life, it seems as though the Great Ruler of the Universe, seeing his people in distress, has sent into the world a savior to lead them out of darkness into the light of peace and happiness, and this is seen in the works of Washington and in later years the Immortal Lincoln, and as you look at the glorious old Stars and Stripes, you can say Washington placed it there, and Lincoln kept it there, two splendid Americans who will ever live in the hearts of their countrymen. As we retrace the weary years that elapsed between the time he took command, July 3, 1775 and when Washington laid down the cares of office, December 23, 1783, how different were his actions in comparison to the actions of some public men as of today. He said, "I shall serve the people without salary." All that is needed is that actual expenses shall be paid, for He was Washington. The noblest figure any nation or people ever set in the front as the leader of its life and history. Had his iron nerve given way at the sight of the terrible privations of his ragged troops at Valley Forge—in short, had he been anything but the loyal son of America that he was, had he faltered at the dissatisfaction of some of his own officers, the course of history might have been changed, and this glorious country might have died in the very beginning and the glorious sun of this country may have been dimmed—only to come forth in years after and shine with an added brilliancy. Washington, grand in defeat, never lost heart, but repulse only meant a greater incentive to forge ahead to more splendid rewards of triumph and the least we of today can do is to revere and glorify one of the greatest men the world has ever known. Washington, a wise, a good, and a great American, Richard Cobden, the English statesman had said, "We believe the government of the United States to be at this moment the best in the world." But then the people are the best people. And we have a theory that the government of each state is the best—excepting during the periods of actual change—that which is best adapted to the wants of its people, and this comment from the great free trade advocate in whose memory the Great Cobden club of London was named, speaks volumes in its favor—

And this encomium of the government that was founded by Washington and fostered by those other great minds that followed after, was praise and well merited.

Thomas Jefferson has said, "Washington had a firm confidence in the durability of our government and, with my countrymen, I felt shocked on his death. Verily, a very great man hath fallen this day in Israel. And today we can say He was first in war, first in peace and first in the hearts of his countrymen, and his great work still lives, and the government at Washington carries on for all the people, all the time."

YOUR HEALTH

"Dull" Children Found Normal Mentally By Correction of Physical Handicaps

By Leon Banov, M. D., City and County Health Officer, Charleston, South Carolina.

We have not yet forgotten the jolt that the American public received when the results of the physical examinations of the draft in the World war were first made known. The popular growth of the school medical inspection movement was but the natural answer of a practical people when confronted by the fact that their myth of being a strong and healthy nation had been exploded.

While the early school medical inspections were aimed primarily toward the prompt recognition of the acute contagious diseases of childhood, the greatest good has been accomplished in an entirely different direction—in the discovery and correction of those slight and chronic ailments that tend to devitalize the child at an early age, when he needs every ounce of energy for growth and the carrying on of his school work.

These examinations have uncovered numerous instances of children having been considered dull and mentally backward by their teachers when the real causes of their inability to keep up with their class room work lay in the fact that they were suffering with either defective vision or defective hearing, or some other physical handicap that when removed or corrected allowed the child to improve physically as well as mentally.

In the periodic examinations of the school child the physician often discovers physical defects unsuspected by the parents of the children and in a great many instances unknown even to the school child himself. The correction of these defects has invariably made for healthier, stronger bodies with clearer and more alert minds.

The most common defects found among school children are defective teeth, diseased tonsils, defective vision and malnutrition. Occasionally, however, more serious conditions are discovered, to the surprise of the child and his parents. A great many such conditions have been discovered in their incipiency, with the result that the little school child was enabled to receive suitable treatment to arrest the progress of the disease and to cure the damage already done.

Tuberculosis, heart trouble, and diseases of the kidneys are only a few of the conditions found among school children that if allowed to go on untreated would mean invalidism or early death for the youngster. The early discovery of such conditions and the prompt treatment of them have been known to check the disease and restore the child to a life of health and usefulness. An inconceivable amount of good can be accomplished by the periodic physical examination of the school child; if the parent will follow up the results of these examinations with a view to an early correction of all physical defects discovered. If this were done in every instance, it would mean the evolvement of a healthier, happier people, because only by improving the health of your future citizens can we ever hope to improve the health of our nation.

The physical examination of the school child is a step in the right direction, and it should have the wholehearted support of every parent who has a child that he hopes to see develop into healthy manhood or womanhood.

Stories That Recall Others

Not Sick.

Mother met Junior, age five, in the store the other day. She asked him how his little playmate was and he said: "Well, she was worse, then she got better. Now she is worse again."

Mother said, "Oh, my! I didn't know she was sick."

"No, not sick, mean," he replied.

Only a "Soda Jerker".

Some of the qualifications one must have to be a "soda jerker" were being set forth by one of the fraternity as a sort of discouragement to another who had ambitions in that direction. They were:

"He must mix salads and give advice to the lovelorn; he must banish 'hangovers' and lift sagging eyebrows; he must have the reach of Paderewski; he must know how to operate an orange juice extractor and engineer a malted milk agitator, and must supervise a superdreadnaught coffee boiler while at the same time he serves over the counter anything from soup to nuts."

A Washington Bystander

By KIRKE L. SIMPSON
Associated Press Staff Writer

WASHINGTON, Feb. 21—A substantial part of Washington's political and near political population welcomed the decision of President-elect Hoover to return to the midst of things in Washington two weeks before he took office.

His cabinet decisions mean a lot, not to the politicians "on the hill" alone but to a considerable fringe of near-permanent secretaries and aides of one kind and another to the Coolidge cabineteers.

Most of these latter had the foresight to stake out jobs in private life early in the game. Whether they would go out of public employment with their present chiefs or remain with the new cabinet portfolio holders, however, could not be decided until they knew who was to get the cabinet jobs.

At First Hand.

It was natural to suppose that with Mr. Hoover in Washington it would be easier to get a fairly accurate idea of his cabinet plans than while he was in Florida.

The Bystander knows quite a number of government folks who hoped to know their fate far enough in advance to fade gracefully out of the picture if it turned out that way for them. They breathed a sigh of relief when Mr. Hoover made his sudden decision to come north in mid-February.

As a matter of fact, nobody in Washington seemed to know anything very certain about the Hoover cabinet within three weeks of inauguration. Speculation was plentiful, but senators and Coolidge cabinet officers frankly declared they had no "inside dope."

As a matter of fact, Washington is not very skilled by practice in cabinet making. Only twice since President Taft took office has it had a wholesale opportunity to test its wits. In the winter of 1912-1913 it worked on the Wilson cabinet slate and again in 1920-1921 on the Harding selections. The Coolidge slate was pretty well established far in advance, due to Harding administration holdovers.

Wilson Cabinet Late.

The records show that the Wilson cabinet was by no means definitely known until March 3, the day before his inauguration in 1913. Beginning in January tentative slates were published which included numerous correct guesses but with the jobs each man would hold badly mixed as it proved.

Harding followed a different policy. He announced selections and acceptances from time to time well in advance. The Associated Press carried the complete and authentic slate Feb. 22, 1921. The last doubtful appointment was Jimmy Davis for labor.

Davis and Mellon are the only survivors of that eight-year old Harding cabinet slate and quite possibly Davis as well as Mellon is to know the unusual honor of a third successive term in the cabinet.

Personality!

When Ziegfeld selects them, you can be sure they have personality. This lovely New York girl, now appearing in "Rio Rita," has talent—and beauty, too—enhanced by wonderful skin and the softest waves of dark brown hair.

"When friends ask me what I do to make my hair so soft and gleamy," says Miss Hargrave, "I have to think twice to tell them, because I give so little time to it. The method I use is very popular among New York girls. I just put a little Danderine on my brush each time I use it. I am letting my hair grow; but you'd never know it, Danderine keeps it so soft and easy to arrange and holds it in place so wonderfully. It gives my hair such a silky, soft and lustrous appearance, friends are always commenting on it. There isn't a trace of dandruff left now that I'm using Danderine regularly. And it keeps my hair and scalp so clean and comfortable that I don't shampoo half as often as I used to."

Danderine quickly removes that oily film from your hair, brings out its natural color, gives it more lustre than brilliantine. It makes the hair easy to dress; keeps it in place. It usually checks dandruff. It isn't oily; doesn't show. All drug stores have the generous 25c bottles. A delicately fragranced necessity for the well-groomed girl!

Mrs. Louis A. DeGrenier

The funeral of Mrs. Louis A. DeGrenier was conducted at 2 o'clock Thursday afternoon at the Central Baptist church, by Rev. David A. Pitt, D. D., pastor, and was attended by many relatives and friends. There was a wealth of beautiful floral tributes. Burial was in Evergreen cemetery and the committal service was read by Rev. Dr. Pitt. The bearers were Winfield Rood, George Parker, Charles Parker and Howard Clark. Undertakers Tillinghast and Sons, of Central Village, were in charge of the funeral arrangements.

Charles Rodden

At 8:15 o'clock Thursday morning, funeral services for Charles Rodden were held at the home of his sister, Mrs James Scullian, of No. 92 Boswell avenue, relatives and friends attending. The floral tributes were beautiful. At the requiem mass in St Patrick's church at 9 o'clock, Rev. John J. Reilly was celebrant and the music was in charge of Henry J. LaFontaine, Roderick F. Sullivan assisting. De Profundis was sung by Mr. Sullivan at the offertory and as a waiting hymn he rendered Lead Kindly Light. Mr. LaFontaine played Chopin's Funeral March at the recessional. Burial was in St. Mary's cemetery and the commital service was conducted by Rt. Rev. Mgr. Michael H. May. The bearers were Frank O'Donnell, Michael Ahearn, Henry Wilson, Ambrose Osbourne, Edward Ferrare and John Callahan

Mrs. William H. Allen.

With a large attendance of relatives and friends the funeral of Mrs. William H. Allen was held Thursday afternoon at her residence, No. 8 Huntington place and the service was conducted by Rev. Samuel H Howe, D. D., pastor emeritus of Park Congregational church. The floral tributes were beautiful. Burial was in Yantic cemetery. Rev. Dr. Howe reading the committal service. The honorary bearers were Charles Tyler Barr, Dr. William T. Browne, William T. Crandall and George Houghton Gilman. Undertakers Henry Allen and Son were in charge of the funeral arrangements.

Sherwood G. Avery.

At 2 o'clock Thursday afternoon the funeral of Sherwood G. Avery was held at the funeral parlors of Undertaker C. A. Gager, Franklin street, the services being conducted by Rev. G. Warren Potter, pastor of the First Methodist church, Norwich Town. There was a large attendance of relatives and friends including mourners from Johnson, N. Y., and other places and the floral forms were many and beautiful. Burial was in Maplewood cemetry and the committal service was conducted by Rev. Mr. Potter. The bearers were Albert G. Avery, Frank L. Lathrop, Stanton Brown and Robert Brown.

CONGREGATION OF 200 GREETS TUSKEGEE SINGERS

The famous Tuskegee Jubilee Singers, representing Tuskegee Institute in Alabama, entertained a congregation of 200 persons Thursday evening at the Central Baptist church. Rev. David A. Pitt, D. D., pastor of the church, introduced the quartette.

Negro spirituals and plantation melodies were beautifully sung and the hearty applause voiced the delight of the audience. During the programme Alvin J. Neely, second tenor, took the audience on a brief trip to Tuskegee Institute. He described the school buildings and told of the institute activities.

Rev. Dr. Pitt, in opening his Thursday evening Lenten messages, spoke particularly of missionary work among the Negroes of the south. The free will offering, for the benefit of the institute, amounted to $51.

EXPLAINS EXPANSION PROGRAMME TO DIRECTORS OF LOCAL CHAMBER

The proposed programme of activities and the consolidated budgets of the Norwich chamber of commerce and the merchants bureau have been completed in detailed form and were announced Thursday evening at the Wauregan hotel at an enthusiastic meeting of the present and former directors of the chamber and prominent citizens of the community. The officials in charge of the campaign called the meeting for the purpose of acquainting the gathering with first hand information relative to the proposed programme and in order to secure opinions on the programme. The concensus was that it is a worthy one.

The meeting was called to order by President Joseph C. Worth who explained that the campaign not only to raise money in order to carry on the chamber's expansion programme, but is to educate the people of Norwich in regard to the civic needs of the community. The budget is a little larger than in previous years, he said, but this is because it includes the Merchants bureau budget. It takes money to accomplish things, he declared. Secretary Walter H. Pilcher pointed out that the budget is divided into four sections with the first, third and fourth being identical with those of last year. The only change is under the special activities of the chamber.

In commenting on the planks of the chamber budget, Frank E. Jaynes declared that the first, industrial development, is ideally placed, at the top. Any American city has some industrial possibilities, he said, it isn't something that can't be done.

In speaking of the proposed airport movement Mr. Jayne said that the airport question is here. The conventions and community publicity plank was regarded as a splendid thing by Mr. Jaynes.

In closing Mr. Jaynes said "We are open to your suggestions and want your reaction on the expansion programme."

Mr. Jaynes was followed by Carlton Young, in charge of the campaign, who explained the campaign is to be under the general chairmanship of Dr. Hugh B. Campbell, with Frank R. Murdy in charge of the large team organization and F. Russell Smith in charge of the activities fund. Mr. Smith will have under him 12 or 15 men to handle that phase of the work, he said, while Mr. Murphy will be in charge of four divisions of possibly 80 men. Each division is to be divided into four teams and there are to be 14 captains or aces.

Mr. Young urged those present to assist the three leaders if called upon to do so. He said the more people who can be enlisted to do the work the better, inasmuch as the campaign period is so short. In commenting on the budget of $20,000, Mr. Young said "frankly it is very low," in comparison to other cities the size of Norwich."

The consolidated budgets of the chamber of commerce and merchants bureau totaling $20,000 follow:

The proposed program of activities of the chamber of commerce and merchants bureau follows:

Industrial Development—Appoint a commission to evolve a plan for encouraging the expansion of established industries and attracting desirable new manufacturing enterprises to Norwich and vicinity, studying among other plans the Industrial Development Company with capital to invest in industrial real estate holdings.

Manufacturer's Committee—Organize a manufacturer's committee for the purpose of studying ways and means of mutual helpfulness and presenting plans whereby the chamber of commerce can be of greater and more direct service to the industries of Norwich.

Airport—Inaugurate a movement to provide Norwich with an adequate and modern airport. It is only a short time until this will be an absolute necessity, just the same as a railroad station or a bus terminal. The sooner it is acquired the more money can be saved on its development, and the more benefits will be derived from it.

Conventions and Community Publicity—Launch a program to bring more conventions and tourists to Norwich. Continue and enlarge the program of giving intelligent publicity to the advantages of Norwich and vicinity for the purpose of attracting visitors and investors; this program to include the publication of a summer booklet setting forth the attractions of beaches and resorts in and about Norwich, and literature advertising the city's economic advantages for distribution in large cities such as New York. Work for the establishment of a modern tourists camp and erect more road signs.

Legislative Committee—Organize a legislative committee to work with local, state and national officials for needed laws and the prevention of injurious legislation.

Sanction Committee on Solicitations—Maintain a committee to investigate all schemes for soliciting donations and advertising, thus protecting the business and professional interests and the citizens generally, against unworthy causes.

Progress Exposition—Repeat the Norwich Progress exposition so successfully conducted last year.

Fire Prevention—Continue the work being done in fire prevention in Norwich and vicinity.

Membership Meetings—Continue the more aggressive and interesting program of membership meetings, involving a series of meetings annually as follows: October, annual meeting; November, round table; January, merchants' night; February, patriotic night; March, bankers' night; April, public utility night; May, farmer-city meeting.

Wholesale Trade—Encourage wholesale trade expansion in Norwich's distributing territory, comprising 157,500 people, capitalizing on Norwich's advantage in location and transportation facilities over other distributing centers in this territory.

Community Chest Idea—Make a study of the Community Chest Idea, as applied in other cities of New England, as well as other American communities, to learn its merits as a means of eliminating the endless round of campaigns for social agency funds, and to determine whether it is fitted to the local situation.

Agricultural Development—Take a more active interest in the agricultural development of New London county, giving special attention to the possibility of encouraging the raising of winter lambs for the Eastern market.

Norwich Progress—Continue the publication of "Norwich Progress" or some other suitable magazine to keep the members informed.

Building Codes—Work for the adoption of modern construction, plumbing and electrical wiring codes.

Freight Rates—Be prepared to see that Norwich has the advantage of more favorable freight rates on railroad lines out of New York in the joint proportional water and rail rates that will be possible when the deepening of the Thames river is completed.

Retail Merchants' Activities

Retail Credit Bureau—Continue to improve the operation and service of the retail credit bureau, the expense of which is carried by the merchants.

Trade Survey—Conduct an intelligent retail market survey and compile statistics on local trade conditions for use of merchants.

Special Sales Events—Continue to hold and improve the spring and fall openings, dollar days, suburban days and Christmas shopping events.

Better Advertising—Promote a program to bring about better advertising methods and improve window displays.

Illegal Sales—Continue a careful watch to prevent fake advertising schemes and illegal sales.

WASHINGTON EPIGRAMS NOTED BY DR. PENNIMAN

George Washington deserves honor as a writer of aphorisms, says the Philadelphia Ledger. But his famous contemporary, Benjamin Franklin, is so renowned as molder of such coins of practical wisdom that the first president's proficiency in the art is likely to be overlooked.

Here are some of Washington's precepts gathered together by Dr. James Hosmer Penniman, historical writer and possessor of probably the most extensive private collection of writings about Washington. Dr. Penniman is an alumnus of Norwich Free Academy.

"The most certain way to make a man your enemy is to tell him you esteem him as such."

"We must bear up and make the best of mankind as they are, since we cannot have them as we wish."

"Characters and habits are not easily taken up or suddenly laid aside."

"The due administration of justice is the firmest pillar of good government."

"From thinking proceeds speaking, thence to acting is often but a single step. But how irrevocable and tremendous!"

"I never wish to promise more than I have a moral certainty of performing."

"I shall never attempt to palliate my own foibles by exposing the error of another."

"The best means of forming a manly, virtuous and happy people will be found in the right education of youth—without this foundation, every other means, in my opinion, must fail."

"A good moral character is the first essential in a man. It is, therefore, highly important to endeavor not only to be learned but to be virtuous."

"To persevere in one's duty and be silent is the best answer to an enterprise."

"The man who wishes to steer clear of shelves and rocks must know where they lie."

"Secrecy and despatch may prove the soul of success to an enterprise."

Thought Washington was earning his own living by the time he was 16, he had received thorough training in mathematics, had studied Latin, and had acquired a lifelong habit of doing much good reading, points out Dr. Penniman in his "George Washington as Man of Letters."

The largest collection of manuscripts of any one man in the world, says Dr. Penniman, is the Washington collection in the Library of Congress. At least 18,000 of his letters survive. In that collection too, are numerous diaries, account books, invoices, surveys, speeches, messages proclamations and codifications and abstracts of important books and documents.

The library he left behind him at Mount Vernon contained some 900 volumes—very large for that period in America, says Dr. Penniman, and the books had been selected with wisdom and carefully read.

"England's greatest contribution to the civilization of the world is the works of Shakespeare; America's is the character of Washington," Dr. Penniman adds.

FIRST LARGE SNOW STORM ARRIVED THURSDAY

The first large snow storm of the winter arrived Thursday with a fall of about 5 inches. The storm started about 5:30 in the morning and continued until the middle of the afternoon. Trolley, bus and automobiles were somewhat inconvenienced by the snow fall. By late afternoon the principal streets of the city and the state highways had been ploughed out. Street department men were kept busy Thursday and Thursday night clearing the streets.

AMERICAN LEGION CLOSING UP ON FORESTERS

LITERATURE LECTURE AT THE OSGOOD MEMORIAL

The lectures upon Literature which are to be given in the Osgood Memorial parish house of Park church during February and March, were begun on Thursday evening when a good audience greeted Dr. Gerard E. Jensen. The series has been arranged by the Parish house department, Mrs. A. N. H. Vaughn, chairman.

Mrs. Henry D. Johnson was in charge of the sale of tickets, assisted by Mrs. George L. Ingalls, and the Misses Janet Blackstone, Helen Clapp and Helen Risley acted as ushers. Miss Hannah Crowell, president of the Women's Federation introduced the speaker, alluding to the fact that Norwich is his home town.

Dr. Jensen, who has been teaching ten years at Connecticut college, received degrees of A. B., M. A., and Ph. D. from Yale and then presented his thesis at Oxford, England. The subjects to be treated are: What Is Literature? The Art of Letters; Literary Forms; What Can Literature Do For Us? Of this series, Dr. Jensen himself says they are not so formidable as they may appear and are sufficiently concrete to appeal to persons of varying degrees of interest in the subject.

Literature antedates covilization. In rude barbarian days the warrior returning from battle celebrated his triumph by war songs, which were passed on to succeeding generations orally long before written songs were thought of. One of the earliest of these which were written down is called the story of Beowulf, the hero who goes forth to slay the enemies which were destroying mankind.

Literature is a record of achievement and may be either oral or written. Every age, every race has thus left its record.

Again literature is the imaginative expression in words of human experience. Every air owes its success to the understanding of human experience. Poets must understand experience, must express it and be able to imagine the experience of others. Every age has its literary genius and he speaks to all following ages.

Literature deals with commonplace things but its creative element touches them into beauty—as seen in Whittier's Snowbound, a priceless sociological picture of how our ancestors lived.

Literature is perennial even as all art is limitless, and is priceless in interpreting human progress. Great art offers little to simple people. Excellence is required to understand excellence, and there are four things which stand in the way of popular appreciation of literature: Lack of art education, of wide acquaintance in literature, of experience in life and lack of sympathy for art.

Literature appeals first to the heart, then to the intellect, yet no literature can be exclusively emotional nor exclusively intellectual. All literature aims at order and beauty, and by giving beauty, it is transfiguring life.

NORWICH ART SCHOOL TEACHER GOES TO NEW YORK

Red & White, Norwich Free Academy newspaper, has the following interesting items, concerning the Norwich Art school:

Mrs. Marshall V. Howe has resigned as teacher of the drawing classes in drawing classes in our Art School and Miss Triplett has come to take her place. Mrs. How has been with us so long and has been so kind a friend and help to us all that it is with the keenest regret we say good-bye. We await the work that she will do in New York. We know that we will be proud of her achievements. Miss Tripett received her B. A. degree from the University of Iowa, and has been studying at the School of the Museum of Fine Arts in Boston. We are fortunate to have her with us and we extend to her a hearty welcome.

William C. Marcer is coming on from New York March 5th. All the teachers and students are invited to see the large collection of precious and semi-precious stones that he will bring. Charles J. Cormick's illustrated talk on "Jewelled Windows" has been set for March. The colored slides will afford students an opportunity to become acquainted with the rare beauty of the treasure windows of Europe. This opportunity will be valuable, not only to those who anticipate a trip abroad but will be equally valuable to those who do not anticipate travel. Mr. Cormick will also show the colored slides of the finest stained glass in our country. The talk will give the historical setting and development in the art of jewelled windows.

TAFTVILLE DEFEATS HOSE COMPANY RIFLE TEAM

The rifle teams representing the American Legion post of Taftville and the Pioneer Hose of New London engaged in a match Thursday evening at New London, the former winning out by a score of 820 to 813. It was a Mohegan league contest. Damon of New London was high man for the evening with 179, closely followed by Benoit of Taftville, with 175. The scores:

COLONIAL DANCE HELD BY B'NAI BRITH AUXILIARY

About 150 people attended a Colonial dance and tea given by the young people of the Rose of New England auxiliary No. 46, Independent Order of B'Nai Brith at the B'Nai Brith lodge rooms, Uncas Merchants bank building, on Thursday evening. The Ideal Radio orchestra furnished the music. Colonial costumes worn by the B'Nai Brith girls proved a feature of the evening.

Mrs. Paul A. Schwartz was chairman of the committee composed of the following: Miss Bessie Grablefsky, Miss Sarah Hyman, Miss Anne Niederman, and Miss Sarah Nowick.

The rooms were tastefully decorated with American flags and with red, white and blue festoons. A large Star of David illuminated with red, white and blue electric lights was also a part of the decorations.

During the intermission the young ladies served refreshments and tea. The dance was most successful and was greatly enjoyed.

THREE COM. APPOINTMENTS FOR LOUIS M. CRANDALL

Louis M. Crandall, principal of the Norwich Commercial school, has been thrice honored this week by receiving state and national committee appointments. Mr. Crandall has been appointed on the membership committee and as a special representative from Connecticut by the Eastern Commercial Teachers association, which holds its convention in Philadelphia the latter part of March.

As a second honor the insurance agents of the state have also, through their executive committee, asked Mr. Crandall to serve on the committee that is putting on the Connecticut Insurance day conference in Hartford, to be held March 15th. Mr. Crandall has been asked to serve on the attendance and program committee of which Nelson C. Tantor of Hartford is chairman.

The third honor comes from the state underwriters who have appointed Mr. Crandall to be one of a committee to attend the legislative committee meeting in Hartford which is to consider an act on the subject of a new insurance law "Concerning Twisting and Rebating" and its enforcement. The following is the text of the matter offered for consideration as a new law and its penalty:

No insurance company, agent or broker or any other person, copartnership or corporation shall make or issue or cause to be made or issued, any written or oral statements, misrepresenting or making incomplete comparisons regarding the terms or conditions or benefits contained in any policy or contract of insurance, legally issued by any insurance company licensed to transact business in this state, for the purpose of inducing or attempting to induce the owner of said policy or contract of insurance, to lapse, forfeit or surrender the said policy or contract of insurance for the purpose of replacing the said insurance.

"Any violation of this section shall be punishable by a fine not exceeding five hundred dollars or imprisonment for 30 days or both."

BUILDING ACTIVITY SHOWS GAIN IN NORWICH

According to a survey made by the industrial development committee of the New Haven road building activity in towns and cities throughout the state continued in its normal winter slump throughout January. With the exception of Hartford and New Haven which headed the list for the month, the volume of permits in all towns and cities was small, although in some cases exceeding figures both for December and January, 1928.

Nine of the 38 communities showed increases in building permits over their December totals, although in most cases the gain was slight. These places were Bristol, Hartford, Naugatuck, Norwich, Stamford, Torrington, Waterbury, West Hartford and Willimantic.

The gains which individual towns and cities made over their building permit values for January, 1928, were more substantial than those made over December figures and were also slightly more general, ten communities recording increases. Those were Bristol, Danbury, Hamden, Hartford, New Haven, Norwalk, Stratford, Waterbury, West Hartford, and Willimantic.

CHARGED WITH FAILURE TO GRANT RIGHT OF WAY

Shortly before 6 o'clock Thursday evening a Hudson sedan owned by the Ashland Cotton company, Jewett City, and driven by Harold C. Jeffers, 25, No. 6 Green avenue, Jewett City, collided with a Buick sedan owned and operated by Paul E. Zachse, 17, of No. 26 Pratt street. The accident occurred at the corner of Twelfth and North Main streets and both machines were slightly damaged. Officer Clifford Crary investigated the collision and Jeffers was summoned to appear in city court this (Friday) morning on the charge of failure to grant the right of way.

Norwich Boy Among Candidates

Seventy-five freshmen of the class of 1932, at Wesleyan university, one sophomore and one member of the junior class, will be initiated into eight national fraternities at Middletown, Friday night.

Among the candidates are William Tirrell, of this city, Alpha Delta Phi; P. P. Gray, of Old Mystic, Delta Tau Delta; A. F. Johnson, of Woodstock, Sigma Chi.

Will Admitted To Probate.

After a hearing in probate court Thursday the will of Mrs. Henry L. Bennett was admitted to probate by Judge Nelson J. Ayling. The appraisers named are S. Ambeus Gilbert and Henry S. Powers. The Thames National bank, through George R. Fellows, trust officer, qualified as executor of the will.

Graduation Postponed.

Because of the snowstorm the graduation exercises of the Norwich night schools were postponed Thursday evening. The exercises will take place Thursday evening, March 7, at Slater hall

ALL-CONN FIVE WINS TWO STRINGS FROM HARTFORD TEAM

(Special to The Bulletin)

DANIELSON, Feb. 21— The All-Connecticut Bowling team got the jump on the All-Hartford team, Connecticut's representatives in the national bowling tournament, in the first half of the special $500 match when they took two out of three strings here tonight. The match was rolled at Frankie's Barber's alleys before a crowd of several hundred bowling enthusiasts. The All-Connecticut team piled up a three string total of 1766 while the Hartford five knocked over 1724 pins.

The All-Conn. five were away to a good start in the first string taking the string by 12 pins with 623 to 611. The Hartford team evening the match in the second string when they won by a margin of 10 pins, 568. The last string of the evening was more or less of a walk away for the Connecticut boys who won by a margin of 40 pins.

Chip Dugas and White of New Haven were the stars of the evening, Dugas taking high total with 380 while White took high single with 137. The last half of the match will be rolled at Hartford on next Thursday night. Hartford must take three strings to win while the All-Conn. five needs but two victories.

FAST PUNCHING BOUT EXPECTED THIS EVENING

NEW YORK, Feb. 21—(AP)—While Jack Dempsey and William F. Carey are in Florida arranging the details of the Stribling-Sharkey bout, the remainder of the Madison Square Garden force will keep the home fires burning tomorrow night with a heavyweight fight that promises to concede little to the battle of Miami Beach in fistic interest.

With all the advance signs indicating a capacity crowd, Paulino Uzcudun, concrete-jawed woodchopper from the Spanish Basque country, and Meyer ("K. O.") Christner, puzzling ring phenomenon from Akron, are to fight it out over the ten round distance in the Garden ring.

Partly because no one has yet been able to tag the sturdy Paulino with a knockout punch, the Basque stands out a fairly logical choice to win on points. His clubbing blows from all angles as he wades in with his chin tucked low carry few knockout possibilities but they constitute a style of attack that piles up points while forcing an opponent to keep on the defensive.

In experience the rugged Spaniard has a decided edge, another reason why his chances are regarded more highly than those of Christner, 23 year old rubber worker whose ring career started only about a year ago.

Christner's chances for victory apparently depend upon an indomitable fighting heart demonstrated impressively in his losing fight with Jack Sharkey and upon the man-sized punch which laid Knute Hansen low and started the Akronite upon the big time trail. Christner also is of rugged mold, a worthy foil for the durable Basque.

COSTELLO SCORES EAS WIN IN FIRST ROUND

HAMILTON, Bermuda, Feb. 21—(AP)—G. J. Costello, of the Seaview Golf club, Absecon, N. J., winner of the qualifying medal yesterday, scored an easy victory in his first round match in the Spey Royal trophy tournament at the Belmont Manor club here today. Costello defeated Jokichi Takamine, of Ridgewood, N. J., 6 and 5.

L. B. Cutler, of Canoe Brook, Summit, N. J., who tied for second place with G. W. West, of Bermuda, was the victim of the first upset, losing to T. P. Dawling, of Bonnie Briar 4 and 3. West defeated Albert Dunwoodie 7 and 5. Nat Vickers, 82 year old golfer from Jamaica, N. Y., who qualified for the first flight with a 77, put up one of the hardest battles of the day before losing to S. A. Scott, of MacDonald, W. Va., by a 2 and 1 margin.

AGGIE FROSH QUINTET TO PLAY LOOMIS PREP.

(Special to The Bulletin)

STORRS, Feb. 21—The game that is scheduled for the Aggie freshman five was cancelled early this week by the Holy Cross management. Coach Kitgood had been pointing his team for this engagement, but a contest has already been arranged with Loomis Prep. for Saturday afternoon at Loomis. The Frosh team have won its last six games, its victims being the American School for the Deaf of Hartford, Assumption college of Worcester, Rhode Island frosh, Pomfret, Trinity Jr. varsity, and the Brown frosh. This record of six straight wins is a good one as compared to the showing made last year. Scully and Goldberg have stood most of the offensive attack of the freshmen, with Wilson showing up well in the back court.

SHARKEY IN BEST CONDITION OF CAREER

(By Edward J. Neil, Associated Press Sports Writer)

MIAMI BEACH, Fla., Feb. 21—(AP)—Naked but for scanty ring tights a smiling Jack Sharkey perched on the edge of a pine bench in his dressing room at the dog track today and grinned at his manager, Johnny Buckley. Johnny grinned back at the Boston sailor, gathered together bandages and tape, and puttered around solicitiously as Sherkey wrapped his hands.

"John", said the happy fighter, "I blew my last big shot with Dempsey. I've got another chance and you can bet all the Irish in South Boston that there'll be no fooling next Wednesday night. I can't promise to knock out Young Stribling, I'm through with that kind of talk—but I'll win and if I feel him going I'll finish him in a round. Now you tell them the rest."

With pardonable pride, the short rotund Buckley swelled his chest and announced that a very important business deal had just been completed. Just a few minutes before he and Sharkey entered into a new contract under which Buckley will manage the Boston sailor for another year. The new arrangement seemed to make both happy.

The old contract between the fighter and his manager ended today after five years of profitable relations. Buckley found the big sailor in a Boston gymnasium, working out during shore leave, and was so impressed that he gained Sharkey's discharge from the navy and put him to work. Since then the limber Lithuanian has in turn thrilled and disappointed the fight faithful with both sensational and mediocre performances.

He beat George Godfrey and Harry Wills, present and past "black menaces," knocked out Jim Maloney and almost bowled over Jack Dempsey before the Old Manassa Mauler laid him low with body punches. Mixed in with these performances was a draw with Tom Heeney and a defeat by Johnny Risko in two disappointing forays.

Sharkey today believes he is in the finest condition of his career. He really looks it—burned a brick red by the semi-tropical sun, lithe, fast, vicious and lean as a monster greyhound at 187 pounds, the lowest weight of his career. Furthermore, he has a deep contempt for the fighting ability of Stribling. In most of his past battles Sharkey's measure of contempt for an opponent was usually the measure of his success against that rival in the ring.

The New England ace alone went through his training stunts today. Again his performance sparkled and the three rounds he boxed with Johnny Grosso, Paul Hoffman and Pat McCarthy were most impressive.

With the skirmish in Flamingo park only six days away, Stribling found the sun too hot for work. The Georgian is in fine shape, scaling about 188 pounds and is fearful of over training through too much work. The only punches Stribling delivered today were two smashes—one left and one right—which nearly demolished the door when the Macon slugger called on newspaper men to prove that his hands were in perfect condition. Because Stribling changed hand bandages during a workout yesterday, reports appeared today that an injury had developed.

Despite Sharkey's fine showing, the most interesting portion of the day's fisticuffs was a two round bout between Andy Callahan, 136 pounder from Lawrence, Mass., and Charlie Pond, lanky heavyweight from Houston, Tex.

Callahan, a fast heavy hitting southpaw, did such damage to Pond's features that Sharkey took the little fellow to task.

"I pay for big sparring partners and you cuff them around," he smiled as he picked little Callahan up in his arms. "Pick on some one your own size," he said.

AGGIES PLAY VERMONT AT STORRS SATURDAY

(Special to The Bulletin)

STORRS, Feb. 21—The Connecticut Aggie basketball team were given the day off today after the win over the Coast Guard academy. The playing of Billie Darrow in his first varsity start was the outstanding feature of the game. He broke up more passes in the contest than seen in many moons on the Aggie home court. On the offense he accounted for ten points.

The next game for the varsity is scheduled for Saturday night on the home court, with the University of Vermont. The Catamounts have an exceptionally strong five this season, and Coach Alexander will start the workouts off tomorrow in preparation for the event.

The Junior varsity, who recently beat the New Britain Boy's club will tackle the New London Y. M. C. A. tomorow night at New London. The same team that faced the Boy's club will start against the New London aggregation with Hyman and Anderson at forwards, McCombe at the pivot position and Dugat and Tuskevich at the guards.

CHET IRWIN WILL BE PRO AT PUTNAM CLUB

(Special to The Bulletin)

PUTNAM, Feb. 21—A former champion will occupy the professional's berth at the Putnam Country club this year when "Chet" Irwin, former junior golf champion of New England arrives here in the spring to open the local club. Irwin has accepted the offer of the governors of the Putnam Country club, according to J. D. Potter secretary of the board.

Irwin is well known in New England golf circles and is former assistant professional at the Shuttle Meadow club of New Britain and is at present conducting a class of indoor golfing in New Britain.

He comes to Putnam with a high recommendation and will take charge of the Putnam club on April 1.

SALISBURY MAN RETAINS NATIONAL SKI TITLE

BRATTLEBORO, Vt., Feb. 21—(AP)—Magnus Satre, of Salisbury, Conn., successfully defended his national senior cross-country ski championship, when he led a field of eight over a difficult 24 mile course on the first day of the two day tournament of the National Ski association, here today. His time was one hour, 14 minutes and 30 seconds.

Satre's performance was regarded here as a remarkable one because of the extreme difficulty of the course which included many arduous grades, numerous encounters with thick brushwood and a number of difficult obstacles such as stone walls and fences.

Sven Astrom, regarded as one of Europe's outstanding ski runners and now competing for the Hanover, N. H. Ski club, finished second, about three minutes behind Satre. Nils Beckstrom, of Hanover, N. H., finished third about five minutes behind the winer and a scant four seconds in advance of Johan O. Satre, brother of winner. Harold Paumgarten, of Brattleboro, was fifth.

For the first time this year, a contest for the national junior cross-country championship was held, the title falling to Marine Rivers, of Chester, who covered the seven mile course in 43 minutes and 27 seconds. Berger Torrison, of the Norway Ski club, Chicago, finished second in 44 minutes, 50 seconds; Truxton T. Brittan Dartmouth college, third, 45 minutes flat; Richard Parsons, Brattleboro, fourth, 48 minutes, 27 seconds and Algot Larson, St. Paul, Minn., fifth in 49 minutes, 54 seconds. A field of 13 participated.

Because of a heavy snowfall which resulted in unfavorable conditions, ski jumping events which had been scheduled for today were postponed until tomorrow.

WILLIAMS EQUALS RECORD TO WIN 60-YARD EVENT

TORONTO, Feb. 21—(AP)—Beaten in one of the trial heats, Percy Williams, Olympic 100 and 200 metre sprint champion, came back to capture the finals of the 60 yard dash in record-equalling time at the Canadian national indoor track and field championships here tonight.

Williams' time was six and one-fifth seconds, equalling the record held jointly by a number of sprinters.

In his trial heat, Williams had been caught napping at the gun and all the powerful driving finish for which he is famous could not save him from defeat at the hands of G. D. Powell, of Toronto, an unknown. Williams was second in this heat by a scant half-foot.

In the finals, however, the Olympic champion was away fast and conquered a field that included his Olympic team-mate, Jimmy Fitzpatrick of Hamilton. Fitzpatrick was second and L. Miller of Hamilton, third.

"Bob" McAllister, of New York, who had been billed to compete against Williams, appeared at the meet but refused to run when he learned he would be forced to appear in the trial heats. McAllister said he had accepted the invitation to run with the understanding that he would run only once. He said his recent illness made it impossible for him to run in two trial heats and then the final as was necessary for Williams.

The high jump went to Harold Osborn, be-spectacled star of the Illinois A. C. Osborn cleared six feet two inches to establish a new Canadian record. G. Smallcombe and G. Vennes, both of Toronto, were second and third respectively.

Myrtle Cook, the Toronto girl flier, won the 60 yards women's invitation in 7 1-5 seconds with her Canadian Ladies A. C. teammates, Jane Bell and Ethel Smith second and third.

BATTALINO WINS FROM LETO IN SEVENTH ROUND

HARTFORD, Feb. 21—(AP)—Bat Battalino won on a technical knockout in the seventh round over Tony Leto, of Tampa, Fla., in the feature bout at Food Guard hall tonight. Leto put up a wonderful fight and sent Bat down in the second round just before the bell. Referee Conway stopped the bout in the seventh when Leto's both eyes were badly cut. Battalino weighed 126, Leto 126 1-4.

Joe Cilento, 126, Hartford, lost on a foul in the first round to Jimmy Stachas, 124 1-2, of Holyoke. Chet Salowsky, 164, Holyoke, won on a knockout in the second round over Jimmy Brown, 160, Hartford. Joe Zotter, 138 3-4, New Britain, won a six round decision over Pancho Villa, 147, Hartford; Herald Emard, Holyoke, 136, knocked out Marino Pagini, Springfield, 136 3-4, in the fourth round. Vic Morley, 147, Hartford, won on a knockout in the third round over Billy Coe, 145 1-2, New Haven.

ACADEMY PLAYS GILBERT AT WINSTED TONIGHT

The Academy basketball team will spend Washington's birthday in Winsted, going there to play Gilbert high this evening. Gilbert has a strong team this year and on the local floor about a month ago, beat the Academy in decisive fashion.

The locals, however, have shown improvement in recent games and are expected to put up a strong fight.

Coach Whetney will probably use Stevens and Henschel at forwards, Berghinzo at center and Capt. LaCroix and Barber at guards.

BRICE AND CHASE TO PLAY IN MIAMI FINALS

MIAMI, Fla., Feb. 21—(AP)—Harcourt M. Brice, of Miami advanced today to the finals of the annual Miami amateur golf championship. He will defend his 1928 title in a 36 hole match tomorrow with Lee Chase, of Buffalo.

Brice defeated George O'Connor, Southhampton, L. I., in today's 18 hole semi-final with a 3 and 2 advantage. O'Connor was medalist for the tourney and had played consistent golf to go into the semi-finals at the Miami Country club course.

Chase polled a victory over C. A. Roberts, Miami, when he came in with a 4 and 3 score over his opponent.

SEVEN BOXING BOUTS FOR ARMY-YALE TOURNAMENT

NEW HAVEN, Feb. 21—(AP)—Through an agreement reached by athletic authorities at West Point and ale today, seven boxing bouts instead of the customary six, will be staged by the two colleges when they meet in the Yale gymnasium, March 2. Up until this year Yale has never been represented in the heavyweight division.

The classes to be held are: Two bouts in 125 pound class; 135; two in 145 pound class; 158 and 175. Over a period of years Yale boxing teams have won the distinction of not losing a college match with the exception of Army and Navy representatives.

STRIBLING-SHARKEY WINNER CHALLENGED BY LOUGHRAN

PHILADELPHIA, Feb. 21—(AP)—Announcement was made here tonight that Tommy Loughran, light heavyweight champion of the world, had challenged the winner of the Jack Sharkey-Young Stribling bout.

The announcement was made by Frank McCracken, referee and sports writer, in a radio talk over WELK. McCracken read a telegram from Jack Dempsey stating that the former champion had received Loughran's challenge today.

BACHELORS BEAT BENEDICTS BY SCANT MARGIN OF THREE POINTS

Forsaking the old armchair, the radio and the delightful company of friend wife, provided she's not out to a bridge party, seven benedicts of the Y. M. C. A. did battle with the debonair bachelor brothers on the basketball court, at the Y last night. The Benedicts, although beaten, 42 to 39, thoroughly disapproved the motheaten theory that as soon as a man utters those fateful words "I do" he immediately steps out onto the highway leading to that realm supposedly inhabited by "has-beens." The debonair Bachelors right from the opening blast of the whistle found that they had their hands full and that there was nothing senile about those benedicts.

The two factions of male society battled on even terms from whistle to whistle and it was only lack of practice through more constant devotion to the heartsome that gave the Bachelors their three-point margin of victory. It was a real game with plenty of thrills that should have been witnessed by friend wife. But she'll know all about it, for what man could ever keep anything from his woman.

Demarest, Lambert and Ellison featured for the Benedicts while Pingree and Brown starred for the Bachelors. Randy Whaples referred, and although his sympathies were with the Benedicts he maintained a policy of strict neutrality.

Preceding the main battle there was a Church league game in which the Central Baptist five administered a severe trouncing to the team representing the Methodist church. The score was 49 to 7. McNeil was the only player on the Methodist team to score. The summaries:

COUGARS PLAY BRILLIANT HOCKEY TO BEAT RANGERS

NEW YORK, Feb. 21—(AP)—The Detroit Cougars held off the hardest attacks the division leading New York Rangers could offer tonight to take a hard National Hockey league struggle by a 1 to 0 count. Carson Cooper, speedy right winger scored the only goal of the game in the middle of the second period and left the Cougars to put up a great defensive battle for the rest of the game to hold their margin.

The goal combined a brilliant shot with a fluke from an almost impossibly angle. Cooper let fly a hard shot at the corner of the net. Roach tried to turn it with his stick but the rubber made a queer bound and went into the net.

The result cost the Rangers two valuable points in the stand, leaving them only two points ahead of Boston instead of the four point margin they maintained up to Tuesday. The Cougars gained one game on the Bruins, who were idle tonight.

WIDE TO TRY FOR RECORD AT BOSTON

BOSTON, Feb. 21, (AP)—A sixty yard dash and a ten mile run are only the extremes of a varied sport menu which will be served up to amateur track enthusiasts, at the Garden tomorrow night by the Boston Caledonian club. Intermediate distances and the various field contests are included on the programme.

Edvin Wide, of Sweden, Paavo Nurmi's chief rival, might be considered the star of the meet, but there are plenty of others. Wide, it is expected, will attempt to lower the time for the special two mile run in which he is billed. Ove Anderson, of Finland, who has several times finished second to Nurmi, will contest the event with Wide.

An international tone will be given the ten mile event by the presence of Hugher McLeod and George Carey, two of Nova Scotia's best long distance men. "Whitey" Al Michelson, who saw service in the Olympics last year, will dispute the long grind with about 30 others, many of them of the best local material.

MALCEWICZ THROWS STECHER IN TWO OUT OF THREE FALLS

BOSTON, Feb. 21—(AP)—Joe Malcewicz, of Utica, N. Y., won the right to meet Gus Sonnenberg, world's wrestling champion, when he defeated Joe Stecher, Chicago, here, tonight in two our of three falls.

"Panther Joe" scored the first fall after 34 minutes and 40 seconds with a body lift and back fall.

"Scissors Joe" came back to the mat the fresher of the two and pinned the "Panther's" shoulders to the mat with a top scissors and double wrist lock in 17 minutes and 50 seconds.

Malcewicz gained the deciding fall in 8 minutes, 57 seconds with side arm chancery and quarter Nelson.

Three of the preliminary matches ended in draws. Joe Malcey, of Boston and Ivan Micheseloff, Michael Nazarian and Freddie Meyers of Chicago, and Henri Deglane of France and Charley Hanson, of Sweden, were the pairs who concluded their bouts without decisions.

Pat McGill, of Wakefield, won from "Cowboy" Rogers, of Nebraska, and "Farmer" George McLeod defeated Dan Koffjin, the "Balkan Lion."

OTTAWA SENATORS TAKE GAME FROM BLACK HAWKS

DETROIT, Feb. 21—(AP)—Ottawa's Senators fattened their cellar scoring average here tonight at the expense of the homeless Chicago Black Hawks, winning 3 to 0 in a National league hockey game that failed to produce exciting action on the part of either team.

King Clancy, Ottawa defense man, was the outstanding player, scoring two of the goals and aiding materially in the offense, not to mention serving three penalties for his zeal in keeping the game alive. "Hec" Kilrea got the other goal.

The Hawks failed in defense, although their forwards, Dick Irvin, Johnny Gottselig and Vic Ripley, carried the play into Ottawa ice. The Senators found Chuck Gardiner Hawk goalie, a thorn in their plan to run up a heavy score. Gardiner turned back difficult shots from all angles.

Sonnenberg Wins

SPRINGFIELD, Mass., Feb. 21—(AP)—Gus Sonnenberg, world's champion wrestler, defeated Jack Smith, of Peshtigo, Wis., in two straight falls here tonight. Sonnenberg won the first in 28 minutes, 30 seconds with his famous flying tackle, Smith being knocked out when his head hit the floor. Sonnenberg took the second in 8 minutes, 55 seconds with a toe hold.

DANIELSON VS. NORTON A. C. SATURDAY

The Danielson Town Team is looking forward to a tough battle Saturday night when they meet the famous Norton A. C. club of Worcester in the town hall, Danielson.

The Norton club comes to Danielson with a reputation second to none, having beaten the best teams of Massachusetts. Their lineup will include the famous "Whitey" Bernot who certainly needs no introduction to eastern Connecticut basketball followers. At the forward positions will be two other stars which are no other than Kasper and Brusso, also famous throughout Eastern Connecticut, while Lee and Snow will play the guard positions.

These two teams battled in Worcester last week with the Norton A. C. coming out winners in the last few minutes of play after making several long sensational shots.

The Danielson Towners have been putting in strenuous practice this week so as to even up matters, so there is no doubt but what there will be one of the greatest games of the season Saturday night.

Danielson will have its regular lineup with a possibility of one additional star.

Dupuis Leads Mushers

QUEBEC, Feb. 21—(AP)—Frank Dupuis, veteran musher of Magdalen Islands, Quebec, won today's opening lap of 40 miles in the 120-mile Eastern International Dog Sled derby here, outstripping such speed kings of the snow trail as Emil St. Goddard of the Pas and Leonard Seppala of Nome, Alaska.

Harvey Kayoes Moody

LONDON, Feb. 21—(AP)—Len Harvey scored a technical knockout over Frank Moody, light heavyweight champion of Great Britain in the sixth round of their 15 round bout at the Crystal palace tonight. The referee stopped the fight after Moody had been floored several times and had absorbed much punishment while on his feet.

POSTMAN ALGER EXHAUSTED BY WALK THROUGH SNOW

(Special to The Bulletin.
WESTERLY, R. I. Feb. 21—L. Ward Alger, letter carrier No. 6, of Westerly postoffice, while making deliveries on West Broad street, Pawcatuck, about noon today, was overcome by exhaustion due to the extra effort in forcing his way through the snow storm, and collapsed. He was taken to the Westerly postoffice and Dr. Michael H. Scanlon, who was called to attend him, found a slight embolism. Under Dr. Scanlon's direction, a force of postffice employes took him to his home, 13 Dixon street. His family physician, Dr. J. Gordon Anderson, was called and his condition later was reported as more comfortable.

While going up West Board street, Mr. Alger was observed by Keron A. Doyle, residing at 12 South Broad street, apparently moving around in circles. Going to his assistance Mr. Doyle found that Postman Alger did not realize where he was or in what direction he was moving. Help was called and Mr. Alger was taken to Westerly postoffice.

FUNERAL
Harlan P. Hakes

The funeral of Harlan P. Hakes was held Thursday afternoon at his home on the Potter Hill road. Rev. Clayton A. Burdick, D. D., pastor of Pawcatuck Seventh-day Baptist church, conducted the services. There were beautiful floral tributes and many relatives and friends attended the services. Burial was in River Bend cemetery, the bearers being Robert Hakes and Jesse P. Hakes, sons of the deceased; W. Sinclair Barker, Henry R. Havens, John C. Loughhead and LaVerne D. Langworthy.

MRS. RICHARD J. BUTLER TAKEN ILL WHILE AT CHURCH

Mrs. Mary Butler, widow of Richard J. Butler, residing at 15 Dixon street, was taken ill Wednesday evening, as she was attending lenten services at the Church of the Immaculate Conception. She was taken to her home, where Dr. J. Gordon Anderson, who was called, found that she had sustained a slight shock.

On Feb. 20, Marion C. Hoar, of Springfield, Mass., sold to Gertrude L. Dower, of Springfield, Mass., Lot No. 17 located at Weekapaug beach.

On Feb. 20, Gertrude L. Dower transferred to David B. and Marion C. Hoar, the above described tract of land with all appurtenances.

On Feb. 21, Thorp and Trainer, Inc., sold to Charles R. Oppy and Helen A. Oppy, Lot No. 7, Vose Park plat.

Coached By Miss Bannon

The Westerly Players' club will present on the evening of March 21, the play "Three Wise Fools." Rehearsals are progressing under the direction of Miss Mary Whipple, who has so successfully put on two plays for the organization. Following business at the meeting of the club last night, a four-act comedy, "Clarence" by Booth Tarkington was presented. The cast was coached by Miss Rose Bannon and the comedy was cleverly portrayed.

To Observe Holiday

Washington's birthday, being a Rhode Island and Connecticut legal holiday, the town hall and various town departments will be closed as will also the banks, schools and postoffice. The usual holiday schedule will be in effect at the postoffice. There will be no deliveries by either city or rural carriers, and the money order department will be closed all day. The stamp and general delivery windows will be open from 7 a. m., until noon. The last outgoing mail will close at 10 p. m. instead of at midnight.

It is expected if the weather proves pleasant there will be a large showing of the stars and stripes from staffs on public and private buildings and sidewalk poles.

The Washington birthday holiday marks the beginning of a week of school vacation for local pupils.

OBITUARY
Mrs. Nicholas Dower

Mrs. Annie Dower, 84, wife of Nicholas Dower, of 134 Main street, a resident of Westerly for over 35 years, died Wednesday at the Rhode Island hospital, in Providence, where she had been a patient for seven weeks. She was born in Cornwall, England, Aug. 21, 1844. She came to this country when a young woman and had resided in Westerly for 38 years. She was an active member of Grace M. E. church. Besides her husband, she is survived by a son, Joseph Dower, of White Rock, and a daughter, Mrs. Frank Cherenzia, of Westerly.

Heavy Snowfall

The heaviest fall of snow thus far this winter began in Westerly at about 5:45 Thursday morning, with light powdery flakes. Shortly after noon when the snow ceased to fall, there were several inches on the ground. A fine mist-like rain began and froze as it fell. Both town and state highway departments began the work of snow removal from street crossings and highway surface before it became packed down and frozen. Through railroad express trains and motor buses were delayed in keeping schedules.

"SHE STOOPS TO CONQUER" TO BE GIVEN BY SENIORS

Westerly high school seniors will for a second time in the school history present "She Stoops to Conquer." As during the few years past there will be two evenings given over to its production, and on these nights there will be different casts.

The following students will portray the characters: Young Marlow, hero, Ralph Briggs; Miss Hardcastle, heroine Lucy Rawlings; George Hastings, friend of Marlowe, Robert Drysdale, 3rd; Mr. Hardcastle, father of Kate, Byron McCoy; Mrs. Hardcastle, Bertha Beaudreau; Tony Lumpkins, Mrs. Hardcastle's wayward son, Fred Dowlolo; Miss Neville, friend of Kate, Eloise Freeman; Sir Charles Marlowe, father of young Marlowe, John Clancy; Diggory, head servant, William Cranzal; servants of Hardcastle, Roger Sheffield, Greene; Dick, Charles Williams; and Thomas, Charles Eldredge; Stingo, landlord of inn, Joseph Itchkawich; associates of Tony, Jack Slang, horse doctor, Douglas Rae; Dick Muggins, exerciseman, Gordon Michie; and Aminadab, street bear dancer, Tony Toskas; pot boy, Far Carpenter; postillian, Reginald Lamb; barmaid, Mary Brown; maid Elna Fain; man asleep, William Tuckerman; Jeremy, Arthur Willis. The second night cast will be: Young Marlowe, Rupert Coleman; Miss Hardcastle, Ruth Van Vleck; George Hastings, Francis Arnone; Mr. Hardcastle, Byron McCoy; Mrs. Hardcastle, Ruth Kenyon; Tony Lumpkins, Robert Bonner; Miss Neville, Valentine Rodgers; Sir Charles Marlowe, John Clancy; remainder of cast same as on the first night. The producing staff has been chosen as follows: Stage manager, William Tuckerman; treasurer, Alice Ledwidge; press representative, Gordon Michie; house manager, Ruth Williams; stage carpenter, Robert Drysdale, 3rd; director of lighting, Rupert Coleman; wardrobe mistress, Miss Fae Hope; assistants, Margaret Foley, Helen Himes; chief promoter, Letitia DeRocco; property mistress, Mary Dolan.

Store Entered

The Gardener grocery store, on Elm street, was broken into on Monday night, entrance being gained through a window in the office. Several piles of goods were found ready to be removed. The store has been closed for several weeks. When the break was discovered the new owner came here from New London, and removed the goods to that city where they will be disposed of.

Fred Buck was a visitor in Springfield, Mass., on Wednesday.

Charged With Theft

John Victoria, 17, was before Judge William A. Wilcox in Stonington town court Wednesday morning on a charge of theft. Mrs. Jennie Victoria, sister-in-law of the accused, was appointed guardian and entered a plea of not guilty. Amos Nugent testified that he had a quantity of lumber piled in his yard which he has been missing for the past week and, on Tuesday night, caught Victoria taking it. Patrolman Adams was called and Victoria was placed in the lockup over night. In his investigation Prosecuting Attorney George R. McKenna found that the family was in need and recommended that the case be continued for 30 days and Victoria be released in the custody of his sister-in-law. Judge Wilcox also requested that Victoria find work and pay for the lumber.

Franklin Alvek of Fishers Island was a visitor here Wednesday.

Fire on Fishing Boat

DANIELSON

MISS WOODWORTH COMPLETES SERVICES AS SCHOOL TEACHER

(Special to The Bulletin.)

DANIELSON, Feb. 21—With the closing of Killingly's schools this afternoon for a periodical vacation that will include Washington's birthday, Miss Elizabeth R. Woodworth, principal of the, Danielson graded schools completed her long service as a teacher in this town, and a very successful one. Miss Woodworth, whose engagement recently was announced, has resigned her position.

Incidental to the end of the term, Supt. William E. Parker announced today that he will leave Friday for Cleveland O., to attend the annual meeting of the National Education association, which opens Monday. The meeting will be attended by hundreds of the foremost educators of the United States. Supt. Parker plans to return in time for the re-opening of the schools of Killingly and Brooklyn on March 4.

He said today that health conditions in local schools are rapidly returning to normal. During the prevalence of influenza and the grip epidemic a large number of pupils and many of the teachers were affected. Nearly all of these pupils are now back in school, and all teachers with the exception of one in the town of Killingly and one in the town of Brooklyn.

Definite plans for filling the position left vacant by Miss Woodworth have not been made. Several transfers of teachers have been contemplated by the school committee, but Mr. Parker reports it exceedingly difficult to find just the teachers to fit into the positions considered. It is possible, therefore, that a substitute teacher will be appointed to finish the year.

The resignation of Miss Woodworth is much regretted by her many friends and former pupils because of her efficient teaching during her years of teaching in the grammar school and her splendid service as principal during recent years.

Dog Owners Warned

There is going to be no dilly-dallying about enforcing the quarantine on dogs in the town of Killingly when the quarantine goes into effect at 7 o'clock next Monday morning. Dog Warden Charles E. Ayer made that very clear this morning. The quarantine has been widely advertised, both officially and unofficially, and it is held that there is no excuse why every dog owner in the town should not know about it. The order is specific that the dogs shall be kept confined, and that order is to be rigidly enforced. No excuses will be accepted.

Inquiry today has established that some owners have had their dogs vaccinated. Twenty-one days after being vaccinated, a dog can be given his liberty, but he must be kept confined that long after being vaccinated.

Some of the dogs that were attacked and bitten by the two rabid animals recently roaming in this town already have been despatched and now are in the dogs Valhalla. Others that have been bitten will similarly be disposed of, the assurance was given today. Special Deputy Chauncey Genung of the domestic animal bureau will return here Sunday and will work with Dog Warden Ayer in the enforcement of the quarantine.

OBITUARY

Cyrus A. Smith

Cyrus A. Smith, who passed his 80th birthday on December 10 last, died today at his home in East Killingly. Mr. Smith lived many years of his life at East Killingly, but for 20 years was engaged in business in Putnam as a florist and dealer in antiques. Disposing of this business he returned to East Killingly to spend the later years of his life. He was a son of Cyrus and Sally Mason Smith and of a family identified with East Killingly for generations. He was the last of his family. Nephews are William B. Smith, James E. Smith, Postmaster Robert Smith, all of East Killingly, and Frank H. Smith of Putnam Heights. Mrs. Nellie Hannon of Boston is his sister.

Adelor Duso

Adelor Duso, 4 year old son of Mr. and Mrs. Adelor Duso of Ballouville, died last night at the Day Kimball hospital in Putnam. The body was taken in charge by Undertaker L. E. Kennedy. The child was fatally scalded a week ago today when he backed into a tub of scorching hot water at the home of his parents. He was hurried to the hospital and given every possible attention, but was unable to survive on account of the seriousness of his injuries and of the area of his body scalded.

T. J. Coffey

A death at the home in Dayville last night was that of Timothy Joseph Coffey, 22, at the home of his mother, Mrs. Jane Coffey. He had been in failing health for a long time. In addition to his mother, Mrs. Coffey is survived by a brother, William, by a half-brother, John Holly, and a half-sister, Miss Esther Holly. His father, John Coffey, died a number of years ago.

Seven Inches of Snow

The heaviest snowfall of the winter brought a blanket of snow today that was from 6 to 7 inches in depth in Danielson by 5 o'clock this afternoon. The storm did not seriously interfere with traffic, and motor coaches on the lines through Danielson were operating close to schedule time throughout the day. State highway plows were covering the trunk lines the greater part of the day and preventing the storm from piling any great amount of snow upon them. From country districts near here there came reports as early as noon that the northeaster was drifting country highways in such localities as usually are drifted in heavy storms, but there was hardly a threat of any of them being actually blockaded. The storm was about the coldest of the winter, with the temperature down to 18 degrees during much of it.

Admits Robbery in Jewett City

It was stated here today that Angelo Chiariza, 19, has admitted to state officers that he is guilty of breaking into the Deadmley store at Jewett City and robbing it. Chiariza is being held by the Westerly police. This afternoon it was stated that the prisoner will be tried for breaks he has admitted committing in Rhode Island, as told in today's Bulletin, before he is turned over to Connecticut officers, and that may not be for a long time if he is found guilty in Rhode Island.

Nothing developed during today to give a clue to the person or persons responsible for two breaks and an attempted break at business places here since the first of the week. However, it seems fairly well established that whoever is responsible is trying out a system of unlocking doors out of a collection of keys, rather than actual forcing the doors or windows to gain entrance.

Frederick Reynolds, 23 year old Bridgeport man, has been released from the custody of state officers here and has returned to Bridgeport after making restitution to James Walker of the town of Plainfield for a bad check transaction. Reynolds gave Walker a check in payment for taxi service, obtained the change and went his way. The check later proved to be worthless. Reynolds was located in Bridgeport and brought back to Central Village.

Treasurer Sidney W. Bard of the Brooklyn Savings bank will be in New Haven Washington's birthday on a business trip.

One dollar off on tires in stock and 50 cents off on tubes Dollar day, Sat. Feb. 23. Ray W. Pellett.—Adv.

A death at Wauregan this week was that of Rene Lucien Campbell, 6 weeks old son of Mr. and Mrs. Robert Campbell. Following a service at the Sacred Heart church burial was in the Sacred Heart cemetery. L. E. Kennedy was in charge of the funeral arrangements.

Mrs. Inez E. Curtis, wife of O. Hoyt Curtis, died this week at the Masonic home at Wallingford. Mrs. Curtis at one time was a resident of Danielson and also had lived at North Grosvernordale.

Mr. and Mrs. George Wilson and their son, Burton, have been visitors in Boston.

Excepting for the banks being closed, business will proceed as usual in Danielson on Washington's birthday.

Mrs. Frank Edmonston of Dayville is visiting with relatives in East Glastonbury.

Figuring up income tax returns for the past year is one of many things now engaging the attention of business men and others here.

This was a clean-up day for taxi drivers operating the low-cost service in Danielson, the machines being kept in constant use throughout the day, largely because walking was so difficult.

Mr. and Mrs. E. V. Rich of Madison are guests of Mr. and Mrs. George Wilson.

Miss Anna Doyle, reported critically ill at her home in Providence the early part of the week, has shown considerable improvement.

The storm today caused further delay in harvesting a crop of ice at the Hygeia reservoir, where operations were started the first of the week. Now the reservoir surface will have to be cleared of snow before the work again can be speeded up.

Judge Sabin S. Russell was in Hartford today on a business trip.

EASTERN VOLUNTOWN

James Congdon is very sick and his wife is quite feeble. Mr. Congdon was taken dizzy. They thought yesterday he was a little more comfortable.

Mason Gray's family are all sick with the grippe and some with boils and some of the family have them both.

William Bitgood attended his sister-in-law's, Mrs. A. J. Bitgood's funeral at Moosup Tuesday. Mr. and Mrs. Harry Leonard took Mr. Bitgood and Mrs. Lee Remington to the funeral. Mrs. Leonard is Mr. Bitgood's niece. She lives in Providence.

Mr. Bitgood and Miss Maynard are better of their colds or flu or whatever you may call it.

Jefferson Barber's cold is about the same. He is out and around. He went to Oneco one day this week to do some trading.

Mrs Albert Dawley's sister's family from Rhode Island were to see her Sunday. Also Mr. Wallace and Mr. Condin of Lisbon.

John Barber of Campbell Mills is on the sick list.

Herbert August was in Oneco Tuesday visiting Georgie Remington.

Mrs. Bitgood thanks her many friends for the fruit they have sent her in her sickness.

Mr. and Mrs. Charles Barber, son and granddaughter and Mr. Buxbee of Jewett City, and Mr. and Mrs. Lee Remington and three children of Oneco were to see their mother, Mrs. William Bitgood, Sunday, and Mr. Wallace and Mr. Condin of Lisbon.

Charles Douglas has gone to Plainfield to his cousins.

Mr. and Mrs. Warren Tanner and family are getting better of the flu. Some of them can go out doors. They have been quite sick. Charles Tanner did the chores for his brother.

Mrs. Ellen Lewis's family has the sympathy of your correspondent in their sadness. There is one good woman who has left us and she is going to be missed by many who knew her. She had many friends to help the family mourn for her.

Mrs. William Bitgood is on the gain but very slow. She got up and dressed Sunday. Hadn't been up before in four weeks to sit up much.

Thomas Lewis is with Mr. Bitgood. His arm is some better but not so he can put it up to his head yet. He can't get his hand behind him but he has split a little wood at the woodpile after it was sawed in stove wood.

BLACK HILL

Miss Lula M. Bennett of New Bedford is visiting Mr. and Mrs. H. Beecher Brown.

Nathan Exley called Sunday at Maple Lane farm.

The many friends of Chauncey Hill regret to hear of his misfortune Monday in breaking his thigh. Dr. Overlock was called in consultation with Dr. Gardner.

Mr. and Mrs. E. E. Brown were in Danielson Monday.

Thomas and Henry Moore and E. E. Brown attended the funeral of Rev. John Pratt at Brooklyn.

Willard Cornell and Benjamin Cornell recently visited in River Point, R. I.

Representatives of the Eastern Connecticut Power company have been prospecting for an extension of the line in this section.

PUTNAM

PUTNAM BLANKETED WITH 12 INCHES OF SNOW

(Special to The Bulletin)

PUTNAM, Feb. 21—Like all New England, Putnam was today in the grip of a real blizzard—the first of the winter. At late afternoon nearly twelve inches of snow had fallen and no sight of a let-up in the heavy flying flakes could be detected by weather experts.

The forces of the state and city were working with all the available apparatus attempting to cope with nature's wintry gift and open the snowbound highways, city streets and sidewalks.

Both railroad and vehicular traffic had encountered the difficulties that accompany each storm of any severity and were several minutes late in arriving at their destinations.

The first heavy snowfall of the winter dawned upon the city in the midst of a cold wave. The temperature, which for a week, with the exception of Tuesday when a lighter snow fell, had been at a daily average of fifty-five degrees fell to 20 above the zero mark this morning and remained so throughout the day.

Inter-city automobile traffic experienced little difficulty since the roads were kept fairly well scraped during the day by the city and state snow removal forces. Rural telephone service maintained a vigilance over the wires, in search of trouble, all during the storm.

In the old blacksmith shop where the elders of the city gather daily to discuss the events of the past, the chief topic today was the "blizzard of 88". Four elderly gentlemen, each with a clear memory of that great snow storm of by gone days, sat close to the fire of the blacksmith shop this morning and told one yarn after another of what happened when Putnam was snowbound for days without outside help. "It started just like this," one began, "Yes and in them days, there was no waiting shovel to catch every flake" asserted the other and so on until the hour of closing time when they left for their homes, to await the arrival of morning when they would return for another day to their comfortable chairs in the old shop and exchange stories.

John M Hogan, of Tatem street, left this morning for New York city.

Fighting with every available ounce of energy, Daniel J. Byrne, treasurer of the Putnam Savings bank, continued his battle with pneumonia, at his home on Seward street, today. Mr. Byrne has been in a critical condition for the past week and all hopes for his recovery have been abandoned. The Putnam bank executive passed a fair night Wednesday, and remained unchanged during the hours of Thursday forenoon, according to an announcement from his home this afternoon.

Mr. Byrne's younger brother, John B. Byrne, of Hartford, who was located two days ago on a cruise of the Florida coast and informed of his brother's serious illness, has reached the mainland and is now on his way northward, taking the fastest methods of transportation in an effort to reach the bedside of his brother. The younger Mr. Byrne is expected to reach Putnam sometime Friday.

Funeral services for Mrs. Henry Alvord, who died at the Day Kimball hospital on Monday, were held this afternoon in the parlors of the Congregational church on Main street. The services at the church were read by Rev James F. English, pastor of the church who also conducted the committal exercises at the grave in Grove street cemetery, where burial was held.

Patriotic exercises in commemoration of the birthday of George Washington were held in all the schools of the city today, since there will be no sessions on Friday. In the primary grades the customary readings of stories and deeds of the great American were in vogue, while the delivering of speeches and the reading of essays constituted the programs in the higher grades. At Putnam high school, Rev. Everett E. Lyons, of East Thompson, spoke on the life of Washington.

Besides the schools being closed on Friday there will be a general suspension of business at noon, since all the retail merchants have signified their intentions of closing. The three Putnam banks will observe the holiday by a general suspension of business activities. The chamber of commerce has urged each business house in the city to display their flags of the Shenandoah system.

Paul Bibeault and Eugene Gomeau, of Battey street, were arrested today by Patrolman Sponcey of the local police on a charge of theft. The pair were arrested upon a complaint from Ovid Bouley, also of Battey street, who alleged that he invited the two men to his home where they had a "party." The host claimed that they spent a most enjoyable evening, until the two became intoxicated. Bibeault and Gomeau while under the influence of the liquor, relieved Bouley of $35. When Bouley came to his senses today and discovered his bankroll missing he suspected his two friends he had entertained the night before and accordingly, he had a warrant sworn out for their arrest this morning. Both Bibeault and Gomeau were arrested. They were released this afternoon upon bonds of $200 a piece for the appearance in police court Friday morning.

Arthur Bassinet, of Mill street, a life long resident of Putnam, died today, at the age of 34 years. Mr. Bassinet had been ill but a short time. He was born in Putnam and has resided here since. During his life Mr. Bassinet worked as a textile operative in the mills of this city. He is unmarried.

An employe of a well known gasoline station in this city has related an interesting yarn which has escaped the eyes and ears of the newspaper scribes in Putnam. According to the story, Andrew Mellon, secretary of the treasury in the Coolidge cabinet, who is a large shareholder in one of the country's leading oil companies, next to that one owned by John D. Rockefeller and his son, John D. Jr., who at present is in the newspaper spotlight, had been making a tour of New England where his company has recently established many new filling stations. When the beautiful limousine bearing the treasurer of the United States pulled into the driveway of the Putnam station to refuel, the station attendant in his customary manner walked up to the operator of the car and asked, "How many?" "Five" came the answer. When the hose was drained the pumper was offered a span new five dollar bill and was told by the white-haired gentleman, occupying the rear seat of the luxurious vehicle and in commenting said, "That's my signature at the bottom," as he pointed to the name "Andrew Mellon." The attendant, dumbfounded for the moment, returned, "Then you are the president of this company too?" "Yes," was the reply, and the big easily steeling car drove on into the night.

"Did he take the change?" asked one of the interested listeners. "You bet he did, and every nickl of it." Eyrth nation's lading charactrs roam about Putnam unknown to its populace, once in a while—what can there be about it?

Mr. and Mrs. E. L. Beebe, of 4 Whittemore street, left this evening on the first anniversary of their wedding, for a week-end trip to New York city.

Vincent L. McEvoy, a veteran of the World war, is suffering from a recurrence of a disability encountered when he fell head first into a shell hole on one of the battlefields of the war. McEvoy injured himself by the fall and before he was able to get up a squad of American soldiers, who, like himself, were seeking shelter from the en-

NORTHEAST STORM BRINGS SNOWFALL OF NEARLY 8 INCHES

Snow began falling at 6 a. m. on Thursday and with the wind steadily in the northeast, piled up the deepest storm of the winter. Reports from various quarters show from 6 to 8 inches.

The state road scrapers were a sight for many to see and admire when they thought of the street cleaning process of 50 years ago, when the roads were left to take care of themselves, and when the Slater Mills and the Ashland Cotton Co., cleared the principal sidewalks of the village with home-made, horse drawn plows.

Many of the highlights of the annual address of Robert S. Walker, grand master of Masons in Connecticut was reported to the members of Mt. Vernon, by its master, C. E. Whittaker, at a stated communication held Tuesday evening.

Among those of local interest was the fine tribute paid the memory of that zealous and faithful craftsman, M. W. Justin Holden of Norwich. With his many friends here, it was of interest to learn that Mr. Holden was raised in Somerset lodge, No. 34, of Norwich, and was its master during 1896-7, also was grand master of the state in 1912.

Another man in whom many Jewett City people found a warm and true friend, the retiring grand master sincerely eulogized. Some here today were his classmates in the N. F. A.—George E. Parsons was made a Mason in St. James No. 23, of Norwich. In Mt. Vernon of Jewett City, he will always be remembered with feelings of the kindest regard.

The master then told of the special honor accorded Mt. Vernon by the grand lodge, when, in open session and by unanimous vote, the assemblage ordered a telegram of congratulatory greeting sent to L. M. Logee at the Mass. Masonic home, Charlton, Mass.

Mr. Logee is 105, the oldest member of the Masonic craft in the world, and a member of Mt. Vernon in 1871.

The Baptist Ladies' Aid society met at Mrs. Earle E. Gilbert's home on Thursday afternoon. She was assisted by Miss Nellie Franklin, Mrs. A. D. Tripp, Mrs. F. H. Gilbert and Mrs. E. E. Scates.

Camp Ice 14 Inches.

The heaviest ice of the winter harvested anywhere in this section was cut at the Quinebaug camp this week. The cutting was uniform and clear, 14 inches.

Interest in Burglars' Capture.

Much of local interest was learned from The Bulletin, Thursday morning, when it became known that the burglars who entered R. W. Dearnley's store a few days ago, had been rounded up. One local man 'owed as how you got to hand it to them state troopers.

It was learned later today that the probable ring-leader and planner of the Jewett City job, has been around here more or less for some months, was acquainted with the lay of the land both outside the store and inside.

Children's Overshoes for $1.49 and $1.98; Men's 4 Buckle and Zipper Overshoes, values $3.50 and $5.00, sale price $2.98 and $3.98. We have big stock in all sizes. Buy at our store and save.—adv.

OBITUARY.

Louis J. Ethier.

Louis J. Ethier, 53, died suddenly Wednesday night, at his home on Green avenue. The family has lived in Jewett City for about four years, coming from Willimantic. He is survived by his wife, seven daughters, Mrs. Joseph Hamil and Mrs. Uideric Pepin of Norwich, Mrs. Amanda Bender, Willimantic, Mrs. Rudolph Miller, Springfield and Estelle Irene and Rita Ethier of Jewett City, also by two sons, Louis of New York and Girard of Jewett City. Mr. Ethier was employed in Aspinook bleachery.

A junior choir of twenty children will sing Sunday morning at the Congregational church, taking the place of the senior choir, and occupying the choir loft.

WILLING WORKERS' CLASS SERVES PATRIOTIC SUPPER

The Willing Workers' class served a bean and salad supper in the Methodist vestry Thursday evening, a large number attending. Mrs. J. W. Carter was in charge, assisted by Mrs. A. W. Harris, Mrs. William Liberty, Mrs. Charles Rathburn and Mrs. Harry Davis. The waitresses were Hazel Johnson, Mrs. Edward Thornton, Harriett McCluggage, Ethel Congdon, Bessie Liberty, Grace Lockwood, Mary McFall and Bertha Davis. Oliver Carter served coffee. The table decorations were in patriotic design, the napkins being in keeping with Washington's birthday. Hatchets and cherries were at each plate; Miss Juliette Richmond designed them and was assisted by her school pupils. Vases of flowers added attractive color to the tables.

Two names are to be added to the Backus hospital auxiliary membership list; Mrs. William McCluggage and Mrs. George Gutneckt.

COLCHESTER

GRANGE CELEBRATES ITS 41ST BIRTHDAY

There was a large attendance at the meeting of Colchester grange No. 73, P. of H. on Wednesday evening, Worthy Master William B. Gerhardt presiding. Seven candidates were given the first and second degrees, the initiation ceremonies being carried out by the recently organized Colchester grange degree team. The lecturer, Mrs. Robert E. Greene had prepared a very interesting program. Miss Clarice E. Brown gave a pleasing vocal solo and Worthy Master Gerhardt played several violin solos with Mrs. W. O. Seyms as accompanist. Valentines were exchanged and old fashioned dancing was enjoyed. A number of the older members made speeches in commemoration of the 41st anniversary of the organization of Colchester grange. February 14, 1888 the local grange was organized at the old creamery building on Buckley Hill. There were forty-four charter members. Of this number there are now sixteen charter members alive, thirteen of whom are affiliated members and three are active members. The late Carroll E. Staples, well known in grange circles throughout the state, was instrumental in organizing the local grange. Among those who addressed the meeting in connection with the anniversary celebration were the secretary, Miss Belle L. Strong, Mr. and Mrs. Samuel N. Morgan, T. S. Rathbun and Roswell Chamberlin, all of whom were pleased to note the progress made by the grange during the past year, the total membership now being eighty-six with several more candidates to be initiated during the next few months. Visitors were present from Hebron, Lebanon, East Hampton, and Litchfield, Maine granges. A fine supper of salads, cold meats, pie, cake and coffee was served by the efficient committee, Mrs. H. H. Tompkins, Miss Ruth H. Brown and Mrs. Carlton B. Latham. The hall was prettily decorated with colored streamers, lighted candles and emblems timely for the Valentine season. The members of the entertainment and supper committees appreciated the fine cooperation and assistance received from their associate granges which helped to make the event a success.

The snow which fell in this vicinity nearly all day Thursday reached a depth of about six inches, the heaviest fall of snow this winter. Supt. L. R. Chapman had a gang of men at work all day clearing the snow from the Hartford, New London and Norwich turnpikes. Due to bad traveling, the U. S. mail was over a half hour late arriving here Thursday morning from Meriden.

Principal and Mrs. Raymond O. Kendall are to spend the week end with relatives in Fair Haven, Mass.

Friends of Mrs. Ellen W. Doane are pleased to learn that she is much improved, after her severe illness. She is now able to be about the house.

LEDYARD

GRANGE PROGRAM PROVES VARIED AND INTERESTING

Ledyard grange held its meeting in Grange Hall with Carl Holdridge, master, in the chair. Two candidates were obligated in the third and fourth degree. "Famous Men" was the principal topic of the lecturer's hour. S. E. Holdridge gave a brief talk on Mussolini. Mrs. Carrie Doolittle had an interesting paper on Franklin; Mrs. Barbara Holdridge and Mrs. Sarah Gallup had two selections on Lincoln and Paul Holdridge had a well prepared paper on Lindbergh. Selections were sung a guessing contest was enjoyed. The name of a famous man written upon a small piece of paper was pinned upon the clothing on the back of each person. Each one mingled with the crowd and learned the name. Joseph Piotti won the prize for pinning a heart nearest to the center of the bulls eye.

Nelson Schlegel preached in the Congregational church Sunday morning to a fair sized audience. Carl Holdridge was leader of the C. E. meeting Sunday.

Mr. and Mrs. Carl Holdridge and Paul Holdridge attended an executive meeting of the Norwich C. E. Union at the First Baptist church in Norwich Monday evening.

Miss Henrietta Main of Putnam trade school was with her parents, Mr. and Mrs. Erastus Main over the week end.

The local C. E. society has had an invitation to attend a social at Taftville Congregational church Saturday evening. Several are intending to go.

George Clark son of Mr. and Mrs. Joseph A. Clark who has been ill at his home is improving steadily.

A Four H club meeting is to be held at the residence of Joseph A. Clark, Saturday afternoon, Feb. 23.

EKONK

Willard Gardner, who has been seriously ill, is improving.

Warren Tanner and family, who have been confined to the house by illness, are mending slowly.

Charles Tanner has been carrying the school children during his brother's illness.

Howard Gardner met with a serious accident last week at the home of his father. While attempting to climb a chain which was suspended from the limb of a tree he slipped, drawing the hook of the chain through his right palm and third finger, severing the tendons and causing a very painful gash. Dr. Downing of Moosup dressed the wound.

The meeting of Ekonk grange, No. 19, was held in Grange hall Monday evening, Worthy Master Herman E. Frink presiding. After business the postponed contest supper was served by the brothers. It proved a very pleasant evening for members and their friends.

Mrs. George Kenyon and her niece, Miss Annie Bitgood, are ill with grip. Mrs. Ira Weeks has been acting for them.

Raymond Young, a student at the Dudley Hills institute, in Massachusetts, spent the week-end with his parents here.

Reta Fillmore, of Hills Grove, R. I., visited Miss Bernice Gallup last week.

The Ladies' Aid society, of Sterling Hill Baptist church, served a baked bean and salad supper in the vestry Friday evening. The entertainment which followed the supper was furnished by the Oneco society and was well given and pleased the audience from start to finish.

Miss Ella Gardner is spending some time with friends in New London.

Mr. and Mrs. Victor Bassett and daughter, Mr. and Mrs. Arthur Love and family were visitors Sunday, at Willard Gardner's.

Mr. and Mrs. Stanley Poole, of Crompton, R. I., were callers at E. E. Freeman's, Sunday.

Mrs. Phebe Gibson is confined to her room with grip.

Walter Frink and family were recent callers at Henry Congdon's.

Mrs. Hannah Mary Gallup was pleasantly surprised Thursday evening, Feb. 14, at the home of her son, Edwin, in Oneco, by her children and grandchildren, it being her 80th birthday. A very pleasant evening was spent with music, games and stories. Cake, ice cream and candy were served. A large birthday cake with 80 candles, made by Mrs. Clark Gallup, was in the center of the table. Mrs. Gallup was also remembered with gifts and postcards from many friends.

After twelve weeks' absence Mrs. Byron Gallup and Mrs. Charles Tanner are home again, on Sterling Hill.

The Ladies' Aid society of Sterling Hill met Tuesday afternoon with Gertrude Gallup.

Clyde Leech, of Oneco, is spending some time with Russell Gallup.

GALES FERRY

LOCAL LEADERS ATTEND NORWICH DEMONSTRATION

The second in a series of cooking demonstrations by Mrs. Marion Evans Dakin, nutrition specialist of Connecticut Agricultural college extension service, given at the Elizabeth Street school, in Norwich, Tuesday, was attended by Mrs. R. Irving Hurlbutt and Mrs. Jerome Greer, as leaders from the local farm bureau group. This group will meet Wednesday, of next week, with the leader, Mrs. Walter M. Buckingham, at 10:30 a. m. Those expecting to attend the local demonstration have been requested to notify Mrs. Buckingham or Mrs. Hurlbutt by Tuesday morning.

Many local friends of Rev. Allen Shaw Bush, of Gales Ferry, attended his funeral service at the Second Congregational church, in New London, Tuesday afternoon. Mr. and Mrs. Walter M. Buckingham, Judge Billings P. S. Crandall, Carl B. Lawson and Mrs. Lorins Wightman provided automobiles for the village friends.

Tracy Smith and his mother, Mrs. Latham E. Smith, motored to New London, Tuesday, to call on Henry G. Keeney, who is ill at his home.

Mrs. William Lewis, of Allyns Point, is still confined to her bed as the result of a fall in the yard about two months ago. Her daughter, Miss Lena Lewis, has also been ill for three weeks. Mrs. Arthur Green, of Jewett City, a step-daughter of Mrs. Lewis, has been spending some time with them.

Mr. and Mrs. Carroll S. Hurlbutt entertained Mrs. Hurlbutt's brother-in-law and sister, Mr. and Mrs. Henry Pearce and children, Alice and Henry, Jr., of Wakefield, R. I., the first of the week.

The Ladies' Aid society, of Gales Ferry church, held an all-day session at the vestry, Wednesday. Four quilts were tied. Other work provided was on quilt blocks and aprons. Twelve members and one guest were present at the luncheon of baked beans, brown bread, frankfurters, escalloped potato, rolls, pie and coffee.

Mrs. Stephen Perkins, of Brier Hill, Groton, spent Monday with her sister, Mrs. Harmon L. Perkins.

Mrs. William K. Wright of Sterling, joined Mr. Wright and his mother, Mrs. George H. Wright, for a visit over the week-end.

Mrs. Charles M. Olson, of Norwich, called on relatives and friends in the village, Wednesday.

Alfred Palmer, of Jewett City, spent a day recently at the home of his grandmother, Mrs. William Lewis, at Allyn's Point.

Mrs. Earl W. Phillips, of Norwich, motored here, Monday, and called on her grandmother, Mrs. Harmon L. Perkins.

Miss Emma Beth Bennett was entertained over Wednesday night, by Miss Elizabeth Smith, in Norwich.

William Perkins, of Norwich, was a caller the first of the week, at the home of Mr. and Mrs. Lucius Wightman.

Fine For Children!

Give them a good start in life, with happy smiles and healthy little bodies. Children need a mild corrective occasionally to regulate the stomach and bowels. Dr. Edwards' Olive Tablets are a safe vegetable compound mixed with olive oil. They tone up and regulate the eliminative tract. Not a nasty cathartic or a habit-forming medicine, but a safe pleasant remedy for constipation, sour stomach, torpid liver, bad breath, and similar disorders. Dr. Edwards, a widely known family physician of Ohio, prescribed these tablets for many years in his own practice. Children from six years up are greatly helped by them and like to take them. Recognized by their olive color. Dr. Edwards' Olive Tablets overcome those irritable spells that many children are subject to, keep their bodies in active healthy condition, skin clear and eyes bright with the light of perfect health. 15c, 30c and 60c sizes

UNEXPECTED BURST OF STRENGTH DEVELOPED IN MARKET YESTERDAY

NEW YORK, Feb. 21—(AP)—The stock market finished up its four-day week with an unexpected burst of strength today, sending scurrying to cover the bears who had sold short in expectation of heavy pre-holiday liquidation.

Pools brought forward the steel issues as market leaders, taking advantage of the highly favorable weekly steel trade reviews. Confidence was strengthened by an extreme gain of nearly 6 points in U. S. Steel, which carried it to 182 1-4 a new high for the movement, and about 10 points under its record peak.

The market was somewhat irregular during the morning, as traders feared the banks might call loans freely to meet holiday and week end requirements, and there was some uneasiness over this afternoon's federal reserve directors meeting. In the afternoon, when it became apparent that call money would hold at the renewal rate of 6 1-2 per cent., and the opinion gained headway that the reserve directors would make no change in the rediscount rate, bulls met with little opposition.

The federal reserve brokers loan compilation, published after the close, showed a reduction of $91,000,000, which was regarded as cheeringly large, in view of the considerable volume of new financing. This reduction follows a drop of $101,000,000 last week, and brings the total down to $5,477,000,000 in contrast to the high record of $5,669,000,000 on Feb. 6. The total, however, is about $1,750,000,000 above the volume of federal reserve brokers loans as of Feb. 21, 1928. Wall street understands that the federal reserve authorities feel that the loan total should be reduced to near $5,000,000,000 before the credit structure can be regarded without misgivings.

New York banks reduced the loans for their own account more than $70,000,000 and paid off about $70,000,000 of their borrowings at the reserve bank, which was regarded as in response to the reserve boards appeal for cooperation in reducing the flow of credit into the stock market. The out of town banks also reduced their loans more than $70,000,000, but these reductions were partially offset by more than $50,000,000 in loans placed by corporations and non-member banks, drawn into the market by the high call loan rates of late last week.

The weekly trade and business reviews reported little change in the generally satisfactory conditions. A few more good earnings statements for 1928 appeared. Hupp Motor reported earnings equal to $8.12 per common share, compared to $2.70 in 1927, and North American Co. reported $4.68 per share against $4.06, receipt of $1,000,000 in gold from Canada was reported, probably resulting from the depression of the Canadian dollar.

Express issues were again strong, Adams mounting 19 1-2 points to a new top, and American Railway selling up 8. National Tea jumped 15 points on reports that 1928 earnings would show a gain of nearly 50 per cent. General Electric and Mathieson Alkali mounted 8 and 10 points. Radio shares were in demand, Crosley rising 7 points to another top. Radio closing 8 points and Kolster more than 2 points higher.

In copper stocks, Bethlehem made another new high record at 57 1-2, while Sloss Sheffield and Gulf States sold up 5 and 4 points. Some of the rails made good headway. Missouri Pacific mounted about 3 points on announcement that January gross set a new high figure for that month, and Lackawanna and Chicago and Eastern Illinois preferred were favorably affected by the Van Sweringen merger petition. Jersey Central, however, which is a comparatively inactive stock dropped 30 points from the previous sale. Motors were firm, Chrysler mounting 4 points.

Cuban American Sugar preferred slumped about 19 points on passing on the dividend. American & Foreign Power dropped 5 points on announcement of new stock issues. Curtiss Aero lost nearly 2 points and Wright sagged in profit taking. Western Union, Packard and Union Tank Car also yielded to realizing.

The commodity markets were quiet and price changes narrow, with pre-holiday evening up of accounts about the only business.

Foreign exchanges were firm, as the weekly statements of the London and Paris banks showed improved gold positions. The lira rose to 5.24 cents for the first time this year.

month to resident soldiers injured, sick or disabled during the World war and like pensions to a widow or orphan children; H. B. 423, an act appropriating $600 for a memorial tablet on the old military training grounds, in Coventry; H. B. 638, providing $4,000 to buy the three frame buildings and tent platforms at the state military reservation.

Favorable Reports

The judiciary committee reported favorably on resolutions appointing Samuel Rosenthal associate judge and Herbert A. Ross, judge of the city court of Hartford. As there was no opposition to the resolutions immediate action was taken and the resolutions were passed and under suspension of the rules were sent to the senate.

Committee on claims reported favorably on H. B. 366, an act reimbursing L. E. McLaughlin, Inc., to extent of $5,000 for cost of reconstruction due to flood; H. B. 47, reimbursing M. A. Gammino Construction Co., for unanticipated expenses on South Canaan highway job; H. B. 339, providing payment of $100 for twenty-four months to Leo J. Sisson, of New London, for illness incurred while in service of the state; a bill, providing for payment of $3,500 to Edwin F. Singer, for injuries and illness resulting from service in the national guard.

From the military affairs committee favorable reports were made concerning the restoration of Francis P. Horan to the retired list of officers of the Connecticut national guard; H. B. 851, an act providing for increase in pay of band of militia when on duty.

Fish and game committee reported favorably on H. B. 369, providing for ninety game wardens, salaries to be fixed by board of fish and game, subject to approval of board of control and finance; H. B. 371, an act providing for close season to conform to the national migratory bird act.

Judiciary committee reported favorably on an act concerning the appointment of a clerk for the town court of Winchester, and H. B. 851, an act concerning the election of school committee.

At 11:57 the house adjourned to Tuesday at 11:15.

Calendar

Matters taken from the calendar and passed were: H. B. 279, an act exempting from taxation a bequest by Mary Welles Eddy for the use of a library at Newington, favorable report of the committee on finance; H. B. 606, an act amending an act establishing the town court of Darien, favorable report of the committee on the judiciary; H. B. 12, an act amending the charter of Belding-Hemingway company, favorable report of the committee on incorporations; substitute for H. B. 187, an act concerning a board of health in the town of West Hartford, favorable report of the committee on cities and boroughs; H. B. 192, an act concerning building and veranda lines in the town of West Hartford, favorable report of the committee on cities and boroughs; H. B. 385 an act amending the charter of the Raymond Cemetery association, favorable report of the committee on incorporations; H. B. 578, an act establishing the town court of Plainville.

SENATE

The senate was called to order at 11:30 by President Rogers, Chaplain Ayer offered prayer.

Upon unfavorable report of committees, the following bills were rejected: Claims—S. B. No. 183, by Senator Hull, providing payment of $36 to Dr. George M. Warner for services rendered to Stephen Magera of Bridgeport who was injured at the state trade school.

Cities and boroughs—S. B. No. 180, by Senator Hull, reimbursing the Bridgeport hospital $167.50 for care of Joseph Kranz injured at the state trade school in Bridgeport.

Passed From Calendar

The following bills were taken from the calendar and passed:

S. B. No. 305, increasing the directorship of the Bridgeport hospital from fifteen to twenty.

S. B. No. 303, permitting sale of cemetery lots in the Westerville cemetery where they has been no burial or no assessment paid for twenty years.

S. B. No. 10, increasing the directorate of the Hartford hospital from twelve fifteen to twenty.

S. B. No. 34, increasing the directorate of the Bridgeport hospital from

S. B. No. 109, authorizing the Algonquin club of Bridgeport to hold real estate to $700,000.

S. B. 112, enabling the New Haven Burial association to sell unoccupied lots.

Burgess Bedtime Story

Why Danny Left the Barn

By THORNTON W. BURGESS

Who to avoid all danger tries,
In this respect at least is wise.
—Old Mother Nature.

"Danny Meadow Mouse, what under the sun is the matter with you? What does all this mean?" demanded Nanny Meadow Mouse when they had reached a place of safety under a haystack in Farmer Brown's barnyard.

"It means that we can't live in the barn," squeaked Danny. "It means that we have got to find a new home."

"Why?" demanded Nanny impatiently.

"Because," replied Danny, and his voice was almost a whisper, "because there is some one living in that big barn that we don't want for a neighbor."

"Who?" Nanny demanded.

"Spooky the Screech Owl," said Danny.

"Now who told you any such story as that?" demanded Nanny. "You know very well that Spooky lives in the Old Orchard.

"No," said Danny, "he doesn't live in the Old Orchard. He used to, but he doesn't now. He lives in the barn. I saw him myself."

"You saw him!" exclaimed Nanny.

"Yes," replied Danny. "I saw him and he saw me. It's a wonder that I'm here. It was all still there in the big barn and I made sure that Black Pussy Cat was nowhere around. Then I ran over to the grain bin to get a bite to eat. There was a young Rat already there. I kept away from him, because I didn't want to have any quarrel with him. I was busy eating when there was a sharp squeak from that young Rat. I looked up. There was Spooky the Screech Owl with that young Rat gripped in his claws. He passed right over my head with it and he glared right down at me with those fierce eyes. Just thinking of it gives me the cold shivers. If he hadn't had that young Rat he would have caught me. He couldn't take both of us. I didn't waste any time getting away from there."

"But how do you know that Spooky is living in the barn?" Nanny asked.

"Because," replied Danny. "I met Cousin Nibbler. I guess I looked as frightened as I felt, for Nibbler wanted to know right way if I had seen Spooky the Screech Owl. I told him what I had seen and he didn't seem the least bit surprised.

"'Isn't it dreadful?' said Cousin Nibbler. 'I don't know what we are going to do about it. Spooky is living in the barn. He goes out once in a while for a little air, but he does most of his hunting right in here. He stays on one of those rafters away up high in the roof, where he can look down. I—I've lost a number of my family and a lot of the younger members of the Rat family have been caught by Spooky. I used to think the barn was the safest

"I didn't waste any time getting away from there"

place in all the Great World, but it isn't any longer.'"

"I never heard of such a thing!" declared Nancy. "It's hard to believe."

"Well, go back there if you want to," replied Danny. "As for me, nothing would get me back to that barn. I know when I'm well off."

"But where shall we go now?" asked Nanny.

"I don't know," replied Danny, "we'll have to talk it over. Just now we are safe right here."

VISITORS FROM NORWICH—FUNERAL OF WM. A. HISCOX

Mr. and Mrs. John Combies and Mrs. David Kinney of Norwich called recently on Mrs. Ellen Babcock at the home of her son, George Babcock.

Mrs. Ellen Babcock has been visiting at the home of her son, Everett Babcock.

FUNERAL.
William A. Hiscox.

William A. Hiscox, who died Saturday evening at the home of Mr. and Mrs. Walter Mason was born in Hopkinton, R. I., Oct. 31, 1848. Mr. Hiscox for 48 years had a farm in South Killingly until Sept. 1st, when he came to make his home with Mr. and Mrs. Walter Mason on account of illness of his wife. Mr. Hiscox was twice married. His first wife was Maria L. Hubbard, who died in 1912. He married late Lillian N. Bramble of Exeter, R. I. He is survived by his wife and son William C. Hiscox, by a daughter, Mrs. Emma Davis of South Killingly. He leaves three grandchildren. Funeral services was held Wednesday afternoon at 1.30, conducted by Rev. William C. Prentiss. George Ingles sang Nearer, Still Nearer and Just as I Am. Burial was in South Killingly cemetery. The bearers were George Dawley, Charles Cross, Frank Davis, Edwin Davis. There was a large attendance of relatives and friends from Hartford, Needham, Mass., Willimantic, Providence, Moosup, South Killingly, Wauregan and Plainfield. The flowers included a pillow of roses, pinks, lilies and sweet peas from his wife; spray carnations and sweet peas from his daughter; spray carnations, Mr. and Mrs. Walter Mason; wreath of carnations, Mr. and Mrs. A. Reonley; spray of roses from the grandchildren; basket, Mrs. Connolly; spray carnations and sweet peas, Bertha Cross; spray of carnations and lilies, Mr. and Mrs. Earl Bramble; carnations, Mr. and Mrs. William Rose; carnations, Mr. and Mrs. John Steve; pinks, Mr. and Mrs. William Hughes.

Mrs. George Babcock was one of a committee of four who entertained the state officers of the D. A. R. at the home of her sister, Mrs. Henry Olson of Jewett City recently.

Miss Adelard Prentiss has returned home after spending a few days in Hartford and Windsor.

UNION

Mrs. Lottie A. Baker died at the home of her sisters, Mrs. Hattie Phillips and Mrs. Rinda Burnham, in Southbridge, Mass., Sunday night, Feb. 17. The funeral was in Southbridge, with burial in Union.

Mr. and Mrs. Lester Collord of Springfield, Mass., were guests Sunday of Mr. and Mrs. Alva Sands at Washapauge.

The mercury dropped to 8 degrees above zero Wednesday morning, Feb. 20. A light snow fell during Tuesday night.

Miss Grace Robinson of Rock Meadow school and Miss Helen Carlson of Red school attended the meeting of teachers held in Stafford Springs Thursday evening, Feb. 14. This meeting was a district group of teachers, including those in Superintendent Brick's district of Stafford and those in the towns under Supervisor Robertson. Dr. A. E. Meredith gave an address. Superintendent Brick, Supervisor Robertson and some of the teachers also spoke. A banquet and social time were features.

Last week Dr. A. E. Parent of Putnam, assisted by Miss Miel, the school nurse, spent a day in dental work on the pupils of the Rock Meadow school and Red school.

The meeting of school nurse and mothers held at Rock Meadow was well attended. The subjects discussed were weights and diets, especially as related to children, but also taking up effects upon adults.

CARLETON F. SMALL NAMED ON COLLEGE READER BOARD

Carleton F. Small of 19 West street, New London, who has relatives in Norwich, and who is instructor in history at Bulkeley high school, New London, received from the college entrance board Wednesday his appointment as a reader of college board examinations. Mr. Small will be a reader of the examinations on English and European history.

The reading of the papers which will be sent to the college board from all parts of the country will take place during the week beginning June 24.

Milk Bottles Stolen.

Several complaints have been received at police headquarters from residents of High and Thames street that milk bottles have been taken from the doorsteps of houses in that locality.

Why Don't You Laugh?

Why don't you laugh, young man, when troubles come,
Instead of sitting 'round so sour and glum?
You cannot have all play
And sunshine every day;
When troubles come, I say, why don't you laugh?

Why don't you laugh? 'Twill ever help to soothe
The aches and pains. No road in life is smooth;
There's many an unseen bump,
And many a hidden stump
O'er which you'll have to jump. Why don't you laugh?

Why don't you laugh? Don't let your spirits wilt;
Don't sit and cry because the milk you've spilt;
If you would mend it now,
Pray let me tell you how;
Just milk another cow! Why don't you laugh?

Why don't you laugh, and make us all laugh, too,
And keep us mortals all from getting blue?
A laugh will always win;
If you can't laugh, just grin—
Come on, let's all join in! Why don't you laugh?

At least one radio announcer is in training for a contest soon to be conducted. He has been recording his voice on wax and then reproducing it before a microphone. Thus he hears himself as others hear him through a loud speaker, and presumably corrects his faults.

The Alaska Weekly prints this story from its correspondent at Miller Creek, Alaska: "H. D. Cowden, miner, returning to his parked truck at Glacier creek, saw a bear climb through the rear door. He watched from a thicket and saw the bear take a position on the seat. One huge paw accidently carried on the ignition and a big shambling foot pushed the selfstarter and with a roar the car started down the grade, bear and baggage. The bear took a flying nose dive through the side of dilapidated wreckage."

SURPRISE SNOW-STORM BRINGS DISCOMFORTS

(Special to The Bulletin)

NEW LONDON, Feb. 21—New London awoke this morning to face the worst snow storm in two years, the fury of which did not abate until late in the afternoon. Street car service was maintained only by diligent and constant work on the part of employes. Two plows were kept running all day and men kept a constant vigil at all switches. Business was practically at a standstill, with the exception of that of taxi companies and restaurants. These prospered by the snowfall. Automobiles brought to the business sections this morning and parked along the streets by owners became stalled. Many will remain so over the night. Numerous traffic jams occurred also, owing to cars being unable to pull through the heavy snow. At about 4 p. m. two machines in attempting to make the hill at Jay and Huntington streets skidded and slid until they formed an arrow-shaped wedge across the thoroughfare. It was only after more than an hour's work that they were extricated.

In all probability the bill authorizing an appropriation for the purchase of the Fred Stone ranch in East Lyme will pass. Word was received in this city today that it was very much favored by state officials.

ANNOUNCEMENTS

Broadway Theatre.

The matchless minstrel, king of jazz singers, most beloved entertainer of the world, Al Jolson, has left the stage for the movies and the sensational fruit of his cinematic genius is now to be seen.

New York, Chicago, Philadelphia and other of the larger cities have acclaimed Jolson and "The Jazz Singer" as the greatest combination of the generation. And, by the way, the story of the play, parallels the life of Al Jolson. The star in real life was the son of an orthodox cantor, and ran away from home to become a jazz singer. It is in the moment of triumph, when his first play is to have its premier in New York, that word comes that his father, too ill to sing the ancient song of remembrance in the synagogue, begs the errant son to come and do it for him.

The singer's soul is tossed between the love of the world and the woman who has made him win its plaudits and the old folks at home. The story is intensely appealing, and breathes the spirit of tolerance. Every tear is balanced by a dozen laughs and there are scenes of tremendous dramatic power.

But it is the personality of Jolson, compelling, ecstatic, sobbing, yearning, smiling, dancing, kneeling in prayer, pouring out his soul in jazz or in the haunting undying pathos of ancient things, that sets the audience wild. It is probable that no such demonstrations of delight have been granted any other star, as those that greet Al Jolson, or rather the animated shadow of Jolson, as he appears in the torrential whirl of "The Jazz Singer."

Alan Crosland has done marvelous directing, various sequences depicting the crowded Ghetto, New York's famous "Winter Garden," scene of so many Jolson triumphs, humble home and palace and stage, are brilliantly interwoven with the characters of this idyl of human hearts. The cast is exceptional. There is but one Al Jolson and one "Jazz Singer."

The accompanying Movietone Newsreel was doubly interesting due to the fact that a "short talk" by Mr. Walter S. Gifford, president of the American Telephone and Telegraph company was both educational and entertaining. It was delivered in an unusually clear and resonant voice and was thoroughly enjoyed.

Palace Theatre.

A program of snappy entertainment and variety opened at the Palace theatre yesterday headed by Larry Reilly's Gambols a revue of pep-youth and syncopation with four beautiful girls. Webster & Marshall in their comedy skit, Walking Back Home, Carey & Jean the King & Queen of Hokum, Singer & Lightner, the two melody misses in some red hot numbers And opening this well balanced program, Al. Libby & Co., in a de luxe novelty.

All the ingredients of good entertainment blended with a realism seldom witnessed in screen productions are to be found at the Palace theatre where Columbia's "Stool Pigeon" is being shown.

The story deals with the activities of a gang of crooks to which a youth with many sterling qualities and a weak character belongs. Left to himself the lad would go straight and provide for his mother; but under the strong arm of Butch, the gang leader, the boy becomes clay. Mother and son are inseparable pals and the longing of the youth to remain at home with his parent frequently gets him into trouble with the gang and endangers his life.

The boy is loyal to the gang and refuses by work, look or deed to betray his companions, even though it may bring disgrace upon himself and sorrow to his mother by remaining silent.

Like all young men the boy has a girl—a clever, well intentioned lassie, who safeguards the interests of the lad and more than once saves his life through a timely warning. A poignant love story is interwoven in the plot, into which the gang leader thrusts his personality in the hope of winning the girl away from the youth by fair means or foul. He endeavors on several occasions to put the boy out of the way; but each time is thwarted in the attempt.

Olive Borden portrays the girl in a most convincing and charming manner. She gives the role a realistic quality that is unique in screen portrayals. Charles Delaney develops a new type of character as the boy. His performance is finished and one that will long be remembered. Lucy Beaumont makes a mother that any youth would be glad to claim, while Louis Natheaux illustrates the typical gang leader. Clarence Burton is an outstanding figure in the production in that he brings to the audience a detective that is sympathetic, reasonable and not easily fooled, a man that raises the profession to the dignity it should possess. Others in the cast worthy of special mention are Ernie Adam, Al Hill and Robert Wilber.

To Renaud Hoffman goes the credit of direction. He has stamped himself as a director of first magnitude and we look to see great things coming from him in the near future.

A man seldoms speaks lightly if he stops to weigh his words.

"Good, but rather too pointed," as the fish said when he swallowed the baited hook.

FREEMAN F. PATTEN GIVES NURSES' HOME TO HOSPITAL

Freeman F. Patten, president of the board of trustees of the Johnson Memorial hospital is to build a nurses' home in connection with the hospital. The gift of Mr. Patten will fill a long felt want and is given with the understanding that the trustees raise the sum of $60,000 the interest on which will be used for maintaining the home. The work of raising the endowment fund is in the hands of Christopher Allen. He is meeting with excellent success and there seems to be no doubt that the fund will be raised among Stafford's prominent citizens. The generosity of Mr. Patten who has been connected with the hospital since its institution is very much appreciated by the trustees and corporators of the hospital, as well as by the general public. The proposed building will be a two story brick structure in keeping with the design of the hospital and will be erected just north of the hospital building.

The public schools closed Thursday noon for Washington's Birthday.

ASK COURT ORDER DISSOLVING NEW LONDON COUNTY FAIR SOCIETY

The appointment of a receiver for the New London County Agricultural society and a court order dissolving the corporation, are asked by Martin E. Jensen, a life member in a superior court action which he has brought against the society. The law firm of Perkins and McKay are counsel for Mr. Jensen and the papers in the case have been served on Joseph C. Worth, president of the society.

The New London County Agricultural society has been in financial difficulties for several years. The society, a year or so ago re-organized, in an effort to clear up its deficit and only recently, at a special meeting, the matter of another re-organization and a proposed plan to organize a stock concern were discussed. At that time the consensus was that there should be a re-organization and a committee was appointed to consider ways and means of organizing the society on a stock issue basis, and to report with recommendations at a later meeting.

In his petition for the receivership Mr. Jensen says:

The defendant is a corporation, without capital stock, organized and existing by virtue of a special act of the general assembly of the state of Connecticut, approved July 9, 1869, and located in Norwich, and it owns valuable real estate, with buildings, and improvements thereon erected, situated in Norwich, of the reasonable value of $50,000.

The defendant has a president, secretary and treasurer, and a large number of life members of the corporation known as life members, and said life members, under and pursuant to said special act and the by-laws of the corporation, elect the officers of said corporation, and have an interest in and to the assets of said corporation.

The plaintiff is a life member of said corporation, is entitled to vote at meetings of said corporation, and has an interest in the assets of the said defendant corporation.

The corporation has a bonded indebtedness of about $25,000 and a floating indebtedness of approximately $20,000, but the defendant has no cash to pay its floating indebetedness, and many creditors of said defendant threaten to sue said defendant and attach its property.

The life members of said corporation cannot agree on any plan to relieve the financial situation in which the corporation finds itself, and the corporation has no way by which or through which it can raise the necessary funds to satisfy its creditors who are pressing for the satisfaction of the obligations due them.

The defendant is solvent, but its assets are in danger of waste through attachment and otherwise, and good and sufficient reasons exist for the dissolution of such corporation.

Officials of the society expressed the hope Thursday evening, that in the event the court should grant Mr. Jensen's petition for an order dissolving the corporation that the fairgrounds might be taken over by interests favorable to continuing the annual fair, through the formation of a stock company.

NEARLY 50,000 NEW 'PHONES IN STATE

Nearly 50,000 new telephone stations were installed in this state the past year by the Southern New England Telephone Co. During the year, service of 31,632 stations was discontinued, leaving a net gain for the year in this state of 17,562, an increase of 6.2 per cent. At the end of the year, there were about 300,000 telephones in Connecticut, or 18.5 telephones for each 100 of population.

During the year, the telephone company made 4,754 more telephone installations than in 1927, when 44,440 new stations were connected. There was also an increase in disconnections of service last year, 1,715 more removals being made than in the previous year, when the total removals were 29,917. At the same time, the total net gain in stations was 3,039 greater last year than the year before, when the net gain in installations was 14,523. In 1928, the net gain in stations was 6.2 per cent, while the previous year the gain in terms of percentage was 5.4.

On the average, for each new permanent telephone installation made by the telephone company, a total of approximately three installations and connections of service must be made, about two disconnections being made for every three new connections. Since the telephone has become a necessity to all business and in the majority of Connecticut homes, the telephone company must make changes in service whenever there is a change in the location of a business or a home. The annual summer migration to summer resorts also accounts for many disconnections and non-permanent telephone installations.

TROLLEY TRAFFIC REACHES PEAK ON SATURDAYS

It is on Saturdays that trolley traffic reaches its peak in this state according to the traffic figures of The Connecticut Co. The figures show that the largest number of passengers ride on trolley cars and busses on Saturdays and the smallest number on Sundays. Prior to the days of the extensive use of the automobile for pleasure riding, Sundays, during the summer season, saw the largest amount of riding of any day in the week. Under present conditions, however, Sunday traffic is the lowest the year around. The change in riding habit has also resulted in heavier riding on trolley cars and busses during the winter than during the summer months, the reverse having been true not so many years ago.

The riding also fluctuates during the various periods of the day, the greatest volume being during the so-called rush hours between 6:30 and 8:30 a. m. and between 4:30 and 6:30 p. m. It is necessary, however, for the trolley company to keep in constant readiness sufficient equipment to take care of the traffic at the busiest periods of the day which results in the use of a great many trolley cars and busses for only four hours and lying idle the rest of the time.

LARGE INCREASE IN USE OF GAS IN CONN.

The use of industrial gas greatly increased in this state during 1928. Increase in gas sales for commercial and industrial heating purposes in Connecticut during 1928 amounted to a total of 233,679,000 cubic feet, according to statistics compiled by the American Gas association. Throughout the year, Connecticut industry burned 2,431,702,000 cubic feet of gas, a figure unprecedented in the history of the gas companies of this state and a gain of 28.12 per cent. over the previous year, when the total was 1,898,023,000 cubic feet, a record at that time.

The vast increase in the use of gas by Connecticut industry is accounted for by the large number of substitutions of gas blast furnaces and other equipment for many of the older types maintains a staff of heating engineers of coal burning equipment. Practically every gas company in the state for the express purpose of surveying manufacturing plants and of estimating the total cost of gas heat in the finished product. The ease of gas heat control and the readiness with which even temperatures are maintained are among the many causes for its increased industrial use.

Confusion in Street Names

Recently a small committee from the Woman's City club was appointed at the suggestion of Mayor Lee Roy Robins to confer with residents of streets having either the same or similar sounding names with the purpose of securing different names and thus overcoming the confusion which now exists. In most cases a cordial response has been met and a willingness expressed to cooperate in the effort and thus to make of Norwich in this respect a better city.

Civil Action Withdrawn.

The $1,600 civil action brought against Edmond Proulx of Taftville by William Chenette of this city has been withdrawn without costs from the common pleas court. Chenette sued for money due him for labor performed, while Proulx asked damages on a counter claim for rent of a barn and garage.

Fortune tellers are fortune sellers—for themselves.

GAIN OF SIX POWER STATIONS IN THIS STATE

Power stations in this state have been increased to 41, six having been edded since 1922.

So rapidly has Connecticut progressed industrially during the last six years that its number of electrical generating plants has increased at the rate of one a year during the entire period. According to figures just released by the United States Bureau of Census, Connecticut had 35 generating stations in 1922 and in 1927 had 40.

During the same period, Connecticut utilities as a matter of improved service and increased economy made large strides toward combining the smaller enterprises engaged in electrical production with the larger ones. The bureau of census figures show that in 1922 there were 44 "establishments" engaged in light and power generation and distribution in connecticut. By 1927, affiliations of companies had brought this number down to 37. During 1928 stockholders of two of the smaller companies exchanged their stock for holdings in one of the larger companies, the Union Electric Light & Power company and the Manchester Electric company thus coming under the operating control of the Connecticut Power company.

Within the same six year period, the capacity of Connecticut's generating stations increased from less than 260,000 kilowatts to a figure estimated in the neighborhood of 450,000 kilowatts. The output of the state's electrical utilities increased from 544,013,000 kilowatt hours in 1922 to 1,195,099,000 kilowatt hours in 1928.

WANT BUCKINGHAM MEMORIAL PLACED IN TAX LIST

The board of assessors have received a petition from a dozen merchants and others on Main street requesting that the Buckingham Memorial be placed in the town tax list and assessed accordingly. One of the instigators of the petition says that the Buckingham Memorial, as it is at the present time, is holding back expansion. Although it is exempt from taxation, the rooms in the building are being rented regularly to the public and are earning an income as large as other public halls. According to Mr. Willey, he has received information that during the past year between $3,000 and $4,000 revenue was realized for such rental.

Mr. Willey quotes a paragraph in the tax exemption law of 1927 which reads as follows: Assessing officials and those owning tax exempt property are urged to make themselves fully acquainted with Section 2 of Chapter 319 of the Public Acts of 1927. It will be found from a study of that section that our assessors are directed to exempt the part of, and to tax the remainder of, a building or lot being used in part exclusively for purposes which would exempt such property from taxation and in part for purposes which would make such property taxable.

The petitioners claim that the veterans are using but a small portion of the Buckingham Memorial for their own purposes and that this portion alone should be exempt, the remainder which is showing a revenue, being liable to taxation."

NEW HAVEN ROAD TO USE ONLY 'PHONES AND MAIL

All wire communication, with the exception of 'phone is to be discarded by the New Haven road. Only the telephone and the mails are to be used after this year. The road will use a printer," a message transmitting device in which a typewriter is used for transmitting and which sends messages simultaneously to a number of different points. The printer will be used for general message service between divisional points.

Train dispatching exclusively by telephone has been in operation on the New Haven road for more than two years, and according to H. A. Shepard, general superintendent of electrical transmission and communication of the New Haven, has been found to be more efficient than any other method of train dispatching. The New Haven is the first railroad in the nation to make exclusive use of the telephone for that purpose and to eliminate the telegraph and other forms of communication having to do with the direction and routing of trains.

The telephone has proved to be very much more flexible than the telegraph system for the dispatching of trains; and it has in many cases made possible the lengthening and consolidating of dispatching districts, effecting important economies as well as added efficiency in the operation of the road.

STEWART WILL CASE IS STILL ON TRIAL

Trial of the appeal from probate court case of G. Russell Stewart, et. al. of North Stonington, against Attorney Charles L. Stewart, of Norwich, executor of the will of the late William Stewart, and others, occupied the entire Thursday session of the superior court. The trial will be resumed in the superior court, which is meeting in New London, next week. It is claimed by the plaintiffs that the alleged will of the deceased is not the true will and was obtained by the defendants when the deceased was in a condition of dementia and when undue influence was exerted upon him.

STATE CHAMBER TO DISCUSS TOLL HIGHWAY

At the request of President Kimball of the Connecticut chamber of commerce, Secretary Clark Belden has called a meeting of the directors for next Monday at Hartford. The Norwich chamber of commerce has been invited to send representatives to the meeting.

A bill introduced in the 1929 legislature to incorporate the New England Express Highway Co., with powers of eminent domain to build an express toll highway, without grade crossings, between New York and Boston across Connecticut at an estimated cost of $85,000,000 has caused more widespread interest and discussion than almost any other bill now before the legislature. The construction of such a highway with private capital possesses revolutionary features.

Recognizing the widespread interest in, and the great importance of this proposed toll highway, the state chamber has arranged to have a representative of the New York banking interests back of this proposal, Highway Commissioner Macdonald, and an officer of the New Haven road to discuss it from various angles. Following these addresses, there will be an opportunity for questions and discussion from the floor.

TAFTVILLE

Postmaster Edward Adams announced Thursday that the hours that the local postoffice would be open on Washington's birthday would be as follows: 7 to 8 a. m.; 11:30 a. m. to 12:30 p. m.; 5 to 6 p. m.

An enjoyable and successful card party was given Wednesday evening in the Red Cross rooms in the Ponemah building by the members of the American Legion auxiliary. Eleven tables were in play. At whist the first prize for ladies went to Miss Louise Krauss, the second to Miss Mildred C. Yerrington; and the consolation to Mrs. Leo Hallowell. The gentlemens' prizes went first to Louis Legarre, the second to John Thoma and the consolation to Robert Pilling. The first prize for ladies at bridge went to Miss Ora Fournier and the second to Mrs. Margaret Harrington. The first prize for gentlemen went to George N. Beardow and the second to George F. Blood. The committee which arranged the affair included Mrs. Edward J. Kelly, chairman; Mrs. John Ledoux, Miss Ora Fournier, Mrs. William Emerson, Mrs. Patrick J. Fogarty, Mrs. Clara T. Caron and Mrs. Leon Molieur.

FUNERAL

Mrs. Herman J. Lucier

Funeral services for Mrs. Herman J. Lucier were held from her late home in Occum Thursday morning at 8:30 followed by a solemn high mass of requiem sung at St. Joseph's church. At the mass, Rev. Ludovic Paradis, the pastor was celebrant; the deacon was Rev. Adelard A. Jalbert, of Immaculate Conception church, Baltic; and the sub-deacon was Rev. Omer T. Mandier of Sacred Heart church. The bearers were Theodore Lucier, Oliver Lucier, George LaCroix, Amie LaCroix, Eugene Charon and Walter Cote. Burial was in Immaculate Conception cemetery in Baltic where Rev. Father Jalbert read the committal prayers. Undertaker George G. Grant had charge of the funeral arrangements.

As a result of the all day storm Thursday the village was pretty well "snow-bound" throughout the day. State highway department scrapers opened Norwich avenue and the Occum road, and during the afternoon Providence street was well cleared by the town of Norwich scraper. Ponemah mills snowplows cleared off the sidewalks on all the village streets during the morning and early afternoon.

Herman Krauss and Carl Krauss of Blissville and Henry Seidel of Providence street have been in Hartford this week attending the automobile show.

Francis Beique of Hunters avenue was in Boston, Mass., Thursday.

George H. Young of Pittsfield, Mass., a former Taftville resident was visiting in town early in the week.

There are advertised letters at the local postoffice this week for Wilfred Larivierre, Mrs. Victoria Bigos and Miss Antoinette A. Cardin.

The Basketry club met Thursday evening in the Red Cross rooms in the Ponemah building. Instruction was given in reed work and in chair caning.

NORWICH TOWN

CAMP FIRE GIRLS WORKING TO SECURE CAMPING FUND

Dakonya Camp Fire Girls of Norwich Town Methodist church held a meeting at the Methodist parsonage with their guardian, Mrs. George Warren Potter Wednesday evening. After the opening ceremonials the president, Doris Rose presided at the meeting. In the absence of Grace Marie Heinrichs, the editor of the Camp Fire newspaper, Mrs. Potter read the first edition of the news sheet which the girls have decided to name "The Waste Basket." Florence Gembel and Muriel Rose met in the afternoon and arranged the Dixie drinking cups which were given out to the girls during the meeting. The money secured from the sale of these cups will go toward the camping fund. Stella Mayeski reported for the play committee. A play has been secured and the girls voted to put it on about the last of April. The money derived from this will also go toward the Camp Fund. The meeting was closed with Camp Fire songs. At the last meeting Virginia Ward was awarded the Camp Fire pennant for having won the most number of honors. The pennant will be re-awarded each month. If a girl wins it for three successive months it will become her possession.

OBITUARY

George A. Frink

Having been in failing health for about a year, due to a shock in March 1928, George Anson Frink died at 1 o'clock Wednesday afternoon at his home on Otrobando avenue. Mr. Frink had been seriously ill just a week following a second shock Wednesday Feb. 13th. He was born in Preston, Oct. 11th, 1847, one of several children of George Washington and Sally Maria Williams Frink. May 23rd, 1877, in the town of Preston, Mr. Frink was united in marriage with Anna Woodward Hakes, daughter of John and Sarah Millard Hakes of New York state. Mr. and Mrs. Frink celebrated their golden wedding in May 1927. She was a niece and namesake of the late Mrs. Anna Hakes, of Pasadena, California, who died in April 1927 at the age of 107. Mrs. Hakes, who was buried in Norwich, was mother of the second wife of the late Colonel Charles W. Gale, (Gertrude Hakes Roath). Following the marriage of Mr. and Mrs. Frink they made their home in Preston until 1906. When moving to Norwich, their home was at East Great Plain for about six years. Since then for the past 16 years the Frink home has been at Norwich Town.

During his residence in Preston, he was town clerk and town treasurer for eight years. He also was a delegate to the Constitutional convention in 1901, from the town of Preston. In 1902, he was sent to the legislature as representative from that town. He held membership in Preston City Baptist church during his residence there; later, when coming to Norwich, he and his wife took letters of transfer to the Third Baptist church, Greeneville.

Mrs. Frink died August 12th, 1923. Mr. Frink is survived by three daughters, Mrs. Charles N. Arnold, of Plainville, who with her husband has faithfully cared for him the past year as also for Mrs. Frink during her illness, Mr. and Mrs. Arnold having come to Norwich, Feb. 25th, 1928, to look after the home, etc.; Mrs. Fred Freeman of Norwich, Mrs. Hobart A. Russell of Waterford, and a son Earl W. Frink of New London. There are five grandchildren, Albert, Richard and Ruth Frink of New London, Mrs. Joseph Byington (Ellen Frink) and Miss Elinor L. Freeman both of Norwich. He also leaves two sisters, Miss Charlotte Frink of Norwich Town and Mrs. Charity Beckley of Preston City. During his active career, Mr. Frink followed the occupation of a blacksmith.

Many relatives and friends of Dr. and Mrs. F. D. Coles who recently took up their residence in Norwich Town, are calling on them at their hospitable home on Harland road.

County fair, Methodist vestry. Fri. night. Big attractions. Midway.—adv.

Mrs. F. D. Coles of Harland Road, was a visitor in Jewett City her former home, Thursday afternoon, the guest of her brother-in-law and sister, Mr. and Mrs. Earl Gilbert.

At the Sacred Heart church this (Friday) evening at 7:30, in observance of Lent, there will be Stations of the Cross, and Benediction of the Most Blessed Sacrament.

SCOUTS PLAN TO BEAUTIFY MEETING HOUSE ROCKS

The Boy Scouts of Sacred Heart parish met Friday evening in the basement of the church from 7 until 9. The Scouts reported on some of the duties assigned them, to be carried out next summer. The first of these includes beautifying Meeting House Rocks by repairing the steps, and making a railing on either side of the steps, placing benches under the trees, and making feeding stations and houses for the birds.

Marching instructions were given for a short time.

New games were played during the game period.

Five visitors attended the meeting.

The following tests were successfully taken: Charles Starback passed history of the flag, significance of the badge, Scout sign, Scout motto and Scout salute; Richard Cormier passed first class first aid.

The meeting closed with the boys repeating in unison the Scout oath and law.

MAYOR ROBBINS ISSUES CALL FOR SPECIAL CITY MEETING

Mayor Lee Roy Robbins issued Thursday evening, a call for a special city meeting to be held next Wednesday evening at the town hall, for the purpose of hearing and acting on the report of the fact finding committee. The fact finding committee was created at a city meeting held November 8th, last, for the purpose of investigating and reporting on the rates charged for electricity by the board of gas and electric commissioners of the city.

Last fall the board of gas and electric commissioners put into effect a schedule of new rates for the use of electricity. The rates met considerable opposition, especially on the part of numerous merchants who expressed the opinion that they were not fair and equitable rates. A special city meeting was called for the purpose of discussing the new rates with the result that the fact finding committee was appointed by vote of the meeting. The committee was to have made its report at a special city meeting not later than January 16th. As that date approached, the committee asked for more time in order to make their investigation as thorough as possible. They have now completed the investigation and are preparing their report which will be submitted in full at the meeting next Wednesday evening.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

MR. HOOVER HEARS MASTER OF THE NATIONAL GRANGE

After the Conference Louis J. Taber Told Newspapermen That Hoover Would Surely Make an "Heroic Effort" to Solve the Farm Problem—Mr. Taber Informed the President-Elect That the Farmer Desired the Same Protection Which the Industrialist Enjoyed.

WASHINGTON, Feb. 22—(AP)—The complexities of farm relief, one of the problems for which Herbert Hoover will call a special session of congress, were brought to the sharp attention of the president-elect today in conferences with Louis J. Taber, master of the National grange, and Cleveland A. Newton, former Missouri representative and now general counsel for the Mississippi Valley association.

Taber told Mr. Hoover that his organization favored an increase in agricultural tariffs to extend to the farmer the same protection which the industrialist enjoyed. He said that the "weighted average" of custom duties on industry is 42 per cent. whereas for agriculture it amounted to only 22 per cent.

Mr. Hoover, Taber asserted to newspapermen after his conference, would surely make a "heroic effort" to solve the farm problem. The grange head added that his organization is in favor of improving the agrarian situation by adoption of a plan comprehensive enough to embrace not only tariff revision but amendment of the national land policy and greater facilities for markets and more credit opportunities.

Newton presented to Mr. Hoover the views of his organization which is interested in the development of water transportation on the Mississippi for the development of the middle west and for the relief of agriculture by providing cheap water transportation for agrarian products.

Although a supporter of waterway development, the president-elect has been represented as opposed to consideration of that problem at the coming special session of congress. He and his political advisers apparently have agreed that the extra session should be devoted exclusively to tariff revision and to the enactment of a farm relief measure which shall deal with the immediate problem of credit facilities, cheaper and easier marketing and surplus disposal.

In this connection house republican leaders, acting with the support of Mr. Hoover, are planning to move in the special session for organization of only four committees, those on rules, agriculture, ways and means and accounts.

They feel that no exceptions should be allowed to their intention of only dealing with tariff revision and agriculture.

REPORT FOR STATE BOARD OF FISHERIES AND GAME

HARTFORD, Feb. 22—(AP)—Connecticut during 1926, received the equivalent of a dividend of six per cent. on the funds administered by the state board of fisheries and game, it is pointed out in the biennial report of Superintendent John W. Titcomb. Reports from about two-thirds of the licensed hunters for 1926, the last year for which figures are available, show a bag estimated to be worth $502,029.50, on that basis of which Supt Titcomb places the probable value of the entire kill at $800,000.

The value of the catch of the commercial fisheries of the state, as given by Mr. Titcomb in his report, was $880,917 for 1926, an increase from $676,606 the previous year. The commercial fisheries catch for 1927, the last year covered by the report, was valued at $962,973. No figures are available on the food and game fishes caught by angling only.

The game census for 1926 brought reports from 68.7 per cent. of the hunters, showing birds to the value of $277,608, quadrupeds such as rabbits, hares and squirrels to the value of $52,516, and fur-bearing animals whose pelts were worth $171,905.50 has been taken, according to the report. To these figures, Supt. Titcomb points out must be added, the kills made on land owned by the hunter or the trapper including what Mr. Titcomb believes to be an important item, the results of trapping by farmer boys who take this means of increasing their revenue.

FIRE DESTROYED ANCIENT BUILDING IN PROVIDENCE

PROVIDENCE, Feb. 22—(AP)—Altair Hall, one of the oldest buildings in Providence, was practically destroyed by fire early tonight when a blaze that required nine hose companies and three ladder trucks, called out on three alarms, wrought unestimated damages, tied up traffic for two hours during the rush period and sent one fireman to the hospital with minor injuries.

Starting on the first floor, in a variety store owned by Thomas Mahoney, at 120 Elmwood avenue, the fire swept up through wall partitions to the third floor and then out through the roof, leaving a blackened latticework of charred timbers.

Howard L. Berkinshaw, of Hose Company 11, was taken to the Rhode Island hospital with an injured right shoulder after falling the length of a flight of stairs. Three other firemen suffered slighter injuries and were released from duty after treatment by ambulance surgeons. Police from the eight police stations numbering more than 150 and 126 firemen were called.

FIVE PERSONS KILLED BY BOILER EXPLOSION

GLENNVILLE, Ga., Feb. 22—(AP)—A boiler explosion today killed five persons, injured five seriously and wrecked the $150,000 W. A. Canuet saw mill.

All the injured and four of the dead were mill workers. The fifth was Annie Lou Kickrighter, 8, killed by a piece of boiler debris which hurtled through the roof of the Kickrighter home, 200 yards from the mill.

Canuet said the cause of the blast probably was a dry boiler, and pointed to the water glass petcock which for an unexplained reason was closed at the bottom, making the gauge useless.

Glennville thought an earthquake had struck the town about 10 o'clock this morning as the detonation came like a clap of mighty thunder. Windows were broken in houses near the mill and the blast was heard for more than six miles.

After the dead had been removed to homes or undertaking parlors and the injured taken from the debris, the town of 1,000 or so population, closed all business activity for the day. Calls were sent out for nurses, but the two doctors gave first aid.

NO PLANS FOR COOLIDGE-TRUMBULL MARRIAGE

PLAINVILLE, Feb. 22—(AP)—Mrs. Joan H. Trumbull, wife of Gov. Trumbull, issued a statement tonight in which she denied that her daughter, Miss Florence, and Major John Coolidge son of the president would marry. The Trumbull residence here Mrs. Trumbull said she had read an account in a newspaper in which Major Coolidge is quoted as saying the marriage would take place in "the executive mansion at Plainville."

"I wish to correct that, as it is not true," she said. "Major Coolidge is incorrectly quoted. So far there have been no definite plans for the marriage, even the date has not been set."

EXPECT QUICK SOLUTION OF CHICAGO GUNMEN MASSACRE

CHICAGO, Feb. 22—(AP)—A quick solution of the St. Valentine's day massacre of seven George Moran gangsters was expected police said tonight as a result of two developments that came in rapid succession. One of them was the receipt of the sales record of a wrecked automobile believed by police to have been used by the slayers, the other was the discovery that a man had applied at a North side hospital for treatment for relief from burns soon after the automobile was found in a blazing garage last night.

The sales record was received from the Cadillac Motor company, of Detroit, and shortly afterward States Attorney John A. Swanson announced that County Commissioner Frank Wilson had been the original owner of the machine but that since then it has been sold several times. The names of the succeeding owners, Swanson said, are known and the persons are being sought. Fifteen detective squads were assigned to the checkup.

Police expressed belief that the man who appeared at the hospital was one of a number engaged in destroying the automobile and was accidentally burned when the garage caught fire. Hospital authorities said they had a good description of the man, despite the fact he left without being treated.

Witnesses who saw the killers flee said their car resembled a police car and that some of the occupants wore police uniforms. A siren, similar to those with which police cars were equipped, was part of the equipment of the mystery automobile.

KIDNAPPED SAN FRANCISCO GIRL RETURNED TO MOTHER

SAN FRANCISCO, Feb. 22—(AP)—Four-year-old Doris Smith-Murphy today was returned to her mother, Mrs. Helen Murphy, and three persons were held by police here in connection with the child's disappearance from a play ground a week ago.

Mrs. Charles Sharp surrendered the little girl to her parents, ending an intensive search throughout this section for the child.

The woman said Doris had been given to her under mysterious circumstances and that she had had reason to believe the child was her own daughter, Betty, whom she had not seen for months. With her husband, Charles Sharp, the woman was held by police. C. C. Bidwell, radio salesman, was held as a material witness.

Mrs. Sharp said the first intimation she had that the child was not her daughter was when Bidwell recognized Doris on the street and told her the girl was the missing child.

Bidwell and Mr. and Mrs. Sharp were subjected to separate questioning at police headquarters but no formal charges were filed. Duncan Mathesen, captain of detectives, who earlier in the day said he would bring kidnapping charges against all three, said the filing of charges of kidnapping would await completion of the interrogation.

METHOD OF PROCEDURE SOUGHT ON REPARATIONS

PARIS, Feb. 22—(AP)—The sub-committee of five of the reparations commission was tonight back at its task of trying to find a method of procedure that would satisfy the full committee. The program presented this morning and suggesting the possibility of substituting transfers of money and kind in place of present annuity payments by Germany in the way of reparations, was not accepted.

Various experts on the full committee made suggestions for modification of the plan and these became so numerous that the whole thing was referred back to the sub-committee with an understanding that it would report again on Monday morning.

There was a distinct feeling manifested that unless this fresh attempt to frame procedure was successful, the work of the commission probably would be prolonged beyond the five weeks that were originally agreed upon as the term necessary for solution of the whole problem.

EVANGELINE BOOTH UNABLE TO SEE BROTHER

LONDON, Feb. 22—(AP)—Evangeline Booth, Salvation Army commander in the United States apparently must return to America without seeing her brother the deposed General Bramwell W. Booth. An official communique issued tonight said she had renewed her request to be permitted to call upon him but that this would not be possible at present as the doctors have forbidden any conversations which would in any way remind the general of the blow he so recently received at the hands of the high council of the army.

CABLED PARAGRAPHS

GUATEMALA CITY, Feb. 22—(AP)—The volcano Sanat Maria broke into eruption yesterday hurling ashes and enormous quantities of sand over the rich and populous southern coastal region.

DUBLIN, Irish Free State, Feb. 22—(AP)—The senate ratified the Kellogg pact for renunciation of war. The vote was unanimous, following a debate in which several speakers expressed strong criticism of the document.

PUBLIC EXECUTIONER FOUND SHOT TO DEATH

AUBURN, N. Y., Feb. 22—(AP)—John W. Hulbert, at times state executioner for Massachusetts, New Jersey and New York, and Auburn's "man of mystery" was found shot dead in the cellar of his home here today. Whether he died by his own hand or was killed by a friend or relative of one of the 141 men he sent to their deaths, in the electric chair, still was an enigma to the police after hours investigation.

District Attorney Ben Kenyon flatly refused to commit himself to one theory or the other until a thorough investigation of Hulbert's death has been completed. An autopsy performed at the Newkirk morgue tonight showed two 38 calibre bullet wounds, one in the right temple and the other in the left chest.

The strongest evidence supporting the suicide theory was Hulbert's own 38 calibre revolver, which was found beside the body. It was identified by George B. Durnford, principal keeper at Auburn prison, who said the former executioner always carried the pistol to protect himself from possible attack by friends or relatives of his victims. Also supporting this theory he had been extremely melancholy since the death of his wife last fall.

Hulbert was found by his son Clarence when he arrived home shortly after 3 o'clock this afternoon. His death ended the strange career of a shy man whom Auburn knew so well and yet so little. Since 1913 when he was appointed state executioner Hulbert has led a hermit-like existence, appearing in public as little as possible, and making few friends. His self-imposed exile soon led residents of the city to dub him "the man of mystery" and as such he was known during the rest of his life in the city.

AVIATRIX RUTH ELDER WAS KNOCKED DOWN BY PLANE

GLENDALE, Calif., Feb. 22—(AP)—Mayor George E. Cryer, of Los Angeles, Ruth Elder, aviatrix, and several other persons were knocked down but not injured here today when struck by an airplane driven down the runway of a new airport by Lieut. E. W. Tomlinson, navy flier. Miss Peggy Hamilton, a writer, was the only person injured among those struck. Her condition was not serious.

The party was seated beside a big three-motored plane in which Lieutenant Tomlinson sat at the controls being photographer. The pilot evidently thinking the group was clear of the plane, started down the runway. All were knocked down.

Besides Mayor Cryer, Miss Elder and Miss Hamilton, the party included Major Arthur Goebel, aviator; W. B. Nel, chief engineer of the Ford company; Jack Maddux of the Maddux airlines; Priscilla Dean, film star and Miss Virginia Sullivan, fiancee of Lieutenant Tomlinson.

The group was taking part in the opening ceremonies of the new airport.

FAILED IN ATTEMPT TO COMMIT SUICIDE

TROY, N. Y., Feb. 22—(AP)—Joseph R. Fournier, 38, of South Lawrence, Mass., who attempted to end his life in the Clark house here early today by slashing his throat with a razor, will recover, Troy hospital attaches reported. Twenty-six stitches were necessary to close the wound.

The note scribbled on an envelope found in the man's coat pocket and addressed to his wife, Mrs. Joseph R. Fournier in South Lawrence, read: "What little I have in my possession goes to my most precious wife, who I so ruined in my past. I would like her especially to have my discharge papers and report in envelope. Thank you ever so much. Good bye."

Fournier, employed as a brakeman by the Boston and Main railroad and a World war veteran, hired the room at the lodging house last night. After cutting his throat he called to another roomer to get a doctor.

LINDBERGH ANSWERS TWO QUERIES ABOUT ENGAGEMENT

WICHITA, Kas., Feb. 22—(AP)—The Wichita Beacon, today in a copyrighted story, said Colonel Lindbergh, who arrived here this afternoon from Kansas City, Transcontinental Air Transport answered two questions regarding his engagement to Miss Anne Morrow, for the first time since the betrothal was announced.

Lindbergh answered in the affirmative when asked if he thought his marriage would affect his flying. He declined to elaborate on the simple, "yes."

"Where are you going to live?" he was asked.

"St. Louis is my home," Colonel Lindbergh replied.

FAILED TO FIND MEN WHO WERE HURLED FROM BOAT

GRAND CANYON, Ariz., Feb. 22—(AP)—Searching parties today failed to discover a trace of two men who were hurled from a boat into the muddy torrent of Horn Creek Rapids yesterday.

Fred Johnson, 30, forest ranger; Glenn Sturdivant, 31, naturalist, of the Grand Canyon National park, and James B. Brooks, chief park ranger, were plunged into the water while exploring the canyon to study its wild animal life. Brooks managed to reach shore and gave the alarm.

ALLEGED WIFE SLAYER CULLEN IN PLYMOUTH

PLYMOUTH, Mass., Feb. 22—(AP)—Christopher Cullen, of Weymouth, charged with murdering his wife, Cora Jacques Cullen, a bride of five days, arrived at Plymouth county jail tonight in custody of Chief Police Hugh McFarlane, of Hingham and State Detective A. L. Brouillard. He was brought from Miami, Fla.

REICHSTAG RESOLUTION TO REPARATIONS EXPERTS

BERLIN, Feb. 22—(AP)—Before adjourning for the week end today, the Reichstag unanimously adopted a resolution of the transportation committee asking the government to urge upon the reparations experts now assembled in Paris that the federal railways be relieved of direct liability for reparation payments.

Two Americans Held For Ransom In Mexico

Bandits Threaten Death Unless the Ransom is Forthcoming.

MEXICO CITY, Feb. 22.—(AP)—Dispatches to the Excelsior from Guanajuato, capital of the state of the same name, today said that two American mining engineers had been captured by bandits and were held for ransom under threat of death. They are J. M. Underwood and C. C. Aisthorpe.

Underwood and Aisthorpe were said to be officials of the Guanajuato Reduction and Mines company, whose home office is in Columbus, Ohio.

The United States embassy and consulate general here were seeking confirmation of the newspaper report tonight.

The Excelsior account said that troops were in pursuit of kidnappers. The bandits, guided by a former employe, were said to have crept into the mining camp on Wednesday night while everyone was asleep. They took Underwood and Aisthrope from their quarters and forced them to mount horses and to accompany them on the road toward Santa Ana.

Later they sent back a note to the mine headquarters saying that they would kill the captives unless they were paid a ransom. The state governor has personally taken charge of rescue activities. Other employes of the mine urge that the movements of troops be conducted with the utmost caution for they fear that the bandits might kill their prisoners as vengeance should any of their number fall victim to the soldiers.

The mine where the kidnapping occurred is known as the "Bustos Mine." Insurgent and bandit activities have been frequent in the mountainous state in which it is located. It was in another part of Guanajuato that the train of President Emilio Portes Gil was dynamited less than two weeks ago.

JURY DISAGREED IN LIGGETT MURDER TRIAL

NASHVILLE, Tenn., Feb. 22—(AP)—Walter Liggett, young grain dealer on trial for several weeks for murder, this afternoon heard a jury that had been out 23 hours report a mistrial of his case, learned a few moments later that the state had not ended its efforts to send him to the electric chair, and then was informed that the husband had named him as co-respondent in a divorce cross bill.

Liggett was indicted for murder after he shot and killed Turney Cunningham, Nashville hotel manager, last October in the aftermath of a dispute over Cunningham's wife. He and Mrs. Cunningham at the trial both testified they had been intimate for six years.

The jury reported at 2:30 p. m., that agreement seemed impossible. Judge Chester K. Hart discharged the jury and the Davidson county attorney general immediately entered a motion to reset the case. Judge Hart indicated the motion would be heard tomorrow.

Rescue Snowbound Women And Children

From Motor Car Marooned in the Blizzard Swept Red Desert.

ROCK SPRINGS, Wyo., Feb. 22—(AP)—Five women and six children, the vanguard of the party of 50 or 60 persons snowbound on a highway in the desolate wastes of the Red desert since last Monday, reached the shelter of civilization here late today.

They brought a story of intense hardships during the four days and nights they were at the mercy of the elements on the wind and snowswept desert.

Facing famine and shivering from exposure, the plight of the party was relieved somewhat yesterday when an airplane piloted by Edmund T. Allen, dropped 1,000 pounds of provisions and blankets at the little camp where the storm sufferers had huddled about their stranded caravan of motor trucks.

Rescuers, who had fought their way through the deep drifts brought the women and children to safety, while the men of the party remained behind to bring through the trucks.

The trucks carrying the group from New Mexico to a construction job near here, became stalled Monday when a blizzard whipped across the desert and piled five to six feet of snow upon the highway.

Moderating weather today favored the travelers and tractors led a slow advance of the caravan toward Rock Springs.

Edward Kiviano, said to be a representative of the department of commerce, worked his way on foot with several others through the drifts but was nearly frozen when highway workers, trying to reach the party from Rock Springs found him.

His companions, Kiviano said, collapsed and were taken care of by the workers. Tired and exhausted from the long vigil in the open, Kiviano was unable to give a detailed story of the experiences of the travelers.

Supplies dropped to the marooned party by Allen from a special Boeing airplane sent from Salt Lake City included blankets to permit them to sleep warmly last night.

Huddled around a fire which apparently had been made from a load of lumber carried by one of the trucks, the stranded group cheered when the airman hove in sight and circled their camp.

"It was worth a million to see those half famished persons scrambling for those gunny sacks which meant sustenance and life to them as they wildly waved their arms in thanks," said Allen.

BLACK RESOLUTIONS ADVERSELY REPORTED

WASHINGTON, Feb. 22—(AP)—The house banking committee today reported adversely on the Black resolutions to ask the treasury, the federal reserve board and the president whether the board had conferred with the governor of the Bank of England before it issued its recent warning against loans for speculation.

By the Aid of Advertising.

More and more women today are finding a way to keep young, 10, 20, even 30 years longer than their mothers.

The great strides of engineering and electrical science have developed marvellous labor saving devices to relieve women of drudgery. Modern medical science is outwitting middleage by revolutionary discoveries in diet and care of the body.

But it is advertising that has aroused women to a realization of what these new household helps can do. It is advertising that has brought a knowledge of beauty aids and their use. It is advertising that has created a desire for those products which aid women to lead healthier, happier, longer lives.

Always read the advertisements. Keep up with the ever onward step of progress. Do not let yourself be left behind.

HOW INNOCENT TAXI DRIVER LANDED IN JAIL BY APPLICATION OF THE LAW

NEW YORK, Feb. 22.—(AP)—Give a moment to the story of a taxi driver who disarmed a holdup man, picked up the thug's gun and later learned that the letter of the law can spell i-a-i-l even for an honest, well-meaning citizen.

To get the proper background, go back about three weeks and see Oliver Deardorff of Brooklyn jubilant over the taxi-piloting job he'd just landed after three months of searching for work. Mrs. Deardorff and the two youngsters are jubilant, also, for it's no fun trying to live in New York with all the money going out and none coming in.

Well, the taxi business was going pretty well. It was good last night and early this morning. But then Oliver Deardorff got his bad break.

He was cruising through the Bronx looking for fares when a man nailed him. Deardorff stopped and the man poked a revolver into his face.

"Oh, no you don't," said Deardorff, striking the thug's wrist a blow that sent the weapon to the pavement. The bandit fled and the chauffeur picked up the gun. He looked around for a policeman but none was in sight, so he put the revolver on the seat and stepped on the gas.

A few hours later he spied Patrolman George Ziegers to whom he told his story. The tale didn't sound just right to the officer, apparently, for he arrested Deardorff and took him to the station on a charge of possessing firearms without a permit.

In court this morning Deardorff again told his story, this time to Magistrate Rayfield.

"You admit having the gun in your possession?" queried the magistrate.

"Sure, your honor," said Deardorff. "I had it, but I was trying to get rid of it by giving it to the policeman."

"Well," asserted Mr. Rayfield, "you never should have been arrested. But you were, and your are charged with illegal possession of a firmarm. Under the law I cannot dispose of the case. I must hold you for the court of special sessions and I shall fix your bail at $500."

"I don't think I can get bail, your honor," faltered the crestfallen chauffeur. "I can't afford a bond fee. I don't know how my family will get along unless I get out and hustle. I was just trying to do the right thing."

"I realize that," replied Magistrate Rayfield, "but by the terms of the law I have no other course than to hold you." And so Deardorff went to jail.

In the tiny flat he calls home a baby lay in a crib while beside a wood stove and the other child played in the backyard while Mrs. Deardorff searched for someone who would bail out her husband.

WASHINGTON WAS THE "BEST BUSINESS MAN IN HIS DAY"

Declaration Made by President Coolidge in Address Delivered at the Commencement Exercises of George Washington University—A Great Military Leader and Sound, Patriotic Statesmen—Called Attention to Washington's Admonition Against Permanent and Political Alliances.

WASHINGTON Feb. 22—(AP)—Eulogizing George Washington as a great military leader, a sound and patriotic statesman and the "best business man of his day," President Coolidge tonight declared that America had come to occupy such a position in international affairs as the first president must have wished it to take.

The United States, he said in an address delivered at the commencement exercises of George Washington university, is on friendly terms with every nation with which it has diplomatic relations and through the maintenance of its traditional policy of isolation is able to render valuable and disinterested assistance to other countries in adjusting the problems which arise between them.

In addition to delivering an address the president was invited to the graduating ceremonies to receive a degree. At the same time, the university conferred a similar honor upon Mrs. Coolidge. The exercises were held in the Washington auditorium.

Referring to George Washington's famous admonition against permanent and political alliances, Mr. Coolidge said that in the parlance of the times, an alliance meant the banding together of two or more nations for offensive or defensive purposes, and had no reference to "an association of practically all nations in an attempt to recognize their common interests and discharge their common obligations."

While America would fail "disgracefully" in its mission in the world, if it did not defend its own independence, sovereignty and other inalienable rights, he added, it would fail also if it did not respect them in others.

"So long as we continue as a nation," the president went on, both foreign and domestic affairs will constantly produce new questions for consideration. He added that there was no cause for alarm in the fact that at present "there are subjects requiring diplomatic adjustment" declaring that there are more and more methods by which the certainty increases that they will be composed.

"It is possible to say of our foreign relations at the present time that they have rarely been in a more happy condition," Mr. Coolidge said. "The uncertainties which existed south of the Rio Grande have been very much relieved. The domestic disorders in Central America are being adjusted with a satisfaction that is almost universal. Even the mouths of those who would rather criticize us that have us do right have been stopped. The recent Pan American congress held in Washington exhibited a spirit of friendliness and good will which was most gratifying.

"Competent and experienced observers have assured me that our relations with South America are on the most satisfactory basis that they have been for 25 years. On the far side of the Pacific our situation is equally satisfactory. We have no important unadjusted problem with the government of any European nation with the exception of Russia. Outside of that country all the issues that arose, even out of the world war, have been adjusted * * *.

"We believe in a policy of national defense and maintain an army and a navy for that purpose. Other countries have similar military establishments. We are committed to the principle of limitation of armaments. The other great powers through the public opinion of their people and the binding obligation of their treaties are more firmly committed to this principle than we are. Each government is conscientiously seeking to extend this principle. It does not raise any issue among us."

WASHINGTON EXERCISES IN NATIONAL CAPITAL

WASHINGTON, Feb. 22—(AP)—This city named after him and nearby Virginia, which he loved so well, honored the 197th anniversary of George Washington's birth today with numerous exercises in which his accomplishments were extolled as carrying lessons for the present generation.

Flags bedecked the capital's snow littered streets. Preparations for the inauguration of Herbert Hoover as the thirtieth successor of the Revolutionary leader stood at a standstill. The senate and house, however, worked ahead on pressing legislative matters. Mr. Hoover spent the day at his residence, consulting with callers and working on his inaugural address.

One pilgrimage after another visited Mount Vernon, which looked serenely over the Potomac river today much the same as when the first president lived there. Among them were 1,500 Boy Scouts and delegates from 15 states attending the annual meeting of the grand council, Order of De Molay.

Patriotic meetings here were featured by 93 municipal organizations gathering at the theatre and by exercises in Memorial Continental hall by local branches of the Daughters of the American Revolution, Sons of the American Revolution and Children of the American Revolution.

Dispensing with the customary reading of Washington's farewell address, the house heard Representative Beck, of Pennsylvania deliver a commemorative oration. He discussed Washington's political philosophy with reference to the Constitution, and added: "Whenever disaster menaces our institutions, the American people again become conscious of his potent influence and while that influence remains, the republic will endure."

In the senate the farewell address was read by Senator Reed of Missouri, who retires March 4.

Grand masters of the Masonic order met in Alexandria, Va., where the George Washington Masonic Memorial association is completing its structure honoring the first president. Other Masonic delegations visited the Washington monument here to pay tribute.

NEW DRIVE IN CHICAGO AGAINST RACKETEERS

CHICAGO, Feb. 22—(AP)—Chicago today started a move to strike from the throat of American business the noxious leeches known as racketeers, and to rid itself of a reign of terror.

A grand jury investigation into the heavy tribute levied on one class of victims, glazier contractors, was heralded as the opening of a major drive to stop the pirateering on trade that costs Chicago alone approximately $136,000,000 yearly.

The high cost of racketeering, which takes many different forms, is not due entirely to the hundreds of bombs exploded here in the last few years nor to the property damage at the hands of marauders who hesitate not at slugging, kidnaping or killing. Fees paid organizations employers are forced join, dues extracted from workers, and sums expended for protection against depredation drive the retail price of goods skyward.

Every city in the country of 5,000 population or over is subject to this form of extortion, according to G. L. Hostetter, executive secretary of the Chicago Employers' association which has long fought racketeering. It was Mr. Hostetter who coined the term "racketeer."

Evidence in the hands of prosecutors shows that the glazier contractors were forced into a glass dealers association at an annual cost to them of $500,000 a year. The methods often used in such coercion are to threaten an employer with a strike of his employes and he usually finds it is cheaper to acquiesce to the demands than to fight.

DEFENDS THE CHARACTER OF GEORGE WASHINGTON

HARTFORD, Feb. 22—(AP)—Sharp denunciation of the remarks about the character of George Washington made recently in New Britain by Attorney Irving I. Smith, of Meriden, is contained in a resolution presented by Lieut. John A. Gleason, historian of the organization, and adopted unanimously at the 71st annual meeting of the Putnam Phalanx this afternoon, Washington's birthday, at its armory on Washington street.

EARTHQUAKE REGISTERED AT GEORGETOWN UNIVERSITY

WASHINGTON, Feb. 22—(AP)—A sharp earthquake of four hours duration, believed to have occurred 2,800 miles north of Washington, was recorded late today on the seismograph of Georgetown university. The shocks started at 3:49 p. m., reached a maximum at 4:01 p. m., and continued until nearly 8 p. m.

BOY, WHILE COASTING, WAS KILLED BY AUTO

GREENWICH, Feb. 22—(AP)—James Kushiner, 12, was skilled today when his sled, coasting down a hill, was struck by an auto. Joseph Buccle, of this place, driver of the car, was held under $3,000 bail pending an inquest.

RECOMMEND VARE BE DENIED SEAT IN SENATE

WASHINGTON, Feb. 22—(AP)—After almost three years of inquiry a recommendation that Senator-Elect William S. Vare, republican, Pennsylvania, be denied his seat was submitted to the senate today by its special campaign funds investigating committee.

However, the committee left it to the senate to decide whether final action should be taken on the case while the Pennsylvanian is ill and unable to take advantage of the senate's previous offer to him to appear and present his position.

Willing to abide by the senate's decision, Senator Reed, democrat, Missouri, the chairman of the committee, will ask it tomorrow to settle that point. The Missourian retires on March 4, and it seemed likely tonight that the Vare case on which he has worked so long would go over to the new congress for settlement.

Elected in 1926, Vare has never occupied his seat. On the basis of the committee's first report, the Pennsylvanian was denied the oath when he presented himself in the senate in December, 1927. The committee's report attributed expenditures of $785,924 to him in his primary fight against Former Governor Gifford Pinchot and Former Senator George Wharton Pepper for the republican senatorial nomination.

QUESTION FREE ENTRY OF PHILIPPINE PRODUCTS

WASHINGTON, Feb. 22—(AP)—The question of the present free entry of Philippine products into this country and its relation to the Islands' independence bobbed up for the second time, in the tariff revision hearings of the house ways and means committee as its study of the free list progressed to the section covering vegetable oils and fats and their raw materials.

The farmers, backed by extractors of fish oil and some independent cottonseed-crushing mills, presented a proposal through Charles W. Holman, of the National Milk Producers' federation, for an uniform ad valorem duty of 45 per cent. on all vegetable oils and fats with the rates applying to the Philippines as well as other countries.

The proposal is aimed principally at cocoanut oil, which there is a duty at present of 3 cents a pound but which comes in free from the Philippines and competes, the farm group contends, with cottonseed oil. Coconut oil is obtained from copra, or dried coconut meat, which is admitted free from all countries.

SIX PORTLAND FISHERMEN SEPARATED DURING STORM

PORTLAND Me., Feb. 22—(AP)—Six Portland men became separated from their fishing schooners while hauling trawls in dories, when the blinding northeast snowstorm struck the craft on Jeffries Ledge, 37 miles off Cape Elizabeth, yesterday morning, it was learned late today. Efforts to find them had been unsuccessful, but it was hoped they might have been picked up by some passing vessel.

MUCH SPECULATION TO IMPORTANCE OF TWO NOTES

(Special to The Bulletin)

WILLIMANTIC, Feb. 22—With a quite definite let-up of events in the Jackson murder case, public speculation turned today to the possible contents of the notes left by Mrs. Jackson when she committed suicide and which are now in the custody of Coroner Arthur G. Bill. This speculation as to the contents of the notes, one of which was addressed to Attorney William A. King and the other to Tremor A. Rice, client of King and now in Brooklyn jail awaiting trial for the murder of Detective Jackson, led to considerable theorizing on the importance of these notes in the trial.

The defense counsel, Attorneys King and Harvey, definitely state that they have not seen the notes. News of the fact that both notes were contained in a stamped envelope addressed to Attorney King did not become common knowledge until announced in this newspaper last Friday morning. While legal procedure to secure the notes or a copy of them, remains open to the defense counsel and affords at least an attempt to become acquainted with the contents, the attorneys have evidently decided to await such time as the state is prepared to release the notes. From authoritative sources it has been established that the note to Attorney King is an attempt on the part of Mrs. Jackson to exonerate Rice of guilt. The woman took responsibility for the murder of her husband and went into some detail as to the manner in which the crime was perpetrated.

The course taken by the defense would indicate that either the counsel for Rice are confident of the fact that their case, coupled with the notes will establish the innocence of the accused, or from a psychological standpoint feel that a legal attempt to secure the notes as soon as possible would set up an opinion that much of the success of the defense depends on these notes provided that they bear out a plausible exoneration of the accused.

Meanwhile the notes are in the hands of the state and the authorities are satisfied that they can discount the attempted exoneration to the extent where the notes will not damage their case against Rice. Just how these notes will be discounted remains a matter of conjecture. It is possible that the notes are not as strong an exoneration as many have been led to believe, or again, that the state in exhibiting the notes may point to scribbling writing and lack of continuity of thought on the part of the writer to show that Mrs. Jackson was not in a normal frame of mind when she prepared her ante-mortem statements before taking her life.

While Coroner Bill has stated that he would not incorporate the notes as part of the inquest testimony presumably because of the fact that it is not testimony given under oath, it is understood that the procedure is for him to make a record of their existence. Following the inquest the notes will be turned over to State's Attorney Howard C. Bradford and it is then possible that the notes, or a copy of them, may be available to the defense counsel.

AMERICAN LEGION LAUNCHES DRIVE FOR MEMBERSHIP

(Special to The Bulletin)

WILLIMANTIC, Feb. 22—The big American Legion drive to secure a membership of 150 members and possibly the affiliation of three women in the town who are eligible to membership got underway today. A large bulletin board prepared by Fred J Palmer was erected at the Railroad street abutment of the footbridge this morning and as the campaigners secure new names for the roll call of the legion, post these names will be placed on the bulletin board. The board also shows a membership thermometer which runs up to the quota of 150 The membership committee in charge of the drive is composed of T. Frank Cunningham, chairman, Raymond A. Parker, James B. Fullerton, William Mann, Oscar Keith, Albert J Piche, Major Joseph R. Morrison, Charles A. Reynolds and James J. Lee. Dr. W. P. S. Keating, commander of James J. Shea post, No. 19, is unable to participate in the drive owing to illness which confines him to his home. The unfortunate position of the commander has spurred the committeeman on to make the drive a complete success. A membership of 150 would give the post the same relative influence and working efficiency which other legion posts hold in other cities. American Legion posts in other communities are recognized for their importance as civic-minded bodies and there is a strong sentiment that Willimantic should likewise benefit from a sizable organization of its war veterans.

The Fellowcraft club, a Masonic fraternity, staged a successful minstrel and dance with an attendance of over 200 at the town hall Thursday evening. W. R. Dean directed the minstrel which was rich with snappy music well executed musical numbers and clever interlocutory work. The cast of the minstrel follows: Director, W. R. Dean; pianist, J. Atkinson; interlocutor and musical director, Dr. E. J. Morgan; end men, Edgar Butcher, Joseph Bernet, Francis Ryan, Clifford Williams, W. R. Dean, Lester Hartson, Percy Wilmot, Leslie Culpin; chorus, Lester H. Blish, Louis N Moseley, William Gillis, Albert Young, Carl Jewett, Frank Sears, Benjamin Larned, Norman Pulfz, Arthur Fitts, Arthur B. Small, Carl Ridgeway, Arthur L. Clark J. Homer Hawkins, Louis Dean, Fred Haddad. Following the minstrel dancing was enjoyed until midnight. Arrangements for the affair were in charge of a committee comprising: W. R. Dean, John Phillips, Frank Sears, Arthur Fitts Edgar Butcher and Harry Brown.

The automobile traffic in this section suffered badly overnight and today as country roads remained badly filled with drifts from Thursday's snowstorm. When the storm finally abated measurements indicated that the average fall had been 10 inches. Conditions on the state highways were not pleasant but safe today, a warm sun finishing the work of clearing the highways started by the motor plows. A similar condition prevailed in the city and the street department men were occupied today in carting off the snow along Main and other business streets. The real rough going was out in the rural districts. Rural mail carriers who had bucked and fought against drifts Thursday were very much obliged for the coming of Washington's birthday which gave them a day off today.

OBITUARIES.

Mrs. Minnie Lewis.

Mrs. Minnie Lewis, 62, wife of Thomas Lewis, died at her home in Windham Center Thursday night after a long illness. She was born in Newtown, Sandy Hook, March 16, 1866, a daughter of Toby and Hattie Thompson Knapp. Besides her husband the deceased leaves two sisters, Mrs. Walter Adams of Hartford and Mrs. George Farmer of Belmont, Mass. Mrs. Lewis was a member of the First Congregational church and affiliated with the Willimantic branch of the Women's Christian Temperance Union.

Mrs. Thomas J. Sears.

Mrs. Thomas J. Clark Sears died this morning at her home in South Coventry. The deceased, who had been ill for several months, was born in South Coventry, August 9, 1850, a daughter of William and Mary Brannigan Clark. She leaves her husband; four sisters, Mrs. Christopher Brennan of Dayville, Mrs. Paul Frazier of Hartford, Mrs. George Fenton, also of Hartford and Miss Mabel Elizabeth Clark of South Coventry; and five brothers, Martin H., William E., James P., and Joseph B. Clark of South Coventry and John M. Clark of Glastonbury.

A number of the carriers and clerks of the post office took advantage of the holiday granted today to attend conventions in various cities. At the thirty-fifth annual convention of the Connecticut Branch of National Post Office Carriers which was held in Middletown there attended as delegates from this city, Dennis F. Haggerty and William Geer. Accompanying them were Carriers Clarence O Barrows, Clarence C. Palmer, John N. Smith and Norman Pults.

Clerk Edward J. Eagan attended as delegate, the state convention of the National Federation of Post Office Clerks held in Hartford with a banquet this evening.

Tests of the Rockville-Willimantic Lighting company's electric system in Rockville have been made during the past several days by C. H. Reinhardt, assistant superintendent of this city, to remove radio "noises". The tests disclosed a defect in the wires on Hammond street, in the High street section, where the bulk of the complaints have been made. The correction of this defect had nullified radio interference in that locality. The lighting company has equipped an automobile with apparatus which assists in determining the source of such trouble.

FUNERAL.

John Hopkins.

Services for John Hopkins were held at 62 Church street at 1 o'clock this afternoon with Rev. David Winslow Dovett of the Baptist church officiating. Burial was in the Willimantic cemetery. The bearers were Philip S. Hills, George H. Andrews, John Wadsworth and Fred Kirwin of The Ridges. Arrangements were in charge of the J. C. Lincoln company.

Fire of undetermined origin destroyed a good sized barn on the Elmer Brenn place in Scotland late Thursday night. When discovered by a neighbor the fire had gained too much headway to allow any attempt to check it and volunteer fire fighters who congregated at the scene confined their efforts to remove to safety tools that had been stored in the barn. Inasmuch as no member of the Brenn family had gone into the barn during the evening it was thought that a transient may have been unknowingly responsible for the fire. A considerable amount of hay was burned. An estimate of the total damage could not be secured today.

The Willimantic Road and Game club will establish its skeet range on the Frank Brown property in Mansfield just over the city line, according to the specifications of the terms of a lease of a strip of land. Field Captain Carl E. Rice of the same club stated that the first shoot on the new field would be held Saturday afternoon and again Sunday afternoon. The range will be located a short distance west of the old Eaton pond.

President George J. Michaud and Secretary Frank E. Brooks will be delegates from Musicians' local No. 403, at the convention of the International Musicians association to be held in Denver, Col., for ten days starting May 20.

Patriotic programs in honor of George Washington were carried out in the grade schools of towns in this district this afternoon. The town schools in Windham, Ashford Andover, Bolton, Chaplin, Columbia, Coventry, Hampton and Mansfield, that are operating on the eight week plan will suspend sessions for all of next week. The schools will reopen March 4.

Mrs. Esther Reynolds of Warrenville and this city is entertaining her sister, Mrs. John Lang and daughter, Miss Florence Lang of Westchester, N. Y., who arrived this morning.

The second and fourth patrols gave an entertainment at the meeting of St. Joseph's Girl Scouts held in the church hall Thursday evening.

The Misses Pauline Peters and Mary Smith of the Willimantic State Normal school faculty left today to spend a few days in New York city.

Mason Lincoln and Melvin Lincoln employed by the Scottish Union insurance company in Hartford are spending the week end at their respective homes here.

Miss Helen Reise of the normal school faculty is spending the eighth-week school plan vacation at her home in New Bedford, Mass.

Mrs. W. G. Ide is entertaining Mr. and Mrs. George Busmack of Newark, N. J.

Mr. and Mrs. Nelson A. Daniels and Mr. and Mrs. Walter R. King returned today from a few days' stay in Boston, Mass.

There was a city-wide display of flags today in commemoration of Washington's birthday. The postoffice, banking institutions and town and city offices were closed for the day.

William P. Champlin of Windham Road is now able to be out after a four weeks' illness.

Miss Harriet Gerould, dean of the normal school, will spend next week at her home in Woburn, Mass.

COLCHESTER

ELSIE ROGERS' HUSBAND MAY BE CABINET MEMBER

A number of the older residents are interested in the news that Attorney Owen J. Roberts of Philadelphia, is being mentioned as a possible successor of U. S. Attorney General Sargent in President-elect Hoover's cabinet. Mr. Roberts is one of the most prominent lawyers in the United States and is the husband of Elsie Rogers, a former Colchester resident. Mrs. Roberts was a daughter of C. B. Rogers, a former Colchester postmaster.

Miss Lois C. Pendleton teacher in Litchfield, is at the home of her parents, Dr. and Mrs. Cyrus E. Pendleton, for over Sunday.

Interest in County Fair.

Borough people were interested in the news in Friday's Bulletin that a court order has been requested to dissolve the New London County Fair corporation, due to financial difficulties. It is pleasing to note, however, that there is a possibility that a stock company will be formed to carry on the work of the fair association. The annual Norwich Fair has for many years been a real old Home day event for many Colchester residents who earnestly hope that some means will be devised to keep the fair association on a paying basis so that the annual fair may be continued.

Music Club Meets.

The Etude Music club held a meeting at the home of Mrs. A. T. Van Cleve on South Main street, Wednesday afternoon. After business a number of the members furnished a program of entertainment. Miss Anna Broder read a treatise on George Washington, George Briggs gave a summary of the career of George Spaulding, one of the great American composers, also played the piano selection "Dance of the Fairy Queen." This was followed by the piano number, "Daisy Chains," by Miss Frances Nonnenbecker. Miss Nora Wilenski read a sketch of Stephen Foster, which was followed by all present singing "Old Black Joe." A sketch of Reginald De Koven was read by Miss Anna Surwill. One of the closing features was the reading of the story of Robin Hood, by Misses Katherine Gyome, Anna Broder and Anna Surwill, following which Mrs. Van Cleve played and explained the overture of Robin Hood. At the close of the meeting a Valentine hunt was enjoyed, Miss Nora Wilenski winning the prize. Refreshments were served.

Holiday Observed.

There was general observance of Washington's birthday about the town Friday. Flags were displayed in front of many of the stores and residences. The post office was closed at 10 a. m., there being only one incoming and one out-going mail during the day. There was no delivery over the rural or village routes.

Miss Eunice M. Sevms, teacher in Gilead schools and Miss Cora E. Carrier, teacher in Hartford, are at their homes here for over Sunday.

The retail price of native eggs took a ten cent jump during the week, local merchants selling them for 50 cents a dozen Friday.

Mrs. John M. Riley has returned from Hartford where she has been assisting in the care of her mother, Mrs. Etta Lombard, who has been seriously ill at the home of her son, Walter B. Lombard. Mrs. Lombard is reported considerably improved

Miss Ruth H. Brown was a Hartford visitor Thursday evening.

CANTERBURY

SPECIAL TOWN MEETING VOTES 32-MILL TAX

About twenty-five voters were present at the special town meeting held at the town hall Monday afternoon. Hale Bennett was chosen moderator and Clinton Frink, clerk. It was voted that the tax rate should be 32 mills for the ensuing year. Several other matters of business were transacted.

The regular meeting of the W. C. T. U., was held at Mrs. Williams' on the Plains, last Thursday.

Darwin Tracy has recovered from a severe attack of grip and has returned to his studies at Plainfield high school.

Four of the Wibberley children have been suffering from grip but are now back in school.

Malcolm R. Wibberley and Wilfred J Sage attended the fruit growers' meeting at Woodstock hall, recently.

Dairymen's Meeting

R. E. Wing, county agent, is to hold a meeting for dairymen in Grange hall the evening of March 5th, at which he and Mr. Merrill, of the Connecticut Agricultural college, will give short talks. Mr. Wing is desirous of forming a Dairymen's club in Canterbury, and all interested are being urged to attend this meeting.

Fillmore B. Sage, of Norwich, attended church at Canterbury Green, Sunday, and visited at the home of his sister, Mrs. Malcolm R. Wibberley.

Death Causes Sorrow

Canterbury friends of Mrs. Sybil Rathbun DeGrenier were saddened by the news of her death, in Norwich, Monday. She spent her girlhood in Westminster and was a devoted member of the Congregational church there. After attending Plainfield high school she taught in the Pack and Gaybead schools, of Canterbury. After her marriage with Louis DeGrenier she moved to Norwich. Besides her husband she is survived by a son, Cleland, and a daughter, Ruth. Much sympathy is felt for them in their bereavement.

D. M. Driver, Hicksville's fire chief, of Hicksville, O., put out one fire without moving out of his tracks. He was talking with friends when they noticed smoke and gave the alarm. The smoke was coming out of the chief's pocket, which had been set on fire by a lighted pipe

JEWETT CITY

STORM RECALLS A BET SETTLED AT NORWICH

During the height of the young blizzard that visited this section Thursday, members of the Picket Fence club, found considerable difference of opinion, relative to the exact point of the compass from which the storm was coming.

A sea-faring man was located and from a point on lower Main street the direction was definitely determined. One of the magnetic pole experts insisted that the compass be taken to his house, a mile away, there to "see where it would pint to."

This was accordingly done. The needle swung true to the point, but the incorrigible still declared that the storm had "shifted a leetle."

The story was recalled of a one-time bet that caused no little local excitement. One man declared that any train on the Norwich to Worcester railroad, in making the run from Jewett City to the one-time Ferry street station in Norwich, would completely "box" the compass, and that during the 10-mile run the engine, would head north, south, east and west.

The City of Lawrence was berthed at the Norwich docks, and Captain Geer hearing of the great bet that was to be decided readily consented to the loan of one of the ship's compasses.

The train left here at 2:20 p. m. that day. Many witnesses were crowded in the smoker. The placer and coverer of the bet occupied the same seat. Conductor Chaffee was to be the referee.

The compass was fastened to the floor behind the rear seat. When the train pulled into Ferry street, 24 minutes later, sure enough, the engine had headed to all points of the compass. The needle had swung completely around the circle.

Washington's Birthday Supper

The Ladies' society of the Congregational church served an old-fashioned baked bean supper in the vestry Friday evening. The tables were very effective with Washington birthday napkins and vases of roses, carnations, mignonette, forget-me-nots, vari-colored freslas, anemone and stock. The American flag was displayed, and the waitresses had George Washington hats. Mrs. W. A. Richardson was in charge, her committee being Mrs. W. H. Payne, Mrs. H. T. Jeffers, Mrs. Walter Marshall and Mrs. E. H. Hiscox. The waitresses were Mrs. J. T. Stewart, Mrs. Charles Peterson, Mrs. Eli Nichols, Mrs. Walter Benjamin, Mrs. Edith Soule, Mrs. Belle Ellis, Misses Sadie and Bessie Thompson, Isabel and Christine Marshall, Kathleen and Margaret Kelly, Eleanor Stetson, Ethel Fiske and Loretta Alley. L. G. Buckingham received the tickets. Noticeable among the decorations were the long festoons of crepe paper in patriotic colors. The posts were wound in red, white and blue. Over the parlor entrance, eagles with national colored shields were displayed.

Will Speak on Missions

Rev. F. R. Bunker of Wilton, is to give a stereopticon lecture on the Missions of South Africa, in the Congregational church Sunday evening. He speakers in the Pachaug church in the morning. A previous lecture by Mr. Bunker, about a year ago, is remembered here with pleasure.

Operation for Appendicitis

Lorraine Derusha, nine years old daughter of Mrs. Henry Derusha, was taken to Backus hospital Wednesday and operated on the same day, for acute appendicitis.

Mrs. Xavier St. John is in a private hospital in New London, where she has undergone a major operation.

Miss Christine Marshall, a student at Willimantic Normal school is at home for a week's vacation.

The seven and eight-inch snowfall of Thursday, was on its way most of Friday, with the mercury in the lower forties. Street department men were busy all the afternoon clearing the sewer drains. The fall of snow, so far in this section, this winter, has been 18 inches. Crows and blue jays appeared within the borough limits Friday, foraging for a possible feed.

Thirty years ago this (Saturday) evening, according to the Jewett City column of The Bulletin: At the Finn Opera House a large and appreciative audience witnessed the performance of "Nevada, or the Lost Mine," by the Forrest Dramatic association of this place, under the management of Thomas G. Haney. Well merited applause was given the actors. The cast included: Vermont, an old miner, A. W. Harris; Tom Carew, young miner, R. J. Guy; Dandy Dick, young miner, B. R. Gardner; Silas Steele, a missionary of health, A. M. Brown; Jerden, detective, S. J. Bottomley; Jube, a black miner, Edward Clarke; Win Kye, a Chinaman, B. M. Smith; Mother Merton, Miss Edith Lewis; Agness Fairlee, Miss Celia Jarvis; Moselle, a waif, Hortense B. Weaver; Nevada the wanderer, Thomas G. Haney. The big theater was "sold out," with 30 visitors coming from Norwich in teams.

DANIELSON

JULE BAZILLION DROPS DEAD WHILE AT WORK IN MILL

(Special to The Bulletin.)

DANIELSON, Feb. 22.—Jule Bazillion, 66, dropped dead tonight in the weaving department of the Quinebaug mill where he has been employed while sweeping up just as the plant was to close for the day. Heart disease was given as the cause of death. The body was viewed by Dr. George M. Burrows, medical examiner and was later removed to Mr. Bazillion's home on Tiffany street. He had been a resident here for a generation and was a native of Canada. It was recalled tonight that his daughter, Mrs. Yvonne LeHoux, who was also employed in the mill, left work one Friday night last October apparently in good health and died before morning.

May Close Moosup Pond.

There is the possibility that Moosup pond will be closed against fishing for a period of three years. This pretty body of water, about six miles southeast of here, is a favorite resort for fishermen who like to go out for bass and pickerel. The waters of the lake also yield perch and pout. Supt. J. W. Titcomb of the state board of fisheries and game is known to be seriously considering the closing arrangement, and may include in his recommendations to the committee on fish and game of the legislature now in session enactment of the necessary measure. If the lake is closed, it will be in the interest of better fishing later on. It is held that Moosup pond is a fine natural breeding ground for such species of fish as inhabit its waters, and that if it were closed for three years there would be a great increase in the number of fish and much better sport for the anglers who go there.

FUNERALS.

Charles B. Morse.

This afternoon at the home of his sister, Miss Emily Morse at Killingly Center funeral services for Charles B. Morse were conducted by Rev. A. E. Gallun of the Nazarene church. Numbers of relatives and friends were in attendance. Burial was in Evergreen cemetery at Central Village. The bearers were Raymond Lathrop, Milton Winsor, Elmer Greene and Waldo E. Tillinghast, all members of Protection lodge, No. 19, I. O. O. F., of Central Village. A. E. Wood was in charge of the arrangements. The bearers were George F. Pierce, Walter S. Greene, Frank G. Allen, Ernest Brooks, Walter Brooks Greene and Fred Rysler.

At 2.30 this afternoon at the A. F. Wood funeral home on Mechanic street a funeral service for Mrs. Mary A. Brooks, widow of David Brooks, was conducted by Rev. Chester J. Armstrong, pastor of the Danielson Baptist church. Relatives were joined by a number of friends at the service. Burial was in Dayville. Mrs. Brooks died in Worcester, where she had been living with her daughter, the early part of the week.

Dollar Day Today.

Saturday brings the semi-annual Dollar day, sponsored by the chamber of commerce and participated in by the great majority of the business men of Danielson. This time is no exception to the long established rule that such a general sale event, including all sorts of lines of merchandise, shall be a time of real bargain offerings. Business men regard the dollar days as good propaganda for themselves as individuals and for the community as a whole, for the sales attract a great many out of town buyers.

The following appreciation of Rev. John R. Pratt, who up to his death this month was for 10 years pastor of the Brooklyn Congregational church is expressive of the friendly attitude of that community toward him. It was prepared by Mrs. C. G. Lawton.

Apprehension for the safety of a flyer who was circling his plane low over Danielson just at dusk tonight was felt by many who watched him and feared he was off his course and lost. The plane circled Dayville between 5.40 and 5.45, flying so low that it appeared lower than the top of the spire on the Westfield Congregational church. The body of the plane was painted gray and showed the figures "14" in white letters. The last seen of the flyer he was heading north at high speed. Particular apprehension was felt for him in case he attempted to land here because of the deep snow covering the ground. It was later learned that the flyer was Lieut. E. F. Davis, U. S. army flyer, whose home is in Putnam.

This afternoon at the home in Dayville funeral services for Mrs. Jane Bellows, who died in New Haven this week, were conducted by Rev. William Swainson, pastor of the Dayville Congregational church. Burial was in the High street cemetery in that place. Relatives acted as bearers. Louis E. Kennedy was in charge of the funeral arrangements.

In observance of Washington's birthday, there was a general display of flags in Danielson and other parts of the town of Killingly today. The most formal observance of the day here was by members of Sarah Williams Danielson chapter, D. A. R., and their guests. Tonight in the vestry of the Westville Congregational church a Washington party was held. At the supper there were a number of speeches and singing under the leadership of Sidney P. Marland. The February committee of hostesses had charge of the arrangements. Incident to the gathering the regular monthly business meeting of the chapter was held.

This morning the funeral cortege of Dr. Frank H. Coops for several years a practicing physician in Danielson, arrived here from Bridgeport, where Dr. Coops died suddenly last Tuesday evening. Funeral services were held in Bridgeport Thursday. Today at 11.30, at the grave in Westfield cemetery the committal service was conducted by Rev. Harding W. Gaylord, pastor of the Westfield Congregational church. A number of the close friends of Dr. and Mrs. Coops while they were resident in Danielson were at the cemetery for the service. A. F. Wood had charge of the arrangements.

A distinct upward curve in sales of dog chains and leashes was reported today by dealers in such articles. This is the last week end for many weeks that Killingly's dogs are to be at liberty. They go into quarantine for an indefinite period next Monday morning at 7 o'clock. It appeared today that very few persons have had their dogs immunized against rabies, so that they may be free again after 21 days. The work of disposing of dogs bitten by rabid animals is proceeding and will be completed within the next few days.

Edward Davieau of West Thompson is over at the county jail in Brooklyn working out a fine of $100 imposed upon him for violation of the liquor laws. Some fortnight ago state officers raided his home, and he slipped out while a search was under way. A warrant for his arrest was issued, but nothing was heard of him until he walked up to Night Officer Laird Winchell here, said he was wanted by the state police and was locked up for the night, being turned over to the state officers in the morning, fined in a justice's court in Thompson and taken to jail, being without necessary funds to pay his fine.

Treasurer Daniel J. Byrne of the Putnam Savings bank, who died at his home in Putnam this morning, was treasurer here from October, 1912, to September, 1914, of the Windham County Savings bank, an institution that since has been absorbed by the Brooklyn Savings bank. During the time he was in Danielson Treasurer Byrne made many lasting friendships and acquaintances that have been maintained through the years. His death is a matter of deep regret to all who knew him here.

The engagement is announced of Miss Sylvia Weinberg, daughter of Mr. and Mrs. M. Weinberg, of Chelsea, Mass., and Robert Fleishman, son of Mr. and Mrs. I. Fleishmann of Poughkeepsie, N. Y., and manager here of the Darbie Furniture company.

One who keeps records of such things maintains that the latest snowstorm was the 17th of the present cold weather season.

Miss Dorothy Atwood, who spent much of the present winter in New York, but is now at her home in Wauregan, is to sail for Paris in April.

By noon today, under the genial activity of the sun, long stretches of state highway, cleared largely by state highway plows, were entirely free of snow.

Secretary L. Edwin Hill of the Windham County Y. M. C. A., and Mrs. Hill and Mr. and Mrs. Arthur Hughes were at Hartford to attend a Y. M. C. A. banquet and meeting at which featured speakers made addresses.

Tonight when the February meeting of the Missionary society of the Baptist church was held with Mrs. John W. Gallup, Miss Mildred Tillinghast and her friend at the Wheelock school, Miss Katsu Namakwa, a Japanese maiden, were special guests. Misses Tillinghast and Namakawa are spending the week end with Miss Tillinghast's parents, Mr. and Mrs. Everett T. Tillinghast.

Rev. Myron F. Genter, Norwich, district superintendent, will come here next Thursday evening for the fourth quarterly conference at the Methodist Episcopal church.

Saturday games scheduled in the Inter-Church league are Baptist-St. Alban's vs. Methodist; Dayville vs. Westfield.

A social hour was one of the features of the meeting of the members of Dorcas Rebekah lodge tonight.

Henry C. Ouilette of Shrewsbury, Mass., is visiting with relatives in Danielson over the week end.

Next week's meeting of the Ladies' Prayer circle will be held on Tuesday afternoon with Mrs. David King of South Main street.

The rule requiring the parking of cars within 12 inches of the curb went into the discard today, as banks of snow cleared from the street and sidewalks were piled in gutters throughout the business section.

Attorney Harry F. Back, in Boston the past few days and at a hospital for observation, has returned to Danielson.

As March approaches one hears of plans to tap maple trees in various towns hereabouts, as is done every year by those who make maple sugar and syrup.

GOSHEN

The pastor, Rev. Howard Bushnell, preached an excellent sermon Sunday, the first in a series on "The Lord's Prayer", to extend through the Lenten season. The subject was "Our Father", who was represented as being wise and just as well as all-loving and merciful, and includes all nations and creeds, and who expects obedience and a desire to do that which is right from his children. There was a good attendance both morning and evening. Miss Ruby Faulkner led the C. E. meeting in the evening.

Mrs. James A. Thomas and Miss Annie Gillette, local leaders in the Farm Bureau, and William G. Thomas, attended a demonstration meeting given by Mrs. Dakin of Storrs college, at the Elizabeth street school, Norwich, Tuesday. Later other meetings will be held in the county under direction of Miss Ruth Russell, county demonstration agent.

Ralph Hinckley, who has been manager at the Kenyon farm since the death of A. B. Kenyon, has resigned. A Polish man is now taking charge for the New York purchaser.

Edward H. McCall, Jr., and Miss Dorothy McCall attended a party given at the home of Misses Ruth and Clarice Brown in Colchester recently.

Miss Mary Kostoevich, a first year student, Norwich Free Academy has joined an optional class in music and singing at the school, under the direction of Mr. Johnson.

Tuesday, Feb. 19, downy woodpeckers were heard rapping out the rolling tatto, a summons to their lady loves. The first bluebird was seen the same day; his brief song was as sweet as any nightingales.

It was interesting to pick out of the air the many selections of the Old Time Fiddlers' contest from WJZ, New York, Monday evening.

THOMPSON

The 4-H club reorganized last week under the leadership of Mrs. Maitland and Mrs. L. N. Elliott and took the name of Crafty Cookers. They had a lesson on sandwich making, composed a song, elected officers and agreed to meet the first and third Fridays of each month. They meet next with Marian Herrick.

There was an attendance of over 60 at the C. E. meeting Sunday night. Mr. Colby of the high school, spoke and Rev. George Camp of Webster was present with a group of young people from his church. Local young folks plan to go to Webster this (Saturday) afternoon to join the Southbridge union.

Next Sunday night the Logee sisters will lead the meeting.

Choir rehearsal was held with the organist, Mrs. Walter Pratt Wednesday night.

The younger Girl Scouts meet today (Saturday) with Teresa Auger.

CANTERBURY GREEN

At the Sunday morning service at the church, special music was furnished by the Wibberly orchestra. In spite of the prevailing sickness, there was a good attendance.

The C. E. social at the parsonage last week proved very enjoyable, people from both Westminster and Canterbury Green attending. The regular C. E. meeting this next week is to be held at the church here at 7 o'clock.

Mrs. Merritt Hawes entertained the Ladies' Aid society at her home Tuesday afternoon. The next meeting will be with Mrs. Henry Larkham.

Mrs. Edward Lovell returned to her school here this week. Thursday the town teachers attended a teachers' meeting in Lisbon.

At the Grange Wednesday evening Mrs. Dwight Bushnell presented an interesting program.

But for adversity some men would never know how little they can borrow.

PUTNAM

DANIEL J. BRYNE, BANK TREASURER, IS DEAD

(Special to The Bulletin.)

PUTNAM, Feb. 22—All Putnam today mourns the death of Daniel J. Byrne, one of its most eminent and highly respected citizens who died shortly after nine o'clock this morning following an illness of one week. Mr. Byrne was in his 58th year. He was stricken with double pneumonia last Friday morning.

Daniel J. Byrne, for the past fifteen years an executive of the Putnam Savings bank, was born in Mechanicsville, on Oct. 24, 1871, the son of Jonn and Mary (Corrigan) Byrne. The family moved to Putnam and Mr. Byrne entered Putnam high school. Following his graduation he left for Providence where he entered a business school and prepared for the banking positions he was later to fulfill. At the completion of his education he entered the employ of the Putnam Savings bank as a clerk and teller, remaining in that capacity for nearly fifteen years. In 1909, he left the Putnam banking house to go to Boston where he assumed a position as manager of the safe deposit department of the First National bank, of Boston. With a thorough knowledge of this angle of banking, Mr. Byrne resigned to seek more responsible positions. Accordingly he returned to Putnam and accepted a position with the Windham County Savings bank, of Danielson, as treasurer. Under his supervision and guidance this bank became recognized throughout the state, gaining for him much prominence in banking circles.

On August 17, 1914, the incorporators of the Putnam Savings bank, met and elected him treasurer, a position he had retained until his death today. The untiring efforts he devoted to the welfare of this institution, coupled with his fine personality, caused it to take its place among the leading savings institutes in the state of Connecticut.

On Thursday of last week, Mr. Byrne developed a slight congestion of the lungs and by night he was quite ill, but insisted on going to his office at the bank the following morning. At noon he was forced to retire to his bed. Physicians were summoned and it was found he had plural-pneumonia. His condition grew constantly worse and on Sunday, his chances for recovery were pronounced as being small. He suffered a relapse Sunday evening and since then remained in a semi-conscious condition. His three sisters remained with him throughout the period of his illness anxiously awaiting word from his younger brother, John B. Bryne, vice president of the Hartford Trust company, who was somewhere off the Florida coast on a fishing expedition. Radio messages were transmitted and were successful in locating him. The younger Mr. Byrne wired his sister in Putnam, from Key West, a Florida coast town that he was leaving at once aboard one of the fast east coast expresses, but lost his race with death, as he was several hundred miles from home when his brother died.

Mr. Byrne was never married. He made his home with his sisters, Miss Katherine and Miss Elizabeth, at the Byrne estate, on Seward street, and devoted many hours of his time to his home. He loved children and delighted in making them happy. Each year at Christmas time, the children of the schools of Putnam were always remembered by the smiling executive with some useful gift.

Politically Mr. Byrne was affiliated with the republican party, but had never taken any active part in politics and had never sought public office. He was a devout member of St. Mary's church of this city, and was also a member of the Putnam grange.

Surviving Mr. Byrne are these sisters, Miss Katherine, vice chairman of the republican state central committee, and Miss Elizabeth Byrne, both of Putnam; Miss Isabel Byrne, superintendent of the Sloan hospital in New York city, one brother, John B. Byrne, former state bank commissioner of Putnam and Hartford.

In the death of Daniel J. Byrne, Putnam loses one of its leading and most highly respected citizens. His long list of brilliant successes adds lustre to a personality marked by true worthiness and culture of a gentleman. Universally and affectionately admired by all with whom he came in contact, he has left a heritage of citizenship and accomplishments that united him with the history and progress of Putnam. His rest has been earned by a lifetime of service for the city, state and his fellowmen.

LIEUT. DAVIS SPENDING WEEK-END WITH PARENTS

(Special to The Bulletin)

PUTNAM, Feb. 22—"Putnam's own Lindy," Lieutenant Everett F. Davis, U. S. Army air service, son of Mr. and Mrs. Everett A. Davis, of Gary district, paid an aerial tribute to the memory of Daniel J. Byrne, treasurer of the Putnam Savings bank, who died at his home on Seward street, today. While over the business section of Putnam, the flier circled above the Savings bank building and dipped his wings and then headed in the direction of Boston. Landing at the East Boston airport and depositing a government official, Lieutenant Davis again boarded his plane and returned to Putnam, arriving over the city shortly after 5:30 tonight. Scores of his friends and acquaintances, anxious for his safety, watched the giant Curtiss Falcon bombing plane land on the Davis field near the Day-Kimball hospital.

Lieutenant Davis left his post at Langeley field, Va., shortly before noon today and took on his passenger at Washington. He arrived over Putnam at 4 o'clock, greeted his parents from the air, and then left for Boston, returning to Putnam within an hour. Lieutenant Davis will return to Virginia on Monday.

OBITUARY

Mrs. John A. Carpenter

Mrs. Marcia Jane (Chandler) Carperter died at her residence, 106 South Main street, early Friday morning at the age of 89 years.

Mrs. Carpenter, daughter of Moses and Marcia Lillibridge Chandler, was born in West Woodstock, in the ancestral Joshua Chandler house, Sept. 30, 1839. When she was about 8 years old, her family moved to Putnam so that she was one of the oldest living residents of Putnam, as well as being the last survivor of a family of nine children.

She was married to John A. Carpenter, May 14, 1857. At that time Mr. Carpenter had an infant son by a former marriage, Byron Williams Chandler. Besides bringing up this son, Mrs. Carpenter had three children of her own, Jane Elizabeth, wife of the late Edgar M. Waters; Annie Chandler, wife of the late Chester E. Child, both of whom survive, and the late John Frederick, who died about a year ago.

Local health authorities today announced that they were self assured that the epidemic of influenza which has swept over this city during the past two months has abated. Health Officer Peter A. Gardner, head of the city health bureau, said, this morning, that three cases of communicable disease have been reported this week and among the trio was only one case of flu. The cases reported existing are as follows: Influenza, 11; chicken pox, 1, double pneumonia, 1.

A quarantine on all dogs in the city of Putnam, borough of Danielson, towns of Killingly and Brooklyn which has been pending for the past five days will go into effect Saturday morning and all dog owners within the jurisdiction of the quarantine are bound by the penalty of the law to restrict the freedom of their breeds until the expiration of the quarantine. City Dog Warden E. L. Chandler will be on the sharp lookout for roaming dogs today and for the duration of the quarantine. Each dog will be taken into custody and owners will be hailed into court to explain their reasons for violating the quarantine act. As yet there has been no discoveries of any symptoms of the rabies in Putnam.

Captain of Police William J. Jarvis was in Middletown, Thursday, where he attended the funeral of Special Chief Deputy Howard E. Elliott, of the department of domestic animals, killed in an automobile crash on Monday. Mr. Elliott had spent the week previous to his death in Danielson and Putnam and other towns checking up the rampages of the rabled dog that had roamed about that territory. Capt. Jarvis was previously a member of his department and had worked under him.

There were no deliveries of mail in Putnam today, as all members of the postoffice department enjoyed the holiday in honor of the 197th birthday of George Washington. Several of the city and rural carriers were in Middletown today attending a convention of state carriers.

As a part of the Washington day observance banks were closed and business houses suspended operations at noon. All schools of the educational department were closed.

That the tax rate will be increased a half mill this year, in order to raise the appropriations of the city of Putnam, has met with little comment on the part of the city tax payers. The common council at their adjourned meeting of Tuesday evening, ratified a motion to increase the city tax from five and one-half mills to six, in order to raise funds to defray expenses that will be incurred as the result of the new appropriations. Last year the council recommended a decrease in taxes, which grew out of the property revaluation. This act was met with high approval by the tax payers, and it is believed that the slight increase for 1929, will cause no dissatisfaction.

Paul Bibeault and Eugene Gomo, both of Putnam, were before Judge M. H. Geissler in city court this morning charged with theft of $36 from Ovid Bouley. The two men are alleged to have stolen the money from Bouley after a party held at the home of the plaintiff. Bouley suspected his friends of the uncanny deed and had them both arrested. Both pleaded guilty to the charge this morning and admitted their guilt before Judge Geissler. They offered to return the stolen coin, which tended to reduce the seriousness of the offense in the face of the judge since he sentenced them to serve sixty days apiece in the county jail, suspending the sentence for a year and placing them in care of a probation officer.

Funeral services for Rev. George E. Davis, 66, who died at his home in East Thompson, Tuesday, were held today, in the Methodist church, where Mr. Davis had, for a number of years, occupied the pulpit. The ritual service was in charge of Rev. Mr. Clark, pastor of the Methodist church in Webster, who was assisted by Rev. George Chamberlain, present pastor of the East Thompson Methodist church. Burial was in the East Thompson cemetery.

YANTIC

MEMORIAL FLOWERS AT GRACE EPISCOPAL CHURCH

The beautiful flowers on the altar of Grace Episcopal church Sunday were given in loving memory of Mr. and Mrs. Charles Carpenter and their daughters, Blanche and Olive, by the Carpenter family.

Theodore Garceau, cashier at the Holland Inn, Miami, Florida reports such a busy season at present that a special patrolman has had to be detailed on guard at the Inn. It is a picturesque place with china, silverware and decorations from Holland. Mr. Garceau was formerly with the L. A. Gallup company, Norwich, as salesman. He is enjoying his first winter south.

The Yantic Fire Engine company was called out to extinguish a grass fire on the grounds of R. V. Congdon's Monday afternoon. It is not known how it originated.

A diamond was burned over on the lot between the station and canal, promising future baseball games.

Mr. and Mrs. Charles Molter and Mrs. Molter's mother, Mrs. Wagner, have returned from a brief stay in Fitchburg with Mrs. Walter Wagner.

Mr. and Mrs. Willi Oheim were visitors at the Peabody museum in New Haven Sunday.

P. J. Loughlin of Stamford was a guest of local friends Sunday.

H. J. Gibbs and M. J. Shea were visitors at Brainard field, Hartford, Sunday.

Local friends of Mr. and Mrs. Frank Streitch of Nutley, N. J., were grieved to hear of the accident to their little son Robert. While crossing the road he was struck by a passing motorist in such a manner as to break his jaw. Everything known to medical science is being done for the child but his condition is critical.

Mrs. Josephine Gorska of Hartford has been spending the past two weeks in Yantic, the guest of Mr. and Mrs. Frank Homiski.

Mr. and Mrs. William Ellal of Norwich have been visiting Mrs. Ellal's mother, Mrs. Lillian Bradley.

WESTERLY

FEDERAL HOSPITAL SITE IN WESTERLY FAVORED

(Special to The Bulletin)

WESTERLY, R. I., Feb. 22—The Westerly site for a federal hospital for disabled World War Veterans has the approval of National Commander Millard W. Rice of the Disabled American Veterans of the World War, who was in Providence Friday to meet Governor Norman S. Case, Mayor James E. Dunne and to confer with his crippled and afflicted buddies in this state.

After visiting disabled veterans in federal hospitals in Bedford and Rutland, Mass., yesterday, Commander Rice today expressed himself as in favor of Westerly as the site for a Southern New England hospital to be constructed by the U. S. Veterans' bureau.

This morning at 11 o'clock, Mr. Rice met Governor Norman S. Case in Providence. Both men had fought on the battlefields of France. Governor Case informed Commander Rice of the work the state of Rhode Island is doing for the disabled veterans. The chief executive also extended his best wishes to the organization of which Rice is the head. Mayor Dunne received Commander Rice at noon. Following a welcome to the city extended by the mayor, Commander Rice attended a reception and luncheon in his honor at the Crown hotel. Friday morning Commander Rice declared that major problems before the disabled veterans of the country are to bring about more liberal laws for the treatment of disabled veterans and more liberal interpretations of such laws after they are passed.

The national membership of his organization is but 25,000, he said, while its potential strength should be 260,000, the actual number of disabled veterans now receiving compensation from the federal government. Commander Rice pointed out that 886,000 veterans have applied to the United States government for compensation, and added that another problem of his organization was to see that veterans not now receiving assistance, but are actually entitled to aid, get help from the government.

BREAK INTO BUILDING, START FIRE ON THE FLOOR

(Special to The Bulletin)

WESTERLY, Feb. 22—Officer C. Wilson Brown of Pawcatuck took into custody Friday morning at 10 o'clock two young men who gave their names as William Bradford, 18; and Jack Parson 17, both giving their addresses as New Rochelle, N. Y. Word was sent to Officer Brown, on day duty in Pawcatuck, that the building housing the confectionery store and ice cream parlor at Ye Old White House Inn, on the Stonington road, had been entered and that smoke was seen coming from the building. Bradford and Parson were found in the building. They had started a fire on the concrete floor of the building and the ceiling had caught fire. The flames were extinguished before much damage was done. The youths had mattresses laid out on the floor and apparently had spent the night there. They are held on a charge of breaking and entering and will be in the Stonington town court Saturday at 9 a. m.

Postman Algen Recovering

Letter Carrier Louis Ward Alger, No. 6 out of Westerly post office, who collapsed at the height of Thursday's snowstorm while delivering mail on his Pawcatuck route, was able to be about his home, 18 Dixon street, Friday afternoon. Keron Doyle, who first noticed Letter Carrier Alger's condition, had T. Edward Peabody take him in his automobile to the post office and on the way it became evident that he was ill, for he collapsed completely. A resident of West Broad street, along which Postman Alger delivers mail observed that he stumbled and almost fell while crossing a street, but thought it was due to the slippery walking.

Miss Bernice E. Whipple, teacher of Spanish in the public schools of New York, was with her parents, Mr. and Mrs. Joseph H. Whipple, in Westerly for Washington's birthday.

David B. Hart was in Providence Friday.

Fred W. Harvey has been a visitor in Boston.

East-bound morning expresses, the Federal and New England, also the Providence accommodation trains were delayed in arriving at Westerly station Friday.

Officer Robert M. Kessell is now on day duty in Dixon square, after several weeks of night duty.

William H. Goodgeon and party of Westerly people making an automobile tour of Florida are in Miami this week end.

Mr. and Mrs. William McVeigh formerly of Pawcatuck and Westerly when the former was manager of the Rhode Island hotel, have left Tampa, Fla., for Crystal Beach, Fla.

Thomas McKenzie and Arthur N. Nash return this week end from attendance upon a series of Masonic meetings in Washington, D. C.

Miss Marion Casey of Cumberland Hills, R. I., was a holiday guest of John F. Gallagher and family, and other friends in Pawcatuck.

Brief Court Session

The session of Third District court Friday morning was brief with Judge Oliver H. Williams on the bench. There were no lawyers, spectators, plaintiffs or defendants present for the five minute session and only the sheriff and clerk in attendance. The legal holiday, Washington's birthday, accounted for the absence of business.

Judge Williams disposed of the civil docket as follows:

Byron Biglow, Inc., of St. Paul, Minn., vs. Joseph Pickering as Union Taxi Co. Entered settled.

Baum's Castoine Company, Inc., vs. Barber and Reynolds. Continued one week.

The next weekly session of the court, it is expected, will also be a brief one, for at that time the February term of Washington county superior court will be in Westerly and the Westerly attorneys will be engaged in the higher court.

WHERE SLENDERIZED FIGURES WERE FAVORED

Grace Methodist Episcopal church school, in the vestry Friday night, held an apron social, the admission being according to the waist measure of each attendant. Following a program of entertainment including literary numbers and music, refreshments were served.

William Murray, a student at Jefferson Medical school, Philadelphia, was a Washington birthday guest of Westerly relatives and friends.

COLONIAL CLUB HOUSE CHANGES ANNOUNCED

Members of the Colonial club anticipate receiving formal notice about the first of March that their clubhouse building, the old Hannah B. W. Brown homestead on High street, is to be moved from its present site adjoining Westerly post office, or torn down. A building permit has already been issued for a two-story store, office and hall business block on the site to cost about $200,000.

Richard Barber arrived in Westerly Friday from Canton, O., to visit relatives and friends.

Miss Helen Keller is the guest of relatives in Waterbury.

Miss Mary Doane of Newport, R. I., is visiting Westerly friends over the week end.

Salvatore Turco of Providence college is with Westerly relatives over the Washington's birthday holiday.

Mrs. Harriet J. Brown, widow of Amos P. Brown, sustained a slight shock late Thursday afternoon while alone at her home, 4 Jay street, her condition being learned of by neighbors. Dr. J. Gordon Anderson was called and on Friday Mrs. Brown was taken to the home of her daughter, Mrs. L. Ward Alger, 13 Dixon street, where her son-in-law is recovering from illness.

CLEARING AWAY SNOW CARRIED ON IN EARNEST

Highway Commissioner Charles F. Berry of Westerly estimated that the streets and roads of the town were covered with six inches of snow in Thursday's storm. In the removal of this snow some thirty men and a fleet of a dozen motor trucks on Friday were engaged.

The storm was the heaviest of the winter, over six inches of snow falling on the level. A heavy wind prevailed during the height of the storm, causing the snow to form deep drifts in many places. The work of clearing the gutters of snow Friday morning started near the town hall building on Broad street and by 9 o'clock the gutters on both sides of the street had been cleared down to Dixon Square. A. L. Leon, superintendent of the highway department had all the gutters cleared on Broad, High, Canal and Main streets before night. For the Broad and Main street sections of the town the motor trucks were driven down Main street and the snow dumped into the Pawcatuck river.

Hustling on Railroad Property

At the New Haven railroad tracks, grounds and adjoining sidewalks, a large force of sectionmen and men on the work train began clearing tracks and siding almost as soon as the snow ceased to fall. Especial attention was given first to switch points, cross-overs and interlocking signal devices. Friday morning the men were engaged in getting rid of the high banks of snow which had accumulated about the station platforms where a passageway was cleared earlier. By Friday night the adjoining street walks had been cleared. East-bound trains were behind scheduled time Thursday night and Friday morning. Later in the day Friday steam trains were running almost on schedule.

COLUMBIA

An automobile accident which occurred Sunday afternoon just west of the Green on the Hebron road caused excitement. A Ford was proceeding toward Hebron with a large car behind. Just in front of the residence of T. G. Tucker, the driver of the Ford signaled for a left turn, meaning to turn across the road into the Tucker driveway to turn around. The larger car was unable to stop, and a car coming in the other direction complicated matters, so that it hit the Ford turning it over on its side in the Tucker driveway. The Ford was badly smashed and the occupants, a man, woman and child were shaken up and bruised, though no one was seriously hurt. The driver of the big car took the responsibility for the accident and offered to pay all damages, so no arrests were made.

Mr. and Mrs. Lester Hutchins and Francis Hutchins spent Sunday in Berlin, where they attended the church which Mrs. Hutchins attended before her marriage.

Mr. and Mrs. Charles Stoltenfeldt and daughter Barbara of Manchester spent Sunday in Columbia, guests of Mr. and Mrs. Philip Isham.

Mrs. Ruth Jacobs has been spending several days with friends in Hartford and Vernon.

The Ladies' Aid society was entertained Wednesday afternoon by Mrs. H. W. Porter and Mrs. Bailey at the home of Mrs. Porter. Thirty-eight adults and six children were present, the largest gathering of the kind on record here. A very enjoyable afternoon was spent, closing with refreshments served by the hostesses.

The meeting of Columbia grange was held Wednesday evening with 32 members present. The lecturer's hour was on the general subject of "Art" Much pleasure was manifested in the exhibition of drawings by the members present, some of them showing much talent. The music was in charge of Miss Congetta Sergio, who gave three piano selections. Miss Marie Bergfrede read a paper on "American Art and Artists", and Mrs. Ruth Jacobs one on "Art and Architecture". A guessing contest ended the evening's entertainment. The subject of the next meeting will be "The Weather." Carleton Hutchins was voted into the grange and was obligated in the first and second degrees.

FRANKLIN

When the Franklin Thimble Wearers recently held a whist at the town hall nine tables were in play. The prizes were won by Mrs. Frank A. Rockwood, Miss Charlotte Babbitt of Hanover, Ray Beckwith and Carl Hill. Cake and coffee were served.

Miss Mildred Manning of Hartford spent the week end with her parents, Mr. and Mrs. R. T. Manning.

Miss Dora Manning of Bloomfield, spent the week end at her home here.

The three local 4-H sewing clubs will meet March 9 at the town hall with Miss Lisbeth MacDonald, who will talk to the girls on Health.

Mr. and Mrs. L. Arad Robinson and family of Willimantic spent Sunday with Mr. and Mrs. C. H. Robinson.

HANOVER

Mrs. Charles Bradley and Mrs. Emma Clark of Windham Road, Willimantic, were guests of the Misses Gallup at the Missionary meeting on Wednesday afternoon.

Mrs. Nellie Plummer of Lawrence, Mass., is visiting at the home of her brother, Frederick W. Lebourveau, on the north terrace.

Mrs. Irene Mann and Miss Ruth Lee had sufficiently recovered from illness to be able to resume their duties at Hanover school this week. A majority of the children are back in their places.

The Missionary meeting of Hanover Congregational church was held in the Parish house Wednesday afternoon at 3 o'clock with an unusually large attendance. Miss Helen Eadie was leader and Miss Margaret Eadie and Mrs. Angus Park were hostesses. The president, Mrs. Allison B. Ladd presided.

Masters Richard and Brett Standish of Baldwin, L. L. are spending the holiday with their grandmother, Mrs. Webster Standish.

The driveways leading to the homes of Mrs. Louis Kusian and Mr. and Mrs. Charles Kusian have been nicely graveled recently.

Owing to the fact that Mr. Stone has been one of the grip sufferers, the pulpit of the Congregational church was supplied Sunday by Rev. Frank A. Fuller of Putnam, a former pastor of the church. Mr. Stone will occupy the pulpit himself Sunday next.

Whatever the condition of the roads above the village, nearly every day witnesses the passing of logs of various sizes on their way to Slab City, to be returned in building material after the dexterous handling of the Smith Brothers at their mill.

BOLTON

Elmer J. Finley, of Long Island, is spending a few days at his home, here.

Miss Annie M. Alvord has returned home after spending two weeks in New Jersey.

Sugar's five uses in the diet . . .

Authority explains this delicious food

WE RECENTLY asked the food scientist at one of the great universities to describe the rightful place of sugar in the diet.

"Sugar has five distinctive uses," he said "1. A conserver of foods. 2. A flavoring substance. 3. A satiation factor. 4. A staple fuel. 5. An emergency fuel."

The scientist showed that sugar is used as a conserver of many foods, especially fruits.

Discussing sugar as a flavorer, the scientist said: "One of the most praiseworthy developments of the modern diet lies in the expansion of the use of fresh fruits . . . contingent on the free availability of sugar."

Discussing sugar as a satiation factor, he said: "Topping off the meal with a sweet dessert gives a sense of satiation . . . an important item in the diet."

The scientist pointed out that "Sugar as a staple fuel ranks with starch . . . sugar is more rapidly digested than starch; otherwise they are entirely comparable fuels."

He then defined the use of sugar as an emergency fuel. "The process of resorption is so rapid," he said, "that sugar appears in the muscles (the fire-box of the body) within a few minutes after ingestion."

So it is that sugar is one of the most useful and

THAT $10,000,000 ROAD.

When Highway Commissioner Macdonald asks for further consideration of the vote in the last general assembly for an auxiliary highway to parallel the Boston post road from Stratford to the New York state line he deals with a matter which cannot fail to have statewide interest.

This is a proposition that will cost the state $10,000,000 and it will provide for traffic over only a small amount of highway. It is in one of the worst congested sections of the state but the Boston post road is able to handle, according to the commissioner, 30,000 vehicles in 24 hours and by the widening that is going on will soon be able to accommodate 50,000. The commissioner further points out that the present road should be able to take care of traffic conditions until 1936.

There is opposition to the auxiliary highway along the two possible routes that have been considered. There is a demand on the part of a large number of people in all parts of the state for the devotion of more attention to the rural roads. Thus when the hearing comes on the bill which has been introduced for the repeal of the act that was adopted in 1927 for the auxiliary highway there is reason for many appearing in its support. Furthermore it is known that there is a bill before the legislature which would give authority for the construction of a private motor road across the state to cost about $55,000,000, and the question arises, if that were built would there be need for the auxiliary highway that has been proposed?

Those who are seeking more attention for the rural roads of the state are not asking $10,000,000. Such a sum would go a long way toward providing modern and better roads for those people of the state who have been paying taxes for the road building funds but getting no benefits in their particular localities.

Inasmuch as the highway commissioner has expressed himself in favor of the reconsideration of the vote of two years ago it is quite evident that there is good reason for so doing. Time has apparently caused a different light to be thrown upon the situation.

PENAL COLONIES.

In the consideration of various problems, the parole commissioner of New York state makes the suggestion that the habitual criminals of this country should be sentenced to an island where, under supervision, they would have a chance to conduct their own affairs and maintain their own government.

There is always something fascinating about such suggestions. They represent a theory which has its appeal because there is ever a desire to see that the right thing is done for the criminal class to encourage reform.

Even though they should be placed on an island the first concern of the confirmed criminal would be a method of escape rather than the matter of their own government. Inasmuch as they were sent there because of the violation of laws, one wonders what greater respect they would have for the rules of conduct which they established themselves.

The idea of such a penal colony is not exactly a new one. In certain respects it is being followed in some institutions for the purpose of determining the reaction of the prisoners and finding out what interest there may be in such self government and its influence upon those directly concerned. But penal colonies are not to be pointed to, as a rule, as being really delightful places. They mean exile, of course, and the conditions for the most part are anything but desirable. They harbor the worst in the criminal class and the chance for reform among such people has long since disappeared. They are confirmed and dangerous criminals or they wouldn't be there. Thus it would seem that the matter of self government would have slight bearing upon the future of such persons. It might serve to occupy their time and attention but it would apparently make little difference to the confirmed criminals, or the public, whether they were on an island or on the mainland, if the avenue of escape could be effectively shut off in the latter case. Just how an island colony could produce any different or better results isn't clearly set forth by the one making the suggestion. Evidently his idea would be to get them where they could no longer be a menace to the public, which is the common desire of the law-obeying people.

CHINA'S NEW TROUBLE.

Conditions in China improve, run along smoothly for a time and then there is an eruption. Just what China is in for under the reported uprising at Chefoo is not easy to anticipate. Trouble is anticipated there, if we can judge by the sending of an American cruiser there.

Reports have it that it is feared that General Chang is back of the opposition which has developed to the nationalists. He is one of the war lords that gave the nationalists much trouble in their sweep over the country. For a time it appeared that he had been pacified. At least he dropped out of the picture and the indications were that all was well, but however calm it may have appeared upon the surface the nationalists could hardly have been hoodwinked into believing that there was a permanency about it that would defy all attacks.

Considering what the nationalists did in conquering the country there appears to be slight possibility for General Chang to organize a revolution that can expect to succeed. He may cause plenty of unpleasantness for a time and in doing so arouse the sympathy and support of a considerable number in the Shantung province, but beyond that or even there his operations can hardly be regarded as having a successful outlook.

Until more is known about the exact situation the scope and outcome are problematical. Perhaps it is no more than any new government, in such a large country where dissatisfaction develops between daylight and dark, must expect. It comes before the nationalists have been able to get their government thoroughly organized and working smoothly, before the political organization has really become seasoned.

Time will disclose whether it is based upon a determination to really disturb the present period of peace and resume the shedding of blood so recently stopped. While no government may expect to escape trouble here and there there had been hopes that the nationalists would have an opportunity to show what could be accomplished under their policies, and it is not so certain but what they will be able to squelch the revolt in its incipiency.

BOY SCOUT CAMPAIGN.

For the purpose of raising the funds necessary to support the Boy Scout movement in this city during the ensuing year the annual campaign will open next week. For four days the effort will be devoted to the raising of $6575 in order that the same efficient, well supervised organization may be continued.

This is an effort in behalf of the boys of the town. Scouting has done a great deal for them. There are those who can look back upon the training that was obtained, the highly valuable instructions that were gained and the influence which that organization has had in shaping their ideas and establishing their ideals.

Whatever is helpful in laying better foundations for citizenship is entitled to encouragement. Whatever creates greater assets for a community is entitled to support. Whatever helps to make healthier, happier, helpful boys is aiding in the making of better men.

The work in behalf of the Boy Scouts has been decidedly successful in past years. In many ways it is possible to point to the accomplishments, to commend the boys for the manner in which they have responded to the training and to the leaders for the success attained in awakening and maintaining interest.

A careful appraisal of the merits of Scouting, whether applied locally or to this and other countries, makes it evident that it is an organization which has demonstrated its worth. That being the case it ought to be given every possible assurance through support that it is endorsed and that there is a general desire for the enlargement as well as the continuance of the good work.

THE STEWART OPPOSITION.

If one should confine his reading to the statements which have been issued by Colonel Stewart of the Standard Oil company of Indiana the impression would be gained that he had been involved in nothing questionable at all, that he was being imposed upon in the attempt to get him out of the office he holds in that company and that he is being made the target for grossly unjust charges.

In creating this impression Mr. Stewart would have one overlook the part which he played in the deal where the Continental company was involved, he would close the door entirely to his connection with the oil scandal and he would attach no importance whatever to what the supreme court of this country has had to say concerning these deals.

When he undertakes to attach the blame to certain individuals for the opposition that has developed against him he overlooks the fact that the one that appears to be the most to blame is himself. Probably as a business man he has made a good official for the company. There was never any question about it until the oil scandal broke. Then there were revelations which could not be overlooked. There was a demand that they be not approved through a re-election. That was because of the part which Mr. Stewart played and the reticence which he displayed concerning it when the inquiry was underway. He overlooks the fact that if his conduct had been up and above board there would have been no reason for refusing to tell about it, putting the cards on the table and answering the questions. He finds himself under attack now, quite the same as he did some time ago, because the part which he has been playing isn't considered proper for one in that office, at least the stockholders of his company are being urged to so declare.

EDITORIAL NOTES.

Spring in February makes us wonder what March is going to be like.

The man on the corner says: There is ever a keen interest in that old story of the cherry tree, the axe and George.

A legislative jam is reported to be facing congress. It is just the same one that has been faced ever since the opening of the short session.

Does the mention of Borah for attorney general and C. F. Adams for secretary of the navy cause an upset of your arrangement of Mr. Hoover's cabinet?

From the way in which the senate insists upon investigating the site for a rest place for the president one might think the president's choice didn't amount to anything

THE MAN WHO TALKS

This very imperfect world of ours is full of freaks, but let us devoutly thank God that they are not all associated with human action. Now there are some strange doings in this so-called natural world of ours that are past finding out. They seem to be quite unnatural. For an illustration take the journey that the polar regions are now taking into the very heart of Europe, yes, almost to the gates of Constantinople. Not in the history of centuries has anything comparable to it been seen in the countries affected. In places comparatively mild in winter the mercury has recently dropped to 50 degrees below zero. Is it not enough to raise the question: "are the elements under the rigid control of law?" or, are they as freakish and unexplainable as the trend of human conduct? When it baffles science to explain such phenomena, have we not a right to feel that nature is just as exposed to the violation of law as human conduct?

Many years ago Ralph Waldo Emerson made this remark in a public lecture: "We shall one day learn to supercede politics by education. What we call reforms of slavery, war, gambling, intemperance is only medicating the symptoms. We must begin higher up—namely in education." These words were spoken many years ago. At the centennial celebration of Emerson's birth in 1903, President Charles W. Eliot delivered a great speech in which he referred to this position of Emerson's by saying: "There are some signs that this doctrine has now at least entered the minds of so-called practical men." Since the elective system of education has come into vogue—which President Eliot did so much to inspire, we find that it is the enlightened consciences of men, and not political action antipathy against wrongs.

As an illustration of what the logical ending of injustice is take the tragic life of Leon Trotzky, once the powerful soviet leader. More than once has it been said in these paragraphs that no man or set of men can deliberately strike other men and get away with it. Sometimes and somewhere retribution gets in its work. Trotzky for awhile ruled Russia with a cruelty that has never been surpassed by any of the czars of modern times. Did he get away with it? Let us see. Was he not banished by those who ousted him from power? Did he not go to those awful solitudes of Siberia where the victims of the czars went? And for the same reason? Quite recently the papers tell us that a ship from Turkistan has come near to the port of Constantinople with the notorious Trotzky on board. The infamous fugitive is heavily guarded. Why? Because in that vicinity are 2000 "white" Russians who suffered from his cruelty. If they get him few tears will flow.

Does not the history of Russia from the days of Peter the Great, and earlier, clearly show that "the mailed fist" is doomed to ultimate and ignominious defeat? From the days of Otho to Stalin all the evidence goes to show that they "that use the sword shall perish by the sword." What has Russia gained by all these bloody turmoils in the last 500 years? She is and will be for decades to come a second or third rate power. In the discussion of international problems she is hardly taken into consideration at all. While under the rule of the czars she did cut some figure in the diplomatic circles of Europe, but she is now nothing more than the laughing stock of the whole political world. The principle of sovietism is out of harmony with the modern conception of government When will nations learn the fundamental principle of Christianity, "to love one another?"

One living at a distance may be justified in asking what is the reason of the collapse of the coal business throughout Great Britain. Have these mines become exhausted? From all accounts this is far from the facts. Has the country found some satisfactory substitute for coal? If so the news of the same has not yet reached the western shores of the Atlantic. Has business been ruined by classes between the owners and the laborers? Probably not because the press would not be silent on a matter of such far-reaching importance. Surely not only the British Isles but almost the whole of Europe is needing fuel as never before in the whole range of its history. We are therefore justified in surmising that there is some colossal blundering somewhere, and possible not on the part of the company or the workmen. From all accounts the conditions, especially in Wales, are most deplorable, and it is most sincerely hoped that the government may meet the situation.

To an unprejudiced person today it seems almost impossible that intelligent beings could have accepted the theological nightmares that were current here in New England 100 years ago—and more recently. As a sample of this trend of thought take the matter of the "federal headship of Adam." That is, all subsequent mankind were criminally involved in the first man's voluntary transgression. That simply means all who have been born since Adam were condemned from their birth because he transgressed the divine law. Think for a moment that the little—apparently—innocent babe, long before the dawning of conscious intelligence is in the sight of God a doomed criminal! Now if that child should die before baptism or actual repentance, he would be irretrievably lost. Is it no difficult to see where there is the least show of justice to condemn before the age of reason?

Everyday the airplane is showing to the world that it has a place in our modern economy. Not merely along business lines but along scientific as well. There are still portions of our globe that cannot be reached by means of ships, much less by railroads. But there is not a square mile of territory that is not, at least, visible from these ships of the air. Think of the almost impossible journey now being taken by Commander Byrd and his brave coworkers. It means nothing less than putting the vast regions of the Antarctic world on the map. What this will mean to the world along the lines of science one hardly dares to predict. At least it shows the possibility of navigating the circumference of the globe in every possible direction. This can hardly fail to make important contributions to the larger knowledge of our world. Let us be thankful that we are not living in a narrow world now that says "this is tempting Providence!"

At first sight most people wonder what holds a suspension bridge in place until they realize the strength of two massive abutments on either side of the stream. Our American life can be likened to a suspension bridge, one of whose abutments was constructed long ago, and the other one not quite one hundred years later. We do not call these two great abutments Jachin and Boaz after the mighty pillars in the splendid edifice of Solomon, but the appropriate name given to the earlier of them is Washington, and the other one we call Lincoln. Between the two wires were spread during the years that separate the Revolution from the Emancipation. We pay our respects to these two great monoliths that are for all time to come. After the Washington monument and the Lincoln memorial have crumbled into dust, this suspension bridge with its revolution and emancipation margers will be here.

AMERICAN CUSTOMS SPREAD THROUGHOUT THE WORLD.

"Travel where you will, you can't escape American customs and fashions," says a bulletin from the Washington, D. C., headquarters of the National Geographic society.

"Tokyo munches atsu keiki (American hot griddle cakes with syrup).

"Berlin flocks to its first elaborate soda fountain for nut sundaes served by snappy soda 'jerkers.'

"Moscow crowds around the first bright red gasoline filling station put up in Arbat square.

The "Movies"

"American 'movies,' automobiles, dental schools, typewriters, phonographs and even its prize fights lead in spreading American fashions and customs throughout the world.

"Movies persuade Javanese and Brazilians alikes that life without sanitary plumbing is unthinkable. American automobiles have spread the gospel of mass production and have influenced some European countries to change from 'left-of-way' to 'right-of-way' driving. The excellence of the dental schools in the United States attracts students from all over the world who return to their people as ambassadors of the fine old American custom of brushing teeth.

Orientals Learning Eight-Note Scale

"Typewriters have pioneered the way for a whole battalion of office equipment devices which have converted many peoples to doing business according to American methods. The phonograph has made jazz a world folk song and is retuning the oriental ear to the occidental eight-note scale, while the millions won by Dempsey and Tunney prompt young men, white, yellow, brown, black or red, with two good fists, to try them out, and incidentally equip themselves with the necessary 'gym' shoes and boxing gloves from the 'land of champions.'

"As long as the United States remained a raw products source, selling only cotton, corn, wheat, copper and oil, the world went its own way. That way was to follow French fashions in women's clothes, jewelry and perfume, practice trade by English methods and to look to Germany for science and music. But American invention and mass production have turned the United States into a manufacturing and distributing nation. Exports of the United States last year passed the $5,000,000,000 mark.

Kerosene Oil a Luxury in China

"Strange things happen when American products penetrate foreign countries. One of our important exports is kerosene oil, much of which goes to the Orient. Kerosene lamps, disappearing in America, are the height of luxury in China, where they replace smoky, ineffective vegetable oil lamps. The early-to-bed and early-to-rise Chinese now stay up at night working by California kerosene oil on Chinese rugs for American floors.

"Kerosene commonly sells abroad in five-gallon cans that have become the universal bucket from Kamchatka to Dakar. Water from the wells of Beersheba, where Abraham and Sarah drank, quenches the thirst of desert travelers of today, but now the water is drawn up in American oil cans. Arab villagers in North Africa have folded up their tents and have built, by skilful use of flattened kerosene containers, tin-can towns and at night the tin houses are lighted with tin-can lanterns fashioned by native craftsmen.

Garters Worn as Ornaments

"Sometimes other peoples have not brought their customs abreast of their American purchases. Brightly-nickeled slot machines, cash registers and automatic scales are said to decorate the grand staircase of the prime minister's palace in Nepal. A traveler to Borneo reports finding a local potentate in an electrically lighted and refrigerated palace that housed a fleet of expensive automobiles which the native ruler could only drive to and fro on a mile and a half of specially constructed road. Natives in parts of Africa use running pants for shirts, thrusting their arms through the pants' legs, while in China garters are sometimes worn for ornamental rather than useful purposes.

"An American manufacturer was mystified at large orders from a South American country for pearl buttons sewed on squares of red flannel until the department of commerce found out for him that the native Indian women did not use the buttons but sewed the entire squares on their dresses. Yet they were more logical than the prosperous Chinese merchant who installed four pianos in the four corners of his 'parlor,' although neither he nor any member of his family could play a note.

"'What the World Wants' is a regular department of commerce publication, and a brief scanning of its items reveals the many thoroughly American desires the world has acquired; Java wants slot machines, garters and flashlights; Costa Rica, automobile hearses; India, outboard motors, smoke-writing apparatus for airplanes, sanitary plumbing fixtures and silk hosiery; Manchuria, phonographs and records; Malaya (going a step farther) desires automatic record changers and radio sets; Czechoslovakia, paper matches, jazz orchestral accessories and bathroom fixtures; Austria, breakfast foods; British Guiana, tebuilt typewriters; England, grapefruit (which the English are just beginning to demand); Mexico, bathing suits; China, advertising and display equipment, metal store furniture and metal window frames; and Denmark, overalls and vanity cases."

"LENT AND MY WORK"

Memory Verse for Saturday

"Ye shall be sorrowful, but your sorrow shall be turned into joy" (John 16:20). (Read: John 16:16 to 24).

MEDITATION: My sorrow is ever with me. I would have it so. To forget would be a shameful disloyalty. There is a strange comfort in remembering and grieving. It assures me that love is triumphant over death. Sorrow is not a mere passing episode; it is an initiation into a new and higher order of life whose mysteries were hid till sorrow came and opened our eyes.

"'Tis sorrow builds the shining ladder up,
Whose golden rounds are our calamities, whereon
Our feet firm planting, nearer God the Spirit climbs,
And has its eyes unsealed."

PRAYER: O Lord, support us all the day long of this troublous life until the shadows lengthen and the evening comes and the busy world is hushed and the fever of life is over and our work is done. Then of Thy great mercy grant us a safe lodging and a holy rest and peace at the last; through Jesus Christ our Lord. Amen.
—J. H. Newman.

YOUR INCOME TAX

Increase in the value of property accruing before March 1, 1913, is not taxable, even though it was realized after that date. The reason is that the constitutional amendment authorizing congress to tax incomes of individuals became effective as of March 1 1913. The revenue act of 1928 contains provisions for determining the gain or loss on the sale or other disposition of property acquired by purchase before March 1, 1913. The basis provided is the cost of such property or the fair market value as of March 1, 1913, whichever is greater. For example, a taxpayer bought in 1910 property for which he paid $10,000. The value on March 1, 1913, was $12,000. He sold it in 1928 for $14,000. The March 1, 1913, value being greater than the cost of the property, the taxable gain is figured on that basis and amounts to $2,000.

A taxpayer bought in 1910 property for which he paid $5,000. Its value on March 1, 1913, was $5,500, and in 1928 he sold it for $4,000. In this example the taxpayer bases his loss on the March 1, 1913, value, which was greater than the cost, and the deductible loss is $1,500.

A Washington Bystander

WASHINGTON, Feb. 22—Should you happen to be one of the privileged few who have access to the senate floor, your ears some day may be assailed with a machine gun fire of dialog in Spanish.

And when you turn around to see who's doing it, a surprise awaits you. You will find extremes meeting; the tallest and the shortest pair on the floor volleying liquid syllables at each other with a difference of nearly a yard in elevation between them.

The tall man is easily identifiable. That snowy summit lifting to an elevation of six feet three or so above the floor level, straight, very straight up, crowns none other than Hiram Bingham, junior senator from Connecticut.

The little linguist is harder to place, but just as officially present as the senator. He is Roy T. Davis, Jr., most diminutive of the senate page corps, aged 14, but not looking the part. He probably wouldn't foot up much above a yard and a small fraction.

Son of Diplomat

Young Roy is a son of the American minister to Costa Rica and seven years of his life were spent in that country. He attended Spanish schools and the language is almost as natural to him as his native tongue. Incidentally, he has inherited aptitude for the job of page, as his father once was a house page.

Naturally this bi-lingual gift is a matter of admiration to the battalion of pages. They take great pride in Roy junior's proficiency. He's a likeable little chap, anyhow. His comrades like to show him off. And surveying the grave and reverend senate in intervals of responding to the snap of senatorial fingers, they saw a chance.

A Good Prospect

There was Bingham. He had spent a lot of time, by all accounts, exploring Latin America both by land and air. Bolivar's route across Venezuela and Colombia was one little jaunt. Spanish trade routes from Buenos Aires to Lima was another. Of course he must speak Spanish. So they urged Roy on the senator.

"Buenos dias, Senor Senator," piped a small voice somewhere in the region of the Bingham kneecap. "Como esta usted?"

The senator gazed down in profound, wordless astonishment at his small interlocutor.

"Oh, excuse me," said Roy. "They said you talked Spanish."

The senator grinned.

"You bet I do," he said. "Muy bien, muchas gracias; y usted?"

And that was that. Now the pair gabble Spanish at each other frequently

How The World Is Governed

President of Turkey Has No Veto Right

One of the greatest sources of power of an American president is his constitutional right do veto any bill passed by congress which does not have his approval. A Turkish president has no such absolute privilege.

The president of Turkey may return a bill to the grand national assembly for reconsideration, and give his reasons therfor, but he cannot veto the bill outright. And the assembly can override his objections simply by repassing the bill. A two-thirds majority of both houses are needed in congress to override an American presidential veto, and it is very rare for a presidential veto to be so overridden.

The head of the Turkish republic, as chosen under the constitution of April 20, 1924, is elected by members of the assembly from among the deputies and his term of office is the life of the assembly.

The real power in Turkey in executive and legislative affairs is the assembly, the 286 members of which are elected for four years. It is unique among parliaments of the world because it has no upper house. It exercises all executive power of the nation through the president of the republic elected by itself, and through the council of ministers chosen by him, with the constitutional provision that the asembly may at any time control the actions of the government and at any time dismiss it.

The president is also president of the assembly, and, when necessary, of the council of ministers, but he is not permitted to take part in the assembly debates nor can he dissolve the assembly.

There is no veto whatever on the national budget or on constitutional amendments as passed by the national assembly. Every one of the presidential decrees must be countersigned by the president of the council (prime minister) and by the executive commissioner (cabinet member) whose department is directly concerned.

Every Turkish citizen more than 18 years old is entitled to vote for the deputy from his district.

There are two political parties in Turkey. The peoples party, headed by President Mustapha Kemal Pasha, now in power, has radical, nationalistic and protective tariff policies. The opposition in the progressive republicans, seven of whose leaders were hanged in 1926 when an anti-government plot was frustrated.

Greeks Are Abandening Picturesque Costume

PATRAS, Greece (AP)—The Greek usually is represented in foreign illustrated papers as wearing a skirt-like fustanella but in recent years slop-shop clothes have largely replaced the national costume.

The first king of Greece wore the national costume as an example to his subjects, but George I, like the present president, usually assumed naval uniform. John Geunadius was the last Greek minister abroad who donned the national costume as his official dress, and the Geunadius library in Athens contains his portrait in the fustenella.

Formerly political parties were known by their clothes: Kolettes and the adherents of conservatism wore the fustanella, mavrogordatos and the English" party frock coats and top hats. I remember one deputy wearing the petticoat; now all, except the few Musselman deputies from Salonika, wear "Frankish" clothes.

A notable exception to this drab uniformity is the guard of "Government-House," composed of evzonoi, wearing the national dress. Cretans still sometimes don their baggy blue breeches and high black boots, which leave an interval of bare leg visible.

The Aegean islanders' traditional costume also includes blue breeches, and Hydriote Boulgaris, when premier, wore a costume so oriental that he was nicknamed "Aartaxerxes." Greeks who have been in America rarely resume the national dress. Besides, the washing and ironing of the numerous folds of the mustanella were an expense even when washing bills were less.

The native straw hats, made in the island of Siphnos, which gave their name to one of the demonstrations against Otho, the Skiadika, have also yielded to the "European" straw hat. There are no longer the distinctions of dress which in Turkish times marked the aristocratic Athenian families, the archontes, who alone had a double-eagle on their tombs.

Uniforms, too, have changed; the modern "towns' police" trained by the British mission, has a plain, practical garb; the soldiers wear khaki, warned by the devastation wrought among the red-shirted Garibaldians in the war of 1897 on the bare plain of Thessaly.

Sunday Morning Talk

Radium Christians

One of the most interesting substances known is radium, a metal which possesses the wonderful properties of emitting light and heat energy without appreciably diminishing its bulk of force. How beautifully suggestive is this radium of the true Christian. Any other light needs to be lighted or replenished.

How like the life of our Saviour, who was continually giving off to others and still giving greater in power. So our lives should radiate the love and joy of Christ. How many times have we hindered Him by our rebellious attitude? He has planned to give us the very best. We have shattered His ideals for us, but if we will come to Him in sincere repentance, how wonderful our lives might be if we would be clay in the potter's hand.

May we look up to Him in loving trust and give into His keeping the planning of our lives. That our lives may be according to the plan of the master. May we ever be radient Christians, ever shining for the glory of our Savious. Let us try Him. He will take our lives and make them a joy and blessing to all we come in contact with.

Help me, O Lord, in the plan to believe:
Help me my fragment each day to receive.
Oh that my will may with thine have no strife.
God-yielded wills find the God-planned life.

Burgess Bedtime Story

Danny and Nanny Move Once More

By THORNTON W. BURGESS

Safety first you'll find the rule
That's always taught in Nature's school.
—Old Mother Nature.

For such little people as Danny Meadow Mouse and Nanny Meadow Mouse, it would be a long, dangerous journey to go from Farmer Brown's barnyard down on to the Green Meadows, particularly at this time of year. You see, there were no nice little tunnels leading from there through the snow. They would have to journey on the surface of the snow, and that would be very dangerous. In fact the chances of getting back to the Green Meadows would be very poor.

"I suppose we can stay here under this haystack," said Danny.

"It won't do," replied Nanny. "You know what happened to the haystack down on the Green Meadows. Besides, there isn't the food here. I don't want to stay here, and I don't intend to."

Danny felt much the same way. He poked his head out from under the hay. He looked this way and he looked that way and he looked the other way. Far over in the Green Forest he heard the voice of Hooty the Great Horned Owl. He knew that Spooky the Screech Owl was in the barn. Black Pussy was nowhere in sight. Neither was Reddy Fox. "Come on, Nanny" he cried.

Together they scampered across the snow-covered barnyard to the barn. Then Danny led the way along close to the underpinning of the barn. There the shadows lay blackest. He didn't go into the barn, but ran along as fast as he could outside.

When they reached the end of the barn Danny darted across to the chicken yard and through the wire netting of that yard. Nanny followed. Inside that yard they felt quite safe. If Reddy Fox should happen along or if Black Pussy should happen along there would be nothing to fear. Only one of the Owl family could catch them in there. They stopped to rest.

"Where are we going?" demanded Nanny.

"To the Old Orchard," replied Danny. "As long as Spooky the Screech Owl has left the Old Orchard for the barn, we'll leave the barn for the Old Orchard. No, follow me."

Danny found a little hole under the henhouse. At the back of the henhouse he dug his way up to the surface once more. It was only a very short run over to the old stone wall, along the edge of the Old Orchard. Danny darted across to the safety of the old stone wall. Then he sighed. It was a sigh of pure relief. "Well," said he to Nanny, who had been right at his heels, "we are safe enough now. Nobody can catch us in the old stone wall."

"Nobody?" said Nanny questioningly.

"Nobody," replied Danny confidently.

"Not even Shadow the Weasel?" inquired Nanny.

Danny shivered ever so little and looked all around hastily. "I—I forgot all about Shadow," said he.

"And Shadow, so I am told, is very fond of hunting on old stone walls," said Nanny.

"We'll get right over into the Old Orchard," said Danny, and led the way. There, close to one of the apple trees, he dug down under the snow. Once beneath the snow, he felt reasonably safe once more. Nanny joined him. They began to dig all about and presently they discovered a hole in the ground under the roots of the apple tree. "It couldn't be better," said Danny.

HE WAS LIFELESS AND DESPONDENT

But ALL-BRAN made him wide-awake and well—doctor prescribed it

CONSTIPATION ruins hopes, sapps strength. Yet thousands of sufferers have found the way to relieve and prevent this disease. Read how this man rid his system of constipation.

"During the three years before ALL-BRAN cured me, I experienced more embarrassing moments than I care to tell of. Being lifeless, dull, lagging and despondent, I could not keep my job. My friends didn't want my company and I was tired of being asked 'What in the world is the matter with you?'

"After spending much money for treatment, I finally found a doctor who advised me to eat ALL-BRAN three times a day. I did this for three months and I didn't need to be told that I looked better . . . I felt better and acted better . . . I am still using ALL-BRAN every morning and have no trouble now whatsoever." (Name and address upon request.)

Guard against constipation by eating Kellogg's ALL-BRAN. ALL-BRAN is guaranteed to prevent it—to relieve it. Just eat two tablespoonfuls daily—chronic cases, with every meal. Far better than habit-forming drugs and pills.

ALL-BRAN is 100% effective. Doctors recommend it because it promotes natural elimination. Serve it with milk or cream. Use it in cooking—muffins, bread, etc. Delicious recipes on the package. Grocers sell it. Restaurants, hotels, dining-cars service it. Made by Kellogg in Battle Creek.

Stories That Recall Others

Same One.

Bill and Joe had not met for several years and Bill was quite surprised when Joe said he had married a Jones girl.

"You always did take to the name of Jones. Remember that little wild Jones girl you tagged around with some years ago?" he asked.

"I sure do," said Joe. "She is the Jones I married."

Nursery Bridge.

During the morning free play period at the nursery school four little girls sat at the play table seemingly intensely interested in an imaginary game of "bridge." After the cards were dealt Betty started by bidding a club. Carolyn passed; next, Mary, bid a spade and then little Barbara, new to the game, hesitated a moment and replied: "Well, I'll bid a shovel."

GAVE SECOND IN SERIES OF LENTEN SERMONS

The second in the interesting series of noon Lenten services was held Friday noon at the local Y. M. C. A. There was a large attendance. Clarence E. Carpenter, a director of the "Y" presided. The prayer was offered by Rev. R. H. Parkes of the Grace Episcopal church. Dwight Richardson officiated at the piano, and the hymn was "Jesus Lover of My Soul."

Rev. J. Romeyn Danforth gave his second message of the series on the topic, "Whit Christ in Egypt." He spoke in part as follows:

Last Friday we were thinking of Bethlehem, the birth of our Redeemer and the first Christmas. All was peace. But only seven miles to the north was Jerusalem. And in Jerusalem was Herod. And he was not at peace. He was worried. Someone was sought to be king in his stead. It is the old story of so many despots. They are afraid of plots against their lives and crowns. So soldiers were to be sent to Bethlehem to kill all baby boys.

Joseph could not safely take Mary and Jesus back to Nazareth, for they would pass under the walls of Jerusalem. So it was better to go to a foreign country and seek safety in exile. Egypt was the nearest. And we have often seen pictures of the man and the mother and the little child on their way to the south and the west, across a strip of desert, and then the isthmus and the green valley of the Nile.

Before they went they had gone up to the temple and the aged Simeon and Anna had taken the child in their arms and thanked God for life spared to see this little one. Now a whole country presented the same contrast between age and infancy. The young child was now in a very ancient land.

We look upon the pyramids as old. They are. And when the eyes of that child looked on them they were even then two thirds as old as they are now. A century is nothing in Egypt. Its years are told by the rising of the Nile and its subsiding again. For the land is just a valley between two deserts. The sun rises from one desert, passes over the green valley, and sets beyond the other desert on the west. The deserts were death and the narrow valley the brief life given to men. And they used the life to prepare for the death. The only buildings made to last were the temples and the tombs. Neither house nor palace from the ancient time; all was death and the preparation for it.

Here was this child with the seeing eyes and the hearing ears and the mind full of questions and their answers. His first steps were taken in Egypt; his first words spoken there. In every age the child can quickly learn to speak as many languages as he hears spoken around him. The language of the Hebrews would be spoken in his home, but the language of Egypt outside. And one never wholly forgets.

Think of the thousands of years during which the Egyptians embalmed their dead, then built or dug tombs for them. From the cataracts of the Nile to the delta the desert edges of Egypt were one long cemetery. The child saw that. But children are very much alive. Later we hear him tell his own people that he came that they might have life and have it more abundantly. He did not seal tombs; he opened them, even his own. He saw enough of death in Egypt, and a religion which was one great and stately funeral march. Life for Him and for those who would accept it at His hands.

In time they went back to Nazareth, but Egypt could never be a blank to Him. Now and again at the foot of the hill on which the city was built there would camp the caravans which plied between Egypt and the East. Camels of the Nile would be eased of their burdens while dark men sat about them and spoke the ancient language of those who built the pyramids. The boys of the village would cluster about. They always do. To one of them the hearing of that language which he never could forget would bring back the scenes of early childhood.

The tombs of Egypt led downward into the dark of the sad mystery of death. But that land saved the life of the child who later opened the door of the tomb in the other direction, to lead out and up into the eternal light. He wipes our tears away and gave us life everlasting. Egypt grasped the thought of eternity, but Christ makes eternity worth while.

FORMER COLCHESTER COUPLE OBSERVE GOLDEN WEDDING

The golden wedding anniversary of Mr. and Mrs. F. W. Foote was celebrated Wednesday night by a gathering of relatives and friends at the home of the couple, 37 Westfield street Providence. A class of 25 candidates from Wauregan are to be initiated by the local degree team, after which a varied programme of entertainment will be presented and music will be furnished. There will also be a class initiation on March 5.

NEW LONDON COUNTY NEEDS ONLY ONE JAIL

According to the annual report of the department of public welfare to Governor John H. Trumbull, New London county continues to maintain two jails where only one is needed. The report declares the jail at Norwich entirely obsolete and undesirable in many ways. It is recommended that a new institution be erected to take care of the work of both the Norwich and New London structures now being used.

Many a man's peck of trouble comes in liquid form.

If Mothers Only Knew

Thousands of Children Suffer from Worms, and Their Mothers Do Not Know What the Trouble Is.

Signs of Worms are: Constipation, deranged stomach, swollen upper lip, offensive breath, hard and full stomach with pains, pale face, eyes heavy, short dry cough, grinding of the teeth, little red points on the tongue, starting during sleep with troublesome dreams, slow fever.

Mrs. H. N. Roberts, 502 Asylum St., Flint, Mich., wrote: "My little girl is relieved of her worms." And in a later letter wrote: "Baby is fine and it was your Dr. True's Elixir that helped her."

Dr. True's Elixir

FORMER YANTIC RECTOR GAVE LENTEN SERMON

Rev. Robert B. Day, of Christ church cathedral, Hartford, former pastor of the Yantic Episcopal church, delivered a stirring sermon at Trinity Episcopal church Friday evening. It was the first of a series of special Lenten sermons to be given at the church. Archdeacon J. Eldred Brown, rector, led the service, which was largely attended.

Rev. Mr. Day spoke on the necessities we have to meet in life. One of the things we have to meet is suffering, he said. We have to meet temptation. We are all divided into certain grades and circles of society. You may think you are better than I or I may think I am better than you. There is one thing in which we do not have a division, and that is in the realm of temptation. We cannot escape temptation.

In speaking of the cross, Rev. Mr. Day said, "Jesus Christ said if any man will follow Me let him pick up his cross and follow Me." He did not discriminate, Rev. Mr. Day said. He said let any man follow Me. The cross is a mighty hard thing to kick against, said the preacher. We punish ourselves when we kick against the cross.

SAVARD STORES SYSTEM HELD SEMI-ANNUAL CONVENTION

The semi-annual convention of the Savard Stores system was held Tuesday at the Hendrick Hudson hotel, at Troy, N. Y., with Thomas H. Savard, of this city, presiding. Matters of interest to the business were discussed. Harry E. Smith, of Schloss Brothers, Baltimore, Md., addressed the gathering. The session contributed much information which will be beneficial to the Savard Stores system.

Thomas H. Savard, of Norwich, is chairman and R. S. Lyon, of Middletown, is secretary of the committee in charge of the conventions. Joseph H. Savard, of Bridgeport, is the founder of the Savard Stores system, which had its inception at the opening of the Savard store by him 35 years ago, in Bridgeport.

Four Suits Withdrawn

Four damage actions aggregating damages of $11,000, brought by George W. Steele and Florence Latham Steel, of East Lyme, against Nelson T. James of Newtonville, Mass. and the Miller Rubber Co., of Boston, have been withdrawn from the superior court. Each of the Steeles brought two actions. All resulted from an automobile collision on the road leading from Jordan village to Niantic. The accident occurred on April 16, 1926.

KILLINGLY HIGH SWAMPS TEAM FROM PLAINFIELD HIGH, 36 TO 17

(Special to The Bulletin)

KILLINGLY, Feb. 22—Killingly swamped the Plainfield quintette at the Killingly gym tonight by a score of 36 to 17. The encounter was fast and close. The work of Young McKee was responsible for the lead. In the first quarter Killingly and and McKeon was responsible for the lead. In the first quarter Killingly and Plainfield played on even terms, the score at the end of the period being at 8 and 8 tie. McKeon and Young came back in the second quarter and displayed some neat shooting. Lang was the only Plainfield man to score in this period with one of his sensational long shots. The half ended 15 to 10 in favor of Killingly.

The second half opened in fine shape with McKeon and Young, of Killingly, doing most of the shooting. Plainfield was unable to break through Killingly's defense but once during the first quarter. The last quarter Coach Schofield sent in the second team which outplayed the Plainfield aggregation. Capt. Withey and Slowik were out of this game because of injuries, although Szafranski and Nelson played well in their places. Szafranski held Capt. Bakanowski scoreless and made three points himself. The high scorer for Killingly was Young with 15 points and McKeon not far behind with 10. Lang took the laurels for Plainfield with a score of 9 points.

Killingly's five-man defense was a feature of the game. In the preliminary the seniors defeated the juniors by the score of 12 to 4. The summary:

K. O. KAPLAN TO MEET FREDDY MUELLER MONDAY

Displaying a healthy regard for the ability of Freddie Mueller, Buffalo German-American lightweight, Louie Kid Kaplan is sparing no pains to be in perfect trim when he meets that topping the card at the New Haven worthy in the ten round main bout Arena on Tuesday night, February 26.

Kaplan was all set for a layoff after he had disposed of Phil McGraw, the Detroit Greek, in easy fashion in the main bout at Waterbury recently, but when the articles were signed for him to meet Mueller he changed his mind instantly. Fighting Mueller and fighting McGraw are two different things as Kaplan and his board of strategy well know, and orders were immediately issued for the Buzz Saw to go back to work. He went back, and every day this week was busy at the Charter Oak gym, in Hartford, going through his paces. Twelve and fifteen rounds of boxing were the order, and in addition to this there were the calisthenics and the road work.

In sizing up Mueller as they have the pilots of Kaplan, Lou Brix and Denny McMahon, are making no mistake. They both admit the fine boxing ability and the highly developed punching power of the Buffalo man and accordingly Kaplan is getting the strictest kind of training to have him ready for his assignment.

Mueller's record speaks for itself. He holds a decision over Ray Miller, famous Chicagoan, who in turn is the winner by knockouts over such men as Tommy Grogan, Ruby Goldstein, Jimmy McLarin and others. On Mueller's list of accomplishments, besides his victory over Miller, are records of wins scored in bouts with Jackie Pilkington, Eddie Elkins, Ruby Stein, Pete Petrolle and a host of other fine lightweights.

One change has been noted in the Arena under-card. Clyde Jones, promising Jersey blond who was taught the game by Joe Shugrue, will meet Georgie Day in the semi-final. The rest of the card remains the same, with Hughie Devlin, of New London, and Oscar Goldman, of New York, in a special eight rounder; Frankie Bush, of Manchester, and Amedeo Grillo, of Troy, in a six; and Frankie Marino, of New Haven, and Tommy Duggan, of New London, in the six round opening bout.

WIDE SETS NEW ENGLAND RECORD FOR 2-MILE RUN

BOSTON, Feb. 22 — (AP) — Edvin Wide, of Sweden, holder of the world's outdoor two mile record, and Paavo Nurmi's greatest rival, made the fastest indoor time ever run in New England to win the Walter Scott special two mile run in 9 minutes, 5 3-5 seconds here tonight. He was only 4 2-5 seconds behind his outdoor record of 9 minutes, 1 1-5 seconds.

"The Scott special was one of the events on the program of the Caledonian club's Scotch games and National A. A. U. junior championships held at the Boston garden."

Wide's performance was way above the average level of the meet, which was enlivened chiefly by the bag pipes of Scotch band and a hornpipe.

Bernard McCafferty of Holy Cross turned in the fine time of one minute and 4-5 seconds in the 600 yard curley special, but Bob Dalrymple of the Boston A. A. and Leo Lermond of the Boston A. A. both outstanding runners, run slow two-mile and mile races, respectively neither was pressed.

Howard Morris of Haverford college tossed the 16-pound shot 44 feet, 4 inches in gaining the championship in that event. His tiss would have been good for a win or second in many intercollegiate meets. Whoflyka of Fairhaven was second and George Wilszewski of Boston college third.

Albert Michelson of the Millrose A. A. defeated Jimmy Hennigan of the Dorchester club by a scant yard in the Walter Scott 10-mile run. His time was 55 minutes, 34 4-5 seconds. James Zinsk of Dorchester was third.

James Stafford of the Boston A. A. won the junior championship running high jump with a leap of 6 feet. Mayo Seekins of Colby was second and Harold Joyce of Coburn classical third.

MIKKELSON WINS NATIONAL SKI JUMP TITLE

BRATTLEBORO, Vt., Feb. 22—(AP)—Strand Mikkelson, of Greenfield, Mass., won the national senior ski jumping championship here, today, when he for standing jumps of 141 and 131 feet.

Mikkelson's two jumps netted him five points more than Lars Haugen, of St. Paul, Minn., the defending champion, was able to garner. Haugen's jumps were for 136 and 130 feet.

Snow conditions were poor. The jumpers complained that it was too soft to permit them to get off with sufficient speed to jump any great distance. The record for the jump here is 190 feet.

The longest jump was made by Casper Olmen, of Chicago. He made a leap of 155 feet only to fall on the flat, a misfortune which prevented him from placing among the leading scorers.

The scoring today was under the new international metric system. Distance, style and standing jumps count heavily in favor of the jumped under this system while falls on either the slide or the flat territory count equally as heavily against him. The judges, Dr. P. S. Elmer, of Bellows Falls, and Prof. Charles Proctor, of Dartmouth college, were unfamiliar with the new scoring system and it was not until they had figured points for four hours that they were prepared to announce the point totals for the senior event.

Third honors in the senior jump went to Steven Trogstad, of Racine, Wis., who had 207.7 points for his two jumps.

Carl T. Herstad, of Boston, was fourth with 205.2 points and Peter Falstad, of Sioux City, Ia., who scored 202.3 points, placed fifth.

There were 35 contestants in the senior jump. The junior event had 50 entries.

In the class C, national title jump, Oliver Morrisseau, Brattleboro won first place with 134.2 points. Harry Morse, Brattleboro, was second with 132.8 points, and Edward Pelton, Hanover, N. H., took third honors with 122.2.

Herbert Loring, Hanover, N. H., won first place in the class D competition with 146.3 points. Alex Danielski, Greenfield Mass., was second with 141.2 and Wallace Masta, Brattleboro, third, with 139.2 points.

FARRELL EQUALS COURSE RECORD AT ST. AUGUSTINE

ST. AUGUSTINE, Fla., Feb. 22—(AP)—Johnny Farrell, national open champion, equalled the course record here this afternoon to defeat almost single handed the team of Tommy Armour and Gene Sarazen in their annual best ball match with Farrell and his brother, Jimmy. The Farrels won 2 and 1.

Johnny Farrell's medal score was 67, a mark set last year by Armour in the same annual match when he and Sarazen won from the Farrels.

The best score the invaders could chalk up was Sarazen's 71, while Armour slipped to a 76.

Army Beats Harvard

WEST POINT, N. Y., Feb. 22—(AP)—The Army defeated Harvard in a loosely played basketball game here today by a 37 to 24 score. After the first few minutes the cadets led all the way. Farrell kept Harvard in the running at the start with a pair of free throws after Malloy and Mansfield had opened the scoring for Army.

The Harvard team did its best work in guarding Krueger. Army's high scoring right forward. He was held to one field goal, the last score of the game, and two foul shots. The score at half time was 21 to 13, for Army.

Chase Beats Brice

MIAMI, Fla., Feb. 22—(AP)—Harcourt M. Brice, Miami, defending champion in the annual Miami amateur golf champion lost his 36 hole championship flight match today to Lee Chase, of Buffalo, 2 and 1.

Chase staged a spectacular comeback to overcome Brice's five hole lead, set up on the first 18 holes of the match. Brice lost the match on the greens.

AMERICAN TENNIS STARS WIN FOUR MATCHES

MIAMI BEACH, Fla., Feb. 22—(AP)—American tennis stars won four out of their five singles matches today with representatives of the Cuban tennis world. Three of the matches were won by women, representing Miami Beach in the second annual Miami Beach Cuba tennis tournament.

Cuba split their two men's singles matches this afternoon with a struggle. R. Morales, fellow member of the Cuban Davis cup team which has invaded Miami Beach was the victor in his two sets with Val Gress of Forest Hills, Long Island, representing Miami Beach, 6-3, 8-6.

R. Cardenas, of the Cuban aggregation developed a series of hard luck shots during his match with Carroll Turner of Miami. Turner won 6-2, 3-6, 6-3.

Dorothy Andrus, of New York, bearing Miami Beach colors, defeated E. Dubroca of the Cuban team in consistent manner, 6-4, 6-4. Virginia Hilleary of Philadelphia, nationally known tennis star, outserved E. Daly of Cuba, to win 6-0, 6-4, while Mrs. Stokes Weaver, of New York, played two sets to win 6-2 and 6-2 from Miss G. Comallonga of Havana.

Only one Cuban entrant survived the elimination process to enter the semi-finals of the women's singles in the second annual Miami Beach tennis tournament. She is Senorita Comallonga, whose reputation in Cuba as a basketball star equals her repute on the tennis court. She will meet 14 year old Helen Foster, third ranking player in the Chicago area, in one branch of the semi-finals tomorrow, while Miss Eleanor Cottman of Baltimore meets Miss Anne Page, of Philadelphia, Nassau women's champion.

In preliminary play, Miss Comallonga defeated Miss Florence Rice, of New York, daughter of Grandland Rice, 7-9, 6-1, and 6-2, while Miss Cottman defeated Miss A. Castaneda of Cuba, 6-3, 6-4.

In preliminary doubles matches, Mrs. Deforest Candee, New York, and Mrs. Stokes Weaver, New York, defeated Mrs. S. B. Gibbs, Miami and Miss Fulton 10-8, 6-0.

WALKER GETS VERDICT OVER JACK WILLIS

SAN FRANCISCO, Feb. 22 —(AP)—Mickey Walker, hard punching middleweight champion, hammered out a popular decision over Jack Willis, game slugger, from San Antonio, Texas, in a non-title ten round fight at the San Francisco baseball park here today.

Some 15,000 persons, coaxed out to see the pair in a second non-title mill, were treated to a clash that started briskly, slowed up during the middle sessions and then finished with a tenth round rally that had the crowd cheering.

In the sizzling tenth round, Walker battered the Blonde Texan around the ring and had him reeling from terrific lefts and rights to both the face and body. Willis was a true gamester and slugged back toe to toe but his efforts were ineffectual.

The Associated Press score chart gave Walker eight rounds and Willis one. The fifth was fairly even.

On the short end of the fighting, Willis put on a great rally in the ninth to win that frame handily and got a great hand from the crowd. Walker was a five to one favorite at the start and weighed 165 pounds to 163 for Willis.

The gate receipts were estimated at approximately $40,000.

The bout brought from retirement one of the noted early day figures of the ring—James J. "Jim" Griffin—who refereed all the big battles here a quarter of a century ago. Although out of the game for many years, the veteran handled himself in fine style today.

PURJE CONFIDENT OF BEATING WIDE TONIGHT

NEW YORK, Feb. 22—(AP)—Although Paavo Nurmi has sidestepped a meeting with Edvin Wide, and both Percy Williams and Jack Elder have withdrawn from the sprints, the national indoor A. A. U. track championships at Madison Square Garden tomorow night will not be without their grudge battle.

Running against Wide, the Swedish schoolmaster who holds the world's outdoor two mile record, will be a young Finnish newcomer, Eino Purje, world's record holder for 2,000 meters, says he has been looking forward to this opportunity ever since he began his track career. Victorious over Nurmi in Finland at 1,500 meters, Purje declares he repeatedly sought opportunity to race Wide and prove his right to a rating above both of the famous international stars, but was unable to unveigle the Swede into an encounter.

Purje will be running Wide's distance tomorow night, his own record having been established over a route little longer than a mile, but the young Finn is confident two miles will not prove too far for him. This supremely insured invader who has something of the naively outspoken self-esteem of a Sharkey or a Christner says he has done 9:05 in Finland on a poor track and is certain not only that he will beat Wide tomorrow night but that eventually he will lower even Nurmi's great indoor two mile record of 8:58 1-5.

RUTGERS SWIMMERS CUT THREE SECONDS FROM MARK

NEW BRUNSWICK, N. J., Feb. 22—(AP)—Three and three fifths seconds were clipped from the intercollegiate 300-yard medley relay swimming record today by a Rutgers team composed of George Kojacs, Olympic backstroke champion, William Marquette, breast stroke, and John Dreyfuss, free style. They swam the distance in 3 minutes and 11 seconds. The old record of 3:14 was held jointly by Yale and Michigan.

In doing his piece, Kojacs broke his own world's record of one minute 1 2-5 seconds for the 100 yard backstroke. He covered the distance today in one minute and four fifths of a second.

Williams and Wesleyan Tied

MIDDLETOWN, Feb. 22—(AP)—The "little three series" of basketball games between Wesleyan and Williams, was tied today, Wesleyan winning the second game, 34 to 20. Two weeks ago, Williams won at Williamstown, Mass., 37 to 25.

Early in the game Wesleyan established a six point lead, and held the lead, though Williams fought hard, to the end of the first half, when the score was 12 to 8. In the second half, with five minutes to go, Wesleyan was 13 ahead. There was little scoring these last five minutes, Wesleyan getting only one foul. Bethan, Williams left forward, and Ward, Wesleyan right forward, were the stars of the game.

Stonington Loses to Windham.

Stonington High basketball team was completely annihilated at Windham last night by the brilliant attack by Windham High that left them bruised and dazed. The score was in the neighborhood of 60 to 10 in favor of Windham.

Plainfield vs. Westerly.

The Plainfield soccer team will play at Westerly Sunday. Plainfield will use its regular lineup

UZCUDUN TAKES VERDICT OVER CHRISTNER IN TOUGH ENCOUNTER

By Herbert W. Barker
Associated Press Sports Writer

NEW YORK, N. Y., Feb. 22—(AP)—Meyer K. O. Christner, the one-time Akron rubber worker, pitted the dynamite in his right hand against the untiring rushing tactics of Paulino Uzcudun, Spanish woodchopper, in Madison Square garden tonight and lost. Paulino carried off the decision in clean cut fashion after ten rounds of rough and tumble fighting.

Starting off as though he would polish off the Basque in short order, Christner saw Paulino take all he had to offer and come back for more. After that, the 33-year-old Akron slugger, subjected to terrific body punishment tired badly and the durable Paulino galloped away with the decision with comparative ease.

But Christner never was anything but dangerous. Even so rugged a fighter as Paulino found that the Ohioan's right lived up to everything that had been written about it.

After taking a severe trouncing for seven rounds Christner amazed the capacity crowd of close to 20,000 spectators in the tenth round by tearing in and whaling Paulino with rights and lefts that threatened to drop the Basque for the first time in his career. Reeling about the rink like a drunken man, Paulino vainly sought to come to close quarters where all his effective work is done. Christner easily kept away and dropped his right again and again on the Spaniard's jaw but the wood-chopper refused to go down so easily as do the trees he used to cut. The final bell was a welcome sound for Paulino, but even this last ditch rally by Christner could not affect the final result. Paulino, from the third to the last round had dealt out such terrific punishment to Christner's mid-section that there was no doubt as to the winner unless the rubberman from Akron could land a finishing punch. He has never been knocked from his feet but he did some peculiar things standing up on certain occasions tonight.

At the outset, Paulino, wading in as usual, went back on his heels from the effects of a terrific punch on the chin. All through the round, Christner evaded the Spaniard's rushes with ease and beat such a steady drumfire of right hands on Paulino's chin often enough to force the Spaniard to hang on grimly. During the first two sessions Paulino did not land an effective blow. He was too busy protecting himself after Christner had connected with taht right. The Ohioan apparently forgot he had a left hand. At least he used it so seldom that it was practically worthless to him.

After that the tide of battle turned, apparently arm-weary, Christner began to miss as Paulino, head down, bored in and swung both hands to his rival's body. The Basque at last seemed to have solved the double question of how to get close enough to inflict some punishment while avoiding that right hand at the same time. From the third round to the ninth, Christner was on the receiving end of some effective body punishing that at times had him holding on in despair. Finding this game to be somewhat necessary, Paulino never let up, punching to the face scarcely more than a score of times. Christner landed his right often enough to keep Paulino wary and cautious but the Ohioan was outscored by a wide margin none-the-less.

Christner's last round rally was sufficient to earn him that round and the plaudits of the crowd but the conqueror of Knute Hansen left the ring decisively beaten just the same.

The Associated Press score card gave Christner three rounds—the first, second and tenth—with Paulino taking all the others except the ninth which was even.

Paulino, weighing 196 pounds, had a one pound advantage over his rival.

Payne and Belanger Draw.

Tiger Jack Payne, of Australia, 171 fought a ten round draw with Charlie Belanger of Toronto 176 1-2 in the semi-final. It was a mauling match with little decisive hitting although Payne dropped Belanger for a count of seven in the third round.

Frank Morris, Harlem light-heavyweight, won the decision over Joe Barlow, of Boston, in a six round slugging match. Barlow went down for the count of two in the last round after Morris had caught him in the stomach with a heavy left hook. Morris weighed 171 1-2, Barlow 175.

Jack Kiernan, of Long Branch, 156 1-2, and Pete Horton of Schenectady fought four rounds to a draw.

SEPPALA TAKES LEAD IN INT. DOG DERBY

QUEBEC, Feb. 22—(AP)—Winning the second heat of the seventh Eastern International Dog derby with a margin of 13 minutes and 22 seconds over his nearest rival, Leonhard Seppala, veteran Alaskan, today took the lead away from Frank Dupuis, Magdalen Island, Quebec, who won the first of the three laps of 40 miles yesterady.

Emile St. Goddard of the Pas, Manitoba, thrice winner of the championship, came in third as he had done yesterday, finishing 10 minutes and 53 seconds behind Dupuis in elapsed time.

When Seppala and his huskies crossed the line far ahead of the others the Alaskan had wiped out the time margin gained over him by Dupuis the day before and in turn gained a lead of 7 minutes and 22 seconds over the Quebec musher who apparently is his most dangerous rival in this race. Seppala's time, however, was 3:53:50 which is about 30 minutes slower than the new record for the course which Dupuis established yesterday.

Both Dupuis and Seppala again made excellent getaways from Brouin Bridge this morning and from telephoned reports of the first half of the race, it appeared Dupuis was out to repeat his great performance of yesterday as he was still leading on elapsed time. Dupuis covered the uphill to Stoneham in one hour and 16 minutes, compared with one hour, 19 minutes, taken by Seppala. The latter beat out his opponent with a great dash in the last part of the race.

AGGIE VARSITY READY FOR VERMONT TONIGHT

(Special to The Bulletin)

STORRS, Feb. 22—After a day of rest the Aggie five started off today preparing for the invading Vermont team Saturday night. The Aggies showed an improvement in their offensive attack against the Coast Guard five, and with the same lineup should keep up the good work against the Catamounts.

Last year the Vermont aggregation were an easy victim of the Aggie attack, but the Northerners have shown great driving attacks against some of the strongest New England colleges throughout the current season.

This contest will be the thirteenth game on the schedule for the Connecticut team, with the number of victories outnumbering the losses. Without Chubbuck the Aggies showed up well, Matzkin leading the scoring although playing only half of the game. Darrow playing a remarkable game against the Rhode Island and the Coast Guard teams, will be the popular choice to start the game beside Ryan at the forward position. Darrow was captain of the 1928 frosh team, but because of his small stature was handicapped in varsity competition. His first chance came in the game at Worcester with Holy Cross in which he played an exceptional game. His first varsity start was against the Sailors, but now he has a regular berth at the forward.

Captain Schildgen will cover one of the guard positions, assisted by Dall or Duffy in the other corner. Both of these men have shown up well of late with the latter getting the preference because of his shooting ability.

Two other contests are scheduled for Aggie teams with the Frosh playing at Loomis in the afternoon, and the Frosh swimming team entertaining the South Manchester swimmers at Storrs in Dunham pool.

NORWICH BOYS WIN SEVEN BOUTS AT PROVIDENCE SHOW

(Special to The Bulletin)

PROVIDENCE, Feb. 22—Jimmy Quinn, Connecticut amateur featherweight champion, Johnny Kop and Freddie Besade, three Norwich amateurs won seven bouts out of eight here tonight on the Washington's birthday card at the Arcadia arena.

Freddie Besade created the sensation of the evening when he won his first two fights on one-round knockouts and his third on a decision. Besade met Stanley Kelsiak of Springfield in the first round and swarmed all over him delivering the flattening punch before the Springfield boy could get going. Tony Kalowski of Warren, R. I., fell victim to Besade's crashing right hand. In the finals Besade found the going much harder against Charlie Zaransky of Boston who proved a clever boxer. Besade's aggressiveness won the clear cut decision.

Jimmy Quinn had the hardest fights of his career here tonight and acquitted himself very creditably. He fought nine rounds altogether to outpoint three opponents. Joe Sullivan of New Bedford, Al Gauthier of Springfield and Johnny Edwards of Boston. The fight with Edwards was the toughest but Quinn clearly outpointed the Boston lad, who is being groomed for the national amateurs.

Johnny Kop broke even in his two bouts easily winning from Tony Pelsillo of Boston in the first bout but dropping a very close decision to Leach Cross of Lynn in the second. Kop fought two nice fights and the decision was so close that it was almost a draw.

NURMI TO TRY LUCK IN FOUR-MILE EVENT

NEW YORK, Feb. 22—(AP)—Paavo Nurmi decided to undertake a four-mile race, the longest he has ever run in this country, at the New York County American legion games here Wednesday night.

Ove Anderson, also of Finland; Frank Titterton, national 15-mile champion; and Irving Totten, Millrose A. A. runner, are expected to make up the field against him, but most of Nurmi's efforts will be concentrated upon an attempt to break the world's record of 19:27 4-5 made by Willie Ritola Jan. 20, 1923, on the same 102nd Engineers' armory track.

One reason Nurmi chose the distance was because he is always glad to try for any record held by the New York Finn with whom he has never been on friendly terms.

Another is that with the waning of his sprinting powers as shown by his recent defeat by Ray Conger at one mile, the seven times Olympic champion is falling back upon the longer distances.

SHARKEY AND STRIBLING WORK OUT IN EVENING

MIAMI BEACH, Fla., Feb. 22—(AP)—Going to work like a night watchman, Young Stribling, the lean Georgian, emerged from retirement when the sun went down today and took a "tune up" drill. As far as the principals in the big heavyweight duel of the south next Wednesday night were concerned he worked alone.

Jack Sharkey, the Boston belter, found the sun too hot for boxing but just right for golf. After a late breakfast and swim, Jack trudged over 18 holes in the heat and retired to cooler places with the pounds dropping away so swiftly under the hot sun that he weighs less than at any other time in his fighting career. Sharkey plans to nurse carefully every ounce of the 187 1-2 pounds he has left until the night of the skirmish in Flamingo park.

N. E. LEAGUE FRANCHISE AWARDED TO NEW BEDFORD

BOSTON, Feb. 22—(AP)—Claude Davidson, president of the New England Baseball league, today announced that the franchise and players of the Worcester club, have been transferred to New Bedford.

Davidson said that President John B. Ryan of the Worcester club had been unable to locate a suitable site in that city for a ball park and gave as an additional reason the failure of the Worcester city council to pass the Sunday baseball order.

All home games of the New Bedford club will be played at Battery Park, home of the New Bedford Soccer club. President Ryan will start within a few weeks to remodel the stands and playing field and New Bedford will have one of the bet equipped parks in the New England league circuit.

COSTELLO, MEDALIST, OUT OF BERMUDA TOURNEY

HAMILTON, Bermuda, Feb. 22—(AP)—G. J. Costello, of Absecon, N. J., medalist in the annual Spey Royal trophy golf tournament, was eliminated in the second round today at the Belmont Manor club. He lost to G. W. West, of Bermuda, 2 down at the final hole. The victory puts West in the semi-final round.

W. J. Sweeney, of New Britain, Conn., J. H. Beavis, English entry, and S. A. Scott, of MacDonald, W. Va., will be the other semi-finalists. Sweeney defeated T. P. Dowling, of Bonni Briar, 2 and 1; Beavis defeated Stanley Howe, of Bermuda, by the same margin and Scott defeated John O. Saeger, of Allentown, Pa., 5 and 4.

Chicago Wrestlers Wins

SYRACUSE, N. Y., Feb. 22—(AP)—The Chicago wrestling team defeated Syracuse here today 24 to 15 in the first of three intersectional meets the Maroons have carded for today and tomorrow. Chicago won four bouts by falls. The Orange took two on falls and one on a time decision.

Printz Wins Dog Derby

ASHTON, Idaho, Feb. 22—(AP)—Fred Printz of Cascade, Idaho, won the American Dog derby here today in one hour 58 minutes 18 seconds for the 25 mile course. Delbert Groom of Rigby, Idaho, was second in two hours five minutes 37 seconds. Warren Brown, McCall, Idaho, third in 2:07:57 and Tub Kent, Truckee, Calif., was fourth in two hours 8 minutes 28 seconds.

Printz's winning time compares with the record of one hour 55 minutes and 55 seconds. Printz took the lead at the end of the second lap after finishing third in the first lap with Tud Kent first and Harry Whitehead, Idaho Falls, second.

Groom came up from eleventh in the first lap to sixth at the end of the second to capture second place in the race.

BALTIC WINS ROUGH GAME FROM WILLIMANTIC

At the Baltic gym on Friday evening the Baltic Independents won an exciting but rough game from the Over-the-River team of Willimantic 37 to 28. In the preliminary game the Baltic Speedboys won from the Standard Bearers Jrs. 33 to 29. The summary:

Yale Beats Princeton on Ice.

NEW HAVEN, Feb. 22—(AP)—Yale wrested a second victory in hockey from Princeton tonight, with a score of 3 to 1. It was an easier victory than the first, Princeton making a poor offensive. Curtis, Yale right wing, and Farrel, goalie, were the stars of the game, the former making two of Yale's three goals.

The victory gives Yale a record of having won against Princeton in three consecutive years in two straight games. Of this season's hockey games, Yale has won 13 out of 14. Princeton has lost twice, both times to Yale.

Taylor Injuries Hand

CHICAGO, Feb. 22—(AP)—Bud Taylor, the Terre Haute lad, "terror," injured his right wrist so severely today that he was forced to cancel his bout with Eddie Shea. They were to have battled 10 rounds here next Tuesday night.

Jim Mullen said he would attempt to obtain a suitable substitute for Taylor.

Miss Hicks Wins Title

WILLIAMS SHOWS HEELS TO CHOICE BUFFALO FIELD

BUFFALO, Feb. 22—(AP)—Showing his Olympic speed, Percy Williams, Canadian sprinter, tonight outran all opposition in the 100 yard dash at the indoor meet at the 106th artillery armory. Williams ran impressively both in his heat and the final, winning the latter with five yards to spare. Jimmy Ball, another Canadian Olympic man, proved the best in a good field of quarter miles. Norman St. Clair of Syracuse, was the only contender in the event to make a real bid against Ball drawing up on even terms with him in the last back stretch. Ball, however, opened up on his reserve and came across the finish line first in fast time.

Villa Nova Wins

PHILADELPHIA, Feb. 22—(AP)—Villa Nova college defeated Catholic university today, 39 to 22. Birmingham, Villa Nova forward, led the attack with three field goals and a foul toss. The Wildcats guarded so closely that Catholic university was held to a single field goal and two fouls in the first twenty minutes of play. Villa Nova led at half time, 21 to 4.

SPARROW LEARNS SINGING BY LIVING WITH CANARIES

ST. LOUIS (AP)—Six months in a laboratory under the eye of a scientist has made a gentleman and a songster out of a harsh-voiced rowdy English sparrow.

Father Hubert Gruender, professor of psychology at St. Louis university was able to refine the sparrow and give him voice by providing a half-year's association with two canaries.

Environment was the big factor in the transformation, Father Gruender explained. After a few weeks with the German canaries, the sparrow's plumage became smoother—he was imitating his room mates—and a few weeks more and he was trying out his high "C." Eventually he became gentle, clean and neat, qualities foreign to a sparrow.

Continuing his experiment to prove that the sparrow—a member of the finch family, as also is the canary—is a victim of environment, Father Gruender will hatch sparrows under a canary hen and leave their raising to her. He things the effort will demonstrate the sparrow has the canary's capacity to sing.

CONFIDENT OF SOLUTION OF RACIAL PROBLEM

BOSTON, Feb. 22—(AP)—Confidence in solution of the racial problem in the south was expressed here tonight by United States Senator Walter F. George of Georgia speaking before the members of the Southern club.

"To sensitive souls elsewhere it exists as a problem but the south does not think of it as a problem," he said. "We are mindful that all suspicion has not yet been allayed but the final answer is slowly but surely being made in the steady progress of the men and women of both races in the south. Side by side the races are working out the problem of our civilization."

CARTOONS EXPRESS THANKS OF RANCHER

SAN FRANCISCO (AP)—Complimented in modern hieroglyphics—the comic cartoon—station KGO has a collection of water color creations depicting a hobo at the side of his receiver either "at home" or afield.

Every now and then, when a program particularly pleases him, J. C. Baldwin, a Sulsun, draws his appreciation as another milestone in the radio life of his hobo character.

A "radio bug" has a prominent place in each cartoon.

PUTNAM BEATS TOURTELLOTTE HIGH

(Special to The Bulletin)

PUTNAM, Feb. 22—A crowd of 500 basketball fans saw Putnam High humble the Tourtellotte High team, 33 to 19, as the result of a spirited second half rally. Tourtellotte opened with a fast man for man offensive and chalked up nine points in the first period but wilted under the driving attack of Leo, Shann and Denning in the final 20 minutes of play. Canty and Bousquet of the visitors, made the encounter seem dark for the locals during the first period. Excellent footwork and shooting of this pair puzzled the locals for a few minutes.

At the close of the first half Tourtellotte was on the long end of a 12 to 8 score. Carman Leo, who has been one of the steadiest performers of the Blue and White squad, this season, came into his own tonight when registered 19 points. Bill Shann, rangy center for the locals, had his work cut out for him in trying to shake loose from Sherry and St. Marie, who watched his every move. Time and time again Shann hoisted the ball to the backboards only to have it roll off the hoop. Even his foul shots seemed to go astray but in the last ten minutes Shann broke loose and, with Leo, showed his ability when he tossed in three spectacular shots. Jimmy Denning, forward for the Blue and White, played his first full time game tonight accounting for seven points. The all around work of Putnam far outclassed the performance of the visitors. Passing cleverly and effectively Putnam worked the ball well into the Tourtellotte territory before crashing scores. The visitors resorted to long shots with Canty sinking three from mid-floor. This was Tourtellotte's first defeat in eight games. The summary:

DANIELSON TOWNERS CLASH WITH FAST NORTON A. C. QUINTET TONIGHT

(Special to The Bulletin)

DANIELSON, Feb. 22—The Danielson Town team stack up against some stiff opposition Saturday night when the Norton A. C. of Worcester plays here. The Norton A. C. is one of the fastest clubs in Worcester county and hold a victory over the Towners won last week at Worcester.

The game might be termed as a Plainfield-Danielson game as three of the Norton team members play with the Plainfield Pros. Danielson fans will get an idea of the chance the Towners would have in a Danielson-Plainfield series if one should be arranged. Kasper and Brusso play the forward positions for the Worcester team while Whitey Bernot will jump center against Pop Williams. Williams and Bernot are members of the Plainfield Pros. The other two positions are cared for by Lee and Snow.

It is the intention of the Towners to even the series here tonight and then arrange for a third game either here or at Worcester. Last week Worcester barely nosed out the Towners in a last minute rally after trailing the locals the greater part of the game. Danielson will use its regular lineup, Gallup, Armington, Williams, Godreau, Po

SEEK INTERNATIONAL STATISTICS PROGRAM

GENEVA (AP)—International statistics are valuable, the International Chamber of Commerce recently told the League of Nations, and there is a practical possibility of unifying existing statistics.

In the interest of the development of trade the chamber recommended the creation for each class of goods, when no special international organization already exists, of special bodies which would direct their activities towards centralization.

The chamber emphasized that affiliated consultative committees are convinced that in order to arrive at statistics of home consumption for each country it is necessary to take into account the imports of the various goods.

It frequently happens, however, that goods are re-exported from the receiving country to their true destination.

STRENGTHEN DETROIT POLICE NET BY RADIO

DETROIT, Mich. (AP)—From microphone to officer to arrest is the triple play used in crime putouts by Detroit's radiotized police department.

On the average it is 76 seconds from the time station WBFS broadcasts until the criminal is arrested. That was the record of the police department's station for 551 arrests in the past nine months.

WBFS has an exclusive audience: Detroit policemen in cruiser cars and officers in police boats on the Detroit river. Judging by the absence of applause cards from other listeners, few fireside fans ever tune in to hear arrest orders broadcast.

Specially devised receivers are locked to the 150-meter wavelength of the station on Belle Isle. Tips from police headquarters are telephoned to WBFS, where orders are broadcast to cars or boats nearest the scene of the reported crime. Microphone directions continue as police approach the spot.

WBFS, first operated in 1922, has been rebuilt.

IN NORWICH FIFTY YEARS AGO

After ten years of labor St. Patrick's church on Broadway was brought to such a stage that it was announced that the first mass would be sung on March 17th, fifty years ago. Other items of interest taken from the files are in part as follows:

Monday, Feb. 17, 1879—A party of Norwich fishermen on a trip to a lake in Salem or Colchester or some other equally indefinite bourne west of the city captured 20 pickerel through the ice on Saturday. It is not definitely known whether the fish were taken through the lake ice or simply through the ice in the tub in which they were "on draught."

The river was frozen over again yesterday morning and the city of Lawrence was over an hour in breaking her way to her wharf.

The Powers' Jubilee Singers were greeted with a large audience on Saturday night at Temperance hall and the concert they gave was one of their best.

The geese on Laurel Hill took to the Valentine fever, and one owned by Henry S. Chapman, came into line with the first egg of the season St Valentine's day.

Tuesday, Feb. 18, 1879—The fair and festival of the German Lutheran society in the schoolroom of the church last evening was numerously attended and was highly enjoyed.

A citizen went into a Norwich hardware store the other day and inquired, "How much do you charge for a bathtub for a child?" "Three dollars and seventy-five cents," was the reply. "W-H-E-W!" whistled the customer, "guess we'll have to keep on washing the baby in the coal scuttle 'til prices come down."

At the next meeting of the Buffalo Historical society a paper is to be read by L. H. Chester, formerly of this city, on "The Public and Private Life of William A. Buckingham, the War governor of Connecticut."

We understand that the New London police force are to be provided with a "short and easy manual" on the successive stages of intoxication so that they may be able to decide with toxicological certainty when the point of "elevation" has been reached that demands their attention.

Wednesday, Feb. 19, 1879—At a meeting of the wardens and vestrymen of Trinity church parish on Saturday evening last, the Rev. Storrs O. Seymour formally tendered his resignation of that church. The resignation was reluctantly accepted with suitable resolutions of regret.

The great organ for the new Catholic church on Broadway reached this city from Buffalo last Saturday. It is the largest organ in the city and the organ loft of the church was considerably enlarged in order to receive it.

Workmen digging for frozen water pipes on Talman street yesterday report that the ground is frozen to a depth of four feet.

The Rev. Mr. Chamberlain of the Broadway church and Rev. Mr. Montgomery of the Central M. E. church went to Hartford yesterday to attend a meeting of the state temperance union.

Thursday, Feb. 20, 1879—We understand that Rev. Mr. Seymour's salary as rector of St. Michael's church in Litchfield is to be increased $300 over that of his predecessor. It will still be $500 less than his salary as rector of Trinity church.

Rev. Cyrus D. Foss, D. D., president of Wesleyan university opens the course of lectures on the Bible at the Central M. E. church tomorrow evening.

There is a fortune waiting for the man who will invent an easy way of sitting down on a slippery sidewalk.

Friday, Feb. 21, 1879—The magnificent edifice of St. Patrick's chuch on Broadway which has been in process of construction for the past ten years is rapidly approaching completion. A general description of the imposing edifice consuming about a column and a half was carried on this date. The church is to be opened for mass on March 17th.

A debating club has been recently organized in the Free Academy, the chief object of which is to accustom its members to public speaking.

The snow of yesterday was one of the severest storms of the season and appears to have extended over a large area of the country.

Niagara Hose company gave a social dance in their house on Union street this evening.

Saturday, Feb. 22, 1879—At a regular meeting of the S. of J. held last evening the following officers were elected for the ensuing years: M. G. William H. Bruce; O. P. G., Silas Davision; A. O. R., D. C. Sterry; P. G. M. S., John Waterman.

Some of the enterprising and pleasure loving merchants have purchased a 240-ton schooner for blue fishing next summer. Their skipper is to be Capt. Yare.

It is eminently proper that the "Red Men" complete their organization on Washington's birthday.

A very happy musical event was the concert of chamber music given in White's hall last evening to a large and appreciative audience, by Mr. Eugene Walner, a native of Switzerland, who have recently come to make his home in Norwich.

ECHOES FROM THE LODGE ROOMS

REBEKAHS.

Hope Rebekah lodge, No. 21, I. O. O. F., was called to order Wednesday evening by the noble grand, Mary Louise Dow. The lodge opened in due form, and the regular routine of business was followed. There is to be initiation March 6th, with a supper to be served at 6.30. Orient lodge No. 27 of New London, and Ruthie Lodge, No. 38 of Jewett City are invited to be guests of Hope lodge on that night. There was a good number present at the sewing society meeting and a great deal of work was accomplished. The sewing society will be omitted on the afternoon of the next meeting. There is to be a rehearsal of the degree team Friday March 1st, at 7.30 p. m.

WOMAN'S RELIEF CORPS.

A regular meeting of Sedgwick Woman's Relief corps, No. 16 was held in Buckingham Memorial, Friday afternoon at 2.30 o'clock with the president, Mrs. Althea Brown in the chair. One candidate was admitted by transfer.

At recess refreshments were served to those whose birthdays come in February, Mrs. D. Louise Atterbury won the mystery package. Patriotic Instructor Grace Fowler gave a reading on George Washington in honor of his birthday. It is pleasing to note the increase in attendance at the meetings. The meeting closed with the salute to the flag.

VETERANS OF FOREIGN WARS.

Norwich members of the Veterans of Foreign Wars are interested in the announcement that five million "buddy poppies" will burst into bloom on Memorial day this year, according to the plans of the national poppy committee of the Veterans of Foreign Wars of the United States, of which R. B. Handy, Jr., national adjutant, is chairman.

Captain Handy reports the committee has adopted stringent regulations governing the manufacture of the "buddy poppies" exclusively be disabled veterans in veterans' bureau hospitals. Every post of the Veterans of Foreign Wars of the U. S., must confine its sale of poppies to those prepared by disabled comrades and bearing the official tag of national headquarters, he said.

"The buddy poppy has been accorded nation-wide recognition as the Memorial day flower worn in memory of the veterans of all wars who have died," Captain Handy pointed out. "The sale of poppies stands apart from all other nation-wide appeals because of the tender memories we naturally associate with the poppy of Flanders field and the sacrifices of service it represents.

"The fact that buddy poppies are the handwork of ex-service men, still confined to hospitals even though the war has been over for more than ten years, carries a distinct appeal to the public.

"The distribution of buddy poppies has increased constantly with the passing years and the 1929 outlook indicates a demand for not less than five million of the little flowers. Practically every post of the Veterans of Foreign Wars of the U. S. takes part in the distribution of 'buddy poppies.' First, because manufacture of the poppies provides a source of income for the disabled buddy in the hospital. Secondly, because the proceeds derived by the post are used exclusively for relief purposes among needy veterans and their families. This obligation is mandatory by a ruling adopted by the national organization and no money derived in the distribution of buddy poppies can be used for any purpose except the assistance of veterans in need."

AMERICAN LEGION AUXILIARY

The regular meeting of the American Legion Post auxiliary was held Monday evening at their rooms in the Thayer building with the president, Mrs. Charlotte H. Denison, presiding. Matters of a routine nature were transacted and it was planned to hold a card party in the rooms soon. Members of the Taftville American Legion Post auxiliary were guests of the local auxiliary. After the business session a programme of entertainment was given. This included vocal solos by Mrs. Helena M. T. Church, and readings by Mrs. Anna Abel and Prof. Frank T. Maples. Cake and ice cream were served by the entertainment committee.

FRANKLIN CHAPTER No. 4

The annual inspection of Franklin chapter, No. 4, R. and A. M., held Thursday evening at Masonic Temple was preceded by a chicken supper at 6:15 o'clock. William A. Buckley, high priest, presided at the meeting and the Royal Arch degree was worked. The charter was inspected by M. E. Companion Rev. Arthur F. Lewis of Naugatuck, grand king of the M. E. grand chapter, R. A. M. of Connecticut.

MILITARY ORDER OF COOTIE

Pup tent, No. 5, Military Order of the Cootie, of New London, worked degrees on candidates of Rose City Pup test, at Norwich, this week, before a large gathering which included 25 members of the New London tent.

LADIES' AUXILIARY TO A. O. H.

The regular semi-monthly meeting of the Ladies' auxiliary, A. O. H., No. 54, was held Wednesday evening, with the president, Miss Nellie McCarthy, officiating. Mrs. Nellie O'Neil, chairman of the recent whist and pinochle turned in a pleasing sum. Mrs. Patrick O'Neil was appointed chairman of the next card party, with a committee comprising the Misses Catherine Sullivan, Dolly Tobin, Catherine Toomey, Jane Breen, Catherine Coughlin, Nellie McCarthy, Mrs. Annie Brooks and Mrs. Margaret Barrows.

After the business meeting a social hour of sewing, singing and dancing was enjoyed Mrs. Margaret McCaffrey entertained with Irish folk songs and dances. A delicious lunch was served by Miss Catherine Coughlin and her efficient committee, after which the Virginia reel was danced by all with Mrs. May V. O'Neill presiding at the piano.

CANADA BUILDING 20 GIANT LOCOMOTIVES

MONTREAL—Canada has made a new bid for a larger part in the British Empire's share in the development of the locomotive with the announcement that 20 oil-burning giants are to be built in the Dominion for service on the Canadian Pacific lines through the Rocky mountains.

The engines, largest ever built in the empire, will be nearly 80 times heavier than Stephenson's historic "Rocket" and are expected to deliver 85 times the power at a capital cost only 45 times as great.

A feature of their construction which was conceived, designed and tried out in the Dominion, is the use of a solid single 65,000-pound casting to form cylinders and underframes.

It is expected that each of the 20 giants will do the work of two lighter locomotives now used in passenger or freight hauling, thus releasing considerable motive power equipment for service elsewhere.

CANINE "CYCLONE" UNDONE BY DREAMS

INGERSHEIM, Alsace (AP)— Shepherds en route to market with a large flock of sheep were horrified one morning to find 145 of them dead.

Nothing, they thought, but a cyclone could wreck such havoc— but there had been no storm. The sheep apparently bore no marks of violence except for a few drops of blood near the throats of a few.

Then the shepherds found Billy, their German wolfhound, in a nearby stable and licking the wool from his teeth.

The "cyclone" was shot.

It keeps some lazy people busy to invent excuses.

Rosalie the Prairie Flower

On the distant prairie, where the heather wild
In its quiet beauty lived and smiled,
Stands a little cottage and a creeping vine
Loves around its porch to shine,
In that peaceful dwelling was a lovely child,
With her blue eyes beaming soft and mild,
And the wavy ringlets of her flaxen hair
Floating in the summer air.

On the distant prairie when the days were long,
Tripping like a fairy sweet her song,
With the sunny blossoms and the birds at play,
Beautiful and bright as they,
When the twilight shadows gathered in the west
And the voice of nature sunk to rest,
Like a cherub kneeling seemed the lovely child,
With her gentle eyes so mild.

But the summer faded and a chilly blast
O'er that happy cottage swept at last.
When the autumn song birds woke the dewy morn,
Little Prairie Flower was gone.
For the angels whispered softly in her ear
"Child, thy Father calls thee, stay not here."
And they gently bore her robed in spotless white
To their blissful home of light

CHORUS:

Fair as a lily, joyous and free,
Light of that prairie home was she.
Though we shall never look on her more,
Gone, with the love and joy she bore.
Everyone who knew her felt the gentle
Of Rosalie the Prairie Flower.
Far away she's blooming in a fadeless gentle power
Sweet Rosalie the Prairie Flower.

The Months.

January brings the snow,
Makes the feet and fingers glow.

February brings the rain,
Thaws the frozen lake again.

March brings breezes loud and shrill,
Stirs the dancing daffodil.

April brings the primrose sweet,
Scatters daisies at our feet.

May brings flocks of pretty lambs,
Skipping by their fleecy dams.

June brings tulips, lilies, roses,
Fills the children's hands with posies.

Hot July brings cooling showers,
Apricots and gillyflowers.

August brings the sheaves of corn,
Then the harvest home is borne.

Warm September brings the fruit;
Sportsmen then begin to shoot.

Fresh October brings the pheasant,
Then to gather nuts is pleasant.

Dull November brings the blast,
Then the leaves are whirling fast.

Chill December brings the sleet,
Blazing fire and Christmas treat.

ANOTHER BOOST FOR SHORT SKIRTS.

Dear Social Corner: It is a long time since I have written the Social Corner but wish to answer the roll call for 1929.

I have been interested in the discussion on short skirts. One of the sisters writes that war lifted skirts to knee high. Well! war surely did a sensible act if it banished the style of skirts we wore 25 years ago.

Not so very long ago I had occasion to rip apart one of those skirts. It measured three yards around the bottom, was lined, faced and braid trimming on the outside. With this same skirt was worn two long white skirts just as full with a wide ruffle on each and all of them to the ground. These white skirts were stiffly starched to make the dress skirt stand out. Many times these white skirts could be worn only once, sometimes twice because of the dirt, mud and filth picked up as they swept the dirty floors and ground. Think of the dresses when skirts were lined, interlined with fabric chamois and a braid and trimming on outside and sleeves which took about two yards of cloth lined and interlined to make them stand out. Who wants them?

There was never a time when fashion was as pretty as today. We used to buy twelve yards of yard-wide goods for a dress and now we use less than half of that. Short skirts are the cleanest most sensible style ever adopted and I hope they have come to stay. By short I don't mean "abbreviated" or ankle length catching in the top of the shoes when walking but about four inches below the knee.

Butterfly: Wish I were within walking distance; we would have a "sing."

Eda of New Jersey: Do you know who is writing this?

Aries: Sorry I couldn't attend the meeting at Moosup. Hope there will be another meeting of Club 4 soon.

Rosalind: My Christmas cactus which did not bloom at Christmas is full of buds now.

With all best wishes to all.

BUG (Club No. 4)

DEFEND SHORT DRESSES

Dear Social Corner Sisters: If I don't say "present" soon I am afraid my name will be taken off the list and that would never do.

I've been much interested in the various letters relating to short dresses, etc.

The shortness of the skirts sometimes amaze me, but when I see how very unconscious the young people are of their legs why do we need to be shocked. We don't have to wear ours to our knees, there is a happy medium and short skirts are comfortable.

When my mother was young it was thought wrong to play cards; "the devil's tools." The next generation had to be preached to for dancing—and now the short skirts and smoking.

Let's not worry but that this generation will develop into as fine, wholesome women as previous ones.

I heard a lecture by a doctor not long ago and he said "the fewer clothes we have between our bodies and the sun the better."

I wonder how many of us would be willing to dress as we did 25 or 30 years ago. Then one had a very large foot if they wore a No. 4 shoe. What acrobatic feats we did if we ventured out in the rain—holding up our trailing skirts, carrying an umbrella and the necessary packages!

Twenty-four was the limit for a waist measure, collars up to our ears and last hats teetering on our heads held by pins that allowed the wind full sweep.

I think Sisters Cassagnac and Susanna started this ball rolling and I had to give it another push.

Club No. 6 did have one fine meeting Tuesday; the dinner was all that could be desired and the program very good.

Hope my fortune does not come true.

CHOCOLATE PIE RECIPE WANTED

Dear Editor and Social Corner Friends: As I have not written in some time will answer the roll call if not too late. Am very much interested but also kept busy with my family so I don't have a lot of spare time. I am not gifted to write as most of our sisters write such nice letters. I have followed the letters on dress and women smoking. I don't believe in women smoking but I like the shorter dress—not too short.

Susanna: Your letter on such was fine. Especially about the bustle and using taper instead.

True Blue: I thought I had your address but I haven't. I was sure you wrote it for me until I got home.

Cally Lilly: I see you missed the last meeting too. I couldn't make it this time.

Mawb: I see you make use of scratch feed bags, too. I make little dresses for the little girls with some, aprons with others. When I have two bags alike I have enough for a dress for myself for the house. Your letter on brightening up your kitchen was fine. I want mine brightened up some this spring.

Shornie: I received the package O. K.

Crimson Rambler: Wil lanswer your letter soon. You have my sympathy in your trouble. I did not know it was as bad as that. I was not the lady who turned around at your house.

Sister Ready. How are you? Well I hope.

Aunty No. 1: I guess you are well as I see your name in the paper quite often.

There are so many nice recipes in the Corner I wonder if some sister could give us a chocolate pie recipe. I would like to have one. Hoping all the six members are gaining and will be able to enjoy this lovely weather is the wish of. ANASTASIA.

GIVE HOOVER A CHANCE

Dear Editor and Friends: Well, it don't look much like spring today, but let us hope it will soon be here. Well, it is only two weeks before our new president takes his seat. I have heard several who voted for him giving him a kick. Don't kick him under the chair before he gets into it. Just give him a chance to show what he will do. I know they say he was the one who cornered the sugar, but just stop and think; one man did not do it all. There were others. But he, poor man, got the whole blame. Now we have got him at present, just wait and give him a fair trial and see what he will do for us. He may give you all a big surprise if given a chance. Then do your kicking. That will be time enough.

I don't believe in kicking anyone until you know what you are kicking him for. I am not a voter, but if I was I surely would have voted for Mr. Hoover. From what I have heard, I think he will be a good man for the most responsible place in our country. Saying things about the sugar racket don't make him any less a fine man, and I for one will stand by him until I see something to the contrary. I pray for his success. From now on he may be one of our finest presidents and I think he will try his best. A president, a doctor, a minister and a merchant get lots of knocks, for they cannot mind everybody.

So let us all pray for Mr. Hoover's success the 4th of March. I most certainly do give him a fair chance to see what he will do. He will be placed in a very trying place at best, but I hope God will favor him and let the people see a fine president.

Kentucky Wonder: I was so sorry to hear of your sickness. Hope you are much better now.

Peggy Alden: You surely are on the gain, and I am so glad. Keep out in the sun and air.

Providence Rose: Did you get home safe? Aren't the roads just lovely up here? I think you all were ready for supper when you got home.

Rural Aunty: You may think yourself lucky to be able to see to make rugs and quilt tops. I cannot see to do that kind of work now.

Aries: Hope your arm is better. I suppose Aden is having a fine time.

Sis: How would you like to go to one of our old-fashioned shindigs once more? Wouldn't it be fine? I mean the good old-fashioned ones we used to have. Those good happy days are gone.

Hope the sick ones are on the gain. God be with them is my heart's best wish. NONESOPRETTY.

TOOK TRIP INTO CONNECTICUT

Dear Editor and All the Social Corner Friends: Such fine days as we are having! The weather is all we could ask. This is fine for short skirts and no sleeves in your dress. It was so fine yesterday that I got hubby to take a trip up into Connecticut. We went on some country road, but, oh, weren't they fine! It took us about two hours to get over about one mile and a half. Stripped something off the underside of the car. I thought I would never see home again. I said if we do get back with a whole neck, no more rides up in Connecticut for this old hen until July. By that time maybe the roads may be safe, but no more, not now! Hubby had to get down under the car and he looked fine to go visiting after that. Little Rose said "Ma, what makes the car shake so?" Because the road hasn't been worked in twenty years, by the book, was the answer.

Nonesopretty: Don't look for the Liz car yet.

Peggy Alden: I am so glad you are getting better, if it is slow. Keep your courage up. The warm spring is on its way; then you will gain faster.

Hope all the sick ones are on the gain and wish them a speedy recovery. PROVIDENCE ROSE.

THE COMING OF SPRING

Dear Social Corner Editor and Sisters: How lucky are those children who, through scouting and various clubs, have opportunity to learn something about nature in her various phases.

Do you remember the joy of your first bird's nest? A May morning, long stemmed orchard violets, a nest in the trunk of that old apple tree which you could just peep into by standing on tip toe; those blue, blue eggs brighter than the May sky above. Of course, a robin's nest.

Or a day in late March, snow on the ground, but you really don't mind for it has come only to tease you. There is already nice brown mud showing through. You have been catching an elusive "cheery, cheery" all morning. You look up, there is a flash of blue which disappears in the hollow of that old russet apple tree. Mounting an old log you gingerly poke your hand in the cavity thinking all the whole of a possible snake and drawing it forth disclose to view a pale blue egg.

And one morning you are stepping cautiously among the hummocks in the meadow, glancing appreciatively at that clump of cowslip blossoms and making a nosegay of the tiny white violets you find right at your feet the cleverly concealed nest of a sparrow with four pointed and speckled eggs.

Do you remember hurrying every night after school to that partridge's nest to catch the little ones coming out of their shells and arriving just in time you see them nicely dried and all fluffy like little brown leghorn chicks scurry into the brush.

Who hasn't memories such as these, a legacy of childhood days?

WINONA.

APPROPRIATE QUOTATIONS

Dear Social Corner Friends: We have been having wonderful weather for February, and I would so enjoy stepping out this (Monday) morning and taking a peep into those colorful kitchens, some of the sisters have described so vividly. It is astonishing what a difference can be made in a somber room by a small outlay of money combined with good taste. It is much pleasanter to work in a cheerful room. My kitchen has three windows and is on the front side of the house, too, so I consider myself very fortunate.

I was among the lucky ones at the B. M. last week Tuesday, when Club No. 2 kept open house. What a fine time we had exchanging greetings and enjoying the good things on the tables. I was sorry to miss the program but had to leave early to do shopping. I hope some sister will give an account of the entertainment in Saturday's Bulletin. I reached home at 5.30, tired but happy, and feeling that I had received a real uplift which would remain with me for some time. It is fine to see letters from so many whose pens have been getting a bit rusty. A cordial welcome to our new members. I am confident that each one of you has something within you that will prove to be an asset to the Corner page as well as to the social gatherings, and our exchange of ideas cannot fail to be broadening.

I would say to the new member who signed herself Winona but later will take a different penname that although I enjoyed all my studies in school except geometry I think I have been especially benefited in the years since by my lessons in English literature. I still have the text book which I used 40 years ago, Studies in English Literature, by Swinton. Wherever I have gone, that book has gone, too. Many things were cast aside in the years when I lived in trunks, but that volume was to me one of the so-called "must haves." It has been a source of inspiration to me on many a depressing day.

I note that Cassagnac takes exception to the use of the quotation from Burns as given by two or three writers recently in letters concerning smoking by women and extreme styles in dress. I gather from her letter that she considers this quotation not pertinent because Burns did not write those lines about dress or smoking, whereas I thought the quotation quite relevant. I have been a member of the Corner almost from its beginning and have made a point of not criticizing the letters if anything in them did not agree with my own ideas, and my only motive now in mentioning this matter is to seek knowledge, for one of my chief ambitions is to always be a student, and if I have had a wrong conception of the appropriate use of quotations I would like to get the right idea as soon as possible. It would seem to me that this poet's words are just as applicable today in regard to any improper or unduly conspicuous or ridiculous dress or habit as when he used them regarding a cootie that appeared to him out of place on a lady's dress. If not, I fear that quotations I have used which I considered pertinent and helpful have been quite inappropriate. As a seeker after knowledge, I would ask Cassagnac if she will favor us with an explanation of her idea, telling us just why she thinks the Social Corner writers who used this quotation would have sought some other one in regard to favoring longer dresses as she puts it if they had read a bit more of Burns' poem. Please remember that I ask not in a critical but in a friendly spirit, solely for more light. I have always enjoyed letters enriched with quotations, and these have usually indicated to me that the writer had read widely and I consider them a great addition to most articles. I have tried to remember always to use quotation marks when quoting an author directly, as of course it is as wrong to steal another's words or thoughts as to take his purse, and none of us want to be literary thieves or plagiarists. It is a fine thing to discuss topics of the day, provided we do it with open minds, giving due consideration to both pros and cons.

I find the Forum a very thought-provoking magazine. It advertises itself on the cover as The Magazine of Controversy, as it makes a specialty now of having able writers give the opposite sides of mooted questions.

I will close with a few lines from a fine poem by Mrs. Gilman which I am sure will appeal to us all:

"Sisters! we now must change the world we know
To one great garden where the child may grow.
New freedom means new duty, broad and grand,
To make a better world and hold it so.
Women are free at last in all the land."

With best wishes to you all.

TRICKING THE MONKEY.

Dear Editor Social Corner: Oscar Aldrich tells how monkeys are captured alive, in the Philippines, without the aid of traps, nets or guns. The natives use rare ingenuity when hunting the wily simians, employing nothing more fearful than a cocoanut. A hole smaller than a monkey's paw is cut in the top of the shell, and then the bait is laid beneath a tree. As a rule, the hairy little thieves will start a hasty descent at once, sucking their lips in anticipation of the cool milk.

Once the monkey squeezes his paw inside the hole, he is caught, as his fist is filled with cocoanut meat, and the stupid animal hasn't sense enough to relinquish his grip upon it.

He springs to and fro, chattering at the top of his voice and tearing at the hard shell which has entrapped his paw. The weight of the cocoanut prevents him from running away, so capture is an easy matter.

ANSWERS AND INQUIRIES.

ANASTASIA: Letter sent as requested.

JOSIE: Your name has been added to the Social Corner list

LOVES THE OLD-FASHIONED THINGS

Dear Social Corner Members: I will answer the roll by "Present".

Little Sister: I had a good laugh over your letter. I stand and wait for my bus and see some terrible sights. Lips, oh so red! stockings, thin and not straight, and toothpick heels, all run over. Some over 60 with dresses up to their knees. I love the old-fashioned things (not long skirts), modesty that has skirts below the knees, and old-fashioned honesty and truth, courtesy so rare and old-fashioned faith and love from God above.

Lavender: I often think of the visits on the way home with you.

Olga: Do you remember the sled load that came to the W. C. T. U. hall. It must be ten or more years ago. How it did snow! but there was sunshine inside. We ate our lunch on plates in our laps. We did enjoy it, anyway what say you

Theodia: I am glad to see you are on the map. I would like to get down to the March meeting if all goes well here.

Eliza Jane: How are you? Fine, I hope.

Primrose: Were you at the grand chapter? I did not see very many that I knew from the Corner.

Lucy Acorn: What has become of you? I would dearly love to see a letter in the Corner page from you.

I wonder how many sisters are grangers? I do like the grange and the Pomona makes me think quite a little in a way to the Corner, the social time and lunch together. Jennie and myself were to Pomona in Middletown last Tuesday and I expect to be in Manchester to one tomorrow. Mr. Gardner comes to install the officers, and he is fine.

My sympathy to all in sorrow and sickness. OLIVE.

A FLOWER BATH TUB

Dear Editor: You certainly have lots of patience, and I thank you.

I want to tell the sisters of the Corner who love plants (summer sunshine) how necessary it is to keep them clean. Cady says wash them once a month, and I say ditto, or once in two weeks is better.

Little Sister: Pick off the mealy bugs with a toothpick dipped in kerosene once more. Get a five-cent piece of whale oil soap from the drug store (it will last a long time) and make a strong, soapy water and wash your affected plants thoroughly once a week for a while. You will notice a few washes will stop the mealy bugs. Then use it occasionally to keep them off. I think lack of sunshine causes some of them, so give your plants all the sunshine you can. Be careful not to crowd them together, as it shuts out too much sun.

The materials required for a flower bath are one four-foot board one foot wide and one inch thick, 18 lineal feet of one-inch quarter round moulding and eight lineal feet of one-half inch lumber three or four inches wide. Make a foundation two feet square with the four-foot board. Saw the half-inch lumber into four pieces and nail on to square as though you were going to make a seed flat. Saw four pieces of moulding three feet long and nail into the four corners of your flat (these stand upright). Then line flat with enameled cloth (we used to call it table oilcloth). Let it come up the sides two or three inches. This makes your foundation water-tight. Now saw the rest of the moulding into three pieces and tack on the top of the uprights, leaving one side clear or open at the top. Carefully tack oilcloth around three sides so it will look like a tall box covered with oilcloth, with one side taken out.

You can purchase a good sprayer for a small sum. Use nicotine sulphate, one teaspoon to one gallon of slightly soapy warm water, and spray on a sunny day. Even the geraniums will thank you for a bath, but first cover the blooms with small paper bags; spraying has little or no effect on other blooms in the window.

I hope you flower lovers will all give your plants a bath.

Cinderella: I did not see you or your letter yet.

Sympathy: I'm glad I found you out. Hope to see you at the next meeting. Don't forget now.

Theoda: I, too, am not only ashamed, but it vexes me. I feel like giving them a rousing slap in the face and telling them to go home and get some clothes on and be decent. Hope I will see you at the B. M. next month. The Social Corner day in March is the anniversary of the big blizzard of 1888. I wonder if any of you can give a description of it? Perhaps Rural Delivery could.

We are sorry to learn of the death of another Social Corner sister, White Dawn. Our sympathy goes out to her dear ones, and to all sick or afflicted.

Marigold, Golden Glow, Wurdy Belle and others: Cheer up, the warm days are coming and you will be with us again.

Sister Mary Sunshine: Your cheerfulness does my heart good. God bless you!

With best wishes from

THANKS FOR THE SISTERS

Dear Social Corner Sisters: First I wish to thank those sisters that helped Beers and myself at the meeting in Community house Tuesday, and especially the two visitors who helped with the dishes, as we certainly had a load of them to clean up and put away.

Now I am going to offer a suggestion: If the sisters that bring salads (and we just had a lot of fine ones at our meeting) would only bring a spoon or fork, so that it could be used for serving, I think that it would be fine. I know that you could get some that would do nicely at the 10-cent store, so that if it should get mislaid, which will sometimes happen, it would not break up an expensive silver set, which no one would like to have done.

Chickens: I wonder do I know who you are? What part of the shore line do you call home? I am interested in chickens also.

Michie: I looked for you at our meeting. Why did you not come?

Well, I think my letter is quite long enough for this time, so will close, wishing all the sick quick recovery to good health. MRS. FARMER.

PREFERS THE FARM TO CITY

Dear Editor and Friends: It does look a little like spring. Well, it will soon be time for spring work; then there will be a hurry and bustle. There will be plowing and getting ready for planting. That is work I certainly like. I like to see the crops growing. There is nothing so healthy as being out in the fields to work and see what nice things we can raise for winter. It is just the right kind of a life to live. Nothing like the good old farm, after all, for health and strength. If more of the young men could realize that fact, it would be better. I say give me the good old country farm in preference to the stuffy city life.

Wishing all the best of luck.

DADDY LONGLEGS.

GOOD TIME WAS HAD BY ALL

Dear Social Corner Editor and Sisters: I hope I am not too late to wish you all a very happy New Year and to thank the member who sent me the very pretty calendar. It is so thoughtful to remember us all each year.

We had such a good time at the meeting of Club 6 yesterday. Beers and her helpers served a splendid dinner and American Girl entertained us with a very nice program.

A week ago Monday a few of us were invited to E. L. M.'s home and such a good time as we all had, but then we always do when we go there.

Beth C.: Was sorry not to see you yesterday. Also missed Melissa.

Commuter: Hope we may see you next summer. Do you remember when you were my husband and I fell for the big judge?

Clarinda: Hope you were not sick the day after.

I think of a great many things I might write about when I am doing housework, but a sheet of paper seems to scare all those thoughts away.

I think it would be a very good idea to keep a pad and pencil handy and jot down things of interest to the Corner members.

Hope that all those sick and in trouble may soon be better.

SKIPPER.

WATER IS ESSENTIAL TO LIFE

Dear Corner Sisters: Are you a habitual water drinker. Water is essential to life. But that statement doesn't interest a girl half as much as the fact that water is necessary if the complexion is to be healthy, of fine texture and good color. There's many a gone-dry, gone-gray, half-alive skin that will awaken to youth if the one that has that complexion will down her six glasses of good old pure water every 24 hours.

About two-thirds of the body weight consists of water; it is found in every tissue and organ of the body. The human system has to be kept in good condition. It clears away impurities and mucous membrane from 30 feet of digestive canal, and it acts as a health-giving tonic to the kidneys. With these organs working properly, the complexion has a better chance to show up fine and clear.

The body throws off more than four pints of water each day through the various avenues of elimination; the skin alone disposes of a great deal. To counterbalance this loss, not less than three pints of water should be taken.

The beauty of the skin depends upon the blood supply; and water improves that supply. It helps the arteries and veins in their work of distributing vitality to all the tissues of the body, and it assists in its process of eliminating waste products. With plenty of water taken into the system, the lungs and heart are strengthened. The stomach absorbs little water; it goes directly to the intestines, where it acts as a tonic and cleanser. Girls who suffer from a sallow skin, from blackheads or pimples should try the water cure. All these conditions show that somewhere in the body there is absorption of poisonous products. It is a simple matter to drink six glasses of water a day. Take two upon arising, 15 minutes apart. During the morning down another glassful. Have one glass with luncheon, one at dinner, and another in the evening, and there you are! Tea, coffee and soda fizz will not take the place of water. Drink them if you will, but take water, too. Ice water is not desirable. Ice water lowers the temperature and slows up the pulse. Therefore it should never be taken when one is fatigued. Also it is not a good plan to take ice water when one is perspiring. Taken in large quantities with meals, it retards digestion. Coming back to the question of the complexion, the greatest factor in its preservation is cleanliness of the body, inside and out. Water is the internal cleanser. So is orange juice and the juice of tomatoes.

More important than cosmetics is the free use of water. The daily scrubbing of warm water and soap and a good brush that holds like the moral law has a marvelously refreshing effect upon the skin. The skin is an eliminating system; heat, soap and friction help along the good work.

Yours for the Corner,

FLAT ROCK.

HAD NICE TIME AT MEETING

Dear Social Corner Members: Social Corner Club No. 6 had a nice meeting on Tuesday at the Community house at Stonington. This is the first time a meeting has been held in Stonington since the meeting when the club was formed. There was a large attendance, members being present from Westerly, Quonocontaug, North Stonington, Clark's Falls, Mystic and Groton, with visitors from the Norwich clubs. Beers and Mrs. Farmer were the hostesses. There was plenty of food, to which all did justice. The program was in charge of American Girl.

Zulieka: We missed you. I was sorry to hear you were ill.

Beth C., Rebe and Ruthina: I was disappointed in not seeing you

Sumac: I know there are many who appreciate having things given them to make over, but, as you say, some things are not worth putting much time into. It is a mistake to put a lot of time and work into something that will not wear long. Last week I received such a nice letter of thanks from someone I had sent a couple of dresses to, and how glad I was I had sent them, although I hesitated a long time before doing it.

I was so sorry to read of the death of White Dawn. I met her a few times at Corner meetings in Norwich and liked her so much. My sympathy goes out to the family.

Scottie: Dearie told me you were on a trip. That's fine! We were so glad to have her with us on Tuesday.

Topsy: If you carried a chocolate cake to the farm bureau meeting at Wequetequock won't you give us the recipe? I know Mrs. C. brought one.

LIKES THE DEVIL'S HOPYARD

Dear Editor and Folks of the Social Corner: It is nearing the Social Corner anniversary time again. I am glad to still see the social and helpful interest in this department is still 100 per cent, and then some.

Quid Nunc: I enjoyed your account of the Devil's Hopyard. Though not an attractive name, yet there is something about the falls that is very fascinating. They were beyond my expectations, and I would like to see them again, as bad as ever. I am thinking if the old bulkhead, the wheel pit and the old mill stones seen there could speak, what a story they could tell. Yes, and on the west side of the road is a bubbling spring of water that makes one thirsty to think of, but the principal attraction there is the falls. The hard story of man that once lived in that peaceful valley does not mar their beauty.

These three articles are good to keep on hand these cold winter snowy days: For breakfast menu—sliced bacon, fresh boiled potatoes. Aunt Jemima pancakes with honey; tomorrow morning—dried beef with gravy, mashed potato with bread; next day—codfish with quality cream gravy, fresh boiled potatoes, etc. It might taunt the appetite a bit to change the name sometimes, instead of dried beef say shaved beef or sliced beef; instead of codfish say "Block Island turkey" or "angel food."

I have a high opinion for the man who does not swear and whose word is as good as his bond. The same high ideal is for the gentler sex who does not paint, smoke, and if they would wear more clothes. Strange it is how that the style of men's wearing apparel never changes much. JIM.

WRITING WILL NOT CHANGE STYLES

Dear Social Corner: I always mean to write a letter for the Corner in January, but January has passed and February is passing all too quickly, so I will have to get at it right away.

There are so many nice letters now, but that doesn't lessen my obligation as a Social Corner member.

Club No. 6 met at Stonington yesterday and Soma, Winter Robin, V. B. A. and myself were among those present. We had a very pleasant day, as we always do. Beers was the hostess, and with her aides carried things on in good shape. There was an entertaining program to enjoy, also a fine dinner. Social Corner sisters believe that good food is made to be eaten and all brought their appetites with them.

A good deal has been written in the Corner lately about smoking and the present style of dress. I think the smokers are a very small minority, and not a common sight. I have never seen women smoking but twice, and they were summer people of the New York society type.

While I will have to admit I have seen some disgusting and some laughable examples of style on the street, I must say I think women are more healthfully dressed now than they were in the past.

Women's dress always has been an agitated subject from away back thousands of years until now. Don't we read where the prophet Ezekiel thunders "Woe to the women who sew pillows to the armholes and make kerchiefs upon the head?"

Then some hundreds of years later the monk Savononorola preached so strongly about women's adornments that they were moved to throw them on to a big bonfire.

Then cannot most of us remember, 25 or so years ago, the numerous articles appearing in the papers and magazines on the evils of tight lacing, the unhealthfulness of so much drapery to carry around, and the folly of wearing skirts long enough to sweep the streets, and prophesying dire results on the health.

But did all this make the slightest difference in the styles. Not the least. But when it became stylish to wear shorter skirts, the long skirts vanished as by magic. Also when pinched-in waists became unfashionable, the old style corset vanished. So that now a corset is almost as obsolete as a hoop skirt.

So I think that shows that we may not look for an improvement in women's dress or the abolishment of smoking from anything that is written or said against them.

When it becomes unfashionable to smoke, the cigarettes will vanish, and also the drinking.

I am hoping to hear Kentucky Wonder is on the road to health again.

Glad to note the brave spirit Thirty-one is showing. Some years ago Thirty-one spoke about reading C. A. Stephens' books. I also enjoy his writings and have three of the books and would like to inquire if there is another one published now.

One of the sisters spoke about being troubled with small flies on her plants. If she will make a strong soapsuds and put in some kerosene and wash the plants in that, the flies will vanish. I had a fern I am very choice of, as it was given me by a friend who is now gone. It began to look sickly, and I could not discover anything on the leaves, but down on the surface of the dirt were lots of the smallest flies I ever saw. So I washed the fern in the soapy water and sprinkled it wet and it did the work, so now every time they appear I kill them that way. It is simple but effective.

Just one thing more. I wanted to slice some warm brown bread this noon, and it makes a messy knife to do it so I took a piece of string and put it around it, crossed the ends and pulled, and the slices came off even and nice. This is not an original idea but it may be new to some, so I thought I would pass it along.

Well, enough for now. Hoping the sick are improving, and the well remain so.

MAY B. (Club No. 6).

A HARBINGER OF SPRING

Dear Editor and Sisters: It looks very little like spring out this snowy morning, and the air feels less like it. However, gentle spring is on its way. We know, for that infallible sign, the seed catalogue, is with us once more. How they would be missed, if they failed to come, these sure harbingers of spring! More absorbing than the newspapers or the latest magazine, I find them, and reading them is at present my favorite indoor sport.

It takes time to decide on what flowers to get this spring, not because I am going to have so many kinds, but because I have to be content with a few. So in my selection I keep in mind certain requirements. The first is to make good cut flowers. The second, to make a good show in the garden. The third is color. Some flowers each of red, blue, pink and yellow, with plenty of white ones to go with them, or the white I have picked feverfew, it combines so well with others and blooms so profusely all summer, no matter what the weather may be. Even the early frosts do not discourage it. A good companion for it in length of blooming season is the campanula, which will often blossom until December, and is always a cheerful spot of color, either indoors or out.

One flower I intend to have this year, if the cutworms don't get them, is the zinnia. Have never before cared to raise them, but the new varieties are simply irresistible. They are just about perfect as a cut flower and the colorings are gorgeous.

Well everyone should choose the flowers they like best, and, here's hoping that all the sisters have flowers as pretty as mine, and that mine will be perfect.

I would like to suggest that the sisters exchange flower lore more often through the Corner. That is, if you try some flower and find it particularly pleasing, tell about it so others can also try it, or if you find it a disappointment tell us about that also. Perhaps someone else may be able to tell why it proved disappointing. For instance, the last new-to-me flowers I tried were salpriglassis and scabiosa—both a disappointment. Not worth garden room. Would much rather have petunias and bachelor buttons, which they somewhat resemble in form but without their beauty, grace or freedom of bloom.

BETSY BOBBET.

CHOCOLATE CAKE

Dear Social Cornerites. I haven't written for some time so I thought it was about time to begin. Have sent a poem about old fashioned remedies. I can remember when I used to cry and fuss because I used to have to take some terrible doses of medicine and have my chest covered with grease and red flannel.

Chocolate Cake: 2 tablespoons shortening, 2 cups sugar, 2 eggs, 2 cups flour, 2 teaspoons baking powder, 2 1-2 cups milk, 4 squares chocolate, 1-2 teaspoon salt. Cream shortening and sugar together, fold in the egg yolk. Sift flour, baking powder and salt. Add them to the first mixture alternately with the milk. Stir in the chocolate, melted over hot water. Beat the whites of eggs until stiff and fold in last. Bake in greased pan in moderate oven about 45 minutes. Frost with white or cocoanut frosting.

ANDY.

SMOKING AND DRESS AGAIN.

Dear Social Corner Friends: I heartily agree with the good doctor who told his wife that she ought to be thankful that he did not smoke.

Probably like other doctors and nurses he had been often exasperated by the selfishness of the men smoking in the sick room where patients and infants require pure fresh air uncontaminated with tobacco smoke.

Almost all the men in our family were bitterly opposed to the habit of smoking. The few exceptions happened to be inveterate smokers, utterly selfish about it and they seemed to think that no one had any right to be annoyed with the odor of smoke everywhere at all times. I just naturally do object to anyone smoking. There is not a single good reason in favor of its use. It is an expensive habit and sure to cause more or less injury to the individual indulging.

Smokers' heart and many cases of the throat and mouth have been said to have been started by the irritation of nicotine poison.

Far from being a comfort to any one a smoker seems so uncomfortable always and in haste to get away from any place or company where he cannot indulge in his habit. My friend said: "If only Ned did not smoke he is always smoking at home and is careless and has set the couch cover and rugs on fire several times, and is never willing to hold the baby or help—because he wants to enjoy his smoking."

I have never seen a woman or girl smoking; and I think that Naomi gave a fine answer to that side of the subject in her excellent letter last week.

I do like becomingly short dresses. Because they are light and easy to get around in and certainly more economical than those containing many yards of cloth that we used to wear. And how perfectly absurd were the bustles, trained street dresses and enormous sleeves that were once the fashion.

I think women were never as well dressed as at the present time. A dress should be wide enough and long enough to be well proportioned and graceful and becoming to the wearer.

I do not like the extremely short dresses of small girls because they give the child an awkward look.

Why not use one's own common sense and reason about habits and fashions. MARJORY.

IN PRAISE OF YOUNG GIRLS.

Dear Social Corner: I would like to say a few words in praise of the young girls of today. Where there are a few tough girls, I'll say there are a great many real ladies among them. I find they are courteous and lovable. I like the way they dress. Once in a while their dress is rather short, but you will find worse things than that. I come in contact with numbers of girls every day and not one of them smokes or comports herself in an unseemly manner. A great many deplore the "yes mam" and "no mam" of bygone years. Today it is Ayes or "no" in such a pretty way that I like it. I have no daughters of my own, but two fine daughters-in-law, and I never say to them in "my time we did so and so." I try to enter into their good times, and I like to see them up to date. And they like to have me the same way. If my dress is longer than the prevailing style one of them will say, "What's the matter mother, that dress doesn't look right?" I'll say, "Remember I am an old woman." But they won't have it, so I think if we mothers try to be as gentle and good mannered as we wish them to be instead of finding fault all the time, they are bound to profit by it. Enter into the joys of your children. Do not make them afraid to come to you in their sorrow or trouble. CADY.

CIGARETTES AND SHORT SKIRTS

Dear Social Corner Members: I think it is my turn to write a letter to the column for I enjoy the letters so much, and stop my work Saturday mornings to read the letters written by Club No. 4 members. Then when my work is finished I read all the rest. I have met some very nice and sociable people at your meetings, although I have been able to go to but three of them. I wish we could have another one up here in Putnam.

I see there is quite a bit of talk going on about cigarette smoking among women, and wearing such short skirts. Well for cigarette smoking I think it looks bad to see a woman smoking. What must a little kiddie think watching its mother smoking! As for short skirts I think there is a "happy medium." I don't like to see a grown up woman or a fat one with short skirts. I also think the young girls wear theirs too short. I have five girls and when I remonstrate they say "Why we would be old-fashioned, they all wear them that way."

Avon: Hurry up and get well, we miss you; and see all the good times you are missing. It will soon be good weather then you will be all right.

LOTUS (Club 4.)

THE HEIGHT OF THE RIDICULOUS

Dear Editor and Social Corner: It is a long time since I have written to the Corner but as I like to read the letters perhaps I ought to contribute my bit, which I do not think will be as interesting as some. I have enjoyed reading about the modern styles of dress and will say that I think the short skirts and bobbed hair are very pretty and becoming to those who should wear them. Women of questionable age and with broomsticks or elephant's legs are not expected to keep up with the styles, and their appearance when so doing is ridiculous to say the least. Imagine a red-faced dame puffing along with bow legs supporting two or three hundred pounds with dress of youthful length, her silvered locks bobbed and you have a picture that would do justice to a comic almanac. If this should fail of being sufficient, place a cigarette in her mouth with fire at one end, her lips at the other and say, "Well, the fools are not all dead yet." Hope there will be some more letters on these subjects as they are the most thought of, and talked about, of anything at the present time. Must stop now wishing all health and happiness.

LOUISE.

ANSWERING THE ROLL CALL

Dear Editor and Social Corner Sisters: It has been a long while since I have written to the Corner so thought I would just write a few lines to answer the roll call this year.

This year has not been a very bright one as yet for me but as the days go along I live in hopes of seeing brighter ones.

The radio in my home gives me a lot of pleasure and takes up the lonely sad hours.

My sympathy extended to all in sickness and trouble and may they all soon be on the road to recovery for there seems to be a lot of it now.

Last month I went over to the Corner to dinner but could not stay long.

This month I was able to make a longer visit and do a little bit towards helping with the dinner but had to

break away after dinner as I have sickness in the hospital.

AUNT MARY JANE (Club 2.)

THE SIGN OF PISCES

Dear Editor and Friends: Here we are sailing along in space and just entering the Sign Pisces (The fishes) which is in the 12th month of the Zodiac. Pisces begins about February 18th and ends March 20th, every year. This sign represents the feet in the human body and Neptune is the ruling planet. Pisces is the negative pole of the water element attraction, and governs the emotions. People born in this period of time are usually restless, fond of sea, voyaging and travel by land. The natural professions are equipture, mechanics and trade. The colors are gray, emerald-green, pink, white and black. The favorite gem is amethyst.

Pisces people are of two types. One possessing fine, straight figure, wide-awake piercing eyes, elastic step, square jaw. The other types are apt to be round shouldered, sleepy of eye, full face, slow of motion, nervous, troubled by indigestion and troubled with the feet and legs. Pisces people usually have better vibration for business and health from November 12th to 19th, and from August 5th to 12th.

Noted persons born in Sign Pisces: Voltaire, Joseph Jefferson (actor); Cardinal Newma; James Russell Lowell; George Washington; Bishop John H. Vincent (M. E. church); Camille Flammarion; William F. Cody (Buffalo Bill); Victor Hugo; H. W. Longfellow; Ellen Terry (actress); Chopin; St. Gaudens (sculptor); Pope Leo XIII; George M. Pullman (capitalist); Alex Graham Bell; Gen. Phillip H. Sheridan; Elij. B. Browning (author); Rufus Blanchard (pioneer map maker); Americus Vespucius; Lillie Langtry; Andrew Jackson; James Madison; Dr. Ephram Epstein; Grover Cleveland; William Jennings Bryan; Bach (composer).

Well: I guess that list is long enough. Let's talk about something else.

It does our heart good to see a full page. Keep your pens hustling, some body spoke of hobbies. At one time I used to like to collect view post cards. At another time it was unusual postage stamps. Still again I was wild over different sorts of cream pitchers. I had a neighbor who had a valuable collection of all sorts and conditions of china pitchers—hundreds of them, all different.

I have a few but never expect to have such a collection as she had. Another lady had a collection of sea shells. They are most interesting and beautiful. We had a fad one time of collecting cups and saucers. Some were so thin, like tissue paper. My aunt had a collection of rare bric-a-brac or pottery. Some one else had a fad for collecting unique bottles. If one has cases with glass doors, in which to keep collections they are much less of a burden to keep clean. Another lady collected fans and another friend collected foreign coins and ribbons of intricate designs. Then the cross-word puzzles came along and how we did fume and fret over those words we could not make to fit the spaces. Now it is limericks and memories of ancient days. Well, while we are wasting our time at these simple brain twisters we avoid getting mixed up in law suits, etc. So that's that.

Cally Lilly: Am hoping to see you at the March meeting. Hope my rheumatism is better by that time.

To the lady with asthma—use boat's milk for a cure.

Bella Dee: Here's another for four epitaph collection from St. Joseph's burial ground, Roxbury:

"Here lies my two children, dear,
One in Ireland, the other here."

Here's a limerick four years old:

"To inaugurate the new president
They planned great pomp, it is said,
Till he sent them a note in which he wrote:
'Let us have poise, not noise, instead.'"

HAD ENJOYABLE MEETING

Dear Social Cornerites: I think Club 6 must be resting this winter, as so few of them are writing. I know that many of them are sick, or have been, but I hope every one of them is better now. We had a good crowd, a good day and a good dinner yesterday at Stonington, a rather hard place to serve dinner, but did very nicely. Both Beers and Mrs. Farmer worked hard and American Girl entertained us in her usual fine way. I am a very busy person and if I hear of any way to do my work quicker or easier I always try it and get it done just the best way possible.

Last week I attended a food and cooking demonstration given by Mrs. Marion E. Dakin and learned that when making apple pies never to peel the apples. It sure saves time and they are much better and the family will never know the difference. Try it once, everybody, and I am sure you will like it, and write a letter to the Corner with the time saved as I am doing. Have finished all my sewing and am going to do some furniture varnishing and painting, for it will soon be spring and chicken time.

Best wishes for everyone.

MILKY WAY.

LOOKING BACKWARD

Editor and Social Corner Readers: While entertaining friends from New Haven and North Haven last summer, it was proposed that we take an auto trip over the state road through Scotland, over the hills to Westminster and beyond. Reaching Westminster, our first stop was at the Spicer homestead.

My thoughts went back to when I was 6 years old, when of a Saturday I was mounted on the back of the old farm horse Fan and hastened away to the postoffice for the weekly mail for ourselves and neighbors. With the side saddle (made particularly for women) adjusted and securely buckled I was off, hastening old Fan with a switch, to get to the office as quick as possible, for the afternoon was bitter cold, and again to get to the office before it was moved. It was a migratory postoffice, and was liable to be moved at any time. When I arrived I found the office where it was the Saturday before. Hitching the old nag to the stone post, I went in and there was a rousing fire in the open fireplace and the postmaster, Peter, whose surname was Spicer, was dozing in his chair. He was just in from his wagon shop, down on the South road, and was warming before the fire. Arousing him from his nap, I inquired if there was any mail for my folks and the neighbors.

Adjusting his spectacles, he shambled along to the desk, a piece of furniture about six feet long, with pigeon holes on top, alphabetically arranged. Looking in the place bearing the letter of our family name, he takes out several letters. Among them he finds one for father from a sister in Vermont, one for mother from a brother in Rhode Island, and one bearing postmark of Washington, D. C., my grandmother's pension papers. Lifting up the cover of the desk, he finds among other papers and packages the Norwich Weekly Courier and the Boston True Flag. While Mr. Spicer was looking for the mail I got well warmed and with the mail tied in a bundle I was ready for a cold ride when Mrs. Spicer came in from the kitchen with a pan of doughnuts, smoking hot, telling me to help myself and sit by the fire while she fixed for me a cup of hot coffee to keep me warm on my ride home.

Early in the springtime the office was moved to the old gambrel-roofed house under the hill, to the home of Mr. Deming.

In the next few years it had seven or more places of abods, the last, if I remember, was at the home of Mrs. Corey.

Leaving the old Spicer homestead, we pass on a few rods and come to where once stood the Waterman Brown wagon shop (burned down many years ago), where more than 60 years ago was employed 20 or 25 skilled workmen in the various departments in the manufacture of all kinds of wheeled vehicles and sleighs, made from the best of timber; hand made. There were no weak places or parts, and, like the deacon's "one-hoss shay," never would wear out.

Here my thoughts go back to the Fremont and Buchanan presidential campaign. I was then 10 years old but well remember the campaign and the election of Buchanan, also the celebration in front of Brown's wagon shop. A small but very noisy cannon was secured and brought out on to a triangular piece of ground near the shop, where were congregated the citizens of democratic faith to celebrate Buchanan's election.

Ezra Bill was chief gunner and Orin Franklin was chief gunner's mate. After firing the cannon several times, either from improper swabbing the gun or carelessness of the gunner's mate who was thumbing the vent, the cannon was prematurely discharged while Bill was ramming home the charge of powder, green grass and turf, resulting in terribly mangling Bill's arm and hand, blinding him in one eye and filling his face with powder. Franklin's face was badly burned and filled with powder marks which he carried as long as he lived. This mishap put an end to the celebration. First aid was given Bill to stay the flow of blood. A driver and fast horse was dispatched for Norwich to summon Dr. John Fuller, then a noted surgeon, who as fast as a horse could carry him arrived in time to save Bill's life. By daily attendance and careful nursing for months, his life was saved, but he always had a crippled arm and hand. Slowly and surely he became totally blind. His last occupation was in the manufacture and sale of brooms on the streets of Norwich.

When visiting Westminster I often spent some time in Brown's paint shop. No one of the workmen in the shop were more proficient in his work than was James Randsom, the painter. He was as often called or spoken of as Painter as Randsom. I have stood by and watched him in his work and wonder how he could draw so fine and straight a line with brush, without even a rule or guide. Not a waver or wide part in a line. At fancy striping with crooks and turns and fancy lettering he could not be excelled. Not only was he skilled in painting but as a debater in a debating school he was listened to with marked attention. No matter what the question, he handled it interestingly; his arguments being sound and convincing.

Often have I, when a schoolboy listened to him in a debate at the old red schoolhouse at Gay Head, where were held, monthly, evening debates in the winter time. The house was always filled when it was known that Mr. Randsom was to be a disputant. He was a great reader and thinker and blessed with a retentive memory.

MESSAGES FOR MANY

Dear Members of the Corner: What a nice full page we had last Saturday. It makes us feel we must all do our bit to help keep it up.

Rural Delivery: Yours received and wish to thank you for the pretty card. The poem is very pretty. I've often see the title, but it's the first time I have been able to see the whole poem. The picture is lovely.

Lady Lou: You sure gave me a big "sweet" surprise. Many thanks for the same, and glad you liked the tiny bat.

American Girl: I will say I thank you for your letter, also for the articles you sent me. It was very kind of you to do so. I am sending you a letter which you may receive before you read this.

E. L. M.: Could you find out anything about the cup? I have not as yet, so guess I must get my thinking cap working.

Joan: Your letter received o. k. I will write you just as soon as I find time and answer the questions you ask.

L. T. H.: I have a pretty picture of "Mike" I shall send you in the next letter. I think it is one you will hustle off to the 5 and 10 and get a frame for. It is one that does good justice.

LIKED DR. TWOMEY'S SERMONS

Dear Social Corner Friends: Well, here I am again to try and do my bit helping to fill the page which I do enjoy reading every week.

I wonder how many of the Corner sisters took in Rev. M. J. Twomey's of Newark, N. J., sermons at the Central Baptist last week.

I attended all and the most interesting one was: "The Old Doorways."

How many mornings when going to my work have I turned back to see my mother standing in the doorway watching me out of sight. And nights on my return she was there to greet me with a smile and say, "You must be tired."

But at last one night I came from work but no mother was in the doorway. All was silent and still when I went in. There lay my mother, very ill. She never rose again. She had gone to God's doorway which stands open to all.

The house is closed, the doors are all locked and since mother passed away there have been six who followed her with)n two years. There is no one to greet me now when I go to the door but strangers and friends in The Old Doorway.

Best wishes to all sick and shut-ins.

ARTIFICIAL FLOWERS

APPROVES OF THRIFT

Dear Social Corner Members: I am glad to see so many letters every Saturday. Will try and do my part to help out.

I read Capricon's letter and surely think it very true why so many have no money saved these days.

I was very sorry to hear of the death of "White Dawn" a member of our Corner. My sympathy goes to those left to mourn her loss, especially those little ones without a mother!

Palla: You sure do have some time with your pets. I am glad "Pal" helps you out. Hope you can call some afternoon. Be sure and bring your patch work or else your little "fellows" suits you are making. Now whose guessing?

Hope those shut-ins are improving this nice weather.

EARLY BLUE BELL

ROUGH ROADS

Dear Editor and Friends: It is some time since I have written. The weather is fine. I took a trip up in Connecticut yesterday, and oh my sakes I thought I was taking my last ride. The roads are just awful. We broke some parts of our car and we did not know if we would have any part of it left or not. No more rides up there until the good Lord makes the roads better for I see men don't work them.

Nonesopretty: Don't look for us for two months yet. Perhaps the roads may be better by that time.

Velvie: Don't look for us yet. You ought to live on a state road but they are some rough.

Providence Rose: How are you and the folks. Well, I hope the good Lord will soon fix the roads for I like to take a trip in the country. Hope the sick are better.

LIKES TO SEE VITAL TOPICS DISCUSSED

Dear Editor and Cornerites: Although I have not been a writer for the Social Corner I am very much interested in it. It is and can be most helpful.

It is like one large family where we can meet and just have a social hour together, and feel we have been helpful one to another.

I am glad to see so many touch on very vital topics—one, the cigarettes, which is so very injurious. How any woman or girl can degrade herself so much as to smoke I cannot understand. I do not think anyone can admire or respect such a one. It is injurious to the health, it dulls the mind and wastes the money.

Now let me tell you of one instance which came under my observation.

A young man, an only son, of pleasing manner, had a good position and fine prospects, but he formed the cigarette habit. Now he is a complete wreck and no chance for recovery; his life is blasted.

One principal of an academy says: "Tobacco is the bane of our schools and colleges. Teachers who have given any attention to the matter agree that students go down under its use in scholarship, in self respect, in self control. It takes off the fine edge of the mind, injures the manners and dulls the moral senses."

What kind of a mother can it be that will smoke before her children, or how can a wife or sister encourage such a very injurious habit! It is a serious outlook for the coming generation.

Let us bring to the Corner all our best and most helpful thoughts.

With best wishes to all.

JOSIE.

REGRETS

Dear Editor Social Corner: It is with regret that we read of the death of our sister White Dawn, Mrs. Sybil R. DeGrenier. We extend our sympathy to her family.

NEW HOME OF NEW LONDON ELKS TO BE DEDICATED THIS EVENING

(Special to The Bulletin)

NEW LONDON, Feb. 22—Tomorrow night the new Elks' home in Washington street will be dedicated with all due ceremony. The affair will start with a banquet at the Hotel Mohican at which Grand Exalted Ruler Murray Hulbert will be the guest of honor. Following the banquet members of the fraternity will assemble in their new home and witness a two hour program of entertainment. Every effort has been made to make this entertainment the best ever, and some of the leading vaudeville artists of the country has been engaged. It is estimated that at least a thousand persons from this and other Connecticut cities will be present at the affair. Today all the new furnishings in the Elks' home were installed. Effort was made during the past week to have the work completed in time for the dedication ceremonies tomorrow night and much gratification is expressed over the fact that this has been accomplished.

The trawler Curley arrived at the plant of the Atlantic Fisheries Co. this morning with a catch of 60,000 pounds of fish. The boat was covered with a heavy coating of snow and members of the crew stated that they were overdue owing to the fact that they had to fight a blinding snow storm most of the way from the fishing grounds to this port.

Members of the seventh grade of the Harbour school carried out an interesting Washington birthday program yesterday. Patriotic songs and recitations were given. Many parents of those taking part in the entertainment were present.

Addressed Epworth League

Tonight the Mohegan circuit of the Epworth league held a banquet in the Methodist Episcopal church. After the league supper the principal speaker was Rev. F. J. Creegar, pastor of the Methodist church at Hazardville.

Going To Los Angeles

Word has reached this city that Mr. and Mrs. James P. Sullivan of Hillside Road who are spending a vacation in California, plan to leave the extreme southern part of the state for Los Angeles son and will leave that city for a return trip on March 4.

Last night members of Orient Rebekah lodge held a short business session in Odd Fellows hall.

Circle No. 10 of the First Baptist church was entertained at Lyric hall last night by Mr. and Mrs. John Bliven. Dancing and games were enjoyed following which refreshments were served.

Fun and Feast for Firemen

The Pequot Hose company last night played host to firemen of this city and Groton who have taken the firemenship course in New London. The affair was held in the fire house in Lower Boulevard and about 200 persons were present. An elaborate program of entertainment, including a boxing program which was arranged through the courtesy of Boxing Commissioner Thomas E. Donohue, was a feature. At the conclusion of the entertainment there was a delicious clam chowder supper.

Today hundreds of men were busy clearing snow from the city streets, the work being greatly delayed by the absence of a sufficient number of trucks to keep them busy.

Miss Grace Arms, 51, Glenwood park, injured several days ago in an automobile accident, was able to leave Lawrence-Memorial hospital today and return to her home. Other patients discharged were Miss Lillian McKnight, Essex, Miss Edarbara Stow, East Lyme; Miss Ella Faulkner, Groton, Gertell Taber, Noank.

At a meeting of the board of directors of New London chapter of Hadassah held last night at the home of Mrs. Benjamin Kaplan, vice president of the organization, plans were made for the holding of the Purim ball which is to be staged next month in the Hotel Mohican. At the meeting the board voted to donate $50 towards the Palestine supplies department for the purchase of hospital linens.

Miss Hester B. Crutcher, of the Connecticut Mental Hygiene society gave an interesting adress last night at the Y. W. C. A. The talk was given for the purpose of interesting the board in adopting a course of study in this subject at the institution.

Miss Edith Quinn entertained a group of friends last night at the Golden street skating rink.

Miss Ann Dexter was given a surprise shower at her home at Poquonoc bridge last night, in anticipation of her marriage with Louis J. Gonnell of Groton.

Around 10 o'clock last night Patrolman E. R. Riordan reported that the oor to the store of Cutler's Inc., at 234 State street was found opened. After failing to get in touch with the manager he made temporary fastening.

The door to the Tracy Book shop at 7 Tilley street was discovered unlocked last night by Patrolman John Clifford.

Anthony L. Lelviero of 32 Willetts avenue was arrested last night by Sergeant Murphy and Patrolman E. R. Riordan when he was discovered peeping through the window of a home. Upon being taken to the police station he was released on a bond of $25.

This afternoon Anthony DeGranus of 28 Ocean avenue reported that while turning the corner at Broad and Hempstead streets his auto struck the silent policeman and damaged it. No action has been taken in the matter.

WANT EXPERIENCED COPS RETAINED AT CORNER

(Special to The Bulletin)

NEW LONDON, Feb. 22—It is understood that the manager of Castleberg Inc., over the F. W. Woolworth store is circulating a petition requesting the police department to permit Frank Linehan and Clyde Murphy, patrolmen, to remain on duty as traffic officers at the corner of Main and State streets when the three platoon system goes into effect. The new system automatically would bring new policemen to the corner at regular intervals and the petition argues that these could not be as efficient as those who have had experience with traffic there.

ALUMNAES WEEK END EVENTS AT CONN. COLLEGE

(Special to The Bulletin)

NEW LONDON, Feb. 22—It is estimated that 106 alumnae of Connecticut college will attend the annual Alumnae week end events which begin tomorrow. The first feature will be a meeting of the Winthrop scholars, which will be held in Palmer hall tomorrow morning. Preceding the luncheon for all alumnae the unveiling of the portrait of Professor Mary Elizabeth Holmes will take place. At the banquet all colleagues of Dr. Holmes will be present, as well as members of the alumnae.

JIBBOOM CLUB MEMBERS GIVE UP THEIR PARADE

(Special to The Bulletin)

NEW LONDON, Feb. 22—Owing to weather conditions the parade scheduled for members of the Jibboom club for today was postponed. However, 11:20 o'clock members marched from the club rooms on Bank street to the Union lodge rooms where the annual banquet was held. After the banquet a varied program of entertainment was carried out.

Lieut. John E. Maher, of 120 Vauxhall street, engineering officer of U. S. S. Trenton, is speeding towards China, as a result of the recent disturbances there. The government has ordered the craft to report immediately in that country.

The fight between Attorney J. James Floyd and Frederick L. Schofield, of Quaker Hill for the office of judge of the town of Waterford still rages and each faction is predicting a victory. Both men have strong backing and it is difficult to foretell who will win out in the scrimmage which is attracting wide attention.

When Groton chamber of commerce held a banquet last night in Odd Fellows hall and more than 150 guests were present, the principal speakers were Rabbi Gabriel Schulman of New York and Rev. James B. Dingwell of Pawtucket, R. I. After a turkey dinner, many matters of current interest to the borough were discussed. Judge Cornelius Costello was toastmaster. During the latter part of the evening a program of entertainment was provided.

DR. C. F. FERRIN WEDS, YET NOTHING SAID OF DIVORCE

(Special to The Bulletin)

NEW LONDON, Feb. 22—Dr. Carlisle F. Ferrin, for years a practicing physician in this city, has cast off one wife and taken unto himself another. The first Mrs. Ferrin was Blanche Eggleston, daughter of the late Julius T. Eggleston, formerly the leading crockery dealer in this city, and a leader in the local republican party. The second Mrs. Ferrin was Winifred B. Douglass, widow of William Douglass, who died here a few years ago. The doctor is understood to have been her physician, and she was his close friend, in fact soul-mate. The second marriage was something of a surprise to New London people, who were not aware that Dr. Ferrin was eligible to marriage, in that no knowledge of his divorce had reached here. It was not believed that he would become a bigamist, hence the surprise at the information revealed today. Dr. Ferrin and the former Mrs. Douglass were married Saturday, Feb. 15 by Rev. Brewster Adams at Reno, Nevada, where the couple have been residents some months. Governor and Mrs. Balzar were among the wedding guests and were later guests at a dinner at Tahoe tavern, at Lake Tahoe. Sunday the doctor and his bride were guests of the San Francisco Elks who were at the lake over the week end for the winter sports. Dr. and Mrs. Ferrin are to pass their honeymoon in San Francisco where they have acquaintances. Dr. Ferrin is understood to have brought suit for divorce from his first wife in Reno and he also brought an action for the recovery of a fine residence here, corner Jay and Huntington streets, where he had long resided, claiming that the property belonged to him, but that he had for personal reasons transferred it to his wife. It is also reported that he settled upon the former wife the sum of $10,000, whether to avoid resistance to his suit for divorce is not known.

Lawyers interested in the case either for Mrs. Ferrin No. 1 or for Mrs. Ferrin No. 2 refuse to reveal the terms of settlement of the action brought for the transfer of the Huntington street property in this city or as to the money payment, and say that the matter is still in process of settlement. The information of the second marriage seems to indicate that a settlement has been made and that both Dr. Ferrin and his first wife were parties to the agreement. It is said that before going to Reno Mrs. Douglass had spent the winter in California. By the death of a relative the past year Mrs. Douglass "she that was"—came into considerable money and its receipt, matters in the heart-affair between the widow and Dr. Ferrin seemed to come to a head. Their interest in each other had long been town talk and their love-making had been carried on openly. Although the physician and his wife occupied the big brown residence on Huntington street, it was understood that their relations were very much strained and had been so for some time. Now the sword of Damocles has fallen in the announcement of the Reno wedlock—and there need be no further speculation as to what is likely to happen or not to happen, in the domestic triangle.

The illustrious order of the Red Cross was exemplified by Eminent Commander George S. Gadbois and his staff of Palestine commandery at a meeting held tonight in Brainard Masonic temple. Preceding the degree work a short business session was held.

Sophomore Class Wins

At the seventh annual Potpourri held at Bulkeley school last night the sophomore class play won the silver trophy for the third consecutive time. The prize winning play was entitled A Master Salesman and was presented Wednesday evening in the auditorium. The leading part was played by Charles Brown.

Samuel Tannenbaum, proprietor of a dry goods store in Bank street, has filed a voluntary petition in bankruptcy. His assets are $6,000 and liabilities $4,346.10. A meeting of his creditors will be held March 4.

City Court Opens at 8:30

Acting Prosecuting Attorney Max Boyer announced today that until further notice the police court would convene at 8:30 in the morning instead of at 9:30. Officials of the department have been advised of the change and all patrolmen have been notified to have their cases prepared not later than 8:15 a. m. each day.

Snow Not Removed

Many sidewalks of the city have not been cleared of the snow which fell yesterday. Property owners seem to be neglectful of the ordinance which requires them to remove snow within a certain period after it falls. Crossings in most places of the city, too, are in bad condition.

NEW SHOE STORE TO OPEN THIS MORNING

The new Chandler chain shoe store in the Wauregan hotel building at the corner of Main street and Broadway will be opened for business this (Saturday) morning and will carry a line of the latest and most corrective styles of footwear. The store is equipped with every modern convenience for the service of patrons of Norwich and vicinity and is one of the most attractive of its kind locally.

In place of the small windows that took up the corner in the past are large plate glass windows that will provide a most adequate display and the interior of the place is handsomely done in gum wood. The store, which is well furnished, will specialize in men's and women's footwear of all sizes and widths, featured at $5 and $6, and within two weeks' time the nationally known line of Drew's Arch Rest shoes for women at a retail price of $8.50 and $10 will be installed.

As one of the opening features the store will introduce a separate line of hosiery at $1 a pair, or a fraction of their value. The stockings are of 42 gauge sheer silk and every pair is correct. The shades are those best suited for the spring wear. Officials of the chain who were on hand yesterday to supervise the installation of fixtures and the general cleaning up were very enthusiastic over the prospects of the opening today and are confident that the buying public of Norwich will appreciate the courteous and valuable service for which the Chandler chain is noted throughout New England.

Breed Theater

Are women "man-made?" Do girls shape their personality and appearance to conform to the wishes of men?

If one believes Ernest Pascal, novelist, women are just what men want them to be. With this theme providing the basis for his plot, Pascal wrote a novel entitled "Man-Made Women," which has been filmed by Pathe-DeMille, with Leatrice Joy in the stellar role. It will be seen at the Breed theatre Sunday, Monday and Tuesday.

"Woman's all-important purpose in life is to win and hold the regard of man," remarked Pascal, author of such best-sellers as "The Dark Swan," "Hell's Highroad," and "The Marriage Bed." In their efforts to gain masculine favor, they act, dress and live to suit the taste of the masculine world. Close study reveals that changing fashions may be attributed to changing tastes on the part of men. The modern girl would not have been approved by the man of 1910 The women of that time were different because men wished them to be as they were."

"Man-Made Women," in which H. B. Warner, John Boles and Senna Owen are featured in Miss Joy's support, brings out Pascal's theory in a delightful story of New York's upper social strata. Alice D. G. Miller wrote the scenario, while Paul L. Stein directed the feature under the supervision of Ralph Block.

Broadway Theater.

Anne Nichols' famous stage play, "Abie's Irish Rose" has been transplanted to the screen by Paramount and equipped with Quality Sound, featuring four important sequences with talking. A beautiful musical score has been prepared for the picture by J. S. Zamecnik.

The picture opens at the Broadway theater tomorrow, for a four day engagement.

Charles "Buddy" Rogers, Nancy Carroll, Jean Hersholt and J. Farrell MacDonald carry the important roles with a superb supporting cast also featured including Ida Kramer and Bernard Gorcey who appeared in the original stage show in its remarkable run of five and one-half years in New York.

The story of "Abie's Irish Rose," is one of tremendous theme, according to Miss Nichols, the author and producer of the play, and who personally supervised the filming of the picture at the Paramount studios at Hollywood.

"Abie's Irish Rose" is not a farce comedy, nor is it a heavy drama. It is a cross between the two, a cross section of life itself, told in a series of dramatic scenes, to which a touch of comedy lightness has been added occasionally.

The four talking sequences are features of the production that will long be remembered. Nancy Carroll's singing and dancing, with "Buddy" Rogers at the piano is one of the headlights of the production. Jean Hersholt, in an intense dramatic sequence, will startle one with his emotional acting.

Owing to the length of the program the evening performance stars promptly at 6.30 p. m. Doors open at 6 p. m. Second showing at 8.45. Matinees as usual at 2.15 p. m. This is done for the comfort and convenience of Broadway patrons and to avoid crowding.

Palace Theater.

The excellent vaudeville program which comes to a close today is headed by Larry Reilley's Gambols, a beautiful singing and dancing revue which contains some marvelous talent. Carney and Jean, the King and Queen of Hokum, Webster and Marshall, in a fast stepping skit entitled the Long, Long Trail, Singer and Lightner in some red hot songs and in the number one spot, Al Libby and Co., in cycling around.

"Stool Pigeon," the Columbia production at the Palace theater, is an intriguing drama of a youth who longs to go straight but because of environment and associates is forced to take the crooked path. The theme affords many tense situations and presents a phase of gang life that is new to the screen.

The human side of the crook is stressed—his home life, his regard for his mother and his love for his sweetheart. The great lengths to which gangsters will go in order to shield those they love from disgrace is presented by a dynamic cast against colorful and unusual backgrounds.

David Graham Phillips was one of America's most famous novelists and, in "The Grain of Dust," his sensational story delineating a man's struggle against the allure of the wrong woman, he has dramatically set forth problems of the world, the supremacy of sex over the other basic instincts, it is a theme so fraught with drama that any serious presentation of it would be interesting, and the picturized version which Tiffany-Stahl has produced and which is showing tomorrow at the Palace theater has in addition to its absorbing plot, a more than ordinarily intelligent cast and George Archainbaud's splendid direction.

Co-feature, "Grit Wins," a Universal western, proves two things. One is that the Universal Pictures corporation are the makers of the best western pictures produced, and the other is that Ted Wells, popular star of the production, is one of the best western stars appearing on the screen today.

Wells again proved his right to the title of the screen's greatest thrill ridden by the excellent performance in "Grit Wins." A demon on horseback, Wells literally tore through scene after scene, galloping madly down steep cliffs with an utter disregard for life and limb.

Moving Pictures At Y. M. C. A. Sunday.

In keeping with the spirit of this particular period when we are thinking of Lincoln and Washington, the Y. M. C. A. management has secured interesting patriotic moving pictures for the coming Sunday when the service will be held in the large gymnasium of the "Y" building at 3.30 p. m.

The pictures will include, "America, Canaan of all Nations," also "Presidents of the United States," and "The Revolutionary Period."

In these days when there is in some quarters a lack of that lofty patritism that is not healty to a country, we need to remind ourselves of what America is and what we owe to her welfare.

To this meeting the adult public is especially invited, and boys and girls 14 and over will be admitted.

There will be a brief talk in keeping with the pictures and Hugh Kinder will furnish the music.

POETRY

A Little Brother of the Rich.

To put on new shingles on old roofs;
To give old women wadded skirts;
To treat pneumonitory coughs
With seasonable flannel shirts;
To soothe the stings of poverty
And keep the jackal from the door—
These are the works that accompany
The Little Sister of the Poor.

She carries everywhere the goes,
Kind words and chickens, jams and
Politics for corporeal woes,
And sympathy for downcast souls:
Her current jelly, her quinine,
The tips of fever move to bless
She makes the humble sick-room shine
With unaccustomed tidiness.

A heart of here the instant twin
And vivid counterpart is mine;
I also serve my fellow-men,
Though in a somewhat different line.
The Poor and their concerns she has
Monopolized, because of which
It falls to me to labor as
A Little Brother of the Rich.

For their sake at no sacrifice
Does my devoted spirit quail;
I give their horses exercise;
As ballast on their yachts I sail,
Upon their tallyhos I ride
And brave the chances of a storm;
I even use my own inside
To keep their wine and victuals warm.

Those whom we strive to benefit
Dear to our hearts soon grow to be;
I love my Rich, and I admit
That they are very good to me.
Succor the Poor, my sisters—I,
While heaven shall still vouchsafe me health,
Will strive to share and mollify
The trials of abounding wealth.

—Edward Sandford Martin.

The Sampler.

It hangs upon the wall beside my bed—
A curious pattern in embroidery
Wrought by my great-grandmother's silken thread.
And come at last down through the years to me.
A blend of pink and purple, gold and green,
In nosegays where the strangest brown bees lurk;
Verses of hymns with arabesques between,
And in the center "Sarah Jane: Her Work."

And every morning when those stitches bless
My opening eyes, I fancy she is there—
That slender, sober child in Quaker dress—
Intent upon her task to make it fair,
And as I doff my tufted counterpane,
I lean to whisper, "Thank you, Sarah Jane!"

—Anne Lloyd, in "Antiques and Amber."

Changing of the feminine mind in regard to bobbed hair has caused 200 Detroit barber shops to close in the last eight months, according to Fred Miller, secretary of the Master Barbers' association, there. Times when grandmothers and debutantes, young married women and high school girls crowded men out of barber shops are fast passing, Miller said. Now 75 per cent of Detroit women are allowing their hair to grow long, E. E. Gist, owner of a chain of barber shops, asserted. All this was a prelude to Miller's announcement that prices for haircuts and shaves would advance soon. Haircuts will be 65 cents instead of 50 cents and shaves will advance 10 cents to 35 cents.

GREENEVILLE

Thursday night at the home of Mrs. Andrew Boyens on Hedge avenue, the K. E. Sewing class, of Auxiliary No. 18, A. O. A., held a social meeting which took the form of a shower for Mrs. Marguerite Shea, who has been a very active member during the past year and whose piano solos have been a source of pleasure to the club. Mrs. Boyens and Mrs. May Sabourin arranged the shower which was a great surprise to Mrs. Shea, who thanked the members in a heartfelt way. The rooms were prettily decorated in pink and white for the occasion. The hostess served lunch consisting of chicken sandwiches, cakes and coffee. Mrs. Boyens was assisted in serving by Mrs. Alida Boyens, Mrs. Julia Shea and Mrs. Sabourin, while little Miss Geraldine Sullivan passed plates. The evening proved a most enjoyable one for the class members.

Leslie Carroll, a student at Fordham university, is spending the holiday at the home of his grandmother, Mrs. John Carroll on Prospect street.

The Greeneville W. M. Sewing circle held their weekly meeting Friday evening at the home of Mrs. Thomas Harrington with a large attendance. The first period of the evening was devoted to sewing of fancy articles, followed by a social hour. Refreshments were served by the hostess, assisted by Mrs. Harry Richmond and Mrs. Alvin Barrows, which consisted of assorted sandwiches, cakes, cookies, fruits, candies and hot chocolate. Piano and vocal solos were rendered during the evening. A color scheme of pink and white was used. The club will hold the weekly meeting next Friday evening at the home of Mrs. William Day on Boswell avenue.

In observance of Washington's birthday, many of the local factories were closed owing to the holidays. Many flags were displayed.

Miss Mary Roberts, a student at the Willimantic state normal school, is spending the week end at the home of her parents, Mr. and Mrs. George Roberts on Prospect street.

Miss Jennie Suplicki, a student at Willimantic state normal school is at the home of her parents, Mr. and Mrs. Frank Suplicki, Golden street, for the week end.

G. E. PITCHER ASKS 36 QUESTIONS REGARDING G. AND E. DEPARTMENT

Thirty-six questions, regarding the operation of the city's gas and electric department, have been sent by George E. Pitcher, to Aibert E. Boardman, chairman of the fact finding committee appointed last November, to investigate and report on the present schedule of electric rates. The fact finding committee is now completing its report and will submit it at a special city meeting next Wednesday evening.

Accompanying the long list of questions sent by Mr. Pitcher, to the fact finding committee, was a letter in which he states that the committee is doing the city a great service and that he is confident that the city meeting will be as well attended as the meeting which created the committee. Mr. Pitcher in his letter to the committee, says:

I am writing to call your attention to the fact that the last annual report of he board of electrical commissioners of Wallingford, Conn., shows that during the period of 29 years of their operation the total uncollectible bills for electricty amounted to $331.30, and I find from the 24th annual report of the gas and electrical commissioners of this city that for the fiscal year ending April 30, 1926, the department shows for the gas department rebates, allowances and bad debts amounting to $527.05 and for the electrical department rebates, allowances and bad debts amounting to $8,705.63, and I hope that your committee will be in a position to give us some information which will explain the difference in operation of the two cities.

Your committee is doing the taxpayers of the city of Norwich a great service and I am confident that the meeting will be as well attended as the meeting which created your committee. There is absolutely no question but what the citizens will give a very definite vote on this matter of fair rates for the consumers of gas and electricity.

Mr. Pitcher's list of questions follows:

Can any business house purchase their own transformer and by doing so be billed for electricty used at a reduction of more than 30 per cent. from the regular rates the same as is being done with the concern with whom one of the commissioners is associated?

Can stores and residences have the same privilege?

If this is a fact, why are not these terms shown in the regular established rates?

Hoy many men and women spent the week of October 7th at Atlantic City at the expense of the department and with the consent of the commissioners?

Were any of the commissioners entertained on this party?

What was the cost to the department fo rthis trip?

What other cities are visited at the expense of the department and who are the persons making these trips?

What has been the cost to the department of gas extensions and other work performed by the Connecticut Engineering & Contracting Co., during the past three years and has any of this work been done upon competitive bids?

Why should the department furnish the above company with air compressor and other contractor's equipment for doing this work?

How many thousands of dollars has been paid to the Connecticut Profit Sharing Co. during the past five years and has this expenditure the approval of the gas and electrical commissioners?

What other organizations beside the New Britain police pension fund of New Britain, Conn., and the Bella Grotto of Springfield, Mass., have been given advertisements by the department?

Why has the cash account been permitted to amount to more than $9000 for the year 1928, and do the commissioners check up this account?

Was any of the electrical material purchased of the Wetmore-Savage Electrical Supply Co., represented locally by the father of Mr. Taggart's former secretary, between May 1, 1926 and October, 1928, at an average of $1,000 per month, purchased on competitive bid with other electrical jobbers?

Why have commissions been paid on merchandise sold before any payment whatsoever was made?

Was the gas and electrical department paid for engineering and inspection work done by C. W. Taggart for the Reid & Hughes Co.?

Has the gas fired boiler used in the home of Mr. Earl Taggart for more than two years and the gas house heating equipment used in the home of one of the commissioners for more than one year been inventoried as saleable merchandise and was any payment made for their use?

What was the rent paid by the department for quarters on Shetucket street five years ago?

What is the rent paid today?

How many consumers of gas and electricity have unpaid accounts of more than 90 days?

Why should the gas and electrical department pay to the chamber of commerce the personal membership dues of C. W. and E. W. Taggart?

For what other purposes was more than $500 paid to the chamber of commerce during 1928?

Did C. W. Taggart sign an agreement for the purchase of the property for the hydro-electric plant and if so, did anv of the commissioners sign such a paper and if so, what member or members of the gas and electrical commission signed with C. W. Taggart and if so was such executed after a vote by the board of gas and electrical commissioners?

Is it a fact that men in the employ of the Connecticut Engineering and Contracting Co. are at the gas plant every day and the above company are paid 10 per cent. on their wages.

Why have the board of gas and electric commissioners ignored the vote of the last city meeting and contracted with the monthly magazine published by the chamber of commerce for space at a cost of more than $100 to advertise merchandise for 12 months in 1929?

What was the cost to the department and what knowledge did the gas and electrical commissioners have of the all-day's outing given by the department at Jewett City last summer and at Red Top the summer previous?

How long has C. W. Taggart been an officer and stockholder in the Bozrah Electric Co.?

How much money did this company pay the gas and electrical department for electric current during the year 1928?

Has this company paid the gas and electrical department for the cost of running the three-phase line from the American Woolen Co.'s mill at Yantic to the Bozrah town line and the cost of poles set and wires run from a point near the Yantic railroad station to the town line of Franklin?

Taking into consideration the fact that there must be a loss of at least 10 per cent. in making delivery to the meter located on the Salem turnpike and the two meters located at Yantic serving the above company, is there any firm, corporation or individual in the city limits privileged to purchase electricity at a cost as low as this company?

Does the above company pay any meter or demand charge?

Has the above company paid the gas and electrical department for engineering work rendered by Mr. C. W. Taggart and for the use of the department's automobile while engaged in this work? If so, how much and when?

Has Mr. C. W. Taggart been given permission by the board of gas and electrical commissioners and the mayor to send the night trouble man out into the country to service lines of the above company, leaving the city of Norwich with no one on duty to respond to calls for broken wires, fires and other emergencies?

What other items of considerable amount are paid from the petty cash account, similar to the trips to Atlantic City?

Has any of the management of the gas and electrical department any interest in the Connecticut Engineering & Contracting Co.?

Why should the gas and electrical commissioners pay more money for the use of the Community house for the lecture on electrical rates when the town hall could have been used without cost to the department?

Has the gas and electrical department ever given any advertisements or subscriptions to the city of Norwich police or fire departments?

WATER UTILITIES AID NEW TIMBER DRIVE

Connecticut water supply utilities will be among the most active agencies participating in the drive toward bigger New England forests, a goal advocated at the third New England forestry congress recently held at Hartford. For many years past, the water companies in this state have been planting hundreds of acres of pine trees each year on their watershed lands and this practice will be continued with equal vigor in the future.

Some of the largest timber developments in the state have been created by the water companies in an effort to utilize lands which because of the fact that they drain into the reservoirs or their tributaries cannot be devoted to ordinary agricultural or other utilitarian purposes. It is estimated that during the year of 1928 approximately 450,000 seedling pines were set out upon water company lands with a view toward their future sale as timber. Reforestation is practiced to a larger extent by water supply utilities than by any other group.

Knowledge of forestry has come to be almost as important to the water company executive as his knowledge of the water supply itself for the two are today closely related industries. Reservoir overseers employed by the utilities are required to have an intimate knowledge of plant life and of the methods of caring for timber growth. They must also have an expert knowledge of tree diseases and the methods for treating and eliminating them, for the possibility of timber destruction by disease is now greater than the possibility of forest fires.

LIONS NAME COMMITTEE FOR DISTRICT MEETING

Frank E. Jaynes, educational director of the American City bureau of Chicago, was the speaker at the weekly luncheon meeting of the Norwich Lions club Thursday noon at the Wauregan hotel with the president, Kopland K. Markoff, presiding. The meeting was opened with the singing of America and James L. Case, who introduced the speaker, asked the blessing.

A reception committee comprising Charles W. Cassidy, Leon Dix, Louis M. Crandall, Abner Schwartz, J. B. Caron and Earl Taggart, was appointed by President Markoff to take charge of the guests at the Lions convention of the 23rd district in this city next Thursday. Delegates from clubs in Connecticut and Rhode Island will attend and it was announced that the Westerly and New London clubs will attend in a body. A strong delegation is also expected from Hartford. International Vice President Earl Hodges of New York is to address the meeting.

William R. Frisbie, Fred J. Bielefield and Rudolph Henschel were appointed a committee by the president to have charge of the programme for March. Frank Eggleton was winner of the weekly attendance prize, which was donated by Frederick J. Bielefield. Joseph French, Louis Fontaine, Louis M. Crandall and Max Hanover were chosen a committee on out of town invitations for the district meeting.

At the conclusion of his talk on changing channels, Mr. Jaynes appealed to the Lions to sign a card pledging individual cooperation to the coming chamber of commerce membership campaign. Mr. Jaynes was warmly applauded and a vote of thanks was extended him for his interesting talk. The Lions roar for the guests present and the singing of the Star Spangled Banner concluded the meeting.

INDOOR COUNTY FAIR, WITH VARIED ATTRACTIONS

The county fair in winter, put on by the C. E. society of Norwich Town Methodist Episcopal church Friday night in the vestry was a success in every way. The attendance during the evening was about 250. A good sum will be netted.

The thrill that goes with a county fair was the lot of those who attended. As one entered the vestry, one found stretching the whole length of the building on both sides and across the ends booths and side shows. At the booths were members of the women's societies of the church and the side shows were in charge of both young men and young ladies. All the shows were well patronized.

The wild animal show was in charge of Arthur Bennett and Leon Ladd. In the ice cream tent was Mrs. Lewis Aldrich, assisted by William Burdick and Horace Howe. The auto show was in charge of Claude Stanton, assisted by Clayton Rose and Robert Ringland. Looking after the lemonade and peanut tent was Florence M. Bennett, assisted by Effie Ladd and Beulah Rogers. Barnum's cherry colored cat, a famous side show was in charge of Lewis Aldrich, assisted by Dr. James H. Floyd and Wallace Wagner. In the fortune telling tent were Mrs. Lee Roy Miner and Gladys Cruthers. The Bug House was in charge of Ruth Lathrop and Alice Brown. In the candy tent were Doris Rose, Mildred Carter Virginia Ward and Bertha Backus; looking after the Freak show were John Carter and Herbert Burdick; at the fancy work tent were Mrs. Richard Carter, Mrs. Arthur Fulton and Mrs. Irving Cruthers. The canned goods tent was under the supervision of Mrs. William Weaver, assisted by Mrs. Wellington Miner and Mrs. Stanton W. Brown. Mrs. George, Warren Potter was in charge of the sale of tickets to all side shows and Inez Edmiston and Gertrude Brown were in charge of admission tickets to the fair grounds. The eating tent where hot dogs and coffee were on sale was in charge of Mr. and Mrs. A. D. Zabriskie assisted by Muriel Rose. The prizes given away were in charge of Florence Gembel. The guesses were free as the prizes were donated. The prizes were awarded Wellington Miner, Claude Stanton, Alice Gallagher and Mrs. Harold Rose.

The fair was in charge of the pastor, Rev. George Warren Potter, who was ably assisted by Ralph Smith in the planning and building of the tents and shows. The tents were loaned by Scout Commissioner Arthur L. Peale.

W. C. T. U. INSTITUTE HELD AT MOOSUP

An interesting and instructive W. C. T. U. institute was held Wednesday at Moosup the programme opening at 10 o'clock and was as follows:

Hymn, "This is My Father's World;" opening service conducted by Mrs. G. Annie Bennett; round table instructing "Leadership," by Mrs. Hattie M. Newton; the 23rd Psalm, in unison; department hour in which a fine paper was read on "Evangelistic Work," by Mrs. K. A. Darbie; another paper on "Publicity Work" was read by Mrs. M. L. Stearns; "S. T. I." discussion; noontide prayer by Mrs. Newton; paper by Mrs. Ida M. G. Pegrum on "Life of Frances E. Willard."

Luncheon was then served after which the afternoon programme opened at 1:45 p. m. by a song service conducted by Mrs. Albert Abbott.,

Other numbers were: prayer by Mrs. Pegrum; dialogue, "Alcohol Versus Health," by Mrs. Newton and Mrs. Goodale; Miss Ethel D. Barrows gave "Glimpses of the National convention," which was held in Boston last November; responsive reading, "Medical Temperance Quiz"; offering; Mrs. Marguerite Goodale gave a demonstrative talk on her work with young people, called "The First Round of the Ladder." Next another splendid paper was read by Miss Barrows substituting for Mrs. John Fox who was not able to be present. The closing song "March of Allegiance" and the usual "Au Revoir" marked the end of a very pleasing programme.

CASE AGAINST LOCAL DRIVER IS CONTINUED

A continuance to Tuesay, Feb. 26, was grante in the case of Harold C. Jeffers, 23, charged with failure to grant the right of way, when he was presented in the city court Friday morning. Jeffers was summoned to appear in court Thursday evening after the machine he was driving collided with an auto operated by Paul E. Zachse of No. 26 Pratt street.

BLODGETT FAVORS TAX FOR CONN. BROKERS

State Tax Commissioner William H. Blodgett believes that "brokers ought to be taxed" and thinks that "the state should look at that problem now" in case the general assembly in 1931 finds that more money is necessary than is available from present sources. The commissioner expressed these opinions at a meeting of the farmers' organization of the legislature at the capitol in Hartford, where he was requested to speak on the tax situation in Connecticut. It was the first of the organization's meetings to be held Wednesday and Thursday mornings during the season to hear various state officials discuss problems of importance to the present general assembly.

The brokers have done more business in the last eight years than any other group of persons dealing in intangible property, said Mr. Blodgett. They do business as partnerships, however, and not as corporations and are not subject to the corporation income tax in the state. There is, in fact, no known way of taxing brokers. No state without a personal income tax does it, and what just basis there is for determining such a tax has not been discovered.

The commissioner recommended that, if more funds than now available were to be needed two years from now to carry out the state's programs, experts in taxation be secured to study and devise a means of taxing brokers, for in that would be found a source of considerable revenue at present unavailable.

In the course of his talk, the commissioner recommended a complete and special study of the tax situation in Connecticut, to be done not by business men, but by men such as Professor Fairchild of Yale university, an authority on taxation.

WILL SPEAK AT ELEVEN NORWICH DISTRICT CHURCHES

Miss Georgiana Such, of North Africa, will speak at 11 Methodist churches in the Norwich district, next week and the week after.

Rev. Myron E. Genter, district superintendent, has arranged the schedule and announces the following:

Wednesday, Feb. 27th, Hazardville, Rev. M. J. Creeger, pastor.

Thursday, Feb. 28th, Burnside, Rev. F. W. Gray, pastor.

Friday, March 1, Manchester, Rev. M. S. Stocking, pastor.

Saturday, rest with friends in South Manchester.

Sunday morning, March 3, South Manchester, Rev. R. A. Colpitts, pastor.

Sunday afternoon, 3:30, Stafford Springs, Rev. John Pearce, pastor.

Sunday night, 7:30, Willimantic, Rev. H. H. Critchlow, pastor.

Monday, March 4, rest for the day.

Tuesday, March 5th, Danielson, Rev. Albert Abbot, pastor.

Wednesday, March 6th, Westerly, Rev. H. C. Suter, pastor.

Thursday, March 7th, Norwich, Trinity, Rev. Joseph Cooper, pastor.

Miss Such is a young woman of exceptional charm, born and reared in Maine, educated in New England, she felt the lure of the mission lands. She is the director of a medical, evangelistic and school center at Marche des Quadhis, near the village of Taourith Abdallah, among the Kabyle Berbers in North Africa.

She is also founder and builder of a dispensary that will treat an average of 10 persons a day. Her dispensary is on a mountain top, beside a valley where 10,000 tribesmen gather each week to hold fairs.

Miss Such gave personally, medical treatment to 3,012 women and children in the summer of 1928. She is a sympathetic student of the people of mission lands, their origin and history and their needs and is beloved by those among whom she has labored.

When she speaks, she makes clear the insufficiency of Mohammed and the adequacy of Christian ministration. The meetings are open to the general public.

ART ASSOCIATION TO HEAR FITZROY CARRINGTON

It is the beauty of Florence in the 15th century that greets one as one enters the Converse gallery this week. The walls are hung with a choice collection of Florentine prints, loaned by Knoedler and Co., of New York city.

In the table-cases are textiles, leather and inlay from the collection of Charles J. Dyer, which furnish color and suggest the prominence of the crafts during the Renaissance in Italy. One table-case is devoted to a collection of holy water fonts and another to some interesting figurines, owned by Miss Annie Ruggles.

The exhibition is free to the public and will open on Sunday from 2 to 4, and one week-days rofm 10:30 to 5. Entrance through Slater museum. On Monday evening the art association is to hear a lecture on Florentine engraving given by FitzRoy Carrington, head of the print department at Knoedler's. The lecture will be illustrated by 50 slides loaned by the Fogg museum at Harvard, and an invitation to see these has been extended to art and Academy students, who are interested in this subject.

Attended Letter Carrier's Convention

Attending the annual convention of the Connecticut branch of the National Association of Letter Carriers at Hartford, Friday, were Letter Carriers Albert A. Gulle, John L. Counihan, John P. Edwards, George O. Lynch and Edward L. Walsh of the local post office department. Mr. Lynch is president of the local carriers association.

One way to get rid of unpleasent people is to begin giving them advice.

NORWICH MAN TRUSTEE LETTER CARRIERS' ASS'N.

MIDDLETOWN, Feb. 22—(AP)—Andrew J. Morris, of Stamford, was elected president of the Connecticut branch of the National Association of Letter Carriers, at the annual convention here today. Other officers named were: William A. Ghent, of Waterbury, vice president; William Long, of Bridgeport, secretary, and James H. Wilmont, of South Norwalk, treasurer. Aibert A. Gulle of Norwich; Robert J. Dooley, of this place, and Clement Burkhardt, of New Haven, were elected to the board of trustees. The convention was addressed, both at the business session and the banquet by Charles Duffy, of Chicago, national treasurer; William E. Kelly, of Brooklyn, N. Y., former national president; Prof. Lane W. Lancaster, of Wesleyan university, here, and the Rev. H. L. Bowlby, of New York.

LINDBERGH ENVELOPES ON DISPLAY AT BOSTON STORE

A local collector, George R. Lumsden, has on display in the window of The Boston store six envelopes carried by Col. Charles A. Lindbergh, when the new air mail route was opened between Miami and the Canal Zone. Three of them were carried from the United States to the Canal Zone and three of them on the return trip. Each envelope is different from the others as to the stamps. The Canal Zone envelopes show the special style envelopes for use on air mail routes, having red or blue stripes, also showing the 25c surcharge stamp and a pair of 12c stamps used in making up the 27 cent postage, necessary for the trip. The United States postage is made up of a 20c air mail stamp and others to make up the necessary 27c on each envelope. The envelopes each show the special stamping on the face of each piece of mail carried on the first trip only.

MISCELLANEOUS SHOWER FOR MISS BELLA LASKY

In honor of her approaching marriage to Ernest Levine, of Brooklyn, N. Y., Miss Bella Lasky was tendered a miscellaneous shower Thursday evening at the home of her parents, Mr. and Mrs. H. Lasky, 172 Mt. Pleasant street.

The bride-to-be was the recipient of a wealth of beautiful and useful gifts. A varied program of entertainment was carried out, featured by vocal numbers by Miss Lasky and Mrs. Alice Johndrow. The affair was arranged by the Misses Gussie Laskey and Mirriam Sechter. The hostesses served dainty refreshments. Miss Lasky will be married March 16, in Brooklyn, N. Y.

Change at Ticket Office

The N. Y., N. H., and Hartford railroad company have done away with "third trick" ticket agent's position at the local station. As a result of this change railroad tickets must be purchased before 9:30 o'clock p. m., when the ticket office closes, as the only person in the building will be the baggagemaster.

NORWICH TOWN

PATRIOTIC DECORATIONS AT BIRTHDAY DINNER

At the home of Mr. and Mrs. Willington Miner of Vergason avenue on Washington's birthday in observance of the birthday of Mrs. Miner, several guests were pleasantly entertained during the day. Those present included Mrs. William White of Gardner Lake, Mrs. John Sherman of Norwich, Mrs. Frank S. Wheeler and daughter, Miss Grace Wheeler, and Mrs. William Weaver, of Norwich Town.

At noon the company sat down to the following tempting menu served by the hostess: Roasted chicken, mashed potato, mashed turnip, creamed carrots with peas, goldenglow salad, pickles, rolls and coffee. For dessert, "Heavenly-hash," comprised a combination of fruits. Cake and cookies were served also. The place cards and souvenirs, the latter small containers filled with mixed candies, were decorated with the national colors. The center-piece on the dining table was a group of small American flags. A radio program in the afternoon was the feature of entertainment. Mrs. Miner received many beautiful gifts.

FUNERAL
Mrs. Cornelius Keating

With a large attendance of relatives and friends, the funeral of Mrs. Margaret Frances Keating, widow of Cornelius Keating took place from her home, 16 Tanner street, Friday morning at 8:20. In the Sacred Heart church at nine o'clock, the pastor, Rev. Edward J. Quinn, sang the requiem high mass. Mrs. William A. Murphy was in charge of the music and for the processional played Chopin's Funreral March. At the offertory Miss Mary Buckley sang De Profundis and as a waiting hymn gave O' The Priceless Love of Jesus. For the recessional the choir sang Lead, Kindly Light. There were beautiful floral remembrances. Burial was in the family plot in St. Mary's cemetery, where the committal service was read by Rev. Father Quinn. Thet bearers were Michael Norton, of New Haven, Sylvester Keating, Boston and Jeremiah Healy, Michael Campion, Patrick McGill and John O'Brien. Hourigan Brothers were in charge of the arrangements. Relatives and friends were present from Boston, New Haven, Waterbury, Colchester, New London and Westerly, R. I.

Early Thursday and until late that afternoon a large force of men in the employ of the state highway department, Ernest Gadbois foreman, was at work clearing the great amount of snow from the center of the road-bed. After the bulk of snow, the largest amount this winter during a period of 24 hours, had been pushed to either side with the blade of the plow, a coating of sand was spread on the highway. Friday, large trucks were engaged removing the snow from the gutters. The work is done by order of Supervisor of State Highways Henry T. Gorman. Another large plow Thursday, for the town of Norwich. Second Selectman Charles Bushnell in charge, covered side-roads, etc., in clearing away snow on roads belonging to the town. Much of the snow vanished Friday in milder temperature and the warm sun.

There are three ways of getting out of a scrape—push out, back out and keep out.

COMMENT OF GERMAN PRESS ON REPARATIONS SCHEME

Protest the Partial Lifting of the Transfer Guarantees, Now Under Consideration by the Experts—Session Scheduled For 11 a. m. Today is Expected to Find All Sides in Agreement as to Mode of Procedure in the Future Deliberations.

BERLIN, Feb. 24—(AP)—A storm of protest is raised by German newspapers of widely divergent political views against the partial lifting of the transfer guarantees, reported to be under consideration by the reparations experts in Paris. The scheme is declared to be impossible because it would lead to renewed depreciation of German currency and loss of confidence by foreign investors in German securities.

The conservative Boersen-Zeitung, in front page headlines condemns the plan as "a solution that is not a solution." The payments already paid by Germany, the paper says, "are now universally recognized as having been made possible only by foreign loans," and not "as was intended in the Dawes plan, by surpluses from German industrial production."

"Any declaration that the second, or unguaranteed part of the reparations payments could not be met," the paper continues, "would lead to the immediate withdrawal of short time foreign loans and greatly increase the difficulty in obtaining further loans abroad. Heretofore the presence of the transfer committee has assured the stability of German currency, but under the proposed plan it would be left to Germany herself to maintain it by adequate guarantees."

The proposed plan is "impossible," declares the nationalist Lokalanzeiger. "Let us declare quite openly that even the sum of one and three-quarter billion marks, mentioned in the past few days by the allied representatives, is an utter impossibility. Therefore, it appears incomprehensible that the possibility of a partial lifting of the transfer guarantees should even be considered."

The nationalist organ adds that when the German representatives went to Paris it was generally understood the guarantees would under no circumstances be given up. "Therefore," it says, "it would be unwise for the German delegates to give their slightest consent, even in informal discussions, to the plan."

The democratic Tageblatt declares the experts' comparison of German taxation with that of England and France has little use since conditions in the three countries are too far different." The real problem, the paper says, "is to increase not taxation, but industrial profits, and the surplus from which foreign credits can be established for use in reparations payments."

REPARATIONS EXPERTS ARE MORE OPTIMISTIC

PARIS, Feb. 24—(AP)—Private conversations between allied and former enemy experts on reparations during the past two days are said to have been more fruitful than the plenary sessions of the committee striving to arrive at a basis for future payment by Germany of war claims. The atmosphere surrounding the experts headquarters tonight was more optimistic.

The sessions scheduled for 11 a. m. tomorrow is expected to find all sides in agreement as to the mode of procedure in the future deliberations. American delegates have several times been consulted during the week-end in arriving at this position.

The fact that Parker Gilbert, agent general for reparations, left for Berlin this afternoon instead of waiting until tomorrow was interpreted as meaning that his information is not required at this stage. The experts have reached a solution whereby the agent general will be heard in Berlin later. This means that their work in Paris will be continued beyond tomorrow and that prospects for termination of the conference are remote.

The theory has been that the experts in full committee meetings presented too large a body to give opportunity for exchange of viewpoints between delegates attempting to smooth out difficulties arising between one allied country and Germany or between two allied countries. The experts have felt that private agreements between two or more parties susceptible of drafting upon the general settlement were hardly likely to be reached between delegates representing the parties if they were forced to speak before 28 experts in addition to secretaries and interpreters.

The portion of the French press which has hitherto been predicting the collapse of the conference this evening adopted a more favorable tone.

It is understood that the sub-committee of five experts in its report tomorrow will not mention either the bridgeal amounts due the allies from the reich or the amount of annuities, but it is reported to have found a solution to the question of Germany abandoning its guarantees concerning transfers affecting exchange. The allies have agreed not to insist upon an increase in annuities with a basis of German prosperity as a barometer.

NEW STEP TAKEN ABOUT DIVERSION OF WATERS

(Special to The Bulletin)

WASHINGTON, Feb. 24—A new step was taken last Friday by Assistant Attorney-General Averill of Connecticut regarding diversion of the waters of the Swift and Ware rivers. Averill filed two letters with the war department, one of which asks for reopening of the Ware river case and the other for the disallowance of the Swift river project. He takes the ground that there is a vast difference between navigability and navigable capacity. While some diversion might not entirely impair the former, such taking away of tributary waters as proposed might prevent future development of the Connecticut river for navigable purposes. Averill called attention to the fact that when waters separating two or more states are involved congressional sanction is necessary to build dams and change channels; he believes the same is true of tributaries to navigable streams. He states that it is his opinion that for such diversion the legislatures of states must first approve, then congress consent before the waters can be diverted. Mr. Averill has called the attention of the war department to the limitation of the authority of the board of engineers to recommend, their authority extending only to stating their findings. If the Connecticut river should at some future time be dredged and developed by act of congress, the diversion of waters of its tributaries might block the proposed development, emphasizing the difference between navigable, which might mean small craft only, and navigable capacity, which might make the Connecticut river a valuable commercial waterway.

THREE MEN AND A WOMAN ARRESTED IN NEW LONDON

NEW LONDON, Feb. 24—(AP)—Three men and a woman were arrested by Lieut. Henry Albright, of state police, tonight on charges of robbing Keith Nelson, of Pawcatuck, of $60, a stickpin, a gold watch and chain a month ago.

All four are of Center Groton. They are Patsy Capagna, Mrs. Elsie Rathbun, Lee Perry and Daniel Trolin.

Nelson told Lieutenant Albright that he stopped at the Winthrop hotel, this place, about a month ago, and while strolling in the lobby met Trolin. They became "friends" after a short conversation, according to Nelson's story, and Trolin invited Nelson to Center Groton, where he would "get me some liquor." They hired a taxi, driven by Dominick Lombardo, of New London, and went to the home of Mrs. Rathbun.

Nelson says he could not remember anything after that, and that when he "came to" in his hotel room, he discovered his money and jewelry gone. He thought he had been drugged, he told Lieutenant Albright.

CARDINAL VICO DIED OF INFLUENZA IN ROME

VATICAN CITY, Feb 25—(Monday)—(AP)—Cardinal Vico aged prefect of the Sacred Congregation of Rites, died today of influenza.

Antonio Cardinal Vico was born at Agugliana in 1847. He was appointed papal nuncio to Madrid in 1907 and took a leading part in the clerical movement which during the next three years was agitating Spain. He was created a cardinal in November, 1911.

ROBBER KILLED IN ATTEMPT TO HOLD UP AN ARMORED CAR

PHILADELPHIA, Feb. 24—(AP)—The "Allegheny avenue gang," styled by the police as "small time" automobile thieves, stepped out of its class in attempting to hold up an armored bank car last night and as a result one of its members was dead today, the alleged leader was under arrest and the identity of the others was known.

The body of the highwayman killed by Henry W. Arnhold, Jr., driver of the bank car, was identified today as that of Frank Wood, 26. John P. King, 29, alleged leader of the gang, was arrested and held without bail. King was identified by Arnhold as one of the six men who had attempted to hold up his car, which carried more than $20,000 in cash—the days receipts of 64 chain stores.

Discovery of a pink mask in King's room, police said, convinced them that he was connected with a series of recent holdups, the victims of which described the perpetrator as "a man in a pink mask." Detectives stated that they had found a veritible arsenal of small arms and ammunition in King's room, which they declared was the headquarters of the "Allegheny avenue gang."

Arnhold, a substitute driver, and E. J. Lyman, 19, an assistant guard, were attacked after they had stopped in front of a grocery store.

Their faces covered with black masks, the would-be robbers smashed the glass windshield of the bank car with the butts of their pistols.

Arnhold grasped a shotgun and opened fire. Wood dropped at the first shot and his pals fled, firing as they ran. A hail of bullets struck the steel sides of the bank car and several went through the broken windshield over Arnhold's head as he crouched on the floor.

BLEACHER STANDS BEING BUILT FOR INAUGURATION

WASHINGTON, Feb. 24—(AP)—Pennsylvania avenue from the white house to the capitol has been transformed from a famous street into a stadium from which thousands of persons will witness the ceremonies attending the inauguration of Herbert Hoover as president of the United States.

Workmen for two weeks have been building bleacher stands in every possible vantage point along the wide throughfare. Individual stores and office buildings have placed cards in their windows to advertise window space for sale.

The stands in front of the white house from which Mr. Hoover will review the long parade in his honor have been glassed in and painted white. Here and there the stands twist and turn to avoid trees and in front of the District of Columbia building a statue stands lonesomely amid the tiers of seats, a bronze notable who is certain to see all that passes.

SECOND TORCH MURDER MYSTERY IN NEW JERSEY

CRANFORD, N. J., Feb. 24—(AP)—The victim of New Jersey's second torch murder mystery remained unidentified today as authorities vainly left her oil-soaked, blazing body along to that of the person who shot her and sought a clue to the woman's name and a country road at dawn Saturday.

Only the vaguest clues are held by authorities who admit they can make but little headway until they identify the slain woman, whose face was charred beyond recognition. Authorities from Somerset county, where last spring, in an isolated woods patch Miss Margaret Brown, New York governess, was found fatally beaten and her body aflame, visited the scene of yesterday's crime but could find nothing to conflict the murder with their unsolved case.

The driver of a bakery truck, John Boyle, discovered the flaming body and reported his discovery to police. Less than a half hour previous, Henry Denner, of Bellleville, N. J., driver for another bakery company, reported he saw a blue coupe on the spot and a person stood on the road frantically waving to him to stop. Denner said he feared a holdup and sped on.

This car was the sole clue that authorities had in their early investigation of the death of Miss Brown.

The victim was about 45 years old, weighed about 155 pounds and was ve feet, 5 1-2 inches tall. She had blonde hair streaked with gray and blue eyes.

TO START CONSTRUCTION OF FLOATING AIRPORT

NEW YORK, Feb. 24—(AP)—Construction of a floating airport to be anchored 300 miles at sea half way between New York and Bermuda, will be started soon according to an announcement today by Henry J. Gielow, Inc., naval architects.

The Gielow firm has been retained as consulting engineers by the builders of the proposed seadrome, the Armstrong Seadrome Development company, of Wilmington, Del.

The floating field the statement from Gielow said, will be 1,100 feet long, 200 feet wide at the end and 400 feet wide in the center. Six thousand tons of steel and 2,000 tons of iron will be used in its construction.

To hold it in place chains 21,150 feet long are to be attached to specially designed sea anchors, and piling which is to extend 50 feet below the surface will operate hydraulically within sheaths to counteract the effects of waves and wind.

It is planned to have loading and unloading devices for the transfer of express packages and mail between ships and planes.

The floating airport will have a crew of 43 men to care for the seaplanes, operate the machine shops, run a hotel and restaurant and guide planes by means of radio direction finders.

THREE MEN INJURED BY EXPLOSION IN TUNNEL

NORTH BRANFORD Conn., Feb. 24—(AP)—Three men were injured, when a fragment of dynamite exploded in the tunnel of the new reservoir in which they were working this afternoon.

The injured, all laborers, are William Cunningham, 38; John Brice, 22 and Clifford Phillipo, 35. All received lacerations of the hands and injuries of the face and eyes. They were taken to Grace hospital, New Haven, where their hurts are said to be not serious.

The men, members of an extra-time gang sent here to rush work on that part of the tunnel which is to bring water from Farm river to the reservoir, were drilling about two miles from the site of the dam. It is believed the shovel of one of the three struck a fragment of dynamite left by a blasting gang several weeks ago, causing the explosion. No damage was done to the tunnel.

HALDEMAN WAS DENIED PERMISSION TO TAKE OFF

HAVANA, Feb. 24—(AP)—Cuban customs officials today denied George Haldeman, air pilot who arrived here yesterday on the first successful non-stop flight linking Canada and Cuba permission to take off on his return trip to St. Petersburg, Fla.

Although Haldeman holds Canadian papers clearing his ship for Cuba, and is properly identified, he failed to get a bill of health from the Cuban consul in Windsor, Canada before he took off yesterday. Authorities here say that everything is being done to help Haldeman over this difficulty but that he cannot get his ship cleared before tomorrow.

"I guess the only thing I can do is to rest until this thing is straightened out," he said. Haldeman, who was co-pilot on Ruth Elder's unsuccessful attempt to fly the Atlantic.

MAN WAS KILLED BY EXPLOSION OF DYNAMITE

RUTLAND, Mass., Feb. 24—(AP)—One man was killed and seven others were injured in the second explosion of dynamite in two weeks at shaft five, Coldbrook-Wachusett tunnel at 5.20 this evening.

Last Sunday's explosion was in Rutland in the east heading, in which one man was killed and six hurt. Today's was in the west heading.

TO ASK CONTRIBUTIONS FROM 13 ORIGINALI STATES

RICHMOND, Va., Feb. 24 (AP)—Governor Harry F. Byrd of Virginia, announced tonight that he would ask each of the 13 original states to appropriate $10,000 as contributions toward the proposed restoration of "Wakefield", birthplace of George Washington, in Westmoreland County, Virginia.

Colonel Lindbergh Flies To Mexico City

His Fiancee, Miss Anne S. Morrow, Was Unable to Reach Field to Greet Him.

MEXICO CITY, Feb. 24—(AP)—Colonel Charles A. Lindbergh landed here at 6:53 p. m., (7:53 eastern standard time) after a flight from Eagle Pass, Texas.

His fiancee, Miss Anne Spencer Morrow, was not among the small group which waited at the Valbuena airfield to greet him. She had gone with her family to the country home of Ambassador Dwight W. Morrow at Cuernavaca. It was only this morning that the embassy learned that the aviator was southward bound and Miss Morrow did not have time to reach the field.

About fifty persons, including Secretaries Fred Hibbard and Allan Dawson of the embassy, had waited at the field for several hours because the colonel had been expected earlier. His flight, however, was made without a stop.

Colonel Lindbergh met Miss Morrow here at the start of his good will tour of the Carribean. He is popularly supposed to have won her hand on his second visit to Mexico City. Ever since the announcement of their engagement here on February 12, the public has been expecting a third visit.

Public speculation has indeed travelled ahead of that. There are many who profess belief that the marriage is to be performed here. Perhaps during this visit of the aviator, at least, they hope that Miss Morrow will announce denite plans for the time and place of ceremony while her fiance is here.

Dusk was fast gathering over the army flying field when Lindbergh's airplane appeared. A brisk, easterly headwind which prevailed over much of his route from the border slowed his speed so that he required eleven hours and thirteen minutes to make the flight. The delay caused no apprehension here although the government telegraphed stations along his route to be on the lookout for the colonel.

The reporters who had hoped to glean details of his romance from the aviator were disappointed.

"Maybe I can see you later," was all that he would say.

Within a few minutes after landing he had entered an automobile and was driven to the embassy.

The Mexican public, although they have been hoping for this visit for almost a fortnight, was not aware that Lindbergh was en route so that only a handful, apart from the newspapermen and Mexican flying officers, were at the field.

LINDBERGH HASTENS TO MEET HIS FIANCEE

MEXICO CITY, Feb. 24—(AP)—Col. Charles A. Lindbergh showed himself as the impatient lover when he left by automobile tonight for Cuernavaca to see his fiancee, Miss Anne S. Morrow, within an hour after he landed from his flight from Texas.

RIVAL ORGANIZATIONS PARADED IN VIENNA

VIENNA Feb. 24—(AP)—The much advertised parades of Austria's rival defense organizations—the socialists and the so-called fascists passed off today without incident. Both parade followed their respective routes without coming in contact with each other and the participants returned to their homes in an orderly manner.

The marchers received little attention from an indifferent public which preferred the warmth of the reside to witnessing what was termed a "hoob parade." Many participants deserted the ranks because of the intense cold long before the program was concluded.

The socialists, their faces pinched blue with cold, gathered in front of the statues of the founders of the Austrian republic and presented a striking contrast to the fascists who assembled under the shadow of Schoenbrunn palace. The latter group was made up largely of thoroughly drilled officers of the old Austrian imperial army, wearing field uniforms and their breasts covered with medals.

The fascists were addressed by fiery pan-German leaders who urged them to save Austria from the "red peril," fighting socialism and communism with the same ardour they would fight an invading alien army.

BELIEVE ARREST WILL CLEAR UP MANY FORGERIES

NEW YORK, Feb. 24—(AP)—With the arrest of a man who appeared at the paying teller's cage of the Bank of America to cash a check for $765, police said today they believed they had solved check forgeries totalling between $350,000 and $500,000.

Robert White, 33, charged with cashing seven checks seven checks amounting to $5,304.12, drawn against a fur manufacturing firm, will face the police line-up tomorrow, when victims of other forgeries will attempt to identify him.

On Feb. 15, White entered the office of the furestablishment with another man whom he introduced as a prospective buyer. He asked to be left alone in the office while he made an important phone call. When the men left, fifteen blank checks were missing. Thereafter, police said, a bad check was passed daily at the bank of America.

Detectives waited at the bank yesterday and arrested White as he presented the seventh check. He denied to police that he was implicated in a $100,000 forgery investigated by the American Bankers' association.

Night Sessions Of Congress This Week

House and Senate Hopelessly at Odds Over Prohibition Fund

WASHINGTON, Feb. 24—(AP)—Night sessions and earlier meeting hours will be employed by congress this week in the hope of clearing up a legislative situation which is threatening important measures in the few remaining days before the Hoover administration comes in.

Prohibition and reapportionment of the house of representatives membership are problems placing the house and senate in a vortex of disagreement with such vigorous positions taken on both sides of the questions that leaders are looking with some anxiety as to the effect they will have on the whole legislative calendar.

The dispute between the house and senate over the proposal to increase the prohibition fund by $24,000,000 will be only slightly composed by the expected adoption by the house tomorrow of a compromise proposal lowering the increase to $2,727,000. Advocates in the senate of the higher figure, incorporated in the first deficiency bill, are showing little signs of abandoning their efforts.

Democrats in the house plan to make an effort tomorrow to send the bill with the lower prohibition figure back to its appropriations committee with instructions to substitute the $24,000,000 appropriation. The $2,727,000 increase was recommended by President Coolidge.

A difference between the house and senate over land in national parks is threatening the final approval of the interior department appropriation bill with its funds for a vast number of domestic projects. The house has refused to accept the senate compromise offered by Senator Walsh, Democrat, Montana, to permit condemnation of land in the parks except that used for residence, hotel and religious purposes, and has demanded that all land be condemnable for the purpose of saving forests, without respect to its usages.

Senator Walsh has stated that refusal by the house of the compromise would "cause a great deal of discussion," and other senators threatened that the same thing would come about if the house refused the $24,000,000 prohibition fund increase.

The fate of appropriations measures are giving republican leaders a good deal of concern because of the effect they might have on the program mapped out for the special session to be called after Mr. Hoover becomes president. Failure to pass such important supply bills as those for the interior department and for emergency deficiency needs would necessitate the assembling of the house appropriations committee in the special session, something house leaders now are hopeful of avoiding in order to confine the extra session to farm relief and tariff.

HELD IN CONNECTION WITH SHOOTING OF HIS BROTHER

MERIDEN, Feb. 24—(AP)—Shot in the abdomen with a .2' calibre repeating rifle, early this morning, George Dominelli, 40, of this city, is in a critical condition at the Meriden hospital. He is not expected to recover.

Patsy Dominelli, 34, a brother of the wounded man, is being held without bonds by the police on a charge of assault with a dangerous weapon. Louis Vumbacca, 33, and James Gallucci, 46, are also being held at material witnesses on technical charges.

Apparently an accident, the shooting, according to the police, occurred in Patsy Dominelli's home during a discussion of the comparative merits of the Italian and American armies. To illustrate the drill methods employed in the United States army, Patsy seized a gun, which exploded during the drill.

Following the shooting, the wounded man walked several blocks to his home without assistance. He was later taken to the hospital in a taxicab.

A World war veteran, Patsy Dominelli served 18 months overseas. He holds the Croix de Guerre for displaying remarkable bravery and devotion, in trying to reduce a machine gun to silence.

WOUNDED WIFE AND SON, THEN COMMITTED SUICIDE

MT. VERNON, N. Y., Feb. 24—(AP)—After attacking and seriously wounding his wife and 4-year-old son, George H., with an axe while they slept, Gabriel S. Youngwood, 34, an attorney, today swallowed poison from which he died several hours later in Mt. Vernon hospital.

The condition of both Mrs. Youngwood and the boy was described at Mt. Vernon hospital as critical. The woman had been struck three times on the head with the axe and the boy had suffered several blows, which pierced his skull.

Before he died, Youngwood, who maintained law offices at 1 Madison avenue, New York, told police that he had planned the crime yesterday because he had suffered financial reverses in the real estate field.

ANOTHER SHARP BATTLE IN SHANTUNG PROVINCE

CHEFOO, China, Feb. 24—(AP)—Another sharp engagement this morning inflicted losses on the troops in revolt against the national regime in Shantung province and drove them further to the northwest. A large force of the rebels had been surrounded at Kusien, 25 miles west of here, during the offensive of the nationalist army yesterday.

Today the rebels broke through the surrounding troops but at the cost of several killed and 500 of their number taken prisoners, they retreated northwestward toward Tenschow, which now appears to be the base of the revolution.

HOOVER STILL AT WORK ON FORMATION OF CABINET

President-Elect Will Have Strenuous Week—Mr. Hoover's Greatest Uncertainty Regarding Cabinet Positions Centers About the Attorney Generalship and the Secretaryship of Labor and Agriculture.

WASHINGTON, Feb. 24—(AP)—President-elect Hoover entered upon the last week before his inauguration today with several of the major tasks in connection with his assumption of office not yet completed.

Final selection of all his cabinet officers, it is understood, has not yet been made and likewise the major diplomatic positions have not been finally assigned. Also he has not received word from congressional leaders as to the earliest date upon which the special session of congress can be conveniently and usefully called. His inaugural speech yet needs final revision and correction.

Well before the end of the week, however Mr Hoover proposes, it is reported to make up his mind finally upon all points yet requiring decision. To this end he will continue his conferences and consultations during this week, not only with political leaders but with close personal friends, who, it is understood, were charged by him with making surveys to determine the availability for high administration positions of certain persons recommended to the president-elect.

Mr. Hoover's greatest uncertainty regarding cabinet positions is reported to center about the attorney-generalship and the secretaryships of labor and agriculture. Senator Borah of Idaho, to whom the first post was offered, declined the position only last week on the ground that he felt he could best serve his party and the country by remaining in the senate. The president-elect is now seeking for the posts, it is understood, another person, who, like the Idaho senator, should be a constitutional dry and an eminent lawyer.

The secretaryship of agriculture was discussed by Mr. Hoover not later than yesterday with Senator Brookhart of Iowa, who came out of the conference declaring that he was under the impression that the president-elect had not yet made any choice in the matter. Mr. Hoover is known to be very anxious to appoint a man who not only would enjoy the full confidence of the farmers but also would be able to direct efficiently and enthusiastically the farm relief policy which the new president intends to initiate in accordance with his campaign pledges.

The labor secretaryship has been under close scrutiny by Mr. Hoover himself and by trusted friends whom the president-elect has charged with inquiry into possible appointees to the post.

Expecting a strenuous time next week, Mr. Hoover spent a quiet Sunday today. In the morning accompanied by Mrs. Hoover and by his son, Herbert, Jr., he attended the Irving Street Friends meeting house. He returned to have only Representative Fort of New Jersey, secretary to the national republican committee, as a luncheon guest.

His old friend, Henry M. Robinson, of Los Angeles, who has been mentioned as a very likely cabinet possibility, was his only caller during the day. For dinner Mr. and Mrs. Vernon Kellogg had been invited. Dr. Kellogg is director of the National Academy of Sciences.

NEW MILFORD YOUNG MAN SUFFERS FROM EXPOSURE

DANBURY, Feb. 24—(AP)—Harold Edwards, 22, of New Milford, is in Danbury hospital, in a serious condition with frozen feet, hands and arms, the result of 14 hours exposure to the zero weather which gripped this place over Saturday night and this morning.

Edwards was found in a semi-conscious condition in a snowbank to the side of the road to New Milford this morning. Both feet and both hands and arms were frozen, and if he survives, which hospital authorities doubt, the frozen members will probably have to be amputated.

The Danbury police learned from Howard Lewis, of New Milford, that Lewis had brought Edwards to Danbury last night in his car. They had arranged to meet later in the evening so that Lewis would pick up Edwards and take him back to New Milford. Lewis said that when he met Edwards, the latter was intoxicated and after they had ridden down the road a short way, Edwards had demanded to be let out of the car. Lewis complied. Police said they found evidence showing the man had wandered about on the road in various directions, finally collapsing on the snowbank.

KATHLEEN B. PEABODY TO WED JOHN R. M'LEAN

SANTA BARBARA, Calif., Feb. 24—(AP)—Kathleen Burke Peabody, called the "Angel of France" because of her brilliant record as a nurse overseas during the World war announced today that she soon will wed John Reginald McLean, a mining engineer of Phoenix, Ariz. Mrs. Peabody is the widow of the late Frederick Forest Peabody, millionaire manufacturer.

The wedding will be the culmination of a friendship which had its inception when McLean, a lieutenant of the 37th infantry, was wounded while fighting in the Argonne sector and carried to a hospital where Mrs. Peabody was stationed.

The wedding will take place in "a few days" to be followed by a honeymoon of six months in Italy and the Argentine.

CHICAGO POLICE SEEKING THE "VALLEY" GANGSTERS

CHICAGO, Feb. 24—(AP)—Members of a band of men known as "Valley" gangsters of whom Danny Valo is the reputed head, were caught by police today in the hope their arrest would help clear up the St. Valentine's day massacre of seven Moran gangsters shot to death with machine guns in a Northside garage.

Rocco Belcastro, believed to be a member of the gang was sought in particular after a witness, whose name the police did not reveal, said that the driver of the automobile in which the slayers escaped, had a finger missing from his right hand.

Belcastro was described as having a missing finger. Another informant said Belcastro was driving an automobile that looked like a police squad car on the day of the killings.

ARE TO ATTEMPT FLIGHT FROM FRANCE TO BRAZIL

MARSEILLES, France, Feb. 24—(AP)—Lieut. Commanders Louis Jerome Paris and Maurice Hurel have definitely decided to attempt a flight to Brazil instead of New York and hope to start on Tuesday or Wednesday. They will fly to St. Louis, Senegal, where they will pick up mail.

From there they will attempt to fly to Natal, Brazil, and proceed south to Buenos Aires. If their outward flight is successful, they intend to make the return trip immediately. Commander Paris today said that their seaplane was ready to start at an hour's notice.

A RUSE RESULTED IN 14 ARRESTS IN DANBURY

DANBURY, Feb. 24—(AP)—Fourteen persons are under arrest today, on charges of disorderly conduct and violating the prohibition laws, as a result of a ruse perpetrated by Police Chief George Schoen.

The chief and his officers had been watching a place in Maple avenue for some time, but, though they had sufficient evidence, they said, to justify breaking into the premises, it was so effectively guarded that a raid would not have been successful.

Last night Chief Schoen donned a can, old clothes and other garments to make him look like a grocery clerk, put a box upon his shoulder and knocked at the door.

"I'm the grocery man and here's your order of groceries," he said to the man who opened the door, Demarto Galoso, proprietor. Galoso admitted him, and Schoen, as he entered, flung the door back and called in his men, waiting in the hallway.

Galoso and Mrs. Carrie Silvio, said to be living with him, were charged with operating a disorderly house and with violating the liquor laws. Another woman and 12 men were charged with disorderly conduct and liquor law violation. All 14 will be arraigned in city court tomorrow.

VOODOOISM WAS BLAMED FOR SLAYING OF WIFE

NEW YORK, Feb. 24—(AP)—Voodooism was blamed today for the slaying of his common law wife, Mary Johnson, 30, by Nathaniel Conway, 24 year old Negro, in their Harlem apartment.

Patrolman Harold Barsman was passing the apartment building when a Negro ran out and told him a woman was being killed in the building. The patrolman said that when he entered, Conway's third floor apartment he found Conway holding the woman and attacking her with a bread knife.

Conway dropped the woman and turned on the patrolman who wrested the knife away after a struggle. The Negro ran downstairs and buried a bottle of milk at the pursuing policeman, who fired twice. The Negro received minor wounds in his head and right wrist.

Police said that when questioned the Negro said the woman, also a Negro, had "cast spells" on him, "bewitched" him, and compelled him to join her and others in voodoo rites. Police said he told them he tried to leave the woman and go to Canada, but that she had such power over him that only her death could liberate him. He was charged with homicide and was taken to Bellevue hospital for observation.

AGED WOMAN STRUCK BY AUTOMOBILE IN MIDDLETOWN

MIDDLETOWN, Feb. 24—(AP)—Injured when struck by an auto which dragged her twenty feet, Mrs. Abbie Beattie, 76, of this place, died in Middlesex hospital today.

Ernest G. Linderne, of Middletown, driver of the car, told police the woman had stepped from in front of one auto into the path of his and that when he tried to swerve his machine to the left to avoid hitting her, a snowbank prevented the maneuver. Mrs Beattie's clothing caught in the rear fender, and she was dragged down the street until Linderne could stop the vehicle. The motorist was held in $1,000 bail on a charge of homicide with an auto. Coroner Smith will hold an inquest tomorrow.

AMERICAN LEGION ENROLLING 15 MEMBERS EACH DAY

(Special to The Bulletin)

WILLIMANTIC, Feb. 24—The membership drive being held here by James J. Shea post, No. 19, American Legion, which is now in full swing, is meeting with unqualified success. With the membership quota set for 15 members on each of the ten days of the campaign, the committee made its plans to secure this number. This daily average has been maintained as indicated by the number of names that have been placed on the roll call bulletin set up at the junction of Main and Railroad streets. A large group of legionnaires headed by T. Frank Cunningham, chairman of the membership committee, are conducting the canvass. While the drive is in progress workmen are busily occupied at the Jackson street fire house renovating the building as suitable quarters for the veteran organization. When completed the new rooms will be among the most attractive and comfortable used as headquarters of any in the city. In granting the veterans the use of the fire house the common council went one step further and provided for the alteration and repairing of both the interior and exterior of the brick structure to make it adaptable for its new use.

DANIELSON

CHASE AND SONS HARVEST 4500 TONS OF 14-INCH ICE

(Special to The Bulletin)

DANIELSON, Feb. 24—When the power plant was shut down this afternoon at the Hygeia reservoir near East Killingly 4500 tons of the finest ice harvested there in several years had been stored in the capacity filled houses by A. A. Chase and Sons. The ice is 14 inches in thickness, and much of it as clear as crystal. Harvesting on the reservoir, from which Danielson draws in supply of water for drinking and domestic purposes was started the early part of last week. Two snowstorms came to interfere with the work, but was resumed as quickly as possible and rushed along today to prevent further interference by the weather. With the houses at the reservoir filled the town is assured of a bountiful supply of ice until another winter comes, as the houses at Quinebaug lake, from which Wauregan obtains its water, hold unwards of 3,000 tons.

FUNERALS.

Deacon A. C. Greene.

Saturday morning the funeral of Deacon A. C. Greene was held from the home on North Main street with services at the Westfield Congregational church at 11 o'clock. The service was largely attended, delegations of McGregor post, G. A. R., McGregor, W. R. C., Mary A. Livermore tent, Daughters of Union Veterans of the Civil War and Colonel Edward Anderson camp, Sons of Union Veterans of the Civil War, being included. Deacon Greene served in the Civil war as a member of the 13th Connecticut Volunteers. The service was conducted by the pastor, Rev. Harding W. Gaylord. There was a wealth of particularly beautiful floral pieces. The body was entombed at the South cemetery in Brooklyn, and in the spring will be interred in the cemetery at Westminster where so many of his ancestors and friends are at rest. During the church service Earle F. Winslow sang Jesus Lover of My Soul and Rock of Ages. A striking feature at the close of the funeral service was the sounding of taps by a bugler unseen by the congregation. The bearers were George B. Guild and Ray W. Pellett, representing the church, E. C. Babson, J. Elmer Kenne, Frank Moore and Elmer Wood, representing the Sons of Union Veterans of the Civil War. A. F. Wood was in charge of the funeral arrangements.

Timothy J. Coffey.

She leaves three sisters, Mrs. James Monohan, Mrs. Margaret Daniels and Miss Katherine Doyle, all of Providence, and two brothers, John of Danielson and Richard of Providence.

Tribute to Rev. Mr. Pratt.

The appreciation of Rev. John R. Pratt, recently deceased and for 13 years pastor of the Congregational church at Brooklyn, is contributed in behalf of the many who were familiar with the splendid work he did in Brooklyn by Mrs. E. M. Lawton of that town:

"The papers have duly reported the last illness, death and funeral services of Rev. John R. Pratt, pastor of the Brooklyn Congregational church for the past ten years. Mr. Pratt obeyed the Master's call and passed from his earthly service to the greater field above Jan. 31st.

It seems fitting that one of us who has been blessed for ten years by his ministry should voice the love and respect in which Mr. Pratt's memory is treasured by so many.

Mr. Pratt's heart was so large, his kindness so unfailing, his thoughtfulness and charity towards all so sure that no one could come under his influence and not be made better.

In the midst of an exceedingly busy life he was a great reader and his sermons showed familiarity with the best religious thought. Like Abraham Lincoln he had the gift of expressing great truths in brief sentences and he painted wonderful word pictures as settings for his sermons, showing himself a close observer of nature and human life. However it was in the daily walk of every day life that Mr. Pratt's character was conspicuously fine. In business he was always fair and honorable often more generous than seemed necessary. In trouble he was a stanch friend and wise adviser.

In sorrow he was deeply sympathetic. Did any disaster come to the community his help was always prompt. His many deeds of kindness to the poor and suffering will never be known except by those who received his assistance and their number is legion.

It would be interesting if one could know how many miles his cars have carried the sick or injured to the hospital or friends to visit there.

He was always at the service of the church to furnish transportation of delegates to conventions.

He never thought of himself or his own wishes when another's need was known to him. His motto seems always to have been "service to others" and not only service but a cheerful smiling, genial service which warmed the heart of the recipient.

Mr. Pratt had little taste for small talk, but was at his best at gatherings of his brother ministers where he was much beloved, at meetings of men's clubs and in his work among boys.

His funeral was a tribute to his great hold upon the community.

People came from miles around to show their last respect for this good man.

Protestants, Catholics, rich and poor, old and young mingled their tears in a common grief.

Boy Scouts and members of the Sunday school stood by his grave tears rolling down their faces while dignified brother ministers in broken voices tried to express their love and appreciation.

To have lived a life that would have such a hold upon a community is greater than any earthly honor.

The Scotch poet said of a great man words that can fittingly be said of Mr. Pratt "He was a man take him for a' and a'. We shall not look upon his like again."

W. E. Bitgood was in Boston today visiting with his father, F. E. Bitgood, who is a patient in a hospital in that city.

February became Arctic-like again this morning, when temperatures down to 6 below zero were reported in Danielson.

John Abdallah, who lives in the Squaw Rocks district, underwent a surgical operation at the Day Kimball hospital in Putnam.

J. Wayne Haskell, who recently resigned as associate to the pastor of the Westfield Congregational church is to leave here the latter part of the week to return to his home in Massachusetts.

Chauncey Genung, Hartford, of the domestic animal bureau will be in Killingly, Putnam and Brooklyn this week to enforce the dog quarantine, effective at 7 o'clock Monday morning for an indefinite period.

Motor vehicle operators have only until midnight next Thursday to run under the present operator's licenses. The new licenses must be in use on Friday.

A further easing off of the influenza and grippe epidemic is reported from all the section hereabout.

Members of the Ladies' Benevolent society of the Westfield Congregational church have a meeting scheduled for Friday afternoon.

Miss Elizabeth R. Woodworth, whose resignation as principal of the Danielson grammar school was accepted with sincere was presented upon retiring the past week end with a beautiful silver vase and daffodils, from the pupils of all the grades of the school.

Deacon Albert C. Greene, whose funeral service was held on Saturday was for 20 years a member of the Westfield Congregational church here mention of which fact was made in the church calendar today.

Dollar day, on Saturday brought large numbers of out of town buyers to Danielson and report today on the amount of business transacted in the stores would indicate that the bargain-giving arrangement was a big success.

Warnings that no unwarranted loitering in the postoffice lobby would be allowed on Sunday has served to materially check the practice, indulged in largely by children and youthful persons.

Henry F. Morris of Pawtucket was a visitor with friends in Danielson today.

At a Washington's birthday bridge given at her home by Mrs. Frank J. Gorman of Cottage street first honors were won by Mrs. William McLaughlin, second by Mrs. George J. Heneault and third by Mrs. Lucien Lambert. Among the guests were the following from Willimantic: Mrs. Delphis Poucher, Mrs. Albert Fournier, Mrs. Roderick Godreau, Susie Cyr and Mrs. Prosper Veeiard.

Mrs. George W. Lyon has been notified by a law firm in Cleveland, Ohio, that she is a beneficiary in a will left by a relative who recently died in that city.

PUTNAM

PUTNAM GIVING UP HOPE OF GETTING HOSPITAL

(Special to The Bulletin)

PUTNAM, Feb. 24—Faith in the possibility that Putnam may fall heir to the three million dollar veterans hospital soon to be erected somewhere in Southern New England by the hospitalization board of the federal veterans bureau is slowly fading out, like the colors of a rainbow after the rain drops have ceased to fall, as Connecticut is gradually giving way to its neighboring state, Rhode Island, as a favorable location for such an institution.

Hearings were granted to representatives and delegations of the various towns and cities seeking the veterans hospital by the members of the federal board in Washington last Thursday. Putnam was not represented at this hearing since the local delegation had been previously instructed by the board that they were in possession of all necessary information concerning the sites available here.

Press dispatches that have appeared in Rhode Island papers since the board hearing last week have given "Little Rhody's" offerings the upper hand, although no official statement has come from General Hines, chairman of the federal board. As previously stated members of the general's staff were impressed with the Putnam sites, while they were on a tour of inspection of Connecticut a few months ago. At this time, President Walter N. King of the Putnam chamber of commerce, who is acting as spokesman for the various Putnam committees was assured that the Putnam sites would be given the highest consideration before the final location for the hospital is chosen. With this confidence installed in them the local workers have rested to await the fulfillment of the promises given them by the members of the national board.

THURSTON WILL RECOMMEND BUILDING OF STEEL TANK

(Special to The Bulletin)

PUTNAM, Feb. 24—Formal plans in view of a partial settlement of the city water situation will be submitted to Mayor Charles A. Richard and members of the common council on Tuesday evening, March 5, when the governing body convenes ready to receive the comprehensive report of Chairman of the Board of Water Commissioners Ralph Thurston. The plans are now being prepared for their presentation to be made in the council meeting next week, by Chairman Thurston and City Engineer George W. Perry.

Advance information received from Chairman Thurston last Tuesday evening was to the effect that the board will recommend the construction of a million gallon capacity steel water reservoir to have its location on Oak hill, in the rear of the present tank. The proposed tank will have dimensions of 85 feet in height and 45 feet in diameter. Because of its towering height the standpipe will afford the city 22 pounds more pressure than is being obtained from the elevation of the present reservoir. City Engineer George W. Perry who in collaboration with Chairman Thurston is figuring estimates, has figured the cost of the engineering project to be about $29,300 after all miscellaneous expenses are encountered.

The erection of the new tank will also involve the laying of new pipe mains to carry the reserve water supply to it. The connecting main, a twelve inch pipe line will be laid from the intersection of School and Oak street, eastward to the junction to Wilkinson and Oak streets and thence over a private stretch of land to the new standpipe. Mr. Perry has estimated the cost of laying this line at $6000.

From the junction of School and Oak streets, another 12-inch line of pipes will be laid in a northerly direction along School street to Mechanics street and from there to the Putnam Foundry, so as to eliminate a hazard which has existed for years and was the cause of the city water controversy. Costs of this project have been estimated so as not to exceed $7000.

Throughout the city there are other pipe lines that will have to be changed to as to meet the demands of the new system.

The financial angle of the enterprise has been figured out by the board and the entire costs are not to exceed $60,000 according to Mr. Thurston.

All roads of Elkdom led to New London, Saturday evening, where the New London lodge, No. 350, B. P. O. E. witnessed the dedication of their new home. Among those from Putnam present were: Exalted Ruler Keyren H. Cotter, Past Exalted Rulers John H. Bulger, James E. Murray and A. Graydon Sharpe, Edmund Gagne, Arthur Duvert, A. D. McIntyre, A. Kerawatts, William Johnson, Calvini Killiam of Putnam; A. J. Cavanaugh and Joseph Berth of Dayville, members of Putnam lodge, No. 574, were present at the dedication exercises. The first feature of the 1929 programme of the Quinebaug Pomona grange, took place in Elks' hall, on Main street, Saturday, when the officials of the forth coming year were installed into office by Master J. Curtis Hopkins of the Rhode Island state grange. Mr. Hopkins was assisted in the degree work by his suite of state grange officers.

The programme was opened by an executive session at which time all business matters confronting the pomona grange were transacted. Reports of the treasurer, secretary and executive secretary were accepted. At noon a four course dinner was served at noon by the grill committee of Putnam grange, No. 97. During the dinner hour a number of vocal and instrumental selections were rendered by local artists.

The afternoon programme was devoted to a social session. The grangers were addressed by State Master Hopkins on matters relating to proved to be both interesting and inspiring. Mrs. Daniel J. Durand, master of Putnam grange delivered an address of welcome, which conveyed the spirit of the Putnam branch of the order to the visiting members. The annual 5th degree word was given by Master Albert Anthony of Mansfield. Mrs. Myra Frink of Brooklyn rendered a monologue. This bit of the programme was intensely interesting and served to draw much approval from the listeners for the woman who cleverly enacted the role of a comedian. The progamme was brought to a close with another series of musical selections by visiting grangers.

The next Pomona gathering is slated to take place on Saturday, April 27, at Scotland.

Gilbert Perry of Worcester spent the week end at the home of his parents, City engineer and Mrs. G. W. Perry of Providence street.

BORAH DECLINES.

When the statement was made that Senator Borah had been offered the attorney generalship in the Hoover cabinet there was recognition of the fact that he was fitted for the place and if he decided to accept it would do honor to the position at the head of the department justice.

At the same time it was realized that should he accept a portfolio in the cabinet he would be giving up that freedom which goes with a place in the senate. He would be removing that opportunity for independent action which gives him so much satisfaction although his stand in behalf of law and its enforcement would be in accordance with the provisions.

Report has it that Senator Borah has declined the invitation to be attorney general. Whenever it has been intimated that he might be given a place in the cabinet it has always been set forth that such was not in keeping with the wishes of the westerner. He has been represented as preferring a senatorship and if the reports are correct he has now backed up such a claim by action.

Without any question there are those who would like to see Mr. Borah have a place in the next cabinet. On the other hand there are those who are happy over the fact that he has declined. Mr. Borah has exercised much influence in the senate even though he has not always been able to swing it to his way of thinking. He has not always worked in harmony with the administration, and because of that independence of action on his part there will be those who will believe that his declination of a cabinet place has been a wise decision.

No one need have any thought that the unwillingness to change jobs was because of the difficulties of the cabinet position. Mr. Borah hasn't been disposed to dodge work. Rather has he plunged into it just because of the opposition and difficulties involved, even though the senator from Idaho has turned down the chance to get into the cabinet Mr. Hoover has had the satisfaction of having offered him the place. Even though not accepted there is always an honor connected with such an offer.

THE COAL TAX.

While Pennsylvania hasn't as yet come to any decision in regard to the repeal of the tax on anthracite, it is getting the attention of legislators as well as those who are interested in the future of the industry.

Talk has been indulged in to the effect that the more could be done to revive interest and restore confidence in the anthracite industry by the reduction of the price of coal and by cutting the freight rates for hauling it than by any tax reduction on the commodity that is possible. There is no question but what substantial reductions would have their good effect but it is not to be forgotten that it was the anthracite tax that proved to be the straw that broke the back of the coal monopoly.

Up to that time there was little or no thought given to the adoption of substitutes. Gradually had there been accumulated plenty of resentment at the manner in which the consumer was made to suffer because of the lack of sufficient coal and because of the advancements made in the price of it. Whatever may have been said about the efforts that were put forth in behalf of the consumer he was obliged to face and foot the ever mounting bill. When the tax was put on by the state of Pennsylvania there was protest, but there was also action. Whatever thought had been given to substitutes before was small compared to the determination not to tolerate such action indefinitely.

The result has been that coal users have turned to other fuel. They have found that it brings satisfactory results with less labor, without the danger of a manufactured shortage and with various advantages which balance any of the handicaps. This has had its effect upon the anthracite industry of Pennsylvania. Production has fallen off because there is not the demand for it. It is inevitable that the tax should be considered to blame and that its removal should be urged.

It doesn't seem possible that the elimination of the tax would bring the hard coal industry back where it was. It has lost ground that it will never be able to reclaim but it is seeking to remove one known obstacle. Whatever is accomplished that will cut the price of coal will certainly not harm the coal business.

ENDING WAR.

A decidedly different state of mind must exist before the methods which have been employed in the settling of international disputes in the past are replaced by others. As we have come to appreciate the benefits of peace we have come to talk and work for peace and when Secretary Kellogg declares that the new treaty which bears his name "will certainly make it more difficult to declare war," it must be recognized that action has been taken in keeping with world thought. The treaty is evidence that the various nations are displaying a disposition to get away from the policies and acts of war days and replace them by something better.

Secretary Kellogg puts his finger on the point when he declares that mankind can never cherish genuine hope of abolishing war until peace psychology supplants the psychology which through the ages has looked upon the arbitrament of arms as the logical means of settling international disputes. It is in keeping with that view that the nations have acted. They are making war more difficult. They are acting for their own welfare and every step in the right direction is to be commended.

There is the possibility that there will be some that will backslide, but even in that inclination or actual action there should be the remonstrance of a sufficient number of the other nations to bring them back to a realization of the desirability of the other course. The treaty represents a change in sentiment. That change should be encouraged and developed. The greater the opposition to the old methods the better the success of the new.

It may take some years to bring about a complete change in sentiment and actually get war thrown into the discard but every move like the Kellogg treaty against war gives it a boost in the right direction. The treaty doesn't deny to the nations the right of self defense, but it is to be realized that if the various nations insist upon the outlawing of war and doing their part in that direction there will be no need of resorting to any defense however much it rests upon each nation to be prepared to safeguard itself.

AIDING NICARAGUA.

When the senate reconsidered its action in regard to the denial of further funds for the maintenance of troops in Nicaragua after the first of July it did only what was to be expected of it.

It can be readily seen from those who opposed it that there was an effort to embarrass without giving due regard to the situation prevailing and the reason for it. What might be the situation in that republic today but for the aid which has been given by this country in the interest of peace is unpleasant to contemplate. Nicaragua has suffered greatly from conditions within. Perhaps it is due to experience further harm from the same cause in the future but there can be no mistaking the good influence which has been shed by this country in establishing peace, giving the country a chance to go to the polls and enjoy a full and free expression on election day and after that to experience the benefits of the much needed relief from revolutionary tactics.

It is to be recognized that we are not there because of a desire for a fight or to do anything else than to protect American rights and give aid to a neighbor at a time when it was needed and solicited. Nicaragua is experiencing the benefit of it. This country is likewise getting results through the establishment of peace instead of strife in an American republic.

It would be a mistake to withdraw from that republic before conditions had become fully stabilized and allow them to revert to what they were before. That would amount to a waste of effort. How long the marines will be kept there is a question but if the job is worth doing it ought to be done well and in such a manner that it can be expected to have a lasting effect. In the interest of peace it is money well spent.

AN INFLUENZA CURE.

One of the widespread demands for years has been a cure for influenza. From time to time, in spite of the success which is displayed in treating it, the claim is made that the medical fraternity is baffled when it comes to influenza. Probably this means when there is a decided distinction made between influenza and the grippe.

While there will be a demand for full proof interest is bound to be halted by the statement which comes from Germany to the effect that two professors have produced a cure for influenza. They will be expected to put their cards on the table and show that they are dealing in facts and not furnishing material for a sensational news story for it is to be remembered that there is a long list of "cures" which do not cure.

If they have succeeded in accomplishing such a thing as a cure for the disease which spreads so rapidly and can furnish the means of checking an epidemic they have rendered a great service to mankind. It is to be hoped that the claim is true, that the drug which they have obtained from a South American vine will be as effective as the most enthusiastic promise. The world needs it in the fighting of this disease where mortality is so high. But in this as in many other directions there is something more necessary than an alluring tale. The world is ready to have faith if the proof is provided and that is one thing that the medical fraternity can be expected to insist upon before the new weapon can be expected to be employed in the fighting of a malady which appears all too often. It is another case where there should be deeds as well as words.

EDITORIAL NOTES.

The man on the corner says: It is going to be time before long for some of that 11th hour work on the income tax returns.

In wanting to go to Germany possibly Trotzky figures he can cause the most trouble there.

Occasionally we get evidence that those who have been picking the Hoover cabinet haven't been doing a good job.

It was to be expected that the groundhog would be partly right but should winter prevail in earnest until the rest of the 40 days are up he could be only half right.

The average loot in the robberies of 1927 was, according to Warden Lawes of Sing Sing, only $30.75. Well, that's too bad. More people should have thought of that and left their money where robbers could have gotten it in larger quantities and more easily.

WOMAN IN LIFE AND IN THE KITCHEN

SUGGESTIONS FOR THE HOUSEWIFE

Always cut toast in small squares when making cream toast. It is much easier served cut this way.

Colored oilcloths on sale in the department stores make attractive covers for kitchen tables.

Do not break cauliflower up too small when cooking it. Keep each flower whole is possible.

When frying fish brush it with salad oil instead of an egg, then roll in bread crumbs and it will fry a rich brown.

Keep a pair of cloth gloves in the living-room to put on while dusting or when putting wood in the fireplace.

To remove finger marks from polished furniture use a piece of chamois wrung out of cold water and polish with dry chamois.

If canned vegetables are boiled about four minutes after they are taken from the can, they will taste very much like fresh vegetables.

When preparing oysters for frying, dip them first in flour, then in egg and cracker dust and you will find that the cracker will stick to them better.

French dressing may be made in quantity and kept in a jar in the refrigerator. Just before using, shake well.

If a glass is accidentally dropped on a rug and broken, the small pieces may be easily removed with a damp woolen cloth.

Diced pineapple used as a base for chicken salad gives it a delicious flavor.

Peel onions under water and save the tears.

Both alcohol and turpentine are used to remove paint and varnish stains. They should be rubbed on and off quickly.

To keep waffles crisp, take them from the waffle iron, place them on a cake-cooler and set in the gas oven after turning the gas low.

When molding gelatine fill the mold first with cold water, let it stand a few minutes, then pour the water out, shake the mold dry, pour in the gelatine and set away until firm.

If you have a small quantity of pie crust left over, roll it thin, cut into squares, sprinkle with sugar and cinnamon and bake until crisp. These are very good served with sauce for dessert.

FOR A CONVENIENT SINK.

The three requirements for a convenient kitchen sink are given in the February American Home:

First: Have the sink the right height: don't have it too low. For the woman of average stature, the top of the sink rim should be 36 inches from the floor. Sinks may be bought with legs having two inches of adjustment.

Second: Have two drainboards, one on each side. If there is no room for a permanent left hand drainboard, one can sometimes be fastened to the wall on hinges and let down when not in use. Wooden drainboards are very satisfactory and less likely to break dishes than those or enamel or zinc.

Third: Have a swinging faucet for hot and cold water mixed and an extra attachment for hose.

NOVEL CLOTHES HANGERS.

There is a new contrivance that does away with the sewing of sachet bags on to your dress hangers. It is a hanger made of colored celluloid with a hollow at each end on the under side, designed for the insertion of a wad of sacheted cotton. These hangers make excellent bridge prizes as well as dainty closet accessories.

HEALTH AND BEAUTY.

Lemon juice and milk rubbed on the face and neck before retiring is a splendid tonic for the complexion. Pat it in until absorbed.

Women who brave all weathers should be very faithful to the daily use of an eyebath. Eyes that have a bath of boracic acid lotion every morning do not get that weather-beaten look which too often characterizes the open-air girl.

The hands can be kept dainty with a lotion which is applied when they are washed. This is better than a night cream, which means wearing gloves overnight, and so making the hands sensitive. An ideal lotion for the purpose is the almond emulsion recommended for the face.

ELECTRIC FAN.

Many people tie up their electric fans and put them at the back of a high shelf when winter comes. There are many cold-weather services to be had from a fan. Here are some of them:

For distributing the heat from a radiator through a room quickly.

Hastening the drying of wet shoes or gloves and stockings after cleaning or washing.

Quickening the cooling of fresh cake and pies.

Hurrying the dehydration of fruit and vegetables.

Removing the dampness from clothes after ironing.

Furnishing a draught for the furnace when it is slow in warming up.

Spurring the heat register or sluggish radiator to activity by turning a breeze on.

WOMAN'S DESK ACCESSORY.

A most useful desk accessory for the woman who lives far from the postoffice consists of a small set of scales for weighing mail, and a narrow glass-covered box with compartments for stamps of four denominations.

MAKES FURNITURE LOOK NEW

Many a person sighs for new furniture or new woodwork effects, but is denied them because of expense.

And yet all the while, some of the things desired are right in the home.

Furnishings are often considered "old," but the chief difference between them and the new things is merely the state of the surface.

Most discarded furniture, underneath its outer film of worn varnish, is as staunch and as graceful as ever.

All it requires is a fresh outer coating to restore its youth. It takes the years off wood and metal surfaces, starting them afresh in a life of use and beauty.

ASHES OF ROSE.

A lovely coverlet for a chaise-lounge, made of ashes of rose taffet, is heavily quilted in an intricat design. A narrow oblong pillow accompanies the robe. Both are finished with a deep frill of the silk.

HAT-STANDS, COAT HANGERS.

Extremely good looking are coat hangers, covered with velvet, which are matched with tall hat-stands covered with the same and topped by gay little heads covered with a wild mop of woolly hair.

DICTATES OF FASHION

Gay little berets to carry South are made of a lacelike jersey, which is new and exceedingly chic.

Plaids appear in silks, wools, and ginghams for dresses in straws for new spring hats and in silk ribbons and trimmings.

Picturesque little pajamas for small children are of cotton crepe embroidered in wool, and cut like coolie coats and trousers.

The ever popular cardigan is most becoming when developed in the silk of which neckties are made, and accompanied by a tennis bandeau of the same silk.

Early spring millinery displays a penchant for wide or irregular sides. The vogue of having one side long and the other short is interesting.

Long narrow scarfs of kid caracul are shown on the upper avenue, as a separate scarf or completing the collars of tweed sports coats.

A new beaver wool coat of soft alpaca that weighs only a few ounces is shown in the straight manish style and in the belted model for spring wear.

Small bags of quilted calico are cut barrel-shaped and finished with slide-fasteners. They have from the wrist by a small strap of the material.

So important is the ensemble in dress that matching skirts are made for long coats. Thus all that is necessary for a complete costume is a harmonious blouse.

Adding interest to silk prints is that with a border of contrasting color to accentuate the small design. This is a significant spring trend in printed patterns.

To wear with southern clothes there are gay little shoes made of Chinese printed challis, and to carry there are bags and scarfs of the same brilliant material.

Gingham check is being used as the pattern on silk blouses cardigans and even on straw hats. Silk blouses in this pattern made with Peter Pan collars are worn with jacket suits.

SPRING PRINTS DISTINCTIVE

In case you've wondered whether this spring's prints will differ radically from last year's, you'll be interested to know that this year's prints have several novel features of distinction. For instance, there are the ensemble prints—the same pattern on one heavy and one sheer fabric used together the reversed color scheme, that is—the same pattern reproduced in exactly opposite color scheme.

JACKET AND FROCK

Short jackets reaching to the hips or a trifle longer are among the novelties that women are taking in their trunks to the south this season. They are particular charming when developed in linen in a solid color, and worn over a frock of sheer printed linen.

EVENING PRINTS

For the south, indeed for immediate wear, no wardrobe, which prides itself upon being up to date, should be without an evening gown of printed silk. One charming model has a deep decolletage in the back, a most irregular hem-line, and a great puff of the material placed upon the left hip.

LAUNDRY HINTS

Clothes will not freeze if you add a handful or more of salt to the last rinsing water.

To prevent clothes freezing to the clothes line go over the line with a damp cloth sprinkled with equal parts of baking soda and salt.

Rayon garments should never be hung in the wind, as the strain is hard on fibers and might cause them to separate. The smooth fiber of rayon does not wrinkle during drying so that the articles can be laid flat, hung over the back of a chair of a clothes line and allowed to dry.

To dry a woolen sweater in freezing weather, wash it, wring with the hands until quite dry, then place a Turkish towel on top of a radiator and drop the sweater on the towel. Heat from the radiator will quickly dry the sweater and it will not stretch.

AID IN CLEANING

A vinegar and salt solution is an aid in cleaning. Make a paste by moistening one-third cup of salt with one-quarter cup of vinegar. Apply on a soft cloth to stained or streaked porcelain or enamel table tops, breakfast tables or plain wooden tops of tables. With a little rubbing the articles will be cleaned. Finger marks on woodwork can quickly be erased by the application.

This solution, placed in the bottom of flower vases, will remove stains. Copper and brassware will be improved by an application.

THE PLUMBER SAYS

Even one teaspoon of sand will cut and wear a sink waste pipe more than gallons of water; hence spinach and other sandy vegetables should be washed in a pan and the water carefully drained off to avoid the sand passing down the pipe.

Water pipes will not be so apt to freeze if you mix equal parts of glycerine and melted paraffin and paint the exposed pipes with this.

You can clear clogged wash basins by mixing a handful of soda with a handful of salt and forcing this down the pipe; leave it half an hour then pour in a liberal supply of boiling water.

Pouring the left over milk into the sink is a bad habit, as even a small quantity daily will foul the pipes unless they are thoroughly flushed with water and washing soda.

WATER

Campers have found that water may always be purified for drinking purposes by adding to it powdered alum in the proportion of one tablespoon to four gallons of water. Stir quickly and allow it to stand. Impurities will sink to the bottom.

CONCERNING WOMEN

Throughout the United States there are upwards of 100,000 nuns of all orders of the Roman Catholic church.

In Turkey, women take all their family shopping and the entire group enters into the discussion of a purchase.

Women are now permitted to smoke in hotels controlled by the Missouri-Kansas-Oklahoma Hotel Men's association.

The General Federation of Women's clubs is made up of more than 2,000,000 club women of the United States.

Native women in China under 30 years of age, must bob their hair. They are also required to unbind their feet regardless of their age.

Mme. Lize Maria Mayer, composer, is the only woman conductor of opera in Vienna, Austria. Her latest composition is a symphony called "Kokain."

LETTERS TO THE EDITOR

Commissioners No Longer Supreme

Mr. Editor: Mr. Pitcher's letter shows that the owners of the gas and electrical plant should turn out and do something definite at the coming city meeting. As I understand it, the recent opinion given by Judge Christopher L. Avery of the superior court gives the voters full control of the situation and a resolution instructing the court of common council to take action would mean that the gas and electrical commissioners are no longer supreme.

FRANK V. SMITH.

Use of Gas & Electrical Dept. Funds

Mr. Editor: I am enclosing clipping from your paper of June 30, 1928, which I am asking if you will please publish and I can now see why vouchers similar to the ones described in the clipping have ceased to appear in the records of the court of common council. Mr. Pitcher has certainly brought something to light when we find that the gas and electrical department's petty cash account is something over $8,000 for one year's time and the fact that the party from the department spent a week at Atlantic City and no vouchers appear.

It is not to be wondered at that the chamber of commerce has never made a suggestion as to the management of the gas and electrical department if the facts in Mr. Pitcher's questions are so. In talking with a member of the chamber of commerce this morning I find that all members are not at all pleased with the money being paid to the chamber of commerce by the gas and electrical department, and to think of a man in the employ of the city who is being paid at the rate of $8,000 per year with family automobile furnished and many other items paid for by the city, having his personal dues to the chamber of commerce paid by the department seems almost unbelievable.

The citizens spoke in no uncertain terms at the last city meeting and I for one believe that the commissioners will learn at the coming city meeting that the owners of the plant have something to say. I am looking for a large attendance of the stockholders of the gas and electrical department at the coming city meeting.

FAIR PLAY.
Norwich, Feb. 24, 1929.

The clipping follows:

"We read in the report of Alexander H. Manos, city auditor for 1924-25: Receipts from gas and electric department see exhibit B. $724,012.12 Payments for gas and electric department see exhibit C $727,823.83; excess of payments over receipts $3,811.71, also fine for speeding incurred by Earl G. Taggart, voucher 1-204 $38.92, voucher 281, Charles W. Taggart, traveling expenses, Detroit $98.01; voucher 281, Charles W. Taggart, traveling expenses, Philadelphia-Boston $97.50; voucher 302, Charles W. Taggart, traveling expenses, Detroit, $158.75; voucher 305, Earl G. Taggart, traveling expenses, sales manager $18.53; voucher 5-257, Earl G. Taggart, traveling expenses, Atlantic City, $78.50; voucher 4-238, Earl G. Taggart, traveling expenses, Boston, $42.00; voucher 4-238, Earl G. Taggart, traveling expenses, Hartford, $6.35; voucher 1-212, Earl G. Taggart, commissions $109.30; voucher 3-218, Earl G. Taggart, traveling expenses, Boston, $19.00; voucher 3-278, Earl G. Taggart, traveling expenses, New York, $41.40; voucher 3-51, Earl G. Taggart, commission $119.35; total, $828.51."

The Recent Revaluation

Mr. Editor: I was greatly interested in reading the article in The Record of Feb. 19 regarding the action of Mr. Pitcher, and I believe he should receive the support of every taxpayer who has reason to be dissatisfied with the recent revaluation of the office of the board of relief, seeking a reduction of their taxes. I believe a majority of the taxpayers are dissatisfied with the recent revaluation. I think it would greatly interest your readers if the board of relief would furnish The Bulletin with the number of applicants seeking relief. The members of the board of relief were very courteous and promised to inspect the property of all complainants, but what puzzles me is, if it would have taken the assessors so many years to revalue Norwich property, how long will it take the board of relief to inspect the property of all these complainants? People living in the various sections of the town have a pretty accurate knowledge of the value of their own property, as well as that of others in their vicinity, and from all sections of the town come complaints of the inequality of the recent revaluation.

For the sake of illustration, I own a piece of land on the Old Canterbury turnpike, about one mile south of Occum, comprising one acre of cultivated and nine acres of wood and brush land. Upon looking up the tax map, I found one building lot, valued at $300. Now in the 60 years I have lived in this vicinity, I have never known of a building lot being sold, and I doubt very much if anyone sells one in that neighborhood in the next 60 years. But the gentlemen who valued the property were very strong on "building lots," and it didn't seem to make any difference whether the "building lot" was located on a state road, or on a country road, two miles from nowhere. All these "lots" had a par value of $300. At any rate, I had two lots valued that way although one was worth five times what the other was. But I suppose these gentlemen meant well. They probably entertained the idea that the population of Norwich would increase so rapidly after their revaluation, and building lots would be in such demand, that a lot located in any old place would be worth at least $300.

Voice of the Owners

Mr. Editor: I hope the gas and electrical commissioners by this time will have been able to hear the voice of the owners but if their hearing is still bad they will surely be able to read The Bulletin next Thursday morning and learn that anyone can fool the people part of the time but you cannot fool them all of the time.

Doubtless you will recall that the last city meeting was held on a very rainy night with an attendance that more than filled the town hall and I believe that if the weather is at all fair those who do not come early will not be able to even get up the stairs at the coming city meeting.

There are not many times that the women have a chance to be in the front ranks during a fight but this is a time when every man's wife, daughter and son will turn out to defend his rights.

Our forefathers fought with shot and shell that we might live in a free country and do away with taxation without representation, but the commissioners have made an attempt to put an electric tax on us owners which will not be tolerated. The vote of the owners will surely mean something.

Memorial day is the one day in the year that we set apart in memory of those who died that we might live in a free country and the gas and electrical commissioners have always been glad to parade up and down on our streets with the veterans of past wars, but should they be permitted to do so this year? I say, no.

OVER-BURDENED TAXPAYER.
Norwich, Feb. 23, 1929.

Unpleasant Experiences

Mr. Editor: I hope that the coming city meeting will give some relief to the home owner.

When I purchased my home I made arrangements with the gas and electrical department to supply me with gas and electricity. I had been occupying my home but a short time when fortunately I discovered a large gang of men who had come to my place and were about to dig up the lawn, which had not been disturbed for over 25 years, to install a new gas service from the street to my house. I had not been consulted in any way about this matter and if I had not been at my home at the time that this attempt to ruin my lawn was made the lawn would have been ruined.

I have known of other cases where a situation similar to mine has arisen and I have also learned of cases where the department has slaughtered shade trees in front of the homes of users with absolutely no regard for the owner.

The attitude of the management of the department in regard to rates seems very similar to my experience with them since coming to Norwich. Every month when I pay my telephone bill and electric light bill I cannot but notice the difference in the two offices. At the telephone office courtesy is always shown the user but in the office of the gas and electrical department courtesy is apparently unknown.

Our very high taxes and unreasonable electric rates are most discouraging for a person trying to make their home in our community.

Operation of Our G. & E. Dept.

Mr. Editor: I am asking for some space in your paper for the presentation of some facts which have interested me for some time in connection with the operation of our gas and electrical department.

I can never forget the loss of two lives which was caused by electric current near our home when living on Crescent street, and I believe I am correct when I state that four lives have been lost by coming in contact with the electric system of our gas and electric department during the last few years.

Poles have fallen on Sachem street (in front of our house), Chestnut and other streets, including Water street, where a pole fell through the cab of one of the trucks of the public works department, almost killing two men. I was unfortunate enough to be an eye witness to this last related occurrence.

Several weeks ago the department ran electric wires under the telephone wires and along fence posts within five feet of the ground on the Gallows Hill road and I understand that if conditions are right any innocent human being, as well as dumb animal, might come in contact with one of these wires and be killed instantly.

The public utilities commission of the state of Connecticut, I have been told, has no jurisdiction over the lines of the gas and electrical department except where run on poles jointly with some other company and it seems to me that some arrangement should be made whereby the lines of the gas and electrical department could be under the supervision of the utilities commission the same as lines in other cities which are owned by private corporations.

Is it too late to secure some legislative action which would secure for Norwich the same kind of protection that is enjoyed by cities served by privately-owned light and power companies?

Experience With Refrigerator Rate

Mr. Editor: Mr. Pitcher's letter to the fact finding committee is most interesting and I regret I did not write the committee of my particular experience before the completion of their report, but I hope at the city meeting that this committee can tell me why the gas and electrical department have refused to seal my refrigerator while not in use during the winter months. The department informed me that under the new rates there was a charge of $1 per month for the use of any electrical refrigerator which made a specified demand on the line, and that this charge would not be abated when it was not in use. Also they said they did not seal refrigerators during the winter season.

One of the department's employes inspected my refrigerator, reporting to us that "it was 19 points under" the border line between the 50-cent and the $1 charge, and that my monthly charge would be but 50 cents. However, the office of the department, in calculating my bills, found the charge was $1 and that it would continue to be $1 regardless of what their employe told me.

To aggravate the situation, I know of several electric refrigerators which are in use and the users are not charged anything. I know of others whose refrigerators have been sealed by the department and the monthly charge struck off. Also there are other cases within my knowledge who have electric refrigerators the same size and make as mine that are carrying a charge of only 50 cents per month.

Doubtless it is a fact that nine people out of ten do not prove their electric and gas bills and, under the present methods, it is difficult if one so desired. Would it not be better if the rates were printed on the bills so the consumer could check against errors?

If the report of the fact finding committee results in any changes of rates, it is to be hoped that such rates will be clearly stated on the bills and that the different types of charges will be reduced to a minimum with an element of reason applying. It seems poor logic to have two motors alike in size on the same line and meter, with one carrying a monthly charge and the other carrying no charge whatever.

A Washington Bystander

By KIRKE L. SIMPSON
Associated Press Staff Writer

WASHINGTON, Feb. 24—It seems fairly clear now that President Hoover will have some sort of a naval limitations extension project to deal with very early in his administration.

When the astute and experienced diplomat, Sir Esme Howard, British ambassador, is willing to go far enough to predict publicly that his government will initiate a naval conference movement, it's safe to say definite action is in prospect.

Sir Esme on Job

It is worthy of note that Sir Esme was so deeply interested in the passage of the cruiser bill by the senate that he put in most of that afternoon in the sacred diplomatic gallery which usually gaps impressively with vacant seats at stirring doings on the floor below. The Bystander would very much like to know exactly what Sir Esme cabled to Downing street that night.

What sticks up like a sore thumb is that the Washington government and President-elect Hoover must have had some sort of advance notice that a British gesture to heal the cruiser limitation breach soon would be forthcoming.

Secretary Kellogg has denied having heard anything about it "officially." That word official is greatly overworked in diplomacy. It means a lot more to diplomats than it does to laymen. There is no escaping the conclusion that "unofficially" President Coolidge, President-elect Hoover and Mr. Kellogg undoubtedly knew that Downing street was hatching something. Hence administration resistance to the time clause in the cruiser bill.

Borah is Skeptical

It seems a fair assumption that Senator Borah, father of the freedom-of-the-seas conference suggestion put into the cruiser bill, does not regard Sir Esme's contribution as indicating any great hope of realization of his plan.

And if Downing street is not thinking along the Borah line but has some other idea about a new cruiser limitations formula, what can possibly be its basis? After the Anglo-American head-on clash on cruisers that broke up the Geneva three-power parley, only to be followed by a similar and just as violent disagreement over the Franco-British naval accord matter, there seems little room for anything short of a surrender by one side or the other. Washington isn't talking or thinking surrender. Instead, it is building cruisers, with congress outpaying the white house in eagerness to get at the job.

YOUR INCOME TAX

Income includes gains realized by the sale of a single piece of property, as well as from the sale by a person engaged in buying and selling as a business. Ordinarily, gain or loss resulting from the sale of property acquired by purchase after Feb. 28, 1913—the first income tax law applying to individual incomes became effective March 1, 1913—is the difference between the cost and the selling price. The gain is income for the year in which the sale is made and cannot be prorated over a number of years. For example, a taxpayer bought in 1919 a piece of real estate for $5,000, which he sold in 1928 for $7,000. The $2,000 profit is taxable income for the year 1928.

"LENT AND MY HOME"
Memory Verse for Monday

"Children, obey your parents in the Lord; for this is right" (Ephesians 6:1. (Read; Luke 2:39 to 52.)

MEDITATION: It is God's wise and loving arrangement that the inexperience of childhood and youth should be governed and guided by the wisdom and the unselfish affection of parents. If it be true that children are losing respect for parents and that parents are today relaxing authority over their children, it is ominous. To pandon parental discipline is not kind but cruel. It does not even make for the present happiness of the children. And for the future it consigns to mistakes and miseries incalculable. A spoiled child is a spoiled life.

PRAYER: Our Father in heaven, we pray for all children. Give them, we pray, dutiful and willing spirits. Make them ever thoughtful of others and so guide their lives that they bring no sorrow nor dishonor to their parents. So direct them that they may add to their parents' comfort, not to their cares. And may they bring peace to their parent's hearts, not anxiety nor fears. Amen.

Stories That Recall Others

Bridge Night.

Edward was trying to persuade his mother to permit him to go coasting. She stood firm on her first decision.

"Well, suppose I'll have to wait for Wednesday," said the lad.

"Why do you expect to go Wednesday?" asked his mother.

"Because that is bridge night and dad and I always go on a lark while you are bridging," replied the lad triumphantly.

Poor Sight.

The car was crowded and many were standing. An elderly man with poor sight was sitting, and before him was standing a young woman who dropped her handkerchief accidently into the man's lap. Another man saw the handkerchief in his lap, whereupon the old man, looking down and mistaking it for part of his apparel quickly tucked it out of sight and rode peacefully on, the woman being none the wiser for her loss, as she had not known the handkerchief fell.

Pimples

Pimples vanish like magic with the new remedy called Kitagran—a pleasant, harmless tablet easy to take. It clears up the impurities in the blood so quickly that pimples often disappear within 24 hours. Kitagran can be obtained at Lee & Osgood Co., and leading druggists, who will return purchase price if you are not thoroughly satisfied.

FATAL SHOOTING AFFRAY IN NEW YORK RESTAURANT

NEW YORK, Feb. 24—(AP)—One tailor is dead and another, who lies in a hospital seriously wounded, is charged with homicide as a result of a shooting affray in a crowded downtown restaurant tonight. Witnesses give two widely different accounts of the shooting.

One version was that Tony Marino, 27, who was eating in an alcove with a companion, Salvatore Ahiello, 35, drew a revolver and fired at Ahiello, inflicting injuries which later caused his death. Then according to this version Ahiello took the revolver away from Marino and wounded his alleged assailant in the chest and shoulder.

The second account was that three men entered the restaurant and that one of them fired at the two tailors, escaping after both were wounded.

All the witnesses agreed that just before the shooting a young woman had entered and talked briefly with the two men.

$90,000 FOR IMPROVEMENTS AT THE NORWICH TELEPONE EXCHANGE

Exchange Manager H. S. Lyon Sunday made public the constructive plans of the Southern New England Telephone Co. for the local exchange area during 1929. Mr. Lyon said the company will spend about $90,000 on the improvement and enlargement of its exchange plant during the year. This extensive programme is planned to meet an expected large increase in the demand for telephone srevice.

"During 1929 this company", said Mr. Lyon, "will undertake new construction work in the Norwich exchange involving a total expenditure of about $95,000. "From the pubil's point of view, perhaps, the most important, but not the most costly, item on the list, is that for central office equipment to cost $5,000. Without going into the detail of this item it may be mentioned that this will be spent on switchboard additions and other such equipment.

"One of the big items on the list of company expenses is $25,000 for new equipment to be placed on subscribers premises, that is telephones for the homes, offices and other places of business of subscribers. Our estimate of thec ost of subscribers' station equipment is based on the expected net gain in the number of telephones during the year and from the amount which we probably will spend on this class of plant, it is plain that the company is looking forward to a sound and substantial telephone development in this locality.

In other words the company expects the present commercial activity of Norwich and nearby places to improve during the year and is making its plans to meet the telephone demand which comes with any general commercial activity.

"The programme for additions to the exchange aerial and underground cable here is an extensive one and represents an outlay of about $20,000. Within the exchange area we will place 14,075 feet of new cable which, it may be interesting to point out, will contain 70,275,000 feet or 1,331 miles of copper telephone wire. This class of new plant will add much to our facilities for serving all sections of the exchange. For our underground cable it will be necessary to lay conduit which will cost about $5,000.

"About $35,000 will be spent by the company on general improvements and plant extensions, work that is not easy to classify in such a statement as this. However, it covers poles, wire and miscellaneous jobs throughout the exchange."

These amounts, Mr. Lyon stated, represent only the cost of material and labor for construction of new plant and do not include any amount for operation or maintenance.

Mr. Lyon stated that at the close of 1928 there were 6,587 telephones in service in the local exchange, a net increase of 261 for the year. The company anticipates a large net gain in telephones during 1929 and the work planned here is designed to care for that development.

On an average business day, as disclosed by accurate counts, there are 27,260 originating calls handled in the exchange. This total is divided as follows, local calls 25,840, A-B calls, that is calls to nearby exchanges, 672 and long distance calls to points further away from Norwich and to complete which the toll operating force is necessary, 748. Nearly 1,500 toll calls a day are handled at the local exchange.

UNION CHURCH SERVICES OPEN THIS EVENING

Rev. Henry Howard, D. D., noted pastor of Fifth Avenue Presbyterian church of New York city is to be the preacher at the annual series of services under the joint auspices of the Norwich Young Men's Christian association and the churches of the city.

These services will be three in number and will be held in the United Congregational church beginning this (Monday) evening at 7.30 o'clock. Dr. Howard came from Australia. He has held many prominent pulpits and a few years ago accepted an urgent call to the Fifth Avenue church. His messages have been heard by increasing numbers and his weekly messages by radio are eagerly listened to by people all over America.

Dr. Howard made such a favorable impression last year in the series here, that th committee, heeding the many requests for his return to Norwich, secured him again this season. The services are open to the general public.

OBITUARY

Walter G. Peck

Following a long illness Walter G. Peck died about midnight Friday at his residence, No. 35 Mechanic street. He was a resident of this city for 11 years and was the son of George and Alice Merrill Peck. Mr. Peck was born in Charleston, N. H., May 26, 1855, where he acquired his early education. He was united in marriage with Mary Cameron in Keene, N. H., Oct. 28, 1892, and besides his widow is survived by two sons, Roland Peck of Yankon, Texas, and Eben H. Peck of Woonsocket, R. I. Mrs. Luella R. Carr

Mrs. Luella R. Carr, widow of Lavi R. Carr, died at her home, No. 30 Sherman street, at 4 p. m., Sunday. Mrs. Carr was one of the oldest residents of the Falls section, her family moving to Norwich when she was a child. She was the daughter of the late Samuel Brayton and Polly Wilbur Brayton. She is the last of her immediate family, her sister, Mrs. William Co, passing away in Providence two years and six months ago. Another sister, Mrs. Susan Grady, also died in Norwich. Her husband was a surgeon in the Civil war. Mrs. Carr was a member of the Central Baptist church and took much interest in the church affairs as long as her health permitted. Mrs. Carr leaves two nieces, Mrs. Trafford Mory, of Norwich, and Miss Linda Co, of Providence, and three nephews, Dr. Howard Brayton, of Hartford, and Irving Cox, of Providence, and Marcus Grady, of Norwich. Mrs. Carr was born in Knightsville, R. I.

George D. Fillmore

George D. Fillmore, 74, an accountant at the Thames National bank and former manager of the Ponemah store, Taftville, died at 5 o'clock Sunday afternoon at his residence, No. 9 Walnut street. He had been in ill health since Feb. 1, but was only seriously sick for a few days.

Mr. Fillmore was born in Norwich, Oct. 12, 1855, the son of Ralph H. and Anna Elizabeth Fillmore and acquired his education in the public schools here. His ancestors were among the first to settle in Norwich. At an early age Mr. Fillmore went to Taftville, where he entered the employ of the Ponemah store, with which he was associated for 23 years. For several years he was manager of the store.

After residing in Taftville for about 25 years Mr. Fillmore came to Norwich and on Jan. 15, 1894, he was united in marriage with Grace Albertson in this city by Rev. Mr. Bidwell. For the past 25 years he has been employed at the Thames National bank as an accountant. Mr. Fillmore was one of the oldest Masons in the city, being a member of Somerset lodge, No. 34, A. F. and A. M. nad was a member of Uncas lodge, No. 11, I. O. O. F. He attended the Universalist church.

Besides his wife, Mr. Fillmore is survived two daughters, Miss Georgia W. Fillmore of this city and Mrs. Alizabeth Jervis of New Haven and two sons, Lyle H. Fillmore and R. J. Fillmore, both of this city. There are also three grandchildren in New Haven.

Mr. Fillmore was a loving father and husband and a kind neighbor and was well and favorably known in Norwich and Taftville. His many friends and acquaintances extend deep sympathy to the surviving members of the family.

Round Table Study Class

The Round Table study class of the music department of the Woman's City club will hold its regular monthly meeting this (Monday) evening at the club room in the Wauregan hotel. The subject "Chamber Music," will be discussed by the class. Current events are in charge of Miss Cardwell and the music for the evening will be furnished by the Norwich trio, George Gutle, violin; Sizmund Rondonowsky, cello, and Ruth Dreschler, piano. The trio will play a Sonata by Lolliet, and a number of selections, both classical and modern. The evening is to be in charge of Miss Margaret Suck.

KEEP GOD'S COMMANDMENTS SAYS PASSIONIST FATHER

"We must keep God's holy commandments, especially at this time when there is so much looseness of thought and actions," said Rev. Adrien Lynch, C. P., of the Passionist monastery, of West Springfield, in a stirring sermon at the Sunday evening vesper service at St. Patrick's church before a large congregation.

"Our Lord was the One sent by God to bring the people back to God. He admitted that He was indeed and in reality the Son of God. Is He the son of God? You know and believe He is the son of God. He is the true God equally with His Father and the Holy Ghost. It is a truth we can never speak too much about. Our whole religion depends upon the adhesion to this truth."

"The welfare of the whole nation depends upon the welfare of the home," he continued. If we believe in Christ we must hold to His idea of marriage, the propagation of the human race. In Christianity there is no such a thing as divorce. They are bound till death and yet one man in al in the world is divorced. If a married couple do not have children they are living in mortal sin."

The choir sang the Italian Vespers of Mercadante. This composition with its brilliant accompaniment makes exacting demands on the performers. The singing was given under the direction of Henry J. LaFontaine, who also presided at the organ. The program follows with soloists: Domine ad Adjuvandam, Mercadante, Miss Sadie A. Driscoll; Dixit Dominus, Macadante, Miss Driscoll, Messrs. Walter LaFontain, Horace Corning; Laudate Dominum, Rosewig, Mrs. E. Doyle; Beri Creator, Himmel, Roderick Sullivan; O Salutoris, Dooley, Horace Corning; Tantum Ergo, Sorin, Mr. Sullivan; Concordia, Deems-Taylor, male chorus.

A banquet was held at the Hotel Mohican in honor of Grand Exalted Ruler Murray Hulbert of Hartford and Past Exalted Ruler Malley. More than 150 were present. At the same time visiting guests were being served a supper in the state armory on Washington street. At 9 o'clock all adjourned to the new home where an elaborate program of vaudeville entertainment was provided.

BERT LUCAS WATCHES SHARKEY AND STRIBLING

Herbert W. Lucas of this city, who is passing the winter at Miami, Fla., writes The Bulletin that he recently saw Sharkey go through 11 rounds of very spirited boxing at the Miami Beach Kennel club. Sharkey was boxing with Paul Hoffman and Johnny Risko. "I had a ringside seat," said Mr. Lucas, in his letter. One Eye Connelly was put out by a police officer but he came back again. He wears his cap half way round his head.

Sharkey was in wonderful form. He skips rope, punches the bag and takes a four mile run every day. He has the best set of sparring partners he has ever had.

Mr. Lucas also saw Stribling go through six rounds of stiff practice. He seems to be lighter than Sharkey, Mr. Lucas writes. Under date of the 17th Mr. Lucas writes: I saw Sharkey train today before the largest crowd yet. Sharkey has a bad left hook. However, he seems to be slower than Stribling in his training. He seems to be specializing in a body attack.

Washington Programme

At the Baltic Day Nursery, Friday afternoon, the children gave a Washington's programme. Ernest Hartley sang Columbia, and other numbers were: Recitation, Eunice Hartley; Irish jig, Paul Beloquin; dance, by Doreen Orme; song, There's a Rainbow Around My Shoulder, Lillian Bassette; recitation, My Flag, Mary Parkinson; acrobatic stunts, Emory Cote, Jr.; recitation, Clarie Bassette. Mrs. Amelia Barrett and Mrs. Lillian Keogh, the supervisors, served ice cream, cake and candy, and games were played by the children.

OUTLINE ACCOMPLISHMENTS OF LOCAL COMMERCE CHAMBER

The executive committee of the campaign to expand the programme and budget of the Norwich chamber of commerce has written an open letter to the citizens of Norwich calling attention to the past achievements and inviting support for the future work of the organization. This letter is signed by Dr. Hugh B. Campbell, general chairman, Joseph C. Worth, president, F. Russell Smith, chairman of activities fund, and Frank R. Murdy, commanding ace of teams. The letter follows:

"Herewith is presented a list of a few of the accomplishments of your chamber of commerce. Space forbids the outlining of a multitude of lesser things, and quiet services rendered in the interest of the whole community.

"These are enough to indicate that your chamber is truly a community clearing house, and a source of dynamic civic action. We make no claims to faultless service, and we do not expect to escape criticism. If we had these expectations, we'd be more than human. The only man who never makes a mistake is a dead man. If we have erred, it has not been in intent. We have an ambition to make this organization a real servant to the best interests of the majority of the people of Norwich.

"We feel that the two great community sins are inertia and quibbling. It is always easier to do nothing and to find fault with those who are trying to do something than it is to do constructive thinking and working. It is easier to throw bricks than to lay them into a wall.

"But the purpose of this letter is to ask your cooperation in the expansion programme. This is not a movement in the interest of the chamber of commerce, but for the city and people of Norwich, and it is of such commanding importance that we want you to come along with us and help us build, through it, a better and a more prosperous city.

"Give the facts presented here your serious consideration and let us have the benefit of your thought and effort. Any time or money put into the promotion of a city is an investment in a citizen's own future. A sage once said, "Ten men working together can accomplish what a thousand working singly cannot do." Let us work together for our common good, using the chamber of commerce as a tool ready to hand for that purpose."

As it launches its movement for a new programme and a larger budget, the Norwich chamber of commerce finds pride in the record of its "worthy deeds." Here are a few of them:

1—Financed and carried through a comprehensive and constructive industrial survey. 2—Carried through the needed and highly successful Norwich inn project. 3—Brought about revaluation of taxable property in the city. 4—Conducted the highly successful progress exposition. 5—Deepening and widening of Thames river. 6—Conducted the constructive, helpful merchants institute.

7—Created sentiment leading to tax map and zoning regulations, and secured appropriations for the work. 8—Creation of the building and loan association. 9—Installation of the white way. 10—Worked for building of the Military highway. 11—Improved roads leading into Norwich. 12—Boat line to New York and bus lines to Mohegan park. 13—Helped secure bus waiting rooms. 14—Helped secure Fort Shantok park as a state park. 15—Saved business and professional men thousands of dollars through its solicitations and sanctions committee, which investigates advertising and fund raising schemes. 16—Revision of the city charter brought about by recommendations of industrial survey. 17—Carried on a widely spread publicity programme for Norwich through attractive booklets and by answers to a long list of inquiries relative to this city as a business opening, as a resort, etc. 18—Brought to Norwich the American Thermos Bottle Co. which has paid out several million dollars in pay rolls into the community.

19—Through efforts of chamber it was made possible for several industries to remain in Norwich. 20—Secured for Norwich the Werman Shoe Co., which employs 300 people with a weekly pay roll of approximately $4,000. 21—Established the credit rating bureau which is serving the business and professional men of the community to great advantage. 22—Merchants bureau conducted successful series of Dollar Days, Suburban Days, spring and fall openings, and cooperative advertising events. 23—Cooperated with Mayor Lee Roy Robbins in erection of suitable road signs to direct tourists into city. 24—In legislative affairs acted on behalf of interests of Norwich in matters of importance in Washington and Hartford on numerous occasions. 25—Has held several conferences every year with railroad and express officials regarding services.

26—Supported worthwhile campaigns such as Y. M. C. A. building fund, Boy Scouts, etc. 27—Assisted W. W. Backus hospital in securing an X-ray machine and an ambulance. 28—Inaugurated and raised money necessary to carry on the New London County Farm bureau during its first year. 29—For past several years has arranged for a two weeks outing in Norwich for 63 poor children from New York. 30—Encouraged programme of better streets, and cooperated in widening of West Thames street, and building of cement roads. 31—Helped in forming playground association and securing funds for that association, and later secured appointment of permanent recreation commission. 32—Put the Mohegan Trail on the National highway maps and staged Mohegan day celebration. 33—For benefit of Norwich citizens brought many speakers of national repute, and other attractions, such as United States Marine band. 34—Aided in celebrating the 250th anniversary of the founding of Norwich. 35—Gave vital assistance in securing the nurses home for Backus hospital. 36—Influenced the Misses Lucas to give land to Norwich for a town forest. 37—Secured appropriation for treatment and care of trees on streets during the last four or five years.

38—Efforts of chamber were instrumental in building of Elizabeth street school. Bishop school and Huntington school. 39—Brought attention of state commission to Norwich gas rates and secured a reduction benefitting manufacturers and others. 40—Through work of chamber the mail service of Norwich has been improved on many occasions; it was through its efforts that New York mail is sent from New London on 12:15 trolley in time for afternoon delivery. 41—Secured improved highway from Norwich to Colchester. 42—Stopped itinerant vendors and merchants from coming into Norwich. 43—During housing shortage of 1921 adopted plans that resulted in building of several homes in Norwich. 44—Advocated the soldiers memorial at Chelsea Parade and sponsored its dedication. 45—The Norwich chamber of commerce has participated in all United States chamber of commerce referends.

Some of these accomplishments have been carried through, against inertia and some against active, but friendly opposition, with the feeling that time will emphasize their outstanding value. It is too much to hope that any community will ever be a unit on everything. It is the business of a chamber of commerce to carry through those projects which, in the judgment of its members, will, in the end, be of real worth to the city it serves.

FATALLY SHOT HIMSELF AFTER PARTY AT HIS HOME

ROCHESTER, N. Y., Feb. 24—(AP)—Fred R. Deininger, 26, member of the wealthy General Baking company family, died in the General hospital here today from a bullet wound, said to have been self-inflicted after a party at his home. The case was turned over to the district attorney's office after police found evidence tending to disprove the suicide theory.

Mrs. Deininger was prostrated in her home and was to be questioned further tomorrow concerning details of the tragedy. When questioned by police today, she said that her husband had been brooding over business affairs and broke into tears over his troubles early this morning after guests at the house party had departed. When she remonstrated with him, she said, he left the bedroom and walked to a sleeping porch adjoining another room. Then said she heard a shot and rushed out to find her husband unconscious on the floor, a bullet hole in his right temple and his 32 calibre pistol lying at his feet.

EIGHTH WEEK OF TARIFF REVISION HEARINGS

WASHINGTON, Feb. 24—(AP)—Finished with its investigation of the import rate structure, the house ways and means committee tomorrow will begin its eighth week of hearings on tariff revision by calling approximately 75 witnesses for testimony on the administrative provisions of the present law.

Nearly 1,500 witnesses were heard during the seven weeks of hearings on the fifteen schedules of the 1922 act covering dutiable and non-dutiable commodities. The last 300 offered testimony on the free list, consideration of which was concluded last night at the third night session of the week.

FOUR PERSONS ESCAPE DEATH IN VERSAILLES RAIL CROSSING CRASH

Four persons escaped death about 3 o'clock Saturday afternoon when the machine in which they were riding ran into an electric train at the Versailles station crossing. They were Alexander Miklowski, a younger brother and sister, Mrs. Anna Minehone, all of Versailles and Miss Annie Chyukow, of Canterbury. All escaped with a shaking up and minor bruises.

After the machine, which Mr. Miklowski was driving, had struck the train, it was dragged along for a distance of 20 feet. Crashing through a fence, it continued down a four foot embankment and came to a stop, right side up, against a telephone pole. The machine was a complete wreck. A siten on the train was damaged.

It is said that the automobile was being driven at a fast rate. Marks on the highway showed the wheels dragged 42 feet when the brakes were applied. The train whistle is said to have been blown before the train reached the crosisng.

DANIELSON TOWNERS NOSE OUT FAST NORTON QUINTET IN CLOSE GAME

(Special to The Bulletin)

DANIELSON, Feb. 24—What proved to be one of the best basketball games of the season took place Saturday night at Town hall when the Danielson Towners came through with a glorious victory over the Norton A. C. of Worcester, defeating them 23 to 21. The Norton team, led by Whitey Bernot, started things off with a rush and before Danielson was aware of the fact the score was 15 to 4 in Norton's favor. Danielson then settled down and commenced centering their plays around Pop Williams, gradually creeping up on their opponents until the score stood 15 to 10 in Norton's favor at half time.

The Towners, although handicapped by loss of Gallup, who is out of the game with injuries, entered the second half with a strong determination for victory. After ten minutes of play they tied the score. From then on it was a nip and tuck affair with Danielson out in front by two points at the whistle. Danielson's 16-year-old boy wonder, Adams, deserves the greatest amount of credit for Danielson's victory. His floorwork was wonderful and at the end of the game he had accounted for 13 points, many times losing his older and more experienced opponents. Danielson has a sweet player in Adams and he is certainly proving a wonder under the tutoring of Pop Williams.

Both teams played a wonderful game, each and every player being in the play every minute. Lee was high scorer for Norton with 10 points and along with Bernot got a great hand from the crowd. This gives Danielson 10 victories in 13 starts on the local floor. The summary:

PIRATES HAVE FAST AND HARD PRACTICE SESSION

PASO ROBLES, Calif., Feb. 24—(AP)—Donie Bush's perspiring Pittsburgh Pirates toog advantage of sunshine today for a stiff workout. In the past, Donie has left the players to their own amusement on Sundays, but as yesterday's weather was none too favorable, he ordered his charges into their uniforms.

With one exception the hurlers contented themselves with shooting some straight fast balls. The exception was Jess Petty, the star southpaw, obtained from Brooklyn in the winter. Petty's system of getting his left arm into shape is unique. From the first day of training he throws curves and more curves. Then when his arm gets sore he throws more curves until the wing is back to normal.

Bush was working at second with Traynor at short and Jim Stronger at third. The new third sacker has a great pair of hands and gets his throws away fast. He comes to the Pirates with a reputation fo r hard hitting in the minors last year with Wichita he lined out 46 homers and a like number of doubles.

Sam W. Dreyfuss, club treasurer, emphatically denied that John McGraw had offered $210,000 for the Waner brothers, star outfielders, who have failed to come to an agreement with the Pirates on their contracts for this year.

GLICK-MCLARNIN MILL TOPS METRO CARD THIS WEEK

NEW YORK, Feb. 24—(AP)—A return bout between Joe Glick, the Williamsburg body puncher, and Jimmy McLarnin, Pacific coast slugger, head the fistic program in Metropolitan rings this week.

Glick and McLarnin will battle ten rounds, or less, in Madison Square Garden Friday night. McLarnin pounded out a decision over the Williamsburg pants presser, after ten furious rounds at the Garden a few weeks ago.

The return match again will be at 138 pounds, a concession to McLarnin who no longer can make the lightweight limit. The coast star, whose sensational progress through the lightweights was halted when he was knocked out by Ray Miller, soon expects to campaign as a full-fledged welterweight. Glick is a legitimate lightweight, scaling around 134 pounds at his best.

The supporting card will include a ten rounder rival foreign 135 pounders, Stanislaus Loayza of Chili and Lope Tenorio of the Philippines.

DETROIT PLAYERS ARRIVE AT PHOENIX FOR TRAINING

PHOENIX, Ariz., Feb. 24—(AP)—Manager Stanley Harris and his Detroit Tigers arrived here today and settled down for spring training at Riverside park.

The players spent the Sabbath resting, and will report to the ball park for first "limebirng up" tomorrow. Harris, who began the trip from Detroit with five players, was joined by Coach George McBride and several players in St. Louis, and picked up another group headed by Chief Scout Jack Zellers in Dallas, Tex.

Leo Fitterer and Champ Alloway, with the Phoenix club last year, and now the property of the Fort Worth, Tex., club, joined the Tigers here, as did George Uhle, obtained from Cleveland this year.

ST. LOUIS CLUBS LEAVE FOR SPRING TRAINING TODAY

ST. LOUIS, Feb. 24—(AP)—The two St. Louis major league baseball teams, start warming up this week for the 1929 season.

Bent upon giving the Yankees and Athletics much to worry about this year, the first contingent of the St. Louis Browns left today for their spring training camp at West Palm Beach, Fla., to remain until March 21. The Cardinals, National league champions, will entrain tomorrow for their camp at Avon Park, Fla., and will start back home March 25.

So far as is known the Browns have no holdouts and they expect all batterymen to be in camp Tuesday.

SONNENBERG RISKS TITLE TONIGHT AGAINST STASIAK

CHICAGO, Feb. 24—(AP)—"Dynamite Gus" Sonnenberg will risk his heavyweight wrestling crown at the Chicago coliseum tomorrow night when he tackles Stanislaus Stasiak, giant Polish challenger.

With his famous hold, the "flying tackle", Sonnenberg is not expected to have much difficulty in disposing of Stasiak. The challenger has won several victories of importance, but all of them have been against opponents who were slower than the champion.

Y SENIORS PILE UP BIG SCORE AGAINST WINSTED

(Special to The Bulletin)

WINSTED, Feb. 24—Sweeping everything before them in a brilliant display, the Norwich Y. M. C. A. quintet smothered the Winsted Y court outfit here Saturday night, 58 to 29. The visitors who previously beat the home boys by a rather small margin at Norwich, put on a surprising display

AUBREY BROWN

of power to easily gain the decision. The score at half time was 27 to 13 and Norwich continued this 2-to-1 ratio in the last two periods.

Aubrey Brown, sharpshooting right forward, was the high scorer of the game with nine field goals for eighteen points. Every man but one on each team scored. Marks, at right forward for the losers was their high scorer.

This game served to even up matters on the week end for Norwich as on Friday night Gilbert high decisively defeated Norwich Free Academy here.

TITLE SERIES BETWEEN "Y" SENIORS AND N. F. A. THIS WEEK

Norwich has only one big game this week but it is one of the best attractions and this week will probably make up in quality for what others have shown in numbers. This game is between the Y Seniors and the Academy, to be played at the Y gym Saturday night and it opens their three-game series for the championship of Norwich. A packed gallery is expected to be the case for this attraction.

N. F. A. is the present champion, gained through sensational victories over the C. F. C. and Taftville Crescents last spring. Courtland C. Whitney, present coach of the Wildcats, it was who brought the schoolboys through these contests in triumph. Last year the Red and White won its last seven games in a sudden reversal of form and managed to get an even break on the season at 11 wins and 11 defeats.

The Y team will enter Saturday's fray as the favorite. They have a better season's record, are a bigger team and each member individually has played more basketball. But where the school team may have an edge is in practice. Whitney has his men out an average of four sessions a week, while the Seniors probably don't get that much drilling together. Probably, this practice was the reason for the surprise Academy victories at the fag end of last season and it may work the same way this March.

Y EMPS TAKE LYMAN HIGH FIVE INTO CAMP, 28-17

(Special to The Bulletin)

LEBANON, Feb. 24—The Norwich Y Emps defeated Lyman Memorial high school here Saturday night, 28 to 17. The visitors played well, although handicapped by the small floor. MCGRAW TO VISIT GIANTS AT TRAINING QUARTERS

SAN ANTONIO, Tex., Feb. 24—(AP)—The New York Giants, in training here, today were looking forward with much interest to the arrival of Manager John J. McGraw following the report that the club had been offered $4,000,000 for its holdings by the Madison Square Garden corporation. McGraw was expected here the first part of the week.

McGraw, with Charles A. Stoneham and Francis X. McQuade, is one of the principal Giant stockholders.

Among the players who arrived at the week end to complete the training list were infielders Andy Cohen, Andy Reese, Travis Jackson, Bill Terry, Freddy Lindstrom, C. B. Crawford and Herbert Thomas; outfielders Fred Leach, Melvin Ott, Jimmy Welch, Tony Kaufman and Charles Fullis.

The players rested today. Manager Ray Schalk reported all hands in tiptop condition, except Pitcher Joe Genewich, who bumped his knee in a collision with Jack Cummings at first base in Saturday's game. He was not seriously injured, Schalk stated, and would be back in the workout Monday. Cummings, who was slightly injured Friday when one of his fingers was slightly spiked, shows no signs of having met with an accident.

COCHRANE HAS SETTLED DIFFERENCES WITH ATHLETICS

PHILADELPHIA, Feb. 24—(AP)—Mickey Cochrane, star catcher of the Philadelphia Americans, who had been classed as a holdout, left here tonight to join the Athletics at their spring training camp in Fort Myers, Fla.

Cochrane, declared the most valuable player in the American league, said his salary demands had been met, but declined to say what the demands were.

Mrs. Tyson Retires from Golf

ST. AUGUSTINE, Fla., Feb. 24—(AP)—Mrs. George W. Tyson of Kansas City, the former Miriam Burns, once national women's golf champion, has retired from competitive golf.

"I intend henceforth to devote my time and attention to my family," Mrs. Tyson said, in declining to enter the Florida East Coast Women's championship here March 5 to 9.

Whalers Win

The New London Y. M. C. A. five beat the Middletown Y in a state Y. M. C. A. tournament game at Middletown Saturday night. The score was 30 to 21.

BASEBALL CHATTER

Dennie Murphy, Taftville boy, has finally been released to the Reading club of the Internaitonal league by the Chicago Cubs. This is a Cub farm. Murphy, who is a catcher, was with the Bruins during most of last season as third string catcher. He was rarely used, however, and will no doubt get much more work with the Pennsylvania club. Murphy for many years was a star on local diamonds.

Mack Hillis, well known locally for his work in Taftville post-season series, is a holdout from the Portland, Ore. team of the Pacific league.

Talk is already being heard about Dusty league doings for the coming season. Nothing definitely has been announced as yet, however, for the season is months away.

Today the Academy baseballers commence their third week of indoor work at the State Armory.

NURMI IS SUSPENDED BY A. A. U. FOR FAILURE TO RUN AT NATIONAL MEET

By Hugh S. Fullerton, Jr.
Associated Press Sports Writer

NEW YORK, Feb. 24—(AP)—The sports world has a substitute for the now settled uproar over Big Bill Tilden in the suspension of Paavo Nurmi, Finland's phantom of the tracks. Paavo has given cause for as great a sensation as Big Bill's writings provided in tennis, by his sudden and unexplained decision not to run in the national indoor track and cld championships at Madison Square Garden last night.

The aging phantom Finn, who was billed to appear in the two mile steeplechase, telephones at 9 o'clock an hour after the first event and less than an hour before he was due to appear, that he would not compete. He failed to give an explanation.

The registration committee of the Amateur Athletic union held a special meeting and promptly disqualified Nurmi from further competition in the United States. Only if he can offer an explanation satisfactory to the track authorities, who have become incensed by similar failures by track stars this season, will he be permitted to run again. And whether or not he is reinstated, Paavo already has provided the makings of a track tempest of the first order.

In place of Nurmi a new and younger Flying Finn appeared to start a conquest of the United States with a record breaking performance in the event in which Nurmi was supposed to run. Eino Purje, who holds one decision over his more famous countryman and the world's record for 2,000 meters, transferred his American debut from the two mile flat race to the steeplechase and covered the distance in 9 minutes, 55 2-5 seconds. The time is just four minutes faster than the old world's record, made by Willie Ritola in 1925.

Running with an awkward, flat footed stride, the young Finn ate up space and ran his opponents into the ground to finish fully 50 yards ahead of his countryman, Ove Anderson. Frank Osgood, of the New York A. C. the first American to finish, was completely out of the picture.

Leo Lermond, leading American two miler, furnished a pleasing contrast to the non-appearance of Nurmi by his gallant failure against Edvins Wide, of Sweden in the two mile championship. Lermond already had withdrawn from the event because of a severe cold, but pressure from the authorities induced him to defend his title.

The young Bostonian's showing was a distinct disappointment, however, for he was unable to finish the race after putting up a great battle with the Swedish schoolmaster for the first mile. After running close behind the smooth-striding Swede for half the distance and taking the lead for three laps, Lermond suddenly faded from the picture with eight laps to go. He slowed almost to a walk then dropped out entirely, leaving Wide to a hollow victory.

The only triumph for the Swedish schoolmaster came in setting a new championship record for the distance of 9 minutes, 7 seconds. The time was nearly two seconds behind Nurmi's great world mark. It bettered the Finn's championship record by 2 3-5 seconds, nl a fast finish he barely missed lapping Bod Delrymple of the Boston A. A., who took second place, while the others who tried to maintain the pace were lost in the ruck.

Herb Schwarze, giant shot putter, of the Illinois A. C., furnished the second sensation of the meet by setting a new world's record with the 16-pound ball to win the event for the second year. With two successive heaves, Schwarze reached a mark of 50 feet, 3 inches, to beat the indoor record he made last year by more than eight inches.

Phil Edwards, New York university's Negro star, turned in the fourth record-breaking performance of the evening, lowering the championship mark in the 600-yard run to 1 minute, 12 seconds. Edwards' time in winning his second straight victory was just a fifth of a second short of the world's mark.

Fred Sturdy, Yale pole vaulter, and Harold Osborn, veteran Illinois A. C. high jumper, made gallant attempts to set new records in their specialties but both failed. Sturdy scored an easy victory, however, to succeed Sabin Carr as champion, while Osborn repeated last year's victory in the standing high jump.

With a total of 29 points, the Illinois A. C., retained its team title, the New York A. C., was second with 19 points and the Boston A. A., third, with twelve.

C. F. C. TO PLAY IRONMEN AT STONINGTON ON WED.

The C. F. C. has a game scheduled with the Stonington Ironmen for Wednesday of this week, the contest to be staged at Stonington.

The locals beat this team in their last start, about three weeks ago, and are confident of duplicating that feat. Coach Emery Davis will probably use Les Pingree and Lambert, at the forwards with Neil at center and Ludlow and Brown at guards.

The C. F. C. has not had anywhere near the extensive schedule this year as has been the case in previous campaigns.

THREE CHURCH LEAGUE GAMES THIS WEEK

Three Church league games are scheduled for the Y gym this evening. The first game, starting at 7:30, is the feature attraction of the evening, as it brings together the Gammas and Brothers of Joseph, only undefeated quintets in the circuit. Much interest is manifested in this game and a large crowd is expected.

At 8:20 the Baptist Methodist and Trinity Methodist teams will clash and at 9:40 the Central Baptist church team meets the Goal club.

Sheldon Dethrones Pell.

NEW YORK, Feb. 24—(AP)—Huntington D. Sheldon, of New York, former Yale star, dethroned Clarence C. Pell, the defending titleholder, in the final round of the national amateur racquets championship at the Racquet and Tennis club here today. The scores were 15-11, 9-15, 15-6, 7-15, 16-15.

(By Alan J. Gould, Associated Press Sports Editor)

NEW YORK, Feb. 24—(AP)—Apparently there is no way for Messrs. Ruppert, Barrow and Huggins to keep it a secret.

The Yankees are tottering, limping and with a lot of sore arms, even before the training season has begun for the 1929 American league pennant race. Altogether the champions are in a sad plight, minus a regular third baseman and with Babe Ruth unable to get past the second round in a golf tournament. There seems little or no hope for them—that is, if the pessimistic trend of expert opinion is to be taken seriously.

It is the spring fashion to view the Yankee prospects with a sad eye. On the basis of that the sort of thing the club has been perpetrating for the last few years cannot last, the boys are pessimistic about 1929.

They consider that the New Yorkers were lucky to stagger in ahead of the Athletics last year. Perhaps they were, but the Cardinals will tell most anyone a different story.

They point out mournfully that Mr. Ruth's legs are weakening, that Dugan's place will be hard to fill at third and that the arms of Koenig, Lazzeri, Pennock and Moore are "problems." Perhaps they are but Dr. Huggins has solved such problems before and very likely will do so again.

However, much enthusiasm may be aroused over the prospective chances of the Athletics, the improved Detroit Tigers or the Browns, the fact seems clear that the Yankees, crippled, will be a tough club to beat. Hale and hearty, the task looms next to impossible. The big bats of Ruth and Gehrig and the pitching skill of Hoyt and Pipgras are a few of the vital factors that show no signs of being impaired whatever.

Last spring it may be recalled, taps were sounded for the Yankees, they were kicked all over Florida by the teams they opposed in exhibition games. Ruth was not hitting and the machine was missing on about seven of its nine cylinders. The situation appeared very bad, with any change likely to be for the worse. Yet by July Ruth was in the pink of his home run record pace and the team had a lead of around 13 games. Under pressure and with the aid of various ailments, this margin melted away entirely but the Yankees had enough stuff left, weak as they were, to check the Athletics when it came to a showdown and then mop up the Cardinals.

So it would seem that no early judgment properly can be passed. The opposition this year undoubtedly will be stronger, especially from Detroit. Bucky Harris, with Washington, checked the Yankees' first pennant winning streak in 1924. In fact the young social registerite has been the only leader in eight seasons to get the best of Prof. Hugins and his men. If this has any significance, Detroit may make the most of it.

The infield will be a big Yankee problem. It may require some astute juggling but with Gehrig, Lazzeri, Koenig, Durocher and Lary available for the principal assignments, it does not seem likely to be very embarrassing. Huggins, it should be recalled, completely reorganized his infield in 1926 with remarkable success so that he knows how to handle the job.

The firm of Ruppert & Huggins is especially anxious to make it four straight pennants—and seven out of nine. Both would be records. No American league club has ever won more than three straight, the Yankees now having done that twice and the old Detroit Tigers once. Only one National league club, the Giants, has won four flags in a row.

Only one other American league pilot, Connie Mack, has won six pennants. The Red Sox, under different leaders, also set the pace six times. The Yankees, under Huggins, therefore can surpass both marks by winning this year.

If they do, the issue then will center upon whether the National league's entry can stop the world's series streak of the Yankees. It now stands at eight straight games, a record sweep and the consequent embarrassment to the partisans of the senior circuit has been appalling.

STRIBLING QUITS HARD TRAINING

By Edward J. Neil
Associated Press Sports Writer

MIAMI BEACH, Fla., Feb. 24—(AP)—Despite somewhat disturbing reports circulated as to his physical condition, Young Stribling, the Georgia slasher, hung up his boxing gloves tonight after a final workout, and settled down to comparative rest for his ten-round struggle with Jack Sharkey in Flamingo Park next Wednesday night.

Stribling wound up his ring work under watchful eyes today with three rounds of boxing devoted almost entirely to seeking out any weak spots that may be left in his armor. The lean Macon youth deliberately had his hands high to let Martin burke pound his body. He gave Paul Cavalier opportunities to work on his ribs and let Johnny Bell, a third sparring mate, take a few shots at his chin.

Although Stribling, to critical eyes, seemed to pass the test with perfect average, persistent rumors about the temporary fight metropolis were circulated to the effect that "W. L." has been under the secret care of a physician for a body ailment. During the workout, it also developed, the southerner wore a special glove on his right hand and did little punching from that side.

Both Jack Dempsey and "Pa" Stribling scoffed at the reports, which went so far as to suggest significance in the fact that Paulino Uzcudun, the Spanish Basque, will be on the ground for possible emergency use. Paulino, it was recalled, was named first alternate by Tex Rickard when the late promoter made original arrangements for the match to safeguard against any accident keeping either principal out of the ring. Uzcudun is expected here tomorrow.

The Spaniard is in condition to fight but the indications tonight are that his part in the proceeding will take place in a ringside seat and not inside the ropes.

Sharkey, on the other hand, still is working on the basis that practice makes perfect—and the more practice the more perfect. The Boston sailor man will work with his sparring partners for the last time Monday, easing off with two or three rounds of boxing. The final drill is due for Tuesday when Sharkey plans limbering up exercises and a long walk. There will be no work of any kind the day before the battle.

Sharkey went to his work with a vim and zest that has developed only in the past few days. Boston Jackie fought two stiff rounds with Johnny Grosso, slugged in free-style fashion and gave Sharkey a splendid opportunity to speed up his left hand. Against Paul Hoffmann, the sailor worked a sharp right uppercut to the head. Sharkey seemed strong and in splendid condition. He scaled 190 1-2 pounds after the drill, close to his best fighting poundage. While Stribling weighed about 182.

The box office and social sides of the battle came into fresh prominence today. William F. Carey, who is helping Dempsey stage the fray, announced $283,909 is in the fight treasury with $25,000 worth of tickets out on consignment. Expenses of staging the fight he estimated at $256,000, assuring the Madison Square Garden corporation a neat profit even without the late sales. Carey believes a gate of $500,000 will be a certainty.

STAFFORD SPRINGS

CHAK BUILDING FIRE CAUSED LOSS OF $14,000

Fire destroyed a tenement house, owned by Philip J. Chak, at 23 Center street, Thursday night, causing a loss estimated at $14,000. The fire which started in a heap of rubbish in the basement quickly spread through the building and in a few minutes the entire structure was a mass of roaring flames. The Stafford Springs fire department was unable to save the building but succeeded in protecting nearby houses. The building was occupied by Philip J. Chak, as a general store, and by his family as a residence. Other families in the block were those of Isaac Zollett, Ernest Zollett, Mario Rossi, and Joseph Dal Pian. Very little furniture was saved by any of the families and most of the occupants were oblized to seek shelter for the night among their neighbors. The loss is partially covered by insurance.

The public schools closed Thursday for a week's vacation.

Misses Mary Reynolds, Edith Adams, Grace Griffiths and Ethel Moore are spending a few days in New York.

Miss Ruth Mullen of Wellesley college, is spending several days at home.

Mrs. Robert Sullivan is visiting her parents, in Woodstock.

Miss Teresa Burlick is visiting Hartford friends.

Miss Elizabeth Comins, of Boston, has been spending a few days at her home.

Lester Daley, of Hartford, is visiting at his home on East Main street.

Miss Caroline Comins, of Boston, has been at the home of her mother on Crown street for a few days.

T. F. Mullen is in Somersworth, N. H., visiting relatives for a few days.

The February meeting of the social group of the Current Events club is to be held at the library Tuesday afternoon.

Burgess Bedtime Story

Danny Travels Underground

By THORNTON W. BURGESS

Who, knowing little, would know more,
Cannot do better than explore.
—Danny Meadow Mouse.

Danny and Nanny Meadow Mouse are little people who very soon make themselves at home anywhere. They

"For goodness' sake!" exclaimed Nanny Meadow Mouse, "Where have you been?"

are particular, but not fussy. So, moving to a strange place, does not upset them at all. In a very short time they are quite at home. It was so when they moved over to the Old Orchard. It was just their good fortune that almost at once they found a hole under the roots of an apple tree. It was just the place for a Meadow Mouse home.

It didn't take them a great while to gather enough grass to make a fairly good nest. They had to gather it under the snow, but it was there and they got it. Then Danny was ready to go exploring. First, he worked around the foot of that tree. Presently he discovered another hole between the roots. Down he popped. This hole went down deeper than the one where they had built their nest. Danny soon found that the frost had not frozen the ground much, if any. That was because there had been a heavy fall of snow before bitter cold weather and the snow had acted as a blanket. He could dig in that earth down there. There was a place where the earth was particularly soft. It was as if someone had been there before him.

"I think I'll dig in here a little way," said Danny to himself. "I might find something."

So Danny dug and almost at once he broke through into a tunnel. Then he stopped. He listened. He used that funny little nose of his. He heard nothing and he smelled nothing.

"It's one of the tunnels of Miner the Mole" said Danny to himself, "but it's an old tunnel. He hasn't been using it for a long time. No, sir, Miner hasn't used the tunnel for a long time. I can't smell him at all. I'll explore a little."

So Danny started along Miner's tunnel. Miner being bigger than Danny, that tunnel, of course, gave him plenty of room. In fact, he could twist around and run back if he had to. He would go a foot or two and then stop to listen. He could hear nothing. It was just as still as still could be there underground. Then Danny would go ahead again. It was fun. You see, Danny doesn't mind the dark as some little boys and girls do. He didn't in the least mind being in a strange place in the dark. There was a sense of adventure that he liked. By and by he came to where a tunnel branched off. He stopped there and listened. Still he heard nothing.

"Now which way shall I go?" thought Danny. "Shall I try this branch tunnel, or shall I keep on in the one I'm in? I think I'll keep on in the one I'm in. When I come back, I can try the other one. I wonder where Miner is, anyway? I suppose he's gone to sleep for the winter. It would be fun to find his bedroom and see him asleep. I don't believe anyone has seen Miner asleep. But I've never seen him in the winter, so it must be that he does sleep all winter. I wouldn't want to meet him down here, but there isn't the least bit of danger that I will."

So Danny went on. He went on quite a long distance, for the tunnels of Miner the Mole usually are long tunnels. Danny kept on, determined to find the end of that tunnel. By and by he came to a place where Miner had raised a little mound. Miner had pushed the earth out. Danny tried digging. The earth wasn't frozen. In a few moments his head popped out into the snow. Danny climbed out and dug a place around that hole. "This might be very handy by and by. There's nothing like having a handy retreat in time of danger," said Danny. "I'll just make some tunnels of my own through the snow."

So Danny began making a tunnel of his own and he headed back toward home. It took a long time to get there, but finally he arrived.

"For goodness sake!" exclaimed Nanny Meadow Mouse, "where have you been?"

Danny chuckled. "Exploring," said he.

POETRY

God Moves in a Mysterious Way

God moves in a mysterious way
His wonders to perform;
He plants His footsteps in the sea,
And rides upon the storm.

Deep in unfathomable mines
Of never-failing skill
He treasures up His bright designs,
And works His sovereign will.

Ye fearful saints, fresh courage take!
The clouds ye so much dread
Are big with mercy, and shall break
In blessings on your head.

Judge not the Lord by feeble sense,
But trust Him for His grace;
Behind a frowning providence
He hides a smiling face.

His purposes will ripen fast,
Unfolding every hour;
The bud may have a bitter taste,
But sweet will be the flower.

Blind unbelief is sure to err,
And scan His work in vain;
God is His own interpreter,
And He will make it plain.

Snow in the Suburbs

Every branch big with it,
Bent every twig with it;
Every fork like a white web-foot;
Every street and pavement mute:
Some flakes have lost their way, and grope back upward, when
Meeting those meandering down they turn and descend again.
The palings are glued together like a wall,
And there is no waft of wind with the fleecy fall.

A sparrow enters the tree,
Whereon immediately
A snow-lump thrice his own slight size descends on him and showers his head and eyes.
And overturns him,
And near inurns him.
And lights on a nether twig, when its brush
Starts off a volley of other lodging lumps with a rush.

The steps are a blanched slope,
Up which, with feeble hope,
A black cat comes, wide-eyed and thin,
And we take him in.

POETRY FOR THE WIDEAWAKES

The Feast

Be venturesome,
Sweet birds, and come,
See, here's a dainty feast!

For we have spread
A tray with bread
And lard, and for your case
A coco-nut
Here, this, is cut,
And makes a grand trapeze.

We never stirred,
Yet breathed a word,
The first of visitors
Be Robin, since
He is the prince
Of all inquisitors.

Thereon he lit
With chirp and twit,
To breakfast off the tray!
But when his kin
A mile would win,
He drove them all away.

Three days till late,
He held the gate
Of that store-citadel;
Till hunger ceased,
When he, appeased,
Let others feed as well.

But I should tell
Of what befell
A mutton-bone we hung
Upon a string
For tits to cling
To, e'er the tale be sung.

As in a rout
On a round-about,
The horses at a fair
Curvet and prance,
While children lance
At prize-rings; such a flair

Had a thrush, who went
To the tournament
And challenged the display,
Who, as he flit,
Would tilt at a bit:
To win at each essay.

So, every day
We watched the play,
And kept the birds supplied
Until the thaw—
And thus the law
That they be satisfied.

UNCLE JED'S TALK TO THE WIDE-AWAKES

How many members of the Wide-Awake circle know that one of the most interesting things in natural history is the way in which beetles have triumphed in the struggle for existence? Of all creatures they are by far the most numerous, no fewer than 350,000 distinct species having been identified—about three times the number of backboned animals.

Beetles are wonderfully adaptable. They are found practically everywhere—in the frost-bound tracts of Iceland and in the hot desert lands of Africa, on the highest mountains, under the ground, and as fossil, in the deepest strata on land and in water; on plants, among stones and in wood and earth; and in even the very craters of volcanoes.

But there is one place where no beetle has yet been found—in the inhospitable land of Spitzbergen, to the north of Russia. Here are mammals, birds, fish, mollusks, crustaceans, a few insects of varied species and many spiders, but not a single beetle. While other insects have succeeded in some way in migrating from the mainland, the beetles have apparently been unable to cross the wide, icy waters.

LETTERS WRITTEN BY WIDE-AWAKES

My First Piano Lesson

Dear Uncle Jed: This is the second time I have written to you. The last time I wrote was two years ago.

I am now going to tell you about my new piano. The first lesson I took was on my birthday. That noon my dad brought me a wonderful brief case to carry my music. I was so happy and proud going down to my teacher's house. Her name is Goldie.

I have been taking lessons two months. I can play a few pieces. I have for my lesson this week The Valentine Party. It is so pretty. Next week I am going to have The Beltys Waltz. I am 9 years old and am in the fourth grade at Broad street school.

MARGARET BARROWS.

Learning to Write

Dear Uncle Jed: A few years ago my brother George wrote to you and won a prize book, The Little Indian. I have had it read to me and like it very much. I had a birthday the 28th of January and I was six years old. I had a birthday cake with six blue and white candles on it. I expect to go to school in the fall and I'm learning how to write and do numbers at home. I go to Sunday school every Sunday.

An Accidental Event

Dear Uncle Jed: One of my pleasures is going to carnivals. My girl friends and I were enjoying ourselves greatly. I went on everything but the roller coaster. I loved it but I didn't have courage enough to go on those daring cars. My friends were begging me to go but I was stubborn. Finally after much talk I decided to try it.

It first started up a steep hill, then I thought the end of my life had come. I held my breath and we actually flew down and suddenly with a jerk it swung around a sharp corner. I was so excited and at the same time thrilled. In my excitement I put my hand out and it hit part of the coaster. Although I enjoyed it, I certainly paid for that few moments' fun. My hand was bandaged for several weeks, and I shall go to other carnivals, but on the roller coaster, never again!

ADELINE PASCOUCHE.

School

Dear Uncle Jed: I hope you and the Wide-Awakes will like my story. I am going to tell you about school. I have just been absent once this year and hope to miss no more days. I like to go to school very much, and get good marks in the tests in arithmetic, spelling, language and geography. We had examinations a few days ago and I didn' have to take any of them except spelling and got 98 in that. I hope all of the Wide-Awakes like to go to school.

Unfortunate Birds

Dear Uncle Jed: I want to write you about my experience with baby birds last summer.

One day my cousin and I were playing in the yard when we heard a mother bird chirping. We knew something was the matter, so we looked around to see and we found three baby birds on the ground. We got a ladder and put them up in the nest safely, so no cat could get them. The mother bird seemed to say "Thank you, thank you!" as she flew from limb to limb.

A Hunting Trip

Dear Uncle Jed: Early Saturday morning, before the rise of the sun, Dan and I set out to neighboring woods. We planned to bag a few grouse or partridge.

When we arrived at the forest we followed a path which led to a marsh where partridge and quail were sure to feed.

As soon as we hid ourselves among the bushes and rested our guns at the same time putting on our leggings a rustling was heard. Dan spotted a rabbit just across the brook. He picked up his shot gun, cocked it and after aiming carefully he pulled both triggers. (Wow! how I laugh when I remind him of that day.) Only a click was heard because he had not loaded his gun. Before the rabbit had a chance to run I picked him off with any Winchester which I brought along. Boy, but Dan was mad; he swore that he would empty his two barrels at the next thing he saw. As a precaution he slid on a safety device which could be removed in no time and loaded the gun. Dan also cocked it; he was not to be caught napping a second time.

We had traversed about half of the swamp when Dan spied a fine grouse drumming on a log. I let him have that shot and he let loose without aiming. Luckily or him he had removed the safety and shot with one barrel, for the grouse as it was had enough shot in him.

We startled a flock of quail and succeeded in getting two apiece. Following them up we got four more.

On our way home we caught a partridge.

It was a fine day and we had got plenty for ourselves. Also it was planned for us to go again next Sunday.

Learning How To Ski

Dear Uncle Jed: On Sunday afternoon my brother and I waxed our skis and set out for the country to find a place for skiing.

During the night a light snow had fallen covering the crust of the snow which had previously fallen. The first coating of snow was hardened by the cold while the new snow was soft a few inches in thickness. It was not a fine snow for beginners.

We arrived at the country and after an hour of searching we found an ideal place. The place was an even slope which continued from a hill, then stretched onto a large field.

My brother who was older than I put on his skis and went down the hill gliding perfectly. He reached the bottom of the field without any accident and continued down the field. I then steadied myself and gave a push with a bamboo stick. The snow seemed to glide from under me. I lost my stick and before I covered half the distance I lost my balance and fell. One foot began to head toward the east, another towards the south and up came the earth and hit me so it seemed.)

I stood up and tried to follow my brother's instructions, but I would cover half the distance and then I would take a someault or fall sideways.

I soon got tired of this sport and left for home, my brother following.

George Washington

Dear Uncle Jed: I am going to tell you about George Washington, our first president of the United States, the father of his country. He was born in Westmoreland County, Virginia, Feb. 22, 1732.

When a young boy, one morning very early he and his friends went to the pasture. There his mother had a young colt, which Washington had planned to ride. At first he jumped and leaped into the air. At last the colt gave one more leap and burst a blood vessel and the poor thing fell dead.

When they went to breakfast his mother knowing he had just come from the pasture asked him how the colt was getting on. "He is dead, mother," sobbed the child. At first his mother looked at him angry and then said, "I regret the loss of my favorite colt but I am glad my son always speaks the truth." From his youth he was noted for honor and truthfulness. He was excellent in athletic sports. In 1759 he married Mrs. Martha Curtis. Soon after the Revolutionary war broke out he was appointed commander-in-chief of the American army. In 1781 his army besieged Cornwallis at Yorktown, Virginia. The British finally gave up in 1783. He became the first president of the United States. He died at Mount Vernon, Dec. 1, 1799.

The Tiger

Dear Uncle Jed: The tiger is the largest and most dangerous of all the animals of prey. It varies from a yellowish brown to a rust red in color. Its length amounts in all to about eight feet, of which thirty-two inches belong to the tail. It inhabits chiefly the southeastern part of Asia. The tiger displays neither courage nor pride, but cowardness, cruelty, and malice, with not a trace of majesty. Its strength and rapidity are astonishing. Tigers, when driven by hunger, even enter the villages, and often force the inhabitants to retire altogether. They are especially fond of human flesh. When lying in ambush, their eyes sparkle through the darkness. Horses scent them from long distances and fear of this terrible foe almost paralyzes them.

Forests in Winter

Dear Uncle Jed: This is my first letter to the Wide Awake circle. I wish Uncle Jed and the Wide Awakes will enjoy it. I am going to tell you of the Forests in Winter.

The autumn has gone past and the winter is here. The trees which in the summer had been so beautiful and green now are bare with the dead leaves buried beneath the snow. The trees look like silent ghosts in the crispy air. Only the spruce, fir, hemlock and pine trees are still in the summer cloak of green which lasts through the winter. The branches are hanging from the pressure of the snow on them. The wild north wind howls through the branches. Oh! how nature can change the world!

Winter

Dear Uncle Jed: This time I am going to tell you about winter. The days are now cold and brisk. We may expect a snowstorm at any time.

Children like the snow. They enjoy coasting and sleighing. The ponds and the lakes in the parks are crowded with people, young and old, skating. It is very pleasant to watch the skaters. The people enjoy the parks in the winter as much as in the summer.

The winter months are December, January and February. Many of our holidays come in winter. Christmas comes in December, and New Year's day is the first day of January. February brings Lincoln's and Washington's birthdays.

Hope the Wide Awakes will enjoy my story.

A Kind Act

Dear Uncle Jed: Today I will tell you and the Wide Awakes how I did a kind deed.

One day when my brothers and I were playing in our yard a little bird fell from a tree. It must have been learning to fly but it was too weak.

We waited a while and it looked as if the little birdie was suffering. My brother went up to the bird and picked it up. We took it home and gave it some bread crumbs and water.

Then my brother climbed up the tree and put the little bird in the nest. The mother bird was flying all around looking for the birdie.

My First Skating Lesson

Dear Uncle Jed: This is my first time I have written to you. I am going to tell you about one Sunday last month. My father and I went to Mohegan park to skate. I thought all I had to do was to go right out like my father did. I found it much harder than I thought it was. My father showed me how to take a stroke. Then I started out myself. I thought I would never learn but I kept going along my own way until I hit a crack in the ice. I fell! I got up and started to skate again. I was going good until my father said we must start for home.

Our Dog

Dear Uncle Jed: This is the first time I have written to you. I hope you and the Wide Awakes will like my story. I am going totell you about our dog.

It is brown. I like it very much. When we go down stairs he jumps upon us. When we are ready for school the dog goes to the door. It wants to come but we do not let it. When we come home at night he jumps upon us.

A Snow Ball Fight

Dear Uncle Jed: It has been many months since I have written to you. Well, here goes. One day some other children and I decided to have a snow fight. We had three on each side. We first made some snow balls. My team's that some fight? It was. I took one and hid in the tree. Another girl hit me in the neck. The snow went down my back. Another girl hit me on the head. How we laughed. Nobody would know us from snow men. At last we got tired. Our side had won. Then we were cold. My nose was red. We went into the house and got warm.

Wins a Doll

Dear Uncle Jed: I am helping my brother write to you and cannot write a very long letter. I am going to tell you about earning a doll.

Last year one month when my mother got her Farm Life there was something about a doll named Dotty Dimple, so I went and got an order blank to get subscriptions to the Farm Life. When I sent the names they sent me a doll. I was so happy whenever I got home from school I went to look at it. I cannot think of much more to say so I will close.

Sister Assists Brother

Dear Uncle Jed: My sister is helping me write this letter to you. This is the first time I ever wrote to you. My sister is writing while I tell her what to write because I canot write well. I hope you did not have the flu. I did not even have a cold. My baby sister is going to be a year old next week and I am going to buy her something. I do not know what yet, but something good.

Her Second Letter

Dear Uncle Jed: This is the second time I have written to you. I have a cold. My mother has just got over sickness and my little baby sister, too. My brother and sister are writing you a letter, too. My brother is teasing my sister to get him a book. My mother has just put my little sister to bed. My sister is asking us for a penny because she wants to buy a stamp with it. I don't know what else to write so I guess this will be the end.

The Cocoon Hunt

Dear Uncle Jed: As this is the first letter I ever wrote to you I will tell you about The Cocoon Hunt.

One day this winter I decided to get a few children and go for a cocoon hunt. We took a basket of lunch and started out about 12:30 p. m.

First we thought we would go to Chestnut Hill. Mae thought she found a cocoon, but it was only an oak leave that she saw. We all started fot laugh at her, but Melvin didn't laugh because he was her brother. We had found five cocoons in one hour. It was getting late and we thought we'd better go home.

My Cat

Dear Uncle Jed: This is the first time I have written to you and the Wide Awakes. I hope you enjoy my story. It is the story about my cat. My cat is a bobtail tiger cat. When I feed my rabbits it runs after them. But it cannot catch them because they are too big. One day the rabbit was in the barn when it came in. When it saw the cat it ran away and hid itself.

A Bird House.

Dear Uncle Jed: I am going to tell you about making a bird house which I hope you and the Wide-Awakes will enjoy.

One day my cousins came to pay us a visit. My brother went skating with some of my cousins. My cousin Alice and I decided to make a bird house.

We got some little pieces of lumber, my brother's tool box and some nails. We made the sides first, then we made the roof. I got a piece of board for the floor. We made a little hole for the door so the birds could go in. We attached a piece of wire to the roof so we could hang it up on some branch. Then we painted it a grayish color and let the paint dry while we went to eat dinner. When we came out again it was all dry and and my brother hung it up in a tree. We also put some suet on the tree.

The next morning what should we see but a flock of snow birds going to the house and others going for suet.

Caught Owl in Trap.

Dear Uncle Jed: This is the first time that I am writing to you. I am going to tell you how my brother caught an owl. He had two pair of pigeons and he kept them in the shed. One morning he found that one of his pigeons had disappeared. He looked around to see if he could find it. He found it but it was dead with its head off. Every night one disappeared until he didn't have any more pigeons left. The funny thing was that every morning he found them with their heads off. He thought it was a cat so he set a trap for it. He set it at night and the next morning he found an owl in it. The owl was not very big. It was even smaller than a pigeon and it was funny how it could kill one. My brother kept the owl for about a week. He fed it meat and potatoes but afterwards it died because its foot was badly hurt when it was caught.

Four Food Demonstrators

Four meetings have been arranged for this week by Miss Ruth Russell, home demonstration agent of the New London County Farm bureau, at which she, with the assistance of other local leaders, will hold food demonstrations. The schedule is as follows:

Tuesday, 10 a. m.—Home of Mrs. Austin Rathbun, Franklin, use of fruit and protein cookery; Wednesday, 10 a. m., home of Mrs Malter M. Buckingham; Gales Ferry, protein cookery; Thursday, 10:30 a. m., Congregational church vestry, Lebanon, subject, Protein Cookery, leader, Mrs. David Pitcher; Friday, 2 p. m., Pawcatuck, demonstration of hot supper dishes.

Dairymen Met Here

About 50 dairymen of the county were present at a meeting of the New London County Farm bureau at Buckingham memorial Friday and heard three interesting talks on various subjects. The talks were given by Prof. J. Stanley Owens, of the Connecticut Agricultural college; Dr. Burt Hartwell, former director of the Rhode Island experimental station and C. Marsden Bacon, a grower of alfalfa and clover at Middletown. Prof. Owens spoke on the present lezume seed situation, Dr. Hartwell on lime and fertilizer and their functions and Mr. Bacon on his experience in growing alfalfa. Lunch was served at noon by the ladies of Sedgwick Woman's Relief corps, No. 16.

LITTLE CHANGE FOR THE BETTER WAS NOTED IN BUSINESS THE PAST WEEK

NEW YORK, Feb. 24—(AP)—Credit stringency caused considerable concern over the future, but business continued to make satisfactory progress during the past week. When little change was apparent was generally for the better.

Heavy construction and engineering activity held up well, but building continued to sag in contrast to the level of activity a year ago. This was largely attributed to the high money rates, although the trend of building is difficult to establish at this time of year.

Steel mills showed further acceleration of production, operations averaging from 85 per cent. of capacity, and promising to establish a new record in February output. Prices showed some irregularity, but were inclined to firmness. The trade, however, was disposed to adopt a conservative outlook, feeling that continued high money rates may have a depressing effect upon the industry.

The automobile industry continued its speeding up of production, which is now about 50 per cent. ahead of this time last year. Manufacturers of farm implements, electrical equipment and radios, and machinery still maintained operations near capacity. The non-ferrous metals encountered good demand, lead prices moving up $2 a ton, zinc prices firming up, and copper moving in greater volume, throwing off the slump that followed the last marking up of red metal prices.

Conditions in the petroleum industry remained unsettled, with a gasoline price cutting war on the Pacific coast, and the entrance of new concerns into the eastern markets, adding to the difficulties. Crude production, however, showed a decline for the first time this year. The American Petroleum institute appointed a committee of 50 leading oil executives to study the production problem. Prairie Oil and Gas company and the Barnsdall corporation voluntarily ordered shutdowns of their producing wells on Sundays as a step toward curbing output.

The textile industry showed some improvement with the spring movement of dry goods getting under way. Cotton and woolen mills were operating at higher rates, although profit margins were still reported as discouraging narrow. It was reported that raw silk consumption in January reached the highest level on record. Rayon mills continued operations at capacity and prices were marked up.

The extraordinary depression in the hide market was a problem which seemed no nearer solution. Packer number one hides at Chicago, dropped to 14 1-2 cents, in contrast to 23 1-2 cents a year ago. This situation has had an unsettling effect upon the leather industry. As is the case with falling markets, buyers have held off, aggravating the situation.

Wheat prices were firm during the week, as reports of damage to the winter crop created bullish sentiment. Severe winter weather brought fears of damage to the crop in Illinois, Kansas, Oklahoma and the Texas panhandle.

Outstanding developments in railroading were the applications to the interstate commerce commission of the Baltimore and Ohio and the Van Sweringen interests to carry out their eastern trunk line consolidation plans. Freight movement continued a bright spot in the business outlook. Cars loaded in the week ended February 9, were reported at 957,473, in contrast to 906,477 a year ago.

A clarification of the credit problem appeared no nearer at hand during the week. Stock market activity was held to the lowest levels of the year, and brokers' loans were reduced $91,000,000, but are still about $1,700,000,000 above last year at this time.

The federal reserve board announced that it would approve an increase in the bankers' acceptance rates of reserve banks outside of New York city to bring their rates up to the New York level. None of the reserve banks made changes in their rediscount rates, but bankers were inclined to regard increased rates as still highly probable.

The week's insolvency board was somewhat better than for the corresponding five day week a year ago. R. G. Dun and company reporting 411 defaults, in contrast with 463.
